LANDER COUNTY COMMISSION MEETING
February 23, 2012

AGENDA ITEM NO. 1

THE REQUESTED ACTION OF THE LANDER COUNTY COMMISSION IS:
Discussion for possible action regarding budget review, contracts and financial update and other matters properly relating thereto.

Public comment.

Background:
Lander County Finance Director Rogene Hill will give an update to the Commission on the Fiscal Year 2011-2012 Budget, the Fiscal Year 2012-2013 Budget development process, general financial operations of the County and other fiscal issues.

Recommended Action:
No specific action is necessary on this agenda item.

LANDER COUNTY COMMISSION MEETING
February 23, 2012

AGENDA ITEM NO. 2

THE REQUESTED ACTION OF THE LANDER COUNTY COMMISSION IS:
Discussion for possible action regarding Lander County's group insurance program selection process and other matters properly relating thereto.

Public comment.

Background:

Discussion regarding the Lander County Group insurance program and a presentation from current group insurance broker John Carlson is brought before the Commission for consideration.

Recommended Action:

It is recommended that the Commission provide direction to staff regarding the Lander County group insurance program for the upcoming fiscal year and thereafter.

Top Ten Reasons

Why You Should Choose L/P Insurance as Your Benefits Broker

➢ Together, we will establish a multi-year **strategic benefits plan**, providing you with an annual project timeline – *we will meet all of your expectations with solid project management.*

➢ We provide unique access to the **Human Resource Connection** Advisor Services. This incredibly valuable service allows access to the highest level of HR guidance and resources to help you navigate the increasingly challenging world of Human Resource Management. – *we help you manage you employees beyond their benefits.*

➢ We supply **benchmarking** and other competitive data to keep you informed and assist you in making future benefits decisions – *we know what's going on with other companies locally and nationally.*

➢ We will work with you to develop a comprehensive **wellness** and health management **program** - *we help you keep your employees healthy and productive.*

➢ We provide **aggressive cost control** through our strong carrier relationships, our well-trained technical staff, and our large market share. These resources allow us to successfully negotiate and leverage the marketplace – *our voice is powerful.*

➢ We offer a full array of **compliance** services, including access to our ERISA attorneys, legislative updates and seminars, Form 5500 filing, up-to-date forms, and practical information on complex federal and state legislation – *we will help you keep your plans in compliance.*

➢ We have **on-line technology** solutions including web-based HR tools that address employment law, HR management, and employee communications – *together we assess and answer your technology needs.*

➢ We work with you to develop an annual **employee communication** strategy, including the coordination of employee meetings, and the development of written communications - *we help educate your employees and improve their perception of your benefits package.*

➢ Our **team model** provides a wide array of viewpoints and assistance, from executive level oversight, to day to day account management and administrative support – *we will be available to you.*

➢ And finally, we believe our business is based on strong **relationships**, and that is what has brought us together. You know that we will deliver what you need - *we are happy to provide client and carrier references upon request.*

Core Competencies

- Aggressive Cost Control

  L/P Insurance's strong relationships and industry experience give us the ability to negotiate the best pricing, while delivering the highest level of service.

- Strategic Benefits Planning

  We link employee benefits plan design to your organization, staffing and competitive strategies.

- Employee Education and Advocacy

  Benefits are only as valuable as employees' knowledge of how to utilize them and understand their actual worth.

- Efficient Benefits Administration

  Managing benefits becomes more complex every year. We help to simplify the process.

L/P Tools to Effectively Manage Your Plan

Reporting

- Monthly claims reports
  - Broken out by employee, dependent, utilization category, and large cases
  - Monthly, quarterly, and aggregate MLR
- Benchmarking data
  - Comprehensive benefit and contribution levels used in determining competitive, effective benefit strategy
- Contribution Modeling
  - Used in achieving benefit budget goals
- Rate Projection Modeling
  - Used in renewal negotiations with carriers

Other Tools

- Client Connect
  - Our online benefits and HR communication solution (see handout)
- L/P Compliance Resources
  - Access to our ERISA attorneys for relevant benefit issues
  - Distribution of annual required notices during Open Enrollment
  - Ongoing communication of legislative and regulatory issues and requirements
- Human Resource Connection
  - Access to a team of certified HR consultants to help navigate your HR issues
- Actuarial Resources
  - Access to our actuarial services for relevant analytical projects

What to Expect

- Continuity of **service** from highly trained professional service teams
- **Dedicated team** delivers **proactive and prompt** service
- **Experts** in local, regional and national healthcare dynamics and issues with the ability to analyze, design, and implement competitive benefit programs
- **Leader** in Healthcare Reform education and training
- Broad **experience** in maximizing value of consumer directed benefit plans
- Customer driven with emphasis on **Strategic Benefit Planning**
- Creative, innovative and above all, **responsive**

Gene P. Etcheverry
Lander County Executive Director

RE: Letter of Exclusive Authorization as our Broker of Record
Employee Benefit Coverage

To Whom It May Concern:

This will confirm that we have given exclusive authority to our insurance broker, John A Carlson of Benefit Intelligence to conduct a market search on our behalf in order to obtain competitive and comprehensive programs for our employee benefit insurance plans.

The Lander County employee health plan renews as of 7/1/2012 and due to the need to secure quotations in time to coordinate with our budgeting cycle, Benefit Intelligence may be requesting proposals from your organization earlier than you would otherwise expect for a similar effective date.

This letter provides you the authority to work with Benefit Intelligence on an exclusive basis in his efforts to secure and negotiate employee benefit coverage on our behalf. Please provide John A. Carlson with any and all information that he may request and require. We request that you do not provide such information to Wells Fargo or anyone else.

We understand that Benefit Intelligence has no responsibility for any deficiencies in the employee benefit programs to which this letter applies however will work to secure and maintain the best possible programs on our behalf.

Sincerely,

Gene P. Etcheverry
Executive Director

Benefit Intelligence Background

Benefit Intelligence Insurance Services, Inc. (Benefit Intelligence) is an innovative employee benefit advisory / management company with a unique blend of knowledge, experience, service and skill levels. Our experience is extensive and we represent a variety of clients across the country. Using our knowledge and experience, we look beyond traditional employee benefit programs and incorporate specific objectives to meet the needs, goals and vision of our clients.

As employee benefits continue to become increasingly complex there are many variables to consider in maximizing benefits and containing costs. As your partner, we seek to understand your needs and we know how to navigate through the maze of variables. Our network of strategic partners, proven leaders in their areas of expertise, further support our efforts and reinforce our commitment to offer the very best advisory services to Lander County.

For almost three decades, John Carlson, an owner and principal of BI has specialized in risk management and administrative services and has consulted with a variety of organizations in managing their health and welfare plans.

Our staff has experience in senior management, employee benefit administration, and employee benefit and insurance law, accounting and healthcare management. Members of the team have executive level experience in the healthcare delivery (provider) industry, managed care (PPO, HMO and Utilization Review) industry, underwriting, third party administration (payer) industry, benefit consulting, legal and accounting disciplines. This multi-disciplinary team has extensive experience working with corporations and legal entities in the development and administration of health plans for employees.

Benefit Intelligence is an owner member of United Benefits Advisors (UBA). UBA is a national entity composed of the nation's premiere independent benefits advisory firms. With over 150 offices throughout the U.S. and 1,900 benefits professionals, UBA agencies serve over 36,000 employers and 4 ½ million employees. Our collective business volume is over $16 Billion in premiums and ranks us the largest independently owned employee benefits organization in the U.S.

Our commitment is in serving you in a manner that is unparalleled in the industry. Our independence, our entrepreneurial focus and our ability to act quickly sets us apart from our publicly traded national competitors.

As an organization, Benefit Intelligence is committed to your success.

AREAS IN WHICH WE EXCEL

Complete employee benefit planning: To ensure that the total benefit package is consistent with your organizational goals.

Benefit design analysis: To match available delivery systems and benefit options with your desired plan performance.

Analysis of available funding mechanisms: To maximize the effectiveness of assets invested in employee benefit programs, while appropriately managing risk.

Competitive bidding, comprehensive market analysis, and aggressive negotiation: To obtain the best available coverage at the lowest available price.

Plan performance analysis and financial reporting: To evaluate current performance and estimate possible future results.

Employee education, communication and assistance: To facilitate employees' use of benefits and reduce administrative workload.

Education, information and guidance on insurance regulations, mandates and guidelines: To reduce potential liability for non-compliance.

Ongoing analysis and research of emerging employee benefit trends and offerings: To evaluate their potential impact.

Personalized products and services: To meet the needs of our clients.

Consulting services for administrators, payers, and providers: To provide realistic insight into the dynamic needs of the employer-sponsored group benefits marketplace.

Continuous service and support: To add value to your investment in employee benefits.

Understanding of the Health Care Delivery System: Coordination and understanding of access to services needed and resource options available.

LANDER COUNTY
Advisory Team Members

Our team for Lander County has experience in senior management, benefit administration, insurance law, accounting and healthcare management. This multi-disciplinary team has extensive experience in the development and administration of health plans for employees.

Advisory Team Members:

John A. Carlson
Benefit Management Specialist

John Carlson has nearly three decades of employee benefit experience and is a principal and one of the founders of Benefit Intelligence. John has worked in Nevada for nearly 15 years and maintains a residence in Nevada.

John began his career with a leading Third Party Administrator, working with self funded employee benefit plans. John has worked as a consultant for 25 years and has extensive experience in all aspects of employee benefit funding arrangements. He possesses a keen understanding of self-funded programs and claims processes. He is an aggressive negotiator and relentless in finding the best deal for his clients.

John is an active member and a Leader on Gerson Lehman Healthcare Counsel of Advisors panel. John is requested on a regular basis to provide healthcare market insight to Wall Street analysts and to speak. John is also an active member of the Board of Directors for both the a local YMCA and The Salvation Army, Western Territory. John graduated from the University of Utah.

Charles F. Carlson
Benefit Management Specialist

Charles has almost three decades of experience in the employee benefits and managed care field. He is a founder and a principal of Benefit Intelligence and a principal of Native Health Group. He specializes in risk management and administrative services and has consulted with a variety of employers in managing their health and welfare plans.

Charles' experience includes traditionally defined benefit and insurance plans to alternative health care delivery systems and a variety of funding approaches. He also has considerable experience in the administration interface of third party payers and understands the administration and management of claims. He

is an employee benefit expert who has experience with both insured and self-funded group programs.

Prior to the formation of Native Health Group, Inc. Mr. Carlson was a Vice President with the largest self-funded managed care administrator in the country and a partner in another leading claims administration company. Charles graduated from the University of Utah.

Suzanne Rowe
Lead Account Executive
Suzanne has held executive and management positions within the healthcare and insurance industry managing teams and working with clients in all aspects of benefit administration and support. Suzanne has experience in health care administration, operations, and employee benefits. Suzanne has been with our firm for over 15 years. She has extensive experience in working together with governmental entities, public, and private employers.

Suzanne is diligent in her efforts to make sure that all employees understand and appreciate their benefit package. She strives hard to solve any claim issues and will think out of the box to resolve difficult situations. Known as the "pit bull" by some clients, she works tirelessly to always be an advocate for both the employer and the employees.

Mike Metzger
Financial Analyst

Mike is our designated Financial Analyst. Mr. Metzger has over 20 years experience covering multiple areas applicable to health and welfare benefits management. He has a depth of knowledge in underwriting and is experienced in providing clients with detailed financial data. With many years experience in underwriting, Mr. Metzger possesses knowledge in benefits, claim and premium calculations, eligibility, and ancillary products.

Additional Staff Resources;

Kathy A. Steadman, J.D.
Legal/Compliance Specialist
Kathy is a partner with Hennlley & Steadman, PLC. She is our expert resource and coordinator for Health Care and Employee Benefits Legal and Compliance Services. Kathy's areas of expertise include insurance regulatory matters, matters arising under the Employee Retirement Income Security Act ("ERISA"), the Consolidated Omnibus Budget Reconciliation Act ("COBRA"), the Health

Insurance Portability and Accountability Act ("HIPAA") and other state and federal laws which govern the delivery of health care and benefits.

Carlton Harker

Actuary

Carlton is one of the legends in the self-funded health plan arena. He is a "teaming member" of Benefit **Intelligence** and is a resource for our clients. He is a fellow of the Society of Actuaries, a member of the American Academy of Actuaries and president of Self-Funding Actuarial Services, Inc., Winston-Salem, North Carolina. He has been actively involved with health care plans since 1950.

Daniel C. Bacon

Director, Analyst and Training

Dan is the Director, Analytics and Training for United Benefit Advisors. He functions as a subject matter expert on all analytical and benefit modeling software tools available to UBA member firms. Dan facilitates training seminars as well as develops reporting packages and deliverables appropriate for UBA members and their clients.

Dan began his insurance career as an insurance underwriter, progressing rapidly to Vice President of Risk Selection and New Business Processing at Anthem Blue Cross Blue Shield, and then to a similar position at Conseco Health. He has many years of experience in risk analysis, reporting and evaluation. Dan has a Bachelor of Science degree in mathematics and computer science from Purdue University. He holds the insurance designations of FLMI and AALU, and has taught FLMI and HIAA courses for 15 years.

Bryan F. Beswick

Director, Technology Systems

Bryan Beswick has worked in Information Technology since 1986. He has managed IT in a variety of company sizes and has had experience with highly diverse technologies, including software engineering & development, system hardware, internetworking, telephony, instruction, and IT regulatory issues.

Before joining UBA, Bryan was responsible for all software development **and IT production** support activities for a Fortune 50 health provider's mail-order pharmacy for critically-ill patients.

He also served as vice president of IT for a medical laboratory for 12 years. As a member of the executive management team, he helped grow the company from a single-location, 25 employee, cytology-only start-up to a

multi-location, full-service regional lab with over 250 employees. While there, he built the comprehensive Laboratory Information System that is still used to conduct worldwide FDA-regulated clinical trials.

B. William Olson:
Manager, Marketing
As a 30-year veteran of the marketing communications business, Bill is responsible for UBA's brand development and management, strategic marketing, and creative direction.

Beginning his career as a Creative Director, Bill then transitioned into senior marketing positions with several global real estate and advertising firms, providing strategic marketing consulting and assistance with the develoment of sales tools and advertising programs for sales representatives and brokers.

Prior to joining UBA, Bill owned and operated the nations' first retail-based advertising and marketing firm focused in business-to-business (B2B) communications for the real estate, specialty insurance, and health insurance markets.

He has served on the board of directors for the Indiana Entrepreneurs Alliance, indy Women Connect, and is a frequent speaker and marketing consultant for the Indianapolis Chapter of the Senior Core of Retired Executives (SCORE). Bill earned a Bachelor's degree from Ball State University in Visual Communications.

Brian L. Snyder
Manager, Communications
Brian Snyder is the Communications Manager for United Benefit Advisors. He is responsible for content development and management of HRinsider^{O}. He also helps manage the Wisdom Network® and assists in preparation of press releases, templates, marketing materials, and employee communications for UBA member firms and their clients.

Brian joined the UBA staff in 2008 with more than 12 years experience in print and online media. He has worked as a reporter, graphic artist/page designer and editor at award-winning newspapers in Indiana, South Carolina and California. Most recently he served as Graphics Editor at a media outlet in California, where he also was responsible for creating various online content. Apart from his work in media, Brian also is a co-author of a humor book, titled "The Dictionary of

Uncomfortable Words." Brian earned his bachelor's degree in Journalism and English from Indiana University.

Kyle E. Hubbard:
Software Developer
Kyle Hubbard, an Indiana University graduate with a major in Computer Science, has been a programmer for a collection software company; a system administrator and programming champion for a university work group; and has set up a variety of computer systems before joining UBA.

LANDER COUNTY COMMISSION MEETING
February 23, 2012

AGENDA ITEM NO. 3

THE REQUESTED ACTION OF THE LANDER COUNTY COMMISSION IS:
Discussion for possible action regarding proposal/introduction of Ordinance No. 2012-01, an ordinance amending Section 15.24.030(D) of the Lander County Code to allow a mobile home or manufactured home to be permanently installed in Lander County if it has been constructed or manufactured not more than fifteen (15) years prior to the date of application for a building or moving permit; and other related matters.

Public comment.

Background:

Proposal/introduction of Ordinance No. 2012-01, an ordinance amending Section 15.24.030(D) of the Lander County Code to allow a mobile home or manufactured home to be permanently installed in Lander County if it has been constructed or manufactured not more than fifteen (15) years prior to the date of application for a building or moving permit, is brought before the Commission for consideration.

Provisions of Lander County Code (LCC) 15.24.030(D) are such that any mobile or manufactured home to be permanently placed anywhere in Lander County must be built or manufactured not more than five years from the date of such permanent placement. This provision was put into LCC through the passage by the Commission of Lander County Ordinance No. 2007-09 in February 2007. This restriction does not apply to mobile or manufactured homes already in existence within the County. **This restriction also does not apply to a "Travel trailer" or "Portable or demountable cabana" as defined in LCC 15.020.**

The Lander County Planning Commission met in regular session on January 11, 2012 and unanimously approved a recommendation for approval of the amendment of Lander County Code 15.24.030(D), to change the allowable age of mobile and manufactured homes from five (5) to fifteen (15) years old, by the Lander County Board of Commissioners.

This item was placed and heard by the Commission during the last regular meeting, (February 9, 2012), with action taken to **DEFER** the item.

Recommended Action:

It is recommended that the Commission uphold the recommendation of the Lander County Planning Commission and propose and set for public hearing Ordinance No. 2012-01, an ordinance amending Section 15.24.030(D) of the Lander County Code to allow a mobile home or manufactured home to be permanently installed in Lander County if it has been constructed or manufactured not more than fifteen (15) years prior to the date of application for a building or moving permit.

Ordinance Number: LC-2012-01

Summary: An ordinance amending Section 15.24.030(D) of the Lander County Code to allow a mobile home or manufactured home to be permanently installed in Lander County if it has been constructed or manufactured not more than fifteen (15) years prior to the date of application for a building or moving permit; and other related matters.

AN ORDINANCE AMENDING SECTION 15.24.030(D) OF THE LANDER COUNTY CODE TO CHANGE THE ALLOWABLE AGE OF MOBILE AND MANUFACTURED HOMES FROM FIVE YEARS TO FIFTEEN YEARS OLD WHEN THEY ARE PERMANENTLY INSTALLED IN LANDER COUNTY. A MOBILE OR MANUFACTURED HOME MUST BE CONSTRUCTED OR MANUFACTURED NOT MORE THAN FIFTEEN (15) YEARS PRIOR TO THE DATE OF THE APPLICATION OF A BUILDING OR MOVING PERMIT; AND OTHER RELATED MATTERS

THE BOARD OF COUNTY COMMISSIONERS OF LANDER COUNTY, NEVADA, DOES ORDAIN:

SECTION 1: Amendment. The Lander County Code Section 15.24.030(D) is amended in the following manner:

15.24.030 Permitted uses of travel trailers and mobile homes.

D. Any mobile home or manufactured home which is to be permanently installed in Lander County must have been constructed or manufactured not more than ~~five~~ *fifteen (15)* years prior to the date of application for a building permit or for a moving permit. This subsection shall not apply to valid non-conforming uses, nor to mobile homes which have already been validly permitted.

SECTION 2: Reenactments. All other provisions of Lander County Code Section 15.24.030 are reenacted without change.

DRAFT

LANDER COUNTY COMMISSION MEETING
February 23, 2012

AGENDA ITEM NO. 4

THE REQUESTED ACTION OF THE LANDER COUNTY COMMISSION IS:
Discussion for possible action regarding Agreement between Lander County and Robin Gray (Seven Valleys, LLC) to provide black fly and mosquito abatement services in areas located in Lander County and other matters properly relating thereto.

Public comment.

Background:
The Agreement between Lander County and Mr. Robin Gray, Seven Valleys, LLC, to provide black fly and mosquito abatement services in areas located in Lander County, is presented for Commission consideration.

The Commission accepted the proposal submitted by Mr. Robin Gray, Seven Valleys, LLC, to provide black fly and mosquito abatement services in areas located in Lander County during the regular Commission meeting held November 17, 2011. The term of the approved proposal is October 1, 2011 through September 30, 2013. The Agreement reflects the terms of the proposal, as submitted, and incorporates language to facilitate abatement procedures in the event of emergency infestations and prior to special events.

This item was placed and heard by the Commission during the last regular meeting, (February 9, 2012), with action taken to **DEFER** the item due to the Agreement not being in final form and Mr. Gray not being in attendance at the meeting.

Recommended Action:
It is recommended that the Commission approve the Agreement between Lander County and Mr. Robin Gray, Seven Valleys, LLC, to provide black fly and mosquito abatement services in areas located in Lander County, reflecting the terms of the proposal, as submitted, and incorporating language to facilitate abatement procedures in the event of emergency infestations and prior to special events per the testimony and discussions of Agenda Item #3, November 17, 2011 regular Commission meeting.

