CONTRACTOR/HOMEOWNER SIGNATURE

By signing this application I certify that the proposed work is authorized by the owner of record and that I have been authorized by the owner to make this application as his authorized agent, and we agree to conform to all applicable laws of the City of Utica. All information submitted on this application is accurate to the best of my knowledge. Section 23a of the State Construction Code Act of 1972, Act No. 230 of the Public Acts of 1972, being Section 125.1523 of the Michigan Compiled Laws, prohibits a person from conspiring to circumvent the licensing requirements of this state relating to persons who are to perform work on a residential building or a residential structure. Violators of Section 23a are subject to civil fines.

Signature of Applicant: _____ Date: _____

HOMEOWNER AFFIDAVIT

I hereby certify the work described on this permit application shall be installed by myself in my own home in which I am living or about to occupy. All work shall be installed in accordance with the Building Code and shall not be enclosed, covered, used or put into operation until it has been inspected and approved by the Building Inspector. I will cooperate with the Building Inspector and assume the responsibility to arrange for necessary inspections. Homeowners Initials _____

Historic District Property

I hereby certify that on or before the date of completion of proposed work my building will have a code compliant smoke detector or fire alarm system. (Amendment to Public Act 169 of 1970. Public Act 67 of 2004) Owner Initials _____

A 72-hour notice to the MISS DIG System must precede any digging done in the City at 1-800-482-7171. If damage is done to any underground utility when digging and notification was not given, the property owner will be liable for repairs. (Revised 5/8/2018)

APPLICATION FOR BUILDING PERMIT

CITY OF UTICA BUILDING DEPARTMENT
7550 Auburn Rd, Utica, MI 48317
586.739.1600 • Fax 586.739.2867
www.cityofutica.org

RESIDENTIAL BUILDING PERMIT INSTRUCTIONS

1. Complete application for a building permit.
2. Minimum two sets of building plans drawn to scale. Must be sealed if over 3500 sq. ft.
3. Site plan showing, to scale, the size and location of all the new construction and all existing structures on the site, distances from all lot lines, established street grades and proposed finished grades. All this drawn in accordance with an accurate boundary line survey.
4. Sidwell number, lot number and legal description.
5. Copy of builder's license. Does not apply if a homeowner is doing their own work. Also, a copy of applicant's driver's license and/or State ID is required.
6. Soil erosion permit, when appropriate, issued from the Macomb County Public Works.
7. Approach permit, when appropriate, issued from the Macomb County Road Commission.
8. Michigan Energy Plan.
9. Building Plans shall comply with the current code in effect at date of application and shall include, but not limited to:
 - A. Floor plans shall be to proper scale and clearly show room sizes.
 - B. Site plan as noted in item #3 above.
 - C. Section cut through fireplace to show construction and indicate 2 inch minimum clearance from structural framing.
 - D. Indicate floor and roof framing sizing and spacing.
 - E. Show floor and roof framing plans and header specifications.
 - F. Show building elevations on all sides.
 - G. Indicate correct window sizes and types. Egress windows must meet current code for emergency exits.
 - H. Cross-section of structure showing wall components, ceiling components, floor components and foundation details.
 - I. Must meet current Michigan Energy Code.
 - J. Submit adequate details of structural, mechanical and electrical work, including computations, stress diagrams and other technical data.
10. Where applicable, separate permits are required for electrical, plumbing, mechanical and installations.
11. If a structure is located within the **Historical District**, approval from the Historical District Commission is required prior to the issuance of a building permit.
12. If a proposed structure is located within a **Floodplain District**, a permit from the Department of Environmental Quality is required, and an engineered site-grading plan must be submitted as part of the original plan.
