21
        COUNCILMEMBER PATRICK: Yes.
22
        MAYOR PITTMAN: Thank you.
23
        All right. Before we get to public comment,
24
25 I do have a question for Legal.
```

Page 7 1 want to do it, but it should be opened tonight and --MAYOR PITTMAN: Okay.

ATTORNEY McLENDON: -- continued to any 3 future date.

MAYOR PITTMAN: All right. Thank you.

All right. At this time, we are going to 6

open the Public Comment portion. Please limit your

comments to three minutes; state your name for the

court clerk.

If you wish to speak, please come forward, 10 11 line up. Yes, it is on all agenda items; on anything you wish to speak on, actually.

MS. SUSAN FRAYSSE: Susan Fraysee, Oakcliff 14 Estates.

15 Two items. One, as a member of the steering

committee of the form-based code effort since early this year -- well, in June and earlier -- I want to

speak strongly in support of that. It's in its fourth

iteration now, and I've seen the fourth, the document

and the map, and it is really I think taking advantage of all of the input we've had at all of the meetings

of the steering committee so far, so that I hope you-

all will be strongly interested in, on this first

reading, clearing -- if there's any confusion or any

25 doubts about it, let's go ahead and get that out now,

Page 6

ATTORNEY McLENDON: Okay. 1

MAYOR PITTMAN: Are we going to be doing the 2 3 public hearing tonight for --

ATTORNEY McLENDON: No. 4

MAYOR PITTMAN: -- (b) or are we going to 5 continue that? 6

ATTORNEY McLENDON: My understanding is there's been a request for a deferral, and that of course is in the discretion of the Council.

9 If you chose to accept the deferral, 10 probably the best way to do it would be to open the public hearing. You really don't have to take the comments today but you could continue it to a date certain with that public hearing remaining open so it preserves the advertising; you don't have to readvertise it. And you just kick it out to whatever date certain you want to set it; you start the meeting, and the public hearing continues. 18

MAYOR PITTMAN: Okay. And I ask that 19 because if someone wished to make a comment on that under Public Comment if we were going to have the public hearing, I was going to ask them to wait until 23 we got to that point.

ATTORNEY McLENDON: Yeah, that would -- you 25 know, you can allow the public hearing however you-all

1 because I think it's something that I've been hoping for for the city for a long time.

And secondly, if it's appropriate to comment on the rezoning, I strongly, strongly, strongly oppose the rezoning of the UAW site and I hope that you-all will, however long it takes, remain resolute and not create a problem in that central area of Doraville. 8

Thanks.

9 MAYOR PITTMAN: Okay. Thank you. Anyone else wishing to make public comment? 10

MR. SEAN O'SHEA: Hi. Sean O'Shea, a 11

resident of Northwoods a long time.

So I just wanted -- I wasn't sure whether to comment relative to the request for the zoning or spot zoning for M-1 from C-2 for the old union hall. I had considered a lot of the details regarding it, and one of the things that I came to conclusion on from the long-term aspect of it is I really would

strongly recommend against doing such spot zoning. 20 And one of my key concerns is not so much 21 for the original intentions of the owner now but the 22 impact on the property down the road, because intentions can change as business necessitates. And 24 so once you change the zoning, the value of the

25 property will change, and its use can be used beyond

13

Min-U-Script®

Page 12

Page 9

1 what may have been originally intended.

My concern is that an M-1 usage zoning would 3 permit something like a bus terminal and a truck

4 terminal. Either one of those are accepted uses under

5 our current M-1 zoning. And those are items that

6 would fit completely, I think, against what the long-

7 term vision and plan is for the city and its use and

8 it being a walking area and pleasant for folks to be

in in the area.

So I just wanted to state those concerns 10

11 before you took the consideration regarding zoning.

12 Thank you.

MAYOR PITTMAN: Thank you. 13

MR. STUART ANDERSON: Stuart Anderson. 14

I don't think I could have much more to say. 15

I'm against the zoning change also.

MR. STEVE DEAN: Steve Dean, Northwoods 17

18

I want to speak out along with my fellow 19

20 citizens about the spot zoning for the UAW hall. I think three employees would not really drive the

behavior that we're trying to drive with the

businesses. We want to really attract multi-employee

companies that would really drive the revenues for our

25 local businesses as well as create some seed money for

1 this. I have personal feelings about the building

2 because I worked for 10 years for the UAW and for

3 awhile in that building after the plant closed. I

4 would like to see it -- it's an historical building as

far as I can see, and I see no reason to go forward

with this.

7 Thank you.

MAYOR PITTMAN: Thank you. 8

Anyone else wishing to make public comments? 9

MS. LINDA RAWLINS: Linda Rawlins from 10

Oakcliff. 11

I ask Mayor and Council to please consider 12 and not approve this change for the UAW building. As

a Doraville citizen, and many others, I think we don't

want any more wholesale businesses. I don't care who

they're opened by. And if all of our ordinances and codes were so unconstitutional, why did they not

realize this in the first place instead of now?

We have constitutional rights also to decide 19 what we want to see in the city and participate with.

Another wholesale business would not allow the

majority of citizens in our city to participate unless

you were a business owner.

And like they said, the memorabilia that's

25 in the United Auto Workers' building would not be seen

Page 10

1 others.

2 Thank you. MAYOR PITTMAN: Thank you. 3

MS. CAROL GILMAN: Carol Gilman, Planning 4

Commission.

Council, you may have already received the minutes from the Planning Commission where this zoning

change application was received and reviewed. And for

the record this evening, may I say that it was

unanimous, the vote against such a rezoning, and I'd

like to underscore that. 11

On the LCC, on the form-based code, as we on 12

the Planning Commission study it, questions have

arisen as to perhaps the Buford Highway strategy

should be separate from the strategy looking at the GM

property. And as we go line by line and look at the

two different types of properties, the established

businesses, the new development, the question has arisen -- and I think it's a very valid question --

that perhaps we should have two separate approaches.

Thank you. 21

MAYOR PITTMAN: Thank you. 22

MS. SUSAN CRAWFORD: Susan Crawford. 23

Oakcliff and Planning Commission. 24

And yes, we did unanimously vote against 25

1 by most of us because most of us could not go in 2 there.

We need quality businesses in Doraville to

participate with so it will draw residents that we

really want in Doraville.

The location I think would be in the middle of a live-walk-play-and-work area which we're wanting

for our city, and I don't think the wholesale business

would fit into that.

10 I don't believe our Planning Commission would have turned this down if they truly thought it

was unconstitutional, and I ask that you really look at this because a lot of our citizens go to other

cities to purchase and to eat and to spend our money

where we could be spending money here if we had more

quality businesses.

Thank you.

MAYOR PITTMAN: Thank you. 18

MR. BEN CRAWFORD: Ben Crawford, Oakclift 19 20 Estates.

Mayor, City Council, I sat in on the 21

22 Planning Commission meeting and I think they handled

this very fairly. I think one thing we have to

remember going forward is that we're looking to create

25 a community that's live-work-and-play, and having a

Page 16

1 wholesaler down in our downtown section, first of all, 2 it's not zoned for them to be there. They're coming 3 back and say, "Whoops, we made a mistake. Now we have 4 the right to be there. You got to give it to us,"

5 well, if I bought a car and the transmission was no good, shame on me; buyer beware.

So I think it's something the City Council 8 needs to look at as far as the citizens of Doraville go and vote in favor of the citizens this time. If the gentleman would like to sue, then, anybody can 11 sue.

12 Thank you.

13

24

25

MAYOR PITTMAN: Thank you.

Anyone else? 14

(No response)

MAYOR PITTMAN: Okay. We're going to close 16 the Public Comment portion at this time. 17

I don't believe we have anything for a consent agenda, nothing for number 8, and we have removed the Red Ribbon Week Proclamation, and we will be --21

Actually, today was designated as Breast 22 Cancer Awareness Day in Doraville, and that was in 24 hopes to bring more awareness to a very serious 25 illness.

mortality rate associated with breast cancer has declined 33 percent since Komen Foundation was 2 3 founded.

4 "Before Komen came along, the five-year relative survival rate for woman diagnosed with 5 early-stage breast cancer was about 74 percent. 6 7 Today that number is 99 percent."

So we have made some significant differences 8 there. There's some very good information that is on the web site if you wish to look. But again, I do appreciate that. It's a very serious illness, and we just want to make sure that the City recognizes that.

So thanks to all of you tonight. Appreciate it. And next on the agenda is going to be

Unfinished Business, it's the Form-Based Code; Dr. Gillen.

DR. GILLEN: Thank you. As the Council recalls from our last meeting, you asked to have this on the agenda tonight for the Council to take action to have the Planning Commission review it. So with a motion to send this to the Planning Commission, the Planning Commission then can take it under their wing and begin the process there.

MAYOR PITTMAN: Did anyone have any comments 24 25 before we make a motion?

Page 14

Page 13

1

I want to thank Holly Sinclair. She made some extra ribbons. If you do not have a ribbon 3 tonight and would like one, they're outside in the 4 hallway, and I want to thank everyone that wore a 5 ribbon or is wearing pink tonight.

6 I also would like to thank Mr. O'Shea -where's Mr. O'Shea? There you are. He actually 8 donated the pink ribbon out in front of the building -- he is with Industrious Designs -- and so we much appreciate that too. Thank you so much.

We will be presenting a proclamation to the 12 Susan G. Komen Foundation. Mr. Howe will be sending that out, and I'll just read this real quickly:

"Over 30 years ago, Nancy Brinker promised her dying sister, Susan G. Komen, she would do everything in her power to end breast cancer forever. In 1982, that promise became Susan G. Komen for the Cure, which officially launched the global breast cancer movement. Since then, the Komens have been responsible for raising nearly 2 billion for groundbreaking research, community health, outreach, advocacy, and programs throughout the U.S. and in more than 50 countries. Today more than 70 percent of women

over 40 receive annual mammograms, and the

COUNCILMEMBER DEAN: I have some comments.

MAYOR PITTMAN: Okay.

2 COUNCILMEMBER DEAN: I wasn't here last 3 4 time, and I apologize for that. This was an important matter, and I would have liked to have been here.

I did watch the DVD of the meeting, and I want to know, Ms. Alexander had some excellent questions at the beginning about the taxes. Did we get an answer on that?

10 DR. GILLEN: Which question specifically was 11 it?

COUNCILMEMBER PATRICK: How are taxes 12 assessed on land, commercial versus residential? COUNCILMEMBER ALEXANDER: Combination 14 15 zoning.

16 DR. GILLEN: Right, and we were -- I was working with Lisa to get a definitive answer to it. but essentially it boils down to it's taxed by use of the property. Yeah, I think that in general I guess is the answer to the question. 20

But as far as any separate use inside a 21 22 different zoning, if you have a commercial versus residential, you get taxed at the residential value. I 24 mean the commercial value, I should say. But there 25 aren't two different tax rates for commercial versus

Sta	te of Georgia
	Page 17
1	residential, so.
2	COUNCILMEMBER ALEXANDER: But residentia
3	has homestead exemption.
4	DR. GILLEN: Correct. They would not get
5	the homestead exemption if they were a commercial
6	property, commercial use.
7	But it was decidedly more complicated than
8	that, and so we're trying to get a clear and distinct,
9	definitive answer on that, so.
10	COUNCILMEMBER DEAN: Okay. And just on
11	this, I'm assuming that this is the draft that was
12	referred to that was sent to us by email dated October
13	15? This was with the changes integrated.
14	It says residential materials and the use of

er 15 fake stucco also known as EIFS, on page 1, was prohibited. Well, why residential? Why not residential 17 and business, do we know? Is there --18 19

COUNCILMEMBER BATES: My only understanding -- and we talked about this -- the commercial didn't 20 21 have specific architectural standards listed. It only listed the residential. So I think it was because the commercial was going to be covered with the archi---COUNCILMEMBER DEAN: Architectural stan-24 25 dards?

1 and how it's being used right now. I mean if we were 2 going in knowing, wow, we're going to have a lot of 3 people asking for exceptions to this rule, maybe we should take another look at the rule.

DR. GILLEN: Those are valid points, and I think the Planning Commission will take that --

7 COUNCILMEMBER DEAN: Okay. DR. GILLEN: -- into consideration, and I 8

think -- after her comments, I think they're on the same track as where you're going with that.

COUNCILMEMBER DEAN: Okay. Okay. Al 11 right. And that's what I -- I mean I have some

comments, and I know that I wasn't here, so that's not

really fair for me to like bring that out now. But it will come back to us after the 15

Planning Commission reviews, then we --16

DR. GILLEN: Yes. 17

COUNCILMEMBER DEAN: -- can talk about them 18 Okay. 19

MAYOR PITTMAN: Okay. 20

DR. GILLEN: Lots more time for input and --21 and design of the code. 22

MAYOR PITTMAN: Okay. Anyone else with comments?

25 (No response)

Page 18

6

7

9

17

COUNCILMEMBER BATES: -- -tectural standards and that these were going to run in tandem.

COUNCILMEMBER DEAN: Okay. And then my 3 4 biggest, my overall concern, because I expressed --5 and thank you for asking about the 50-percent thing.

At the last meeting when I was in attendance, Caleb said something to the effect of this is not a true form-based code because we are

stipulating the uses, etc.

And then at the last meeting, the 50 10 percent, I mean, he wouldn't do that for newly developed property; it would be 80 or 90 percent. But this was kind of as a -- as a balance to serve as the developed and the underdeveloped properties. And so I guess this would attach to

15 16 Ms. Gilman's comments, too: I mean why not have either like an overlay project for the Buford Highway area and then just focus on the form-based code on the GM property because it's brand new, it's new

development -- I mean it starts from the ground up -and that way, we could manage that, because Caleb even

said we're going to be seeing a lot of variances

23 regarding that 50-percent issue.

And him saying that indicates that this is 25 not something that would work smoothly for our city

MAYOR PITTMAN: Okay. Do I get a motion? 1 2 COUNCILMEMBER BATES: Make a motion to refe

the form-based code or Livable Community Code to the Planning Commission.

MAYOR PITTMAN: Second? 5

COUNCILMEMBER BATES: Version 4. COUNCILMEMBER ALEXANDER: Second

MAYOR PITTMAN: Discussion? 8

(No response)

MAYOR PITTMAN: Call the roll, please. 10

DEPUTY CLERK ROCKELEIN: Council Alexander 11 COUNCILMEMBER ALEXANDER: Yes.

12 DEPUTY CLERK ROCKELEIN: Council Bates 13

COUNCILMEMBER BATES: Yes. 14

DEPUTY CLERK ROCKELEIN: Council Dean' 15

COUNCILMEMBER DEAN: Yes. 16

DEPUTY CLERK ROCKELEIN: Council Fleming 17 COUNCILMEMBER FLEMING: Yes. 18

DEPUTY CLERK ROCKELEIN: Council Pachuta 19

COUNCILMEMBER PACHUTA: Yes. 20

DEPUTY CLERK ROCKELEIN: Council Patrick 21

COUNCILMEMBER PATRICK: Yes. 22 23 MAYOR PITTMAN: Okay. Thank you.

And before we go into New Business, we're 24

25 going to take a three-minute break, and if you wish to

```
Page 21
 1 have a ribbon, there's plenty out there.
                                                                   MS. FERGUSON: I did not fix everything that
               (Brief recess)
                                                          2 could be fixed in this budget.
 2
                                                                   COUNCILMEMBER DEAN: Uh-huh.
         MAYOR PITTMAN: Meeting come back to order.