LANDER COUNTY COMMISSION MEETING
February 23, 2012

AGENDA ITEM NO. 5

THE REQUESTED ACTION OF THE LANDER COUNTY COMMISSION IS:
Discussion for possible action regarding the possibility of seeking requests for qualifications to provide alternative public defender services and other matters properly relating thereto.

Public comment.

Background:

The possibility of seeking requests for qualifications to provide alternative public defender services to Lander County and a presentation of qualifications and proposal to provide such services by Mr. William Schaeffer, ESQ., Attorney at Law, Battle Mountain, Nevada, is brought before the Commission for consideration.

Mr. Schaeffer will be in attendance to address the Commission to present his qualifications and make a proposal to provide alternative public defender services to Lander County.

The The proposed Agreement is included as backup material to this item. The Agreement is for the period of one year and four months, commencing on March 1, 2012 and terminating on June 30, 2013. The appointment provides for automatic renewal for successive two-year periods unless notice of termination is given by either party to the Agreement. The cost of services provided under the Agreement is **$27,000.00 per year** for the first one year and four months (sixteen months).

Recommended Action:

It is recommended that the Commission consider counsel of the Lander County District Attorney in accepting and approving this Agreement. Currently, alternative public defender services (when necessary) are provided without benefit of an agreement between the provider and the County. This Agreement would provide for alternative public defender services which are local and, therefore, accessible to the clients.

AGENDA REQUEST FORM

COMMISSIONER MEETING DATE: February 9, 2012

NAME: William E. Schaeffer REPRESENTING: himself

ADDRESS: 160 W. 4th St., P.O. Box 936, Battle Mountain, NV 89820 E-Mail: lander_lawyer@yahoo.com

PHONE (H):_____ (W): 775-635-3227 (FAX): 775-635-3229

WHICH NUMBER SHOULD WE CALL DURING NORMAL BUSINESS HOURS: _____

WHO WILL BE ATTENDING THE MEETING: William E. Schaeffer

JOB TITLE: Attorney at Law

SPECIFIC REQUEST TO BE PLACED ON THE AGENDA: Discussion and possible action to seek requests for qualifications to provide alternative public defender services.

WHAT ACTION WOULD YOU LIKE THE BOARD TO TAKE TO RESOLVE THIS ISSUE? Approve this suggestion for cases where there is a conflict with the regular public defender so as to save money for the County and/or to make it easier for accused persons to consult with their appointed attorney by making it more likely that such an attorney is local or has a local office

ARE THERE ANY COSTS ASSOCIATED WITH YOUR REQUEST: ___YES _X_NO ___Maybe
AMOUNT: Costs are in lieu of expenditures that might otherwise be spent on appointed counsel.

HAS THIS ISSUE BEEN DISCUSSED AT A PRIOR COMMISSION MEETING? ___YES _X_NO ___Maybe
WHEN?

WILL YOU BE PRESENTING WRITTEN INFORMATION AT THE MEETING? ___YES _X_NO ___Maybe
I can bring along a proposed contract.

HAVE YOU DISCUSSED THIS ISSUE WITH THE AFFECTED DEPT HEAD: ___YES _X_NO ___Maybe

Re: Agenda Request for
Meeting of 2/9/2012

Dear Mr. Etcheverry:

Attached or enclosed, please find an agenda request form for the February 9th meeting. As we discussed a few weeks ago, I would like to set up an alternative public defender service much like what is done in Humboldt County with Kyle Swanson. I would envision providing alternate public defender services when Mr. Herrera is conflicted out. The alternate public defender would receive a flat, annual fee for such services (paid monthly), and would provide everything from appointment through appeal, but would not include capital case coverage nor post conviction relief coverage (since one of the typical claims for post conviction relief is ineffective assistance of counsel and since it is a conflict of interest for that same counsel to be appointed to represent the defendant in such situations, this would make no sense). I would anticipate that this service would cost no more than the cost of such services through the court system in fiscal year 2009 – 2010 and would have the advantage of having an attorney available locally to the indigent, accused persons who are involved. Initially such a service would best be contracted for one year, with a one month notice and an impossibility of performance, escape clause – in case it wasn't working out for some reason. If the timing or advisability of such a proposal seems disadvantageous in your judgment, then please call or e-mail me to discuss. Ok? Thanks.

Sincerely,

William E. Schaeffer
Attorney at Law

Re: Agenda Request for
Meeting of 2/23/2012

Dear Mr. Etcheverry:

This morning, I discovered that I will not be able to attend the County Commissioners' meeting on February 23rd. If you think that my personal presence is required or advisable, then please post pone my agenda request regarding appointing an alternative, county, public defender to March 8th. I'd rather not post pone things again, but I have to be in San Diego that day (2/23). Thanks.

Sincerely,

W. E. Schaeffer

William E. Schaeffer
Attorney at Law

ALTERNATE PUBLIC DEFENDER AGREEMENT This Agreement is made by and between LANDER COUNTY, a political subdivision of the State of Nevada, by its Board of County Commissioners, hereinafter referred to as "County," and WILLIAM E. SCHAEFFER, ESQ., Attorney at Law, of Battle Mountain, Nevada, as an independent contractor, hereinafter referred to as "Contractor."

WITNESSETH

FOR AND IN CONSIDERATION of the mutual covenants, conditions and promises hereinafter set forth, and other good and valuable considerations, the parties hereto agree as follows:

1. The County hereby appoints Contractor as Lander County Alternate Public Defender, for a term of one (1) year and four (4) months, commencing March 1, 2012, through June 30, 2013. This appointment and this Agreement shall automatically renew for successive two (2) year periods unless either Contractor or County shall give other party written notice of their intention not to renew on or before April 1 of the year in which this Agreement shall be up for automatic renewal.

2. Contractor shall provide representation without charge, except as provided in paragraph 10, when appointed by a court pursuant to NRS 171.188, NRS Chapter 62, NRS 432B.420, or when appointed to represent children who are the subject of a petition filed under NRS Chapter 432B. Said representation shall include, but is not limited to, regular client conferences, investigation, pre-trial court appearances, trial representation, post trial proceedings, appeals and other duties set forth in NRS 180.060. This appointment as Alternate Lander County Public Defender shall include representation of all persons charged with any crime except capital offenses. In addition to any other duties, Contractor shall represent those persons who are on court-supervised probation and/or have been released on a suspended sentence with specific conditions of release, for the purpose of revocation proceedings when specifically requested to do so by the supervising court.

3. Contractor shall receive the sum of twenty seven thousand dollars ($27,000.00) per year for the period of March 1, 2012, through June 30, 2013. Each installment shall be one thousand one hundred twenty five dollars and no cents ($1,125.00). The first two installments shall be paid on March 1, 2012 and March 15, 2012. Payments will then be paid on the 1st and 15th of each calendar month. If the 1st or 15th falls on a weekend or County holiday, then the payment will be made on the next business day. County shall be required to make no additional compensation to Contractor, except as set forth in Paragraph 10.

4. This Agreement may be terminated with or without cause by either party upon thirty (30) days written notice.

5. At any time that Contractor shall be unable to perform the duties of Public Defender, either through absence from the County, failure to possess a required certification, or otherwise, Contractor shall provide, at his sole expense, an assistant attorney who is duly licensed to practice law in the State of Nevada and who possesses any required certification. Said assistant attorney shall perform the function of Alternate Lander County Public Defender during said period of time. This paragraph does not require Contractor to provide an additional public defender in the event that matters are scheduled simultaneously in more than one court.

   A. If any arrangement, however informal and of whatever duration, is made whereby third parties are used by Contractor, the third parties shall, while engaged in such work, be considered for all purposes employees of Contractor and not of County, regardless of the party paying them. Contractor shall indemnify County against any and all liability, loss, cost, damage, or expense, by reason of any act or omission of any such employee while being used by Contractor. Contractor shall also indemnify County against all liability and loss in connection with, and shall assume full responsibility for, payment of all federal, state, and local taxes or contributions imposed or required under unemployment insurance, social security, and income tax laws, with respect to Contractor's employees engaged in performance of the Agreement.

   B. Contractor agrees to maintain such insurance as will fully protect both Contractor and County from any and all claims under any worker's compensation act/or employer's liability laws, and from any and all other claims or whatsoever kind of nature for the damage to property or for personal injury, including death, made by any person whomsoever; that may arise from operations carried on under this Agreement, either by contractor, subcontractor, or by any person directly or indirectly engaged or employed by Contractor. Contractor agrees to provide County with certificates evidencing the required coverage before Contractor begins work hereunder if requested by County:

6. All office space, furniture, equipment and supplies, secretarial assistance required to perform the duties of the Lander County Alternate Public Defender shall be borne by Contractor inasmuch as the fair rental cost thereof is included in the compensation for this contract. Contractor shall provide for local telephone calls to his office from Battle Mountain at no expense to the County. The Alternate Public Defender shall have access to the County Law Library after hours and shall therefore not require additional copies of the Nevada Revised Statutes or other legal materials.

7 Contactor shall hold and save County harmless from any and all claims of any type or nature whatsoever arising out of his or any assistant attorney's

performance of his duties as Public Defender, whether the same shall involve malpractice, civil rights actions, or otherwise. Contractor shall indemnify County against all liability or loss, and against all claims or actions based on or arising out of damage or injury (including death) to persons or property caused by or sustained in connection with the performance of the Agreement or by conditions created thereby, or based upon any violation of any statute, ordinance, code or regulation, and the defense of any such claims or action. Contractor shall maintain a liability insurance policy with a minimum per single occurrence amount of three hundred thousand dollars ($300,000.00).

8. The parties to this Agreement acknowledge and agree that Contractor is a professional person, and that the relation created by this Agreement in that of employer-independent contractor. Contractor in not an employee of County, and is not entitled to the benefits provided by County to County Employees, including, but not limited to, insurance, pension and protections and benefits afforded under the County's personnel ordinances. Contractor may practice his profession for others during the operation of this Agreement, when the same shall not conflict with his duties as public defender. County is interested only in the results obtained under this Agreement. Contractor will be solely and entirely responsible and liable for his acts and for the acts of Contractor's agents, employees, servants, and subcontractors during the performance of the Agreement.

9. Contractor will not sue or be part of a suit against County in his private practice of law, since he is a contractor for County.

10. Contractor shall only be appointed to those cases wherein the County Public Defender (currently THEODORE C. HERRERA, ESQ.) has a legal conflict of interest and therefore cannot be appointed. If Contractor is appointed to cases other than those to which the County Public Defender has a conflict, then Contractor shall be entitled to separate compensation therefor, at the customary statutory rate.

11. This Agreement shall not be construed so as to interfere with Contractor's ability to apply to the Court for expert witness fees or other expenses as are normally presented to and allowed by the court for the Nevada State Public Defender.

12. This Agreement shall be governed by, construed, and enforced in accordance to the laws, but not the conflict of laws rules, of the State of Nevada. Any legal complaint or action arising out of this Agreement must be filed in the Sixth Judicial Court, State of Nevada, in and for the County of Lander.

13. This Agreement shall be construed without reference to the identity of the party who drafted various provisions of the Agreement. Moreover, each and every provision of this Agreement shall be construed as though all parties to this Agreement participated equally in the drafting of this Agreement. As a result of the foregoing, any rule or construction that a document is to be construed against the drafting party shall not apply.

14. This Agreement shall constitute the entire agreement between the parties; all prior agreements between the parties, whether written or oral, are merged into this Agreement and shall be of no force and effect.

15. This Agreement may not be assigned.

IN WITNESS WHEREOF, the parties hereto have caused this Agreement to be executed effective as of this ____ day of _____, 2012

LANDER COUNTY COMMISSION MEETING
February 23, 2012

AGENDA ITEM NO. 6

THE REQUESTED ACTION OF THE LANDER COUNTY COMMISSION IS:
Discussion for possible action regarding Lander County's 2012 Annual Membership Dues for the Nevada Association of Counties (NACO), in the amount of $16,219.04, and other matters properly relating thereto.

Public comment.

Background:

Lander County's 2012 Annual Membership Dues for the Nevada Association of Counties (NACO), in the amount of $16,219.04, are brought before the Commission for consideration.

The 2012 Nevada Association of Counties (NACO) invoice for Annual Membership Dues is presented for Commission consideration.

Lander County's 2011 NACO membership dues are $11,220.36 and reflect an increase of $4,998.68, or 44.55% over the prior year amount. The dramatic increase in the amount of membership dues is a direct reflection of the increase in Lander County ending fund balances for the General and Special Revenue Funds at June 30 of Fiscal Year 2010-2011 as compared to Fiscal Year 2009-2010.

Recommended Action:

It is recommended that the Commission approve the 2012 Nevada Association of Counties (NACO) invoice for Lander County Annual Membership Dues and authorize payment of $16,219.04 to NACO.

Dear Mr. Etcheverry, Gene

Please find attached an invoice for Lander County's 2012 Membership Dues for the Nevada Association of Counties (NACO). We would like to thank you for your continued participation and support. NACO is working diligently, as always, to ensure the continued strength of our counties. It is more important than ever that the counties have a strong front and a united voice and it is NACO's continued promise to be that voice.

We are available to assist you in any way we can and encourage you to contact our office with any questions or concerns.

Thank you again,

Jeffrey Fontaine
Executive Director

LANDER COUNTY COMMISSION MEETING
February 23, 2012

AGENDA ITEM NO. 7

THE REQUESTED ACTION OF THE LANDER COUNTY COMMISSION IS:
Discussion for possible action regarding Resolution No. 2012-02, a resolution adopting and approving an Interlocal Agreement for Parcel Maintenance between the Lander County Assessor's Office and the Carson City Assessor's Office to provide a Lander County-Wide Parcel Project by the Carson City Assessor's Office, and other matters properly relating thereto.

Public comment.

Background:
Resolution No. 2012-02, a resolution adopting and approving an Interlocal Agreement for Parcel Maintenance between the Lander County Assessor's Office and the Carson City Assessor's Office to provide a Lander County-Wide Parcel Project by the Carson City Assessor's Office, is presented for consideration by the Commission.

This Resolution provides for the Agreement between Lander County and the Carson City Assessor's Office to provide the County-Wide Parceling Project. The proposal for this Project was accepted and approved by the Commission during the regular meeting of December 1, 2011, Agenda Item #6.

Lander County Assessor Lura Duvall will be in attendance to provide further details on this item to the Commission.

Recommended Action:
It is recommended that the Commission approve and adopt Resolution No. 2012-02, a resolution adopting and approving an Interlocal Agreement for Parcel Maintenance between the Lander County Assessor's Office and the Carson City Assessor's Office to provide a Lander County-Wide Parcel Project by the Carson City Assessor's Office.

Re: Interlocal Agreement for Parcel Maintenance

Dear Ms. Sullivan:

Enclosed please find two originals of the above-referenced Interlocal Agreement, together with a copy of Resolution No. 2012-R-4, approving and authorizing Carson City Mayor Robert Crowell to sign the Interlocal Agreement.

Once the Interlocal Agreement has been approved by the Lander County Board of Commissioners, please have both originals signed, as appropriate, and return one fully-executed original in the envelope provided. A copy will be provided to the Carson City Assessor's Office and the original maintained as part of the official record of the February 2, 2012 Carson City Board of Supervisors meeting.

Please contact me with any question.

Sincerely,

ALAN GLOVER, Clerk - Recorder

RESOLUTION 2012-02 PARCEL MAINTENANCE BETWEEN LANDER COUNTY ASSESSOR'S OFFICE & CARSON CITY ASSESSOR'S OFFICE TO PROVIDE COUNTY-WIDE PARCEL PROJECT BY CARSON CITY ASSESSOR'S OFFICE

TITLE OF DOCUMENT

This page added to provide additional information required by NRS 111.312 Section 1-2.
This cover page must be typed or printed.

SUMMARY: A RESOLUTION ADOPTING AND APPROVING AN INTERLOCAL AGREEMENT FOR PARCEL MAINTENANCE BETWEEN LANDER COUNTY ASSESSOR'S OFFICE AND CARSON CITY ASSESSOR'S OFFICE TO PROVIDE A LANDER COUNTY-WIDE PARCEL PROJECT BY CARSON CITY ASSESSOR'S OFFICE

RESOLUTION NO. 2012-02

WHEREAS, any two or more public agencies may enter into cooperative agreements for the performance of any governmental function pursuant to Nevada Revised Statutes ("NRS") 277.080 to 277.180, inclusive; and

WHEREAS, NRS 277.110 provides that each such agreement must be by formal resolution or ordinance of the governing body of each public agency included, and must be spread at large upon the minutes, or attached in full thereto as an exhibit, of each governing body; and

WHEREAS, the parties to the Interlocal Agreement for Parcel Maintenance, between Lander County Assessor's Office and Carson City Assessor's Office, for providing Parcel data maintenance to Lander County Assessor's parcel data sets by Carson City Assessor's office, desire to adopt and approve such agreement as required by NRS 277.110. A copy of the "Agreement" is attached to this Resolution as Exhibit "A"; and

WHEREAS, both parties to the Agreement are public agencies as defined by NRS 277.100; and

NOW, THEREFORE, BE IT RESOLVED, that the terms and conditions of the Interlocal Agreement for Parcel Maintenance, between Lander County Assessor's office and Carson City Assessor's office, for providing Parcel data maintenance to Lander County by Carson City Assessor's office are hereby adopted and approved; and

BE IT FURTHER RESOLVED, that the Interlocal Agreement for Parcel Maintenance

/////

/////

/////

/////

/////

/////

shall be spread at large upon the minutes or attached in full thereto as Exhibit "A".

PASSED and ADOPTED this 23rd day of February 2012.

BOARD OF COMMISSIONERS OF LANDER COUNTY

By: Dean Bullock
DEAN BULLOCK, Chair

Attest:
Sadie Sullivan
SADIE SULLIVAN, County Clerk and
Ex-Officio Clerk of the Board of Commissioners
of Lander County, Nevada

EXHIBIT A

INTERLOCAL AGREEMENT FOR PARCEL MAINTENANCE

This Interlocal Agreement for Parcel Maps (the "Agreement"). Dated this 23rd day of February, 2012, is entered by and between Carson City, a consolidated municipality and political subdivision of the State of Nevada, hereinafter called **CITY**, and LANDER COUNTY, a political subdivision of the State of Nevada, hereinafter called COUNTY. CITY and COUNTY are at times collectively referred to hereinafter as the "Parties" or individually as the "Party."

WITNESSETH:

WHEREAS NRS 277.100(1) defines a public agency eligible to enter into an interlocal contract to include counties, unincorporated towns and consolidated municipalities, Carson City and Lander County are public agencies under that definition; and

WHEREAS, pursuant to the provisions contained in Chapter 277.180 of the Nevada Revised Statutes, the Parties are authorized to enter into agreements to perform a service, activity or undertaking which a public agency is authorized by law to perform; and

WHEREAS, pursuant to the provisions contained in Chapter 277 of the Nevada Revised Statutes, COUNTY may contract for such technical and maintenance services that may be required; and

WHEREAS, the purpose of this Agreement is for the CITY to provide certain technical support and maintenance services for parcel creation and updates throughout COUNTY; and

WHEREAS, this agreement will be of benefit to the COUNTY and to the people of the State of Nevada; and

WHEREAS, the CITY is willing and able to perform the services described herein; and

NOW, THEREFORE, in consideration of the promises and of the mutual covenants herein contained, it is agreed as follows:

CITY AGREES:

1. To provide technical and maintenance services to COUNTY as follows (collectively, the "Existing Parcels, Street Centerlines, FEMA Flood Plains, Town Boundaries, Mining plats, and associated data"):

2. To perform such other functions and duties related to the parcel database and associated data as directed by COUNTY such as design review of parcel book pages.

3. CITY agrees to provide a monthly report to COUNTY detailing any work completed and number of labor hours provided to COUNTY. CITY agrees to provide additional documentation substantiating any work provided to COUNTY if requested by COUNTY. The Agreement is premised on an average of approximately 25 hours per month excluding management hours.

COUNTY AGREES:

1. COUNTY agrees to pay CITY for the services provided hereunder at the hourly rate of $55.00 per hour for the fiscal year beginning February 3, 2012 and ending February 2, 2013 (the "Hourly Service Rate"). COUNTY and CITY will, by February 1, 2013, review the costs of the labor and services provided to COUNTY and jointly agree on a new Annual Service Fee for each successive fiscal year of this Agreement.

2. COUNTY shall make payment within thirty-five (35) days of receipt of invoice from CITY.

IT IS MUTUALLY AGREED:

1. The terms of this Agreement is one (1) year from February 3, 2012 through February 2, 2013. The Agreement shall be renewed automatically for a period of two (2) years, unless either party provides written notice that it does not intend to renew the Agreement at least thirty (30) days prior to the termination date of February 3, 2013.

2. Either Party may terminate this agreement without cause upon thirty (30) days written notice to other Party. Each Party agrees to perform their respective duties hereunder until the date of termination.

