Special Use Permit Application

119 E Elm Street

Albion, MI 49224

Parcel ID# 51-001-227-00

Zoning District: R-2 – Multiple Family Residential

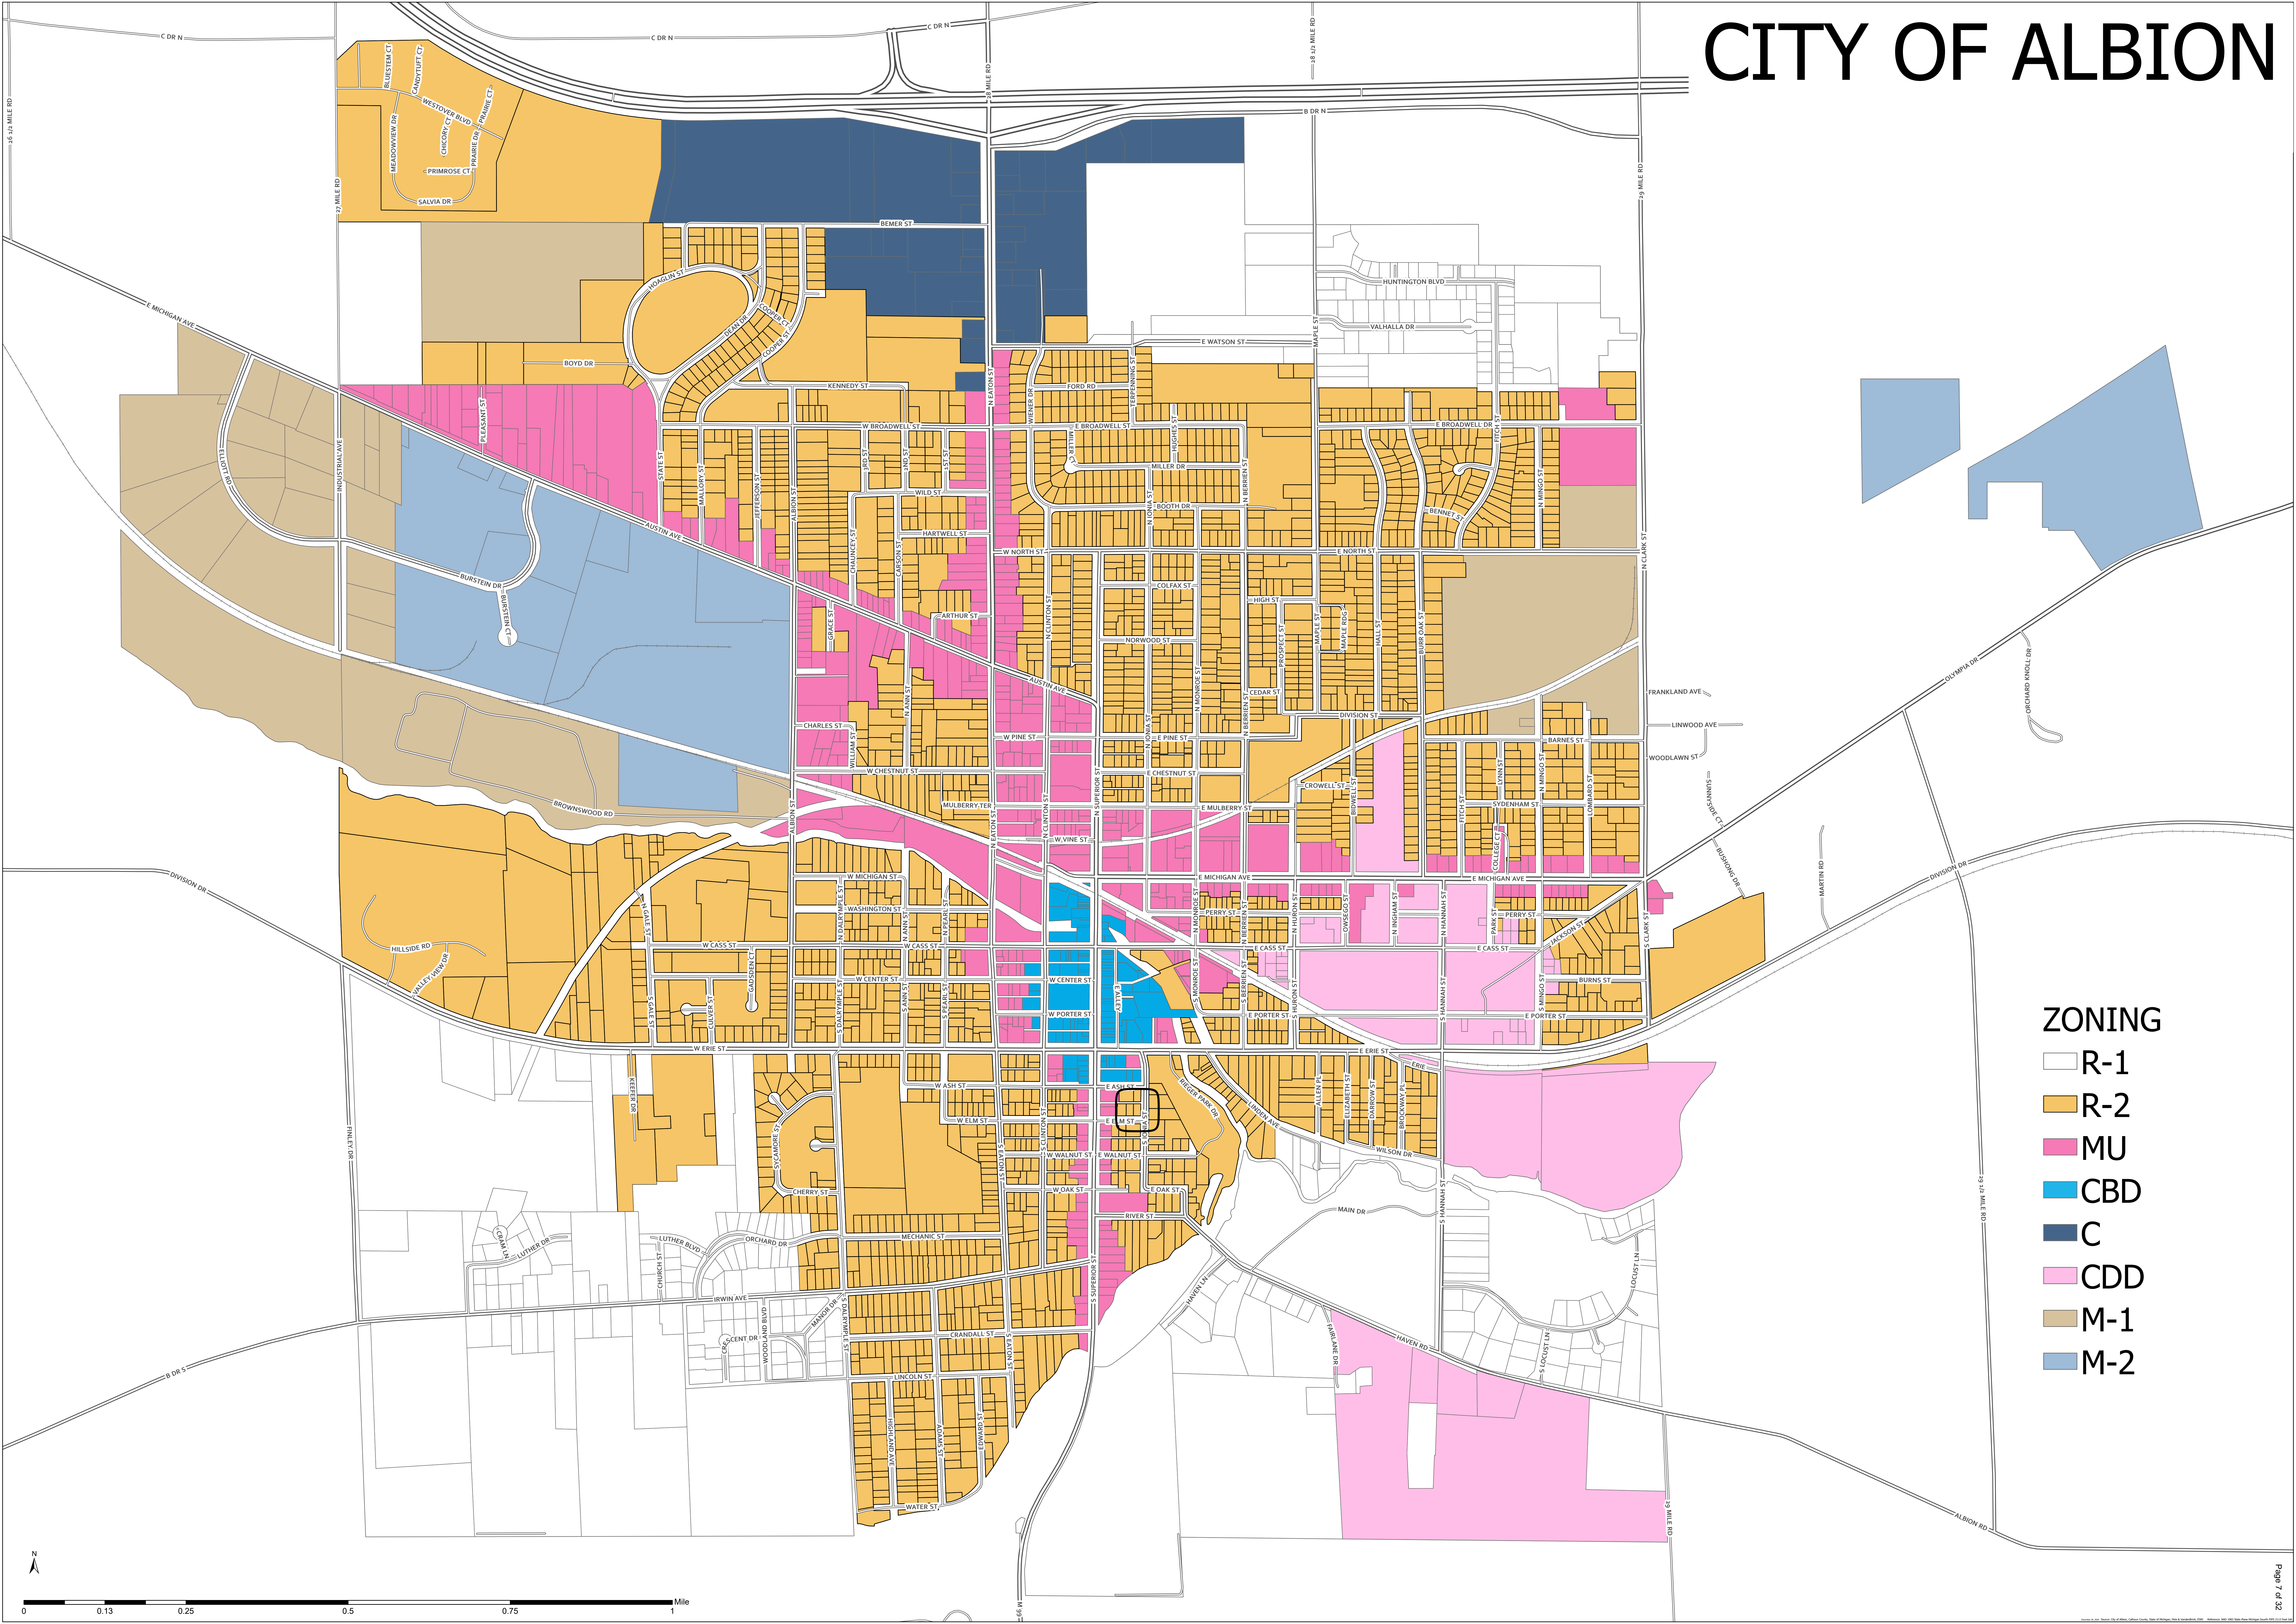

Current Use: Multiple-Family Dwelling – Nonconforming Use

Proposed Use: Multiple-Family Dwelling

Background: Ace Investment Properties is applying for a Special Use Permit for a multiple-family dwelling unit. The existing structure is a converted single-family home which has been used since before the adoption of our current zoning ordinance as a multiple-dwelling/multiple-family housing unit. It exists currently as a nonconforming use, requiring a special use permit for expansion. Ace Investments would like to increase the number of dwellings from three, to four. Though nonconforming, the use of the structure as a multiple-family dwelling unit is permitted to persist, but not expand. To expand from three dwellings to four requires a Special Use Permit.

Recommendation: I have received all appropriate application materials and found them to be satisfactory to the requirements outlined in the Zoning Ordinance. City Administration is recommending approval of this Special Use Permit Application.

