GERRY CASTRO

VILLAGE ATTORNEY
PETER BEE

July 12, 2018

Lawrence Residents please note the following:

LIRR Vegetation Management on the Far Rockaway Branch

During the next few weeks, LIRR representatives will be working along the right-of-way (ROW) on the *Far Rockaway Branch* (Valley Stream to Far Rockaway) to identify and remove overgrown trees and vegetation, to protect the safety of both the public and train crews, and to ensure the reliability of train service.

The LIRR uses licensed and insured tree service professionals to carry out this program of trimming and/or removal of trees along its property. This may also include removal of some branches overhanging the right-of-way from trees located on private property.

If you have any questions or specific concerns regarding your property and the program, please call 718-558-7767.
