<p>1. Statement of the Problem: <i>In concise terminology, describe how the program will address continuum need(s) in the county.</i></p> <p>According to the Northampton County's assessments of needs, County Risk Data and Level II Disposition Youth over the last three years, a vocational and job program can provide an alternative intermediary service option for youth involved with the Division of Juvenile Justice. Continuing this service will maintain an appropriate service capacity and options for Northampton County address the needs of juvenile justice population. The program will address the needs for youth to make better use of time, to reduce suspension and expulsion school issues.</p> <p>We plan to use the Vocational Jobs program to address youth afterschool time as well as provide supplemental services of interpersonal skills training. Dear Ms. Evans:

This is the time of year for budget preparations and we realize everyone is struggling to develop their budgets. Although CPTA has been very fortunate not having to increase rates for the past two years, we find it necessary to increase rates beginning July 1, 2017 to offset cost with time management being the most important factor with the new processes and procedures for the Medicaid Program guidelines.

The rates are as follows:

Medical	\$13.02 per trip	12.28
Dialysis	\$13.02 per trip	10.50
→ Out of County Medical	\$19.68 per trip	10.50
Jobs/Workfirst	\$11.13 per trip	not 3022.00 per year

We look forward to serving your transportation needs. Please call me if you have any questions at (252) 539-2022 Ext. 226.

Sincerely,

What is a Private Non Profit Agency?

Answer: A private non profit is an organization that is incorporated under State law and whose purpose is not to make a profit, but rather to further a charitable, civic, religious, scientific, or other lawful purpose. The Secretary of State's office grants corporate status to organizations in North Carolina.

What is a 501(c)(3) designation?

Answer: When the agency becomes a state private non profit corporation, it can then apply for 501(c)(3) designation through the IRS. Once the IRS grants 501(c)(3) status, the organization is exempt from certain taxes and any donations to the charitable organization are tax deductible. Many individuals and organizations prefer to make donations to 501(c)(3) private non profits.

Who can obtain a 501(c)(3) designation?

Answer: Any organization or group can apply for 501(c)(3) status, provided their charter or mission focuses on the non profit's objective.

Another option is to apply for a 509(a)(1) status which falls under the 501(c)(3) umbrella. Being a 509(a)(1) designates an organization as a tax-free public charity that receives most of its support from a governmental unit or from the general public. Becoming a 509(a)(1) provides public recognition of tax-exempt status, advance assurance to donors of deductibility of contributions, exemption from certain State and federal taxes, and non profit mailing privileges. Organizations that typically qualify are churches, educational institutions, hospitals, and governmental units.

A private non profit must apply to the IRS for tax exempt status. To qualify, applicants must complete and submit to the IRS Form 1023. Once federal tax exempt status is granted, the private non profit applies for State tax exempt status by completing Form CD-435 and submitting it to the N. C. Department of Revenue.

What must a County Department of Social Services/Human Services do?

Answer: Verify the Tax Exempt Letter. Check date for expiration and check if current address of agency is reflected.

Notice of Certain Reporting and Audit Requirements

Grantee shall comply with all rules and reporting requirements established by statute or administrative rules. All reports must be submitted to the addresses below.

The applicable prescribed requirements are found in North Carolina General Statute 143C-6-22 & 23 entitled "Use of State Funds by Non-State Entities" and Implementation of Required Rules, 09 NCAC 03M .0102 -0802, North Carolina Administrative Code, issued September 2005.

The Contractor's fiscal year runs from **July 1, 2017 to June 30, 2018.**

G.S. 143C-6-23 requires every nongovernmental entity that receives State or Federal pass-through grant funds directly from a State agency to file annual reports on how those grant funds were used. There are 3 reporting levels which are determined by the total direct grant receipts from all State agencies in your fiscal year:

- Level 1: Less than \$25,000
- Level 2: At least \$25,000 but less than \$500,000
- Level 3: \$500,000 or more

A grantee's reporting date is determined by its fiscal year end and the total funding received directly from all State agencies. For those grantees receiving less than \$500,000, the due date is 6 months from its fiscal year end. For those receiving \$500,000 or more, the due date is 9 months from its fiscal year end. In addition to the reports, grantees receiving \$500,000 or more must submit a yellow book audit in electronic or hard copy to the Office of the State Auditor and to all funding State agencies at the addresses below.