 3
 4
         Okay. The next item is going to be the
                                                                   MS. FERGUSON: I increased the line items
 5 First Read on the Proposed Amendment to the Fiscal
                                                          5 that needed to be increased in order to get rid of the
   Year 2-13 Budget, Lisa.
                                                            variances, but I could have redone the entire budget.
 7
         MS. LISA FERGUSON: Okay. The purpose of
                                                            But in order to simplify things, I just added to what
   this amendment is to do a little bit of clean-up on
                                                            needed to be added to, because the primary purpose of
 8
   last year's budget. This is the money that we've
                                                            this amendment is to add in the revenues.
   already spent and we've already gotten in, but in
                                                                   COUNCILMEMBER DEAN: Right.
                                                         10
   order to stay in compliance with state law and to make
                                                         11
                                                                   MS. FERGUSON: So the one thing that I will
   our auditors happy, we're going to adjust a few
                                                            say is when we look at the budget next year, we'll be
                                                            looking at the expenditures versus the budget, so it
   things.
13
         The main thing is the Business and
                                                            will be -- you know, the comparison will be less.
14
15 Occupational Taxes. They are a lot higher than we
                                                                   COUNCILMEMBER DEAN: All right, because now
                                                         15
   anticipated due to the increase in gross receipts from
                                                            it's $70,000, almost $71,000 for a pool that we use
   the tankers. And then the other thing that we really
                                                            three months of the year; right? And that --
   need to adjust is the Hotel Motel because we received
                                                                   MS. FERGUSON: Yes.
   more money in that category than we had anticipated.
                                                                   COUNCILMEMBER DEAN: -- seems kind of
   And then on the expenditure side, we're just adjusting
                                                         20 excessive, particularly since it's not really a -- you
   a couple of the budgets to keep them within a
                                                            know, it's not really a first-class kind of place to
   reasonable variance of what was actually spent.
                                                            go, right?
22
         So if you have any questions, let me know.
23
                                                         23
                                                                   My other question is operating transfers.
         MAYOR PITTMAN: Okay. Ms. Alexander?
                                                            What exactly does that mean for the solid waste?
24
25
         COUNCILMEMBER ALEXANDER: No. ma'am.
                                                                   MS. FERGUSON: If you recall last year when
                                                 Page 22
```

Page 24

```
MAYOR PITTMAN: Mr. Bates?
 1
         COUNCILMEMBER BATES: I'm good. Thank you.
 2
         MAYOR PITTMAN: Ms. Pachuta?
 3
         COUNCILMEMBER PACHUTA: Huh-uh.
 4
         COUNCILMEMBER PATRICK: I'm fine.
 5
         MAYOR PITTMAN: Ms. Fleming?
 6
 7
         COUNCILMEMBER FLEMING: Yes. I don't have
 8 any questions. I want to make a statement in regards
   to our legal expense. It appears that we're about
   $45,000 more than we ought to be. Legal expenses
   appear to be $40,000 more than we had budgeted for.
12
         Now, comment. I'm going to make two
13 comments. One: If our current insurance company is
14 not going to fund our lawsuits, then we need to find
   somebody else such as GMA, and also I think we need to
   go out for an RFP the first of the year. Those are my
   comments.
17
         MAYOR PITTMAN: Okay. Thank you.
18
19
         Ms. Dean?
         COUNCILMEMBER DEAN: I do have a couple of
20
   questions.
21
         One is for the swimming pool. It was
22
23 increased by $3,000 when we first started this budget
```

24 and now it's going to be increased by an additional

2 was going to be a gap in the billing because when 3 Dekalb County took it over they only billed for half a 4 year. That's what that operating transfer is for is to make up the difference in the revenue. COUNCILMEMBER DEAN: Okay. MS. FERGUSON: We will always be six months behind on that, so this is going to be a one-time thing, and it shouldn't happen this year. COUNCILMEMBER DEAN: Okay. All right. 10 And finally, my last question is the 12 interfund transfers to the sanitation and to the 911 for \$118,000. MS. FERGUSON: That's the one that I was talking about. The \$118,000 is for the gap in the funding, in the billing. The \$422,000 to the 911 is just to make up 17 the difference in the budget because we just don't receive nearly enough money in 911 fees to operate the 911 center. 20 COUNCILMEMBER DEAN: Wow. Really? 21 MS. FERGUSON: Yes. 22 23 COUNCILMEMBER DEAN: So we were like **24** \$422,000 short?

MS. FERGUSON: Yeah.

1 we did the 2012 budget, I explained to you that there

25 \$16,025?

1	COUNCILMEMBER DEAN: \$422,000 short for 911.
2 O	kay. All right.
3	MAYOR PITTMAN: Anything else?
4	COUNCILMEMBER FLEMING: I have a question.
5	MAYOR PITTMAN: Yes, ma'am.

6 COUNCILMEMBER FLEMING: I stand to be 7 corrected, but I believe you made a comment to

8 Ms. Dean that the purpose of the amendments to the

9 budget at the present time to update the 2013 budget up was to basically include just the revenues?

MS. FERGUSON: The main purpose is to include the revenues. The additional purpose is to address any variances that would trigger an audit finding, so that's why some of these other things are in here.

16 COUNCILMEMBER FLEMING: So let me understand
17 correctly, then. This amendment is just for those
18 purposes and not to update our expenditures. Is that
19 correct?

MS. FERGUSON: We are updating some of the expenditures in order to address any variances that might trigger an audit finding.

23 COUNCILMEMBER FLEMING: But not all of them.

MS. FERGUSON: Not all of them.

25 COUNCILMEMBER FLEMING: Okay. Thank you

1 going to cost you roughly a month; or you could oper

2 the public hearing, and then at that point, just set

3 it to a date certain and then move forward from there,

4 and we could have basically public comments, staff

5 report, everything of that sort at that presentation

6 just for consistency. So it's really Council's 7 choice.

8 MAYOR PITTMAN: Let's get their input.

9 We'll start with Ms. Alexander.

10 COUNCILMEMBER ALEXANDER: I'm fine with
11 continuation of the public hearing. I don't want us
12 to have to incur expenditures to readvertise to the
13 Council meeting on November the 4th which I believe

will be at the Civic Center.

MAYOR PITTMAN: Mr. Bates?
 COUNCILMEMBER BATES: That would be my
 preference as well.

MAYOR PITTMAN: Ms. Pachuta?

19 COUNCILMEMBER PACHUTA: Same here

20 COUNCILMEMBER PATRICK: The same. 21 COUNCILMEMBER FLEMING: Okay.

MAYOR PITTMAN: Ms. Dean?

23 COUNCILMEMBER DEAN: I'm good with that

Is there a fee for continuing it, for

25 deferring?

Page 26

Page 25

320

2 MAYOR PITTMAN: Okay. Do you need a motion? 2 we do

3 MS. FERGUSON: This is the first read.

4 MAYOR PITTMAN: Okay. Thank you.

5 MS. FERGUSON: Thank you.

1 very much.

6 MAYOR PITTMAN: Thank you.

7 If you have additional questions, please 8 submit them to Dr. Gillen.

All right. Next on the agenda is

10 Application for Rezoning of Parcel 18 311 02 014

11 located at 5407 Buford Highway from C-2 Commercial to

12 M-1 Light Manufacturing; Mr. Cooley.

MR. COOLEY: Good evening, Mayor and Council.

Again, as you know, we have received a request for a deferral. There was an email put in

17 y'all's boxes today. You were previously forwarded 18 the email requesting the deferral. This was from the

19 agent's doctor requesting the deferral, saying

basically he would not be able to be here.

So it's up to how the Council -- do you want

22 to -- Two options: One --

Well, three options, actually: You can move forward; you could actually defer to another time, at

25 which point it would have to be readvertised which is

MR. COOLEY: Not for continuing it because we don't have to readvertise or anything.

3 COUNCILMEMBER DEAN: Okay.

MR. COOLEY: Well, at that point, then, I would like to go ahead and y'all can go ahead and oper

6 the public hearing and I'll give a brief statement of

7 it. Unless you desire to have the staff report

8 tonight, I would pass that on and go at the November

9 4th meeting so it would be consistent and be fresh ir 10 everybody's mind; but I will read it for the record so 11 we can do this so you can open the public hearing.

MAYOR PITTMAN: So we are going to do the public hearing?

MR. COOLEY: You are going to open the public hearing and then defer I believe the recommendation was to November 4th.

MAYOR PITTMAN: Okay.

MR. COOLEY: Okay. For the record, then,

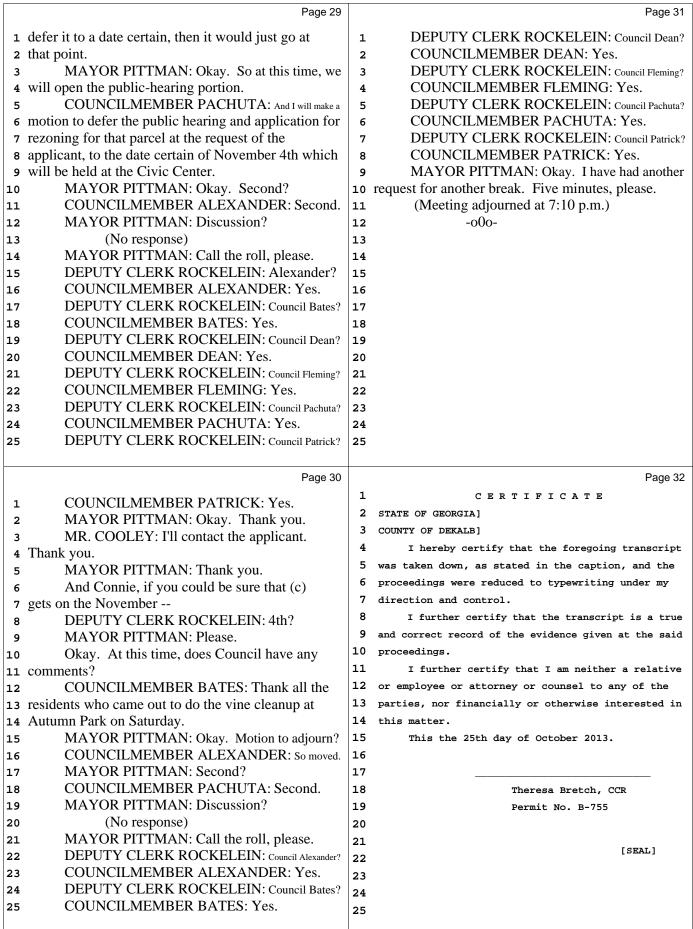

this is an application for rezoning of Parcel No.18-311-02-014 located at 5407 Buford Highway from

21 existing C-2 Commercial Zoning to M-1 Light

22 Manufacturing.

We do have a request for deferral from the applicant, and I will leave it at that point. If

25 y'all wish to open the public hearing and then just

20		comments.	
20 21	20 21		
20	20 21	comments. COUNCILMEMBER DEAN: Okay. I have a comment.	

24

25

24

COUNCILMEMBER DEAN: I would like to remove

25 the second read on the Proposed Amendments to the 201.

Page 8

1 Budget from the consent agenda because I would like a 2 discussion on that.

MAYOR PITTMAN: Okay. Then we will move 4 that into Unfinished Business. We will make that -we can make that (c).

COUNCILMEMBER DEAN: Uh-huh. 6

MAYOR PITTMAN: All right. Now I need a 7 8 motion.

COUNCILMEMBER ALEXANDER: Make a motion to 9 approve the agenda with the two revisions requested. 10

MAYOR PITTMAN: All right. Second? 11

COUNCILMEMBER DEAN: Second. 12

MAYOR PITTMAN: Discussion? 13

14 (No response)

15 MAYOR PITTMAN: Call the roll, please.

CLERK BRYANT: Councilmember Alexander? 16

COUNCILMEMBER ALEXANDER: Yes. 17

CLERK BRYANT: Councilmember Bates? 18

COUNCILMEMBER BATES: Yes. 19

20 CLERK BRYANT: Councilmember Dean?

COUNCILMEMBER DEAN: Yes. 21

CLERK BRYANT: Councilmember Fleming? 22

23 COUNCILMEMBER FLEMING: Yes.

CLERK BRYANT: Councilmember Pachuta? 24

25 COUNCILMEMBER PACHUTA: Yes. 1 really shocked that in the middle of an election a

2 City employee takes it upon himself to issue a news

3 release stating that the incumbent Council is great as

4 it is; furthermore, announcing that we are going to

have an uptake in revenue based on four months' worth of data.

I don't know where the information is coming from because it's certainly not shared with the

public, certainly not shared with Council, so I'd be

interested to see a full accounting of this grand new

plan where we're going to make all of this money. I

just -- I'm really astounded about how -- how broken this is.

You know, I see in our campaign literature 14 15 where some of the incumbents are claiming responsibility for hiring the City Manager to take

over, you know, the day-to-day operations. The fact is that the citizens of Doraville elected to have this

form of government, and it's really sleeves off your

vest to make a good hire. So I don't really see that

as -- as an accomplishment. That's just doing, you know, what's you're supposed to do, and that's your

23

One of the things that really concerns me 24 25 about the City Council and has over the past several

Page 6

7

Page 5

CLERK BRYANT: Councilmember Patrick? 1

COUNCILMEMBER PATRICK: Yes.

MAYOR PITTMAN: Okay. Thank you. Motion 3 4 carries.

Okay. Next is going to be Public Comments.

6 If you could please step to the podium if you wish to

speak, state your name for the court clerk, and you

have three minutes. Anyone wishing to speak.

9 MR. STEVE DEAN: Hi. I'm Steve Dean. I'm from the Northwoods area. 10

I'd like to make a few comments. I hope 11 they won't run over my allotted time. 12

But I'm sure everyone saw the news release. 13

14 It seems to me we have a problem that a lot of older

men experience that are lonely: we've got an out-of-

control mail-order bride that's making decisions,

spending money like it's going out of style, and 17

there's really no accountability. 18

It seems that this new city manager is 19

making decisions without really getting clearance

from, you know, the people who hired him, and I really

22 think that the left side of the dais is ultimately

responsible for this because they've given this

24 individual unfettered power. And there's no

25 performance review, there's no accountability, and I'm

1 years is many of you Council members make the 2 decisions based on your own opinions. I've heard one

3 of you say, "I know best what's for Doraville, not

necessarily my constituents," and I hope that tomorrow

that all of the constituents take this into

consideration when they cast their vote.

Thank you.

MAYOR PITTMAN: Anyone else wishing to 8 9 speak?

And I do want to want to remind the 10 11 audience, you may have opinions or thoughts. I would 12 appreciate your comments -- if you have something to

say, take it outside. Please be quiet in here. I

14 appreciate it.

15 MS. EMILY PAPERA: My name is Emily Papera I am a Russian-speaking case manager for the Russian elderly population here in Atlanta. I represent about 300 Russian-speaking elder adults in the Atlanta area The majority of them are in the city of Atlanta and a good number are in the city of Doraville. There is a lot of immigrant families here. And I try to act as a

conduit to explain to them what kind of services and other organizations that are available to help people,

and I'm representing Larissa Liapidous today who is

25 one of my clients who has been a citizen of this

1 country since 2008.

Out of my 300 clients, she is by far the 3 hardest-working one I've met. A lot of them would 4 like to sit back on using the government for the

5 benefits, and she has fought very hard. We're trying 6 to make sure she gets all of the benefits that she can

as an older adult.

And with that said, she has -- even though 9 she's been a citizen only for about five years, she is 10 no stranger to the offices in Georgia because she's 11 been trying to advocate for some of the fees that are 12 assessed to her. She has very limited low income

because in 2012 she had to guit work because she got -- she was a breast cancer survivor and had to quit

working voluntarily because that's how they had it set up with her organization that she worked for.

