402 provide a schedule of reasonable fees, as authorized by s.
403 125.56(2) or s. 166.222 and this section, for enforcing this
404 part. These fees, and any fines or investment earnings related
405 to the fees, shall be used solely for carrying out the local
406 government's responsibilities in enforcing the Florida Building
407 Code. When providing a schedule of reasonable fees, the total
408 estimated annual revenue derived from fees, and the fines and
409 investment earnings related to the fees, may not exceed the
410 total estimated annual costs of allowable activities. Any
411 unexpended balances must ~~shall~~ be carried forward to future

432 1. As used in this subsection, the phrase "enforcing the

REGULAR MEETING

General Public Comment regarding non-agenda items and items not scheduled for future agendas will be taken at the beginning of the meeting with a limitation of three minutes. No discussion

Chair Erbella just returned from a trip to Grand Cayman and was impressed with the flow of traffic and the number of roundabouts on the island.

Board member Carter agrees that they work well in a lot of places where people understand how they work.

Per City Planner Minor the problem is how much real estate they take up.

Chair Erbella wanted to mention them as we go forward with the Reimagine Pine Ave project.

Attending the meeting was an officer from the Sheriff's office who stated that the island just can't accommodate traffic circles.

Chair Erbella also mentioned that Grand Cayman had a lot of one-way streets. Per City Planner Minor this was also discussed at a Reimagine Pine Ave meeting and there was a lot of resistance to them from business owners and residents.

Board member Cote remembers one time discussing coordinating traffic lights on the island. According to the Sheriff's office the traffic lights can be controlled for special events but a deputy has to be at each intersection, and it takes a lot of logistics to have that work.

City Planner Minor will add traffic flow as an agenda topic for future meetings.

Board member Carter commended the Sheriff's office response for noise complaints last week.

Board member Salem has met with the mayor to discuss increasing residency on the island and would like to put it on the agenda for a future meeting.

3. Land Development Code Workshop/Discussion – Article IX. Facilities within City Rights-of-Way

City Planner Minor went over the changes for the above to make it less clunky to deal with. Once it is workshopped it will go to City Attorney Vose, and she will create the actual ordinance.

Currently, the city does not have a Director of Public Works. So, the Land Development Code will reference “any person authorized by the mayor” – after discussion among the board, City Planner Minor will add “any person authorized by the mayor for implementation of this chapter.”

There have been added definitions. Chair Erbella asked to include drainage work under the Emergency Repair definition.

114-604(c) The particular statement is being struck because the original ordinance cannot be found. Board member Salem recommended keeping the last sentence referencing the Director of Public Works. City Planner will keep that sentence.

114-605 contains the bulk of the changes. City Planner Minor developed standards of review (using 105 Elm as an example) and added criteria.

Board member Salem and Board member Haddox suggested some editorial and punctuation changes respectively. City Planner Minor will make the suggested changes.

Chair Erbella asked if applicants are allowed to resubmit if they are initially denied. Per City Planner Minor they can resubmit after making appropriate changes.
