Action Requested: Address Personnel complaints - Scott Haeberlin

History, Facts, Issues: On September 20, 2010, the council passed a motion to suspend Mr Haeberlin without pay and investigate any complaints against Mr Haeberlin as part of his performance improvement plan.

The City is in receipt of a personnel complaint letter from Mr Hart as well as a lawsuit containing specific complaints have been regarding Mr Haeberlin's performance, many of the events listed in these documents appear to have occurred after council action.

Despite the directive of the Council however there is no evidence that an investigation has been initiated and an inquiry to the Mayor has gone unheeded.

Since the Mayor refuses to comply with the directive of the council, the council must address this matter.

Options: various

Recommended Action: Hear complaints, executive session to consider personnel action

Department: City Planning

Department Head: None
