1. Our Mission

Genesee County Parks, Recreation & Forestry Mission Statement:

The goal of the Parks Department is to achieve overall excellence in providing recreational and educational activities for Genesee County residents, as well as preserving the natural resources that both the County Parks have to offer. Also, facilitate a greater sense of cooperation between the County and the various localities to improve the County-wide recreational opportunities available to all its citizens.

Genesee County Park and Forest Interpretive Center Mission Statement:

The purpose of the Genesee County Parks Interpretive Center is to serve as an asset to promote and facilitate educational programs that showcase the unique natural resources and environmental management practices of the Genesee County Park and Forest and to educate the public of the natural resources of the Genesee County Region.

2. Introduction

The purpose of this manual is to provide Genesee County Parks volunteers with important information about working conditions and some of the policies affecting their service. It is intended to provide broad internal guidelines and is not to be construed as a contract or other legal document. All Park volunteers and staff are considered to serve “at will”, which means that either the Volunteer or the Park may end the relationship at any time, with or without notice, and with or without articulating a reason.

No volunteer manual can anticipate every circumstance or question that may arise. Genesee County Parks Recreation and Forestry reserves the right to revise, supplement, or rescind any policy or portion of this manual as it deems appropriate. These changes will be communicated to you verbally or in writing and via future revisions to the manual.

3. Placement Policies

Genesee County is an equal opportunity employer for staff and volunteers.

The Genesee County Parks Volunteer program recognizes diversity as an asset, because each person's different points of view offer new ideas that can improve services to visitors, increase productivity, and save money.

Decisions affecting applicants and volunteers will not be based upon race, color, creed, religion, sex, sexual orientation, national origin, age, disability, marital status, citizenship status, military/veteran status, criminal conviction status, predisposing genetic characteristics, participation in lawful activities outside the workplace, pregnancy, domestic violence victim status, or any other category protected by law. This policy applies to all terms and conditions of volunteering. The County expressly prohibits any form of unlawful discrimination, harassment, and retaliation based on race, color, creed, religion, sex, sexual orientation, national origin, age, disability, marital status, citizenship status, military/veteran status, criminal conviction status, predisposing genetic characteristics, participation in lawful activities outside the workplace, pregnancy, domestic violence victim status, or any other category protected by law. Interference with the ability of county employees and volunteers to perform their expected job duties is absolutely not tolerated. We will make reasonable accommodations for qualified individuals with known disabilities, unless making the accommodation would result in an undue hardship to the County.

Genesee County takes all complaints of discrimination, harassment and misconduct seriously. You will not be punished or retaliated against for asking questions or expressing concerns about these issues. If you have a question or concern about any type of discrimination, harassment, or retaliation, please discuss it with the Deputy Superintendent Facilities, Parks, Recreation & Forestry Paul Osborn 585-344-8508 or at posborn@co.genesee.ny.us.

 2. Fill out volunteer hours using the ACORNS google docs spreadsheet or the timesheet in your green volunteer folder. Volunteer folders are kept under the front desk and are filed in alphabetical order. If you are an ACORNS member, the google docs spreadsheet is preferred.

3. Dress code: All volunteers are expected to dress and groom in a professional and appropriate manner, particularly if the job involves dealing with citizens in person. Dress for the elements when going outside and be prepared. A neat, tasteful appearance contributes to the positive impression you make on our visitors and keeps our work environment free from safety hazards. You are expected to be suitably attired and groomed for volunteering or when representing Genesee County Parks.
4. Substances/smoking policy: Smoking is not allowed on the grounds of the Interpretive Nature Center.

Solicitation policy: The County prohibits the solicitation, distribution, and posting of materials on or at county property by any volunteer during volunteering time, except as may be permitted by this policy. Exceptions are charitable and community activities sponsored by the County and county-sponsored programs related to our services. Bulletin boards are located in the Interpretive Nature Center. These boards will be used only for the posting of park events, programs, community activities and pertinent information for park volunteers and staff as authorized by the Deputy Superintendent Facilities, Parks, Recreation & Forestry. If you have any questions about this policy, please contact the Conservation Education Program Coordinator.

No volunteers or employees are authorized to represent the County unless specifically authorized by the County Manager or Department Head.

Sexual harassment includes, but is not limited to, any unwelcome sexual advance or request for sexual favors, sexual innuendo, jokes of a sexual nature, and all other unwelcome conduct of a sexual nature or which is based on sex, especially where such conduct interferes with a volunteer's performance, terms or conditions of volunteering, or creates an intimidating, hostile, or offensive working environment. Each volunteer is responsible for maintaining an atmosphere free of discrimination and harassment, respecting the rights of every employee, volunteer, and the public, and complying with this policy. Conduct prohibited by this policy is unacceptable at the parks and in any park-related setting outside the parks including outreach events, offsite trainings, volunteer and social events.