So what we're advocating is that she's got a 17 very -- she pays her mortgage dutifully, and she's got a very high mortgage and a very low pension, And what we are here today is to request that she have her sanitation fees waived, because when she was living a couple years ago back in unincorporated Dekalb County,

she could apply for a senior waiver at age 65. Now 24 that she has been annexed into the city of Doraville,

25 there is a city ordinance that states that she has to

Last meeting I saw a letter, didn't get to

2 read the whole thing, but it was discussing a very frivolous lawsuit if the person who is applying for

10(a) does not win, the 10(a) line item from M-1 to

C-2 (sic).

Believe me, anybody applying for zoning M-2 6 in the C-2 area that's downtown has undertaken a frivolous action; and then to threaten suit is indeed a frivolous lawsuit, and I would hope the City has some recourse in that regard if they are sued.

11 Thank you.

12 MS. CAROL GILMAN: Carol Gilman, Northwoods Mayor, on the agenda, would you explain 10 13

(b), the Ordinance to Remove Employee Policies From

Code, why that is being moved or delayed?

16 I ask because I support removing the employee policies from the Code. 17

MAYOR PITTMAN: It's still on the agenda.

MS. GILMAN: It's moved to another section 19 20 of the agenda?

ATTORNEY McLENDON: Huh-uh.

DR. GILLEN: I think there's confusion of the revised agenda. I mean prior to the revised

24 agenda, 10(b) was to remove CT zoning, but that has

25 been revised since, and we're going to put it off to a

Page 10

1 pay the sanitation fees, and I would like the Council

2 to consider her request to have this fee waived so

3 that, because of her limited income, she can actually

4 pay her other bills on time and keep making the

5 mortgage payments.

Believe me, she's exercised every option she has available. She is definitely -- she does not have any car, and she uses public transportation to try

her best to make sure her voice gets heard.

So what I would like to advocate today is 10

11 that she have this sanitation fee waived and -- or if we have to go through the process, we would like to

look into ordinance being changed for the city of

Doraville. Thank you.

MAYOR PITTMAN: Ma'am? 15

MS. PAPERA: Yes. 16

MAYOR PITTMAN: She actually had called, and 17

the number that was left was an incorrect number. 18

Would you mind before you leave today 19

leaving the correct number with the Clerk, please? 20

MS. PAPERS: Sure. I'd be happy to. 21

MAYOR PITTMAN: Thank you. 22 23 Okay. Anyone else wishing to speak?

MS. BONITA HOFFMEISTER: Bonita Hoffmeister,

25 English Oak.

1 future meeting.

21

MS. GILMAN: So, then I have the most

current agenda.

DR. GILLEN: That's correct. 4

MS. GILMAN: Very good. Thank you for the 5 clarification.

DR. GILLEN: On the original agenda, 10(b)

was the removal of CT zoning. The current, the

revised agenda, 10(b) is the removal of the personnel policies from the ordinance.

MAYOR PITTMAN: All right. Anyone else wishing to speak? 12

(No response)

MAYOR PITTMAN: Okay. We're going to close 14

the Public Comment portion.

Next is going to be Reports and

Presentations; City Manager, Dr. Gillen. 17

DR. GILLEN: Thank you, Mayor and Council I'll be brief tonight because we got a report coming

from our Economic Development Director and our Library

Director, talk a little about what's going on with

their two departments. So in the interest of time,

I'll give them plenty of time to talk.

Just a couple of items that are going to be 25 happening in the next couple of weeks. The sound

Page 12

Page 10

Page 13

1 system for the Council chambers is on schedule to be

- 2 installed prior to the next Council meeting, so it
- 3 will be a better Council sound system with better
- 4 speakers and microphones and a mounted camera for when
- 5 we get to the IQM2 system. The live streaming will
- occur for the Council meetings via that.
- The Internet upgrade is almost complete.
- 8 Comcast ran into some snags with Georgia Power in
- 9 crossing their lines and things like that, so they've
- 10 had to work around some things and it's taking them a
- little bit longer, but it is underway and almost done.
- And the GIS system implementation is 12
- underway. That's going to take a couple of months 13
- while the servers are built and the computers are
- ordered, and then the licensing will be purchased as
- well. 16

10

16

17

23

January.

- Lisa Ferguson, the Finance Director, and I 17 are looking into audits of the phone bills. There are
- vendors who will provide a service to audit the phone
- bills to make sure that we're not paying any
- unnecessary fees and that we don't have any lines that
- are just there that we're paying for that nobody's
- 23 using. I've been in this for a long time, and I've
- 24 found government buildings, sometimes there's a phone
- 25 line into a room that no one knew about, but it's on

1 the bill, and nobody bothered to check. So we're

4 concept of audit of our business licenses, alcohol

7 tax certificate, things of that nature. And that's

going to take some times, but we're going to be

working on that over the next couple of months.

11 letters are going out next week, and we have RFPs for

12 finance software and the document management system

that went out on Friday. So those will be coming to you probably in January. As the RFPs come back in,

we'll bring the recommendations to the Council in

The finance software is a critical piece.

we need it to have for timely information flow. And

Other than that, those are the kind of major

25 things that are happening over next couple of weeks.

18 We need to make sure that we're able to give timely

19 reporting. The current system isn't doing what we

20 need it to do and doesn't have the capabilities that

22 that means better monthly reporting to the City

Council and to the public.

The business and occupational tax renewal

5 licenses and excise tax to make sure that everybody

6 that has a business in Doraville has an occupational

We're also looking into the same sort of

2 going to run through that.

- 1 So I'll stop there. If there's any questions, I can
- 2 answer them, but I'll turn it over to our next two
- presentations.
- 4 MAYOR PITTMAN: Council? Ms. Alexander, dic
- you have questions for Dr. Gillen?
- COUNCILMEMBER ALEXANDER: No, ma'am 6
- 7 MAYOR PITTMAN: Mr. Bates?
- COUNCILMEMBER BATES: No. 8
- MAYOR PITTMAN: Mr. Patrick? 9
 - COUNCILMEMBER PATRICK: In your mind, what'
- 11 the appropriate time frame for a business license to 12 be renewed?
- DR. GILLEN: How long it should take? 13
- COUNCILMEMBER PATRICK: Uh-huh. 14
- DR. GILLEN: I don't know what -- Two to 15
- three weeks is --16

10

18

20

2

- CLERK BRYANT: Days. 17
 - DR. GILLEN: -- typical? Is it --
- CLERK BRYANT: Days. 19
 - DR. GILLEN: -- two to three business days?
- This is my first go-round with it. I don't 21
- know how you've been doing it in the past. It
- shouldn't take but a couple of days is what I would
- hope for.
- 25 COUNCILMEMBER PATRICK: Thank you.

Page 14

MAYOR PITTMAN: Ms. Fleming? 1

COUNCILMEMBER FLEMING: Yes. I'd like to

- inquire as to who the source will be for the audit of
- the phone bills, the alcohol licenses as well as the
- business licenses.
- DR. GILLEN: We had a vendor we selected for
- the phone bills -- Lisa, dig into that because their
- name escapes me right now -- and she can talk to us
- about that.
- 10 We're going to get some quotes on the other 11 ones, so I don't know who the companies are yet.
- There's two or three out there that do the business
- 13 licensing that I've done it with other cities, so
- we'll take a look at that.

COUNCILMEMBER FLEMING: And in regards to a 15 16

audit on our E911 fees that we're not getting?

DR. GILLEN: Uh-huh. We're taking a look a that as well. I didn't mention that, but yes. Thank

- you for reminding me. That is part of the -- when we
- do the E-RFQ for the service, we're going to want that to be a part of it. 21
- COUNCILMEMBER FLEMING: As soon as you fin 23 out from Ms. Ferguson in regards to who the vendor is
- 24 I'd like to know what the cost is to the city for
- 25 these audits.

MAYOR PITTMAN: Ms. Dean? 2

- COUNCILMEMBER DEAN: No. I'm good. 3
- 4 MAYOR PITTMAN: Okay. Thank you.
- DR. GILLEN: All right. 5
- MAYOR PITTMAN: Thank you, Dr. Gillen. 6
- 7 DR. GILLEN: Thank you.
- MAYOR PITTMAN: Next is Economic 8
- Development, Mr. Howe.
- MR. LUKE HOWE: Thank you, Mayor. 10
- Well, this is probably the worst-kept secret 11
- 12 in Atlanta, but I'd like to formally announce that the
- GM plant is under contract. It has been since July.
- We're looking at a 12- to 15-month closing 14 period which will -- which will end in -- in the fall 15
- of next year. 16
- So right now they're doing some environ-17 mental testing. They've done some preliminary
- testing, and we don't know much about that; but we
- know that they're undeterred, so that is a good thing. 20
- But we've been really busy with that project 21
- 22 lately, as you would expect. There's a lot of
- 23 intergovernmental coordination that has to be done, a
- 24 lot of lobbying the Federal government and trying to
- 25 get some assurance for the 70 million in

- 1 for the -- for the New Peachtree Road Project.
- 2 Unfortunately, it requires a 20 percent local matching
- 3 requirement, and that would be about \$582,000. I
- applied for a State Road & Toll Authority grant for
- that match, so, you know, hopefully that'll be
- successful.
- We were -- we've been recommended -- It's
- been recommended by the ARC and the Georgia Department
- of Transportation that we undertake a second LCI
- study. Now, I know everybody may be a little
- planning-fatigued, but GDOT said that this would --
- recommended that this would be the next best step in
- making sure that we get funding considerations for our
- major project.
- 15 This LCI Supplemental Study would be
- exclusive to the connectivity projects: the Buford Highway corridor -- the Buford Highway Connector
- project, the MARTA pedestrian bridge, and upgrades to
- Peachtree Industrial and Motors Industrial. This
- would be more of a preliminary engineering plan, so it
- would be a little bit more nuts-and-bolts than what
- we've done in the past.
 - And again, you know, since the -- you know,
- 24 in the wake of the T-Splost vote, you know, there is a
- 25 -- the State has to reassess all the transportation

Page 18

Page 20

- 1 infrastructure that we're going to need. So this is a 2 significant step for the city, but there's a lot of
- 3 work to be done.
- I did want to compliment the Mayor and
- 5 Council. They have shown really remarkable leadership
- 6 over the last year. You know, you had to inspire a
- 7 lot of confidence in somebody to want to make a
- 8 \$60,000,000 investment. And from our governing
- 9 authority on down to our Planning Commission and our
- 10 DDA to even, you know, our well-educated and
- thoughtful citizens, you-all collectively have
- presented a very positive image, and I want to
- congratulate you on that. 13
- I've asked you to make some -- you know, 14
- some decisions over the last year. Some were popular,
- some weren't very popular. But you made them, and
- they were necessary, and we wouldn't be here today if 17
- you didn't do that. So again, thank you all. 18
- 19 We're working on a number of grants right now, and that continues to be something that falls
- within my -- my scope of work. Other than leadership,
- another key ingredient to have a flourishing economic
- development program is appropriate investments in
- 24 infrastructure.
 - We did receive a 2.8 million dollar grant

- 1 projects that were -- that were slated to get money.
- And they said, you know, "This is what you really need
- to do to position it for funding in the future," so we
- applied for a supplemental LCI.
- We're also working on EPA brownfield
- assessment and clean-up grants. Typically the EPA
- will make a call for applications beginning in October
- until -- till late November. Now, the government
- shutdown has delayed that, so, but we're working on
- them in anticipation that it's going to -- it's going
- to come open, so I'll keep you posted on that.
- We're also working with Parks & Recreation 12
- on a Land & Water Conservation Fund grant that would
- continue to do some work on Halpern Park.
- Other than that, business development is 15 doing very well. We are actually doing better
- economically than we were, you know, when I first go
- here five years ago -- that was pre-recession -- and
- we're doing it with stricter policies in place.
- 20 And so I think it's a credit to everyone who
- 21 has advocated for those policies, that we can be 22 successful in recruiting business and we can do it
- under stricter guidelines. So I've always said
- 24 whatever you put in place, we will work with that and
- 25 we're going to be successful with it.

Page 2

Page 21

1 development strategy, and we'll discuss ways in which

the DDA can augment the City's efforts.

This Friday you will be getting a proposal from a developer for a 30,000 square foot medical

facility that would be located right where the old Pan

Asian and Extension Service sites are. You know, it's

-- so far, it looks like a great opportunity. The

facility would employ about 30 people in the high-

paying healthcare field. It would probably mean about

60 more jobs in construction. So I look forward to discussing that with you at our next work session.

Other than that, we're really doing well 12 economically. We had a -- it was a rough three or four years there with the plant closure and the recession, but we're just -- we're slowly but surely

crawling our way out of it. And I want to emphasize how important good leadership has been. You know, it's fine to disagree

but we're not doing it in front of a regional television audience, and I can't tell you how

important that is. So you're doing a fantastic job

with leadership. It doesn't matter who you hire. If

the collective leadership is not presenting a positive image, then anything we do is really a lost cause. So

25 I want to congratulate you all for that.

company that is moving into the old post office. I really love this industry. It has got a lot of potential. They're going to be moving in at the first of the year. 20 The company's called Gangs at Work. They 21

We have just over 1,500 businesses. 1,200

2 are actually located here in Doraville. So that's --

3 that's a 25 percent increase over the last two years.

We've welcomed the -- we just welcomed two new

distributors into the annexed area recently, and I'm working on one more in the Clearview area.

And M-1 is going to continue to be our

priority because right now that has the most potential

with the goals that you formulated a few months ago,

we plan on bringing a third Urban Redevelopment Plan

9 for employment. You know, in keeping with your --

before the Council at the next -- at the next work

session, and in our future Opportunity Zones, we'll

Other than that, we have our new video game

14 focus on the M-1 and the employment centers that we

haven't already applied for.

16

22 employ about 15, and they've been in business for 20 23 years. They make video games particularly for the 24 Department of Defense. They're mostly training and 25 simulation oriented.

Page 22

And that's about it unless you have any 2 questions.

MAYOR PITTMAN: Ms. Alexander? 3

COUNCILMEMBER ALEXANDER: No, ma'an 4

MAYOR PITTMAN: Mr. Bates? 5

6 COUNCILMEMBER BATES: No.

7 MAYOR PITTMAN: Ms. Pachuta?

COUNCILMEMBER PACHUTA: Huh-uh. 8

9 MAYOR PITTMAN: Mr. Patrick?

COUNCILMEMBER PATRICK: Huh-uh. 10

MAYOR PITTMAN: Ms. Fleming? 11

COUNCILMEMBER FLEMING: No, thank you 12

13 MAYOR PITTMAN: Ms. Dean?

COUNCILMEMBER DEAN: I just have --14

How many LCI studies have we had?

MR. HOWE: This will be our third. But 16 again, you know, when they brought it up, I kind of

bristled too, because we've been through it, and y'all had a conversation about Cindy -- with Cindy a month ago. 20

21 I'm not, you know, interested in any vision, 22 broad-based -- anything that we've already hashed out, but what this would do is really focus on the nuts-

and-bolts of our transportation project. It would do 25 some preliminary engineering, some right-of-way

We're also working with them to bring in

2 smaller companies to that space because 8,000 square 3 feet is a little bit too big. So what we plan on

doing is starting a digital media incubator, and I'm

supposed to meet with the Georgia Video Game

Developers Association next week.