All annual grantee reports required by GS 143C-6-23 must be completed online at www.NCGrants.gov. The online reporting system will automatically place your organization on the Noncompliance list if your reports have not been completed in www.NCGrants.gov by your required due date.

To access the online grants reporting system go to www.NCGrants.gov and click on the LOGIN tab at the top of the page. You must have a NCID to access the online reporting system. To obtain a user manual or request assistance with the system please go to <https://www.ncgrants.gov/NCGrants/Help.jsp>. You can also email requests for assistance directly to NCGrants@osbm.nc.gov.

Once you have logged in you will see your "Grantee Summary / Data Entry Screen".

- Your summary screen will identify your correct level of reporting, i.e., Level 1, 2 or 3, based on the State grant funds paid to your organization during your fiscal year.
- The summary will show all the grants contained in the www.NCGrants.gov system that have been awarded to your organization. The program will automatically provide links to the reports that correspond to your reporting level, and only those reports, for each grant. Check to make sure that the grant(s) shown in the system correspond with what you show as having received from each agency for your fiscal year.
- If you have questions, need help in resolving any differences between your records and online reporting system or need corrections to be made to the data you enter, send an e-mail to NCGrants@osbm.nc.gov to request help.

All grantees must file their required reports online at www.NCGrants.gov without exception.

IMPORTANT NOTE FOR AUDITS

(REV. 7-10)

Contract # N66106
CPTA

If you expend more than \$500,000 in Federal grant funds from all sources, then you must have an A-133 single audit performed. If you are at this level for federal reporting and you are required to file a yellow book audit with the State under G.S. 143C-6-23, then you may substitute the A-133 audit for the yellow book audit.

If you are required to have an A-133 audit performed and you receive any Federal grant funds passed through the North Carolina Department of Health and Human Services, you are required to file the A-133 audit with the North Carolina Department of Health and Human Service.

If you expend more than \$500,000 and you are required to file a yellow book audit with the State Auditor under G.S. 143C-6-23, then you are also required to file the yellow book audit with the North Carolina Department of Health and Human Service.

A planned enhancement to the system is the capability for the grantee to directly upload a pdf version of their audit directly into the online system where it will be accessible to both the funding agency/agencies and the Office of the State Auditor.

Please send the required audit to the following address:

DECISION PAPER

TO: Northampton County Board of County Commissioners
FROM: Northampton County Health Department
MEETING DATE: June 5, 2017
RE: Proposed County Employee Wellness Program

PURPOSE:

The purpose of this decision paper is to request the Board of Commissioners' approval for the Health Department to begin providing Employee Wellness Services to current Northampton County Employees beginning July 1, 2017.

FACTS:

1. Northampton County Health Department is currently a preferred provider for Medcost Health Insurance and can bill Medcost Insurance for services rendered.
 2. Northampton County Health Department currently and as needed sees current Northampton County Employees for occasional sick visits and bills Medcost Insurance for services rendered.
 3. By providing Employee Wellness Services to current County Employees, Northampton County Health Department will be able to generate additional revenues and ensure a healthier County workforce by providing Health Wellness services.
 4. The proposed County Wellness Program has been approved by the Northampton County Board of Health, Health Department Medical Director, Dr. Frank Taylor and Medcost Health Insurance.
-

DISCUSSION:

Northampton County Health Department would like to begin offering an Employee Wellness Program to all current County Employees who have Medcost Health Insurance beginning July 1, 2017 on Mondays, Tuesdays and Thursdays of each week by scheduled appointment. As an extra benefit for coming to the Health Department for Wellness services, the Health Department requests County Commissioner approval to waive the \$15 Health Insurance copay and also allow current county employees to **Not** have to use sick leave during their appointment. If the Proposed County Employee Wellness Program proves to be successful,

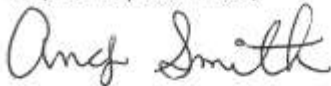

the Health Department will seek to contract with an additional Mid-level Provider under the supervision of the Agency Medical Director to provide services on Friday of each week and possibly an occasional Wednesday of each week. The Health Department's proposed FY17-18 budget is able to support the Wellness Program thus no additional County Funds will be needed.

The Benefits of the Proposed County Employee Wellness Program are twofold; County Employees will save money and time by coming to the Health Department for services thus resulting in a healthier workforce and the Health Department will be able to generate much needed additional revenues by billing Medcost Insurance for services rendered. All current County Employees will also be able to be seen for sick visits with the ability to provide specialist referral if needed. The only foreseen potential challenge at the moment is that the Health Department may not initially be able to offer same day appointments but will certainly strive to see everyone as soon as possible.

RECOMMENDATIONS:

The Northampton County Health Department and Board of Health recommend that Northampton County Commissioner's approve Proposed County Employee Wellness Program beginning July 1, 2017 and waive the \$15 Insurance Copay along with allowing current county employees not to use sick leave for health visit appointments at the Health Department.

Respectfully submitted,

Andy Smith

DECISION PAPER

To: Northampton County Board of Commissioners

From: Jason S. Morris, Public Works Director

Date: June 5, 2017

Reference: NC Division of Water Infrastructure – Asset Inventory and Assessment Grant

Purpose: The purpose of this Decision Paper is to obtain approval by the Board of Commissioners to complete and submit applications to the NC Division of Water Infrastructure for an Asset Inventory and Assessment Grant for water and sewer infrastructure for Northampton County Public Works Water and Sewer Division.

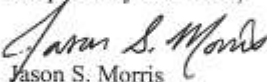

Facts:

1. Northampton County does not currently have an Asset Management Plan for all systems operated by the Public Works Department.
2. Green Engineering has offered to assist Northampton County in preparing and submitting the applications for water and sewer Asset Inventory and Assessment Grants. (See letter Attachment)
3. The deadline for application submittal is September 30, 2017.

Discussion: An asset management plan will be useful to determine the age of all infrastructure for water and sewer to best determined and plan for future replacements and needs of our aging infrastructure. These asset management plans are helpful with scoring on other grant applications for system improvement that may be done in the future. Asset Management Plans also help in the creation of more accurate Capital Improvement Plans when planning for future upgrades to our systems.

Recommendation: The Public Works Department recommends the Board of Commissioners approve to proceed with the submission of applications for the Asset Inventory and Assessment Grant to the NC Division of Water Infrastructure for existing water and sewer infrastructure owned by Northampton County

Sample Application Submittals

Dear Mr. Morris:

Please find attached for your review three (3) Asset Inventory and Assessment Grant applications we prepared for municipal clients and submitted to the Division of Water Infrastructure. All three of these applications were funded and they are as follows:

- Bertie County Water District II
- City of Wilson – Water System
- City of Wilson – Sanitary Sewer System

As we discussed we believe Northampton County would be a strong candidate for grant consideration based on a preliminary evaluation of the economic indicators and the fact that you are operating several independent water systems. The attached applications will give you an idea of what information needs to be included in the application and what information will need to be provided by the County if you choose to submit. Please pay special attention to Line Items in the Narrative as the Division of Water Infrastructure places a lot of emphasis on the Applicant's "internal asset management team", how the Applicant will use the information developed through this project and how the asset inventory database developed through this project will be kept up to date.

