New business: Fire Dept.Lockbox update: Deputy Martinez gave us contact information to order the lockboxes. We have to check monthly to see if they are in stock to order. Lockboxes are being purchased for vulnerable seniors for TRIAD with formula grant money.

These boxes are to be installed on house outside wall by the FireDepartment.

A spare key will be placed inside box. Only the Fire Department will have a key to open all boxes, so doors or windows won't be damaged if they need to get in the home in an emergency.
