

North Branch Water & Light
AMR (Automatic Meter Reading) Project

The Ferguson Waterworks Staff would like to thank you for your participation in the North Branch Water & Light AMR Project.

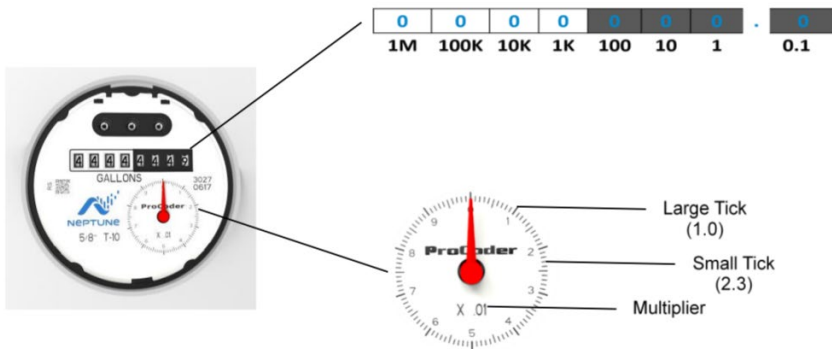

North Branch Water & Light and all its customers will enjoy the short and long term benefits of this new meter reading technology.

For general questions and emergency issues,

Please call **1-844-593-1254**

How to read your New Neptune Water Meter

Your new meter will read water usage down to the tenth of a gallon. For example, if the reading on your meter showed “0000001.4”, that would indicate that 1.4 gallons have passed through your meter.
