

2022 REDISTRICTING - 2020 CENSUS DATA SUMMARY

CURRENT COMMISSIONER DISTRICT EVALUATION

Countywide Population
2010 Census: 28,567
District Average: 5,713

Countywide Population
2020 Census: 30,066
District Average: 6,013

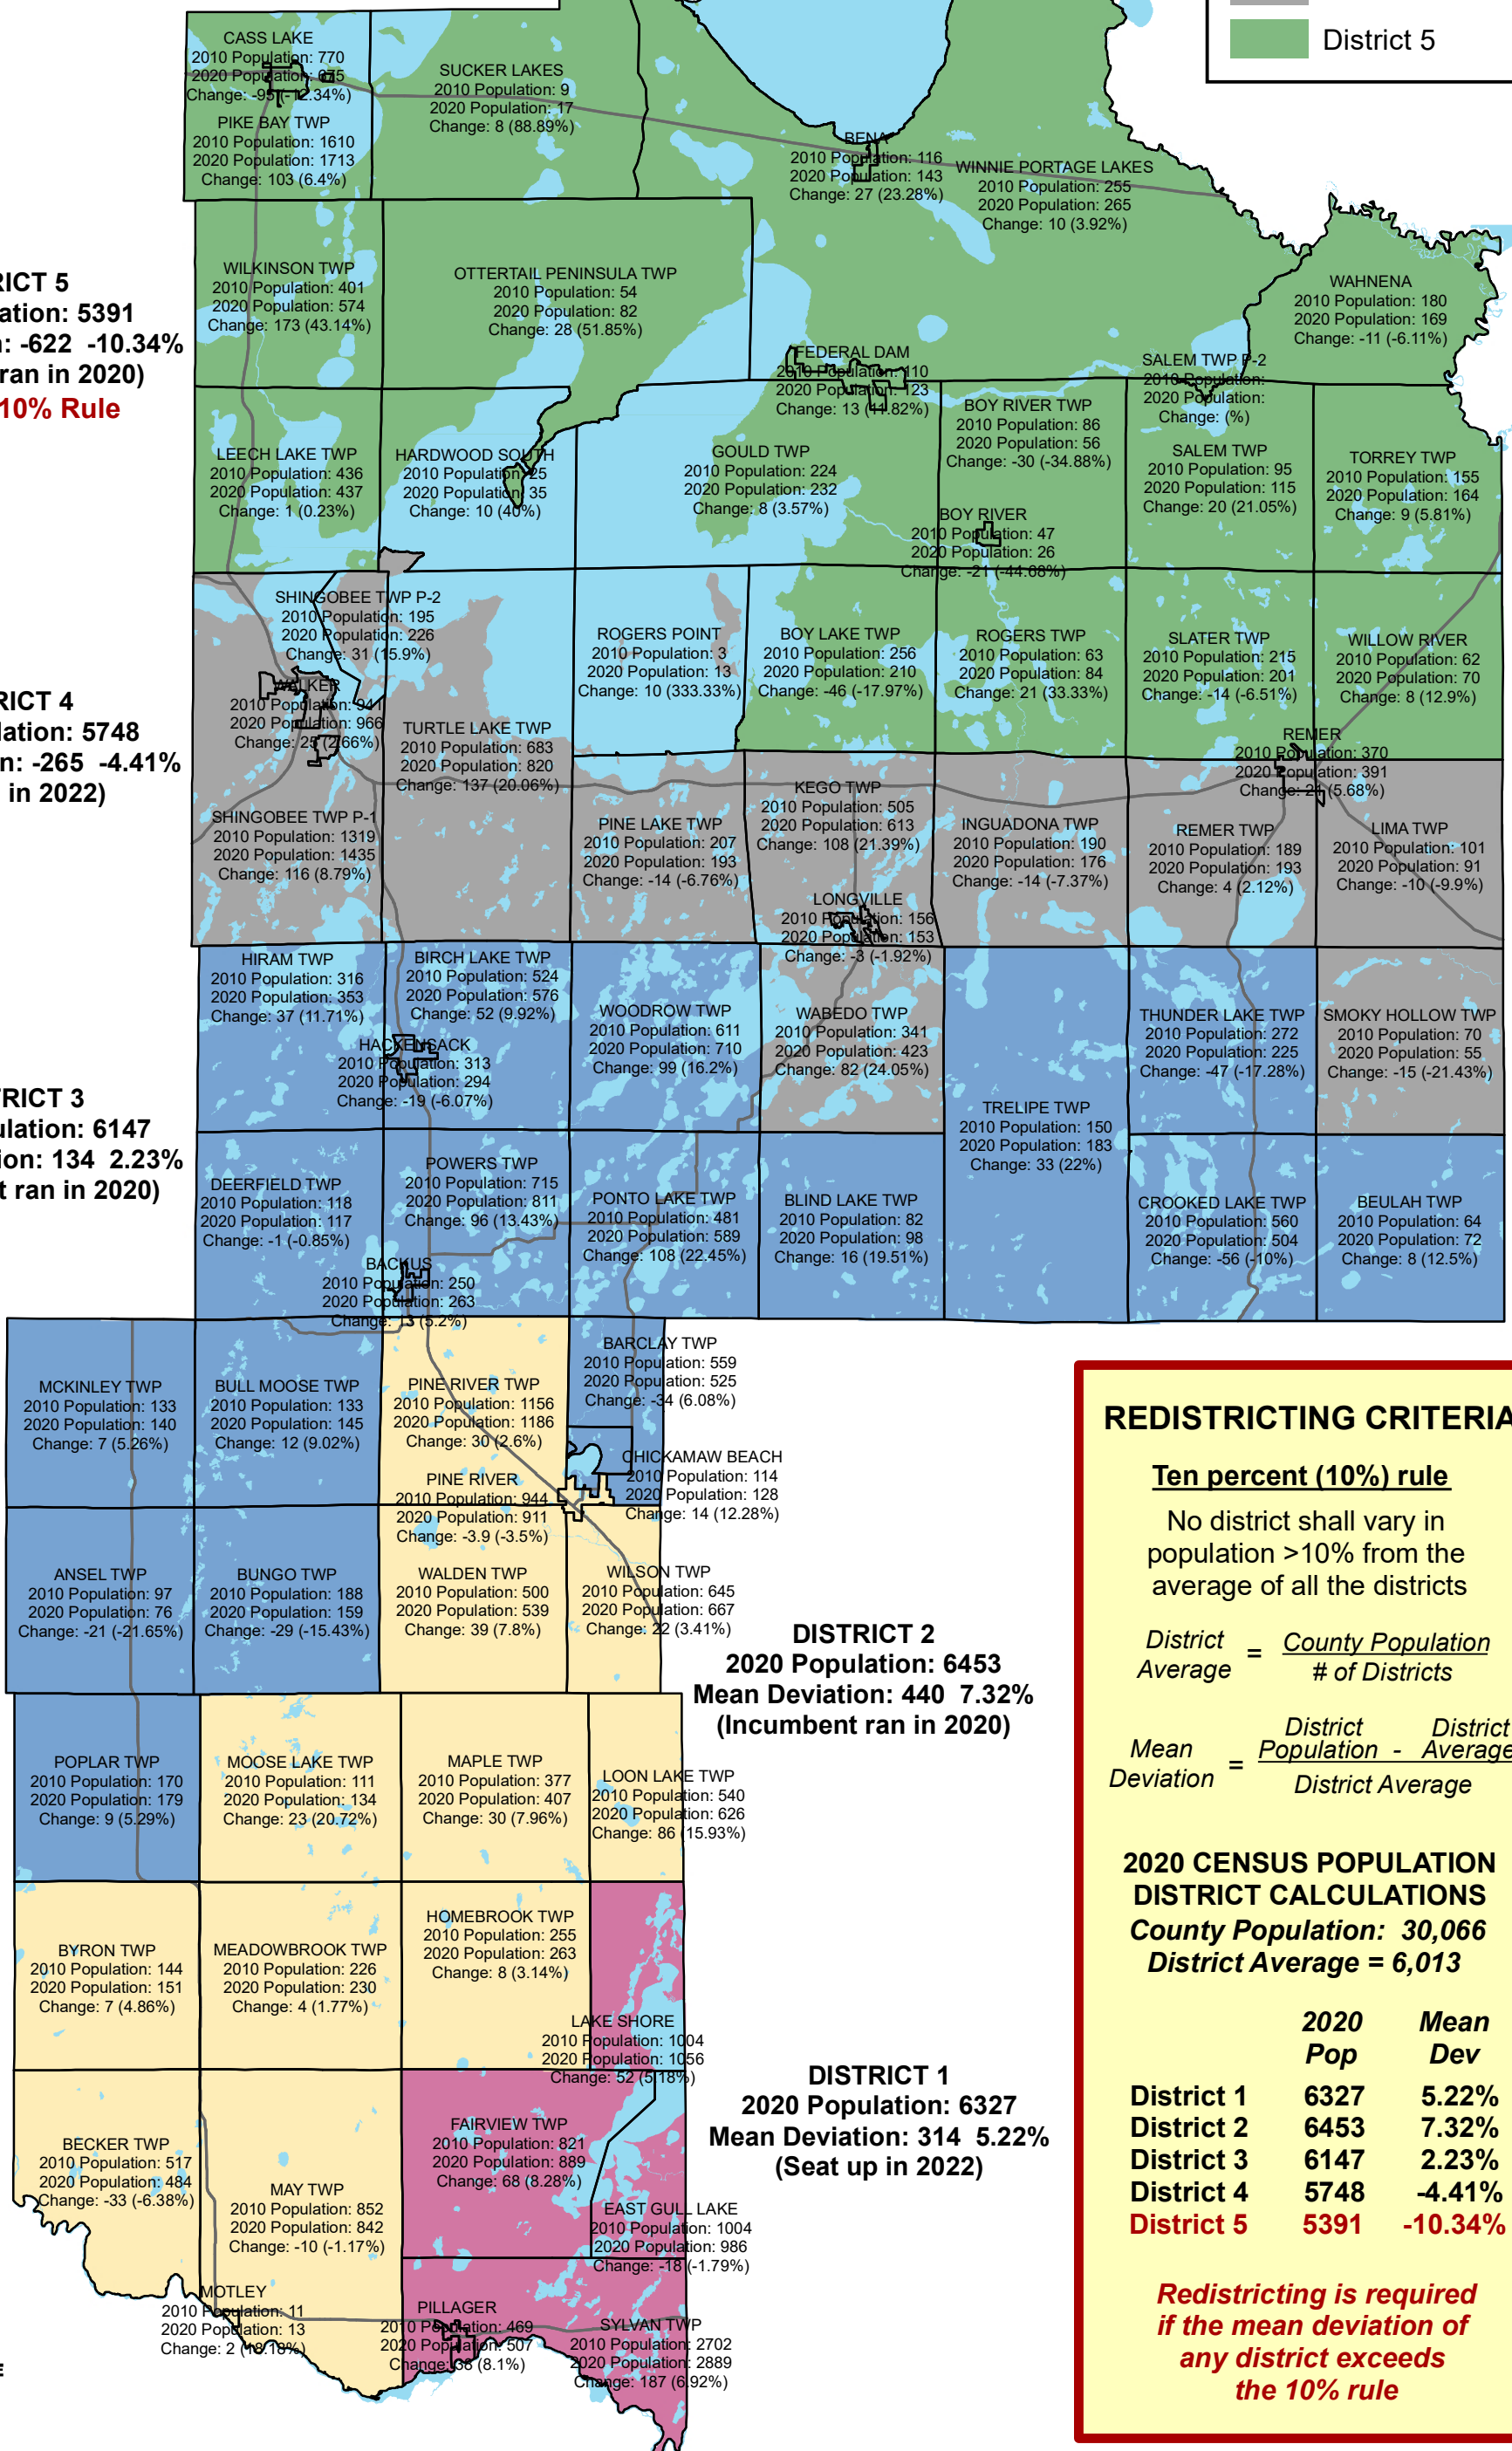

DISTRICT 5
2020 Population: 5391
Mean Deviation: -622 -10.34%
(Incumbent ran in 2020)
Exceeds 10% Rule

DISTRICT 4
2020 Population: 5748
Mean Deviation: -265 -4.41%
(Seat up in 2022)

DISTRICT 3
2020 Population: 6147
Mean Deviation: 134 2.23%
(Incumbent ran in 2020)

DISTRICT 2
2020 Population: 6453
Mean Deviation: 440 7.32%
(Incumbent ran in 2020)

DISTRICT 1
2020 Population: 6327
Mean Deviation: 314 5.22%
(Seat up in 2022)

REDISTRICTING CRITERIA

Ten percent (10%) rule
No district shall vary in population >10% from the average of all the districts

$$\text{District Average} = \frac{\text{County Population}}{\text{\# of Districts}}$$

$$\text{Mean Deviation} = \frac{\text{District Population} - \text{District Average}}{\text{District Average}}$$

2020 CENSUS POPULATION DISTRICT CALCULATIONS
County Population: 30,066
District Average = 6,013

District	2020 Pop	Mean Dev
District 1	6327	5.22%
District 2	6453	7.32%
District 3	6147	2.23%
District 4	5748	-4.41%
District 5	5391	-10.34%

Redistricting is required if the mean deviation of any district exceeds the 10% rule