There is only one (1) application cycle this year and the submittal date is September 30, 2017. Again, per our discussion, Green Engineering will prepare this application on behalf of Northampton County (with some assistance from the County) at no cost to the County. We also understand that if a grant is awarded the County will most likely advertise to receive a Statement of Qualifications or RFQ for completion of the project even though this is not a requirement of the award by the Division of Water Infrastructure.

Applications for sanitary sewer can also be separately submitted.

If you have any questions regarding the above or the attachments please give me a call to discuss.

Respectfully,

Subject: NC Division of Water Infrastructure
Asset Inventory and Assessment Grants

Dear Mr. Morris:

Thank you for taking the time yesterday to speak with me regarding the RFQ/RFP for the water main relocation project on Squire Road. During our conversation we discussed Northampton County's lack of a comprehensive Geographical Information System (GIS) database for the water systems and the need for one. I mentioned to you that the North Carolina Division of Water Infrastructure is now accepting grant applications for Asset Inventory and Assessment grants and that these grants were created in Session Law 2015-241 in the changes made to NCGS 159G, to broaden the use of grant funds to encourage water and wastewater utilities to become more viable and more proactive in the management and financing of their system.

Why is this important?

Funding applications for infrastructure improvements, whether loan, grant or both, are being ranked based on a very competitive priority rating system for which points are awarded in multiple categories, with funding being allocated to the highest ranked application first, then the next highest, and so forth until all available funds are exhausted. As a result, many needed worthwhile projects go unfunded each year. Maximizing your application's points is your best way to improve your chances of getting funded. Areas to improve your score include the implementation of capital improvement and asset management plans; source water protection and/or wellhead protection plans, and water conservation incentive rate structures. The State, in realizing the benefits that these measures could have on water and sewer utilities across the state, decided to offer grants of nearly 100% to assist these utilities in these efforts. As a starting point, the State has made grant funds available to go towards Asset Inventory and Assessment projects; the first two (2) steps of a comprehensive Asset Management Plan.

What does it cost my Utility?

Northampton County can request up to \$150,000 towards this effort with a local match of 5-20% depending on where the County rates in the following five (5) Local Government Unit Indicators:

- Percent population change
- Poverty Rate
- Median Household Income
- Unemployment
- Property Valuation Per Capita

Based on these indicators, Northampton County will be required to provide the following match:

- 5% match if 5 of 5 LGU indicators are worse than state benchmark
- 10% match if 4 of 5 LGU indicators are worse than state benchmark
- 15% match if 3 of 5 LGU indicators are worse than state benchmark
- 20% match if <3 of 5 LGU indicators are worse than state benchmark

Based on our evaluation, Northampton County will be required to provide a 5% match. Northampton County will have the option to provide in-kind services or cash for this match.

What other Factors are considered in the Grant?

Applicants with Operating Ratios greater than 1.0 over the past three (3) years, i.e. water and/or sewer rates greater than \$33.00 per month, and evidence that the county's asset management team will use the information gained from this grant to manage their infrastructure in the future will also be factored into the score of this application.

What does Northampton County need to do to apply for this grant?

Assist Green Engineering with information to complete a 6 page Common Application; adopt a Resolution requesting the grant and willingness to participate in the match; complete a LGC-108A Form; and sign a form certifying that the County has not transferred any funds from the water and/or sewer enterprise fund to the County's general fund.

Green Engineering will complete and file the Grant Application at no charge with the understanding that if a grant is awarded Northampton County will contract with Green Engineering to perform the asset inventory and assessment survey.

Is there a dead Line?

Yes, this application has to be filed no later than September 30, 2017 as there is not a Spring cycle. This may seem like a long time from now but we all know that application deadlines have a way of sneaking up on you.

IF you are interested in filing a grant application for asset inventory and assessment please contact our office at your earliest convenience so we may begin this process with you. Time is of the essence to meet this deadline.

Please give me a call at 252-237-5365 if you have any questions regarding the information presented above.

