

*Flatten those boxes and place only clean recyclables into the bin. Be sure to push it past the window opening.*

We appreciate our hosts! Please be respectful of the property where recycling sites are located and follow these simple rules:

- **Never leave anything on the ground**
- **Never put trash or construction material in a recycling bin.**
- **Always flatten your boxes**
- **Recycle light/loose items inside a bag when possible**

If we all follow these simple rules, we will continue to have an efficient and cost-effective program.

Households can save on trash disposal costs by recycling more and throwing away less. Check out the county website to find out how.

**Surveillance cameras record activity at all 24/7 Recycling Sites. Following up on violations is time consuming and costly to the program.**

If you find a Recycling Site is too full for your material, you are asked to report this to the

Recycling Coordinator

**882-0554**

We hope this never happens to you and apologize for the inconvenience if it does. Please return to the site another time or visit any of the seven 24/7 Recycling Sites located throughout Benzie County. Please do not leave anything on the ground at a Recycling Site. This is considered illegal dumping and violators will be prosecuted.

To find answers to all your recycling questions go to

[www.benzieco.net](http://www.benzieco.net)

Go to Departments/Committees, then Recycling and Solid Waste Click on Recycling Documents for more information & brochures.

*Reduce, Reuse and Recycle today for a  
clean & green tomorrow*

There are seven convenient 24 / 7 Single Stream Recycling Sites to service Benzie County Residents. They are located at:

- **The Village of Thompsonville DPW Maintenance Garage on 669**
- **Save-A-Lot Shopping Center in Benzonia**
- **Beulah Village Municipal Parking Lot**
- **Lake Ann Elementary School on Bronson Lake Road in Inland Township,**
- **City of Frankfort- East Side of Public Boat Launch**
- **Homestead Township Hall in Honor**
- **Almira Township Park on Ole White Drive.**

There are four 24/7 cardboard recycling trailers provided to area schools through Packaging Corporation of America. They are located at Frankfort High School, Benzie Central High School, Lake Ann Elementary School and Betsie Valley Elementary School. Schools profit from cardboard recycled at these trailers and businesses may also use them at no charge.

**Single Stream Recycling Bins accept:**  
Clean plastic containers and packaging, (look on the bottom for a recycling logo with a # inside - #1,#2,#3,#4,#5,#6,#7)  
plastic bags, tin & aluminum bottles and jars, glass bottles and jars, paper and flat cardboard, including magazines & junk mail and aseptic cartons can go into the same bin. All items must be clean and free of food residue.

**24/7 Drop-off Recycling Sites are limited to the items listed above. Nothing else may go into the recycling bins.**

Helpful information about other items you may need to recycle or dispose of can be found on the Benzie County Website

Web: [benzieco.net](http://benzieco.net)

Click on Recycling Documents where you can print information off or read online. Or, simply call and request that information be sent to you! This is your program and we want to keep you informed.
