MAYOR JENKINS: This will be a special-called meeting of the Doraville City Council, and I'm going to call the roll, please.

CLERK BLACKMON: Councilmember Alexander?

COUNCILMEMBER ALEXANDER: Here.

CLERK BLACKMON: Councilmember Bates?

COUNCILMEMBER BATES: Here.

CLERK BLACKMON: Councilmember Fleming?

COUNCILMEMBER FLEMING: Here.

CLERK BLACKMON: Councilmember Pachuta?

COUNCILMEMBER PACHUTA: Here.

CLERK BLACKMON: Councilmember Pittman?

COUNCILMEMBER PITTMAN: Here.

CLERK BLACKMON: Councilmember Roche?

COUNCILMEMBER ROCHE: Here.

MAYOR JENKINS: We have no minutes to approve, so I just want to move on to Mayor's Comments.

I just want to welcome the Sequoyah Middle School to our Council meeting, and I believe Brian has got what? to introduce the teachers?

COUNCILMEMBER BATES: Yes, sir, Mayor. Council would like to recognize Principal Cunningham in the back there and Mrs. Smith, the teacher who has

Page 4

helped coordinate this. So welcome. We're glad to have you guys here with us, and we look forward to your presentation a few minutes later.

MAYOR JENKINS: Thank you, Brian.

COUNCILMEMBER BATES: Thank you, Mayor.

MAYOR JENKINS: And I believe that's the sixth grade, Brian?

COUNCILMEMBER BATES: Eighth grade. Sorry.

MAYOR JENKINS: Eighth grade. Excuse me.

Okay. We have a couple of reports that we need to bring up first. The police report, and this is Captain Atkinson. He is our assistant chief while John King is in Afghanistan, and we hope John will be back on the 4th of April.

Chuck?

ASSISTANT CHIEF ATKINSON: Mayor and Council, I just have two things. We were going back through our crime stats that we present to y'all every month and just wanted to let the Council know that our major felony crimes have decreased from January to February. Armed robberies are down, burglaries are down, aggravated assaults are down and our forgeries are down, and those are all crimes that have been kind of on the increase due to the economy -- people getting out here taking other people's property and

Page 5

1 doing things in fraudulent means because of the
2 economy. But we have seen a decrease and hopefully
3 that will continue.
4 Another thing that I have is yesterday I
5 went down to the Capitol with other police chiefs from
6 the state of Georgia and the Georgia Association of
7 Chiefs of Police. It was Chiefs Day down there, head
8 of law enforcement agency day down there.
9 There was two resolutions read, and there's
10 some interesting legislation going on down there that
11 will impact governments and police departments. One
12 of the main pieces of legislation, and don't know that
13 it's going to move because there's not too many days
14 left in the session for them to introduce this
15 legislation. But it's Senate Bill 295, and that is
16 going to limit municipalities from being able to run
17 speed detection on Federally-funded highways, the
18 interstates.
19 So this piece of legislation has been
20 modified some, but if it passes, you know, then speed
21 detection quite possibly could be out on 285. And
22 that's all I have unless you have questions.
23 COUNCILMEMBER BATES: And that would apply
24 to Buford Highway as well.
25 ASSISTANT CHIEF ATKINSON: According to what

Page 6

1 they said, it was all Federally-funded highways, so
2 yes, I would think so.
3 COUNCILMEMBER ROCHE: Even if we lost that,
4 we would still have to - you know, if an accident
5 happened, we'd have to respond, that sort of thing.
6 ASSISTANT CHIEF ATKINSON: That's one of the
7 Georgia Association of Chiefs of Police as well as the
8 Georgia Municipal Association's argument, I believe.
9 If you're only going to allow State Patrol on the
10 highways, then have them come work the accidents as
11 well. If they're going to take it away from us, then
12 take it away from us.
13 COUNCILMEMBER ROCHE: I understand. Thank
14 you.
15 COUNCILMEMBER FLEMING: Is Peachtree
16 Industrial Boulevard involved in that as well?
17 ASSISTANT CHIEF ATKINSON: No, ma'am, I
18 don't think so. That's a state route.
19 MAYOR JENKINS: Thank you.
20 Storm Water Report, Steve Strickland.
21 MR. STRICKLAND: Mayor and Council, this is
22 the Storm Water Report for March.
23 The biggest thing, of course, that we've
24 gotten started is the Autumn Park Stream Bank
25 Restoration Project that is currently underway, and of