Respectfully,

E. Leo Green, III; PE, PLS

FM: Cathy Allen, Tax Administrator

RE: Late 2016 applications for Tax Exemption /Exclusion–Gaston Solar, LLC, Garysburg Solar, LLC, Seaboard Solar, LLC and Woodland Solar, LLC

DT: May 19, 2017

PURPOSE: To obtain the Board's action concerning whether Duke Energy has good cause for filing late applications for Tax Exemption on the above referenced solar farms for 2016.

FACTS: The fore mention owners as of January 1, 2016 did not submit applications for tax exemption for 2016. Therefore, each entity was billed at 100 percent of their appraised values. Mr. David Wright, Director of Property & Indirect Tax for Duke Energy filed late applications on behave of the Gaston Solar, LLC, Garysburg Solar, LLC, Seaboard Solar, LLC and Woodland Solar, LLC which were received in office February 24, 2017. G.S. 105-282.1 (2) (a1) does allows an applicant to submit a late application upon a showing of good cause by the applicant for failure to make a timely application, an application for exemption or exclusion filed after the close of the listing period may be approved by the department of Revenue, the board of equalization and review, the board of county commissioners, or the governing body of a municipality, as appropriate.

DISCUSSION: An untimely application for exemption or exclusion approved under G.S. 105-282.1(2) (1) states under this subsection applies only to property taxes levied by the county or municipality in the calendar year in which the untimely application is filed.

Northampton's deadline for listing was February 15, 2016 or by December 31, 2016 for submitting a late application.

CONCLUSION:

RECOMMENDATION: If the Board of Commissioners approves the late application the Tax office request the Board to authorize the Tax Collector to refund Duke Energy from tax bill 16A128279.01.1 (\$68,505.83), tax bill 16A128280.01.1 (\$64,533.48), tax bill (\$61,892.36) and tax bill 16A128282.06.1 (\$66,407.49) the total levy amount of \$261,339.16. The break-down consist of (\$237,418.37 G01, \$3,845.28 F52, \$4,714.20 F53, \$3,543.29 F57, and \$4,823.53 F59) plus total interest in the amount of \$6,994.49 bringing the total refund to \$268,333.65.

2016 Solar Energy Electric System Exemption – AV-10 Form**

Dear Commissioners,

This letter is to file an appeal of the decision by the Northampton County Tax Office to deny the 2016 Solar Energy Electric System Exemption Applications (Form AV-10) filed by the four above referenced solar companies owned by Duke Energy.

The county tax offices' reason for denying the applications is based on the fact that the applications were filed on 2/24/2017 (enclosed). We believe there were circumstances created by both the seller of these companies to Duke Energy and the Hampton County Tax Office that led to the applications not being filed with the 2016 property listings, or subsequently, before the end of the year, Dec 31st 2016.

North Carolina statute 105-282.1(b) (enclosed) gives power to the County Commissioners to reverse this decision assuming there was "good cause" for the delayed filing. Therefore, I am hereby requesting a hearing before the County Commissioners to explain these circumstances and request that you reverse the county tax offices' decision.

If there are questions or if additional information is needed in advance, please contact my office at (704) 382-6125 or davidw.wright@duke-energy.com

Respectfully,

David Wright
Director - Property & Indirect Tax

North Carolina State Tax Reporter, North Carolina, Sec. 105-282.1, Applications for property tax exemption or exclusion; annual review of property exempted or excluded from property tax

GENERAL STATUTES OF NORTH CAROLINA, 1943, CHAPTER 105 TAXATION, SUBCHAPTER II LISTING, APPRAISAL, AND ASSESSMENT OF PROPERTY AND COLLECTION OF TAXES, Article 12 Property Subject to Taxation

105-282.1(a) *Application.* Every owner of property claiming exemption or exclusion from property taxes under the provisions of this Subchapter has the burden of establishing that the property is entitled to it. If the property for which the exemption or exclusion is claimed is appraised by the Department of Revenue, the application shall be filed with the Department. Otherwise, the application shall be filed with the assessor of the county in which the property is situated. An application must contain a complete and accurate statement of the facts that entitle the property to the exemption or exclusion and must indicate the municipality, if any, in which the property is located. Each application filed with the Department of Revenue or an assessor shall be submitted on a form approved by the Department. Application forms shall be made available by the assessor and the Department, as appropriate.

