Our Attendance Policy is that **all absences** must be made up including tardies. While making up attendance student must be working on classwork, or will not receive credit for the time. The purpose of the **Attendance Policy** is to encourage and reinforce the importance of attendance and punctuality at school. Attendance is a basic element for a successful learning environment. Additionally, this policy prepares students for their post high school career, entering college or the work force.

Attendance Policy - Defined:

- Students understand that this is a **full-time** program. (**8 hours of computer work daily, 4 hours at school, 4 hours at home**)
- Students are expected to make up each absence incurred in each term.
- Students are allowed to make up absences the following way:
Coming to school on the opposite schedule (am/pm)
- Students must have **approved** documentation for an excused absence.
(Doctor, dentist, court, hospital, or funeral note for immediate family.)

Notes must be turned in immediately upon student's return.

VIOLATION OF ATTENDANCE POLICY

- Move from ½ day to full day program

- Parent/student/administrator meeting

Please Note:

A student in the building, but not in class at the start of instructional time, will need to make up that time lost in class with one of the above choices.

***Fast-track students will have a separate contract to sign!**

Copies of Cambridge High School and Garden City Public School Code of Conduct booklets are available in the office.

*****The signature demonstrates an understanding and acceptance of the Attendance Policy, Code of Conduct, and acknowledges that attendance is a student's core responsibility.**

When students violate one of our school rules or expectations, an office discipline referral (ODR) may be made. A consequence will be assigned along with this referral. It may be minor, with a minor consequence to follow. Major violations will be handled in accordance with the district's policy for disciplinary action.

A student is expected to make up work for each day(s)/he is absent.

Zero Tolerance

Cambridge High School enforces a zero-tolerance policy regarding drugs, alcohol and drug paraphernalia. This will be accomplished by conducting random searches in and out of the building. There is also a zero tolerance towards fighting of any type. A police report will be made for **every** fight. Any suspension for any of the above stated items will count as an absence.

Hall Passes

Only one (1) student will be allowed out of class at a time. Students **must** have their school identification and hall pass when out of the classroom.

Parking

Cambridge Students must park by the football field **only** within the spots marked with yellow lines. Parking is **not** permitted in the high school lot! Students may **not** go to their cars during the day without permission.

WHAT CAN I WEAR? There is no formal dress code at our school, but any clothing or personal hygiene that presents a distraction to the teacher or class, interferes with classroom activities, or presents a safety hazard to the student is prohibited. Students will refrain from wearing any apparel that suggests either substances or behaviors that are inappropriate. All shirts must have sleeves, not be low cut, and must cover the midriff. Tank tops are not allowed. Skirts must be an appropriate length and pants must fit properly. No Pajamas or Slippers. Pants must be pulled up. Just have enough self-respect not to make your attire an issue.

Appropriateness of clothing will be determined by the principal and/or staff member designated by the principal.

Inappropriately dressed students may be asked to remove the article, be given another shirt to wear temporarily, turn it inside out, or sent home for the rest of the day, which will be an unexcused absence. Coats, hoods, sunglasses, trench coats, bandanas, and chains longer than 5 inches may not be worn. Please refer to the code of conduct to review complete dress code.

Food/Beverages

Breakfast and lunch are available at school. Students must fill out a **free lunch form** available in the office.

The teacher has the option of permitting students the privilege of bringing a snack or beverage into the classroom. This privilege will be revoked if it becomes disruptive or inhibits instruction in any way.

VAPING: WHAT YOU NEED TO KNOW

“Vaping” is the popular term used to describe the use of e-cigarettes or nicotine vaporizers. You might know people who vape, or you might have tried it yourself. Regardless of your experience with vaping, it’s important that you learn the facts about vaping----and why it’s a bad idea.

