Swimming Pools

Pools and spas, permanent or temporary, designed and manufactured to be connected to a circulation system intended for swimming, bathing, or wading.

Barrier Requirements

The provisions of 780 CMR, 9th Edition, 2015 ISPS shall control the design of barriers for residential swimming pools, spas, and hot tubs. These design controls are intended to provide protection against potential drowning and near drowning by restricting access to swimming pools, spas, and hot tubs.

Additional Requirements

A separate ELECTRICAL Permit is required and to be submitted in conjunction with the Pool Permit.