Except as provided below, an owner claiming an exemption or exclusion from property taxes must file an application for the exemption or exclusion annually during the listing period.

105-282.1(a)(1) *No application required.* Owners of the following exempt or excluded property do not need to file an application for the exemption or exclusion to be entitled to receive it:

105-282.1(a)(1)a. Property exempt from taxation under G.S. 105-278.1 or G.S. 105-278.2.

105-282.1(a)(1)b. Special classes of property excluded from taxation under G.S. 105-275(15), (16), (26), (31), (32a), (33), (34), (37), (40), (42), or (44).

105-282.1(a)(1)c. Property classified for taxation at a reduced valuation under G.S. 105-277(g) or G.S. 105-277.9.

105-282.1(a)(2) *Single application required.* An owner of one or more of the following properties eligible for a property tax benefit must file an application for the benefit to receive it. Once the application has been approved, the owner does not need to file an application in subsequent years unless new or additional property is acquired or improvements are added or removed, necessitating a change in the valuation of the property, or there is a change in the use of the property or the qualifications or eligibility of the taxpayer necessitating a review of the benefit.

105-282.1(a)(2)a. Property exempted from taxation under G.S. 105-278.3, 105-278.4, 105-278.5, 105-278.6, 105-278.7, or 105-278.8.

Subject to Terms & Conditions: http://researchhelp.cch.com/License_Agreement.htm

105-282.1(a)(2)b. Special classes of property excluded from taxation under G.S. 105-275(3), (7), (8), (12), (17), (18), (19), (20), (21), (31e), (35), (36), (38), (39), (41), or (45) or under G.S. 131A-21.

105-282.1(a)(2)c. Special classes of property classified for taxation at a reduced valuation under G.S. 105-277(h), 105-277.1, 105-277.1C, 105-277.10, 105-277.13, 105-277.15, 105-277.17, or 105-278.

105-282.1(a)(2)d. Property owned by a nonprofit homeowners' association but where the value of the property is included in the appraisals of property owned by members of the association under G.S. 105-277.8.

105-282.1(a)(2)e. (Repealed by Session Laws 2008-35, s. 1.2, effective for taxes imposed for taxable years beginning on or after July 1, 2008.)

105-282.1(a1) *Late Application.* Upon a showing of good cause by the applicant for failure to make a timely application, an application for exemption or exclusion filed after the close of the listing period may be approved by the Department of Revenue, the board of equalization and review, the board of county commissioners, or the governing body of a municipality, as appropriate. An untimely application for exemption or exclusion approved under this subsection applies only to property taxes levied by the county or municipality in the calendar year in which the untimely application is filed.

105-282.1(b) *Approval and Appeal Process.* The Department of Revenue or the assessor to whom an application for exemption or exclusion is submitted must review the application and either approve or deny the application. Approved applications shall be filed and made available to all taxing units in which the exempted or excluded property is situated. If the Department denies an application for exemption or exclusion, it shall notify the taxpayer, who may appeal the denial to the Property Tax Commission.

If an assessor denies an application for exemption or exclusion, the assessor must notify the owner of the decision and the owner may appeal the decision to the board of equalization and review or the board of county commissioners, as appropriate, and from the county board to the Property Tax Commission. If the notice of denial covers property located within a municipality, the assessor shall send a copy of the notice and a copy of the application to the governing body of the municipality. The municipal governing body shall then advise the owner whether it will adopt the decision of the county board or require the owner to file a separate appeal with the municipal governing body. In the event the owner is required to appeal to the municipal governing body and that body renders an adverse decision, the owner may appeal to the Property Tax Commission. Nothing in this subsection shall prevent the governing body of a municipality from denying an application which has been approved by the assessor or by the county board provided the owner's rights to notice and hearing are not abridged. Applications handled separately by a municipality shall be filed in the office of the person designated by the governing body, or in the absence of such designation, in the office of the chief fiscal officer of the municipality.

