#### INDEPENDENT AUDITORS' REPORT

To the Board of County Commissioners Northampton County, North Carolina

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of Northampton County, North Carolina, as of and for the year ended June 30, 2010, which collectively comprise the County's basic financial statements as listed in the table of contents. These financial statements are the responsibility of Northampton County's management. Our responsibility is to express an opinion on these basic financial statements based on our audit. We did not audit the financial statements of the Northampton County ABC Board which represents 100 percent of the assets, net assets, and revenues of the discretely presented component unit. Those financial statements were audited by other auditors whose report thereon has been furnished to us and, our opinion, insofar as it relates to the amounts included for the Northampton County ABC Board, is based solely on the report of the other auditors.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the basic financial statements are free of material misstatement. The financial statements of the Northampton County ABC Board were not audited in accordance with *Government Auditing Standards*. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinions.

In our opinion, based on our audit and the report of other auditors, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of Northampton County, North Carolina, as of June 30, 2010, and the respective changes in financial position and cash flows, where appropriate thereof, and the respective budgetary comparison for the General Fund for the year then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, we have also issued a report dated October 26, 2010 on our consideration of Northampton County's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts, grant agreements, and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audit.

Management's Discussion and Analysis and the Other Post-Employment Benefit schedules are not a required part of the basic financial statements but are supplementary information required by the Governmental Accounting Standards Board. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the required supplementary information. However, we did not audit the information and express no opinion thereon.

Our audit was performed for the purpose of forming an opinion on the basic financial statements of Northampton County, North Carolina. The combining and individual major and nonmajor fund financial statements and schedules, budgetary schedules, and additional financial data are presented for purposes of additional analysis and are not a required part of the basic financial statements. The combining and individual major and nonmajor fund financial statements and schedules, budgetary schedules, and additional financial data, have been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, are fairly stated, in all material respects, in relation to the basic financial statements taken as a whole.

## Management's Discussion and Analysis

As management of Northampton County, we offer readers of Northampton County's financial statements this narrative overview and analysis of the financial activities of Northampton County for the fiscal year ended June 30, 2010. We encourage readers to read the information presented here in conjunction with additional information that we have furnished in the County's financial statements, which follow this narrative.

## **Financial Highlights**

- The assets of Northampton County exceeded its liabilities at the close of the fiscal year by \$14,657,406 (*net assets*).
- As of the close of the current fiscal year, Northampton County's governmental funds reported combined ending fund balances of \$4,880,387, a decrease of \$960,713 in comparison with the prior year.
- At the end of the current fiscal year, unreserved fund balance for the General Fund was \$2,088,586, or 8 percent of total General Fund expenditures for the fiscal year.
- Northampton County's total net debt decreased by \$1,615,042 (6.25%) during the current fiscal year.

### **Overview of the Financial Statements**

This discussion and analysis is intended to serve as an introduction to Northampton County's basic financial statements. The County's basic financial statements consist of three components:

1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements (see Figure 1). The basic financial statements present two different views of the County through the use of the government-wide statements and fund financial statements. In addition to the basic financial statements, this report contains other supplemental information that will enhance the reader's understanding of the financial condition of Northampton County.

## **Required Components of Annual Financial Report**

Figure 1 Management's Basic Discussion and Financial **Analysis** Statements Government-Wide Fund Notes to the Financial Financial Financial Statements Statements Statements Summary Detail

## **Basic Financial Statements**

The first two statements (Exhibits A and B) in the basic financial statements are the **Government-Wide Financial Statements**. They provide both short and long-term information about the County's financial status.

The next statements (Exhibits C through J) are **Fund Financial Statements**. These statements focus on the activities of the individual parts of the County's government. These statements provide more detail than the government-wide statements. There are four parts to the fund financial statements: 1) the governmental funds statements, 2) the budgetary comparison statements, 3) the proprietary fund statements, and 4) the fiduciary fund statements.

The next section of the basic financial statements is the **notes**. The notes to the financial statements explain in detail some of the data contained in those statements. After the notes, **supplemental information** is provided to show details about the County's nonmajor governmental funds, which are added together in one column on the basic financial statements. Budgetary information required by the General Statutes also can be found in this part of the statements.

### **Government-Wide Financial Statements**

The government-wide financial statements are designed to provide the reader with a broad overview of the County's finances, similar in format to a financial statement of a private-sector business. The government-wide statements provide short and long-term information about the County's financial status as a whole.

The two government-wide statements report the County's net assets and how they have changed. Net assets are the difference between the County's total assets and total liabilities. Measuring net assets is one way to gauge the County's financial condition.

The government-wide statements are divided into two categories: 1) governmental activities and 2) business-type activities. The governmental activities include most of the County's basic services such as public safety, human services, education, and general government administration. Property taxes and federal and State grant funds finance most of these activities. The business-type activities are those that the County charges customers to provide. These include the water and sewer and solid waste services offered by Northampton County.

The government-wide financial statements are on Exhibits A and B of this report.

### **Fund Financial Statements**

The fund financial statements provide a more detailed look at the County's most significant activities. A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. Northampton County, like all other governmental entities in North Carolina, uses fund accounting to ensure and reflect compliance (or non-compliance) with finance-related legal requirements, such as the General Statutes or the County's budget ordinance. All of the funds of Northampton County can be divided into two categories: governmental funds and proprietary funds.

Governmental Funds. Governmental funds are used to account for those functions reported as governmental activities in the government-wide financial statements. Most of the County's basic services are accounted for in governmental funds. These funds focus on how assets can readily be converted into cash flow in-and-out and what monies are left at year-end that will be available for spending in the next year. Governmental funds are reported using an accounting method called *modified accrual accounting*. This method also has a current financial resources focus. As a result, the governmental fund financial statements give the reader a detailed short-term view that helps him or her determine if there are more or less financial resources available to finance the County's programs. The relationship between government activities (reported in the Statement of Net Assets and the Statement of Activities) and governmental funds is described in a reconciliation that is a part of the fund financial statements.

Northampton County adopts an annual budget for its General Fund, as required by the General Statutes. The budget is a legally adopted document that incorporates input from the citizens of the County, the management of the County, and the decisions of the Board about which services to provide and how to pay for them. It also authorizes the County to obtain funds from identified sources to finance these current period activities. The budgetary statement provided for the General Fund demonstrates how well the County complied with the budget ordinance and whether or not the County succeeded in providing the services as planned when the budget was adopted. The budgetary comparison statement uses the budgetary basis of accounting and is presented using the same format, language, and classifications as the legal budget document. The statement shows four columns: 1) the original budget as adopted by the Board; 2) the final budget as amended by the Board; 3) the actual resources, charges to appropriations, and ending balances in the General Fund; and 4) the difference or variance between the final budget and the actual resources and charges.

**Proprietary Funds.** Northampton County has one kind of proprietary fund. *Enterprise Funds* are used to report the same functions presented as business-type activities in the government-wide financial statements. Northampton County uses enterprise funds to account for its water and sewer activity and for its landfill operations. These funds are the same as those separate activities shown in the business-type activities in the Statement of Net Assets and the Statement of Activities.

**Fiduciary Funds.** Fiduciary funds are used to account for resources held for the benefit of parties outside the government. Northampton County has three fiduciary funds, all of which are agency funds.

**Notes to the Financial Statements.** The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements start after Exhibit J of this report.