Page 7

1 course working in the stream, it's very weather-
2 dependent, so we're just hoping to get a string of
3 nice days so we can continue, because if the weather
4 cooperates, we can usually do a good hundred foot or
5 so of that per day. So that has gotten started.
6 We have had one citizen that we found with a
7 leaking septic tank.
8 We've had one citizen converting from septic
9 to sewer, and that's something that both the State and
10 Dekalb County would like. Any citizen that has the
11 means, it can be quite expensive, but if you can
12 convert over to sewer, we're less likely to have
13 spills and problems that we have associated with aging
14 septic tanks.
15 We did get one complaint in for a stopped-up
16 catch basin.
17 The City has performed 10 storm water
18 inspections on restaurants. Only found one major
19 problem that has already been cleaned up and just two
20 minor problems that I'm working on those restaurants
21 with.
22 And we do have new restaurant in the city.
23 I believe it was like a cafe, and it's kind of
24 converted over to a restaurant, so I was able to go
25 ahead and speak with them within their first month of

Page 8

1 operation.
2 We have issued four tree removal permits,
3 attended the GSWCC meeting for this month. I will be
4 attending a meeting with Dekalb County to go over our
5 annual report, basically discuss with them what we
6 need the County to do for us. You know we do get
7 certain services from Dekalb County. So I'll be
8 meeting with them.
9 And we have a precon scheduled for the
10 K-Mart parking lot. K-Mart parking lot has a sinkhole
11 and we're assuming probably some pipe failures. We
12 won't know that until they actually get in there and
13 start digging. But that property is owned by Sears,
14 and Sears has already, I guess, entered into a
15 contract, and we're going to have the precon and go
16 ahead and get that project started.
17 So that's the report for the month of March
18 so far, and I'll take any questions you might have.
19 COUNCILMEMBER ALEXANDER: There is a storm
20 catch cover that's busted on Pin Oak. Has that
21 already been reported to the County?
22 MR. STRICKLAND: On Pin Oak?
23 COUNCILMEMBER ALEXANDER: Circle, uh-huh.
24 It's already taped off with caution tape. It's
25 actually like broken in half.

Page 9

MR. STRICKLAND: Yes, that's been reported. Unfortunately, Dekalb County has a lot of catch basins on their list and you just kind of have to keep on them. I think the next step for me is going to actually be to put it in writing, probably send it as an e-mail and start with the associate director and then copy as many people.

You just have to -- you get put on the list. How they prioritize those, I'm not too sure. But yeah, we have several catch basins that I -- you know. If it can be repaired, then we repair them, but if it actually has to be replaced, then we do need Dekalb County to do that. So all of those have been reported but you have to kind of just, you know, keep at it, just keep -- keep sending them, keep letting them know that we need that done.

COUNCILMEMBER PITTMAN: There was a couple of sinkholes that we noticed in the cleanup day at Sequoyah. Would that come under -- since it's Dekalb County School System property, would you look at that and report that or would that be reported to them to handle?

MR. STRICKLAND: Yeah. I don't handle -- I don't mind looking at anything. I'd rather know about something even if it's not my responsibility, so we'll

Page 10

definitely look at it.

I'll have to talk with the BOE. I would assume that being that it's their property, they're ultimately responsible, but I don't -- I think the BOE does have certain maintenance that they can do on their property. I don't know. Let's say that is associated with a pipe. I don't know if that's -- they would probably, you know, contract or at least work with Dekalb County. So that may be something. I'll go take a look at it so that we know exactly what we're talking about and then contact either the principal or, you know, somebody with the BOE and see exactly how they handle something like that on their property.

COUNCILMEMBER FLEMING: I'd like to ask about Autumn Park and what phase we're in.

MR. STRICKLAND: It's Phases II and III that we're actually doing together. There's a -- there's a phase line somewhere. I'm not sure. I think they did it for budgetary reasons --

COUNCILMEMBER FLEMING: Uh-huh.

MR. STRICKLAND: -- but basically we're combining Phases II and III to finish and complete the projects. That's -- you know. So from Raymond Drive down to the bridge, which ties into Phase I. So it is

Page 11

considered Phases II and III, but they've basically been combined as one to complete the project. So when this is completed, the entire stream bank will be done.

COUNCILMEMBER FLEMING: Do you have an estimated completion date for that?

MR. STRICKLAND: Yeah. I told the neighborhood association two months. Working with the stream, it's completely weather dependent, and of course we've had -- you know, it just keeps raining and we only get a couple of days of nice weather. If we had -- if we had nice weather, there's no reason why it shouldn't take two or three weeks.

So two months is kind of on the far end. And in the contract, if we go over three months, then we're actually going to have to, you know, talk with them and see if we need to do something different. But I don't think that it would take more than two months.

COUNCILMEMBER FLEMING: With those phases completed, would the park be reopened?

MR. STRICKLAND: Yeah. As soon as all that construction's done, we'll reopen the park because the only -- we have closed the park. We've put up Park Closed signs. That's basically for a -- you know,

Page 12

liability. We don't want somebody getting in those heavy equipment and we're, you know, pulling back some of these slopes that could be, you know, a problem if somebody gets on that. But we basically closed the park.

Now, if they're not out there working, if they don't get close to the equipment. I mean I'm sure people are still going to walk or walk their dog. It's kind of a passive park anyway. I'm sure they'll walk their dogs and stuff, but we have officially closed the park just for safety concerns.

