**SCHEDULE OF VALUES**

**Northampton County, North Carolina**

**2023 REAPPRAISAL**

This document has been prepared in accordance with Chapter 105, Subchapter II, Article 19 Section 105-317, Paragraph (b) (1) of the General Statutes of North Carolina and Standard 6 of the Uniform Standards of Professional Appraisal Practice as developed by the Appraisal Standards Board (ASB) of the Appraisal Foundation.

In preparation for each reappraisal of real property required by General Statutes 105-286, it shall be the duty of the assessor to see that uniform schedules of values, standards and rules to be used in appraising real property at its true value and its present-use value are prepared and are sufficiently detailed to enable those making appraisals to adhere to them in appraising real property.

If any portion of this schedule of values, standards and rules, or the enforcement thereof is found to be unlawful or unconstitutional, this shall not operate to invalidate the rest of these schedules, standards and rules, and they shall remain in full force and effect. Any subsequent law changes shall be followed in accordance with and applied to schedules, standards and rules.

Pursuant to G.S. 105-317(c)(b)(1). The values, standards, and rules required by subdivision (b)(1) shall be reviewed and approved by the board of county commissioners before January 1, 2023. The board of county commissioners may approve the schedules of values, standards, and rules to be used in appraising real property at its true value and at its present-use value either separately or simultaneously.

**PRESENT USE VALUE  
ASSESSMENT AND TAXATION OF AGRICULTURAL,  
HORTICULTURAL, AND FOREST LANDS**

**Northampton County, North Carolina**

**2023 REAPPRAISAL**

The North Carolina Legislature made provisions G.S. 105-277.3 through G.S. 105-277.7 for certain lands to be protected from rapidly escalating urban land taxes until the property use was changed to a different use. In 1985, the legislature refined the methods of assessing these certain properties and issued instructions for the Use-Value Manual for Agricultural, Horticultural, and Forest Lands to be prepared annually by N C State University and the Extension Service. It also charged the Department of Revenue in G.S. 105-298(a) (5) to provide copies of these guidelines to each Assessor for use in the preparation of the local use-value schedules.

It requires that each County Board of Commissioners adopt a separate Use-Value Schedule of Values to be effective during revaluation years.

Pursuant to G.S. 105-317(c)(b)(1). The values, standards, and rules required by subdivision (b)(1) shall be reviewed and approved by the board of county commissioners before January 1, 2023. The board of county commissioners may approve the schedules of values, standards, and rules to be used in appraising real property at its true value and at its present-use value either separately or simultaneously.

**STATUTORY REQUIREMENTS**

**§ 105-273. (13) Real property, real estate, or land.** – Any of the following:

- a. The land itself.
- b. Buildings, structures, improvements, or permanent fixtures on land.
- c. All rights and privileges belonging or in any way appertaining to the property.
- d. A manufactured home as defined in G.S. 143-143.9(6), unless it is considered tangible personal property for failure to meet all of the following requirements:
  1. It is a residential structure.
  2. It has the moving hitch, wheels, and axles removed.
  3. It is placed upon a permanent foundation either on land owned by the owner of the manufactured home or on land in which the owner of the manufactured home has a leasehold interest pursuant to a lease with a primary term of at least 20 years and G.S. 105-273 Page 3 the lease expressly provides for disposition of the manufactured home upon termination of the lease.

**§ 105-283. Uniform appraisal standards.**

All property, real and personal, shall as far as practicable be appraised or valued at its true value in money. When used in this Subchapter, the words "true value" shall be interpreted as meaning market value, that is, the price estimated in terms of money at which the property would change hands between a willing and financially able buyer and a willing seller, neither being under any compulsion to buy or to sell and both having reasonable knowledge of all the uses to which the property is adapted and for which it is capable of being used. For the purposes of this section, the acquisition of an interest in land by an entity having the power of eminent domain with respect to the interest acquired shall not be considered competent evidence of the true value in money of comparable land. (1939, c. 310, s. 500; 1953, c. 970, s. 5; 1955, c. 1100, s. 2; 1959, c. 682; 1967, c. 892, s. 7; 1969, c. 945, s. 1; 1971, c. 806, s. 1; 1973, c. 695, s. 11; 1977, 2nd Sess., c. 1297.)

