Hawthorne Utilities
P.O. Box 1448
Hawthorne, NV 89415-1448
Phone: (775) 945-2486

AGREEMENT

NEW WATER CONNECT APPLICATION
For HAWTHORNE, MINA OR LUNING

I hereby request Hawthorne Utilities to install a new water connect from the main line to my property line. I fully understand that I will be completely responsible for the payment of a new Connect Fee and Capacity Development Fee. I will have the desired location of the connect marked for Utility Personnel.

I have also been informed that Hawthorne Utilities will install the line ONLY to my property line. I will be fully responsible for the replacement and costs on my property and release Hawthorne Utilities of any and all liability incurred thereon.

Hawthorne Utilities requires back flow preventer be installed on the property owner's line. The costs and maintenance of the back flow preventer would be the property owner's responsibility.

I understand that Hawthorne Utilities requires no less than three days prior notification for the new water connect installation. Work will be done as manpower and equipment are available.

- ❑ **¾"** New Service $932, plus Cap Fee $1,300 = Total $2,232