COUNCILMEMBER FLEMING: Thank you.

COUNCILMEMBER ROCHE: I apologize for not asking about this earlier or getting this information to you earlier, but are you aware of the situation -- on Chestnut Drive, about 3675 or 3575 on the side where the newer houses are --

MR. STRICKLAND: Uh-huh.

COUNCILMEMBER ROCHE: -- under the sidewalk there, apparently there is some sort of an issue there with --

MR. STRICKLAND: Yeah. That's actually our next capital improvement project with Dekalb County.

COUNCILMEMBER ROCHE: Oh, okay.

MR. STRICKLAND: We've already gotten them

Page 13

to look at it.
Dealing with Dekalb County now is getting to be kind of interesting. It seems like every time you call over there, you're dealing with somebody new like the -- the inspector that Ron dealt with is no longer there. I have a new inspector. The person I dealt with, they've taken their job and split it up. So it just seems like every time I call over there, I'm dealing with a new person.
That pipe has been inspected. It's concrete pipe, and basically each section has shifted in one way or another.
COUNCILMEMBER ROCHE: Uh-huh.
MR. STRICKLAND: So what we're going to do is actually put a -- we're going to liner that pipe to, you know, try to -- try to get a fix on it as opposed to digging that pipe up, which would mean digging up the road. Unfortunately, there on Chestnut there's not a lot of alternatives for traffic, and so as opposed to shutting the road down, we'd like to -- we're going to -- we're going to liner that pipe and try and fix it that way.
COUNCILMEMBER ROCHE: Well, you're talking about the little stream there. I was talking about farther up the road a little bit on the left-hand side

Page 14

there's an issue with the sidewalk. I don't know if you know about it or not.
MR. STRICKLAND: With the sidewalk that they put in front of the new houses?
COUNCILMEMBER ROCHE: Right.
MR. STRICKLAND: I don't know if that's going to be Dekalb County right-of-way or if the developer actually put that sidewalk in. I'll take a look at it. Is it before you get to the top of the hill?
COUNCILMEMBER ROCHE: Yeah, right around it, yes, because on the other side of the street there's like a drainage gully kind of thing and it --
MR. STRICKLAND: Is the sidewalk just broken and busted up?
COUNCILMEMBER ROCHE: I haven't looked at it lately, frankly.
COUNCILMEMBER BATES: If you could, make sure that he's got the address.
COUNCILMEMBER ROCHE: That's what I'll do.
MR. STRICKLAND: I'll take a look at that.
COUNCILMEMBER ROCHE: And one last thing: and welcome to Doraville. This is the first time we've gotten you up here in the hot seat.
As far as these projects, is there any way

Page 15

we could get like a monthly status of these projects and where they are and everything?
MR. STRICKLAND: What type of projects?
COUNCILMEMBER ROCHE: Well, like the Autumn Park project and these other -- it would be great, frankly, like if you had a little box in our newsletter that went out every month. That way, citizens know what's going on.
MR. STRICKLAND: For Autumn Park, I made sure that Northwoods knew about it both through the neighborhood association and we went and found as many people as we could that were home along Autumn and Allen. You know, it's a large neighborhood but this project's just basically along their streets.
COUNCILMEMBER ROCHE: Right.
MR. STRICKLAND: So yeah, we definitely wanted the citizens to know, you know, what was going on, when it was going to get started and give them contact information in case they have questions or concerns.
COUNCILMEMBER ROCHE: Well, and I guess I would prefer the newsletter because there's a lot of people that aren't in the neighborhood group --
MR. STRICKLAND: Oh, yeah.
COUNCILMEMBER ROCHE: -- and some areas of

Page 16

town don't have neighborhood groups.
MR. STRICKLAND: Right, right.
COUNCILMEMBER ROCHE: So if we had like a little -- it's like we have a chief of police report every month. If we had like a little box that just says Autumn Park, you know, whatever.
MR. STRICKLAND: Right.
COUNCILMEMBER ROCHE: And then if we could get more of a detailed thing as far as just what projects. We used to get these occasionally like a list of projects that were pending, a list of projects that were going on --
MR. STRICKLAND: Okay.
COUNCILMEMBER PITTMAN: -- and a list of --
MR. STRICKLAND: Yeah, this --
COUNCILMEMBER ROCHE: -- projects that have been completed.
MR. STRICKLAND: The stream bank, I mean it's a pretty unique project. We probably won't have, you know, anything quite like that until we start looking at the creek at Halpern because it has to -- you know, most of the creeks are private.
COUNCILMEMBER ROCHE: Right.
MR. STRICKLAND: We're lucky that, you know, the creek actually runs through Autumn Park, which