3. The Parties agree that COUNTY will transfer the current COUNTY AutoCad shapefiles, (Parcels, Mine Claim data, FEMA Flood Zone data, Street Centerline, Street Right of Ways, Zoning, Land Use, Town limit Polygon), to CITY for the CITY to perform the services Agreed upon. CITY shall maintain this data at COUNTY's cost and will transfer all data back to COUNTY at the end of the term of this Agreement.

4. This Agreement constitutes the entire agreement of the Parties and as such is intended as a complete and exclusive statement of the promises, representations, negotiations,

discussions, and other agreements that may have been made in connection with the subject matter hereof. Unless an integrated attachment to this Agreement specifically displays a mutual intent to amend a particular part of this Agreement, general conflicts in language between any such attachment and this Agreement shall be construed consistent with the terms of this Agreement. Unless otherwise expressly authorized by the terms of this Agreement, no modification or amendment to this Agreement shall be binding upon the Parties unless the same is in writing and signed by the respective Parties hereto and approved be each Parties respective counsel.

5. All notices or other communications required or permitted to be given under this Agreement shall be in writing and shall be deemed to have been duly given if delivered personally in hand, by telephonic facsimile with simultaneous regular mail, or mailed certified mail, return receipt requested, postage prepaid on the date posted, and addressed to the Party at the address set forth below:

FOR CITY:
Dave Dawley
Carson City Assessor
201 N. Carson Street, Ste 6
Carson City, Nevada 89701
(775) 887-2130

For County:
Lura Duvall
Lander County Assessor
315 S. Humboldt St
Battle Mountain, Nevada 89802
(775)635-2610

6. To the fullest extent of NRS Chapter 41 liability limitations, each Party shall indemnify, hold harmless and defend, not excluding the other Party's right to participate in any litigation, the other Party from and against all liability, claims, actions, damages, losses, and expenses, including but not limited to reasonable attorney's fee's and costs, arising out of any alleged negligent or willful acts of omissions of the Party, its officers, employees or agents. Such obligation shall not be construed to negate, abridge, or otherwise reduce any other right or obligation of indemnity which would otherwise exist as to any Party or person described herein. This indemnification obligation is conditioned upon receipt of written notice by the indemnifying Party within 30 days of the indemnified Part's notice of actual or pending claim or cause of action. The indemnifying Party shall not be liable to hold harmless any attorneys fees or costs incurred by the indemnified Party if the indemnified Party elects to participate in any litigation or arbitration with legal counsel of its own choice,

7. The laws of the State of Nevada shall be applied in interpreting and construing this Agreement.

8. The illegality or invalidity of any provision or portion of this Agreement shall not affect the validity of the remainder of the Agreement.

9. All or any property presently owned by either party shall remain in such possession upon termination of this Agreement, and there shall be no transfer of property between the parties during the course of this Agreement.

10. Nothing contained in this Agreement is intended to convey any rights or to create a contractual relationship with any third Party or to otherwise allow a third Party to assert a cause of action against either COUNTY or CITY arising from, or related to, this Agreement.

11. Each party agrees to keep and maintain under general accepted accounting principles full, true and complete records and documents pertaining to this Agreement and present, at any reasonable time, such information for inspection, examination, review, audit and copying at any office where such records and documentation is maintained.

12. The Parties are associated with each other only for the purposes and to the extent set forth in this Agreement. Each Party is and shall remain a public agency separate and distinct from the other Party and shall have the right to supervise, manage, operate, control and direct performance of the details incident to its duties under this Agreement.

13. Neither Party shall assign, transfer or delegate any rights, obligations or duties under this Agreement without the prior written consent of the other party.

14. The Parties hereto represent and warrant that the person executing this Agreement on behalf of each Party has full power and authority to enter into this Agreement and that the Parties are authorized by law to perform the services set forth herein.

15. Failure of either Party to perform any obligation of this Agreement shall be deemed a breach. Except as otherwise provided for by law or this Agreement, the rights and remedies of the Parties shall not be exclusive and are in addition to any other rights and remedies provided by law or equity, including but not limited to actual damages incurred, and reasonable attorney's fees and costs incurred by the prevailing Party.

16. The Parties will not waive and intend to assert available NRS Chapter 41 liability limitations in all cases. The Parties expressly waive any claim for punitive damages and understand that the remedy for any willful or intentional misconduct shall be remedied through the political process.

17. Neither Party shall be deemed to be in violation of this Agreement if it is prevented from performing any of its obligations hereunder due to strikes, failure of public transportation, civil or military authority, acts of public enemy, accidents, fires, explosions, or acts of God, including without limitations, earthquakes, floods, winds or storms. In such an event the intervening cause must not be through the fault of the party asserting such an excuse, and the excused Party is obligated to promptly perform in accordance with the terms of the Agreement after the intervening cause ceases.

18. If any provision contained in this Agreement is held to be unenforceable by a court of law or equity, this Agreement shall be construed as if such provision did not exist and the

nonenforceability of such provision shall not be held to render any other provision or provisions of this Agreement.

19. Any future modification of the mutual Agreement shall be subject to the provisions covered by this Agreement and approval of such modifications shall be in writing and signed by a representative of each Party.

IN WITNESS WHEREOF, The parties have executed this Agreement on the day and year first above written.

LANDER COUNTY COMMISSION MEETING
February 23, 2012

AGENDA ITEM NO. 8

THE REQUESTED ACTION OF THE LANDER COUNTY COMMISSION IS:
Discussion for possible action regarding the Lander County Jury List for 2012 and other matters properly relating thereto.

Public comment.

Background:

The Lander County Jury List for 2012 is presented to the Commission for approval.

Lander County Clerk Sadie Sullivan will present the Lander County Jury List for 2012 to the Commission.

Pursuant to the provisions of Nevada Revised Statutes (NRS) 6.050, at the next regular meeting of the County Commission after receiving such an order from the Sixth Judicial District Court, the Lander County Board of Commissioners shall select 1,800 persons to serve as the panel of trial jurors from the qualified electors of the County for the Sixth Judicial District Court of Lander County. Honorable Sixth Judicial District Court Judge Richard A. Wagner issued such Order on January 18, 2012.

Recommended Action:

It is recommended that the Commission approve the Lander County Jury List for 2012 as presented by Lander County Clerk Sadie Sullivan.

AGENDA REQUEST FORM

IN THE SIXTH JUDICIAL DISTRICT COURT OF THE STATE OF NEVADA
IN AND FOR THE COUNTY OF LANDER

In The Matter of A Trial Jury

Panel for the Year 2012

_____/ **ORDER**

Pursuant to N.R.S. 6,050, the Board of County Commissioners of Lander County, Nevada, shall at its next regular meeting after receipt of the Order, select from the qualified electors of said county, whether registered or unregistered, not exempt by law from jury duty, One Thousand Eight Hundred (1,800) persons to serve as the panel of trial jurors for the Sixth Judicial District Court of Lander County.

Upon such selection having been made, the board shall transmit said list to the County Clerk who shall keep a record thereof in her office of the names, occupations and addresses of each person so selected.

Done this 18th day of January 2012.

Richard A. Wagner

DISTRICT JUDGE

LANDER COUNTY COMMISSION MEETING
February 23, 2012

AGENDA ITEM NO. 9

THE REQUESTED ACTION OF THE LANDER COUNTY COMMISSION IS:
Discussion for possible action regarding Justice of the Peace Pro Tempore list, pursuant to NRS 4.032, for the Argenta and Austin Justice Courts and other matters properly relating thereto.

Public comment.

Background:
Creation of a Justice of the Peace Pro Tempore list, pursuant to NRS 4.032, for the Argenta and Austin Justice Courts, is brought before the Commission for consideration.

The creation of a Justice of the Peace Pro Tempore List is provided under the provisions of Nevada Revised Statutes (NRS) 4.032 in order to create a roster of available and trained individuals to serve in the absence or indisposal of the Justice of the Peace.

Argenta Township Justice of the Peace Max Bunch will provide further details to the Commission on this item.

Recommended Action:
It is recommended that the Commission authorize the creation of a Justice of the Peace Pro Tempore list, pursuant to NRS 4.032, for the Argenta and Austin Justice Courts, and authorize the training of the individuals on the list.

LANDER COUNTY COMMISSION MEETING
February 23, 2012

AGENDA ITEM NO. 10

THE REQUESTED ACTION OF THE LANDER COUNTY COMMISSION IS:
Discussion for possible action regarding approval/disapproval of a zone change request for Paul Buffington or Kimberlie Davis, W2W2 Section 2, T32N, R44E, APN 010-260-06, to change from Industrial District (M) zoning to Farm and Ranch District (A-3) zoning and other matters properly relating thereto.

Public comment.

Background:
The zone change request for Paul Buffington or Kimberlie Davis, W2W2 Section 2, T32N, R44E, APN 010-260-06, to change from Industrial District (M) zoning to Farm and Ranch District (A-3) zoning, is brought before the Commission for consideration.

The Lander County Planning Commission met in regular session on February 8, 2012 and held a public hearing regarding the request of Kimberlie Davis for a zone change for the above-referenced parcel. This zone change brings the parcel into conformance with zoning and current use of surrounding parcels. The Planning Commission voted to recommend approval of this zone change request by the Lander County Board of Commissioners.

Lander County Community Services Officer Gina Little will be in attendance to provide further details to the Commission on this item.

Recommended Action:
It is recommended that the Commission uphold the recommendation of the Lander County Planning Commission and approve the zone change request for Paul Buffington or Kimberlie Davis, W2W2 Section 2, T32N, R44E, APN 010-260-06, to change from Industrial District (M) zoning to Farm and Ranch District (A-3) zoning.

LANDER COUNTY
PLANNING COMMISSION

RECOMMENDATION

Date: February 23, 2012

To: Lander County Board of Commissioners

From: Gina Little
Lander County Planning Commission

The Lander County Planning Commission met in regular session on February 8, 2012 and held a public hearing in Battle Mountain regarding the following agenda item:

***Discussion for possible action to approve/disapprove a recommendation to the Lander County Board of Commissioners regarding the following zone change request:**

Applicant:	Paul Buffington or Kimberlie Davis
Location:	W2W2 Sec 2, T32N, R44E
APNs:	010-260-06
Type:	to change from Industrial District (M) zoning to Farm and Ranch District (A-3) zoning.

The Board reviewed and discussed the zone change request for Kimberlie Davis.

The Lander County Planning Commission moved to recommend that the Lander County Board of Commissioner approve the zone change request for Paul Buffington or Kimberlie Davis, as indicated above.

LANDER COUNTY CLERK

LANDER COUNTY COMMISSION MEETING
February 23, 2012

AGENDA ITEM NO. 11

THE REQUESTED ACTION OF THE LANDER COUNTY COMMISSION IS:
Discussion for possible action regarding approval/disapproval of a zone change request for Nevada Johnson, 385 Lemaire Road, Battle Mountain, APN 002-341-01, to change from Single Family Residential District (R-1) zoning to Multiple-Family Residential District (R-4) zoning and other matters properly relating thereto.

Public comment.

Background:

The zone change request for Nevada Johnson, 385 Lemaire Road, Battle Mountain, APN 002-341-01, to change from Single Family Residential District (R-1) zoning to Multiple-Family Residential District (R-4) zoning, is brought before the Commission for consideration.

The Lander County Planning Commission met in regular session on February 8, 2012 and held a public hearing regarding the request of Nevada Johnson for a zone change for the above-referenced parcel. This zone change provides for construction of two multi-family dwelling units (duplexes) on this parcel. The Planning Commission voted to recommend approval of this zone change request by the Lander County Board of Commissioners.

Lander County Community Services Officer Gina Little will be in attendance to provide further details to the Commission on this item.

Recommended Action:

It is recommended that the Commission uphold the recommendation of the Lander County Planning Commission and approve the zone change request for Nevada Johnson, 385 Lemaire Road, Battle Mountain, APN 002-341-01, to change from Single Family Residential District (R-1) zoning to Multiple-Family Residential District (R-4) zoning.

LANDER COUNTY PLANNING COMMISSION

RECOMMENDATION

Date: February 23, 2012

To: Lander County Board of Commissioners

From: Gina Little
Lander County Planning Commission

The Lander County Planning Commission met in regular session on February 8, 2012 and held a public hearing in Battle Mountain regarding the following agenda item:

***Discussion for possible action to approve/disapprove a recommendation to the Lander County Board of Commissioners regarding the following zone change request:**

Applicant:	Nevada Johnson
Location:	385 Lemaire Road, Battle Mountain
APNs:	002-341-01
Type:	to change from Single Family Residential District (R-1) zoning to Multiple-Family Residential district (R-4) zoning.

The Board reviewed and discussed the zone change request for Nevada Johnson.

The Lander County Planning Commission moved to recommend that the Lander County Board of Commissioner approve the zone change request for Nevada Johnson, as indicated above.

ZONE CHANGE APPLICATON

APPLICANT/OWNER INFORMATION

Applicant(s): Nevada Johnson

Address: 1981 Lacey

Mailing Address: Po box 2435 Gardnerville NV 89410

Phone Number: 775 265 0328

Owner(s) of property: Kevin Bruce

PROJECT INFORMATION

Property Location: 385 Lemaire Road

Assessor's Parcel Number: 002-341-01 Current Zoning: R-1

Are there any deed restrictions affecting the use of the property? None

What is the reason for the Zone Change Request? Allow two Duplexes

Will granting a Zone change affect or conflict with the land use compatibility of the area? Yes or No. Why or Why not? NO

Will granting a Zone Change affect public health, safety or general welfare? Yes or No. Why or why not?

NO

How will the proposed Zone Change request affect adjoining property owners with regard to noise, dust, traffic?

No impact expected

LANDER COUNTY CLERK

LANDER COUNTY COMMISSION MEETING
February 23, 2012

AGENDA ITEM NO. 12

THE REQUESTED ACTION OF THE LANDER COUNTY COMMISSION IS:
Discussion for possible action regarding proposal/introduction of an ordinance amending Section 17.08.100(A)(1) of the Lander County Code to change the requirement for relinquishing two (2) acre feet of water rights for each additional parcel that is less than five (5) acres in designated groundwater basins; and other related matters.

Public comment.

Background:

Proposal/introduction of an ordinance amending Section 17.08.100(A)(1) of the Lander County Code to change the requirement for relinquishing two (2) acre feet of water rights for each additional parcel that is less than five (5) acres in designated groundwater basins is brought before the Commission for consideration.

This ordinance amends the provisions of Lander County Code 17.08.100(A)(1) to bring the requirements of this section in conformity with Nevada Revised Statutes (NRS) 278.461(2). Specifically, the change will make it a requirement for any parcel map creating new parcels of less than five (5) acres per parcel to relinquish two (2) acre-feet of water rights for each newly-created parcel located in any water basin currently designated, or designated in the future as "**depleted**" by the Nevada Division of Water Resources.

The Lander County Planning Commission met in regular session on December 14, 2011 to consider the provisions of this proposed change to Lander County Code. The Planning Commission voted unanimously to recommend approval by the Lander County Board of Commissioners of the amendment changing Lander County Code 17.08.100(A)(1).

Lander County Community Services Officer Gina Little will be in attendance to provide further details to the Commission on this item.

Recommended Action:

It is recommended that the Commission uphold the recommendation of the Lander County Planning Commission by proposing and setting for public hearing an ordinance amending Section 17.08.100(A)(1) of the Lander County Code to change the requirement for relinquishing two (2) acre feet of water rights for each additional parcel that is less than five (5) acres in designated groundwater basins.

LANDER COUNTY PLANNING COMMISSION
315 SOUTH HUMBOLDT STREET
BATTLE MOUNTAIN, NV 89820
(775) 635-2860

RECOMMENDATION

Date: February 23, 2012

To: Lander County Board of Commissioners

From: Gina Little, Community Services Officer
Lander County Planning Commission

The Lander County Planning Commission met in regular session on December 14, ~~2012~~ 2011 to address the following agenda item:

> **Discussion for possible action regarding amending Lander County Code 17.080.100 (A)(1) to change the requirement for relinquishing two (2) acre feet of water rights to each additional parcel that is less than five (5) acres in designated groundwater basin and other matters properly related thereto.**

The Planning Commission reviewed and discussed the amendment.

The Lander County Planning Commission moved to recommend that the Lander County Commissioners approve the amendment to Lander County Code 17.080.100 (A)(1). The motion was voted and carried unanimously.

Ordinance Number: LC-??????

Summary: An ordinance amending Section 17.08.100(A)(1) of the Lander County Code to change the requirement for relinquishing two (2) acre feet of water rights for each additional parcel that is less than five (5) acres in the designated groundwater basins; and other related matters.

AN ORDINANCE AMENDING SECTION 17.08.100(A)(1) OF THE LANDER COUNTY CODE TO CHANGE THE REQUIREMENT FOR RELINQUISHING TWO (2) ACRE FEET OF WATER RIGHTS FOR EACH ADDITIONAL PARCEL THAT IS LESS THAN FIVE (5) ACRES IN THE DESIGNATED GROUNDWATER BASINS, WHICH WAS PREVIOUSLY LESS THAN TWO (2) ACRES; AND OTHER RELATED MATTERS

THE BOARD OF COUNTY COMMISSIONERS OF LANDER COUNTY, NEVADA, DOES ORDAIN:

SECTION 1: Amendment. The Lander County Code Section 17.08.100 is amended in the following manner:

17.08.100 Water rights dedication.

A. Required water dedication.

1. ~~In any basin designated by the state water engineer and prior to accepting for review any tentative subdivision, planned unit development, parcel map, or division of land into large parcels application which creates additional parcels within Lander County, the applicant shall submit a written and binding statement of intent to dedicate to Lander County at the time the application is approved the type and amount of water rights necessary to serve each parcel created, according to the following chart:~~

~~Use~~	~~Acre Feet Required~~
~~Single-Family residential, per dwelling unit~~	~~2.0 AF~~
~~Other use~~	~~To be determined~~

DRAFT

Pursuant to Nevada Revised Statutes ("NRS") 278.461(2), in the groundwater basins currently designated as depleted by the Nevada Division of Water Resources, and in any groundwater basins that will be designated by the Nevada Division of Water Resources as depleted in the future, a parcel map creating new parcels of less than five (5) acres shall be required to relinquish two (2) acre feet of water rights for each newly created parcel. The Applicant is responsible for the costs associated with acquiring the water rights and relinquishments.

SECTION 2: Reenactments. All other provisions of Lander County Code Section 17.08.100 are reenacted without change.

Proposed on the _____ day of _____, 2012.

Proposed by Lander County Commissioner: _____

Passed and adopted this _____ day of _____, 2012.

LANDER COUNTY COMMISSION MEETING
February 23, 2012

AGENDA ITEM NO. 13

THE REQUESTED ACTION OF THE LANDER COUNTY COMMISSION IS:
Discussion for possible action regarding the possibility of forming an Ad Hoc committee to explore and research the feasibility of constructing an Aquatics and Youth/Fitness Center in Battle Mountain and other matters properly related thereto.

Public comment.

Background:
The possibility of forming an Ad Hoc committee to explore and research the feasibility of constructing an Aquatics and Youth/Fitness Center in Battle Mountain is brought before the Commission for consideration.

Members of the Lander Economic Development Authority (LEDA) will present information to the Commission on this item.

Recommended Action:
It is recommended that the Commission support the formation of an Ad Hoc committee to explore and research the feasibility of constructing an Aquatics and Youth/Fitness Center in Battle Mountain and request the periodic status reports of the committee's progress be given during regular meetings of the Commission.

Welcome to Nevada's "Lander of opportunity."

January 26, 2012

To: Gene Etcheverry & Lander County Board of Commissioners

From: Lander County Economic Development Authority

Subject: Ad hoc committee for a proposed Battle Mountain Aquatics and Youth/Fitness Center

This memo is to request a Board of County Commissioners agenda item to establish an ad hoc committee to explore and research the feasibility and development of an Aquatics and Youth Center in Battle Mountain

LEDA has directed initial research into developing a process to visualize, promote and maintain an Aquatics and Recreation Center in Battle Mountain. This would be considered a prime amenity for current residents and potential new residents looking to relocate their families to Lander County in response to the growing number of jobs associated with the mining and renewable energy industries.

This project fits into three of the economic development building blocks indicated in state funding for LEDA.

- Improve business services network in Lander County
- Increase community participation in community planning and development to formulate a county-wide and community-specific vision and strategy to realize that (those) vision(s).
- Community Infrastructure

The ad hoc committee would be a logical next step and would need Commission and County support. LEDA members are developing a list of community stakeholders who have shown interest in or would be integral to the success of such a project, including the School District.

We would like to present a feasibility presentation that should further discussion and exploration.

The PowerPoint we would like to present is attached. We would like to present this at the next, most convenient and appropriate meeting of the board.