THE FACTS

- According to a recent survey, 63% of 15-24-year old’s who use vapers either didn’t know that vapes contain nicotine, or they didn’t realize how much nicotine vapes actually contain. A single vape pod can contain as much nicotine as an entire pack of cigarettes.
- Electronic cigarettes are just as addictive as tobacco cigarettes. Students have also shown that teens who vape are four times more likely to start smoking tobacco cigarettes.
- Nicotine use during adolescence (regardless of the method) has been shown to impact brain development.
- The long-term health effects of vaping are still unknown. In addition, manufactures of e-cigarettes often do not state exact levels of the chemicals contained in their products.
- Vaping is a costly nicotine addiction. Between starter kits and refills, vape users spend an average of \$1,000 to \$2,000 a year.

REASONS TO VAPE: DEBUNKED

Vaping is not harmless. Vapes contain nicotine, just like any tobacco product. Nicotine is highly addictive and is especially harmful for young people’s developing brains.

Vapes also contain ultrafine particles and chemicals that could be harmful for your lungs. And since vaping is relatively new, it is unknown how severe these harmful effects could be.

EVERYONE IS DOING IT, AND THEY’RE ALL FINE.

While it might seem like everyone is doing it, they aren’t. About a quarter of teens report using vapes, and remember, just because those who vape seem fine now doesn’t mean they will be fine years down the road.

I DO IT OCCASIONALLY. IT'S NOT A BIG DEAL

Occasional use is still exposing you to highly addictive nicotine. Nicotine addiction happens fast-which can put you at risk for nicotine withdrawal when you are not able to vape. Symptoms of nicotine withdrawal include headaches, trouble sleeping and irritability.

Vaping also makes you much more likely to use traditional cigarettes, which is the leading cause of preventable death worldwide.

If you don't vape, don't start. It's an expensive, dangerous addiction that can take years to recover from. If you vape, try to quit. If you need support, talk to an adult you trust.

Lack of Work

Anyone who has enrolled in the Cambridge High School program is expected to bring to school daily their computers, computer charger, paper, pen or pencil and/or other material to class as directed by the teacher. **Cambridge is a blended online program.** Each student is responsible for any damage or lost computer. Students are expected to work while in class. Sleeping is not permitted. Those who violate this policy will receive an alert form and referred to the administrator. If a student is not working, it is the teacher's responsibility to follow through with the student and parent/guardian.

Early Dismissal

Students leaving early must sign out in the office. If a student is under the age of 18 a parent/guardian must be contacted before student leaves the building. Attendance will be closely monitored. Discipline will result if you do not sign out.

Medications

Students may carry Epi-Pens and/or inhalers as long as the office is aware with necessary paperwork. All other medications will be dispensed by an administrator. Medications dispensed at school require a form on file in the office and must be in original bottle and will be kept in the office.

Student I.D.'s

You will receive your student ID during the first month of school. Please keep it with you at all times and carry it proudly. You must produce your ID whenever requested by an adult. There will be a \$5.00 charge to replace your ID if it becomes lost and needs to be reissued. Student ID's are used to ride the SMART/DOT bus for less money. It also can be used at stores that allow student ID.

Fire, Tornado, and Lock down Drill

Periodic drills are held during the school year for the safety of all. You will be expected to cooperate and conduct yourself in an orderly fashion.

By making good choices and using common sense, you will be able to avoid getting referrals and consequences. Teachers will give you a warning or a redirection, if needed. However, you are in high school and we do expect that you take responsibility for your own actions. You know the rules; you know what is expected, so you must do your best to do what is needed to be successful here.

ACCEPTABLE USE PROCEDURE FOR TECHNOLOGY

Students are not allowed to connect any hardware to district computers or to the district network. This includes, but is not limited to, any wireless devices, laptops, PDA's, MP3 players, portable storage devices (Flash/Thumb drives), CD's, etc. These devices can contain viruses, key logger programs, and other damaging software that can threaten the district network. A student can bring in their own laptop to do a presentation, but they cannot connect to the district network.

We understand there are certain instances that will require students to work on a project outside of school. If this is the case, the students can attach the needed file (Word, PowerPoint, etc.) to an email and send it to themselves. They can then open that email on the district machine and save the file. This process will help reduce the risk of a virus or executable file being present.
