

Todd Cheema is a SVP and Senior Structurer, Innovative Risk Solutions for Swiss Re Corporate Solutions. Todd works on a team dedicated to the use of techniques other than traditional insurance and reinsurance to provide risk-bearing entities with protection. Prior to his current role, Todd led a team in Swiss Re dedicated to providing a flexible range of customized Retrospective Solutions to help address the capital and earnings challenges arising from retained reserves. Prior to his role in Retrospective Solutions, Todd worked in Underwriting and Pricing roles at Swiss Re, specializing in Commercial Umbrella. Todd has also worked with a broker market reinsurer, with a consulting firm, and with a personal lines insurance company. Todd is a Fellow of the Casualty Actuarial Society and is a member of the American Academy of Actuaries.