Page 17

means we own it so we can do these type of projects.
COUNCILMEMBER ROCHE: No, I understand. It's just so we know what's going on.
MAYOR JENKINS: Thank you, Steve.
COUNCILMEMBER BATES: Thank you.
MR. STRICKLAND: All right. Thank you all.
MR. WEED: Mr. Mayor, it's not on the agenda but I'd like to make a very brief report. We were in court last night in the Amir Tahamatan case. The judge allowed us to discuss the matter with the plaintiff outside of chambers. After that discussion, we were able to get Mr. Tahamatan to dismiss his case without prejudice and without trial, so I wanted to report that. That does mean that he might in the future refile it, however, and I'll keep you abreast of that if he does, but we think the chances are good that he won't.
MAYOR JENKINS: We have no public comments. We're going to go into old business, which will be Murray, the city marshal ordinance.
MR. WEED: Mr. Mayor and members of Council, this matter has already been on your agenda for first reading. In going through the code, one thing that we do try to do is read over the code on a regular basis and make appropriate edits as needed. In our research

Page 18

on the code recently, we discovered that in 1993, Council had adopted an ordinance that created a city marshal position. Then in 2007, other councils had essentially created what we now call the Quality of Life unit. That unit is assigned and attached to the police department.
When you read the city marshal position description as set out in the original code and then you read the position descriptions for the Quality of Life unit, you realize quickly that they are essentially the same position. The only difference was that the city marshal had arrest powers and our current Quality of Life unit officers generally do not.
Because the two are essentially duplicative, it's repetitious, I would recommend to you that you delete the existing city marshal code.
MAYOR JENKINS: May I have a motion to that effect?
COUNCILMEMBER BATES: So moved.
COUNCILMEMBER PACHUTA: So moved.
MAYOR JENKINS: Got a second?
COUNCILMEMBER FLEMING: Second.
COUNCILMEMBER ROCHE: Now, is this the first reading or is this to pass it and are we going to pass

Page 19

it again next time or --
CLERK BLACKMON: First reading was Monday.
COUNCILMEMBER ROCHE: Okay.
MAYOR JENKINS: Call the roll, please.
CLERK BLACKMON: Councilmember Alexander?
COUNCILMEMBER ALEXANDER: Yes.
CLERK BLACKMON: Councilmember Bates?
COUNCILMEMBER BATES: Yes.
CLERK BLACKMON: Councilmember Fleming?
COUNCILMEMBER FLEMING: Yes.
CLERK BLACKMON: Councilmember Pachuta?
COUNCILMEMBER PACHUTA: Yes.
CLERK BLACKMON: Councilmember Pittman?
COUNCILMEMBER PITTMAN: Yes.
CLERK BLACKMON: Councilmember Roche?
COUNCILMEMBER ROCHE: Yes.
MAYOR JENKINS: Motion carried.
Separate Meeting ordinance, Murray Weed.
MR. WEED: Mr. Mayor and members of Council, this item is also on your agenda for second reading today. First reading occurred Monday night.
The purpose of this ordinance deals with Section 2-31, and this is literally what I call an old fashioned house cleaning or housekeeping ordinance. The point of the ordinance is that your current code

Page 20

provides two regular meetings a month, on the first and third Mondays of the month, and that is set out partially in the charter, and the charter reflects the administrative code which is the Section 2-31.
You've gotten into the habit, the standard operating procedure of having a zoning meeting, a meeting primarily dedicated to deal with public hearings and zoning issues. That meeting has occurred on different days. What this ordinance does, it would make that meeting one of your regular meetings and you would go from having two regular meetings a month according to the ordinance to having three regular meetings a month, all at 6:30.
The purpose of doing it this way is that, as you know, you can have as many meetings as you want; however, if you have special-called meetings such as this meeting and your other meeting that you're going to have at 10:30, the special-called meeting rules apply.
For example, on those meetings, you can only address the items that are specifically on the agenda, and that agenda must be published in advance. If you have a regular meeting, then you can modify the agenda by a plain raw majority vote at the meeting instead of a unanimous vote at a special-called meeting.

Page 21

1 Therefore, out of the sake of efficiency and
2 we think, you know, from the legal department, in good
3 management, we would recommend that you modify your
4 existing Section 2-31 to go from two regular meetings
5 a month to go ahead and call that zoning meeting a
6 regular meeting as well.
7 The other parts of the code are essentially
8 identical with what's in the ordinance right now.
9 COUNCILMEMBER BATES: So moved.
10 MAYOR JENKINS: Second?
11 COUNCILMEMBER ALEXANDER: Second.
12 MAYOR JENKINS: Anymore discussion?
13 COUNCILMEMBER FLEMING: I still have
14 concerns that the agenda for the third meeting needs
15 to be addressed. You know, we talked about it on
16 Monday night. So I really feel that we need to
17 address the agenda maybe as a policy of some sort
18 after today's meetings.
19 The other thing, I just want to be sure that
20 since we're calling it another regular meeting, that
21 any zoning issue, then, could then be brought up at
22 any of the three meetings.
23 MR. WEED: It could be in the -- in the
24 broad sense; however, the only thing you have to
25 remember is we have to comply with the Zoning