So I think we've got a lot of potential with 8 this industry, and it all started with the animation studio. You know, unfortunately, they didn't work 10 out, but, you know, the way we treat our businesses is our best form of marketing, and when you go above and beyond like we did to try to get them here, you know, the word spread and so, you know, we can't -- we got 1,500 businesses. We can't focus on all of them, so we have to concentrate on those who are bringing value

and who are bringing employees into the city. Other than that, the DDA will meet, hold its 17 third meeting in December. We're going to talk to them about training. They have to go through at least eight hours. We've been talking to Carl Vinson about combining that training with a goals and strategy

22 formulation session. So what we'll do is we'll take the goals and the objectives that the City Council

24 produce, we'll go over that and we'll -- what will 25 come out of it is a workable city-wide economic

Page 25

acquisition analysis; the environmental implicationsof what we plan on doing, the people displacement of

- 3 what we plan on doing; so it would really -- and it
- 3 what we plan on doing, so it would really -- and i
- 4 would really start to assign some hard figures to 5 that.
- 6 Our LCI, our 2010 LCI does a great job of
- 7 just providing an overview, but it only gives you
- 8 about that much of a paragraph (indicating) on our
- 9 biggest project, and that's the new arterial connector
- 10 from Buford to Peachtree Boulevard with the bridge,
- 11 so. And lobbying the Federal government and the State
- 12 for funding, we need to have -- we need to have a
- 13 little something more to bale it up with.
- 14 COUNCILMEMBER DEAN: And how much did we pay
- 15 for the 2010 LCI?
- MR. HOWE: The total cost was \$125,000. LCI
- 17 -- just like the LCI grant, LCI money originates from
- 18 the Federal DOT, and their rule is 20-percent match,
- **19** so we actually paid \$25,000.
- Now, with this match, we asked again for
- 21 \$125,000, but the development group has offered to
- 22 contribute to that match, so.
- 23 COUNCILMEMBER DEAN: So how much would that
- 24 cost us if we went forward with this?
- MR. HOWE: We hadn't worked out a formal

- 1 COUNCILMEMBER DEAN: Okay. Was 2010 the 2 next one?
- MR. HOWE: 2010 was the next one.
- 4 COUNCILMEMBER DEAN: And that was -- Okay
- 5 And then the third one was?
- 6 MR. HOWE: This would be the third one --
- 7 COUNCILMEMBER DEAN: Okay.
- 8 MR. HOWE: -- if we get approved.
- 9 COUNCILMEMBER DEAN: All right. Okay
- Okay. And one more question. The training
- 11 for the DDA board, who would -- who will be paying for their training?
- MR. HOWE: The City would be covering their
- 14 training, and we will be looking for a budget
- 15 amendment just to give them some training money and
- 16 supply money. But, you know, until we start -- you
- 17 know, the Development Authority, their fees will come
- 18 through a bond issuance. That's where.
- But right now, you know, we don't have any,
- 20 and they got to --
- 21 COUNCILMEMBER DEAN: Right.
- MR. HOWE: -- get trained and --
- 23 COUNCILMEMBER DEAN: Right. Well, and I
- 24 asked about this before it was implemented, and I was
- 25 told that all this work would be done pro bono.

Page 26

- ${\bf 1}\,$ agreement with them about what they would cover, but
- ${f 2}$ the local matching responsibility would be 20 percent
- 3 or \$25,000.
- 4 COUNCILMEMBER DEAN: Okay. And with the
- 5 other studies, we have three. Why have we had three?
- 6 And I ask --
- 7 MR. HOWE: Well --
- 8 COUNCILMEMBER DEAN: -- you this because
- 9 people make reference to the LCI studies, and I'm
- 10 always -- I'm always thinking, Well, which one?
- 11 because I know that we've had -- I knew that we've had
- 12 a few at least.
- But why have we had three? I mean why --
- 14 Yeah. Why have we had three?
- MR. HOWE: Well, the 2006 LCI only really
- 16 covered the town center area from, you know, really
- 17 the New Peachtree and Shallowford and Buford Highway
- 18 corridors. It anticipated that the GM plant would be
- 19 closing but it did not cover the GM site
- 20 redevelopment.
- 21 COUNCILMEMBER DEAN: And do you know how
- 22 much that cost, that one cost?
- MR. HOWE: You know, I don't know. It was
- 24 probably -- probably the same. Probably it was a
- 25 \$125,000 deal.

- MR. HOWE: Well, you know, we -- I would prefer that we bring in a professional facilitator
- 3 just because I'm not -- that's not my -- that's not my
- 4 strength, and I'd rather a professional come in and
- 5 help them formulate some hard goals.
- 6 COUNCILMEMBER DEAN: So when I was told 7 and Mr. Gillen, you might help us here -- when I was
- 8 told, because I specifically asked that question -- I
- 9 was told it would be done on a pro bono basis.
- Were you going to be the one providing these 11 services?
- MR. HOWE: We ha- --
- 13 COUNCILMEMBER DEAN: The first time -- the
- 14 first time the DDA board came before us, it was
- 15 going -- we were going to ask Dekalb County for
- 16 \$20,000. And when I asked now who is covering this, I
- 17 was told it's going to cost nothing, that all of this
- 18 work is going to be provided on a pro bono basis.
- 19 MR. HOWE: We --
- DR. GILLEN: I believe Mr. McCrae was going
- **21** to --
- MR. HOWE: Yeah.
- DR. GILLEN: -- be providing the training
- 24 portion, and I think what Luke was referring to is the
- 25 facilitator was for the goal-setting session.

Page 32

1 Right? 2 MR. HOWE: Yes, ma'am. And he has. I mean 3 the Development Authority's attorney has offered to come in and train them.

COUNCILMEMBER DEAN: So we --5

MR. HOWE: But this is --6

COUNCILMEMBER DEAN: But he's going to come

in and train them, so what -- what is this training

that you're referring to?

MR. HOWE: Well, this is more for a 10

facilitator to come in. And the City Council has been 11

through -- I think we did it a couple years ago, but a

trained facilitator comes in and helps them put

together a plan of action.

15 Now, you know, if we have to, you know,

Dr. Gillen and I can do that, but if we can, I think

it would be advantageous. 17

COUNCILMEMBER DEAN: Well, I mean I'm just 18

asking just to kind of get an idea, but this -- we

don't have to flush this out now because --20

MR. HOWE: No, ma'am, we don't. 21

COUNCILMEMBER DEAN: All right. 22

23 MAYOR PITTMAN: Go ahead.

COUNCILMEMBER FLEMING: You've made a 24

25 comment in regards to the -- the third LCI study that

(Applause)

MS. HENRY: Thank you. And their moneys usually help us with programmings and providing pizza

for Saturday teen programs, popcorn and just treats.

So they have really worked hard for the Doraville

Library, and I really appreciate them.

Oftentimes, we don't know the people that

serve you at the library, and I want to introduce my

staff. And they are the dream team. They have worked

hard, they have put up with a fierce leader, which is

myself. They have just worked awesomely hard. First I want to introduce Joanne Lancaster. 12

She's been at the Doraville Library for 16 years. 13

Joanne, stand up for me please. 14

(Applause)

MS. HENRY: I want to introduce Kathy 16

McKenzie. She's been with the Doraville Library for 17

14 years. 18

15

19

22

(Applause)

MS. HENRY: I want to introduce Antoine 20

Danner. He's been with the library for one year. 21

(Applause)

23 MS. HENRY: I want to introduce Audrey

Atkins. She's been with the library for five months

25 now.

Page 30

Page 29

1

(Applause) 1

MS. HENRY: They are the dream team, 2

Doraville's dream team, and I'm glad to say that.

When I started in January, one thing I

mentioned to you-all is I want to -- we qualify for

The Best Little Library in America. So I had to start

tracking what we started doing on my first day,

January 3rd, 2011, and it has to be a three-year

9 track. Well, let me just give you an overview of what

we have done. And I believe in good, better and best,

and the best will be when we receive the award. The

Best Little Library in America.

But let me start with January of 2011

14 staffing. When I arrived at the Doraville Library, we

15 had five full-time people and two part-time. We were

circulating 1,000 items per month. That means 1,000

items were checked out. It was about 1,500 people

that visited the library in 2011, and in fees and

fines, we was collecting about \$600 a month.

20 Well, here's the -- we have gotten better.

We have become efficient, we have become effective.

We're staffed now with just three full-time people,

two part-time people. We circulate 5,000 items a

month. We have about 5,000 people that come in the

25 library every month, that we serve. We collect about

1 there was a possibility that the development group

2 would be paying for it. Who is the development group?

MR. HOWE: The Integral Group. 3

COUNCILMEMBER FLEMING: Okay. So that's the

group that has purchased or is under contract for the 6 GM property; is that correct?

7

MR. HOWE: Correct.

COUNCILMEMBER FLEMING: Okay. 8

9 MAYOR PITTMAN: Mr. Howe, thank you very

10 much.

Okay. Next is going to be the library, Ms. 11

12 Henry.

MS. TAMMY HENRY: Good evening. Good 13

14 evening, Mayor, Council, Dr. Gillen, citizens. I'm

bringing good tidings from the library. I want to say we have an awesome group of 16

citizens that are called Friends of the Doraville 17

Library. We just ended a book sale on Saturday that was just awesome. And it lets me know that one man's

treasure -- one man's trash is another man's treasure.

So far, the Friends of Doraville Library has raised 21

22 \$8,000 in book sales.

Can you please stand for me so we can give 24 you a round of applause; Friends of the Doraville

25 Library.

1 \$1,400 in fines a month.

And here's what I want you to think about:

- 3 As I measure the success of the library, I want to get
- 4 the best. So in measuring the best, these are the
- 5 things I want you, the citizens, the Mayor and the
- 6 Council and Dr. Gillen to focus on as we look at the
- Doraville Library: We need to focus on the facility.
- The Doraville Library has not been renovated since
- 1979. 1979.

COUNCILMEMBER PATRICK: I was seven back 10

- 11 then.
- MS. HENRY: It was built in 1954. We 12
- 13 haven't had any renovations since '79. We have made
- 14 it cosmetically look nice, but we haven't updated the
- library. Right now with the maximum load, we can only
- circulate five -- we probably -- with the staff that
- we have, we're at maximum level. We can't circulate
- not one more item or that staff will be laying on the
- floor. 19
- So I want you to really focus on the 20
- 21 facility because we need to become ADA compliant.
- 22 That's what I want you to focus on. The bathrooms --
- 23 I want each and every one of you to come to Doraville
- 24 Library and check out our bathrooms, and you tell me
- 25 if we need to be renovated.

Also I will say this: It costs \$5.00 to

become a friend. Susan, Janet Huggleston, please

- stand.
- 4 She is the president -- she is a retired
- educator from Cross Keys. She's the president of our
- Friends group.
- It costs \$5.00 to become a friend. If
- you're interested in becoming a friend, please see
- Janet. Okay?

14

Susan. I want Susan to stand for a second.

Susan did a outstanding PR job for the book sale. 11

12 Susan, thank you very much for coordinating and getting the book sale. 13

(Applause)

MS. HENRY: I had no idea that \$8,000 has 15

been raised in book sales, so what an outstanding job.

Next thing I want to say: This is the only 17 free card (indicating) that you can carry in your

wallet. If you do not have this free card -- I have

several cards, but none of them are free. They come

with a 7.7 interest rate and this, that and the other.

But this is the only free card that you can carry in

your wallet. Please sign up. Get a library card.

I now hear people say, "Oh, I have a Nook,"

25 or "I have a Kindle," "I have an iPad." Well, you can

Page 34

Also, we provide -- Joann Lancaster does an 2 excellent job with going into the community and

- 3 bringing programs to the library. We have Saturday
- 4 Teens, we have Saturday Senior programs, we have
- Children's Story Time.

We even have English as a Second Language every Tuesday night free, if she wants to come. It's

absolutely free.

So we have a lot of programs that are

10 quality programs. I want us to continue to offer the

quality programs, but we need the space. We don't

12 have the space.

Also, I've told my staff, if any of you have 13

14 ever shopped at Nordstrom's before, we're offering

white glove service. We're offering when you come

into the library, if you do not get the quality

service, you come personally and talk to me, because

- 18 I'm asking my staff to make sure, even if they get
- 19 people from the train station that walks to the
- library and they come in sweaty, stinking, ugly and
- 21 mean, it's okay. They will get the white glove
- 22 treatment at the Doraville Library.
- 23 If you don't get that, please let me know,
- 24 because we're measuring our success to become the Best
- 25 Little Library in America. Okay?

- 1 come to the library and download those items for free 2 onto your Kindle or your Nook or your iPad. But get ε
- 3 library card, please. Continue to support us. We are
- 4 very grateful that you support us, but we do need to
- consider down the road to take a look at our facility.
- Tell us when we're not providing the customer service
- that you'd like to see.
- And thirdly, tell us about quality programs
- you would like to see at your local library. I mean
- we don't have all the answers. We are there for
- suggestions. But just let us know some things that
- you would like to see at the library.

Merle offered a program of making jewelry 13 14 for our teens. She offered. The teens loved it.

They made a bracelet and necklace, and she left some

more beads for them to make. Merle, thank you. They really loved seeing 17

it, and I appreciate you coming and doing it for free.

Thank you.

20 So you-all continue to support the library.

We need you, we support you, but just think about us

- 22 as this city moves forward in planning and processing.
- Council, Mayor, don't leave the library out when you
- 24 are making these big plans for the city. Consider the
- 25 library. We need, you know, some improvement in the

Attachment: NOV 04 minutes (1030 : November 04, 2013 minutes)

Page 3:

Page 37

- 1 facility; we really do.
- And that's it. Thank you very much. 2
- MAYOR PITTMAN: Ms. Henry, I just want to 3
- 4 say, I want to echo the Friends of the Library have
- 5 done an outstanding job. We know that you work
- 6 really, really hard, and we really, really appreciate
- all of you.
- We also appreciate the employees. You guys 8
- do an outstanding job. We really appreciate it.
- And Ms. Henry, I think you deserve a round 10 of applause because you do an outstanding job as well. 11
- 12 MS. HENRY: Thank you. Thank you.
- (Applause) 13
- MS. HENRY: But I just -- I just want to 14
- 15 say, you know, thank you. If not for you-all -- and
- you-all, because you're citizens too -- it would not
- be us there working at the library. And just remember
- that we're there for your pleasure to assist you any
- way that we can. Just don't catch me on a Tuesday at
- 20 8 o'clock because I may be grumpy because I'm tired by
- 21 then.
- But it's really a joy and it's coming along. 22
- When I tell people that I'm the Library Director at
- Doraville, and they say, "Doraville?"
- "Yes. We're four to five miles away from 25

- 1 deferred to a date certain, which was today, so this
- 2 is a continuation of the public hearing. We had not
- 3 really gotten into it at this point when we moved on
- at the last meeting.
- I know you-all have received the emails.
- There has been an additional request for a deferment
- by the applicant. Again he's citing physical and
- health problem, so that has been sent to y'all and
- that is for your consideration prior to moving
- forward. 10
- MAYOR PITTMAN: Okay. Mr. McLendon, could 11 get your input on that? How should we move -- I mean
- I know it's going to be up to the Council, but do we
- need to do a public hearing? Do they have the option
 - to vote one way or the other?
- 16 ATTORNEY McLENDON: We need to complete the public hearing. The withdrawal, if they asked for a
- deferral, that is in the discretion of the Council.
- If you choose to grant that, you can. But we have
- granted one continuance on this, so it is in your
- discretion what you chose to do with that.
- MAYOR PITTMAN: But we are to move forward 22 23 with the public hearing first. Is that correct?
- 24
- ATTORNEY McLENDON: Well, we have the public 25 hearing. And yes, I would say we need to have the
- Page 38
- 1 Atlanta. We're at 9,000 population." Everyone is saying, "Really. 5,000 a month
- 3 in that little place?"