7. Safety Policies and Considerations

Safety at the park is top priority and we want this to be a safe and healthy place for Park Staff, volunteers, and visitors. In order to accomplish this, a successful safety program depends on everyone being alert and committed to safety. To ensure this all safety standards must be followed at all times. All unsafe conditions are to be reported to park staff immediately for everyone's safety. If you violate one or more county safety standards, you may be subject to disciplinary action including separation from service. Some of the best safety improvements come from volunteers and employees. If you have an idea, concern, or suggestion to improve safety here at the park please contact the Volunteer Coordinator or Conservation Education Program Coordinator. We welcome your suggestions and input to improve the experience for everyone involved.

During your time at the county parks, it's possible that you will encounter a variety of working environments and potential emergency situations. While we cannot possibly cover every situation or answer all questions about what you may encounter while volunteering, the following safety procedures apply to the conditions and emergencies that may potentially arise while working for the parks. As safety policies are updated and improved over time, we ask that you as a volunteer provide us with acknowledgement of receipt and understanding of new policies to follow that keeps all park staff, volunteers and visitors safe.

A. Prevention – Keep Yourself Safe

Prevention is key to keeping yourself safe and healthy while volunteering. Following basic safety rules goes a long way in preventing injuries.

B. Safety Basics

- Dress appropriately for your position, including proper footwear
- Familiarize yourself with the facility exits
- Practice safe lifting, pushing and moving strategies
- Stay current on safety updates given to you by park staff
- Use appropriate equipment for the task
- Do not perform tasks or use equipment you are not trained for
- Notify staff of any safety issues you see
- Notify staff of any injuries that occur on the job and fill out an incident report
- **When in doubt, ask!** Not trained? Not sure how to do something? Never used that tool before?

C. Drug Policy

We are committed to making Genesee County a safe, efficient, and productive work environment for all volunteers. There can be serious safety and health risks if an employee uses or is under the influence of drugs or alcohol on the job. A safe and productive drug-free workplace is achieved when everyone cooperates. Any volunteer whose ability to perform their job duties is impaired due to on- or off-duty alcohol or drug use places everyone in potential danger. If you are under the influence of alcohol or drugs you are prohibited from volunteering. If volunteer or staff member believes a co-worker or other individual in the workplace is under the influence of alcohol or drugs, they should report the situation to their supervisor or park staff immediately.

It is the policy of Genesee County that the public has the absolute right to expect persons volunteering at the county parks to be free from the effects of drugs and alcohol. The county has

the right to expect its volunteers to report for work fit and able for duty and to set a positive example for the community. This applies during all volunteer hours, whenever conducting park business or representing the County Parks, or on County Property. It is a violation of our drug-free workplace policy to use, possess, sell, trade, and/or sell alcohol, illegal drugs or intoxicants on County premises. Illegal or unauthorized use and intentional misuse and/or abuse of prescription medications also violate this policy.

You may use legally prescribed, or over-the-counter drugs on the job only if they are taken in the prescribed or recommended dosages and do not impair your ability to perform the essential functions of your volunteer duties effectively and safely and without endangering yourself or others. Any volunteer taking prescribed or over-the-counter medications will be responsible for consulting the appropriate medical or pharmacy professional to determine if the medication may interfere with safe performance of his/her duties. If the use of a medication could compromise the safety of the volunteer, co-workers, citizens, or the public, it is the volunteer's responsibility to avoid unsafe workplace situations.

Subject to applicable federal and state laws, entering county property constitutes consent to searches and inspections. If an individual is suspected of violating the drug-free workplace policy, he or she may be asked to submit to a search or inspection at any time. Searches can be conducted of pockets and clothing, wallets, purses, briefcases and lunchboxes, desks and work stations, lockers, vehicles, and equipment.

We strongly encourage volunteers to voluntarily seek help with drug and alcohol problems, utilize the services of qualified professionals in the community to assess the seriousness of suspected drug or alcohol problems and identify appropriate sources of help; and seek help if they are concerned that they or their family members may have a drug and/or alcohol problem.

D. Incident Reporting Policy

An Incident Report Form is required to be completed and submitted to the Volunteer Coordinator and/or the Conservation Education Program Coordinator immediately following any accident or incident, though you should not delay seeking immediate treatment if necessary. Notify the Volunteer Coordinator or other Park Staff immediately about any accident that causes an injury, no matter how minor it may seem at the time. Reporting accidents quickly allows the park to address any unsafe situation promptly.

E. Emergency Procedures:

While true emergencies are rare, it is important to provide an overview of the procedures in the case that they do arise.

The County Parks has staff trained in First Aid/CPR, in handling animal emergencies, and in basic emergency response specific to the parks. In the event of an emergency, volunteers are asked to follow the Emergency Response Procedures while waiting for assignments from the responding staff. It is the responsibility of volunteers to notify park staff of emergencies, and the responsibility of park staff to respond to emergencies.