Page 22

1 Procedures --
2 COUNCILMEMBER FLEMING: Correct.
3 MR. WEED: -- Act of state law. And that
4 means that although you could talk about zoning in a
5 broad sense, you could direct staff to look at this or
6 create a project, you couldn't actually vote to
7 approve any zoning item at that meeting unless in
8 addition to it being at that properly-called meeting,
9 you also ran a Zoning Procedures ad that said you were
10 going to have a hearing at one of those three
11 meetings.
12 COUNCILMEMBER FLEMING: Correct. So --
13 MR. WEED: So the answer to your question is
14 yes, but you also have to follow the advertising --
15 COUNCILMEMBER FLEMING: Correct.
16 MR. WEED: -- rules too.
17 COUNCILMEMBER FLEMING: So we could -- as
18 long as the advertisements were done correctly and the
19 applicant had been notified, we could indeed take
20 their application on the first meeting of the month,
21 not necessarily on that third meeting of the month.
22 MR. WEED: Yes, ma'am. That is my opinion.
23 COUNCILMEMBER FLEMING: All right. Thank
24 you.
25 MAYOR JENKINS: All right. Call the roll.

Page 23

1 CLERK BLACKMON: Councilmember Alexander?
2 COUNCILMEMBER ALEXANDER: Yes.
3 CLERK BLACKMON: Councilmember Bates?
4 COUNCILMEMBER BATES: Yes.
5 CLERK BLACKMON: Councilmember Fleming?
6 COUNCILMEMBER FLEMING: Yes.
7 CLERK BLACKMON: Councilmember Pachuta?
8 COUNCILMEMBER PACHUTA: Yes.
9 CLERK BLACKMON: Councilmember Pittman?
10 COUNCILMEMBER PITTMAN: Yes.
11 CLERK BLACKMON: Councilmember Roche?
12 COUNCILMEMBER ROCHE: Yes.
13 COUNCILMEMBER BATES: Mayor, before we move
14 into new business, I'd like to make a motion to move
15 under New Business, number 2 -- swap number 2 and 3 so
16 number 2 would be last.
17 MAYOR JENKINS: Very good. So you want to
18 get Silverbacks and then 3.
19 COUNCILMEMBER BATES: Yes, sir.
20 MAYOR JENKINS: Okay.
21 COUNCILMEMBER ROCHE: And I'll second that.
22 MAYOR JENKINS: Okay. Under new business --
23 CLERK BLACKMON: I need to call the roll.
24 MAYOR JENKINS: Call the roll, please.
25 CLERK BLACKMON: Councilmember Alexander?

Page 24

1 COUNCILMEMBER ALEXANDER: Yes.
2 CLERK BLACKMON: Councilmember Bates?
3 COUNCILMEMBER BATES: Yes.
4 CLERK BLACKMON: Councilmember Fleming?
5 COUNCILMEMBER FLEMING: Yes.
6 CLERK BLACKMON: Councilmember Pachuta?
7 COUNCILMEMBER PACHUTA: Yes.
8 CLERK BLACKMON: Councilmember Pittman?
9 COUNCILMEMBER PITTMAN: Yes.
10 CLERK BLACKMON: Councilmember Roche?
11 COUNCILMEMBER ROCHE: Yes.
12 MAYOR JENKINS: Motion carried.
13 Okay. Atlanta Silverbacks, would you come
14 up to the microphone, please. State your name for the
15 recorder, please.
16 MS. SCHULER: Sure. My name is Stacy
17 Schuler.
18 COUNCILMEMBER BATES: Great, Mayor, thank
19 you.
20 MAYOR JENKINS: Go ahead, Brian.
21 COUNCILMEMBER BATES: Thank you, Mayor and
22 Council.
23 Several months ago, I was trying to come up
24 with an idea of a way to partner with the Atlanta
25 Silverbacks since they are close to the city but not

Page 25

1 within; called and spoke with Ms. Schuler a few weeks
2 ago, and she's got some ideas on how we might be able
3 to partner with the Atlanta Silverbacks and the City
4 of Doraville, so I'm going to turn that over to you
5 and let you share with us what we've got.
6 MS. SCHULER: Great. Well, I'll be very
7 brief. I know that time is tight for you-all today,
8 but I do want to thank you for having us out today.
9 I also want to reassure you all this is not
10 a sales pitch. I'm not coming before you asking for
11 money from the City. Brian contacted me and asked for
12 ways that we could work together that would be of
13 benefit to the City of Doraville and to the Atlanta
14 Silverbacks soccer club.
15 As he and I talked, what we were able to
16 create is the idea of doing a City of Doraville night
17 on May 22nd, which is our second home game this year,
18 and what we would do for this particular night is be
19 able to heavily, heavily discount tickets so that you-
20 all can go to your local business groups, your civic
21 groups, anybody else inside the community who's
22 interested, ask them to purchase the tickets, and then
23 hand them out at your schools.
24 We'll do a lot of things on our side to help
25 develop this partnership beginning with taking our $10