- "Yes, yes, 5,000 a month. Yes, yes." And
- 5 it's just wonderful. So I just want you to know it's
- 6 no small thing. It's wonderful to circulate 5,000 a
- month and 5,000 come in that door and it's only 9,000
- people in Doraville.
- 9 MAYOR PITTMAN: Thank you.
- COUNCILMEMBER FLEMING: Thank you. 10
- 11 MAYOR PITTMAN: Council, do any of you have
- comments or questions for Ms. Henry? 12
- COUNCILMEMBER FLEMING: No. 13
- Thank you, thank you, thank you. 14
- MS. HENRY: Thank you. 15
- MAYOR PITTMAN: All right. Next on the
- agenda is under Unfinished Business. It's going to be 17
- a Public Hearing for Application for Rezoning of
- Parcel No. 18 311 02 014 located at 5407 Buford
- Highway from C-2 Commercial to M-1 Light
- Manufacturing. Mr. Cooley. 21
- MR. JOE COOLEY: Good evening, Mayor and 22
- 23 Council.
- As you may recall, this was open for public
- 25 hearing at the last meeting, on October 21st. It was

- 1 public hearing on it, and, you know, if anyone is here 2 to speak on behalf of the application, they will have
- their time to speak on behalf of it as well.
- MAYOR PITTMAN: Okay. All right. Is
- 5 there --
- 6 COUNCILMEMBER FLEMING: Ask if there' anyone here. 7
- MAYOR PITTMAN: Yeah, that's what I was 8
- going to do.
- Okay. Is anyone here on behalf of Mr. --10
- Is it Bae? Mr. Bae? 11
- MR. COOLEY: That's correct. Mr. Garst 12
- could not -- the agent could not attend.
- MAYOR PITTMAN: Okay. It does not appear 14 15 anyone is here.
- Ms. Gilman, did you have any comments that you wanted to make prior to opening the public 17
- 18 hearing?
- 19 Cecil, let me make -- excuse me, Mr.
- 20 McLendon.
- ATTORNEY McLENDON: Yes. 21
- MAYOR PITTMAN: Since you are our attorney
- I wanted to find out if -- I want to make sure I'm
- clear. Are we going to have the public hearing or do
- 25 we need to move forward with the deferral first?

4 that at a future meeting. MAYOR PITTMAN: But we have the option to take a vote first?

ATTORNEY McLENDON: If you wanted to decide the deferral, you could go ahead and have that vote 9 first.

MAYOR PITTMAN: Okay. Then, I'm going to 10 11 open that up to the Council in that case.

Ms. Gilman, if you don't mind holding for 12 just a moment, please. 13

COUNCILMEMBER PACHUTA: I know it's an 14 unpopular decision. I know everyone in the community wants everyone to vote on it. I know everyone up here 17 wants to vote on it.

Personally, I think because we have given 18 people deferrals in the past even upwards to a year, and because this is for medical reasons, I would defer 20 it to treat everyone fairly. I don't know if the

people up here agree with me on that, but we have done it in the past. I think it's fairer to the applicant

because we have done it in the past.

25 The applicant's agent, again today -- I mean 1 what Ms. Pachuta said, but -- but here is -- here's my

-- because we found out today that he was not going to

3 be in attendance, there is no doctor's excuse today.

And I would think that something as major at this,

particularly being the second time, that he could have

found another agent representing Mr. Bae for today.

Mr. Bae speaks English. I've had

conversations with him. I mean he used to bring

cookies and drinks to us at our meetings awhile ago.

I'm not sure in what capacity Mr. Garst is

representing Mr. Bae. He is not an attorney. He is a

political consultant and he does some polling.

And just because I am very thorough at my 14 research, I saw on Mr. Garst's Facebook page that on October 28th, he was getting ripped, which I take to

mean he was either getting drunk or getting exercise: in either case, not such a good thing to do if you are

susceptible to a heart attack or whatever his situation is. 19

So I am not inclined to grant the deferral 20

21 just -- just based on -- on what -- I mean I think

22 that had he sent something to us Friday or over the weekend and said, "Here's my doctor's excuse. Again

24 I'm asking to postpone this," then my opinion would be

25 different. But I got the email -- maybe the City got

Page 42

Page 4

1 he did bring medical reasons for not being here. And

2 he has declared in his email that there would be no

3 more deferrals, that he would find another agent if

4 his health still would not allow him to be here, and I

presume that we would hold him to that.

So I'm of the opinion because we have done it in the past, to be fair to the applicant, even

though I know it is an unpopular zoning decision, but

deferring it. The business, it's not operating, so

it's not like we're allowing a illegal business or a

business that's not allowed in that zone to continue.

It's not operating, so it's not like we're losing

anything that way. 13

MAYOR PITTMAN: Okay. I was actually going 14 to start down here.

Ms. Alexander, did you have any comments? 16

COUNCILMEMBER ALEXANDER: No, ma'am. 17

MAYOR PITTMAN: Mr. Bates? 18

COUNCILMEMBER BATES: No. 19

MAYOR PITTMAN: Mr. Patrick? 20

COUNCILMEMBER PATRICK: No. 21

MAYOR PITTMAN: Ms. Fleming? 22

23 COUNCILMEMBER FLEMING: No.

MAYOR PITTMAN: Ms. Dean? 24

COUNCILMEMBER DEAN: Yeah. I hear what --25

1 it earlier, but I got it this afternoon, mid-after-

2 noon, and that's -- I mean I've done some work on this

and -- and I -- You know, how long do we wait?

Or in the alternative, we can say, "If you

can't make it now, we could start the process over."

We can say, "No. If you want to do this again, then

you can do it again." But I think leaving this

hanging, an item that is of such interest to the

people in the community, I think that that would be

unfair to them. 10

MAYOR PITTMAN: Okay. Thank you. 11

12 Does anyone wish to make a motion?

COUNCILMEMBER PACHUTA: I make a motion tha 13 we defer the matter until the next regular scheduled

meeting.

And I don't have a calendar. Is that 16 November 18th? 17

CLERK BRYANT: Yes, November 18. 18

COUNCILMEMBER PACHUTA: -- November 18tl 19 with the stipulation that there will be no more

deferrals for the applicant at that time. 21

MAYOR PITTMAN: Okay. Do I get a second 22 23 (No response)

MAYOR PITTMAN: Okay.

24

COUNCILMEMBER PACHUTA: And I'll just state

even if it is an unpopular rezoning application, and Ilike to treat all of our applicants equally, and we're

4 not doing so in this case.

MAYOR PITTMAN: Okay. Do I get a second?

6 COUNCILMEMBER DEAN: Well, I would like to

7 say that we did grant the deferral. We gave him a

8 deferral. And with something as major as this, I

9 would think that he would know before the day of the0 meeting that he would need more time.

meeting that he would need more time.And the fact that it was delayed to the date

12 that we're having this, number one. And number two,

13 if he can find another agent to represent him, then

why didn't he do so or at least prepare to do so for

15 this meeting?

21

MAYOR PITTMAN: Okay. All right. It appears the motion dies for lack of a second.

Do we need another motion or does that speak for itself?

20 COUNCILMEMBER FLEMING: Open the hearing.

ATTORNEY McLENDON: That was just a motion

22 to allow the deferral on it. So you've chosen not to 23 do that, and --

MAYOR PITTMAN: Okay. All right. I guess,

25 then, we move on. Move on? Okay.

Mayor and Council, we provided you with an

2 accounting of out meeting minutes and a summary, and l

3 believe you have that and can refer to it. And that

4 is our recommendation, and thank you for your

5 attention.6 MAYOR PITTMAN: Okay. Thank you.

7 Mr. Cooley?

8 MR. COOLEY: So this is the continuation of

9 the public hearing. For the record, this is regarding

10 Parcel No. 18 311 02 014 located at 5407 Buford

11 Highway. The request is for rezoning from C-2 Genera

12 Commercial to L-1 Light Manufacturing.

Y'all are familiar with the site. This is

14 the former United Auto Workers union hall. There's an15 attachment in your packet with regards to the site

15 attachment in your packet with regards to the site plan and also the aerial photograph.

The building is approximately 20,500 square 18 feet. The lot is approximately 2.65 acres. It is

19 currently 81.2 percent impervious coverage. Under

20 C-2, that is allowable because 85 percent is allowed

21 under C-2. If this was to be rezoned to M-1, however, 22 there's a maximum of 70 percent impervious, so there

23 would be a required reduction of at least 15 percent

24 of impervious surface to pervious surface.

It has approximately 274 feet of frontage on

Page 46

25

Thank you, Ms. Gilman. We're going to move 2 on.

ATTORNEY McLENDON: We're moving into the public hearing.

5 MAYOR PITTMAN: Okay. That's what I wanted 6 to get clear.

7 COUNCILMEMBER PACHUTA: And we haven't had

8 any of the presentations yet, so we haven't had

9 Mr. Cooley's presentation yet.

MAYOR PITTMAN: No. We will get to that, though, in just a moment. Thank you.

Ms. Gilman.

MS. CAROL GILMAN: Carol Gilman on behalf of the Planning Commission.

We received this application. We reviewed

16 it, studied it in detail, and to recap, the Planning 17 Commission determined that the M-1 zoning is not

18 consistent with the City's vision for the corridor as

19 defined in the City's Comprehensive Plan and the LCI

20 Study. The proposed zoning and use is not compatible

with recommended uses within the LCI Study and framework plan.

As a result, the Planning Commission

24 unanimously recommended denial of the application for

25 rezoning.

1 Buford Highway, approximately 250 feet on Chestnut.

2 Main ingress and egress is off of Buford Highway.

3 There is a smaller gated entrance on Chestnut Drive.

4 and the property has been vacant since the relocation

5 of United Auto Workers. The Applicant is the current

owner of the property.

I will go through each of these things; but

8 the adjacent surrounding properties, to the northeast

9 you have C-2 General Commercial; to the southwest, you

.0 have C-2 General Commercial; to the southwest across

1 Buford Highway, you have C-2 General Commercial

12 southwest for approximately 104 feet you have C-2

13 General Commercial; southwest for approximately 200

14 feet directly across Chestnut Drive you have R-3

15 Multi-family Residential.

The City's future development map indicates the property as being Highway Commercial Corridor. The recommended uses for the Community Development under the Future Development narrative on page 32 includes commercial, limited office/professional, and public/ institutional uses. That was written in 2006.

The property is within the Livable

3 Communities Initiative, the LCI Study area which has

24 been adopted by the City. The Framework Plan, which

25 is the guiding plan of the LCI, indicates the section

1 of Buford Highway in which the subject property is 2 located is General Mixed Use. Under that study, the 3 typical uses within the General Mixed Use area include

4 housing, offices, hotels and retail.

And again, this is from Section 4.2 - Land 6 Use Recommendations, General Mixed Use, page 82, adopted in 2010.

As you know, the zoning review standards for 9 consideration by staff, by the Planning Commission and 10 by the Council, there are 14 items. In your packet --11 and I'll reference it specifically because it is in 12 the record -- there are 14 different items. If the Council wish, I can go through -- individually go

through those if y'all desire. It is in your packet.

You'll see staff comments in blue. Would you --16

MAYOR PITTMAN: We do have it. It would be up to the Council. Does anyone wish for him to go through this line by line or are we good with just looking at it ourselves?

COUNCILMEMBER PACHUTA: I would prefer that 20 21 it be read into the record.

MR. COOLEY: Very good. 22

No. 1: Existing uses and zoning nearby. 23

Again, I just stated. To the southwest, 24

25 C-2; northwest across Buford Highway, C-2;

Page 50

southwest for approximately 104 feet, C-2; and 1 for approximately 200 [sic] feet to the 2

southwest across Chestnut Drive, R-3 3

Multifamily.

4

8

9

10

11

18

19

20

21

22

Item 2: The extent to which property values 5 6 are diminished by their particular zoning restriction. 7

The C-2 zoning district allows an extensive number of uses either as merited -- excuse me -as permitted or allowed by conditional use permit. Redevelopment along Buford Highway in Doraville is increasing. There has been recent interest in an adaptive reuse of the existing

12

13 building by an interested buyer.

No. 3: The extent to which the destruction 14 of property values of the subject property promotes the health, safety, morals and general welfare of the 17 public.

The applicant is seeking to change the types of uses allowed in the subject area to uses not consistent with the current development pattern, surrounding zoning, or Comprehensive Plan vision for the area. As such, it is Staff's opinion

23 that the proposed change does not promote the

health, safety and welfare of the public. 24 25

Item 4: The relative harm to the public as

1 compared to the hardship imposed upon the individual property owner.

The proposed inconsistency with the City's 3 4 Comprehensive Plan and surrounding land uses and associated negative impacts to the City's vision 5 for Buford Highway impose a harm to the public 6 7 and citizens of Doraville relatively greater than the hardship imposed on the property owner 8 by denying the owner's request for a non-9 compatible zoning district and use. The 10 11 property is currently in a viable C-2 zoning district and uses consistent with the 12 Comprehensive Plan and LCI. 13

Item 5: Suitability of the subject property 15 for zoning proposed.

The proposed zoning and use of the subject property is inconsistent with the surrounding land uses and zoning districts of C-2 and R-3, contrary to recommended use within the City's Comprehensive Plan for Highway Commercial Corridor as well as the Future Development Map and Character Area Map, and contrary to the LCl Framework and typical uses identified in the General Mixed Use area in which is the subject property is located.

Page 52

Item 6: The length of time the property has been vacant as zoned, considered in the context of land development of adjacent and nearby property.

The subject property has been vacant since the UAW moved out, but there has been recent credible interest in the purchase and adaptive reuse of the property.

No. 7: Whether the zoning proposal will permit a use that is suitable in view of the use and development of adjacent and nearby property.

The proposed zoning and use of the subject property is inconsistent with the surrounding land uses of commercial and residential uses.

No. 8: Whether the zoning proposal will 14 adversely affect the existing use or usability of adjacent or nearby property. 16

> Rezoning a C-2 General Commercial to M-1 Light Manufacturing is inconsistent with the City's comprehensive plan and the LCI. Adjoining properties are either C-2 General Commercial or R-3 Multifamily Residential. Heavy truck traffic and activities associated with many permitted uses in the M-1 district are not compatible with the current adjacent uses.

9: Whether the property to be affected by

13

14

Page 50

1 the zoning proposal had a reasonable economic use as 2 currently zoned.

The property is currently zoned C-2 General 3 4 Commercial as is the majority of Buford Highway within the City of Doraville. While the 5 recession and closing of the General Motors 6 7 assembly plant have had a significant negative impact on commercial properties in the city and 8

elsewhere, there has been a noticeable increase 9

in new businesses along Buford Highway corridor 10 11 within the city. The subject property is approximately 2.65 acres and has sufficient 12

parking for uses allowed in the C-2 zoning district. There has been recent interest in the

property and offers to purchase for adaptive 15 reuse of the building and the site for a use 16

allowed within the C-2 zoning district. 17 18 No. 10: Whether the zoning proposal will

result in a use which will or could cause an excessive or burdensome use of streets, transportation 20 facilities, utilities or schools. 21

Increase of heavy traffic -- truck traffic 22 associated with the uses allowed in the M-2 23 zoning district will likely have a greater 24 25 impact than that of uses allowed in the C-2

Item 13: The possible effects of the change 2 in the regulations or map on the character of a zoning 3 district, a particular piece of property, neighborhood, or a particular area or the community. The proposed zoning and use is not compatible with recommended uses in the LCI Study and

Last, Item 14: The impact of the proposed zoning change upon pedestrian and vehicular circulation and traffic and thoroughfare capacities and capabilities.