**§ 105-284. Uniform assessment standard.**

(a) Except as otherwise provided in this section, all property, real and personal, shall be assessed for taxation at its true value or use value as determined under G.S. 105-283 or G.S. 105-277.6, and taxes levied by all counties and municipalities shall be levied uniformly on assessments determined in accordance with this section.

(b) The assessed value of public service company system property subject to appraisal by the Department of Revenue under G.S. 105-335(b)(1) shall be determined by applying to the allocation of such value to each county a percentage to be established by the Department of Revenue. The percentage to be applied shall be either:

- (1) The median ratio established in sales assessment ratio studies of real property conducted by the Department of Revenue in the county in the year the county conducts a reappraisal of real property and in the fourth and seventh years thereafter; or
- (2) A weighted average percentage based on the median ratio for real property established by the Department of Revenue as provided in subdivision (1) and a one hundred percent (100%) ratio for personal property. No percentage shall be applied in a year in which the median ratio for real property is ninety percent (90%) or greater.

If the median ratio for real property in any county is below ninety percent (90%) and if the county assessor has provided information satisfactory to the Department of Revenue that the county follows accepted guidelines and practices in the assessment of business personal property, the weighted average percentage shall be applied to public service company property. In calculating the weighted average percentage, the Department shall use the assessed value figures for real and personal property reported by the county to the Local Government Commission for the preceding year. In any county which fails to demonstrate that it follows accepted guidelines and practices, the percentage to be applied shall be the median ratio for real property. The percentage established in a year in which a sales assessment ratio study is conducted shall continue to be applied until another study is conducted by the Department of Revenue.

(c) Notice of the median ratio and the percentage to be applied for each county shall be given by the Department of Revenue to the chairman of the board of commissioners not later than April 15 of the year for which it is to be effective. Notice shall also be given at the same time to the public service companies whose property values are subject to adjustment under this section. Either the county or an affected public service company may challenge the real property ratio or the percentage established by the Department of Revenue by giving notice of exception within 30 days after the mailing of the Department's notice. Upon receipt of such notice of exception, the Department shall arrange a conference with the challenging party or parties to review the matter. Following the conference, the Department shall notify the challenging party or parties of its final determination in the matter. Either party may appeal the Department's determination to the Property Tax Commission by giving notice of appeal within 30 days after the mailing of the Department's decision.

(d) Property that is in a development financing district and that is subject to an agreement entered into pursuant to G.S. 159-108 shall be assessed at its true value or at the minimum value set out in the agreement, whichever is greater. (1939, c. 310, s. 500; 1953, c. 970, s. 5; 1955, c. 1100, s. 2; 1959, c. 682; 1967, c. 892, s. 7; 1969, c. 945, s. 1; 1971, c. 806, s. 1; 1973, c. 695, s. 12; 1985, c. 601, s. 1; 1987 (Reg. Sess., 1988), c. 1052, s. 1; 2003-403, s. 20.)

#### § 105-296. Powers and duties of assessor.

(a) The county assessor shall have general charge of the listing, appraisal, and assessment of all property in the county in accordance with the provisions of law. He shall perform the duties imposed upon him by law, and he shall have and exercise all powers reasonably necessary in the performance of his duties not inconsistent with the Constitution or the laws of this State.

(b) Within budgeted appropriations, he shall employ listers, appraisers, and clerical assistants necessary to carry out the listing, appraisal, assessing, and billing functions required by law. The assessor may allocate responsibility among such employees by territory, by subject matter, or on any other reasonable basis. Each person employed by the assessor as a real property

appraiser or personal property appraiser shall during the first year of employment and at least every other year thereafter attend a course of instruction in his area of work. At the end of the first year of their employment, such persons shall also achieve a passing score on a comprehensive examination in property tax administration conducted by the Department of Revenue.