Page 26

1 tickets and reducing the price to $3.00 per ticket, so
2 it's a 70 percent discount within the city of
3 Doraville, and you-all are able to get groups
4 interested in purchasing the tickets.
5 We'll also promote the night as the City of
6 Doraville Night. We'll use any sort of logos,
7 branding information that you-all would like when we
8 do our advertising, when we do any radio work, things
9 like that. We'll help you-all get information out
10 throughout your community and we'll try to turn it
11 into a really great night for Doraville residents.
12 One of the other things I suggested to Brian
13 that we look at is prior to the game we could have
14 Mayor Jenkins come out and do the coin toss for us.
15 We could do a presentation. We'll be glad to give you
16 autographed jerseys and things like that and really
17 turn it into a nice evening.
18 And then beyond that, as Brian and I talked,
19 I told him if we can get to around 500 tickets, what
20 I'll also do is close off halftime so that the people
21 who can compete in any halftime contest are city of
22 Doraville residents, which means Doraville residents
23 will be the ones to win the prizes anywhere from -- we
24 do season passes at halftime, we get prizes from
25 sponsors and a number of other things.

Page 27

1 So we wanted to just try to create something
2 with a partnership that makes sense for everybody, and
3 I want to let you-all know that I'm very flexible, we
4 certainly can work with any ideas you have, but I hope
5 that we can create something that will be of great
6 benefit to all of us.
7 COUNCILMEMBER BATES: Thank you. Thank you
8 very much.
9 I was excited when we spoke because the
10 first thing that popped into my head was getting some
11 of our business community members to actually purchase
12 the tickets and give them to our local schools as
13 recognitions for achievement awards, perfect
14 attendance and things along that nature.
15 So I appreciate you coming to us with this
16 idea and this opportunity, and I'm excited about
17 forming that partnership and that relationship with an
18 organization that does influence a number of our
19 residents, and we look forward to growing that.
20 Now, make sure that I'm correct, this is the
21 women's team.
22 MS. SCHULER: This is the women's team for
23 this year. Our men's team will be back next year, and
24 into next year we can look at changing the partnership
25 to just a men's game or do some combination on a

Page 28

1 weekend when we have both.
2 COUNCILMEMBER BATES: Thank you.
3 COUNCILMEMBER ROCHE: How much are the
4 tickets?
5 MS. SCHULER: Ordinarily, they're $10.
6 Adult and children is the same price.
7 COUNCILMEMBER PITTMAN: I was just going to
8 say I think it's a fantastic idea. I know you have
9 partnered with Hightower Elementary School, where my
10 son attends, and it's been a great partnership.
11 They've been able to come in, and I know some of the
12 players come in and participate in some of the
13 activities, and they've been given tickets too when
14 they have special accomplishments, good grades or
15 whatever.
16 MS. SCHULER: Right.
17 COUNCILMEMBER PITTMAN: So it's been a great
18 partnership, and we appreciate that. So I think it's
19 a great idea. Thank you.
20 COUNCILMEMBER BATES: And you do have a
21 guest with you today; is that correct?
22 MS. SCHULER: I do have a guest. I have
23 Tara Minnax, who's one of our players, who's been with
24 us for a long time, and Tara has some things for all
25 of you guys at the end of the meeting and she's going

Page 29

to sign autographs and things like that.
MAYOR JENKINS: Very good.
COUNCILMEMBER ROCHE: Great.
COUNCILMEMBER BATES: Well, I'm going to make a motion that we officially have May 22nd as the City of Doraville Night with the Atlanta Silverbacks.
COUNCILMEMBER PACHUTA: Second.
MAYOR JENKINS: All right. Call the roll.
CLERK BLACKMON: Councilmember Alexander?
COUNCILMEMBER ALEXANDER: Yes.
CLERK BLACKMON: Councilmember Bates?
COUNCILMEMBER BATES: Yes.
CLERK BLACKMON: Councilmember Fleming?
COUNCILMEMBER FLEMING: Yes.
CLERK BLACKMON: Councilmember Pachuta?
COUNCILMEMBER PACHUTA: Yes.
CLERK BLACKMON: Councilmember Pittman?
COUNCILMEMBER PITTMAN: Yes.
CLERK BLACKMON: Councilmember Roche?
COUNCILMEMBER ROCHE: Yes.
COUNCILMEMBER BATES: Thank you very much. We look forward to it.
MAYOR JENKINS: Thank you.
MS. SCHULER: Thank you all.
COUNCILMEMBER PITTMAN: Thank you.