105-282.1(c) *Discovery of Property.* When an owner of property that may be eligible for exemption or exclusion neither lists the property nor files an application for exemption or exclusion, the assessor or the Department of Revenue, as appropriate, shall proceed to discover the property. If, upon appeal, the owner demonstrates that the property meets the conditions for exemption or exclusion, the body hearing the appeal may approve the exemption or exclusion. Discovery of the property by the Department or the county shall automatically constitute a discovery by any taxing unit in which the property has a taxable situs.

105-282.1(d) *Roster of Exempted and Excluded Property.* The assessor shall prepare and maintain a roster of all property in the county that is granted tax relief through classification or exemption. On or before November 1 of each year, the assessor must send a report to the Department of Revenue summarizing the information contained in the roster. The report must be in the format required by the Department. The assessor must also send the Department a copy of the roster upon the request of the Department. As to affected real and personal property, the roster shall set forth:

105-282.1(d)(1) The name of the owner of the property.

105-282.1(d)(2) A brief description of the property.

105-282.1(d)(3) A statement of the use to which the property is put.

105-282.1(d)(4) A statement of the value of the property.

105-282.1(d)(5) The total value of exempt property in the county and in each municipality therein.

105-282.1(e) *Annual Review of Exempted or Excluded Property.* Pursuant to G.S. 105-296(i), the assessor must annually review at least one-eighth of the parcels in the county exempted or excluded from taxation to verify that the parcels qualify for the exemption or exclusion.

PROPOSAL PAPER

TO: NORTHAMPTON COUNTY BOARD OF COMMISSIONERS
FM: Cathy Allen, Tax Administrator
RE: Bennett, Vicky Cotton Solid Waste appeal of parcel 04-04930
DT: April 8, 2017

PURPOSE: For the Board of Commissioners to act on the Solid Waste fee appeal submitted by Mrs. Vicky Bennett for 2016 in the amount of \$210.86.

FACTS: Mrs. Bennett owns parcel 04-04930 known as BENNETT 24 BUSY BEES with a physical address of 533 US 301 Hwy.

Mrs. Bennett presented the Solid Waste appeal to the Tax Office on April 3, 2017. Mrs. Bennett's appeal is based on the fact that the business have been closed more than two years and they have not utilized solid waste or the building, nor did the business have a roll out trash container until the later months of 2016. Please see the attached appeal.

DISCUSSION: The business Busy Bee retained a private contract with Waste Industries for a dumpster until their closing. The Tax office was not notified that the business no longer was under contract. During an audit of the solid waste fees is when our office was notified that they were no longer under contract. Therefore, one solid waste fee was added to the parcel for 2016. According to the Northampton County Solid Waste Ordinance, the Solid Waste fee is an availability fee (which means available for use) charged to all improved properties with the exception or those with private contracts. The burden is on the taxpayer to let Public Works or the Tax Department know if they have a lost, damaged or stolen can or under contract.

CONCLUSION: The Tax Department recommends that the appeal be denied in according to the Solid Waste Ordinance adopted in 1993.

Reclassifications impact individual positions only.

When an employee's reclassified position is assigned to a higher salary range, each employee shall have his/her salary increased to the minimum of the new salary range.

If the employee's current salary is already *above* the minimum salary rate, his/her salary may be adjusted between 5% to 7.5 %. The adjusted salary may **not** exceed the maximum of the assigned salary range.

If the position is reclassified to a *lower* pay range and the employee is receiving a salary *above* the maximum established for the new class, the salary of the employee shall be maintained at that level until such time as the position's pay range is increased above the employee's current salary.