(c) At least 10 days before the date as of which property is to be listed, the assessor shall advertise in a newspaper having general circulation in the county and post in at least five public places in each township in the county a notice containing all of the items listed in this subsection. If the listing period is extended in any county by the board of county commissioners, the assessor shall advertise in the newspaper in which the original notice was published and post in the same places a notice of the extension and of the times during which and the place or places at which lists will be accepted during the extended period. The items that must be included in the notice are:

- (1) The date as of which property is to be listed.
- (2) The date on which listing will begin.
- (3) The date on which listing will end.
- (4) The times between the date mentioned in subdivision (c)(2), above, and the date mentioned in subdivision (c)(3), above, during which lists will be accepted.
- (5) The place or places at which lists will be accepted at the times established under subdivision (c)(4), above.

(6) A statement that all persons who, on the date as of which property is to be listed, own property subject to taxation must list such property within the period set forth in the notice and that any person who fails to do so will be subject to the penalties prescribed by law.

(7) If the county has provided for electronic listing of personal property under G.S. 105-310.1, a statement that the county allows electronic listing of personal property and the timetable and procedures for electronic listing.

(d) Through (f) Repealed by Session Laws 1987, c. 43, s. 2.

(g) He shall have power to subpoena any person for examination under oath and to subpoena documents whenever he has reasonable grounds for the belief that such person has knowledge or that such documents contain information that is pertinent to the discovery or valuation of any property subject to taxation in the county or that is necessary for compliance with the requirements as to what the tax list shall contain. The subpoena shall be signed by the chairman of the board of equalization and review if that board is in session; otherwise, it shall be signed by the chairman of the board of county commissioners. It shall be served by an officer qualified to serve subpoenas. Any person who shall willfully fail or refuse to appear, produce subpoenaed documents, or testify concerning the subject of the inquiry shall be guilty of a Class 1 misdemeanor.

(h) Only after the abstract has been carefully reviewed can the assessor require any person operating a business enterprise in the county to submit a detailed inventory, statement of assets and liabilities, or other similar information pertinent to the discovery or appraisal of property taxable in the county. Inventories, statements of assets and liabilities, or other information secured by the assessor under the terms of this subsection, but not expressly required by this Subchapter to be shown on the abstract itself, shall not be open to public inspection but shall be made available, upon request, to representatives of the Department of Revenue or of the Division of Employment Security (DES) of the Department of Commerce. Any assessor or other official or employee disclosing information so obtained, except as may be necessary in listing or

appraising property in the performance of official duties, or in the administrative or judicial proceedings relating to listing, appraising, or other official duties, shall be guilty of a Class 3 misdemeanor and punishable only by a fine not exceeding fifty dollars (\$50.00).

(i) Prior to the first meeting of the board of equalization and review, the assessor may, for good cause, change the appraisal of any property subject to assessment for the current year. Written notice of a change in assessment shall be given to the taxpayer at his last known address prior to the first meeting of the board of equalization and review.

(j) The assessor must annually review at least one eighth of the parcels in the county classified for taxation at present-use value to verify that these parcels qualify for the classification. By this method, the assessor must review the eligibility of all parcels classified for taxation at present-use value in an eight-year period. The period of the review process is based on the average of the preceding three years' data. The assessor may request assistance from the Farm Service Agency, the Cooperative Extension Service, the North Carolina Forest Service of the Department of Agriculture and Consumer Services, or other similar organizations.

The assessor may require the owner of classified property to submit any information, including sound management plans for forestland, needed by the assessor to verify that the property continues to qualify for present-use value taxation. The owner has 60 days from the date a written request for the information is made to submit the information to the assessor. If the assessor determines the owner failed to make the information requested available in the time required without good cause, the property loses its present-use value classification and the property's deferred taxes become due and payable as provided in G.S. 105-277.4(c). If the property loses its present-use value classification for failure to provide the requested information, the assessor must reinstate the property's present-use value classification when the owner submits the requested information within 60 days after the disqualification unless the information discloses that the property no longer qualifies for present-use value classification. When a property's present-use value classification is reinstated, it is reinstated retroactive to the date the classification was revoked and any deferred taxes that were paid as a result of the revocation must be refunded to the property owner. The owner may appeal the final decision of the assessor to the county board of equalization and review as provided in G.S. 105-270.4(b1).