MAYOR JENKINS: Okay. We get to the main subject, Sequoyah Middle School presentation.
COUNCILMEMBER BATES: All right. Who's going to do the honors? Come on up.
- - -
(Applause)
- - -
MAYOR JENKINS: Come up to the microphone, please, ma'am.
MS. ESQUIVEL: Good morning to each of you. We're eighth grade students from Sequoyah Middle School. Our principal is Ms. Brittney Cunningham. Our names are Lucerito Manganda and Dulce Esquivel.
This morning we would like to discuss with all of you about social issues of recycling and the benefits it will bring to our community and to our world.
Have you ever thought about how many bottles you have drunk in the past month? Have you ever thought where do they go?
Last year, it was reported that there were about 32 billion pounds of all kinds of plastic bottles that were not recycled. It makes a big environmental concern because the plastic stays around for a very, very long time.

Page 31

Where does it all go? Some of it ends up in landfills. Why landfills? They are garbage dumps. We all know how ugly, smelly, and dangerous they can be. They are hazardous to communities. They can actually make you sick. They're growing and growing faster than nature can get rid of.
According to Lydia Bjornlund in her book Going Green, plastic presents the greatest problem in our garbage system. According to the Environmental Protection Agency, plastic packaging makes up more than one third of all solid waste from our city.
Recycling is a process that collects and reuses materials that will otherwise be thrown away. After it is collected, the plastics are crushed into small pieces and melted and treated with chemicals. After they get melted or treated with chemicals, the liquid gets formed into new products like new plastic containers, furniture, and it even gets woven into fabrics to make carpet. Some of you may be wearing plastic at this moment if you are wearing fleece.
Fortunately, a 2006 survey revealed that Americans were willing to do something to protect their environment. 62 percent said that they recycled cardboard, loose paper, and plastic. These huge dumpsters are provided for people to place their

Page 32

rubbish in the correct places.
MS. MAGANDA: You probably noticed a triangle on plastic products with a number in it. That indicates what type of plastic it is.
As Dulce stated earlier, 62 percent of Americans agree to recycle. What happened to the other 38 percent of you?
What can we all do to help our environment? First, we need to think about not using so many plastic bottles. Plastic bottles last a very long time. They can be used over and over again. The next time you buy a bottled drink, try to find one that is easy to refill. That may be one with a bigger mouth. That way, you can wash it easily and use it over again.
Also think about drinking water you get from a drinking fountain or your kitchen sink. Much of the water you spend good money to buy is nothing more than tap water. Dasani water is just tap water filtered with minerals added back. Water is a natural product. Why is it put into manmade bottles?
We are lucky that the City of Doraville has a program for separating and recycling our paper, plastic, aluminum cans and glass.
If you live in a house, you can purchase a

Page 33

special recycling bin for your family's use. It costs $13.50 every three months. You can put your paper, plastic, aluminum cans and glass in it, and it will be picked up every Friday.

Unfortunately, they do not pick up from an apartment complex. If you live in an apartment complex as we do, we must encourage our families to separate our garbage at home and take it to Honeysuckle Park.

In Honeysuckle Park, there is a huge recycling area where you can recycle your garbage. It is taken away every Wednesday by a company called Caraustar, one of the largest companies in North American recycle products. If you have never visited this recycling area, our brochures will provide you with directions.

Once at the recycling area in Honeysuckle Park, you will find separate containers for plastic, paper, aluminum cans and glass. Place everything in the correct container and do not throw anything on the ground.

Recycling is not a difficult task. This will help our community. We all like to live in a clean environment. It will take some effort, but we will soon get used to it. It is a good habit to

Page 34

start.

Please take one of our brochures and use the map on the back which contains directions to Honeysuckle Park of Doraville.

Thank you for your time and patience.

COUNCILMEMBER ROCHE: Thank you.

COUNCILMEMBER FLEMING: Thank you very much.

MS. MAGANDA: You're welcome.

MS. ESQUIVEL: You're welcome.

COUNCILMEMBER BATES: How many of you participated in the clean-up this past Friday? Was there anybody out there? Or Saturday. Sorry. Get my days confused.

Your point is very well taken because we picked up over 40 bags of plastic bottles and 30 bags of trash. So the point that you've mentioned about the numbers going to the landfill versus being recycled are very, very true. If we'd just taken all that to the dump, it would have been 70 bags going to the dump, but instead we are able to recycle almost over 40 bags. So thank you very much for your presentation.

Page 35

MAYOR JENKINS: Thank you.

COUNCILMEMBER FLEMING: Mayor, I -- boys and girls, Ms. Cunningham -- and I apologize, I did not catch your name to write it down.

MS. SMITH: Smith.

COUNCILMEMBER FLEMING: Well, that should have been easy enough. My apology.

I am very touched by this class and their efforts to promote recycling. We all need to be doing that. And I am a super fan of the Disney Channel, and you need to be submitted for the Disney's Friends for Change, and I'm hoping to get a copy of this video and the information that you've provided because I am very touched by what you students are doing.

So thank you very much for what you're doing for the City of Doraville.

COUNCILMEMBER ROCHE: Thank you.

- - -

(Applause)

- - -

MS. ESQUIVEL: Let's take out the banner.