## **Government-Wide Financial Analysis**

As noted earlier, net assets may serve, over time, as one useful indicator of a government's financial condition. The assets of Northampton County exceeded liabilities by \$14,657,406 as of June 30, 2010. The County's net assets decreased by \$296,308 for the fiscal year ended June 30, 2010. The largest portion of the County's net assets reflects the County's investment in capital assets (e.g. buildings, equipment, and water infrastructure), less any related debt still outstanding that was issued to acquire those items. Northampton County uses these capital assets to provide services to citizens; consequently, these assets are not available for future spending. Although Northampton County's investment in its capital assets is reported net of the outstanding related debt, the resources needed to repay that debt must be provided by other sources, since the capital assets cannot be used to liquidate these liabilities.

| Total net assets                  | \$ 3,924,454 | \$ 4,173,865      | \$ 10,732,952 | \$ 10,779,849     | \$ 14,657,406 | \$ 14,953,714 |

Several particular aspects of the County's financial operations positively influenced the total governmental net assets:

- Continued diligence in the collection of property taxes
- Continued low cost of debt due to low interest rates
- Decreases in outstanding debt amounts due to repayment of principal amounts and minimal current year borrowings

## Northampton County's Changes in Net Assets

| End of year - June 30                  | \$ 3,924,454 | \$ 4,173,865      | \$ 10,732,952 | \$ 10,779,849     | \$ 14,657,406 | \$ 14,953,714 |

**Governmental Activities**. Governmental activities decreased the County's net assets by \$249,411. Key elements of this decrease are as follows:

- Decrease in operating grants
- Decrease in local option sales tax revenue
- Decrease in ad valorem taxes revenue

**Business-Type Activities**. Business-type activities decreased the County's net assets by \$46,897. Water and sewer revenues and expenses were comparable to the prior year, and the fund generated positive cash flows. Solid waste revenues and expenses were comparable to the prior year, and the fund generated negative cash flows. Solid waste received a transfer from the General Fund of \$200,000, which was a key element in solid waste only reporting a decrease in net assets of \$13,898.

## Financial Analysis of the County's Funds

As noted earlier, Northampton County uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

**Governmental Funds.** The focus of Northampton County's governmental funds is to provide information on near-term inflows, outflows, and balances of usable resources. Such information is useful in assessing Northampton County's financing requirements. Specifically, unreserved fund balance can be a useful measure of a government's net resources available for spending at the end of the fiscal year.

The General Fund is the chief operating fund of Northampton County. At the end of the current fiscal year, unreserved fund balance of the General Fund was \$2,088,586, while total fund balance was \$4,456,036. As a measure of the General Fund's liquidity, it may be useful to compare both unreserved fund balance and total fund balance to total fund expenditures. Unreserved fund balance represents 8 percent of total General Fund expenditures, while total fund balance represents 18 percent of that same amount.

At June 30, 2010, the governmental funds of Northampton County reported a combined fund balance of \$4,880,387, a 16% percent decrease over last year. The General Fund accounted for a decrease in fund balance of \$412,815, while all other governmental funds combined accounted for a decrease in fund balance of \$547,898. Detailed schedules for the General Fund and each governmental fund follow the notes in this financial report.

General Fund Budgetary Highlights. During the fiscal year, the County revised the budget on several occasions. Generally, budget amendments fall into one of three categories: 1) amendments made to adjust the estimates that are used to prepare the original budget ordinance once exact information is available; 2) amendments made to recognize new funding amounts from external sources, such as federal and State grants; and 3) increases in appropriations that become necessary to maintain services. Total amendments to the General Fund increased revenues by approximately \$1,493,561, which was 5% more than originally budgeted.

Restricted intergovernmental revenues were budgeted conservatively. This accounted for the primary difference between the originally adopted budget and the final budget.

**Proprietary Funds.** Northampton County's proprietary funds provide the same type of information found in the government-wide statements, but in more detail. The total change in net assets for the enterprise funds was a decrease of \$46,897. Factors concerning the finances of the enterprise funds have already been addressed in the discussion of Northampton County's business-type activities.

## **Capital Asset and Debt Administration**

**Capital Assets.** Northampton County's capital assets for its governmental and business-type activities as of June 30, 2010, totaled \$34,743,748 (net of accumulated depreciation). These assets include buildings, equipment, vehicles, water and sewer systems, and construction in progress.

Major capital asset transactions during the year include:

- Purchase of a new ambulance for ambulance services
- Addition of a new roof on the administration building
- Addition of the Wellness and Recreation Center buildings and equipment

## Northampton County's Capital Assets (net of depreciation)

Additional information regarding Northampton County's long-term debt can be found in note 3.B of this audited financial report.

## **Economic Factors and Next Year's Budgets and Rates**

The County was experiencing an unemployment rate of 11.2% at June 30, 2010. This was higher than the non-seasonally adjusted State average of 10.2%.

## Budget Highlights for the Fiscal Year Ending June 30, 2011

**Governmental Activities.** General Fund revenues are projected to increase approximately 10% compared to 2010 actual amounts. The increase in revenues is due to the County raising the tax rate to \$.87 cents which is a \$.09 cent increase over the prior year tax rate.

**Business-Type Activities.** Solid waste revenues are budgeted more conservatively compared to 2010, given significant operating losses in 2010. Water and sewer revenues are conservatively budgeted compared to actual 2010 amounts due to anticipated decreases in usage due to the state of the economy.

## **Requests for Information**

This report is designed to provide an overview of the County's finances for those with an interest in this area. Questions concerning any of the information found in this report or requests for additional information (including information related to the Northampton County ABC Board, a discretely presented component unit) should be directed to the Director of Finance, Northampton County, PO Box 663, Jackson, North Carolina 27845.

| End of year - June 30                   | \$ 4,456,036    | \$ 424,351                     | \$ 4,880,387                   |  |

RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES, AND CHANGES IN FUND BALANCES - GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES FOR THE YEAR ENDED JUNE 30, 2010

Amounts reported for governmental activities in the Statement of Activities (Exhibit B) are different due to the following items:

| Net change in fund balances - total governmental funds (Exhibit D)   | \$<br>(960,713)    |
|--|--------------------|
| Exhibit D reports revenues using a current financial resources basis, which generally means revenue is recognized when collected or is expected to be collected within 90 days of year-end. Exhibit B reports revenues when the earning process is complete, regardless of when it is collected. This measurement difference causes timing of revenue recognition differences for the following revenue types: |                    |
| Property taxes Ambulance and other miscellaneous revenues  | 121,150<br>(5,531) |
| Expenses related to compensated absences that do not require current financial resources are not reported as expenditures in the governmental funds statement.   | (59,965)           |
| Expenses related to other post-employment benefits that do not require current financial resources are not reported as expenditures in the governmental funds statement.   | (750,465)          |
| Capital outlays are reported as expenditures in the governmental funds statement. However, in the Statement of Activities, capital outlay is not an expense, rather it is an increase in capital assets.   | 785,071            |
| Depreciation expense allocates the costs of capital assets over their useful lives. It is not reported as an expenditure in the governmental funds statement.  | (419,219)          |
| Principal repayments are reported as expenditures in the governmental funds statement. However, in the Statement of Activities, these transactions are not an expense, rather they are a decrease in liabilities.  | 1,204,342          |
| Proceeds from the issuance of debt are reported as revenues in the governmental funds statement. However, in the Statement of Activities, proceeds from the issuance of debt are not a revenue, rather they are an increase in liabilities.  | (34,800)           |
| Gain/(loss) on disposal of capital assets is reported in the Statement of Activities; however, proceeds from sale of assets are not affected by gain/(loss) in the governmental funds statement.   | <br>(129,281)      |
| Change in net assets of governmental activities (Exhibit B)  | \$<br>(249,411)    |

The accompanying notes are an integral part of the financial statements.

## NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED JUNE 30, 2010

## 1. Summary of Significant Accounting Policies

The accounting policies of Northampton County (the "County") and its component units conform to generally accepted accounting principles as applicable to governments. The following is a summary of the more significant accounting policies:

## A. Reporting Entity

The County, which is governed by a five-member board of commissioners, is one of the 100 counties established in North Carolina under North Carolina General Statute 153A-10. As required by generally accepted accounting principles, these financial statements present the County and its component units, legally separate entities for which the County is financially accountable. One component unit of the County has no financial transactions or account balances; therefore, it does not appear in the combined financial statements. The discretely presented component unit presented below is reported in a separate column in the County's financial statements in order to emphasize that it is legally separate from the County.

## **Discretely Presented Component Units**

## Northampton County Industrial Facilities and Pollution Control Financing Authority

Northampton County Industrial Facilities and Pollution Control Financing Authority (the "Authority") exists to issue and service revenue bond debt of private businesses for economic development purposes. The Authority is governed by a five-member board of commissioners, all of whom are appointed by the County Commissioners. The County can remove any commissioner of the Authority with or without cause. The Authority has no financial transactions or account balances; therefore, it is not presented in the combined financial statements. The Authority does not issue separate financial statements.

## **Northampton County ABC Board**

The members of the ABC Board's governing board are appointed by the County. In addition, the ABC Board is required by State statute to distribute its surpluses to the General Fund of the County. The ABC Board, which has a June 30 year-end, is presented as if it were a proprietary fund (discrete presentation). Complete financial statements for the ABC Board may be obtained from the entity's administrative offices at the Northampton County ABC Board, Highway 158 East, Jackson, North Carolina 27845.

#### **B.** Basis of Presentation

Government-Wide Statements. The Statement of Net Assets and the Statement of Activities display information about the primary government and its component unit. These statements include the financial activities of the overall government, except for fiduciary activities.

## NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED JUNE 30, 2010

Eliminations have been made to minimize the double counting of internal activities. These statements distinguish between the *governmental* and *business-type activities* of the County. Governmental activities generally are financed through taxes, intergovernmental revenues, and other non-exchange transactions. Business-type activities are financed in whole or in part by fees charged to external parties.

The Statement of Activities presents a comparison between direct expenses and program revenues for the different business-type activities of the County and for each function of the County's governmental activities. Direct expenses are those that are specifically associated with a program or function and, therefore, are clearly identifiable to a particular function. Indirect expense allocations that have been made in the funds have been reversed for the Statement of Activities. Program revenues include (a) fees and charges paid by the recipients of goods or services offered by the programs, and (b) grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Revenues that are not classified as program revenues, including all taxes, are presented as general revenues.

Fund Financial Statements. The fund financial statements provide information about the County's funds, including its fiduciary funds. Separate statements for each fund category – governmental, proprietary, and fiduciary - are presented. The emphasis of fund financial statements is on major governmental and enterprise funds, each displayed in a separate column. All remaining governmental and enterprise funds are aggregated and reported as nonmajor funds.

Proprietary fund operating revenues, such as charges for services, result from exchange transactions associated with the principal activity of the fund. Exchange transactions are those in which each party receives and gives up essentially equal values. Non-operating revenues, such as subsidies and investment earnings, result from non-exchange transactions or ancillary activities.

The County has the following fund categories (further divided by fund type):

#### **Governmental Funds**

Governmental funds are used to account for Northampton County's general governmental activities. Governmental funds include the following fund types:

**General Fund.** The General Fund is the general operating fund of the County. The General Fund accounts for all financial resources except those that are required to be accounted for in another fund. The primary revenue sources are ad valorem taxes, State grants, and various other taxes and licenses. The primary expenditures are for public safety, human services, and education.

## NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED JUNE 30, 2010

**Special Revenue Funds.** Special revenue funds account for specific revenue sources (other than expendable trusts or major capital projects) that are legally restricted to expenditures for specified purposes. The County maintains eleven special revenue funds: Capital Reserve Fund, Mid Atlantic Distribution Park Fund, Emergency Telephone System Fund, Revaluation Fund, Revolving Loan Fund, Ambulance Capital Reserve Fund, EDC Capital Reserve Fund, Public Schools Building Fund, Fire District Fund, Tourism Development, and CDBG Fund.

Capital Project Funds. Capital project funds account for financial resources to be used for the acquisition and construction of major capital facilities (other than those financed by proprietary funds and trust funds). The County maintains three capital project funds: Wellness and Recreation Centers Capital Project Fund, First Responder Training Center Fund, and EDC Grant Project Fund.

**Debt Service Fund.** The Debt Service Fund is used to account for all expenditures for principal and interest for all debt not accounted for in the enterprise funds. The other governmental fund types provide the resources to the Debt Service Fund to make the payments through transfers.

#### **Proprietary Funds**

**Enterprise Funds.** Enterprise funds account for those operations that (a) are financed and operated in a manner similar to private business enterprises where the intent of the governing body is that costs (expenses, including depreciation) of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges, or (b) where the governing body has decided that periodic determination of revenues earned, expenses incurred, and/or net income is appropriate for capital maintenance, public policy, management control, accountability, or other purposes. The County has two enterprise funds: Water and Sewer Fund and Solid Waste Fund.

## **Fiduciary Funds**

Fiduciary funds account for the assets held by the County in a trustee capacity or as an agent for individuals, private organizations, other governmental units, and/or other funds. Fiduciary funds include the following funds:

**Agency Funds.** Agency funds are custodial in nature and do not involve the measurement of operating results. Agency funds are used to account for assets the County holds on behalf of others. The County maintains five agency funds: Social Services Fund, which accounts for monies deposited with the Department of Social Services for the benefit of certain individuals; Inmate Trust Fund, which accounts for funds deposited by inmates of the County's jail; Motor Vehicle Tax Fund, which accounts for registered motor vehicle property

## NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED JUNE 30, 2010

taxes that are billed and collected by the County for various municipalities within the County; the Rescue Squad Fund, which accounts for rescue squad charges that are billed and collected by the County for the area rescue squads; and 3% Interest Payable to State Fund, which accounts for interest on delinquent motor vehicles taxes which is required to be remitted to the State of North Carolina.

#### **Major Funds**

The General Fund, Water and Sewer Fund, and Solid Waste Fund are considered major funds for the year ended June 30, 2010.

## C. Measurement Focus, Basis of Accounting

In accordance with North Carolina General Statutes, all funds of the County are maintained during the year using the modified accrual basis of accounting.

Government-Wide, Proprietary, and Fiduciary Fund Financial Statements. The government-wide, proprietary, and fiduciary fund financial statements are reported using the economic resources measurement focus, except for the agency funds which have no measurement focus. The government-wide, proprietary, and fiduciary fund financial statements are reported using the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded at the time liabilities are incurred, regardless of when the related cash flows take place. Non-exchange transactions, in which the County gives (or receives) value without directly receiving (or giving) equal value in exchange, include property taxes, grants, entitlements, and donations. On an accrual basis, revenue from property taxes is recognized in the fiscal year for which the taxes are levied. Revenue from grants, entitlements, and donations is recognized in the fiscal year in which all eligibility requirements have been satisfied.

Amounts reported as program revenues include 1) charges to customers or applicants for goods, services, or privileges provided; 2) operating grants and contributions; and 3) capital grants and contributions, including special assessments. Internally dedicated resources are reported as general revenues rather than as program revenues. Likewise, general revenues include all taxes.

