STAKEHOLDER  
FEEDBACK

# Stakeholder Interviews

- From December 2023 to April 2024, the consultant team completed almost 30 one-on-one interviews.

# Themes from Stakeholder Interviews

01

## Lack of Rental Housing

*Severe shortage of rental units across all income levels, making it difficult to find apartments, even with rental assistance.*

02

## Housing Affordability Issues

*High rental rates often exceed mortgage payments, affecting low and middle-income residents.*

03

## Homeownership Barriers

*High home prices and lack of funds for down payments make homeownership unattainable for many first-time buyers.*

04

## Senior Housing Shortages

*There's a lack of affordable downsizing options for middle-income seniors.*

05

## Rural Housing Challenges

*Limited transportation options in rural areas restrict housing choices and access to essential services.*

# Themes from Stakeholder Interviews

06

## Housing Maintenance Issues

*Older housing stock throughout the county needs significant upgrades and modifications.*

08

## Collaboration with Developers

*Better communication with builders and developers is needed to encourage the construction of necessary housing types.*

07

## Regulatory/Community Barriers

*Local permitting processes and community opposition create barriers to developing affordable housing.*

09

## Economic/Employment Impact

*Housing shortages affect local businesses and employment, with workers struggling to find affordable housing near their jobs.*

10

## Challenges for Vulnerable Residents

*Insufficient transitional and supportive housing for disabled population or those exiting incarceration or rehabilitation.*

# HIGH PRIORITY BY HOUSEHOLD TYPES

# IDEAS FOR ACTION

**Q: What can the county or state governments do to improve housing accessibility for Genesee County residents of all life stages?**

## TOP RESPONSES

- **Increase the Quality and Quantity of Available Housing:** Develop diverse housing options to meet the needs of all income levels, ensuring both the availability and quality of housing improve.
- **Make Home Ownership More Accessible:** Simplify the home-buying process and offer more assistance programs to help individuals and families purchase homes.
- **Provide Supportive Housing for Mental Health Needs:** Expand housing options with necessary support services for individuals with mental health challenges, addressing the issue of homelessness among this group.
- **Offer Grants for Home Improvements:** Provide grants to middle-income homeowners for home repairs and upgrades to enhance neighborhoods and increase property values.
- **Attract Stable Jobs:** Bring more stable and high-paying jobs to the area, particularly in high tech industries, to support economic growth and housing affordability.

## TOP RESPONSES

- **Support Income Assistance Programs for Middle-Income Families:** Implement more income assistance programs targeted at middle-income families to help them afford housing and maintain their living standards.
- **Encourage Multi-Family Housing Development:** Facilitate the development of multi-family housing units, such as duplexes, and educate the public on the benefits of such housing to create affordable options for working-class residents.
- **Encourage Renovation and Safety Upgrades:** Promote and support the renovation of existing homes to improve accessibility and safety, particularly for seniors and people with mobility issues.
- **Increase Market-Rate Housing:** Invest in and promote the development of market-rate housing to balance the housing market and reduce the dominance of low-income rental properties.
- **Lower Property Taxes and Living Costs:** Work towards reducing property taxes and other living costs to make homeownership and renting more affordable for all income levels, especially middle-income families.
