

The District will no longer be using REMIND for district wide communication. We will be transitioning to Intouch Notification Service. We currently use Intouch to call our parents of school closures.

Intouch uses the contact information in Parent Connection (student information system). It is important that the correct phone numbers are in its database. We encourage you to verify that your phone numbers are accurate and that you designate cell phones as a SMS-Cellular device so we can contact you through text message.