MEMO

To: City of Albion Planning/Building Department

From: Joseph Verbeke, Manager, ACE Investment Properties LLC

Date: December 5, 2022

Subject: Special Use Permit Proposed Use of Site

ACE Investment Properties LLC is applying for a special use permit for 119 E Elm St. The house on the property was previously divided into three apartments when purchased in March, 2022. The two units on the second floor are 1-bedroom apartments and the first floor has one 2-bedroom apartment.

ACE Investment Properties would like to separate the first floor into two 1-bedroom apartments and thus add an additional apartment to make the building a 4-unit apartment house. This change would not require any changes to the exterior of the building or parking facilities. ACE Investment Properties has seen an increasing need for 1-bedroom units in the past two years in Albion and is trying to adapt and meet that demand.

A rough sketch of the first floor of the building is attached.

RRC Certified Opportunity

In addition to the MPEA-required five-year review, the community's efforts to maintain alignment with the [Redevelopment Ready Communities](#) Best Practices includes annual progress assessments to determine if the community is on track for meeting the plan's goals and actions. City Administration meets regularly with MEDC representatives to ensure our compliance with Master Plan, and Redevelopment Ready Community requirements.

Zoning Ordinance Amendments & Rezoning

Zoning is the legal mechanism which turns planning goals into reality via development regulations. It is imperative that a community maintain an up-to-date zoning ordinance which aligns with those goals and addresses emerging trends. Throughout the year, the Planning Commission discussed the following amendments:

Topic	Summary	Status
Marihuana Business	At the request of City Council, the Planning Commission determined an overlay district to recommend to City Council for adoption. This overlay district designates suitable land for Marihuana business and allows City Council greater discretionary power on Marihuana business	Recommended: Yes Adopted by Council: Yes [Chapter 100, Sec. 7, 7.24 A, 7.24B]