Proprietary funds distinguish operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the County enterprise funds are charges to customers for sales and services. The County also recognizes as operating revenue the portion of tap fees intended to recover the cost of connecting new customers to the system. Operating expenses for enterprise funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

## NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED JUNE 30, 2010

Governmental Fund Financial Statements. Governmental funds are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Under this method, revenues are recognized when measurable and available. Expenditures are recorded when the related fund liability is incurred, except for principal and interest on general long-term debt, claims and judgments, and compensated absences, which are recognized as expenditures to the extent they have matured. General capital asset acquisitions are reported as expenditures in governmental funds. Proceeds of general long-term debt and acquisitions under capital leases are reported as other financing sources.

The County considers all revenues available if they are collected within 90 days after year-end, except for property taxes. Ad valorem property taxes are not accrued as a revenue because the amount is not susceptible to accrual. At June 30, taxes receivable are materially past due and are not considered to be an available resource to finance the operations of the current year. Also, as of January 1, 1993, State law altered the procedures for the assessment and collection of property taxes on registered motor vehicles in North Carolina. Effective with this change in the law, the County is responsible for billing and collecting the property taxes on all registered motor vehicles on behalf of all municipalities and special tax districts in the County. For registered motor vehicles, property taxes are due the first day of the fourth month after the vehicles are registered. The billed taxes are applicable to the fiscal year in which they become due. Therefore, the County's vehicle taxes for vehicles registered in the County from March 2009 through February 2010 apply to the fiscal year ended June 30, 2010. Uncollected taxes that were billed during this period are shown as a receivable on these financial statements and are offset by deferred revenues.

Sales taxes collected and held by the State at year-end on behalf of the County are recognized as revenue. Intergovernmental revenues and sales and services are not susceptible to accrual because generally they are not measurable until received in cash. Grant revenues which are unearned at year-end are recorded as unearned revenues. Expenditure-driven grants are recognized as revenue when the qualifying expenditures have been incurred and all other grant requirements have been satisfied.

Under the terms of grant agreements, the County funds certain programs by a combination of specific cost-reimbursement grants, categorical block grants, and general revenues. Thus, when program expenses are incurred, there are both restricted and unrestricted net assets available to finance the program. It is the County's policy to first apply cost-reimbursement grant resources to such programs, followed by categorical block grants, and then by general revenues.

All governmental and business-type activities and enterprise funds of the County follow FASB Statements and Interpretations issued on or before November 30, 1989, Accounting Principles Board Opinions, and Accounting Research Bulletins, unless those pronouncements conflict with GASB pronouncements.

## NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED JUNE 30, 2010

## D. Budgetary Data

The County's budgets are adopted as required by the North Carolina General Statutes. An annual budget is adopted for the General Fund, special revenue funds (excluding the Public Schools Building Fund and the CDBG Fund), and the enterprise funds. All annual appropriations lapse at the fiscal year-end. Project ordinances are adopted for the special revenue funds listed above, and the capital project funds. All budgets are prepared using the modified accrual basis of accounting. Expenditures may not legally exceed appropriations at the departmental level for the General Fund, special revenue funds, and enterprise funds, and at the object level for the capital project funds. The County Manager is authorized to transfer appropriations between departments within a fund up to \$5,000; however, any revisions that alter the total expenditures of any fund or exceed \$5,000 must be approved by the governing board. During the year, several amendments to the original budget were necessary. The budget ordinance must be adopted by July 1 of the fiscal year or the governing board must adopt an interim budget that covers that time until the annual ordinance can be adopted.

## E. Assets, Liabilities, and Fund Equity

#### **Deposits and Investments**

All deposits of the County and the ABC Board are made in board-designated official depositories and are secured as required by G.S. 159-31. The County and the ABC Board may designate, as an official depository, any bank or savings association whose principal office is located in North Carolina. Also, the County and the ABC Board may establish time deposit accounts such as NOW and SuperNOW accounts, money market accounts, and certificates of deposit.

State law [G.S. 159-30(c)] authorizes the County and the ABC Board to invest in obligations of the United States or obligations fully guaranteed both as to principal and interest by the United States; obligations of the State of North Carolina; bonds and notes of any North Carolina local government or public authority; obligations of certain non-guaranteed federal agencies; certain high quality issues of commercial paper and bankers' acceptances; and the North Carolina Capital Management Trust (NCCMT).

The County's and the ABC Board's investments with a maturity of more than one year at acquisition and non-money market investments are reported at fair value as determined by quoted market prices. The securities of the NCCMT Cash Portfolio, an SEC-registered (2a-7) money market mutual fund, are valued at fair value, which is the NCCMT's share price. The NCCMT Term Portfolio's securities are valued at fair value. Money market investments that have a remaining maturity at the time of purchase of one year or less are reported at amortized cost. Non-participating interest earning investment contracts are reported at cost.

## NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED JUNE 30, 2010

### **Cash and Cash Equivalents**

The County pools money from several funds to facilitate disbursement and investment and to maximize investment income. Therefore, all cash and investments are essentially demand deposits and are considered cash and cash equivalents. The ABC Board considers all highly liquid investments (including restricted assets) with a maturity of three months or less when purchased to be cash and cash equivalents.

#### **Restricted Assets**

Unspent debt proceeds are classified as restricted assets within the General Fund and the Wellness and Recreation Centers Capital Project Fund because their use is completely restricted to the purpose for which the debts were originally issued.

#### **Ad Valorem Taxes Receivable**

In accordance with State law [G.S. 105-347 and G.S. 159-13 (a)], the County levies ad valorem taxes on property other than motor vehicles on July 1, the beginning of the fiscal year. The taxes are due on September 1; however, interest does not accrue until the following January 6. These taxes are based on the assessed values as of January 1, 2008.

## **Allowance for Doubtful Accounts**

All receivables that historically experience uncollectible accounts are shown net of an allowance for doubtful accounts. This amount is estimated by analyzing the percentage of receivables that were written off in prior years.

## **Inventory**

The inventory of the County is immaterial; therefore, no amount is recorded.

## **Capital Assets**

The County's purchased or constructed capital assets are recorded at original cost or estimated historical cost. Donated assets are recorded at their estimated fair value at the date of donation. Certain items acquired before July 1, 1980, are recorded at an estimated original cost. The total of such estimates is not considered large enough that the errors would be material when capital assets are considered as a whole. Any interest incurred during the construction phase of capital assets is reflected in the capitalized value of the asset constructed. Minimum capitalization cost is \$5,000.

## NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED JUNE 30, 2010

Capital assets of the County are depreciated on a straight-line basis over the following estimated useful lives:

|                           | <b>Estimated</b>    |
|---------------------------|---------------------|
|                           | <b>Useful Lives</b> |
| Buildings                 | 20-75 years         |
| Equipment                 | 5-10 years          |
| Vehicles                  | 5-10 years          |
| Water distribution system | 20-50 years         |

## **Long-Term Obligations**

In the government-wide financial statements and in the proprietary fund types in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund type statement of net assets.

In fund financial statements, governmental fund types report the face amount of debt issued as an other financing source.

#### **Net Assets/Fund Balances**

#### **Net Assets**

Net assets in government-wide and proprietary fund financial statements are classified as invested in capital assets, net of related debt; restricted; and unrestricted. Restricted net assets represent constraints on resources that are either externally imposed by creditors, grantors, contributors, laws or regulations of other governments, or imposed by law through State statutes.

Net assets are classified as follows:

#### **Restricted Net Assets**

**General Government** - portion of net assets constituting the Automation Enhancement and Preservation Fund, funded by 10% of the fees collected and maintained by the Register of Deeds' office. The funds are legally restricted for computer and imaging technology in the Register of Deeds' office.