And to that, I just reference see -- please 12 see item 10 above. 13

15 recommendation was unanimous to recommend denial of the application for the zoning. Staff recommendation: Based upon the analysis, staff recommends denial of

As you know, the Planning Commission's

the application for rezoning.

the Framework Plan.

I'll be happy to answer any questions you 19 20 might have.

MAYOR PITTMAN: Okay. Council, does anyone 21 22 have any question for Mr. Cooley?

(No response)

MAYOR PITTMAN: So we open the public 24 25 hearing portion? Okay.

Page 54

14

23

11

Page 53

zoning district. Tractor/trailer trucks 1

entering off of Buford Highway is problematic 2

given that the current ingress/egress configu-3

ration of the site and lack of deceleration 4

lanes for trucks that exit off of Buford 5

6 Highway. Ingress and egress of the trucks from

7 Chestnut Drive and impacts on the adjacent R-3

property and R-1 properties in the vicinity are 8

9 of concern.

13

(No response)

12 MAYOR PITTMAN: All right. Thank you. Those wishing to speak against. Anyone wishing to speak against, please come forward, state your name for the Clerk. Again, it's a total of 10 minutes. That's not 10 minutes per person but total 10 minutes

MR. SEAN O'SHEA: Hi. I'm Sean O'Shea, a citizen of Northwoods, also a business owner on Chestnut Drive.

20 I'd like to say that I oppose the rezoning 21 of 5407 Buford Highway from C-2 to M-1. Mr. Bae and 22 his consultant have put forth a proposal that is not 23 in the best interests of the city or its citizens.

I can appreciate the desire of Mr. Bae to

25 have a piece of property that he owns to operate his

Page 5?

2 currently has that is grandfathered as a wholesale

3 business in Doraville in Pinetree Plaza.

The building he purchased in April of 2012 was zoned C-2 before he purchased it, and the applicable uses that are permitted are readily

available. I can find them on the Web site.

It was and is his responsibility to perform the due diligence of the suitability of a piece of

property before acquiring it.

11 Mr. Bae and his consultant have made the 12 case that their intent is to be a good civic neighbor.

But intent is not a commitment, and the best

intentions are subject to realities. The reality of

the existing zoning and the possibility that his

business could change and require him to dispose of

the property to someone who does not have the same

intention as he does is a concern.

Real estate is valued at the highest and 19 20 best use of the property subject to its location,

zoning, potential, things like that. As M-1, this

property could be turned into a bus terminal or a

23 truck terminal or a freight loading -- a freight

24 handling service without having any other -- anything

25 else done to it from the zoning perspective if M-1 was

The addition of "the Zoning Ordinance

2 presently in effect is unconstitutional in that it

3 renders this property unusable and destroys its

marketability," I find that highly amusing given the

property has had other interest and that the -- it's,

quite frankly, just a ludicrous assumption -- and that

"The failure to rezone [this] property as requested,

would constitute the taking of property without due

process and without payment of adequate compensation

in violation of" cited acts of the Constitution of 11 Georgia.

I think that it's buyer beware. The due 12 diligence not having been done and then trying to rail

through something that is a risk to the livable

community that we're trying to establish in this city

is a great risk, and I strongly urge you to vote

against this zoning. Thank you.

MAYOR PITTMAN: Thank you.

MS. BONITA HOFFMEISTER: Bonita Hoffmeister 19 20 English Oak.

Number one, capricious activity is what I've 21 seen from this Council. You either deny or you do a

full cycle deferral, because then your constituents

know what's going to happen, you know what's going to

25 happen, and the person who is applying for the

Page 58

1 applications know what is happening.

Instead, I see year after year we come up

here, we defer, we defer to an unknown time You need to start acting in a less capricious manner.

Having said that, now that you've opened the

hearing, I would strongly recommend that you vote for 7 denial.

MS. CINDY BRADFORD: Cindy Bradford, 8

Northwoods.

I just want to reiterate the fact that the 10 property is very marketable. In fact, a 1.4 million 12 dollar offer, which is full price, was -- was turned

down. The applicant could have walked away with ε

very tidy profit.

The citizens of Doraville, there's no 15 telling the rewards we could have reaped from having a high tech, high-paying company with a hundred

employees versus an M-1 wholesale panty house with

three to four employees.

And I just want reiterate that on the 20 record: The property is marketable. Thank you. 21

MS. SUSAN CRAWFORD: Susan Crawford, 22 23 Oakcliff.

And I'm going to be really redundant here, 25 but I agree with everything that was said and I think

1 granted.

Such a prospective use of this location

3 would severely damage the prospects of the city

4 realizing its goal of a livable city as well as the

5 quality of life for the citizens of Doraville. I question the intentions and the logic with

the revisions also to the letter of intent that was

signed by John Garst on behalf of Mr. Bae in the letter that he delivered, the original letter of

intent and then the revised one. The revised one

11 added a series of items citing constitutional law and 12 the like.

And the points that he made that I'd like to 13 14 refute: They said that "There is no rational basis to prohibit the whole sale [sic] uses in the . . . C-2

zoning district," which I think the rational basis is it was the decision of the Council and the citizens 17

not to permit that use. 18

"The Zoning Ordinance presently in effect is 19

20 contrary to the best interest of the health and 21 welfare of the citizens of Doraville . . . and

22 constitutes an arbitrary and capricious act." I think

23 that the Zoning Ordinance currently does benefit the

24 health and welfare of the citizens. I do not consider 25 it capricious.

23

Page 6

	Page 61
1 8	always zoning from C-2 to M-1 is a very tricky thing,
2 8	and there would have to be a very, very good reason
3 1	for doing so, and in this case, it isn't a good
4 1	reason.
5	I hope all of you saw the Planning
6 (Commission DVD in which we had an opportunity to ask
7]	lots of questions and get lots of answers that all
8]	pointed to your denying this. Thank you.

MR. TOM HART: Tom Hart, Gordon Heights. 9 I live in the neighborhood adjacent to this 10 11 building, and it's -- I live on Chestnut, Chestnut and an adjacent street. The truck traffic on Chestnut is a problem. The police constantly have to address issues coming from trying to take a shortcut through 15 that area.

16 To put an M-1 business adjacent to residential on Chestnut, which is the largest single neighborhood in the city that's so vital for the city's future -- and we have new businesses starting on the top of Chestnut that are compatible with the city and with the Comp Plan -- this would totally destroy the character of the neighborhood.

24 Northwoods down the street, which is on Chestnut. 25 There's every reason why not to do this, and

This is an also an historic district with

MAYOR PITTMAN: Okay. Ms. Alexander?

COUNCILMEMBER ALEXANDER: No, ma'am 2

MAYOR PITTMAN: Mr. Bates? 3

4 COUNCILMEMBER BATES: No. ma'am.

MAYOR PITTMAN: Ms. Pachuta? 5

Was Mr. Bae notified that there may be a 13 deferral this evening by us?

15 MR. COOLEY: No, ma'am.

COUNCILMEMBER FLEMING: Was he notified by 16

the City that there may be a deferral this evening? 17

MR. COOLEY: Unless his agent did it when 19 he --

COUNCILMEMBER FLEMING: But the City did no 20 21 notify him.

MR. COOLEY: No, ma'am. We work directly on any zoning case, when they designate a specific

agent, we work directly with the agent only. We do 25 not cross paths between agent and the client because

Page 62

1 I see very little reason for, so I recommend that you 2 turn this down. Thank you.

MAYOR PITTMAN: Anyone else wishing to speak 3 4 against?

MS. LINDA RAWLINS: Linda Rawlins, Oakcliff 5 Estates.

I think that you have a Planning Commission 8 because you have faith in their decisions and what 9 they think and what they research. And with a total 10 unanimous "no," I think you all should put your vote 11 toward their decision; as well as the citizens wanting

12 a business that all citizens can have access to, and the citizens will come here and spend their money in

14 the city of Doraville, and a good quality business

open to everyone will bring good quality residents to our city. 16

17 Thank you, and please strongly vote no.

MAYOR PITTMAN: Anyone else? 18

19 (No response)

20 MAYOR PITTMAN: Okay. At this time, we are going to close the public hearing portion, bring it

22 back up to Mr. Cooley.

23 Did you have anything you wanted to add?

MR. COOLEY: No, ma'am, unless there are 24

25 questions

1 the agent has been authorized to process that.

COUNCILMEMBER FLEMING: Okay. Then, let mo 3 rephrase the question: Did the City contact Mr. Garst

to say there would be a possibility of deferral this

evening?

6 MR. COOLEY: No, ma'am. You received the 7 request --

COUNCILMEMBER FLEMING: Okay. 8

9 MR. COOLEY: -- and I recommended highly that they have someone here.

COUNCILMEMBER FLEMING: Okay. That's the 12 answer to my question. I don't believe there's anyone here from this --

MAYOR PITTMAN: No, there's not. 14

COUNCILMEMBER FLEMING: -- particular appli 15 cation. 16

MR. COOLEY: No, ma'am. 17

COUNCILMEMBER FLEMING: Thank you very much 18

19 MR. COOLEY: Sure.

MAYOR PITTMAN: Ms. Dean? 20

COUNCILMEMBER DEAN: No questions. 21

MAYOR PITTMAN: Okay. Bring it to the 22

23 Council.

COUNCILMEMBER BATES: I'll make a motion to 25 deny the rezoning of Parcel No. 18 311 02 014 at 5407

Page 65 1 Buford Highway from C-2 to M-1. COUNCILMEMBER PACHUTA: Would you take a 3 friendly amendment to just within the motion specify 4 for the reasons specified in the staff notes, that the stated denial would be based on the reasons specified in the staff review --COUNCILMEMBER BATES: Absolutely. 8 COUNCILMEMBER PACHUTA: -- that were read into the record? COUNCILMEMBER BATES: Absolutely. Thank 10 you. 11 12 COUNCILMEMBER PACHUTA: And I'll second the motion. 13 MAYOR PITTMAN: Okay. Discussion? 14 15 COUNCILMEMBER DEAN: I would just like to reiterate that he did have an opportunity to get out of that deal, to remove himself from that property with a profit. We have properties in M-1 where he could -- he could have bought. 19 And just as a side note, I think that we 20 change zoning much too frequently, and I would like to

1 I've worked.

So that's what this ordinance does: It will remove it from your code and it will become a policy of the City.

MAYOR PITTMAN: Okay. Ms. Alexander, dic 5 you have any questions?

7 COUNCILMEMBER ALEXANDER: No, ma'am MAYOR PITTMAN: Mr. Bates? 8

COUNCILMEMBER BATES: No, I don't. Thanl 9 10 you.

MAYOR PITTMAN: Ms. Pachuta? 11 12 COUNCILMEMBER PACHUTA: I just want to confirm: It's the second reading? 13

ATTORNEY McLENDON: I believe this is the second read and it's a voting agenda item, uh-huh. 15 MAYOR PITTMAN: Mr. Patrick? 16

COUNCILMEMBER PATRICK: No. 17 18 MAYOR PITTMAN: Ms. Fleming?

COUNCILMEMBER FLEMING: Yes. I want to rea 19 20 the paragraph that's for the reason for this Ordinance

to Remove Employee Policies from the Code. That's not an issue with me; however, what's been written in this ordinance that we are about to vote on says, "The City

of Doraville Personnel Policy shall be as created and

25 adopted by the City Manager and kept on file with the

Page 66

COUNCILMEMBER ALEXANDER: Yes.

stay -- I would like to see things stay a little more

MAYOR PITTMAN: Call the roll, please.

CLERK BRYANT: Councilmember Alexander?

CLERK BRYANT: Councilmember Bates? 2

COUNCILMEMBER BATES: Yes. 3

consistent to our plan.

24 25

1

CLERK BRYANT: Councilmember Dean? 4

COUNCILMEMBER DEAN: Yes. 5

CLERK BRYANT: Councilmember Fleming? 6

CLERK BRYANT: Councilmember Pachuta? 8 9 COUNCILMEMBER PACHUTA: Yes.

CLERK BRYANT: Councilmember Patrick? 10

COUNCILMEMBER PATRICK: Yes. 11 MAYOR PITTMAN: Okay. Thank you. 12

And we're going to take a five-minute break. 13 (Brief recess) 14

MAYOR PITTMAN: Meeting come back to order. 15 All righty. Next on the agenda is the 16

Ordinance to Remove Employee Policies from Code, Mr. 17

McLendon. 18 ATTORNEY McLENDON: All right. And Mayor 19 20 and Council, we've looked at this ordinance a couple of times. This is basically going to be the ordinance 22 that removes all the personnel policies from our code. It would become a policy of the City, which is really 24 where it typically resides, frankly. I'd never seen

25 it codified as an ordinance in the past or anywhere

1 City Manager's Office and shall govern all employment and personnel matters of the City as authorized by the City Charter."

As a Council member, I've seen a policy that I thought that we would be voting on and discussing. And I brought up several items in one of our previous meetings when this came to us, that our department directors -- though our City Manager has been given the authority to hire and terminate our directors, in that policy that we were given, it gave them no -- the directors no recourse for appeal.

All other employees that work for the City 12 would have three ways to appeal: to their direct supervisor, their department director, and then to the City Manager.

Our department directors have been on hand for quite some time. They're very loyal in the City, and for future directors. I think it would be detri-19 mental if they don't have a right to appeal somewhere if they had a grievance with whatever city manager that we have on hand. Their only recourse is to find another job, and I do take issue with that.

23 So reading that into the minutes, it's being "created and adopted by the City Manager." So the 25 next city manager that comes on board's going to

Page 7

	Page 69
1	create another policy? I have issue with that. I
2	think there should be some oversight by the Mayor and
3	Council.
4	MAYOR PITTMAN: Okay. Ms. Dean?
5	COUNCILMEMBER DEAN: To Ms. Fleming's point,
6	when we had when we created the Council policy and
7	procedures, we did it during a work-session kind of

- 8 environment; and we talked about it, we flushed it 9 out. And I voted against that because -- because
- 10 we're on Council and it was the -- a hierarchy thing I 11 wasn't quite getting. I understood why it was voted
- then, but I didn't think that it was done
- appropriately. I mean there were some issues that I **14** had.
- 15 So on that same vein, could we look at the policy, have a work session and kind of talk about it and flush it out, or is that just not --? 17
- ATTORNEY McLENDON: Typically with the city 18 manager form of government where the city manager --19 COUNCILMEMBER DEAN: Right. 20
- ATTORNEY McLENDON: -- is responsible for 21 the day-to-day operations --22
- 23 COUNCILMEMBER DEAN: Right.
- ATTORNEY McLENDON: -- of the employees --24
- 25 COUNCILMEMBER DEAN: Right.

- 1 to-day operation of the employees of the City --
- 2 COUNCILMEMBER DEAN: Sure.
- ATTORNEY McLENDON: -- and that, under the 3 4 Charter, is not subject to --
- COUNCILMEMBER DEAN: Right. 5
- ATTORNEY McLENDON: -- oversight other than 6 7 the fact that --
- COUNCILMEMBER DEAN: Okay. 8
- ATTORNEY McLENDON: -- he is ultimately 10 responsible to you for the day-to-day operation of the 11 City.
- 12 COUNCILMEMBER DEAN: Okay. My question is Are the Council's policies and procedures in an ordinance or in the Charter? The policy, Council's policies and procedures --
 - ATTORNEY McLENDON: Oh.
