Action Requested:

Begin the process of setting our 2011 Legislative Agenda for the State Legislature.

History, Facts, Issues:

There are a number of important issues that we need to get passed through the State Legislature that will impact the city's ability to move forward. They are, in no particular order: 1. Hotel/Motel Tax Resolution; 2. Remove the Millage cap - Charter Change; 3. Homestead Exemption - Charter Change (I think); 4. City Manager/Part-Time Mayor and salary adjustment (Charter Change); 5. TAX/Redevelopment Powers; 6. Legislative Annexation (Dunwoody/Doraville borders); 7. Other minor charter changes

Options: Assign responsibility for draft legislation and work with elected officials for introduction.