**Education** - portion of fund balance representing monies legally restricted for public schools.

### NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED JUNE 30, 2010

### **Fund Balances**

In the governmental fund financial statements, reservations, or restrictions of fund balance represent amounts that are not appropriable or are legally segregated for a specific purpose. Designations of fund balance represent tentative management plans that are subject to change.

State law [G.S. 159-13(b)(16)] restricts the appropriation of fund balance to an amount not to exceed the sum of cash and investments minus the sum of liabilities, encumbrances, and deferred revenues arising from cash receipts as those amounts stand at the close of the fiscal year preceding the budget year.

The governmental fund types classify fund balances as follows:

### Reserved

**Reserved by State Statute -** portion of fund balance, in addition to reserves for capital purchases and reserves for unemployment, which is not available for appropriation under State law [G.S. 159-8(a)]. This amount is usually comprised of accounts receivable and interfund receivables, which have not been offset by deferred revenues.

**Reserved for Register of Deeds -** portion of fund balance constituting the Automation Enhancement and Preservation Fund, funded by 10% of the fees collected and maintained by the Register of Deeds' office. The funds are available for appropriation, but are legally restricted for computer and imaging technology in the Register of Deeds' office.

**Reserved for Education** - portion of fund balance representing monies legally restricted for public schools.

### F. Revenues, Expenditures, and Expenses

### **Compensated Absences**

The vacation policy of the County provides for the accumulation of up to thirty days earned vacation leave, with such leave being fully vested when earned. For the County's government-wide and proprietary funds, an expense and a liability for compensated absences and the salary-related payments are recorded as the leave is earned. The portion of that time that is estimated to be used in the next fiscal year has been designated as a current liability in the government-wide statements.

The County's sick leave policy provides for an unlimited accumulation of earned sick leave. Sick leave does not vest, but any unused sick leave accumulated at the time of retirement may be used in the determination of length of service for retirement benefit purposes. Since neither the County nor its component unit has any obligation for the accumulated sick leave until it is actually taken, no accrual for sick leave has been made.

### NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED JUNE 30, 2010

### G. Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and the disclosure of contingent liabilities at the date of the financial statements and the reported amounts of revenues and expenditures/expenses during the reporting period. Actual results could differ from those estimates.

### H. Comparative Data/Reclassifications

Comparative total data for the prior year have been presented in selected sections of the accompanying financial statements in order to provide an understanding of the changes in the County's financial position and operations. Comparative totals have not been included on the statements where their inclusion would not provide enhanced understanding of the County's financial position and operations or would cause the statements to be unduly complex or difficult to understand. Also, certain amounts presented in the prior year's data have been reclassified to be consistent with the current year's presentation.

### 2. Stewardship, Compliance, and Accountability

### A. Excess of Expenditures Over Appropriations

For the fiscal year ended June 30, 2010, expenditures exceeded the authorized appropriations made by the governing board as follows:

### **Special Revenue Funds:**

Public Schools Building Fund - Expenditures \$720,077; however, total revenues and other financing sources exceeded expenditures and other financing uses.

Fire Districts Fund – Expenditures: \$805

### **Capital Project Funds:**

Wellness and Recreation Centers – Expenditures: \$174,403

**Corrective Action Plan.** Management will more closely monitor budget to ensure that expenditures do not exceed authorized appropriations made by the governing board.

### NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED JUNE 30, 2010

### B. Deficit Fund Balance or Net Assets of Individual Funds

The following funds had deficit fund balances, net assets at June 30, 2010:

### **Special Revenue Fund:**

Fire District Fund: \$240 CDBG Fund: \$453

### **Capital Project Fund:**

Wellness and Recreation Centers Capital Project: \$294,990

### **Enterprise Fund:**

Solid Waste Fund: \$384,929

**Corrective Action Plan.** Deficits, caused by timing issues, will be eliminated with future revenues. Budgeted transfers will be made in a timely manner to eliminate deficit fund balances at year-end.

### 3. Detail Notes On All Funds

### A. Assets

### **Deposits**

All the deposits of the County and the ABC Board are either insured or collateralized by using one of two methods. Under the Dedicated Method, all deposits that exceed the federal depository insurance coverage level are collateralized with securities held by the County's or the ABC Board's agents in these units' names. Under the Pooling Method, which is a collateral pool, all uninsured deposits are collateralized with securities held by the State Treasurer's agent in the name of the State Treasurer. Since the State Treasurer is acting in a fiduciary capacity for the County and the ABC Board, these deposits are considered to be held by the County's and the ABC Board's agents in their names. The amount of the pledged collateral is based on an approved averaging method for non-interest bearing deposits and the actual current balance for interest-bearing deposits. Depositories using the Pooling Method report to the State Treasurer the adequacy of their pooled collateral covering uninsured deposits. The State Treasurer does not confirm this information with the County, the ABC Board, or with the escrow agent. Because of the inability to measure the exact amounts of collateral pledged for the County and the ABC Board under the Pooling Method, the potential exists for undercollaterization, and this risk may increase in periods of high cash flows. However, the State Treasurer of North Carolina enforces strict standards of financial stability for each depository that collateralizes public deposits under the Pooling Method.

### NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED JUNE 30, 2010

The State Treasurer enforces standards of minimum capitalization for all pooling method financial institutions. The County relies on the State Treasurer to monitor those financial institutions. The County analyzes the financial soundness of any other financial institution used by the County. The County complies with the provisions of G.S. 159-31 when designating official depositories and verifying that deposits are properly secured. The County does not have a policy regarding custodial credit risk for deposits.

At June 30, 2010, the County's deposits had a carrying amount of \$78,765 and a bank balance of \$1,012,435. Of the bank balance, \$281,478 was covered by federal depository insurance, and \$730,957 in interest-bearing deposits were covered by collateral held under the Pooling Method.

At June 30, 2010, the County had \$1,900 cash on hand.

### **Investments**

At June 30, 2010, the County had \$3,822,896 invested with the North Carolina Capital Management Trust's Cash Portfolio which carried a credit rating of AAAm by Standard and Poor's. The County has no policy regarding credit risk.

### **Property Tax – Use-Value Assessment on Certain Land**

In accordance with the General Statutes, agriculture, horticulture, and forestland may be taxed by the County at the present use-value as opposed to market value. When the property loses its eligibility for use-value taxation, the property tax is recomputed at market value for the current year and the three preceding fiscal years, along with the accrued interest from the original due date. This tax is immediately due and payable. The following are property taxes that could become due if present use-value eligibility is lost. These amounts have not been recorded in the financial statements.

| Year Ended |    |           |    |          |       |           |  |
|------------|----|-----------|----|----------|-------|-----------|--|
| June 30    |    | Tax       |    | Interest | Total |           |  |
| 2006       | \$ | 401,131   | \$ | 131,371  | \$    | 532,502   |  |
| 2007       |    | 929,554   |    | 220,769  |       | 1,150,323 |  |

| Total business-type activities   | \$        | 6,795   |

### **Pension Plan Obligations**

### Local Governmental Employees' Retirement System

Plan Description. The County contributes to the State-wide Local Governmental Employees' Retirement System (LGERS), a cost-sharing multiple-employer defined benefit pension plan administered by the State of North Carolina. LGERS provides retirement and disability benefits to plan members and beneficiaries. Article 3 of G.S. Chapter 128 assigns the authority to establish and amend benefit provisions to the North Carolina General Assembly. The LGERS is included in the Comprehensive Annual Financial Report (CAFR) for the State of North Carolina. The State's CAFR includes financial statements and required supplementary information for LGERS. That report may be obtained by writing to the Office of the State Controller, 1410 Mail Service Center, Raleigh, North Carolina 27699-1410, or by calling (919) 981-5454.