MS. MAGANDA: This is our examples of recycling and this is what we were talking about plastic, and this is an example of reduce, reuse and recycle.

Page 36

MS. MAGANDA: You have any questions?

COUNCILMEMBER ALEXANDER: I wanted to say thank you for enlightening me that the apartment complexes don't have set-ups for recycling. I didn't even think about that. We're going to be looking at renegotiating our sanitation contract, and I think that may be something that we want to encourage them as to place recycling bins at the apartment complexes.

MS. MAGANDA: Yes. Some people live in apartment complex and they really want to recycle but there is like no place to put it, and maybe some of them have cars but they don't want to drive it, something like that.

So what we want is we'd like to put it in apartment complex so it's going to be easier and better so we could get more people each time to recycle what they use.

COUNCILMEMBER BATES: Does our contract with Advance presently -- do they pick up apartment complexes or are those private?

CLERK BLACKMON: They are private as far as I know. We do not pick up --

COUNCILMEMBER BATES: Apartments?

CLERK BLACKMON: Yes.

COUNCILMEMBER PITTMAN: Very nice

6 MAYOR JENKINS: Okay. The Sequoyah Week
7 Resolution.
8 COUNCILMEMBER BATES: Mayor and Council,
9 I've got a draft resolution that I've prepared, and
10 I'd like to read it and hopefully get Mayor and
11 Council to approve it.
12 (Reading) A Resolution of the City of
13 Doraville Recognizing Sequoyah Middle School.
14 Whereas, on March the 13th, 2010, over 80 parents,
15 teachers, students, Sequoyah alumni, residents and
16 employees participated in a clean-up at Sequoyah
17 Middle School; and whereas, the Sequoyah Middle School
18 clean-up collected over 40 bags of recycled materials,
19 over 30 bags of trash and over 120 tires; and whereas,
20 on March the 17th, 2010, the Sequoyah Middle School
21 eighth grade class presented to the Doraville Mayor
22 and City Council a presentation on recycling; and
23 whereas, the Mayor and City Council want to recognize
24 the efforts of the faculty, staff, students, parents
25 and community members in improving Sequoyah Middle

Page 38

1 School; therefore, the Mayor and City Council of the
2 City of Doraville hereby resolve that the week of
3 March 15th be Sequoyah Middle School Week.
4 MAYOR JENKINS: All right. Will you make
5 that in the form of a motion?
6 COUNCILMEMBER BATES: I have.
7 MAYOR JENKINS: All right.
8 COUNCILMEMBER PITTMAN: Second.

12 MAYOR JENKINS: Call the roll, please.
13 CLERK BLACKMON: Councilmember Alexander?

23 CLERK BLACKMON: Councilmember Roche?
24 COUNCILMEMBER ROCHE: Yes.
25 MAYOR JENKINS: Motion carried.

Page 39

1 COUNCILMEMBER BATES: Thank you.
2 MAYOR JENKINS: We'll have a question-and-
3 answer period for about five minutes. Anybody have
4 anything to say?
5 COUNCILMEMBER BATES: You guys have
6 questions for us?
7 MAYOR JENKINS: Come up to the microphone.
8 COUNCILMEMBER FLEMING: If you can come up
9 to the microphone and let's get your name and
10 everything on tape.
11 MS. MAGANDA: For some like garbage dumps so
12 they come back in the apartment complex, because I
13 have seen it, some apartment complex, that they have
14 to throw the trash all around. So we just want to put
15 some like garbage dumps in there so we can recycle in
16 there so they don't have to drive all the way over
17 here.
18 MAYOR JENKINS: Yes. We will be working
19 with them. Okay?
20 MS. MAGANDA: Okay.
21 MAYOR JENKINS: See if we can get that
22 straight.
23 Anything else?
24 COUNCILMEMBER BATES: Surely there's
25 questions. Come on. We don't bite.

Page 40

1 COUNCILMEMBER ROCHE: Not too hard, anyway.
2 COUNCILMEMBER BATES: Anybody?
3 COUNCILMEMBER ROCHE: And the questions
4 don't have to be about what we just discussed.
5 COUNCILMEMBER PITTMAN: Any questions.
6 MAYOR JENKINS: Okay. Motion we adjourn?
7 COUNCILMEMBER PACHUTA: So moved.
8 MAYOR JENKINS: Second?
9 COUNCILMEMBER BATES: Second.
10 MAYOR JENKINS: Call the roll, please.
11 CLERK BLACKMON: Councilmember Alexander?
12 COUNCILMEMBER ALEXANDER: Yes.
13 CLERK BLACKMON: Councilmember Bates?

19 CLERK BLACKMON: Councilmember Pittman?
20 COUNCILMEMBER PITTMAN: Yes.
21 CLERK BLACKMON: Councilmember Roche?
22 COUNCILMEMBER ROCHE: Yes.
23 MAYOR JENKINS: Meeting adjourned.
