All students and parents will go to their schools to get an official ID tag, which will be attached to their backpacks. All children need an ID tag, even if parents will be driving them to and from school. Parents who choose to use bus transportation will also confirm their child's bus stop/time with our transportation team.

Students and parents are welcome to tour the school together during this time.

*(Families must fill out a Covid-19 screener upon arrival at the school.)*