**Funding Policy.** Plan members are required to contribute six percent of their annual covered salary. The County is required to contribute at an actuarially determined rate. For the County, the current rate for employees not engaged in law enforcement and for law enforcement officers is 4.92% and 4.86%, respectively, of annual covered payroll. The contribution requirements of members and of the County are established and may be amended by the North Carolina General Assembly. The County's contributions to LGERS for the years ended June 30, 2010, 2009, and 2008 were \$495,181, \$482,195, and \$415,125, respectively. The contributions made by the County equaled the required contributions for each year.

### NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED JUNE 30, 2010

### Law Enforcement Officers' Special Separation Allowance

**Plan Description.** The County administers a public employee retirement system (the "Separation Allowance"), a single-employer defined benefit pension plan that provides retirement benefits to the County's qualified sworn law enforcement officers. The Separation Allowance is equal to .85 percent of the annual equivalent of the base rate of compensation most recently applicable to the officer for each year of creditable service. The retirement benefits are not subject to any increases in salary or retirement allowances that may be authorized by the General Assembly. Article 12D of G.S. Chapter 143 assigns the authority to establish and amend benefit provisions to the North Carolina General Assembly.

All full-time County law enforcement officers are covered by the Separation Allowance. At December 31, 2009, the Separation Allowance's membership consisted of:

| Retirees receiving benefits:         | 1  |
|--------------------------------------|----|
| Terminated plan members entitled to, |    |
| but not yet receiving, benefits:     | -  |
| Active plan members                  | 26 |
| Total                                | 27 |

A separate report was not issued for the plan.

**Contributions.** The law enforcement separation allowance is a defined benefit pension plan; however, due to immateriality, an actuarial study has not been performed. The County has chosen to fund the amount necessary to cover the benefits when the benefit payments are due and record these payments as General Fund expenditures. For the current year, the County made \$11,136 in benefit payments.

### **Supplemental Retirement Income Plan for Law Enforcement Officers**

**Plan Description.** The County contributes to the Supplemental Retirement Income Plan (Plan), a defined contribution pension plan administered by the Department of State Treasurer and a board of trustees. The Plan provides retirement benefits to law enforcement officers employed by the County. Article 5 of G.S. Chapter 135 assigns the authority to establish and amend benefit provisions to the North Carolina General Assembly. The Supplemental Retirement Income Plan for Law Enforcement Officers is included in the Comprehensive Annual Financial Report (CAFR) for the State of North Carolina. The State's CAFR includes the pension trust fund financial statements for the Internal Revenue Code Section 401(k) plan that includes the Supplemental Retirement Income Plan for Law Enforcement Officers. That report may be obtained by writing to the Office of the State Controller, 1410 Mail Service Center, Raleigh, North Carolina 27699-1410, or by calling (919) 981-5454.

### NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED JUNE 30, 2010

**Funding Policy.** Article 12E of G.S. Chapter 143 requires the County to contribute each month an amount equal to five percent of each officer's salary, and all amounts contributed are vested immediately. Also, the law enforcement officers may make voluntary contributions to the plan. Contributions for the year-end June 30, 2010, were \$18,013, which consisted of \$9,625 from the County and \$8,388 from the law enforcement officers.

### **Deferred Compensation Plan**

The County offers its employees a deferred compensation plan created in accordance with Internal Revenue Code Section 457. The plan, which is available to all County employees, permits them to defer a portion of their salary until future years. The deferred compensation plan is not available to employees until termination, retirement, death, or unforeseeable emergency.

The County has complied with changes in the laws which govern the County's Deferred Compensation Plan, requiring all assets of the plan to be held in trust for the exclusive benefit of the participants and their beneficiaries. Formerly, the undistributed amounts which had been deferred by the plan participants were required to be reported as assets of the County. Effective for the current fiscal year and in accordance with GASB Statement 32, "Accounting and Financial Reporting for Internal Revenue Code Section 457 Deferred Compensation Plans," the County's Deferred Compensation Plan is no longer reported within the County's Agency Funds.

### **Registers of Deeds' Supplemental Pension Fund**

Plan Description. The County also contributes to the Registers of Deeds' Supplemental Pension Fund (Fund), a non-contributory, defined contribution plan administered by the North Carolina Department of State Treasurer. The Fund provides supplemental pension benefits to any eligible county register of deeds who is retired under the Local Government Employees' Retirement System (LGERS) or an equivalent locally sponsored plan. Article 3 of G.S. 161 assigns the authority to establish and amend benefit provisions to the North Carolina General Assembly. The Fund is included in the Comprehensive Annual Financial Report (CAFR) for the State of North Carolina. The State's CAFR includes financial statements and required supplementary information for the Fund. That report may be obtained by writing to the Office of the State Controller, 1410 Mail Service Center, Raleigh, North Carolina 27699-1410, or by calling (919) 981-5454.

**Funding Policy.** On a monthly basis, the County remits to the Department of State Treasurer an amount equal to one and one-half percent (1.5%) of the monthly receipts collected pursuant to Article 1 of G.S. 161. Immediately following January 1 of each year, the Department of State Treasurer divides ninety-three percent (93%) of the amount in the Fund at the end of the preceding calendar year into equal shares to be disbursed as monthly benefits. The remaining seven percent (7%) of the Fund's assets may be used by the State Treasurer in administering the Fund. For the fiscal year ended June 30, 2010, the County's required and actual contributions were \$1,120.

### NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED JUNE 30, 2010

### **Other Post-Employment Benefits**

#### **Healthcare Benefits**

Plan Description. Under the terms of a County resolution, the County administers a single-employer defined benefit Healthcare Benefits Plan (the HCB plan). This plan provides post-employment healthcare benefits to retirees of the County, provided they participate in the North Carolina Local Governmental Employees' Retirement System (System) and have thirty or more years of service, with a minimum of ten years of service with the County, or early retirement at age sixty with twenty-five years of service, with a minimum of twenty years of service with the County. Employees who qualify for a disability retirement benefit and have twenty years of creditable service, ten of which are with the County, are also eligible to participate. The County pays the full cost of coverage for these benefits. The Board of Commissioners may amend the benefit provisions. A separate report was not issued for the plan.

Membership of the HCB plan consisted of the following at December 31, 2008, the date of the latest actuarial valuation.

| Retirees receiving benefits                   | 20  |
|---|-----|
| Terminated plan members entitled to,          |     |
| but not yet receiving, benefits               | -   |
| Active plan members, general employees        | 268 |
| Active plan members, law enforcement officers | 29  |
| Total   | 317 |

**Funding Policy.** The County pays the full cost of coverage for the healthcare benefits paid to qualified retirees under a County resolution that can be amended by the Board of Commissioners. The County has chosen to fund the healthcare benefits on a pay-as-you-go basis.

The current ARC rate is 8.9% of annual covered payroll. For the current year, the County contributed \$91,864, or .9% of annual covered payroll. The County obtains healthcare coverage through private insurers. There were no contributions made by employees. The County's obligation to contribute to the HCB Plan is established and may be amended by the Board of Commissioners.

**Summary of Significant Accounting Policies.** Post-employment expenditures are made from the General Fund, which is maintained on the modified accrual basis of accounting. No funds are set aside to pay benefits and administration costs. These expenditures are paid as they come due.

### NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED JUNE 30, 2010

Annual OPEB Cost and Net OPEB Obligation. The County's annual OPEB cost (expense) is calculated based on the annual required contribution of the employer (ARC), an amount actuarially determined in accordance with the parameters of GASB Statement 45. The ARC represents a level of funding that, if paid on an ongoing basis is projected to cover normal cost each year and amortize any unfunded actuarial liabilities (or funding excess) over a period not to exceed thirty years. The following table shows the components of the County's annual OPEB cost for the year, the amount actually contributed to the plan, and changes in the County's net OPEB obligation for the healthcare benefits.

| Annual required contribution               | \$<br>878,724   |
|--|-----------------|
| Interest on net OPEB obligation            | -               |
| Adjustment to annual required contribution |                 |
| Annual OPEB cost (expense)                 | 878,724         |
| Contributions made                         | <br>(91,684)    |
| Increase (decrease) in net OPEB obligation | 787,040         |
| Net OPEB obligation:                       |                 |
| Beginning of year - July 1                 | 803,548         |
| End of year - June 30                      | \$<br>1,590,588 |

The County's annual OPEB cost, the percentage of annual OPEB cost contributed to the plan, and the net OPEB obligation for 2010 were as follows:

|                       |    |                    | Percentage of                |                    | Net       |  |
|-----------------------|----|--------------------|------------------------------|--------------------|-----------|--|
| Year Ended<br>June 30 | -  | Annual<br>PEB Cost | Annual OPEB Cost Contributed | OPEB<br>Obligation |           |  |
| 2009                  | \$ | 878,724            | 8.56%                        | \$                 | 803,548   |  |
| 2010                  |    | 878,724            | 10.43%                       |                    | 1,590,588 |  |

Funded Status and Funding Progress. As of December 31, 2008, the most recent actuarial valuation date, the plan was not funded. The actuarial accrued liability for benefits and, thus, the unfunded actuarial accrued liability (UAAL) was \$10,090,152. The covered payroll (annual payroll of active employees covered by the plan) was \$9,900,282, and the ratio of the UAAL to the covered payroll was 101.9 percent. Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumptions about future employment, mortality, and healthcare trends. Amounts determined regarding the funded status of the plan and the annual required contributions of the employer are subject to continual revision as actual results are compared with past expectations and new estimates are made about the future. The Schedule of Funding Progress, presented as required supplementary information following the notes to the financial statements, presents multiyear trend information about whether the actuarial value of plan assets is increasing or decreasing, over time, relative to the actuarial accrued liabilities for benefits.

### NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED JUNE 30, 2010

**Actuarial Methods and Assumptions.** Projections of benefits for financial reporting purposes are based on the substantive plan (the plan as understood by the employer and the plan members) and include the types of benefits provided at the time of each valuation and the historical pattern of sharing of benefit costs between the employer and plan members at that point. The actuarial methods and assumptions used include techniques that are designed to reduce the effects of short-term volatility in actuarial accrued liabilities and the actuarial value assets, consistent with the long-term perspective of the calculations.

In the December 31, 2008 actuarial valuation, the projected unit credit actuarial cost method was used. The actuarial assumptions included a 4.00 percent investment rate of return (net of administrative expenses), which is the expected long-term investment returns on the employer's own investments calculated based on the funded level of the plan at the valuation date, and an annual medical cost trend increase of 10.50 to 5.00 percent annually. The investment rate included a 3.75 percent inflation assumption. The actuarial value of assets, if any, was determined using techniques that spread the effects of short-term volatility in the market value of investments over a five-year period. The UAAL is being amortized as a level percentage of projected payroll on an open basis. The remaining amortization period at December 31, 2008 was 30 years.

### **Other Employee Benefits**

The County has also elected to provide death benefits to employees through the Death Benefit Plan for members of the Local Governmental Employees' Retirement System (Death Benefit Plan), a multiple-employer, State-administered, cost-sharing plan funded on a one-year term cost basis. The beneficiaries of those employees who die in active service after one year of contributing membership in the System, or who die within 180 days after retirement or termination of service and have at least one year of contributing membership service in the System at the time of death are eligible for death benefits. Lump-sum death benefit payments to beneficiaries are equal to the employee's 12 highest months' salary in a row during the 24 months prior to the employee's death, but the benefit will be a minimum of \$25,000 and will not exceed \$50,000.

All death benefit payments are made from the Death Benefit Plan. The County has no liability beyond the payment of monthly contributions. Contributions are determined as a percentage of monthly payroll, based upon rates established annually by the State. Separate rates are set for employees not engaged in law enforcement and for law enforcement officers. Because the benefit payments are made by the Death Benefit Plan and not by the County, the County does not determine the number of eligible participants. For the fiscal year ended June 30, 2010, the County made contributions to the State for death benefits of \$12,292. The County's required contributions for employees not engaged in law enforcement and for law enforcement officers represented .11% and .14% of covered payroll, respectively. The contributions to the Death Benefit Plan cannot be separated between the post-employment benefit amount and the other benefit amount.

## NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED JUNE 30, 2010

#### **Deferred/Unearned Revenues**

The balance in deferred revenues on the fund statements and unearned revenues on the government-wide statements at year-end is composed of the following elements:

|                                 | ]  | Deferred  | Unearned<br>Revenues |        |  |
|---------------------------------|----|-----------|----------------------|--------|--|
|                                 | ]  | Revenues  |                      |        |  |
| Prepaid taxes, not yet earned   | \$ | 46,397    | \$                   | 46,397 |  |
| Taxes receivable, net           |    | 978,548   |                      | -      |  |
| Other receivables, net          |    | 356,003   |                      | -      |  |
| Prepaid utilities - proprietary |    | 16,329    |                      | 16,329 |  |
| Total                           | \$ | 1,397,277 | \$                   | 62,726 |  |

### Risk Management

The County is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The County participates in two self-funded risk financing pools administered by the North Carolina Association of County Commissioners. Through these pools, the County obtains property insurance coverage equal to replacement cost values of owned property subject to a limit of \$250 million per occurrence; general, auto, professional, and employment practices liability coverage of \$2 million per occurrence; auto physical damage coverage for owned autos at actual cash value; crime coverage of \$250,000 per occurrence; and workers' compensation coverage up to statutory limits. The pools are audited annually by certified public accountants, and the audited financial statements are available to the County upon request. The pools are reinsured through commercial companies for single occurrence losses in excess of \$500,000 up to a \$2 million limit for general liability coverage; \$750,000 of aggregate annual losses in excess of \$250,000 per occurrence for property, auto physical damage, and crime coverage; and single occurrence losses of \$750,000 for workers' compensation.

The County carries commercial coverage for all other risks of loss. There have been no significant reductions in insurance coverage from the previous year and settled claims have not exceeded coverage in any of the past three fiscal years.

The County does not carry flood insurance through the NFIP.

In accordance with G.S. 159-29, the County's employees that have access to \$100 or more at any given time of the County's funds are performance bonded through a commercial surety bond. The Director of Finance is bonded for \$450,000. The Tax Collector, Sheriff, and Register of Deeds are each individually bonded for \$25,000 each. The remaining employees that have access to funds are bonded under a blanket bond for \$250,000.

# NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED JUNE 30, 2010

### **Claims and Judgments**

At June 30, 2010, the County was a defendant to various lawsuits. In the opinion of the County's management and the County's attorney, the ultimate outcome of these legal matters will not have a material adverse effect on the County's financial position.

### NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED JUNE 30, 2010

### **General Obligation Indebtedness**

The County's general obligation bonds serviced by the governmental funds are collateralized by the full faith, credit, and taxing power of the County. Northampton County issues general obligation bonds to provide funds for the acquisition and construction of major water and sewer system capital improvements. These bonds, which are recorded in the Water and Sewer Fund, are also collateralized by the full faith, credit, and taxing power of the County. Principal and interest requirements are appropriated when due.