In determining whether property is operating under a sound management program, the assessor must consider any weather conditions or other acts of nature that prevent the growing or harvesting of crops or the realization of income from cattle, swine, or poultry operations. The assessor must also allow the property owner to submit additional information before making this determination.

(k) He shall furnish information to the Department of Revenue as required by the Department to conduct studies in accordance with G.S. 105-289(h).

(l) The assessor shall annually review at least one-eighth of the parcels in the county exempted or excluded from taxation to verify that these parcels qualify for the exemption or exclusion. By this method, the assessor shall review the eligibility of all parcels exempted or excluded from taxation in an eight-year period. The assessor may require the owner of exempt or excluded property to make available for inspection any information reasonably needed by the assessor to verify that the property continues to qualify for the exemption or exclusion. The owner has 60 days from the date a written request for the information is made to submit the information to the assessor. If the assessor determines that the owner failed to make the information requested available in the time required without good cause, then the property loses its exemption or exclusion. If the property loses its exemption or exclusion for failure to provide

the requested information, the assessor must reinstate the property's exemption or exclusion when the owner makes the requested information available within 60 days after the disqualification unless the information discloses that the property is no longer eligible for the exemption or exclusion.

(m) The assessor shall annually review the transportation corridor official maps and amendments to them filed with the register of deeds pursuant to Article 2E of Chapter 136 of the General Statutes. The assessor must indicate on all tax maps maintained by the county or city that portion of the properties embraced within a transportation corridor and must note any variance granted for the property for such period as the designation remains in effect. The assessor must tax the property within a transportation corridor as required under G.S. 105-277.9 and G.S. 105-277.9A. (1939, c. 310, ss. 403, 404; 1953, c. 970, s. 3; 1955, c. 1012, s. 1; 1957, c. 202; 1959, c. 740, s. 3; 1963, c. 302; 1971, c. 806, s. 1; 1973, c. 560; 1983, c. 813, s. 3; 1985, c. 518, s. 2; 1987, c. 43, s. 2; c. 45, ss. 1, 2; c. 830, s. 84(b); 1987 (Reg. Sess., 1988), c. 1044, s. 13; 1991, c. 34, s. 2; c. 77, s. 1; 1993, c. 539, ss. 715, 716; 1994, Ex. Sess., c. 24, s. 14(c); 2001-139, ss. 3-5; 2002-184, s. 6; 2005-313, s. 7; 2005-386, s. 1.4; 2011-145, s. 13.25(pp); 2011-238, s. 2; 2011-401, s. 5.1; 2013-155, s. 8; 2014-3, s. 14.19.) § 105-297.

#### **§ 105-299. Employment of experts.**

The board of county commissioners may employ appraisal firms, mapping firms or other persons or firms having expertise in one or more of the duties of the assessor to assist the assessor in the performance of these duties. The county may also assign to county agencies, or contract with State or federal agencies for, any duties involved with the approval or auditing of use-value accounts. The county may make available to these persons any information it has that will facilitate the performance of a contract entered into pursuant to this section. Persons receiving this information are subject to the provisions of G.S. 105-289(e) and G.S. 105-259 regarding the use and disclosure of information provided to them by the county. Any person employed by an appraisal firm whose duties include the appraisal of property for the county must be required to demonstrate that he or she is qualified to carry out these duties by achieving a passing grade on a comprehensive examination in the appraisal of property administered by the Department of Revenue. In the employment of these firms, primary consideration must be given to the firms registered with the Department of Revenue pursuant to G.S. 105-289(i). A copy of the specifications to be submitted to potential bidders and a copy of the proposed contract may be sent by the board to the Department of Revenue for review before the invitation or acceptance of any bids. Contracts for the employment of these firms or persons are contracts for personal services and are not subject to the provisions of Article 8, Chapter 143, of the General Statutes. If the board of county commissioners employs any person or firm to assist the assessor in the performance of the assessor's duties, the person or firm may not be compensated, in whole or in part, on a contingent fee basis or any other similar method that may impair the assessor's independence or the perception of the assessor's independence by the public. (1939, c. 310, s. 408; 1971, c. 806, s. 1; 1973, c. 476, s. 193; 1975, c. 508, s. 2; 1983, c. 813, s. 4; 1985, c. 601, s. 2; 1989, c. 79; 2002-184, s. 7; 2003-416, s. 9; 2012-152, s. 2; 2012-194, s. 61.5(b).)