Vetter PR, Inc.
Public Relations/Advertising/Issue Management
(775) 848-0670

Sept. 7, 2011

Subject: Battle Mountain Aquatics and Youth Center

LEDA Building Blocks:

- Improve business services network in Lander County
- Increase community participation in community planning and development to formulate a county-wide and community-specific vision and strategy to realize that (those) vision(s).
- Community Infrastructure

LEDA has directed an initial view of the process to visualize, promote and maintain an Aquatics and Youth Center in Battle Mountain. This would be considered a prime amenity for current residents and potential new residents looking to relocate their families to Lander County in response to the growing number of jobs associated with the mining and renewable energy industries.

The process for building a Community Center with a pool is well-documented and seems to come down to four basic "buckets"

Measurement of Interest

> Does the community want this? Are they willing to fund? Do you have a core group pushing for this and does that group contain the expertise to pull it off. And that expertise can range from construction and fund raising, to community relations -- connecting the right people and organizations – and politics.

Visioning/Funding

> Visioning begins with research. What have other communities done (Elko & Douglas County)? What can you learn from them? Creating the vision creates the constituency and the constituency can bring the funding. How do you fund? Is it a special assessment, general obligation bonds, revenue bonds and sales tax initiatives? If the aquatic center is to be financed, don't forget to include debt service in your budget of ongoing expenses. Is it totally non-profit with donations? Are there grants/low-cost loans available?
>
> What do you want to have happen at the facility? This can go back to a survey that measures the needs/wants of the community.

Has your community decided on a process?

Is it indoor/outdoor or both? Because form must follow function, you'll need to know the exact user groups who will most likely frequent your facility. Users generally fall into one of three categories -- competition, recreation and fitness/ therapy -- and all three have different needs and expectations.

Creating a shared vision, gives you a better chance of raising the necessary funds.

Planning/Design/Construction

See bucket one as this will determine the scope of the project. Energy efficiency is the key, so a heat exchange system would seem to be the most economical, see Elko Pool. Is this a design built, a Bid project? A community "barn raising?

Perform a site-specific analysis by developing a preliminary design and applying it to the types of materials and labor costs in your area. This is the most accurate and effective way of estimating costs, but most likely will require the help of a consultant.

Functionality (or sustainability)

How and who will run it. What programs will be offered (See bucket #1 and Bucket #2 who will be using it) What will be the regular source of income? Fees? Taxes? Grants? County General Fund?

To what extent is your human resources planning integrated with your strategic business planning (within organizations and/or across functional communities)?

Is there one segment -- The county? The schools? The mines? -- of your functional community that is most critical to your mission?

Has your functional community established a catalogue of skills and competencies across your community? Is there a rec department manager?

Do you have commitments to hire? (e.g. how many positions, occupation(s), if applicable, and where they are)

Battle Mountain
Year-Round Youth & Aquatic Center

A Proposal to Determine Community Support and Financial Feasibility

By Vetter PR, Inc.
November 2011

Nevada
LANDER
County
Welcome to Nevada's
"Lander of opportunity."

Executive Summary

- Battle Mountain is exploring development of a Community Year-Round Aquatic and Youth Center.
  - Town Leaders and Citizens behind the initiative to create a Year-Round Aquatic and Youth ss Center believe the Community will benefit greatly from an expansion of affordable and family friendly recreation.
  - The Center serves multiple purposes, including replacement of the aging outdoor pool, creation of a venue to support fitness and physical therapy activities, and expansion of year-round recreational options available to youth and all Battle Mountain citizens.
- A new Community Year-Round Aquatic and Fitness Center provides multiple benefits
  - A new family-friendly option to attract working families to the area
  - Focus on fitness and health for all citizens
  - Facilities for youth fitness, culture and educational activities
  - New facility in support of new businesses that otherwise would not relocate here
  - Potential tourism upside for I-80 traffic with the right amenities
- This plan outlines four major considerations for the city to explore in greater detail. Situation analysis
  - Citizen vision and support
  - Siting and construction costs
  - Sustainment – costs and revenue

Nevada LANDER County

Welcome to Nevada's "Lander of opportunity."

Situation Analysis

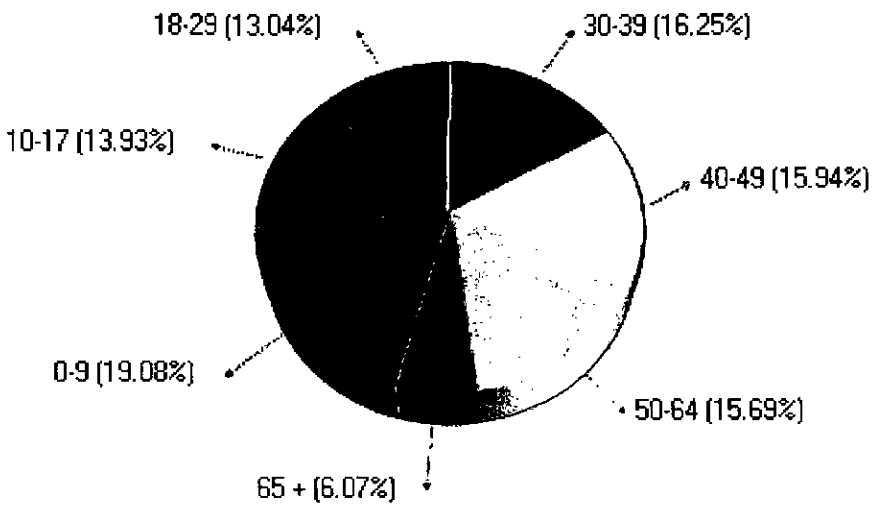
- Battle Mountain today has no center to support the year-round recreational and fitness needs of its growing population.
  - The current outdoor pool is in disrepair and available only in the summer months.
  - Like the pool, the golf course is only open during the warmer months. Additionally, it only serves important but narrow needs of the golfing community.
  - While the high plains desert surrounding Battle Mountain and nearby mountains support hiking, camping, hunting and other outdoor activities, our extreme climate in summer and winter are limiting factors for many citizens.

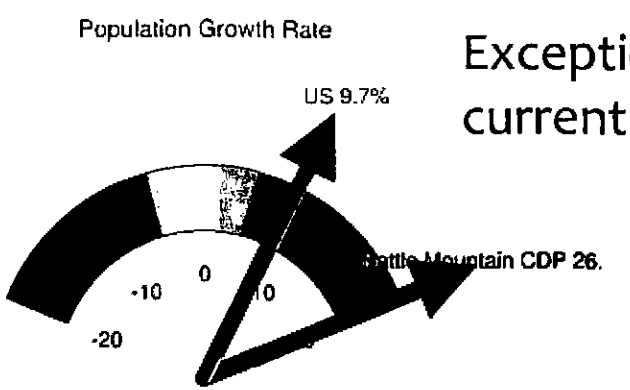
Nevada LANDER County

Welcome to Nevada's "Lander of opportunity."

Battle Mountain Population

Balanced Age Distribution would suggest broad user interests.





Exceptionally high growth rates would suggest current infrastructure is being taxed to the max.

Source: US Census

Welcome to Nevada's "Lander of opportunity."

Battle Mountain Demographics

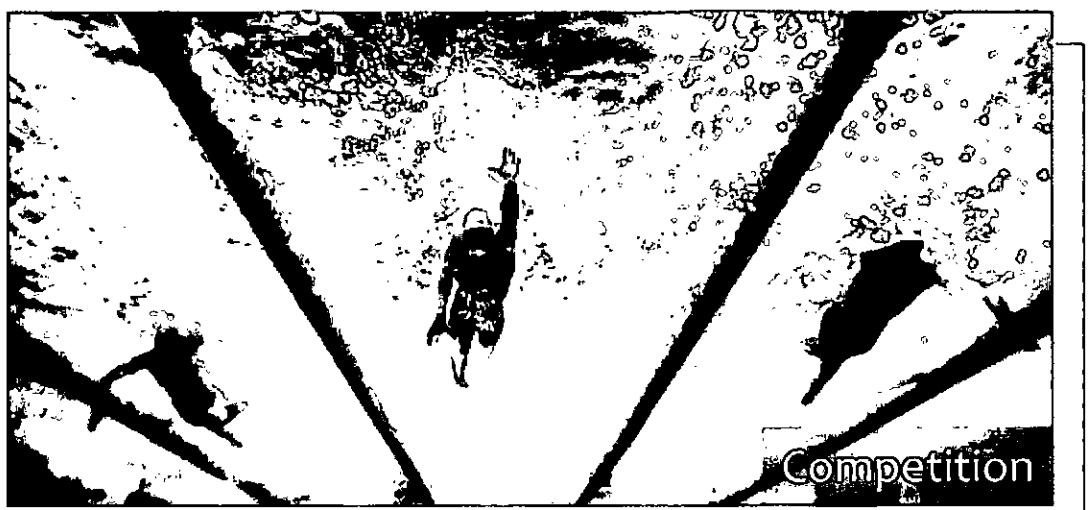
Population	2,922 people
Median Age	33 years old
Average Household size	2.8 people
Median Household Income (2009)	$67,200
Total County Population	5,772
Percentage of Family Households	74.2%

Demographics would suggest there is sufficient demographic and economic size to further explore viability of a Community Aquatic and Youth Center

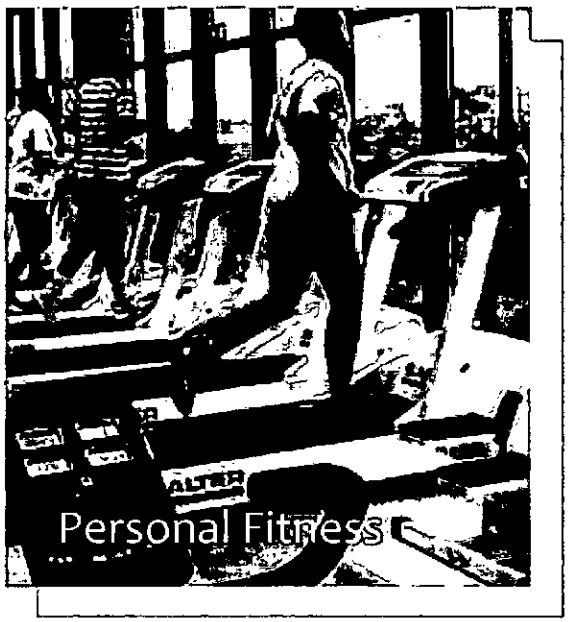
Nevada LANDER County

Welcome to Nevada's "Lander of opportunity."

Why a Year-Round Aquatic Center?



Why a Fitness Center?

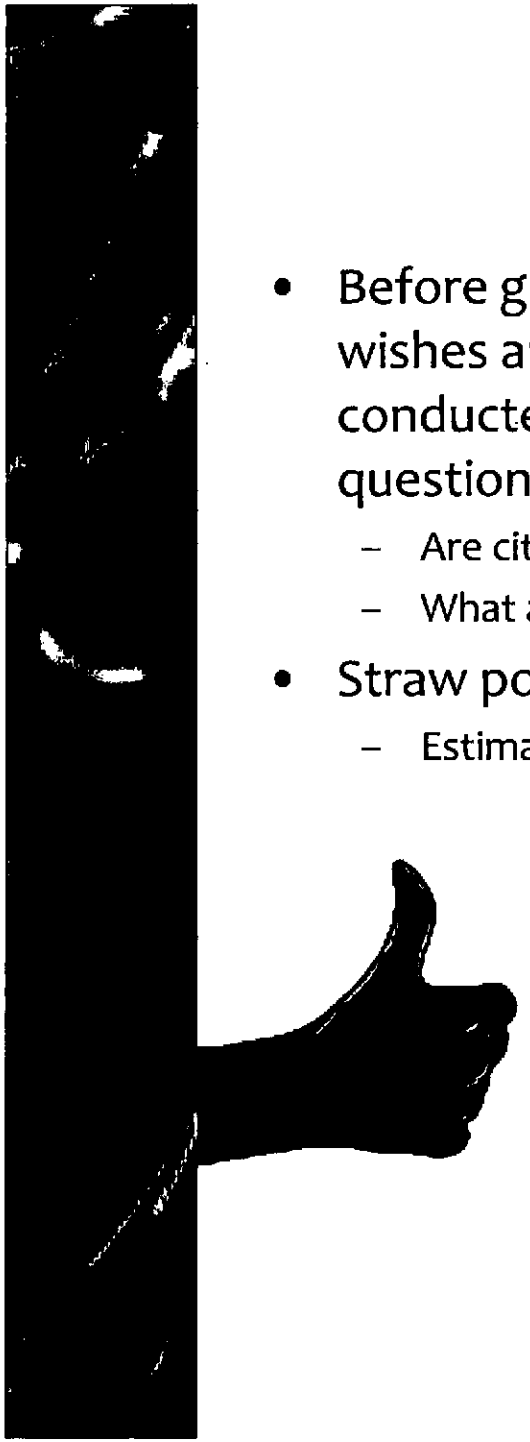


Nevada LANDER County

Welcome to Nevada's "Lander of opportunity."

Straw Poll

- Before going to the cost and effort of identifying specific design wishes and requirements, we recommend that a straw poll be conducted of Battle Mountain's citizenry to answer the main question
  - Are citizens in general favor of a community year-round pool?
  - What are their most important considerations (stack ranking)?
- Straw poll can be conducted by postal mail
  - Estimated cost: $2,000



Nevada LANDER County

Welcome to Nevada's "Lander of opportunity."

Vision Considerations

Aquatic have evolved over the years from simple rectangular for swimming to multi-purpose/multi-use designs with wading pools, slides, diving boards and lap lanes. Likewise, there are an array of fitness activities to be considered in understanding the vision for the center. As part of the straw poll, citizens should be asked to stack rank these and other considerations in terms of personal importance.

- Aquatic
  - Recreational swimming
  - Toddler splash pool
  - Wading pool
  - Fitness and competition
  - Slide
  - Pull-out bleachers for competition
  - Outdoor access in warm months
  - Indoor sitting area
- Locker rooms and toilets
- Concession
- Fitness Center
  - Group exercise
  - Weight machines and free weights
  - Physical therapy rooms
  - Indoor playground
- Activity Rooms
  - Recreational activities
  - Small classes

Nevada LANDER County

Welcome to Nevada's "Lander of opportunity."

Aquatic Center Depth Considerations

- Recreational swimming: Varying depths
- Lap swimming: 4-5 ft. deep
- Water aerobics: 4-5 ft. deep
- Competitive swimming: 4-5 ft. deep, 6-8 lanes wide, 25 meter length minimum,
- Water sports: Varying depths
- Competitive diving (10-12 feet)
- Water slide: 4-5 ft. deep
- Scuba lessons: 8-10 ft. deep
- Other Competitive sports (6-8 feet deep)

Nevada LANDER County

Welcome to Nevada's "Lander of opportunity!"

Construction Considerations

Construction budgets for indoor community pools appear to be no less than $2 million for the simplest of designs, with $4 to $5 million more the norm. Examples of the costs to consider are:

- Architectural and design services
- Site acquisition
- Site demolition
- Site preparation
- Building costs
- Pool costs
- Heat and power infrastructure
- Equipment costs
- Health and licensing costs
- Startup costs

Nevada LANDER County

Welcome to Nevada's "Lander of opportunity."

Benchmark: Indoor Pool Construction

Cost Estimate	Cost per Sq Ft	Cost
Total	$168.58	$3,371, 500
Contractor Fees (GC, Overhead, Profit)	$42.14	$842,875
Architectural Fees	$10.11	$202,290
Total Building Cost	$202.23	$4,044,625

Energy Mitigations

Energy alternatives should be explored as a means of reducing ongoing sustainment costs. Initial outlays in the following areas can pay big dividends on long-term operation costs.

- Thermal water heating
- Solar water heating
- Passive solar space heating
- Solar and wind electrical generation

AGENDA ITEM NO. 15

THE REQUESTED ACTION OF THE LANDER COUNTY COMMISSION IS:
Discussion for possible action regarding issuance of an off-sale liquor license to Michael V. Call for Maverik, Inc. located at 775 S. Broad Street, Battle Mountain, NV, and other matters properly relating thereto.

Public comment.

Background:

Recess the meeting of the Lander County Board of Commissioners.
Convene the meeting of the Lander County Liquor Board.

The Application for an Off-Sale Liquor License of Michael V. Call for Maverik, Inc., located at 775 S. Broad Street, Battle Mountain, Nevada, is brought before the Lander County Liquor Board for consideration.

The Lander County Sheriff's Department has recommended APPROVAL FOR ISSUANCE OF LICENSE by the Lander County Liquor Board for this Liquor License Applicant. A Lander County Sheriff's Department representative will be in attendance to provide further details to the Liquor Board on this item.

A representative of the applicant has also indicated they will be in attendance to provide any further details to the Lander County Liquor Board on this item.

Recommended Action:

It is recommended that the Lander County Liquor Board approve the issuance of a Liquor License to Michael V. Call for Maverik, Inc., located at 775 S. Broad Street, Battle Mountain, Nevada.

Adjourn the meeting of the Lander County Liquor Board.
Reconvene the meeting of the Lander County Board of Commissioners.

PLAYCRAFT SYSTEMS

Manufactured by Krauss Craft, Inc.

Playcraft Direct Inc

GENERAL SPECIFICATIONS

It is the intent of these specifications to describe **"Park & Playground Equipment"** in sufficient detail to assure that product reliability, design integrity, technical soundness and performance is provided. The unit provided shall be new or used, as specified, of current manufacture, and the model and series must have been in production a minimum of five (5) years. Bidder shall provide a list of 5 cities currently using the model as bid. All parts not specifically mentioned, which are necessary to provide a complete unit, shall be included in the bid and shall conform in strength and quality of material and workmanship to what is normally provided to the trade in general.

The unit shall be delivered completely assembled, serviced and ready to operate. The bidder shall have a qualified representative in attendance with the unit during start-up operation to make any adjustments and give instruction to assure proper operation of the equipment.
The unit shall be warranted to be free from defective materials and workmanship for a period of 12 months from date of delivery.

The unit bid shall be **"Park & Playground Equipment"**

COMPLIANCE TO SPECIFICATIONS

The bidder shall indicate his compliance with a "Yes" or non-compliance with a "No" for each line item specification. Any space left blank shall be considered non-compliance. Any deviations from the specification, or where submitted literature does not fully support the meeting of the specification, must be clearly cited in writing by the bidder, but no deviation below "minimum" specifications will be accepted.

PARK & PLAYGROUND EQUIPMENT

Yes Round 5 steel play system, designed for children ages 5 to 12. Equal to or less than $40,000.

Yes Free-standing spinner toy designed for children ages 5 to 12.

Yes Free-standing multi-spring toy designed for children ages 2 to 5

Yes 2-Piece climbing boulder assembly or equal

Yes Single post swing 1-bay (2-seat) 8' H

Yes Single post swing add-a-bay (2-seat) 8' H

Yes Qty 94 – 48" Border timbers & 30" galvanized stakes for timbers

Yes ADA access ramp package

Yes Age appropriate sign 2-5 years

Playcraft Direct Inc.

YES Age appropriate sign 5-12 years

YES Qty 10 – 6' bench w/back (in-ground mount)

YES Qty 10 – 32 gallon waste receptacle

YES Qty 10 – 32 gallon plastic liners

YES Qty 10 – Flat top lids with security tether

YES Qty 6 – 8' picnic tables

YES Qty 6 – 8' ADA picnic tables

YES Qty 4 – 6' picnic tables

YES Qty 3- Group BBQ grills

YES Qty 4 – Standard BBQ grills w/3" post

YES Qty 2 - Pet Stations

COVERED SHELTERS

YES Qty 3 – 20' X 24' Gable shelters with 4:12 roof pitch, polyester coated framework and 24 gauge multi-rib metal roof. Include Nevada engineered seals, footings and calculations.

SURFACING

YES Loose fill rubber mulch to cover area beneath playground equipment.

INSTALLATION

YES Assembly and installation of all equipment and materials quoted. Include freight costs.

BID SPECIFICATION

The undersigned hereby agrees that the price as bid includes all of the above specifications, including exceptions noted by the bidder. This specification sheet must be signed below by an authorized employee, in order to receive consideration.

All Bid Prices – F.O.B. Battle Mountain, Nevada.

AGENDA ITEM NO. 18

THE REQUESTED ACTION OF THE LANDER COUNTY COMMISSION IS:
Discussion for possible action regarding a request by Jay Wintle for a 60'x115' utility easement on the west side of his property (from the power line located near the golf course driveway to the property line) and other matters properly relating thereto.

Public comment.

Background:
The request of Mr. Jay Wintle for a 60' x 115' utility easement on the west side of his property (from the power line located near the golf course driveway to the property line) will be presented to the Commission for consideration.

Mr. Wintle has requested a 60'x115' utility easement on the west side of his property (from the power line located near the golf course driveway to the property line) be granted by the Commission on behalf of Lander County. The purpose of this easement is to provide for the conveyance of utilities to his parcel(s) for future development.

Mr. Wintle will be in attendance to explain this request to the Commission.

Recommended Action:
It is recommended that the Commission grant the requested 60'x115' utility easement from the power line located near the golf course driveway to the property line dividing Lander County-owned land and Mr. Wintle's property with the stipulation that the easement is for **LOCATION OF AND ACCESS TO UTILITY INFRASTRUCTURE ONLY**.

Lander County Commissioners

January 2, 2012

315 S Humboldt Street

Battle Mountain, Nevada 89820

Dear Sirs,

I would like to request to be on your next agenda. I have several items to discuss and have outlined them below. They pertain to a utility easement request, water line expansion project issues, and dump road easement. I am not looking to stir anyone up, only to resolve some serious issues that are mounting and compounding before they get out of control. I am sure we can reach some reasonable cures for these items.

1. Utility Easement Request - Golf Course Property : In mid September I approached Gene Etcheverry regarding a utility easement request I would like to make. It is 60'w x 115' long on the west side of the property from the powerline located near the driveway to my property line. I have not received any information to proceed with this request. I would like this request agendized for discussion and possible action.

2. Water Line Expansion Project - Missing Infrastructure: In meetings with Shaw Engineering certain improvements were agreed upon to be installed as part of the easement agreement. Only 50% of what was agreed upon to be installed and improvements made have occurred. I brought up this information at the August 11, 2011, commissioner's meeting during public comment which also included a missed hydrant and (2) T's that were not installed. I was told my matter would be agendized and that has not occured to date.

3. Water Line Expansion Project – 15' Error in Easement & Documents Altered: At the time I was meeting with Shaw Engineering, I signed and dated a Grant of Utility Easement and Exhibit A which was the legal description of the easement. This was the legal easement I had approved and was to be recorded but in fact that was not the case. The Grant of Utility Easement was recorded with an ALTERED Exhibit A that was recorded on at a later date and was not legal description I approved and signed. All records and dates show the Exhibit A was prepared and altered without my permission. Ultimately, the water line exists 15' off where I approved it.

4. Water Line Expansion Project – Easement Condition/Road Condition: These comments were also made during public comment at the Commissioner's meeting on August 11, 2011. The water line easement easement has created a dust nuisance running from Sheep Creek Road

#
18

and running South as it was not left in the condition promised. The road that was between the cattle guard at sheep creek that proceeds down to the existing houses and lots going in a southerly direction that are part of the Stallard maps was never built to County standards as approved on Stallard's parcel map dated 1/9/2006. There are building permits imminent and they cannot issue those building permits without the County approved road being in place. I would like to see a County approved road built to the cattle guard. Additionally, I was promised we could discuss the improvements to Sheep Creek Road down the whole water line easement. I would like to see a joint effort to resolve these issues and I am willing to participate in bringing the road to County approved standards.

5. Dump Road – Easement and Use: I would like to grant the Dump Road Easement as it has never been dedicated. In doing so, I would like to ask for no restrictions for future use, residential traffic, tie-ins to new roads, and have the County secure it against cattle from the highway at the cattle guard back to where the road crosses my south property line.

I would like to have the above issues agendized so we might finally resolve these issues that are being neglected. I am open options for us to find resolution.

Warmest Regards,

Jay Wintle

AGENDA ITEM NO. 19

THE REQUESTED ACTION OF THE LANDER COUNTY COMMISSION IS:
Discussion for possible action regarding a request by Jay Wintle to grant Lander County an easement over his property on the dump road and in return Lander County will place a cattle guard on the road to secure against cattle, and other matters properly relating thereto.

Public comment.

Background:
The proposal of Mr. Jay Wintle to grant Lander County an easement over his property for the dump road in return for the placement by Lander County of a cattle guard on the road to secure against cattle is brought before the Commission for consideration.

Mr. Wintle proposes to grant a roadway easement to Lander County for the section of the dump road that crosses property owned by him. Lander County would agree, in exchange for this permanent easement, to place a cattle guard across the road at the intersection with Wintle's south property line to secure Wintle's property from cattle. Additionally, Wintle is requesting the County acknowledge that use of the roadway would be unrestricted in the future, to include: residential traffic and tie-ins to new roads that may be constructed in the future.

Mr. Wintle will be in attendance to provide further details to the Commission on this item.

Recommended Action:
It is recommended that the Commission accept a dedicated roadway easement from Mr. Jay Wintle for the section of the dump road that crosses property owned by him and agree to place a cattle guard across the road at Wintle's south property line to secure against cattle.

I am not looking to stir anyone up, only to resolve some serious issues that are mounting and compounding before they get out of control. I am sure we can reach some reasonable cures for these items.

1. Utility Easement Request - Golf Course Property : In mid September I approached Gene Etcheverry regarding a utility easement request I would like to make. It is 60'w x 115' long on the west side of the property from the powerline located near the driveway to my property line. I have not received any information to proceed with this request. I would like this request agendized for discussion and possible action.

2. Water Line Expansion Project - Missing Infrastructure: In meetings with Shaw Engineering certain improvements were agreed upon to be installed as part of the easement agreement. Only 50% of what was agreed upon to be installed and improvements made have occurred. I brought up this information at the August 11, 2011, commissioner's meeting during public comment which also included a missed hydrant and (2) T's that were not installed. I was told my matter would be agendized and that has not occured to date.

3. Water Line Expansion Project – 15' Error in Easement & Documents Altered: At the time I was meeting with Shaw Engineering, I signed and dated a Grant of Utility Easement and Exhibit A which was the legal description of the easement. This was the legal easement I had approved and was to be recorded but in fact that was not the case. The Grant of Utility Easement was recorded with an ALTERED Exhibit A that was recorded on at a later date and was not legal description I approved and signed. All records and dates show the Exhibit A was prepared and altered without my permission. Ultimately, the water line exists 15' off where I approved it.

4. Water Line Expansion Project – Easement Condition/Road Condition: These comments were also made during public comment at the Commissioner's meeting on August 11, 2011. The water line easement easement has created a dust nuisance running from Sheep Creek Road

#19

and running South as it was not left in the condition promised. The road that was between the cattle guard at sheep creek that proceeds down to the existing houses and lots going in a southerly direction that are part of the Stallard maps was never built to County standards as approved on Stallard's parcel map dated 1/9/2006. There are building permits imminent and they cannot issue those building permits without the County approved road being in place. I would like to see a County approved road built to the cattle guard. Additionally, I was promised we could discuss the improvements to Sheep Creek Road down the whole water line easement. I would like to see a joint effort to resolve these issues and I am willing to participate in bringing the road to County approved standards.

5. Dump Road – Easement and Use: I would like to grant the Dump Road Easement as it has never been dedicated. In doing so, I would like to ask for no restrictions for future use, residential traffic, tie-ins to new roads, and have the County secure it against cattle from the highway at the cattle guard back to where the road crosses my south property line.

I would like to have the above issues agendized so we might finally resolve these issues that are being neglected. I am open options for us to find resolution.

Warmest Regards,

Jay Wintle

AGENDA ITEM NO. 20

THE REQUESTED ACTION OF THE LANDER COUNTY COMMISSION IS:
Discussion for possible action regarding the Application for Transportation and Utility Systems and Facilities on Federal Lands submitted by Lander County to the Bureau of Land Management (BLM) to improve the existing access road to Buffalo Valley Mine and other matters properly relating thereto.

Public comment.

Background:

The proposal for submission by Lander County to the Bureau of Land Management (BLM) of an Application for Transportation and Utility Systems and Facilities on Federal Lands to facilitate the improvement of the existing access road to the Buffalo Valley Mine is brought before the Commission for consideration.

Newmont Mining Corporation has proposed the submission by Lander County of an "Application for Transportation and Utility Systems and Facilities on Federal Lands" to facilitate the improvement of the existing access road to the Buffalo Valley Mine. The proposed area of improvement would be approximately 5.25 linear miles with a roadway width of 50 feet and the right-of-way extension to a width of 100 feet. Newmont proposes to build the roadway to meet Lander County road specifications. The roadway is currently in existence but necessary improvements would require approval by the Bureau of Land Management (BLM).

Representatives of Newmont Mining Corporation will be in attendance to provide further details to the Commission on this item.

Recommended Action:

It is recommended that the Commission approve the proposal for Lander County to submit to the Bureau of Land Management (BLM) an "Application for Transportation and Utility Systems and Facilities on Federal Lands," on behalf of Newmont Mining Corporation, to facilitate the improvement of the existing access road to the Buffalo Valley Mine.

STANDARD FORM 299 (5/2009)

Register Notice 5-22-95

APPLICATION FOR TRANSPORTATION AND UTILITY SYSTEMS AND FACILITIES ON FEDERAL LANDS

FORM APPROVED
OMB NO. 1004-0189
Expires: April 30, 2012

FOR AGENCY USE ONLY
Application Number
Date filed

NOTE: Before completing and filing the application, the applicant should completely review this package and schedule a preapplication meeting with representatives of the agency responsible for processing the application. Each agency may have specific and unique requirements to be met in preparing and processing the application. Many times, with the help of the agency representative, the application can be completed at the preapplication meeting.

1. Name and address of applicant *(include zip code)*	2. Name, title, and address of authorized agent if different from Item 1 *(include zip code)*	3. TELEPHONE *(area code)*
Lander County **Battle Mountain , Nevada 89820**	**Gene Etcheverry, Executive Director** **Lander County** **Newmont contact: Randy Largent**	Applicant **775-635-2885** Authorized Agent **Randy Largent, Newmont 778-2554**

4. As applicant are you? *(check one)*
   - a. ☐ Individual
   - b. ☐ Corporation*
   - c. ☐ Partnership/Association*
   - d. ☐ State Government/State Agency
   - e. ☑ Local Government
   - f. ☐ Federal Agency

   ** If checked, complete supplemental page*

5. Specify what application is for: *(check one)*
   - a. ☑ New authorization
   - b. ☐ Renewing existing authorization No.
   - c. ☐ Amend existing authorization No.
   - d. ☐ Assign existing authorization No.
   - e. ☐ Existing use for which no authorization has been received*
   - f. ☐ Other*

   **If checked provide details under Item 7*

6. If an individual, or partnership are you a citizen(s) of the United States? ☐ Yes ☐ No

7. Project description *(describe in detail)*: (a) Type of system or facility, *(e.g., canal, pipeline, road)*; (b) related structures and facilities; (c) physical specifications *(length, width, grading, etc.)*; (d) term of years needed; (e) time of year of use or operation; (f) Volume or amount of product to be transported; (g) duration and timing of construction; and (h) temporary work areas needed for construction *(Attach additional sheets, if additional space is needed.)*

Improve existing access road to Buffalo Valley Mine
-Please see the attached- Buffalo Valley Mine Site Access Road Conceptual Plan.

A, B) Access Road to Buffalo Valley Mine. The Buffalo Valley Project is proximal to Newmont's Phoenix mine and North Peak Mine.
C) The length of the proposed road is approximately 5.25 miles, width of finished road will be approximately 50 feet, the right-of-way needed to account for cut/fill/ and culverts will be 100 feet. The road will be built to Lander County standards. Newmont Mining Corporation will construct and maintain the road during the life of the mine.
D) Needed for the life of mine and reclamation period (25 years).
E) Once constructed, the access road will be used year round.
F) Volume dependent on the mine plan, work force and deliveries.
G) Construction could begin on regulatory approval (summer of 2013) and expected to take 30-120 days.
H) None

8. Attach a map covering area and show location of project proposal

9. State or local government approval: ☑ Attached ☐ Applied for ☐ Not required

10. Nonreturnable application fee. ☐ Attached ☑ Not required

11. Does project cross international boundary or affect international waterways? ☐ Yes ☑ No *(If "yes," indicate on map)*

12. Give statement of your technical and financial capability to construct, operate, maintain, and terminate system for which authorization is being requested.

Newmont Mining Corporation has been mining, developing mines and doing business in Nevada in excess of 35 years and capable of constructing, maintaining and reclaiming the proposed roadway.

(Continued on page 2)

This form is authorized for local reproduction.

13a. Describe other reasonable alternative routes and modes considered.

Alternative access from the North was considered.

b. Why were these alternatives not selected?

Due to increased cost and disturbance, the alternative plan was abandoned in favor of the current plan. Improving the existing route will minimise the disturbance.

c. Give explanation as to why it is necessary to cross Federal Lands

N/A

14. List authorizations and pending applications filed for similar projects which may provide information to the authorizing agency. *(Specify number, date, code, or name)*

None

15. Provide statement of need for project, including the economic feasibility and items such as: (a) cost of proposal *(construction, operation, and maintenance)*; (b) estimated cost of next best alternative; and (c) expected public benefits.

This project is needed for safe and reliable access to Newmont's Buffalo Valley Mine operations. a-b) This project, is expected to cost approximately $3,000,000. It will insure safe and efficient access to the Buffalo Valley Mine Site for deliveries, employees and the public.

16. Describe probable effects on the population in the area, including the social and economic aspects, and the rural lifestyles.

None

17. Describe likely environmental effects that the proposed project will have on: (a) air quality; (b) visual impact; (c) surface and ground water quality and quantity; (d) the control or structural change on any stream or other body of water; (e) existing noise levels; and (f) the surface of the land, including vegetation, permafrost, soil, and soil stability.

Impacts will minimal because of the remote location and ongoing mining activities in the area.

18. Describe the probable effects that the proposed project will have on (a) populations of fish, plantlife, wildlife, and marine life, including threatened and endangered species; and (b) marine mammals, including hunting, capturing, collecting, or killing these animals.

None

19. State whether any hazardous material, as defined in this paragraph, will be used, produced, transported or stored on or within the right-of-way or any of the right-of-way facilities, or used in the construction, operation, maintenance or termination of the right-of-way or any of its facilities. "Hazardous material" means any substance, pollutant or contaminant that is listed as hazardous under the Comprehensive Environmental Response, Compensation, and Liability Act of 1980, as amended, 42 U.S.C. 9601 et seq., and its regulations. The definition of hazardous substances under CERCLA includes any "hazardous waste" as defined in the Resource Conservation and Recovery Act of 1976 (RCRA), as amended, 42 U.S.C. 9601 et seq., and its regulations. The term hazardous materials also includes any nuclear or byproduct material as defined by the Atomic Energy Act of 1954, as amended, 42 U.S.C. 2011 et seq. The term does **not** include petroleum, including crude oil or any fraction thereof that is not otherwise specifically listed or designated as a hazardous substance under CERCLA Section 101(14), 42 U.S.C. 9601(14), nor does the term include natural gas.

None

20. Name all the Department(s)/Agency(ies) where this application is being filed.

Bureau of Land Management
Battle Mountain District Office
50 Bastian Road, Battle Mountain, NV 89820

I HEREBY CERTIFY, That I am of legal age and authorized to do business in the State and that I have personally examined the information contained in the application and believe that the information submitted is correct to the best of my knowledge.

Signature of Applicant William Bullock | Date 2/23/12

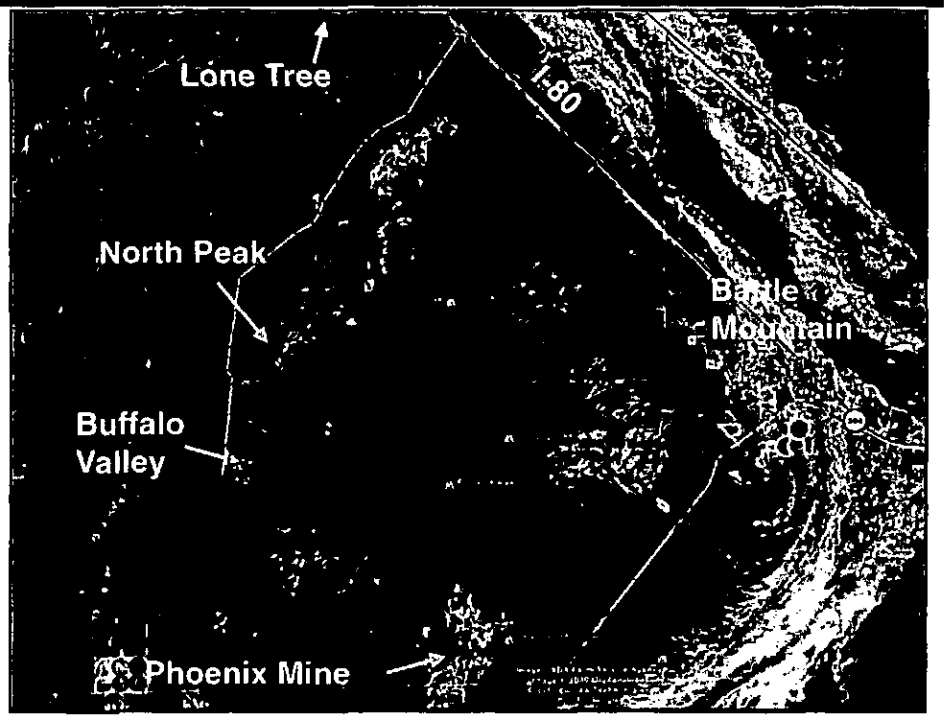
Title 18, U.S.C. Section 1001 and Title 43 U.S.C. Section 1212, make it a crime for any person knowingly and willfully to make to any department or agency of the United States any false, fictitious, or fraudulent statements or representations as to any matter within its jurisdiction.

(Continued on page 3)

Buffalo Valley Project

NEWMONT.
NORTH AMERICA

- This project, will be located within Lander and Humboldt Counties
- Approximately 15 miles southwest of Battle Mountain, Nevada. (Located 12 road miles northwest of Phoenix Mine. South of Lone Tree Mine, Trenton Canyon and North Peak.)
- Historically mined small open pit and heap leach in 1980's
- Open pit mine with ROM heap leach facility, CIC plant and recovery of gold from carbon
- Production target 2018
- Approximately 120 additional full time employees (managed from Phoenix Mine)
- Expected 9 year life of mine



LANDER COUNTY COMMISSION MEETING
February 23, 2012

AGENDA ITEM NO. 21

THE REQUESTED ACTION OF THE LANDER COUNTY COMMISSION IS:
Discussion for possible action regarding the Battle Mountain and Austin Volunteer Ambulance 2011 Estimated Income/Loss Report presented by Tammy Dimitroff and other matters properly relating thereto.

Public comment.

Background:
Ms. Tammy Dimitroff will present the Battle Mountain and Austin Volunteer Ambulance 2011 Estimated Income/Loss Report to the Commission.

Recommended Action:
No specific recommendation for action by the Commission is being made for this item.

Dec 2011	21	10	$ 9,875.00	11	$ 5,060.00		
Total	**350**	**188**	**$ 97,590.00**	**144**	**$ 66,240.00**		

COMMENTS*

1 - Estimated Revenue Loss Column: These runs might include "Refusals/Call Backs or Emergency Stand By", which are NON-BILLABLE!

2 - ***Estimated Revenue Amount is figured on $450.00 - Intermediate Life support fee / Battle Mountain Runs, plus $10.00 first Mile Flat Fee - Total of $460.00***
Additional mileage would result in $10.00 per each mile traveled and any extra medical service fees, example: C-collar, IV, Oxygen, Bandages, etc.
These additional fees range in cost from $25.00 to $170.00.
Austin is Basic Life Support - $300.00.

LANDER COUNTY COMMISSION MEETING
February 23, 2012

AGENDA ITEM NO. 22

THE REQUESTED ACTION OF THE LANDER COUNTY COMMISSION IS:
Discussion for possible action regarding bidding process, request for bids, selection of design, engineering, architectural, construction and construction/project oversight relative to the Lander County Courthouse/Administration Building and other matters properly related thereto.

Public comment.

Background:
The bidding process, request for bids, selection of design, engineering, architectural, construction and construction/project oversight relative to the Lander County Courthouse/Administration Building is brought before the Commission for consideration.

Recommended Action:
It is recommended that the Commission direct staff to prepare the necessary Request for Qualifications to secure services of a "Design-Build" (also known as "Construction Manager at Risk") enterprise for the engineering, design, architecture, construction and construction oversight of the new Lander County Courthouse-Administration Building.

LANDER COUNTY COMMISSION MEETING
February 23, 2012

AGENDA ITEM NO. 23

THE REQUESTED ACTION OF THE LANDER COUNTY COMMISSION IS:
Discussion for possible action regarding approval of an Application for an Order of Abandonment by RPM Holdings LP for the following streets in Austin, Nevada: a portion of Washington Street, (not built) between Pony Street and Second Street (Birch Street), (not built) and a portion of Second Street (Birch Street), (not built), between Washington Street (not built) and Jefferson Street (not built), and a portion of Jefferson Street, (not built), between Pony Street and Second Street (Birch Street) (not built) and other matters properly relating thereto.

Public comment.

Background:
The Application for an Order of Abandonment by RPM Holdings LP for the following streets in Austin, Nevada: a portion of Washington Street, (not built) between Pony Street and Second Street (Birch Street), (not built) and a portion of Second Street (Birch Street), (not built), between Washington Street (not built) and Jefferson Street (not built), and a portion of Jefferson Street, (not built), between Pony Street and Second Street (Birch Street) (not built), is presented to the Commission for consideration

Lander County District Attorney's Office staff will present this item to the Commission.

The vacations of the various streets referred-to above were subject to the process prescribed by Nevada Revised Statutes (NRS) and were approved by the Commission during the regular meeting held November 30, 2010 – Agenda Item #9.

Recommended Action:
It is recommended that the Commission approve the Application for an Order of Abandonment by RPM Holdings LP for the following streets in Austin, Nevada: a portion of Washington Street, (not built) between Pony Street and Second Street (Birch Street), (not built) and a portion of Second Street (Birch Street), (not built), between Washington Street (not built) and Jefferson Street (not built), and a portion of Jefferson Street, (not built), between Pony Street and Second Street (Birch Street) (not built), as presented.

ORDER OF ABANDONMENT

Pursuant to Nevada Revised Statutes ("NRS") 278.480, an Application was filed on October 25, 2010, by RPM Holdings LP, requesting abandonment of the following streets in Austin, Nevada:

> A Portion of Washington Street, (not built) between Pony Street and Second Street (Birch Street), (not built) and a portion of Second Street (Birch Street), (not built), between Washington Street (not built) and Jefferson Street (not built), and a portion of Jefferson Street, (not built), between Pony Street and Second Street (Birch Street) (not built).

A Notice of Public Hearing was published in the Battle Mountain Bugle, giving notice of a hearing to be held on November 10, 2010 at 3:00 p.m.

At the November 10, 2010 public hearing, Deborah Teske, Community Development Specialist for the Planning Department, reviewed the application for the Lander County Planning Commission. The Lander County Planning Commission voted unanimously to recommend to the Lander County Board of Commissioners to approve the road abandonment.

At the November 30, 2010 meeting, the Lander County Board of Commissioners was satisfied that the public would not be materially injured by the proposed abandonment and voted to approve the abandonment. They ordered as follows:

1. The Portion of Washington Street (not built) between Pony Street and Second Street (Birch Street) (not built), and a portion of Second Street (Birch Street) (not built) between Washington Street (not built) and Jefferson Street (not built), and a portion of Jefferson Street (not built) between Pony Street and Second Street (Birch Street) (not built), is hereby abandoned. *See* Exhibit A, attached.

2. Pursuant to NRS 278.480(7), the Lander County Clerk shall forward this Order of Abandonment to the County Recorder of Lander County, Nevada, for recording in her official records.

/ / / / /

#
23

3. Upon recordation by the Lander County Recorder, title to the abandoned streets shall revert to the property owner(s) as follows: RPM Holdings LP.

4. This Order shall provide for the continuation of all utility easements over the property, including but not limited to, power and sewer lines.

Pursuant to NRS 239B.030, the undersigned hereby affirms this document does not contain the social security number of any person.

PASSED AND ADOPTED this 23rd day of February 2012.

= AREA TO BE VACATED

ORDER OF ABANDONMENT

Pursuant to Nevada Revised Statutes ("NRS") 278.480, an Application was filed on October 25, 2010, by RPM Holdings LP, requesting abandonment of the following streets in Austin, Nevada:

> A Portion of Washington Street, (not built) between Pony Street and Second Street (Birch Street), (not built) and a portion of Second Street (Birch Street), (not built), between Washington Street (not built) and Jefferson Street (not built), and a portion of Jefferson Street, (not built), between Pony Street and Second Street (Birch Street) (not built).

A Notice of Public Hearing was published in the Battle Mountain Bugle, giving notice of a hearing to be held on November 10, 2010 at 3:00 p.m.

At the November 10, 2010 public hearing, Deborah Teske, Community Development Specialist for the Planning Department, reviewed the application for the Lander County Planning Commission. The Lander County Planning Commission voted unanimously to recommend to the Lander County Board of Commissioners to approve the road abandonment.

At the November 30, 2010 meeting, the Lander County Board of Commissioners was satisfied that the public would not be materially injured by the proposed abandonment and voted to approve the abandonment. They ordered as follows:

1. The Portion of Washington Street (not built) between Pony Street and Second Street (Birch Street) (not built), and a portion of Second Street (Birch Street) (not built) between Washington Street (not built) and Jefferson Street (not built), and a portion of Jefferson Street (not built) between Pony Street and Second Street (Birch Street) (not built), is hereby abandoned. *See* Exhibit A, attached.

2. Pursuant to NRS 278.480(7), the Lander County Clerk shall forward this Order of Abandonment to the County Recorder of Lander County, Nevada, for recording in her official records.

/////

3. Upon recordation by the Lander County Recorder, title to the abandoned streets shall revert to the property owner(s) as follows: RPM Holdings LP.

4. This Order shall provide for the continuation of all utility easements over the property, including but not limited to, power and sewer lines.

Pursuant to NRS 239B.030, the undersigned hereby affirms this document does not contain the social security number of any person.

PASSED AND ADOPTED this 23rd day of February 2012.

LANDER COUNTY COMMISSION MEETING
February 23, 2012

AGENDA ITEM NO. 24

THE REQUESTED ACTION OF THE LANDER COUNTY COMMISSION IS:
Discussion for possible action regarding approval of a Deed of Dedication from RPM Holdings LP to Lander County for a portion of Pony Street in Austin, Nevada and other matters properly relating thereto.

Public comment.

Background:
The Deed of Dedication from RPM Holdings LP to Lander County for a portion of Pony Street in Austin, Nevada, is presented for Commission consideration.

Lander County District Attorney's Office staff will present this item to the Commission.

The vacations of the various streets referred-to above were subject to the process prescribed by Nevada Revised Statutes (NRS) and were approved by the Commission during the regular meeting held November 30, 2010 – Agenda Item #9. Included in this Agenda Item was a "Pony Street Dedication" – Exhibit 'A' – dated October 27, 2010, dedicating a portion of Pony Street to Lander County from Mr. Phillip Marshall.

Recommended Action:
It is recommended that the Commission accept and approve the Deed of Dedication from RPM Holdings LP to Lander County for a portion of Pony Street in Austin, Nevada, **if it is not in conflict with the document included in the public record from the regular Commission meeting of November 30, 2010; specifically, "Pony Street Dedication" – Exhibit 'A' – dated October 27, 2010**.

DEED OF DEDICATION OF PONY STREET IN THE TOWN OF AUSTIN TO LANDER COUNTY

TITLE OF DOCUMENT

This page added to provide additional information required by NRS 111.312 Section 1-2.
This cover page must be typed or printed.

DEED OF DEDICATION

For valuable consideration, RPM Holdings LP ("DEDICATOR"), dedicates a portion of a roadway to LANDER COUNTY, a political subdivision of the State of Nevada, ("COUNTY"), located in Lander County, Nevada.

DEDICATOR is the owner in fee simple of the real property located in Lander County, as more particularly in Exhibit A, attached ("Property").

DEDICATOR does hereby dedicate, grant and convey to COUNTY, and COUNTY is willing to accept, a right of way over the Property for the purpose of a public roadway. It is an express condition that such Property shall not be sold by COUNTY, but shall be kept and used perpetually only for such purposes.

This dedication of the described Property is made on the express condition that the DEDICATOR is not responsible for improving the Property in any manner, and that COUNTY shall be solely responsible for any future improvements made of the described Property.

COUNTY may permit or grant an easement in the described Property for electric, gas, water, sewer, telephone, telegraph or other utility lines or pipelines. Any existing utilities that exist in the dedicated area shall remain unless moved by COUNTY or the utility at the COUNTY or the utility's own expense.

It is expressly stated that neither DEDICATOR nor DEDICATOR'S heirs or assigns or any other person claiming by, through, or under DEDICATOR, shall at any time after the date of this instrument have, claim, or demand any right, title, or interest in or all or any portion of the described Property that is dedicated under and pursuant to this instrument.

Pursuant to NRS 239B.030, the undersigned hereby affirms this document does not contain the social security number of any person.

IN WITNESS WHEREOF, the DEDICATOR caused this instrument to be executed the 24th day of February 2012.

*(26) Correspondence/reports/potential upcoming agenda items.

Public comment.

Public Comment – For non-agendized items only. *Persons are invited to submit comments in writing and/or attend and make comments on any agenda item at the Board meeting. All public comment may be limited to three (3) minutes per person, at the discretion of the Board. Reasonable restrictions may be placed on public comments based upon time, place and manner, but public comment based upon viewpoint may not be restricted.*

ADJOURN

*Denotes discussion/action item with information provided at the meeting. Action may be taken according to the "Nevada Open Meeting Law Manual" via a telephone conference call in which a quorum of the Board members is simultaneously linked to one another telephonically.

NOTE: TIMES ARE APPROXIMATE

This is the tentative schedule for the meeting. The Board reserves the right to take items out of order to accomplish business in the most efficient manner. The Board may combine two or more agenda items for consideration. The Board may remove an item from the agenda or delay discussion relating to an item on the agenda at any time.

Notice to persons with disabilities: Members of the public who are disabled and require special assistance or accommodations at the meeting are requested to notify the County Clerk in writing at the Courthouse, 315 S. Humboldt Street, Battle Mountain, Nevada 89820, or call (775) 635-5738 at least one day in advance of the meeting.

AFFIDAVIT OF POSTING

State of Nevada)
) ss.
County of Lander)

Cathy Myers, Deputy Clerk, of said Lander County, Nevada, being duly sworn, says, that on the 17th day of February 2012, she posted a notice, of which the attached is a copy, at the following places: 1) Battle Mountain Civic Center, 2) Battle Mountain Post Office, 3) Lander County Courthouse and 4) Swackhamer's Plaza Bulletin Board, in said Lander County, where proceedings are pending.

CATHY MYERS, DEPUTY CLERK Cathy Myers

Subscribed and sworn to before me this 17th day of February 2012.

Dear Attendee,

2012 Training Conference

Grand Sierra Resort | Reno, Nevada
March 20-22, 2012

Please join us for our 2012 Annual Training Conference which will be held at the Grand Sierra Resort in Reno, Nevada. Plans include a Vendor Reception on Tuesday, March 20 providing you the opportunity to enjoy some hors d'oeuvres and refreshments with our exhibitors and participate in the 5th Annual Cribbage Tournament. On Thursday, March 22 there will be an awards luncheon.

As in the past, our conference is geared toward educating water and wastewater professionals and uniting utility representatives with sales and service companies that cater to their specific needs. While we place a great deal of emphasis on these endeavors we are equally determined to make certain that everyone has a great time!

Highlights Include:

- Networking with some of the most knowledgeable people in the water and wastewater industry.
- Awards Luncheon on Thursday featuring awards for Manager of the Year, Water Operator of the Year, Wastewater Operator of the Year, and Office Manager of the Year.
- An Exhibit Hall full of exhibitors – where you can view new products related to our industry and hear about new services offered to utility professionals.
- A great selection of training sessions on relevant topics, conducted by industry professionals.
- Opportunity to earn Professional Development Hours for certification.
- Vendor raffle on Wednesday with your chance to win some incredible prizes.
- The Annual Best Tasting Water Contest

Please complete the registration form within and mail or fax the details to us as soon as possible. Be sure to apply for the SRF Scholarship and return to the NvRWA office for consideration. We look forward to seeing you at the Grand Sierra Resort in March!

Vendor Reception

Tuesday, March 20, 2012

STATE OF NEVADA
Department of Conservation & Natural Resources
DIVISION OF ENVIRONMENTAL PROTECTION

Brian Sandoval, Governor
Leo M. Drozdoff, P.E., Director
Colleen Cripps, Ph.D., Administrator

February 6, 2012

NOTICE OF DECISION

WATER POLLUTION CONTROL PERMIT
NUMBER NEV2011105

Baker Hughes Drilling Fluids
Slaven Canyon Mine

The Nevada Division of Environmental Protection has decided to issue Water Pollution Control Permit (Permit) NEV2011105 to Baker Hughes Drilling Fluids. This permit authorizes the construction, operation, and closure of approved mining facilities in Lander County. The Division has been provided with sufficient information, in accordance with Nevada Administrative Code (NAC) 445A.350 through NAC 445A.447, to assure the Division that the waters of the State will not be degraded by this operation, and that public safety and health will be protected.

The permit will become effective February 21, 2012. The final determination of the Administrator may be appealed to the State Environmental Commission pursuant to Nevada Revised Statute (NRS) 445A.605 and NAC 445A.407. All requests for appeals must be filed by 5:00 PM, February 16, 2012, on Form 3, with the State Environmental Commission, 901 South Stewart Street, Suite 4001, Carson City, Nevada 89701-5249. For more information, contact Rob Kuczynski, P.E. at (775) 687-9441 or visit the Division's Bureau of Mining Regulation website at www.ndep.nv.gov/bmrr/bmrr01.htm

No comments were received during the public comment period.

COUNTY COMMISSION

STATE OF NEVADA

Department of Conservation and Natural Resources

Division of Environmental Protection

Bureau of Mining Regulation and Reclamation

Water Pollution Control Permit

Permittee: **Baker Hughes Drilling Fluids**
P.O. Box 277
Battle Mountain, Nevada 89820

Permit Number: **NEV2011105 (New 2012)**

Pursuant to Nevada Revised Statutes (NRS) 445A.300 through 445A.730, inclusive, and regulations promulgated thereunder by the State Environmental Commission and implemented by the Division of Environmental Protection (the Division), this permit authorizes the Permittee to construct, operate, and close the **Slaven Canyon Mine**, in accordance with the limitations, requirements and other conditions set forth in this permit. The Permittee is authorized to mine, process, and transport or mine and transport up to **200,000 tons** of barite ore per year.

The facility is located in Lander County, within portions of Sections 13 and 14, Township 30 North, Range 46 East, Mount Diablo Baseline and Meridian, and approximately 15 miles southeast (by air) from the town of Battle Mountain and 39 miles southwest (by air) from the town of Carlin.

The Permittee must comply with all terms and conditions of this permit and all applicable statutes and regulations.

This permit is based on the assumption that the information submitted in the application of July 13, 2011, as modified by subsequent approved amendments, is accurate and that the facility has been constructed and is being operated as specified in the application. The Permittee must inform the Division of any deviation from or changes in the information in the application, which may affect the Permittee's ability to comply with applicable regulations or permit conditions.

This permit is effective as of **February 21, 2012**, and shall remain in effect until **February 21, 2017**, unless modified, suspended, or revoked.

Signed this **6th** day of **February 2012**.

Bruce Holmgren, P.E.
Chief, Bureau of Mining Regulation and Reclamation

4. Single-lined Stormwater collection pond.

D. Monitoring Requirements

Identification	Parameter	Frequency
Dust Suppression Water (DSW)	Profile I[1]	Initially then annually
2. Mined Materials Waste Rock (WR)	Meteoric Water Mobility Procedure-Profile I (MWMP-Profile I)[1] and Acid Neutralization Potential/Acid Generation Potential (ANP/AGP)[2]	Quarterly (if mined anytime during the quarter)
3. Site Monitoring Wells[3] MW-1, MW-2, MW-3, MW-4, and MW-5	Profile I[1] and water elevation in feet (ft) above mean sea level (AMSL)	Quarterly
4. Pit Lakes and Creek Monitoring Sites[4] OP-1, OP-2, and OP-3	Profile I[1] and water depth in feet (ft) at deepest portion of pit.	Quarterly (when water is present)
Slaven Creek (SP-1)	Profile I[1]	Quarterly (when water is flowing)
5. Stormwater Collection Pond Collected Stormwater (SW)	Number of days used	Quarterly (when used)

The Permittee may request a reduction in the number of elements and frequency of analyses after four (4) quarters of complete monitoring based on justification other than cost. Such reductions may be considered formal modifications to the permit.

Footnotes:

(1) Profile I:

Alkalinity (as $CaCO_3$)	Cadmium	Magnesium	Selenium
Bicarbonate	Calcium	Manganese	Silver
Total	Chloride	Mercury	Sodium

G. Permit Limitations

1. Failure to meet a Schedule of Compliance date.
2. Pit backfilling with non-Potentially Acid Generating (non-PAG) waste rock must maintain a minimum or final elevation of 15 feet above the pre-mining water table.

Exceedances of these limitations may be permit violations and shall be reported as specified in Part II.B.4.

H. The facility shall maintain an automated device or a calibrated rain gauge, which shall be monitored daily, to record daily precipitation. A written record of all daily accumulations of precipitation shall be maintained on site.

I. The Permittee shall inspect all control devices, systems and facilities weekly. Drainage and containment systems shall also be inspected during, when possible, and after major storm events. These inspections are performed to detect evidence of:

1. Deterioration, malfunction, or improper operation of control systems;
2. Sudden changes in the level of the contents of any monitoring device; and
3. Severe erosion or other signs of deterioration in dikes, diversions, or other containment devices.

J. Prior to initiating permanent closure activities at the facility or any process component within the facility, the Permittee must have an approved final permanent closure plan.

K. The Permittee shall remit an annual review and services fee in accordance with NAC 445A.232 starting July 1 after the effective date of this permit and every year thereafter until the permit is terminated or the facility has received final closure certification from the Division.

L. The Permittee shall not dispose of or treat Petroleum-Contaminated Soil (PCS) on the mine site without first obtaining from the Division approval of a PCS Management Plan.

II. General Facility Conditions and Limitations

A. General Requirements

1. The Permittee shall achieve compliance with the conditions, limitations, and requirements of the permit upon commencement of each relevant activity. The Administrator may, upon the request of the Permittee and after public notice (if required), revise or modify a Schedule of Compliance in an issued permit if he determines good and valid cause (such as an act of God, a labor strike, materials shortage or other event over which Permittee has little or no control) exists for such revision.

b. A synopsis of spills and releases on NDEP Form 0390 or equivalent;

c. A brief summary of site operations, including the number of tons of ore mined, crushed, and transported off-site for processing during the year, construction and expansion activities and major problems with the fluid management system;

d. A table of total monthly precipitation amounts reported for the five-year history previous to the date of submittal;

e. An updated version of the facility monitoring and sampling procedures and protocols;

f. An updated evaluation of the closure plan using specific characterization data for each process component with respect to achieving stabilization; and

g. Graphs of flow rates, pH, total dissolved solids (TDS), sulfate as SO_4, chloride, nitrate + nitrite (Total as N), fluoride, zinc, and arsenic concentration (as applicable), versus time for all fluid sampling points. These graphs shall display a five-year history previous to the date of submittal. Additional constituents may be required by the Division if deemed necessary.

3. Release Reporting Requirements: The following applies to facilities with an approved Emergency Response Plan. If a site does not have an approved Emergency Response Plan, then all releases must be reported as per NAC 445A.347 or NAC 445A.3473, as appropriate.

   a. A release of any quantity of hazardous substance, as defined at NAC 445A.3454, to surface water, or that threatens a vulnerable resource, as defined at NAC 445A.3459, must be reported to the Division as soon as practicable after knowledge of the release, and after the Permittee notifies any emergency response agencies, if required, and initiates any action required to prevent or abate any imminent danger to the environment or the health or safety of persons. An oral report shall be made by telephone to 888-331-6337 for in-State callers or (775) 687-9485 for out-of-State callers, and a written report shall be provided within ten (10) days in accordance with Part II.B.4.b.

   b. A release of a hazardous substance in a quantity equal to or greater than that which is required to be reported to the National Response Center pursuant to 40 C.F.R. Part 302 must be reported as required by NAC 445A.3473 and Part II.B.3.a.

   c. A release of a non-petroleum hazardous substance not subject to Parts II.B.3.a. or II.B.3.b., released to soil or other surfaces of land, and the quantity is equal to or exceeds 500 gallons or 4,000 pounds, or that is discovered in or on groundwater in any quantity, shall be reported to the Division no later than 5 P.M. of the first working day after knowledge of the release. An oral report shall be made by telephone to 888-331-6337

iv. Whether the cause and its consequences have been corrected, and if not, the anticipated time each is expected to continue; and

v. The steps taken or planned to reduce, eliminate, and prevent recurrence of the event.

c. The Permittee shall take all available and reasonable actions, including more frequent and enhanced monitoring to:

i. Determine the effect and extent of each incident;

ii. Minimize any potential impact to the waters of the State arising from each incident;

iii. Minimize the effect of each incident upon domestic animals and all wildlife; and

iv. Minimize the endangerment of the public health and safety which arises from each incident.

d. If required by the Division, the Permittee shall submit, as soon as reasonably practicable, a final written report summarizing any related actions, assessments, or evaluations not included in the report required in Part II.B.4.b., and including any other information necessary to determine and minimize the potential for degradation of waters of the State and the impact to human health and the environment. Submittal of the final report does not relieve the Permittee from any additional actions, assessments, or evaluations that may be required by the Division.

C. Administrative Requirements

1. A valid permit must be maintained until permanent closure is complete. Therefore, unless permanent closure has been completed, the Permittee shall apply for permit renewal not later than one-hundred twenty (120) days before the permit expires.

2. Except as required by NAC 445A.419 for a permit transfer, the Permittee shall submit current permit contact information described in paragraphs (a) through (c) of subsection 2 of NAC 445A.394 within thirty (30) days after any change in previously submitted information.

3. All reports and other information requested by the Administrator shall be signed and certified as required by NAC 445A.231.

4. When ordered consistent with Nevada Statutes, the Permittee shall furnish any relevant information in order to determine whether cause exists for modifying, revoking and reissuing, or permanently revoking this permit, or to determine compliance with this permit.

5. The Permittee shall maintain a copy of, and all modifications to, the current permit at the permitted facilities at all times.

6. The Permittee is required to retain during operation, closure and post-closure monitoring, all records of monitoring activities and analytical results,

4. Standard environmental monitoring chain of custody procedures must be followed.

5. Samples shall be analyzed by a laboratory certified by the State of Nevada. The Permittee must identify the certified laboratory used to perform the analyses, laboratory reference number, sample date and laboratory test date in quarterly reports.

6. The accuracy of analytical results, unless otherwise specified, shall be expressed in mg/L and reliable to at least two (2) significant digits. The analytical methods used must have a lower level of detection equal to or less than one-half the reference value for Profile I constituents. Profile II constituents that have established reference values shall be quantified using an analytical method with a lower level of detection equal to or less than the reference value.

F. Permit Modification Requirements

1. Any material modification must be reported by submission of a new application, or, if such changes will not violate the limitations specified in the permit, by notice to the permit issuing authority of such changes. Any change which materially modifies, as defined in NAC 445A.365, the permitted facility must comply with NAC 445A.392, NAC 445A.4155, NAC 445A.416, and NAC 445A.417.

2. Prior to the commencement of mining activities at any site within the State which is owned or operated by the Permittee but not identified and characterized in the application, the Permittee shall submit to the Division a report which identifies the locations of the proposed mine areas and waste disposal sites, and characterizes the potential of mined materials to release pollutants. Prior to development of these areas the Division shall determine if any of these new sources will be classified as process components and require engineered containment as well as permit modification.

3. The Permittee must notify the Division in writing at least thirty (30) days before the introduction of process solutions into a new process component or into an existing process component which has been materially modified, or of the intent to commence active operation of that process component.

4. The Permittee must obtain a written determination from the Administrator of any planned material modification(s) as to whether it is considered a permit modification.

5. The Permittee must give advance notice to the Administrator of any planned changes or activities which are not material modifications in the permitted facility that may result in noncompliance with permit requirements.

Date:	*February 6, 2012*
Fact Sheet Revision 00: *Permit Revision 00:*	*New Permit and Fact Sheet.*

FACT SHEET
(pursuant to NAC 445A.401)

Permittee: Baker Hughes Drilling Fluids

Facility Name: Slaven Canyon Mine

Permit Number: NEV2011105 (New Permit 2011, Rev. 00)

A. Location and General Description

Location: The Slaven Canyon Mine (SCM) is a proposed satellite barite mining, crushing, and load out facility, located in Lander County, approximately 15 miles southeast (by air) from the town of Battle Mountain and 39 miles southwest (by air) from the town of Carlin, in the historic Bateman Canyon Mining District. The proposed facility will supply crushed barite ore to the Argenta Mill (WPCP NEV0091045), located approximately 17 miles northeast of the SCM. Baker Hughes Drilling Fluids (Baker Hughes) is the Permittee of record for the SCM and Argenta Mine and Mill.

The mine is located within portions of Section 13, Township 30 North, Range 46 East, MDB&M (Mount Diablo Baseline and Meridian). The total planned disturbance for the SCM and Rapid Infiltration Basins (RIBs) is approximately161.8 acres of private land owned or leased by Baker Hughes. Of the total planned disturbance, approximately 53.8 acres of private land has been disturbed as a result of previous mining activities. Currently there are nine shallow pits, totaling 4.4 acres in area at the SCM site, three of which have developed pit lakes.

The SCM is required to be designed, constructed, operated, and closed without any release or discharge from the fluid management system except for meteorological events which exceed the design storm event.

Site Access: To access SCM, proceed on Interstate-80 east from Winnemucca or west from Elko to *Exit 233-- East Battle Mountain, SR-304*. Proceed approximately 0.25 mile south on *SR-304* to *Hill Top Road*. Continue on *Hill Top Road* approximately 8.0 miles to *Beacon Light Road*. Turn east on *Beacon Light Road* and proceed approximately one mile to the junction of *Slaven Canyon Road*. Proceed south on *Slaven Canyon Road* approximately 8.5 miles to the mine site.

General Description: Barite ore will be mined from two new pits (Main and North) and hauled to a stockpile pad at the SCM site. The proposed mine plan indicates that ground-water will be penetrated during the initial stages of pit development. The Permittee will manage dewatering water by utilizing two RIBs located at the SCM site. Refer to Water Pollution Control Permit (WPCP) NEV2011106 Fact Sheet for design and operational details.

Most of the Slaven Chert is comprised of thin-bedded chert with dark gray to tan carbonaceous shale and argillite. The chert is generally a black or dark gray-black color, although green, gray-green, and reddish colored varieties occur in lesser amounts. It is commonly nodular, variably carbonaceous, and contains bedded barite deposits and pyrite.

Local, thin beds of shale, siltstone, silty-sandstone, and fine-grained quartz sandstone, approximately 3 to 30 feet thick, occur within the chert-argillite section. The drainage of Slaven Canyon is a fairly wide valley filled with alluvium up to 40 feet in thickness. Extensive slope wash colluvium derived from outcrops of quartzite and basalt obscures bedrock geology along the east side of Slaven Canyon within the area of operations.

Four basic rock types have been identified at the mine site and consist of chert, chert-argillite, chert with massive barite (ore), and valley alluvium overburden.

The chert and chert-argillite will be disposed of as waste rock and are discussed further under the sub-section *Waste Rock Management*. The thinly bedded chert and argillite, characteristic of the Slaven Chert formation, cannot be separated by any practical means. The massive barite within the chert will be either crushed on site, stockpiled and transported to the Argenta Mill, or transported directly to the mill for crushing and processing. The valley alluvium will be used as growth media for future reclamation activities.

Meteoric water mobility procedure-Profile I (MWMP-Profile I), acid neutralization potential/acid generation potential (ANP/AGP), and acid-base accounting (ABA) characterization results indicate that approximately 24 percent of the chert and chert-argillite waste rock is potentially acid generating (PAG) with the remaining 76 percent non-PAG. MWMP-Profile I, ANP/AGP, and ABA characterization results indicate that the chert with massive barite and valley alluvium are non-PAG.

The SCM is located near the upper reaches of the Upper Reese River Topographic Basin. Groundwater originates within the basin from precipitation and infiltrates the thin surface soils and fractured bedrock. In general, the groundwater flows parallel to Slaven Canyon Creek and north within the valley alluvium that is present over the valley floor. Groundwater originating from the east and west sides of Slaven Canyon flows through the upper fractured rock zone toward the valley and eventually merges with the Slaven Canyon alluvial groundwater. Approximately 0.3 miles north of the SCM project north boundary, groundwater emerges from a spring and continues as surface flow in Slaven Canyon Creek. The surface flow in the creek disappears near the mouth of Slaven Canyon approximately 2.5 miles north into the Reese River Valley alluvial sediments.

Operating Plan: The SCM operations will consist of open pit mining, barite ore crushing, and waste rock management. Approximately 166,041 bank-cubic yards (bcy) of barite ore and 3,892,547 bcy of waste rock will be mined. Assuming an ore density of 3.11 tons per cubic yard (tons/cu yd) and a waste rock density of 2.00 tons/cu yd, this equates to 516,388 tons of barite ore and 7,785,094 tons of waste rock.

PAG material in cells designed and constructed to limit exposure of PAG material to atmospheric oxygen, groundwater, direct precipitation, snow melt, and stormwater run-on.

Only one WRDF is currently planned. The WRDF is a clay-lined facility with an in-place compacted permeability of 1 x 10^{-5} cm/sec. The facility will be located southeast of the SCM and has a design capacity of approximately 5,760,780 bcy (11,521,560 tons) and occupy a footprint of 65.0 acres. A berm surrounds the WRDF to capture any stormwater runoff and divert it to the single-lined stormwater pond. The pond is 40-mil HDPE over a prepared subgrade and has a capacity of 1.43 million gallons at 3-feet of freeboard. Stormwater run-off collected in the pond is limited to a 20-day residence time.

As stated previously, the open pits will be used for non-PAG waste rock disposal as the pits are completed to prevent pit lake formation. The capacity of the North Pit is estimated at 644,323 bcy (1,288,646 tons) and the Main Pit capacity is estimated at 4,058,588 bcy (8,117,176 tons), resulting in a total capacity available for in-pit waste rock disposal of 4,702,911 bcy (9,405,822 tons). When mining in the Main Pit is completed, non-PAG waste rock temporarily stored at the north end of the WRDF will be used to backfill the Main Pit to an elevation of at least 15 feet above the water table (5,470 feet amsl) to preclude the formation of a pit lake.

Initially, 24 inches of growth media (topsoil) will be removed from the footprint of the waste rock pile (209,464 bcy) and stockpiled in the yard on the north side of the area of operations for future reclamation activities. Mining would commence in the North Pit and be mined in benches of 20 feet thick using conventional drill and blast techniques. The waste rock will be transported to the Waste Rock Pile and end-dumped using 40-ton haul trucks.

The non-PAG waste rock will be placed at the north end of the Waste Rock Pile to be used as pit backfill below elevation 5,470 feet above mean sea level (amsl) or as non-PAG encapsulation material on the external Waste Rock Pile.

Waste Rock and Ore Characterization

A three-phase characterization approach has been implemented by the Permittee for classifying waste rock and mined materials as PAG and non-PAG. The first phase (Phase 1, now complete) involved the collection, characterization, and evaluation of drill core from within the limits of the proposed open pit. The Phase 1 characterization data will be supplemented by analyses in two additional phases (Phases 2 and 3). Phase 2 will involve the collection, characterization, and evaluation of additional samples prior to mining and Phase 3 will involve the collection, characterization, and evaluation of additional samples during active mining.

The extraction fluid from the MWMP-Profile I analyses exceeded the Profile I reference values for manganese, nickel, aluminum, and arsenic in 25 percent of the samples. The ANP/AGP data analyzed to date indicated that approximately 24 percent of the waste rock will need to be managed as PAG and encapsulated with non-PAG waste rock. The

be emptied by a solid waste disposal contractor on a weekly basis. All solid waste collected by the disposal contractor will be disposed at a permitted facility.

The administrative office and maintenance shop will be located in the yard east of the open pits. The office will be a portable trailer, measuring approximately 10-ft x 20-ft and the maintenance shop will be a 40-ft x 60-ft slab-on-grade structure with metal framing, walls and roof, and will be used for on-site repairs of trucks and mine equipment. No wash down facility is proposed for the SCM site. All mobile and portable equipment utilized at the mine site will be stored in the SCM yard area.

Fuel storage will include a 10,000-gallon off-road diesel tank, a 5,000 gallon highway-diesel tank, and a 1,000-gallon gasoline tank located at the shop. All tanks will have double-walled secondary containment. Fuel will be delivered as needed by a licensed contractor and transferred from the delivery truck to the aboveground storage tanks.

Oils and lubricants will be used on-site for equipment maintenance and other tasks. These will be delivered on-site by a certified vendor and stored in appropriate containers within secondary containment or approved containers in the maintenance shop. All used petroleum products would be collected and recycled through a licensed contractor.

Propane will be delivered on an as needed basis to the SCM by a licensed contractor and stored on-site in a single 500-gallon propane tank.

Antifreeze will be used on the mine site in vehicles and generators. The antifreeze will be delivered to the site in 55-gallon drums and stored within containment in the maintenance area. Used antifreeze will be collected and recycled by a permitted contractor.

Petroleum Contaminated Soils

The Permittee will not manage petroleum contaminated soils (PCS) at the SCM site. In the event of a spill, the contaminated soil would be excavated, placed in U.S Department of Transportation (DOT)-approved containers and transported to an off-site facility authorized to receive such material.

C. Site Hydrology and Background Water Quality

Groundwater: In general, groundwater flows parallel to Slaven Canyon Creek and north within the valley alluvium that is present over the valley floor. Groundwater originating from the east and west sides of Slaven Canyon flows through the upper fractured rock zone toward the valley and eventually merges with the groundwater within the Slaven Canyon alluvium. Approximately 0.3 miles north of the northern edge of the SCM project boundary, groundwater emerges from a spring (SP-1) and continues as surface flow in Slaven Canyon Creek. The surface flow in the creek disappears near the mouth of Slaven Canyon approximately 2.5 miles north into the Reese River Valley alluvial sediments.

A dry wash (Slaven Canyon Wash) is located within Slaven Canyon and flows north through the western boundary of Section 13. A spring (SP-1) located approximately 0.3 miles north and outside of the SCM operational area boundary is considered to be the confluence of Slaven Canyon Creek. In January 2011, flow from SP-1was measured at a rate of approximately 1.5 gallons per minute (gpm). A summary of the baseline analytical results for the spring and creek indicate the water quality is good; with no exceedence of any NDEP Profile I reference value.

D. Procedures for Public Comment

The Notice of the Division's intent to issue the permit, authorizing the facility to construct, operate, and close subject to the conditions contained within the permit, was sent to the **Battle Mountain Bugle**, a newspaper located in Battle Mountain, Nevada, for publication.

The notice was also mailed to interested persons on our mailing list. Anyone wishing to comment on the proposed permit renewal can do so in writing within a period of 30 days following the date of public notice. The comment period can be extended at the discretion of the Administrator. All written comments received during the comment period will be retained and considered in the final determination.

A public hearing on the proposed determination can be requested by the applicant, any affected State, any affected intrastate agency, or any interested agency, person or group of persons. The request must be filed within the comment period and must indicate the interest of the person filing the request and the reasons why a hearing is warranted.

Any public hearing determined by the Administrator to be held must be conducted in the geographical area of the proposed facility or any other area the Administrator determines to be appropriate. All public hearings must be conducted in accordance with NAC 445A.403 through NAC 445A.406.

E. Proposed Determination

The Division has made the tentative determination to issue the permit.

F. Proposed Effluent Limitations, Schedule of Compliance and Special Conditions

Refer to WPCP NEV2011105, Sections I.B. (Schedule of Compliance Items).

G. Rationale for Permit Requirements

The facility is located in an area where annual evaporation is greater than annual precipitation. It must operate under a standard of performance, which authorizes no discharge except for excess accumulations, which are a result of a storm event beyond that required by design for containment.

Subject: Groundwater Monitoring Report – Second and Third Quarters 2011
Facility: Western Energetix Bulk Plant, 125 N. Mountain Street, Battle Mountain, NV
NDEP ID # 5-000289, Petroleum Fund # 2009000020

Dear Ms. Appelt:

The Nevada Division of Environmental Protection (NDEP) has received your *Groundwater Monitoring Report-Second Quarter 2011*, dated July 11, 2011 and *Groundwater Monitoring Report-Third Quarter 2011*, dated January 3, 2012 prepared on your behalf by McGinley & Associates (MGA).

All 7 site monitoring wells were sampled on May 24, 2011 and October 4, 2011 for 2nd and 3rd quarter monitoring respectively. All of the wells were non-detect for MTBE. The following wells contained detectable levels benzene above the 5 ug/l maximum contaminant level MW-1, MW-3, MW-6 and MW-7 at 270, 30, 170 and 420 micrograms per liter (ug/l) for the 2nd Quarter 2011 and the following wells contained detectable levels benzene above the 5 ug/l maximum contaminant level MW-1, MW-4 and MW-6 at 790, 100, and 540 micrograms per liter (ug/l) for the 3rd Quarter 2011. MW- 3 was not sampled in the 3rd quarter 2011 as the Consultant was unable to locate the well (covered with hard-packed gravel).

The depth to ground water ranged from 8.11 to 8.49 feet below the top of well casing for the 2nd Quarter 2011 and from 7.70 to 8.14 for the 3rd Quarter 2011. Sampling results for biodegradation parameters continue to indicate that anaerobic biodegradation is occurring on the site.

MGA Recommendations:

- Continue with the quarterly groundwater monitoring program for all seven monitoring wells.
- The addition of dissolved manganese and Fe^{2+} to be added to the groundwater monitoring program to further assess anaerobic biodegradation.
- Continue to analyze biodegradation parameters in all monitoring wells.
- Installation of an additional down gradient monitoring well to determine the down gradient extent of the benzene plume.

NDEP Comment: NDEP concurs with your recommendations for continued quarterly monitoring. In addition, further assessment of offsite/downgradient contamination needs to be done. The installation of an additional monitoring well may not be enough as the site is not characterized and the plume appears to be migrating offsite. **Please submit a drilling plan for further determining the extent of hydrocarbon contamination by March 6, 2012.**

NDEP concurs with your *Groundwater Monitoring Report 2nd and 3rd Quarter 2011*. **Accordingly, please provide the Fourth Quarter 2011 report to this office for review no later than February 29, 2012.**

LIVESTOCK GRAZING MANAGEMENT DECISION

Notice of Closure to Livestock Grazing on the Twenty-five Allotment And Rehabilitation Objectives For the Indian Creek Fire

CERTIFIED MAIL NO. 7008 3230 0001 2772 4293
RETURN RECEIPT REQUESTED

25 Ranch LLC
PO Box 3
Battle Mountain, NV 89820

Dear Sir:

During the 2011 wildfire season, the Indian Creek Fire burned approximately 13,860 acres of public land in the Boulder Creek, Lakes Mine, FFR 3 and FFR 4 pastures on the Twenty-five Allotment on which you graze. This wildfire resulted in temporary losses of livestock forage and wildlife habitat.

This decision addresses the closure to livestock grazing of the area affected by the 2011 Indian Creek Fire in the Twenty-five Allotment, the temporary suspension of active preference associated with the closed area, and the rehabilitation objectives for reauthorization of livestock grazing in the closed area. This decision is being issued as a final decision effective upon issuance in accordance with 43 CFR § 4110.3-3(b).

CLOSURE AND TEMPORARY SUSPENSION OF ACTIVE PREFERENCE

For protection of the soils, establishment of seeded species, restoration of plant vigor and seed production, and re-establishment of native species on the public lands within the Twenty-five Allotment, I hereby exclude grazing by any kind of livestock within the designated close area associated with the Indian Creek Fire of 2011.

The Indian Creek Fire impacted a portion of the Twenty-five Allotment. Temporary closure and/or existing and temporary fencing will provide protection of the seeded and the native release area. You will be notified when the temporary protective fence on the Twenty-five Allotment is completed. Refer to the attached map which shows the burned area which is closed to grazing and the location of the proposed protective fence.

RECEIVED
FEB - 9 2012
COUNTY COMMISSION

b. A qualitative assessment using the 17 Indicators for Rangeland Health for soil and site stability, and hydrologic function, that results in ratings of none to slight departure from that expected from the same kind of ecological site considered to be in stable condition.

The BLM believes that achieving the minimum of three perennial grasses and/or a minimum of one seeded half-shrub per square meter is an indication there would likely be adequate amounts of roots and above ground cover to limit the redistribution and loss of soil resources, keep invasive species such as cheatgrass, if present, as a minor component of the plant community, and productive enough forage to allow livestock grazing to resume. In addition to the seeded species, there may be perennial and annual forbs and/or grasses present, all of which can contribute to the overall stability of the site. Given the variety of plant species that are likely to grow after the fire, and their spatial variability across these landscapes, BLM will be analyzing the density data and related field notes and photographs to assess plant vigor and cover to help determine when the density objective is met.

The qualitative assessment of soil and site stability, and related hydrologic function, looks at indicators such as formation and stabilization of rills and/or gullies, water flow patterns, pedestaling of plants, amounts of bare ground, movement of plant litter, and deposition of soil. This assessment provides additional information from which to determine when the burned areas are stable enough to again accommodate livestock grazing.

B. Native Shrub and Forb Establishment

Bitterbrush

The objective for bitterbrush sites is a minimum of 50% of live plants sampled directly within the burn area will have third year's woody stem leader growth as measured on established or new monitoring transects.

Literature indicates that bitterbrush seed production occurs on second-year or older woody stems. It is important that bitterbrush plants acquire third-year woody leader stems before grazing can resume to the previous levels authorized through the existing land use plan objectives (typically a total of 45% utilization of current year's growth). Providing for the presence of third-year woody leader stems helps ensure that any utilization which occurs following re-opening to livestock grazing takes place primarily on current year's growth and does not result in reduction in the plant's ability to continue attaining the stature and age necessary to successfully produce seed. Grazing an established plant which has at least three years of woody growth within the use objectives outlined in the land use plan, should not result in a reduction in the plant's ability to continue attaining the stature and age necessary to either produce adequate leaders for forage and cover or to successfully produce seed. Long-term maintenance of bitterbrush will ensure establishment of a browse species that provides wildlife habitat cover and forage diversity and ecological site dynamics on affected sites.

Sagebrush

The BLM has determined that livestock grazing is not likely to be a major factor in preventing the establishment and survival of sagebrush and other seeded species not included in the above objectives, for this reason objectives have not been established for sagebrush or seeded forbs for the purposes of determining when the burned areas may be re-opened to livestock grazing; however, monitoring will be conducted to measure the effectiveness of the rehabilitation efforts.

C. Riparian

Riparian objectives are based on response potential and established for lentic (standing water) and lotic (flowing water) riparian habitats located on public lands within the fire perimeter. In some cases, objectives are based on prior conditions at permanent BLM stream survey stations. The objectives are as follows:

The monitoring method used to collect information on bitterbrush considers progress towards attaining satisfactory age and form class as outlined in Interagency Technical Reference No. 1730 (Utilization Studies and Residual Measurements, 1996) Recruitment of seedling and young plants, as well as post-fire growth of surviving plants including re-sprouting plants will be evaluated to determine what progress is being made towards achieving satisfactory age and form class. Providing for the presence of third year woody leader stems helps to ensure that any utilization which occurs following lifting the closure takes place primarily on current year's growth and does not result in reduction in the plant's ability to continue attaining the stature and age necessary to successfully produce seed. Transects will be established , or existing transects will be used, to monitor bitterbrush within Elko Resource Management Plan-featured mule deer and pronghorn habitat and sage grouse nesting/early brood-rearing habitat characterized by the big sagebrush-bitterbrush vegetation type.

AUTHORITY

The authority for this decision is contained in Title 43 of the Code of Federal Regulations, which state in pertinent parts;

43 CFR § 4110.3-2 (a) Decreasing Active Use "The Authorized Officer may suspend active use in whole or in part on a temporary basis due to reasons specified in § 4110.3-3 (b)(1), or to facilitate installation, maintenance, or modification of range improvements."

43 CFR § 4110.3-3 Implementing Changes in Active Use "(b)(1) After consultation with, or a reasonable attempt to consult with, affected permittees or lessees and the state having lands or responsible for managing resources within the area, the authorized officer will close allotments or portions of allotments to grazing by any kind of livestock or modify authorized grazing use notwithstanding the provisions of paragraph (a) of this section when the authorized officer determines and documents that (i) The soil, vegetation, or other resources on the public lands require immediate protection because of conditions such as drought, fire, flood, insect infestation; or (ii) Continued grazing use poses an imminent likelihood of significant resource damage. (2) Notices of closure and decisions requiring modification of authorized grazing use may be issued as final decisions effective upon issuance or on the date specified in the decision. Such decisions will remain in effect pending the decision on appeal unless the Office of hearing and Appeals grants a stay in accordance with § 4.472 of this title."

43 CFR § 4160.3(c) Final Decisions "Notwithstanding the provisions of § 4.21(a) of this title pertaining to the period during which a final decision will not be in effect, the authorized officer may provide that the final decision shall be effective upon issuance or on a date established in the decision and shall remain in effect pending the decision on appeal unless a stay is granted by the Office of Hearings and Appeals..."

PROVISIONS FOR APPEAL AND PETITION FOR A STAY

In accordance with 43 CFR § 4160.4, any person whose interest is adversely affected by a final decision of the authorized officer may appeal the decision for the purpose of a hearing before an administrative law judge and may also petition for a stay of the decision pending final determination on appeal. Appeals and petitions for a stay of the decision shall be filed at the office of the authorized officer. An appeal must be filed within the office of the authorized officer within 30 days of your receipt of this decision. Additionally the person appealing must serve a copy of their appeal and petition for stay on any person named in the decision including the name to which the decision is addressed, those listed at the end of this decision, and the Office of the Solicitor, Pacific Southwest Region, U.S. Department of the Interior, 2800 Cottage Way, Room E-2753, Sacramento, CA 95825-1890 within 15 days of filing the appeal and petition for stay. Appellant needs to be able to document service to any other person named in the decision and the Solicitor.

LIVESTOCK GRAZING MANAGEMENT PROPOSED DECISION

Notice of Proposed Closure to Livestock Grazing on the Twenty-five Allotment And Rehabilitation Objectives For the NW Sheep Treatment

CERTIFIED MAIL NO. 7009 1680 0001 0356 4741
RETURN RECEIPT REQUESTED

25 Ranch, LLC
PO BOX 3
Battle Mountain, NV 89820

Dear Sir:

In the past 28 years the sagebrush ecosystem within the Tuscarora Sage Grouse Population Management Unit (PMU) has suffered catastrophic impacts from thirteen large wildland fires, including the 1984 Lander Fire, 1985 Rock Creek and Clementine Fires, 1991 Izzenhood Fire, 1995 Midas Complex Fires, 1996 Antelope Fire, 1999 Clover and Izzenhood Fires, 2001 Hot Lakes, Sheep, and Buffalo Fires, 2005 Esmeralda Fire and the 2006 Sheep Fire. The loss of hundreds of thousands of acres of sagebrush communities by wildfire has resulted in a decline of sagebrush obligate species such as sage grouse and pygmy rabbits, and crucial habitat for sagebrush associated species such as mule deer and pronghorn antelope. The habitat goal for the Tuscarora Sagebrush Habitat Restoration Initiative (TSHRI) is to restore and maintain ecologically diverse, sustainable, and contiguous sagebrush ecosystems by implementing sound management practices. A combination of mechanical, chemical and livestock grazing management treatments have or are being implemented to improve overall rangeland health and habitat to benefit the above species and reduce the potential risk of future large fires caused by the invasion of cheatgrass in burned areas.

There is one TSHRI treatment area that is in the Twenty-five Allotment and is being closed to livestock grazing with this decision. The treatment is the NW Sheep treatment and is completely fenced.

This proposed decision addresses the proposed closure to livestock grazing of the area affected by the NW Sheep treatment in the Twenty-five Allotment, the proposed temporary suspension of active preference associated with the closed area, and the rehabilitation objectives for reauthorization of livestock grazing in the closed area.

RECEIVED
FEB - 9 2012
COUNTY COMMISSION

above ground cover to limit the redistribution and loss of soil resources, keep invasive species such as cheatgrass, if present, as a minor component of the plant community, and productive enough forage to allow livestock grazing to resume. In addition to the seeded species, there may be perennial and annual forbs and/or grasses present, all of which can contribute to the overall stability of the site. Given the variety of plant species that are likely to grow, and their spatial variability across these landscapes, BLM would be analyzing the density data and related field notes and photographs to assess plant vigor and cover, to help determine when the density objective is met.

The qualitative assessment of soil and site stability and related hydrologic function looks at indicators such as formation and stabilization of rills and/or gullies, water flow patterns, pedestaling of plants, amounts of bare ground, movement of plant litter, and deposition of soil. This assessment provides additional information to aid in the determination that the treatment areas are stable enough to accommodate livestock grazing.

Achievement of both objectives (a) and (b) above, would provide the basis for determining when livestock grazing can resume in the seeded treatment areas.

Closure Period
The closure would remain in effect until the rehabilitation objectives outlined in this decision have been met. If the rehabilitation objectives are not met by the end of three years, the treatment area would be evaluated for the potential to meet the objectives. Some of the factors to be considered in this evaluation would be: *amount of total precipitation, amount of growing season precipitation, how close the burned* areas are to meeting the rehabilitation objectives, use levels by wildlife and unauthorized use by livestock, and what benefits, if any, an additional growing season(s) of rest might provide. Consideration might be given to developing alternate strategies for achieving objectives including site specific fencing or use of other livestock management tools. If additional rest is needed, the closed area(s) would remain closed. If it is determined that the objectives cannot be met after considering the factors outlined above, the treatment area would be re-opened to managed livestock grazing.

Monitoring
Permittees and interested parties are invited and encouraged to participate in the monitoring efforts. Density data would be collected using the Density Method described in the 1996 Interagency Technical Reference "Sampling Vegetation Attributes." The qualitative assessment method used to collect information on soil and site stability and hydrologic function is described in Technical Reference 1734-6 (version 4-2005) "Interpreting Indicators of Rangeland Health."

The BLM would establish a monitoring program to observe certain characteristics in the plant community to keep record of the recovery process. Factors such as the density of the plant community, the diversity of species establishment, the overall growth response after the treatment and plant cover, would be monitored. Rehabilitation objectives would apply only to the vegetation areas that were affected by the treatments.

Monitoring within the treatment areas would be conducted to evaluate attainment of all of these objectives once treatments are in place. You would be provided an opportunity to participate in this monitoring if you desire.

Authority
The authority for this decision is contained in Title 43 of the Code of Federal Regulations, which state in pertinent parts;

The appellant requesting a stay bears the burden of proof to demonstrate that a stay should be granted.

Any person named in the decision from which an appeal is taken (other than the appellant) who wishes to file a response to the petition for a stay may file with the Hearings Division a motion to intervene in the appeal, together with the response, within 10 days after receiving the petition. Within 15 days after filing the motion to intervene and response, the person must serve copies on the appellant, the Office of the Solicitor and any other person named in the decision (43 CFR 4.472(b)).

Sincerely,

David Overcast

FEB 10 2012

Dear Permittee:

The purpose of this letter is threefold. The first is to introduce you to the Rangeland Management Specialist (RMS) assigned to your allotment(s), second to provide an opportunity to process a 2012 grazing application and/or grazing bill, and third to discuss the current weather condition.

1) The Humboldt River Field Office has two RMS vacancies due to the departure of Miranda McCutcheon and Ashley Johnson. These positions will be filled as soon as possible, however in the meantime we have reassigned their allotments to other RMS's within the Humboldt River Field Office. *Please see the allotment list and map enclosed to determine the RMS assigned to your allotment.* This list also includes the RMS's phone numbers for your reference. We would also like to welcome Marion Mahaffey, who is in the District Office for a three month detail as the Assistant Field Manager - Range. Marion has joined us from the BLM Kemmerer Field Office in Wyoming to help until we can fill that position permanently.

   Recently, Angie Arbonies was hired as the new RMS with the Black Rock Field Office to replace the position vacated by Jason Martin. Ms. Arbonies has been assigned all the grazing allotments in the Black Rock Field Office.

2) Because of the turnover in range staffing within the range department, some of the 2012 grazing applications and/or bills may not have been mailed in a timely manner. We apologize for this oversight and will take every step necessary to correct the situation. Normally, a grazing application will be mailed to you 90 days before turnout and a grazing bill 30 days before turnout. If you have changes to your 2012 grazing schedule, please complete a grazing application and return it to our office. Once approved, a new grazing bill will be generated from that application. If you do not have changes, you will be billed according to your permit. *The grazing bill must be paid prior to livestock turnout.*

   If you have not received a 2012 grazing application and/or a bill and you wish to turnout soon, please call the RMS assigned to your allotment. We can process your information and receive payment over the telephone.

3) The Winnemucca District has been assessing the current drought conditions in our area. According to the U.S. Drought Monitor we are experiencing moderate drought conditions. It is likely that a continuation of these weather conditions will affect plant growth and water yield availability. For more information, please log on to: http://droughtmonitor.unl.edu/DM_west.htm

   During a drought, forage production is usually not sufficient to provide for livestock grazing at the same levels or in the same manner as in normal production years. We are aware that

RECEIVED
FEB 13 2012
COUNTY COMMISSION

temporary changes to your livestock operation may be necessary because of poor water availability or forage conditions and as a result, can cause economic hardship and management stress. The BLM would like to work with you now to plan for the upcoming grazing season so that any changes that must be made are anticipated in advance. This will allow you an early opportunity to adjust your operation if needed.

As the calendar year moves forward the "normal" precipitation we have received this year compared to historical records is "below" normal. With the above normal precipitation last year in terms of rain and snow, the standing forage conditions this spring are good to excellent based on 2011 production. While at the same time with the limited snow-pack and/or projected run-off for stock reservoirs, spring recharges and water for wetland riparian and stream bank riparian, all of us have to be cognizant of water being the limited resource; this is a reminder. The possibility exists for an above normal livestock and/or wild horse/burro distribution in or near water sources. And some of these water sources are used by authorized livestock grazing, wild horses/burro and wildlife. The BLM's compliance on grazing allotments and HMA's has already started and will continue throughout the late winter, spring and summer. We cannot do our compliance alone and need your "eyes" and "ears" to help us. If you see conditions that are not compatible to healthy rangelands, please take it upon yourself to make a change and also to contact your RMS. And this holds true for the BLM; if we observe conditions which are being impacted, you will be immediately notified and corrective actions will be taken. Thanks in advance.

I strongly encourage you to contact your assigned Rangeland Management Specialist to discuss your specific situation in order to identify any temporary changes in grazing use that will help mitigate the effects of drought and/or to get your bill paid before turnout. If you have any other questions regarding these matters please contact Marion Mahaffey, Assistant Field Manager – Range (775) 623-1581, Michael Truden, Field Manager for the Humboldt River Field Office at (775) 623-1548, or Rolando Mendez, Field Manager for the Black Rock Field Office at (775) 623-1578.

Sincerely,

Gene Seidlitz

Northern Nevada Immunization Coalition

February 8, 2012

Lander County Community Health
Brenda Keller
150 Palmer Street
Battle Mountain, NV 89820

Dear Brenda,

Each year the Northern Nevada Immunization Coalition (NNIC) holds the Silver Syringe Awards to celebrate and recognize immunization successes, partnerships, and champions who have gone above and beyond in our community. This program also serves to raise awareness of Nevada's immunization challenges and promote continued collaboration in our region.

Congratulations! NNIC is thrilled to inform you that your organization has been selected to receive a 2011 Silver Syringe Award in the category of **Outstanding Rural Immunization Program** for your exceptional work and/or support of NNIC activities last year.

Our 14th Annual Silver Syringe Awards will take place on Friday, March 2nd, 2012 at 11:30 am at The Grove at South Creek. There will be lunch, an awards celebration, a raffle and more. A complimentary seat has been reserved for you and a form for additional seats is included with this letter.

We hope you can join us in celebrating NNIC and our newest Silver Syringe honorees. It is only through the amazing efforts and creativity of our community partners like you that northern Nevada will continue to make strides in promoting health and decreasing vaccine-preventable diseases for our babies, teens, and adults. Please RSVP to me at (775) 770-6713 or Heidi.Hurst@dignityhealth.org. Once again, thank you for all that you do!

Best regards,

Heidi S. Hurst, MA
Director
Northern Nevada Immunization Coalition

Re: NOTICE OF ALLEGED AIR QUALITY VIOLATION AND ORDER NO. 2397
CLASS I AIR QUALITY OPERATING PERMIT AP1041-2141 (FIN A0001)

Dear Mr. Musser:

On January 31, 2012, the Nevada Division of Environmental Protection, Bureau of Air Pollution Control (NDEP-BAPC) Barrick Cortez (Cortez) held an enforcement conference to discuss Cortez's failure to comply with Class 1 Air Quality Operating Permit AP1041-2141. On January 17, 2012, the NDEP-BAPC was notified, by Cortez, that the required test-by date of April 18, 2011 had been missed for System 10, Pipeline Carbon Reactivation Kilns (Units S2.007 and S2.008). The failure to comply with a condition of an air quality operating permit constitutes a violation under **NAC 445B.275 Violations: Acts constituting; notice** (see below).

The attached Notice of Alleged Air Quality Violation and Order (NOAV) No. 2397 alleges that Cortez failed to conduct required compliance source testing by April 18, 2011. **NRS 445B.275 Violations: Acts Constituting; Notice** states in part, that: "1. Failure to comply with any requirement of NAC 445B.001 to 445B.3791, inclusive, any applicable requirement or any condition of an operating permit constitutes a violation. As required by NRS 445B.450, the Director shall issue a written notice of an alleged violation to any owner or operator for any violation, including, but not limited to:

> (c) Failure to construct or operate a stationary source in accordance with any condition of an operating permit.

NOAV No. 2397 constitutes a major violation under **NAC 445B.281 Violations: Classification; administrative fines.** NOAV No. 2397 is the first issued to Cortez in over 60 months.

An appeal of NOAV No. 2397 may be requested pursuant to **Nevada Revised Statutes (NRS) 445B.360** and SEC administrative rules. A copy of SEC Appeal Form #3 is enclosed. Appeals must be received within 10 days of receipt of this notice, pursuant to **NRS 445B.340**. Appeals are processed through John Walker, the Executive Secretary for the SEC, at 901 South Stewart Street, Suite 4001, Carson City, Nevada, 89701-5249. Mr. Walker can be reached at 775-687-9308, or by fax at 775-687-5856. Please provide me with a copy of any correspondence your company may have with the SEC.

RECEIVED
FEB 16 2012
COUNTY COMMISSION

STATE OF NEVADA
DEPARTMENT OF CONSERVATION AND NATURAL RESOURCES
DIVISION OF ENVIRONMENTAL PROTECTION
BUREAU OF AIR POLLUTION CONTROL
901 SOUTH STEWART ST., SUITE 4001
CARSON CITY, NEVADA 89701-5249

NO. 2397

NOTICE OF ALLEGED AIR QUALITY VIOLATION AND ORDER

NOTICE OF ALLEGED AIR QUALITY VIOLATION

Person(s) to Whom Served: Mr. Brian Musser

Company Name: Barrick Cortez, Inc.

Address: HC 66, Box 1250, Crescent Valley, NV 89821-1250

Permit Number: AP1041-2141 **FIN**: A0001

Site of Alleged Violation: Barrick Cortez Mine

Date of Observation: 1/18/2012 **Arrival**: N/A **Departure**: N/A

Ambient Temperature: N/A °F **Clear**: **Cloudy**: **Rain**: **Snow**:

Wind Speed: N/A mph **Wind Direction**: N/A

It is alleged that the following regulation was violated by the person named in this notice:

NAC 445B.275 Violations: Acts constituting; notice. 1. Failure to comply with any requirement of NAC 445B.001 to 445B.3791, inclusive, any applicable requirement or any condition of an operating permit constitutes a violation. As required by NRS 445B.450, the Director shall issue a written notice of an alleged violation to any owner or operator for any violation, including, but not limited to:

(c) Failure to construct or operate a stationary source in accordance with any condition of an operating permit.

It is alleged that the following act or practice constitutes the violation:

Failure to complete required performance testing within specified time period.

Evidence:

Barrick Cortez, Inc. (Cortez) operates a gold mine in Crescent Valley, Lander County, Nevada under Class I Air Quality Operating Permit AP1041-2141, issued by the Nevada Division of Environmental Protection - Bureau of Air Pollution Control (NDEP-BAPC) on January 28, 2008.

On January 17, 2012, the NDEP-BAPC was notified by Cortez that the required test-by date of April 18, 2011 had been missed for System 10, Pipeline Carbon Reactivation Kilns (Units S 2.007 and S 2.008).

Class I Air Quality Operating Permit AP1041-2141 required that System 10 be tested within 180 days of April 18, 2011. Compliance source testing was to be completed no later than October 18, 2011.

On January 31, 2012, the NDEP-BAPC and Cortez held an enforcement conference to discuss Cortez's failure to comply with Class I Air Quality Operating Permit AP1041-2141. During the enforcement conference Cortez explained that while reviewing the Class I Air Quality Operating Permit in preparation for upcoming renewal testing it was discovered that the test date for System 10 had been missed. The other systems that require renewal testing all have a common test date that is different from the System 10 test date. This difference in test date requirements is the result of the previous operator (Placerdome) requesting that this testing date be kept (as a result of compliance testing under the Class II Air Operating Permit that preceded the Class I Air Operating Permit.)

RE: GREATER SAGE GROUSE CONFERENCE

Dear County Commission:

Former Assemblyman John C. Carpenter, Assemblyman John Ellison and the Elko County Board of Commissioners will be hosting a fact finding and information supplying conference concerning the Greater Sage Grouse potential listing as an endangered species.

The conference will offer speakers and testimony from local area experts, ranchers, hunters, wildlife biologist and other knowledgeable speakers concerning the Greater Sage Grouse Populations, Habitat and potential listing.

The discussion and testimony will offer knowledge and concerns of the direct and indirect negative social and economic impacts that many regions and counties will incur should the Greater Sage Grouse be listed as an endangered species.

The conference will permit for public comment and questions to the panel members and staff concerning the potential listing of the Greater Sage Grouse and Habitat. There will also be testimony, public comment and questions taken concerning the current and projected planning policies of the US F&WS, BLM and USFS and the potential social and economic negative impacts that they will generate.

The listing of the Greater Sage Grouse will serve negative impacts to everyone in the impacted areas that utilize federally managed public lands for all multiple uses of mining, ranching and recreation including ATV / OHV, hunting, camping and day uses. This is one of the most important issues concerning public lands that the western states will ever experience and the negative impacts will be felt by everyone. Please plan on attending this very important conference that will provide information to help our citizens what they can do and how to respond to the potential listing of the Greater Sage Grouse.

The conference will be held on Saturday, March 3rd, 2012 between 6:00pm and 9:00pm at the Elko Convention Center. Please contact Elko County's Natural Resources Department at 775-738-6816 if you have any questions.

Sincerely,

John C. Carpenter
Former Nevada State Assemblyman