The County's general obligation bonds payable at June 30, 2010, are comprised of the following individual issues:

### **General Obligations Bonds**

### **Serviced by the General Fund:**

\$9,000,000 2005 General Obligation Bonds, due in annual installments of \$135,000 to \$585,000 through June 1, 2026, interest at 4.00% to 5.00% \$8,325,000

Total serviced by the General Fund \$8,325,000

|                                  |               |              |                       |               | Current      |
|----------------------------------|---------------|--------------|-----------------------|---------------|--------------|
|                                  | Balance       |              |                       | Balance       | Portion of   |
|                                  | July 1, 2009  | Additions    | Retirements           | June 30, 2010 | Balance      |
| <b>Governmental Activities:</b>  |               |              |                       |               |              |
| General obligation bonds         | \$ 8,805,000  | \$ -         | \$ (480,000)          | \$ 8,325,000  | \$ 485,000   |
| Installment note                 | 6,201,970     | 34,800       | (724,342)             | 5,512,428     | 691,260      |
| Compensated absences             | 641,757       | 623,677      | (563,712)             | 701,722       | 70,172       |
| Post-employment benefits         | 766,205       | 837,887      | (87,422)              | 1,516,670     |              |
| Total governmental activities    | \$ 16,414,932 | \$ 1,496,364 | <u>\$ (1,855,476)</u> | \$ 16,055,820 | \$ 1,246,432 |
| <b>Business-Type Activities:</b> |               |              |                       |               |              |
| General obligation bonds         | \$ 10,831,000 | \$ -         | \$ (445,500)          | \$ 10,385,500 | \$ 458,000   |
| Compensated absences             | 42,782        | 32,608       | (33,161)              | 42,229        | 4,223        |
| Post-employment benefits         | 37,343        | 40,837       | (4,262)               | 73,918        |              |
| Total business-type activities   | \$ 10,911,125 | \$ 73,445    | \$ (482,923)          | \$ 10,501,647 | \$ 462,223   |

Compensated absences and post-employment benefits typically have been liquidated in the General Fund. Compensated absences are accounted for on a LIFO basis, assuming that employees are taking leave time as it is earned.

### **Conduit Debt Obligations**

The County Industrial Facilities and Pollution Control Financing Authority has issued industrial revenue bonds to provide financial assistance to private businesses for economic development purposes. These bonds are secured by the properties financed as well as letters of credit and are payable solely from payments received from the private businesses involved. Ownership of the acquired facilities is in the name of the private business served by the bond issuance. Neither the County, the Authority, the State, nor any political subdivision thereof is obligated in any manner for the repayment of the bonds. Accordingly, the bonds are not reported as liabilities in the accompanying financial statements. As of June 30, 2010, there were two series of industrial revenue bonds outstanding, with an aggregate principal amount payable of \$5,500,000.

### NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED JUNE 30, 2010

### 4. Related Organization

The County's governing board is responsible for appointing the members of the Board of Choanoke Area Development Association, Choanoke Public Transportation Authority, Roanoke River Basin Association, and the Lake Gaston Weed Control Council, but the County's accountability for these organizations does not extend beyond making these appointments.

### 5. Joint Ventures

The County participates in a joint venture to operate East Carolina Behavioral Health which serves as an area mental health authority. The County appoints two of the eighteen members to Board of the Organization. The County has an ongoing financial responsibility for the joint venture because the Organization's continued existence depends on the participating governments' continued funding. None of the participating governments have any equity interest in the Organization, so no equity interest has been reflected in the financial statements at June 30, 2010. In accordance with the intergovernmental agreement between the participating governments, the County appropriated \$83,614 to the Organization to supplement its activities. Complete financial statements for the Organization can be obtained from the Organization's office at 144 Community College Road, Ahoskie, North Carolina 27910.

The County also participates in a joint venture to operate the Albemarle Regional Library (the "Library") which serves a four-county district. The County appoints three members to the tenmember district Library Board. The County has an ongoing financial responsibility for the joint venture because the Library's continued existence depends on the participating governments' continued funding. None of the participating governments have any equity interest in the Library, so no equity interest has been reflected in the financial statements at June 30, 2010. In accordance with the intergovernmental agreement between the participating governments, the County appropriated \$118,143 to the Library to supplement its activities. Complete financial statements for the Library can be obtained from the Library's office on 303 West Tyron Street, Winton, North Carolina 27986.

The County also participates in a joint venture to operate Choanoke Public Transit Authority (CPTA) with two other local governments. Each participating local government appoints three Board members to the nine-member Board of the CPTA. The County has an ongoing indirect financial interest in the joint venture because the CPTA's continued existence depends on the participating governments' continued funding. None of the participating governments have any equity interest in CPTA, so no equity interest has been reflected in the financial statements at June 30, 2010. The County appropriated \$-0- to the CPTA to supplement its activities. Complete financial statements for the CPTA can be obtained from the offices at 106 North Main Street, Rich Square, North Carolina 27869.

### NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED JUNE 30, 2010

The County also participates in the Tri-County Airport Authority (the "Airport Authority") with two other local governments (Hertford County and Bertie County). The County appoints three members to the nine-member Board of the Airport Authority. The Airport Authority is a joint venture established to develop, maintain, operate, regulate, and improve the Airport Authority. The County has an ongoing financial responsibility for the joint venture because the Airport Authority's continued existence depends on the participating governments' continued funding. None of the participating governments have any equity interest in the Airport Authority, so no equity interest has been reflected in the financial statements at June 30, 2010. The County appropriated \$23,709 to the Airport Authority to supplement its activities. Complete financial statements for the Tri-County Airport Authority can be obtained from the offices at 140 Tri-County Airport Road, Aulander, North Carolina 27805.

The County also participates in the Halifax-Northampton Regional Airport Authority (the "Airport Authority") with two other local governments. Northampton County appoints two members to the nine-member Board of the Airport Authority. The Airport Authority is a joint venture established to develop, maintain, operate, regulate, and improve the Halifax-Northampton Regional Airport. The County has an ongoing financial responsibility for the joint venture because the Airport Authority's continued existence depends on the participating governments' continued funding. None of the participating governments have any equity interest in the Airport Authority, so no equity interest has been reflected in the financial statements at June 30, 2010. The County appropriated \$1,750 to the Airport Authority to supplement its activities.

### 6. Jointly Governed Organization

The County, in conjunction with five other counties, established the Region L Council of Governments (Council). The participating governments established the Council to coordinate various funding received from federal and State agencies. Each participating government appoints one member to the Council's governing board. The County paid membership fees of \$8,744 to the Council during the fiscal year ended June 30, 2010.

### NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED JUNE 30, 2010

### 7. Benefit Payments Issued by the State

The amounts listed below were paid directly to individual recipients by the State from federal and State monies. County personnel are involved with certain functions, primarily eligibility determinations, that cause benefit payments to be issued by the State. These amounts disclose this additional aid to County recipients which do not appear in the general purpose financial statements, because they are not revenues and expenditures of the County.

|  | Federal       | State         |

| Foster Care Special Provision              | -             | 1,059         |

### 8. Summary Disclosure of Significant Commitments and Contingencies

### **Federal and State-Assisted Programs**

The County has received proceeds from several federal and State grants. Periodic audits of these grants are required and certain costs may be questioned as not being appropriate expenditures under the grant agreements. Such audits could result in the refund of grant monies to the grantor agencies. Management believes that any required refunds will be immaterial. No provision has been made in the accompanying financial statements for the refund of grant monies.

### 9. Subsequent Events

On September 15, 2010, the County entered into installment financing with RBC Bank (USA) for the purchase of seventeen copiers in the amount of \$163,000. The installment loan was financed at a rate of 2.38% payable in three annual installments of principal including interest of \$56,940, with a maturity date of September 15, 2013.