**§ 105-317. Appraisal of real property; adoption of schedules, standards, and rules.**

(a) Whenever any real property is appraised it shall be the duty of the persons making appraisals:

(1) In determining the true value of land, to consider as to each tract, parcel, or lot separately listed at least its advantages and disadvantages as to location; zoning; quality of soil; waterpower; water privileges; dedication as a nature preserve; conservation or preservation agreements; mineral, quarry, or other valuable deposits; fertility; adaptability for agricultural, timber-producing, commercial, industrial, or other uses; past income; probable future income; and any other factors that may affect its value except growing crops of a seasonal or annual nature.

(2) In determining the true value of a building or other improvement, to consider at least its location; type of construction; age; replacement cost; cost; adaptability for residence, commercial, industrial, or other uses; past income; probable future income; and any other factors that may affect its value.

(3) To appraise partially completed buildings in accordance with the degree of completion on January 1.

(b) In preparation for each revaluation of real property required by G.S. 105-286, it shall be the duty of the assessor to see that:

(1) Uniform schedules of values, standards, and rules to be used in appraising real property at its true value and at its present-use value are prepared and are sufficiently detailed to enable those making appraisals to adhere to them in appraising real property.

(2) Repealed by Session Laws 1981, c. 678, s. 1.

(3) A separate property record be prepared for each tract, parcel, lot, or group of contiguous lots, which record shall show the information required for compliance with the provisions of G.S. 105-309 insofar as they deal with real property, as well as that required by this section. (The purpose of this subdivision is to require that individual property records be maintained in sufficient detail to enable property owners to ascertain the method, rules, and standards of value by which property is appraised.)

(4) The property characteristics considered in appraising each lot, parcel, tract, building, structure and improvement, in accordance with the schedules of values, standards, and rules, be accurately recorded on the appropriate property record.

(5) Upon the request of the owner, the board of equalization and review, or the board of county commissioners, any particular lot, parcel, tract, building, structure or improvement be actually visited and observed to verify the accuracy of property characteristics on record for that property.

(6) Each lot, parcel, tract, building, structure and improvement be separately appraised by a competent appraiser, either one appointed under the provisions of G.S. 105-296 or one employed under the provisions of G.S. 105-299.

(7) Notice is given in writing to the owner that he is entitled to have an actual visitation and observation of his property to verify the accuracy of property characteristics on record for that property.

(c) The values, standards, and rules required by subdivision (b)(1) shall be reviewed and approved by the board of county commissioners before January 1 of the year they are applied. The board of county commissioners may approve the schedules of values, standards, and rules to be used in appraising real property at its true value and at its present-use value either separately or simultaneously. Notice of the receipt and adoption by the board of county commissioners of

either or both the true value and present-use value schedules, standards, and rules, and notice of a property owner's right to comment on and contest the schedules, standards, and rules shall be given as follows:

(1) The assessor shall submit the proposed schedules, standards, and rules to the board of county commissioners not less than 21 days before the meeting at which they will be considered by the board. On the same day that they are submitted to the board for its consideration, the assessor shall file a copy of the proposed schedules, standards, and rules in his office where they shall remain available for public inspection.

(2) Upon receipt of the proposed schedules, standards, and rules, the board of commissioners shall publish a statement in a newspaper having general circulation in the county stating: a. That the proposed schedules, standards, and rules to be used in appraising real property in the county have been submitted to the board of county commissioners and are available for public inspection in the assessor's office, and b. The time and place of a public hearing on the proposed schedules, standards, and rules that shall be held by the board of county commissioners at least seven days before adopting the final schedules, standards, and rules.

(3) When the board of county commissioners approves the final schedules, standards, and rules, it shall issue an order adopting them. Notice of this order shall be published once a week for four successive weeks in a newspaper having general circulation in the county, with the last publication being not less than seven days before the last day for challenging the validity of the schedules, standards, and rules by appeal to the Property Tax Commission. The notice shall state:
