06010103	Watauga	Watauga River Unnamed Tributary	Carter	From Watauga River at River Mile 23.5 through Sycamore Shoals State Natural Area to park boundary.	Sycamore Shoals SNA	36.3442	36.3423	-82.2557	-82.2525

3E. Are you implementing additional specific provisions to ensure the continued integrity of ETWs or ONRWs located within your jurisdiction?

Answer: Yes.

Support Information

The City of Elizabethton implements best management practices as outlined in the City’s Notice of Intent and this Annual Report for compliance with the small MS4 permit city-wide. Therefore, relevant stormwater management activities , which include but are not limited to, construction site runoff management and the requirements and policies for permanent stormwater management, are implemented in areas that discharge to the ETWs or ONRWs. For example, the City’s construction site management program requires and oversees that applicable land developments comply with the State of Tennessee General Permit Number TNR100000 “Stormwater Discharges from Construction Activities”, including section 5.4 entitled “Discharges into Impaired or Exceptional Tennessee Waters”.