- COUNCILMEMBER DEAN: -- that we worked on 17 ATTORNEY McLENDON: Oh, oh. Generally -
- 18 And I'm not sure of the exact document 19
- you're referring to. I mean most policies are not going to be codified. As a general rule, they --
- 22 MAYOR PITTMAN: Is it in a resolution?
- 23 ATTORNEY McLENDON: You would adopt it by a
- resolution if it was something the Council put 25 forward.

16

Page 70

- ATTORNEY McLENDON: -- the policies --1
- COUNCILMEMBER DEAN: To his discretion? 2
- ATTORNEY McLENDON: -- would be from the 3
- 4 city manager, and his policies would be the policies
- 5 he put in place, and he's responsible to you --
- COUNCILMEMBER DEAN: Right. 6
- ATTORNEY McLENDON: -- for the general 7 8 management and operation of the City.
- COUNCILMEMBER DEAN: So are the Council's policies and procedures put in an ordinance? Is
- 11 that --ATTORNEY McLENDON: When you say "the 12
- 13 Council's policies and procedures," are you referring 14 to --
- 15 Because this is employee -- this is your employee --16
- COUNCILMEMBER DEAN: Right. 17
- ATTORNEY McLENDON: -- handbook. 18
- 19 COUNCILMEMBER DEAN: Right, right, right, 20 right.
- ATTORNEY McLENDON: This is a policy. 21
- COUNCILMEMBER DEAN: Right. 22
- 23 ATTORNEY McLENDON: This is a policy that 24 the City Manager would adopt. And that comes with the
- 25 inherent authority that he is responsible for the day-

- But I'd need to see the exact document you were talking about. When you say "the Council's policies and procedures" --
- COUNCILMEMBER DEAN: I think it was --ATTORNEY McLENDON: -- I don't know the 5 6 subject.
- 7 COUNCILMEMBER DEAN: -- called Council's Policies and Procedures.
- DR. GILLEN: It was adopted as a resolution. 9
- 10 ATTORNEY McLENDON: Uh-huh.
- COUNCILMEMBER DEAN: Okay. Okay. 11 ATTORNEY McLENDON: A resolution is 12
- different. That's just the Council saying, "Yes, we 13
- adopt --14
- COUNCILMEMBER DEAN: Agree to this? 15 ATTORNEY McLENDON: -- "this document." 16
- I apologize. I don't remember that specific 17
- document. 18
- 19 COUNCILMEMBER DEAN: Okay. That's fine MAYOR PITTMAN: All right. Any further 20 comments from up here? 21
- COUNCILMEMBER PACHUTA: No. Just I'm happ that we're finally turning over reins of operational
- 24 decisions to the City Manager. I think it works much
- 25 more efficiently that way, and we can focus on

Page 70

1 le	gislative and general policy decisions.
2	So I will make a motion to pass th
3 or	dinance moving the personnel policies f

- from the code 4 of ordinances and giving that authority to the City
- MAYOR PITTMAN: Do I get a second? 6
- COUNCILMEMBER PATRICK: Second. 7
- MAYOR PITTMAN: Discussion? 8
- COUNCILMEMBER DEAN: I have a question
- 10 because -- and this is nothing, absolutely nothing
- personal against Dr. Gillen at all; but do we have a
- performance review scheduled for any city manager? I
- mean anyone who serves as our city manager? I mean
- that is --
- 15 Do you know?
- ATTORNEY McLENDON: Now, that is something 16
- that does fall to the Mayor and Council's level. And 17
- I have often seen an annual performance review, and
- usually in conjunction sort of with the anniversary
- date and looking at performance --20
- DR. GILLEN: It's part of the contract. 21
- ATTORNEY McLENDON: -- and compensation and 22 23 all sorts of things.
- COUNCILMEMBER BATES: Yeah, it is a part of 24
- 25 the contract, so we need to make sure that Mr.

- 1 been doing an outstanding job. I hate for them to
 - 2 even consider the fact that they have no recourse in
 - 3 their position, and I am highly opposed to this
 - particular ordinance.
 - MAYOR PITTMAN: Okay. Call the roll, 6 please.
 - 7 CLERK BRYANT: Councilmember Alexander's
 - COUNCILMEMBER ALEXANDER: Yes. 8
 - 9 CLERK BRYANT: Councilmember Bates?
 - COUNCILMEMBER BATES: Yes.
 - 11 CLERK BRYANT: Councilmember Dean?
 - 12 COUNCILMEMBER DEAN: Yes.
 - CLERK BRYANT: Councilmember Fleming
 - COUNCILMEMBER FLEMING: No. 14
 - CLERK BRYANT: Councilmember Pachuta?
 - COUNCILMEMBER PACHUTA: Yes. 16
 - CLERK BRYANT: Councilmember Patrick? 17
 - 18 COUNCILMEMBER PATRICK: Yes.
 - MAYOR PITTMAN: Thank you. Motion carries 19
 - Thank you, Mr. McLendon.
 - All right. Next on the agenda is (c), and 21
 - it's going to be the budget discussion; Dr. Gillen,
 - Ms. Ferguson.
 - MS. FERGUSON: Okay. This is going to be
 - 25 the second read on an Ordinance to Amend the 2013

Page 74

Page 73

10

13

15

20

1 McLendon or somebody is --

- ATTORNEY McLENDON: So yes, there is an 3 annual.
- COUNCILMEMBER DEAN: And I thought it was 90 4 days; right?
- 6 COUNCILMEMBER BATES: I don't remember.
- DR. GILLEN: I think it said annual review. 7
- COUNCILMEMBER DEAN: Okay. 8
- 9 ATTORNEY FELGIN: Before the end of this
- year, I would --10
- COUNCILMEMBER DEAN: Okay. All right. 11
- ATTORNEY FELGIN: By the end of --12
- ATTORNEY McLENDON: I'll review the contract 13 14 and verify --
- 15 COUNCILMEMBER DEAN: All right. Okay.
- ATTORNEY McLENDON: -- what it states. 16 COUNCILMEMBER DEAN: All right. Thanks. 17
- ATTORNEY McLENDON: But yes, that is 18
- something the Mayor and Council would do on a regular 19
- 20 basis.
- MAYOR PITTMAN: Okay. I have a motion and a 21
- 22 second. Oh. Did you have something to say?
- 23 COUNCILMEMBER FLEMING: Yes. I just want to 24 reiterate, I think it's vital for us as a city to keep
- 25 our long-term department directors on hand. They've

- 1 Fiscal Year Budget. We prepared this particular
- budget amendment in order to kind of circumvent the
- repeat audit findings that we have gotten for the past
- several years.
- There's also a state code that requires us 5
- 6 to budget all of our business and occupational tax,
- our hotel/motel tax, and our rental motor vehicle tax.
- So we're putting in increases in the hotel/motel tax
- 9 and the business and occupational tax and we are
- adopting a budget for the rental motor vehicle tax
- fund. And in addition to that, we're also amending
- two or three of the departmental budgets in order to
- bring them into line so that our auditors won't give
- us a third review finding on our budget.
- Last year we did this in June. And this 15
- 16 year we decided to wait until we had some better
- numbers before we did the final amendment, and we need
- to get this done so that we can get the new budget to
- 19 the auditors so that they can put it into our audit
- report that has to be done by December 31st. MAYOR PITTMAN: Okay. Dr. Gillen, did you 21
- 22 have anything you wanted to add?
- DR. GILLEN: (Shakes head) MAYOR PITTMAN: Ms. Alexander? 24
 - COUNCILMEMBER ALEXANDER: Just want to

23

	9	
	Page 77	
1	clarify: We're not circumventing; we're preventing	
2	repeat findings.	
3	MS. FERGUSON: We are attempting to prevent	
4	repeat findings.	
5	COUNCILMEMBER ALEXANDER: Thank you.	
6	MS. FERGUSON: I'm sorry. I misspoke	
7	earlier.	
8	MAYOR PITTMAN: Mr. Bates?	
9	COUNCILMEMBER BATES: And this is for the	
10	fiscal year ended June 30th?	1
11	MS. FERGUSON: That is correct.	1
12	MAYOR PITTMAN: Okay. Ms. Pachuta?	1
13	COUNCILMEMBER PACHUTA: No.	1
14	MAYOR PITTMAN: Mr. Patrick?	1
15	COUNCILMEMBER PATRICK: No.	1
16	MAYOR PITTMAN: Ms. Fleming?	1
17	COUNCILMEMBER FLEMING: The auditor that	1
18	we're using and forgive me; I don't know his	1
19	name	1
20	MS. FERGUSON: We're using Mauldin &	2
21	Jenkins.	2
22	COUNCILMEMBER FLEMING: will Mayor and	2
23	Council be given an audit booklet as we have received	2
24	in the past from Jimmy Whittaker?	2

MS. FERGUSON: I did not make the statemen 2 to the press. DR. GILLEN: If I could field that, we had 3 finalized numbers for the fund balances, and we had a discussion about the CIP, and we thought it was very timely to discuss what options you have for funding the CIP when we began the discussion in October. So that's why we brought forth the numbers that we have COUNCILMEMBER DEAN: But why now? I mean why not wait until even a month from now or even two weeks from now after this has been passed and we could start the final audit? DR. GILLEN: Because we had the information 13 that told us what the numbers are going to be. COUNCILMEMBER DEAN: 90 percent. 15 DR. GILLEN: We had the numbers that told us 16 what the fund balance was going to be. 17 COUNCILMEMBER DEAN: Okay. Ms. Ferguson -18 DR. GILLEN: She's saying the audit --19 COUNCILMEMBER DEAN: -- just said --20 DR. GILLEN: -- is 90 percent complete. 21 That doesn't mean --22 23 COUNCILMEMBER DEAN: Okay. DR. GILLEN: -- we don't know what those 24 25 numbers are. That means they've got to go back and

Page 78

Page 80

```
COUNCILMEMBER FLEMING: And you expect that
 the first of the year, then?
        MS. FERGUSON: The deadline for having it
4 done is December 31st, so yeah, sometime probably
```

MS. FERGUSON: Yes.

25

about --

COUNCILMEMBER FLEMING: But his audit, we have to have all the materials to him by the 31st? MS. FERGUSON: No. The audit report itself

has to be complete, published, the whole nine yards, sent to the State by December 31st.

COUNCILMEMBER FLEMING: Okay. Then, I'm 11 curious about why we've reported to the press, to the 12

public, that we're looking great if we haven't even gotten our audit yet.

MS. FERGUSON: The audit is about 90 percent 15 complete, and we've gotten the final projected

numbers. There may be a few adjustments before the 17 end, but they won't be significant. 18

19 COUNCILMEMBER FLEMING: Thank you.

20 MAYOR PITTMAN: Ms. Dean?

21 COUNCILMEMBER DEAN: Okay. To add on to 22 what Ms. Fleming said, if we're 90 percent complete

and not 100 percent complete, why didn't we wait until

24 we were 100 percent complete to make this statement to

25 the press?

1 correct some numbers if there's any small transactions that didn't get done or anything like that and then to

fix this part of the budget with the amendment.

COUNCILMEMBER DEAN: Here's my -- At the last meeting, we were told the purpose of this amendment was to do a little clean-up on last year's

budget because we've overspent on some areas.

MS. FERGUSON: The main purpose of this budget amendment is to increase the revenue budgets. 10

COUNCILMEMBER DEAN: Okay. But we --MS. FERGUSON: If we were not going to increase the revenue budgets, we'd probably not amend

the rest of the budgets because there's just not

enough there to worry about.

COUNCILMEMBER DEAN: Okay. And I'm sorry 15 I'm asking so many questions, but I want a better understanding, which is why I sent questions that were left unanswered. 18

For example, you said that \$250,000 were increased revenues from the tank farm due to an 21 increase in gas prices, so I asked to see something verifying that, and I asked for the revenue reports for the last five years. My response was, "A five-24 year breakdown of the occupation tax receipts for the 25 tank farm will take quite lot of time to produce."

- So how do we know that we are getting this increase from the tank farms if we don't have a breakdown of it? I mean how do you guys have this information and you can't provide it to me? That's my question.
- MS. FERGUSON: The information that came from the tank farms came from the gross receipts verifications last year. They did them in September of last year. That money was shown as a deferred revenue --
- 11 COUNCILMEMBER DEAN: Uh-huh.
 12 MS. FERGUSON: -- in last year's audit, and
 13 we're picking it up this year. And the difference in
 14 the gross receipts this year versus last year, last
 15 year the difference was \$320,000. This year, the
 16 difference was \$14,000.
- I don't have five years' worth of data for 18 you.
- 19 COUNCILMEMBER DEAN: Do you have two years 20 or three years?
- MS. FERGUSON: The information that I can get out of the business license software --
- 23 COUNCILMEMBER DEAN: Uh-huh.
 24 MS. FERGUSON: -- will not give me that
- 25 information. I can tell you who paid but I can't tell

- 1 other -- my other concern is -- and again, I asked for
- 2 a breakdown -- you know, what falls under
- 3 Miscellaneous? I mean what is --? Because we're
- 4 talking about \$123,000.
- 5 MS. FERGUSON: We had an extraordinary even
- 6 last year. We went to our workers' comp insurance
- 7 carrier and said, "Look. We really don't think you
- 8 have our employees categorized correctly."
- 9 COUNCILMEMBER DEAN: Uh-huh.
- MS. FERGUSON: And so they had all of our Public Works people --
- 12 COUNCILMEMBER DEAN: Uh-huh.
- MS. FERGUSON: -- at the highest rate they that charge, which is for street paving.
 - COUNCILMEMBER DEAN: Uh-huh.
- MS. FERGUSON: And so we went to them and we said, "These people are not classified correctly," and so they changed our rates and they gave us a refund
- 19 this year for the changes in rates that they did last20 year.
- And it's in Miscellaneous Revenue because the expense was last year, and the revenue -- the money came back in this year.
- 24 COUNCILMEMBER DEAN: Uh-huh.
 - MS. FERGUSON: So it doesn't work the same

15

- 1 you what year it's for.
- COUNCILMEMBER DEAN: Okay.
- 3 MS. FERGUSON: I can't tell you what they're
- 4 paying for, because our software won't give us that
- 5 information.
- To get that information for five years, we
- 7 have to dig through boxes --
- 8 COUNCILMEMBER DEAN: Okay. What about --
- 9 MS. FERGUSON: -- at --
- 10 COUNCILMEMBER DEAN: -- one year?
- MS. FERGUSON: -- at Public Works.
- 12 COUNCILMEMBER DEAN: One year or two years.
- 13 Can you provide a report for --
- MS. FERGUSON: No report.
- 15 COUNCILMEMBER DEAN: -- any period of time?
- MS. FERGUSON: No report. It requires
- 17 digging up the information, compiling it on a spread 18 sheet, and giving you the response.
- 19 COUNCILMEMBER DEAN: Okay. And so when you
- 20 guys do this, do you have like a group of workers21 going through boxes and collecting receipts and all of22 this?
- MS. FERGUSON: Yes, we do, and it takes a lot of time.
- 25 COUNCILMEMBER DEAN: All right. And my

- 1 in government as it does in the private sector.
- 2 You don't get to offset your workers' comp cost. It
- 3 has to be shown as a revenue.
 - COUNCILMEMBER DEAN: Uh-huh.
- 5 MS. FERGUSON: And we didn't budget that
- 6 because we didn't know we were going to get it until7 June.
- 8 COUNCILMEMBER DEAN: Uh-huh. And I had sen
- 9 an email asking for this on Friday, and I'm now
- 10 getting an answer to this. Is there a reason for 11 that?
- MS. FERGUSON: You sent the email at 6 o'clock on Friday and you sent one at 6:00 p.m. on
- 14 Sunday. It takes time to do these things.
- 15 COUNCILMEMBER DEAN: Well, the one at 6:00
 16 p.m. Sunday was not -- I'm not talking about that.
- 17 That's irrelevant.
- I'm talking about the one that was sent on Friday. And actually, it was sent at 2:27 p.m. Okay?
- 20 So if it was sent to you at 6:00 p.m.
- Actually, no. I sent it to you at 2:27 p.m.
- 22 I have it right here.
- MS. FERGUSON: That was also included in your agenda packet that you got for the meeting, the
- 25 last meeting that we had --

	Page 85
1	COUNCILMEMBER DEAN: And I
2	MS. FERGUSON: the review.
3	COUNCILMEMBER DEAN: have that
4	information but I don't have a breakdown for these
5	Miscellaneous. I don't have a breakdown of these
6	figures. And this we're moving something. We're
7	moving these figures around to prevent an audit
8	finding, and that's
9	See, to me, it doesn't seem that that's the
10	right way to do this, because if we want to avoid
11	these findings, well, now here we are at the end of
	the process; we need to move some figures around so
	this doesn't happen again. But we're just moving
	numbers around at the end of the process to make
15	things right, when in fact the books if we kept
16	what's on the books now, it would be the same thing.
17	Right?
18	MS. FERGUSON: Except that we would have
19	8
20	COUNCILMEMBER DEAN: Right, okay.
21	MS. FERGUSON: And if you don't want your
22	departments to go over budget
23	COUNCILMEMBER DEAN: Uh-huh.
24	MS. FERGUSON: then our budgets are going
25	to increase astronomically because everybody is going

25 request. This is for height of fence in the front

ever going to be able to pass a budget. COUNCILMEMBER DEAN: Right. And what was 3 the 911 Call Center? 400 thousand? COUNCILMEMBER FLEMING: Five something. It 5

1 to overshoot their expenditures so much that we're not

6 went over --COUNCILMEMBER DEAN: I think it was --7 COUNCILMEMBER FLEMING: It went over --8

9 COUNCILMEMBER DEAN: -- an increase --COUNCILMEMBER FLEMING: -- a hundred and 10

11 fifty.

COUNCILMEMBER DEAN: -- of \$422,000. 12 MS. FERGUSON: There was no change to that 13 14 line item.

15 COUNCILMEMBER DEAN: All right. I'm good. MS. FERGUSON: Okay. 16

MAYOR PITTMAN: Okay. All right. Does 17 anyone else have any comments? 18

19 (No response)

20 MAYOR PITTMAN: Okay. And you need a motion to approve this? 21

22 MS. FERGUSON: Uh-huh.

23 MAYOR PITTMAN: Okay. Do I get a motion?

COUNCILMEMBER ALEXANDER: Motion to approve 24

25 the requested proposed amendment to Fiscal Year 2013

1 Budget. MAYOR PITTMAN: Second?

2

3

5

6

8

15

16

Page 86

COUNCILMEMBER PACHUTA: Second.

4 MAYOR PITTMAN: Discussion?

(No response)

MAYOR PITTMAN: Call the roll, please.

7 CLERK BRYANT: Councilmember Alexander's

COUNCILMEMBER ALEXANDER: Yes.

9 CLERK BRYANT: Councilmember Bates?

COUNCILMEMBER BATES: Yes. 10

CLERK BRYANT: Councilmember Dean? 11

12 COUNCILMEMBER DEAN: No.

CLERK BRYANT: Councilmember Fleming 13

14 COUNCILMEMBER FLEMING: No.

COUNCILMEMBER BATES: Councilmember Pachuta

COUNCILMEMBER PACHUTA: Yes.

CLERK BRYANT: Councilmember Patrick? 17

COUNCILMEMBER PATRICK: Yes. 18

MAYOR PITTMAN: Motion carries. Thank you 19

We're going to move into New Business. 20 21

Mr. Cooley, I believe this is a public

hearing, Variance Request for Fence Height in Front 22 Yard at 2582 Addison Drive, Parcel No. 18 297 13 016.

MR. COOLEY: As you said, this is a variance 24

Page 88

1 yard. You've already given the parcel number, so I won't repeat that.

The background history of this, basically, 3 Section 23-7703(3) states that no fence can be over

four feet in the front yard. The Applicant installed

a six-foot fence that actually extends beyond the

front facade of the house and encroaches in the front

yard and also has structural members facing outward

A City of Doraville Compliance Officer 10 issued a notice of violation, and the Applicant had until 9/13/13 to come into compliance. They applied for this variance, so that basically stayed all action until a decision by this Council.

The Applicant stated that the fence needs to be six feet due to location of the door and steps on the side. You will see in her plan and her application that the side door comes out and the steps come towards the front. And so she could not put a fence right along there, so it was moved out in order to allow people to come down and the dogs to come down. 21

The Applicant I believe is here -- yes -- so 22 she will make a presentation on that.

The Planning Commission unanimously 25 recommended denial of the variance, citing that the As y'all know, the Planning Commission,

3 Staff, and the City Council has seven conditions4 regarding variance which to consider. Again, these

5 are in your packet, and I will be happy to go over

6 those or answer any questions regarding those. I know

the Applicant will be making a presentation and

addresses those also in her application.

9 Staff recommendation based upon that review 10 is for denial because it does not meet the items under 11 Section 23-1402 for a variance.

MAYOR PITTMAN: Okay. And I'm going to get questions from the Council in just a minute.

Ms. Gilman?

MS. GILMAN: I have no additional data.

MAYOR PITTMAN: Okay. Thank you.

Before I bring the Applicant up, do any

18 Council members have questions for Mr. Cooley?

19 COUNCILMEMBER PACHUTA: I just wanted to

20 confirm, you know, the email that I had with you

earlier today, that the height of a six-foot fence

2 facing the street is fine as long as it's set back

3 further than the front side of the house; correct?

MR. COOLEY: That is correct; you just

25 cannot extend into the front yard.

But to mention the seven -- seven guidelines that need to be met for the variance, the first one is: The proper conditions or the conditions of the property, size, shape or topography.

As you can see, I attached Article C,

i pictures of the stairs, and that is how the fence -
or the stairs, excuse me, were originally built. I

mean they do go right up to the front side of the

house if not even a little bit past. There's a little

lip there. And then in Article B, there's a scale

drawing of the house also showing the stairs going to

the front.

So that's the main -- I mean the house was built this way, and I did -- Ms. Gilman asked me earlier if I had driven around and looked to see if any other properties, you know, had the same, you know, layout, basically.

And what I have seen in talking to my neighbors, that a lot of houses do have, you know, the side stairs that go out, but many of the stairs go towards the back yard, not towards the front, and so it is -- it is different.

Then, No. 2: The fence would deprive, I guess, me of common rights. Basically, I just wouldn't be able to use the property as the intention

Page 92

Page 90

1 MAYOR PITTMAN: Okay. Ma'am?

MS. MARTHA KNOESPEL: Martha Knoespel.

3 I got into this predicament because the

4 fence company I guess didn't realize that they needed

5 to get a building permit.

she can't use those stairs.

2

16

But beyond that, I did ask them to build it r specifically this way, and I don't know of any other way that I can actually do this with use of my house as the intent or the intentions of how it was built.

So I did need to build this fence. I have three dogs. But the front of the stairs go to the very front of the house, so I couldn't put the fence there. I have those side stairs, and then I do have stairs in the back that are steeper because my house is on a slope. One of the dogs has hip dysplasia so

So part of the reason that I bought the house -- and I bought the house, closing in the end of July, moved in before September. Part of the reason and appeal was kind of those stairs.

And then the reason that it's a six-foot fence and placed out is because I also have a younger mastiff who is very, very active and probably could get over a four-foot fence, so that's why it's six feet.

1 was.

No. 3: that it would grant me special privileges. I don't see it as special privileges. I

4 just see it as, you know, being able to enjoy my fence

5 just like anybody else would be able to enjoy a 5 fence -- you know, protect their dogs; protect people

7 you know, hitting their dogs if they were to get out;

8 you know, things of that nature. You know, it's just9 a common -- you know, anybody could get a fence.

That it's injurious to the neighborhood. I do understand that Northwoods is a historical -- I mean I guess I know that this is my opinion: I don't think that it looks bad.

But I do think -- I mean if we're talking
about the nature of the neighborhood and its history,
I think that there are many other things that could be
paid attention to, such as I don't think that the
chain link fences going around look good; I don't
think that the multiple rental houses that aren't
maintained, I don't think that those --

You know, I think that those are things that we could pay attention to first that would actually bring people in to, you know, maybe buy property there. I mean I know that that's kind of a side note, but I think that that's more important than a

Page 9

1 newly	y-built fen	ce that	actually	I	think	looks	good.
---------	-------------	---------	----------	---	-------	-------	-------

- No. 5: Special circumstances that are not of my -- at my fault. You know, I haven't -- I didn't
- 3 of my -- at my fault. You know, I haven t -- I didn't
- 4 change anything to the house. I don't believe that
- 5 bringing the dogs into that house was, you know, my
- 6 fault.
- I didn't realize that, you know, this was
- 8 going to be an issue. But, you know, I would really
- 9 appreciate it being kept, because I honestly don't
- 10 know how I would . . . how I would correct it.
- No. 6: that this would be the minimum
- variance granted. I'm really not sure what the
- 13 minimum would be, but I don't think that it is a big
- **14** deal keeping it the way it is.
- And then 7: not using property in an
- unintended way. I mean, as I said before, it's a
- 17 fence, and I'm using it as a house is a house, so.
- I mean that's basically my reasoning for 1
- 19 through 7, and I would really appreciate it if I could
- 20 keep it this way.

that.

comments?

- I have talked to the fence company, and, you
- 22 know, they're willing to do what they need to do, but
- 23 that doesn't really solve the problems of how it would

course going to be my issue with it if I have to, but.

MAYOR PITTMAN: Mr. Bates?

build stairs off the side or back?

don't have, I guess, the licenses for that.

contracting with someone who does?

MAYOR PITTMAN: All right. Thank you.

Ms. Alexander, do you have any questions or

COUNCILMEMBER ALEXANDER: No, ma'am.

COUNCILMEMBER BATES: Have you thought about

COUNCILMEMBER BATES: How about them

MS. KNOESPEL: I could talk to them about

asking the fence company if they would be willing to

MS. KNOESPEL: I did ask them, and they

- 24 be done or how I would actually turn these --
- I mean they're concrete steps, so I don't

- the back yard, which I don't really want to lose thatif possible, but.
- 3 COUNCILMEMBER BATES: Thank you.
- 4 MAYOR PITTMAN: Ms. Pachuta?
- 5 COUNCILMEMBER PACHUTA: No questions
- 6 MAYOR PITTMAN: Mr. Patrick?
 - COUNCILMEMBER PATRICK: On your design here
- 8 I think it was from Attachment B, you have the
- **9** staircase off the back of your house.
 - MS. KNOESPEL: Uh-huh.
- 11 COUNCILMEMBER PATRICK: Have you thought of
- 12 perhaps having a new staircase installed there?
- MS. KNOESPEL: What I would like to do -- I
- mean this is in a couple years, but I'd like to have
- 15 like some kind of deck put on where I --
 - COUNCILMEMBER PATRICK: Sure.
- MS. KNOESPEL: -- could actually have a ramp, but that doesn't kind of fix my immediate needs
- 19 if I need to move the fence.
 - COUNCILMEMBER PATRICK: I guess ultimately
- 21 though, that is a way that the animals could have or
- 22 the dogs could have for getting out into the yard as 23 currently configured?
- MS. KNOESPEL: Yes.
- 25 COUNCILMEMBER PATRICK: Okay. Thank you

Page 94

Page 93

10

16

20

- 1 know if I could cover them. That's, you know, of 1 MAYOR PITTMAN: Ms. Fleming?
 - 2 COUNCILMEMBER FLEMING: I'll reserve my
 - 3 comments for later.
 - 4 MAYOR PITTMAN: Ms. Dean?
 - 5 COUNCILMEMBER DEAN: Okay. So you have the
 - 6 back door; right?
 - MS. KNOESPEL: Uh-huh.
 - 8 COUNCILMEMBER DEAN: Have you thought abou
 - 9 or maybe you could talk to the fence company about
 - 10 having the four-foot fence in front and then having
 - 11 like a double layer of six foot like in the back of
 - 12 the house so that the dogs could come out, you can put
 - 13 them in the back part of the property to at least keep
 - 14 them enclosed for awhile? I mean kind of a little
 - 15 fenced-in area within the fenced-in area? You know
 - 16 what I mean?
 - MS. KNOESPEL: Yes.
 - 18 COUNCILMEMBER DEAN: And that might -- tha
 - 19 might help, you know, just until you -- I mean I'm
 - 20 very excited that you've moved into the area. We want
 - 21 to see young people come in and do things with their
 - 22 homes, so I'm very excited about that, and I would
 - 23 like to see something happen that would make everyone 24 here happy.
 - My concern is that we've had this issue
- good slope going back there, so the stairs would still
 be pretty long, which I'm still worried about the dog.
 So I mean I have thought about a ramp also, but there
 are, you know, still kind of tricky issues trying to

18 the stairs going towards the back yard, it is a pretty

I guess that issue is still -- like if I put

- 23 set that up.
- And then otherwise, the stairs could go like straight out, but then it is kind of a driveway into

16

Page 100

- 1 before. We've asked people to change it before. And
- 2 so it's difficult to say, "Yes, you're okay, you can
- 3 do it," because then we could have those people come
- 4 back to us and say, "Wait a minute. You know, you
- 5 made us change it, so why is this?" you know, "Why are
- you allowing this to happen?"
- And shame on the fence company for not
- 8 knowing what they were supposed to do in terms of
- getting the permit and making sure that things were
- built to compliance. 10
- And I drove by there. Is it facing outward? 11
- Is the outside of the face, is it turned around? 12
- MS. KNOESPEL: On the -- on the side. Is 13
- that what you're --14
- 15 COUNCILMEMBER DEAN: Yeah. The finished
- side is actually on the --16
- MS. KNOESPEL: Yeah, and --17
- COUNCILMEMBER DEAN: -- inside? 18
- MS. KNOESPEL: -- that was just kind of 19
- 20 another miscommunication with the fence company and
- not -- I mean me being a first-time home buyer and
- 22 not --

1

7

8 9

10

6 dogs.

- 23 COUNCILMEMBER DEAN: Right.
- MS. KNOESPEL: -- I mean, so I don't have a 24

COUNCILMEMBER DEAN: Right, right.

3 the six-foot fence in the front yard just because that

4 is how I wanted -- I mean that makes the most sense,

COUNCILMEMBER DEAN: Right.

you know, to me. Well, I mean I guess to me and the

MS. KNOESPEL: But yeah, the side, I don't

MS. KNOESPEL: What I would like to keep is

25 problem fixing that at all.

- 1 It was, you know, starting to fall apart before I
- 2 bought it. So I've put a lot of -- a lot of work into
- 3 it, and I guess that's where I'm like, I don't know,
- 4 taking it a little personally, I guess. But -- but
- that's -- Yeah. All of them don't mind it.
- COUNCILMEMBER BATES: Thank you. 6
- 7 MAYOR PITTMAN: Okay. Anyone else? 8
 - (No response)
- MAYOR PITTMAN: Okay. Thank you. 9
 - Mr. Cooley, did you have anything to add?
- 11 MR. COOLEY: No, ma'am, unless y'all have
- 12 any type of questions that I can answer.
- MAYOR PITTMAN: Does anyone have anything 13 for Mr. Cooley?
- (No response) 15
 - MAYOR PITTMAN: Okay. Thank you.
- All right. At this time, we're going to 17
- open the public hearing portion. 18
- We're going to start with those wishing to 19 speak for, please come forward. Again, you have 10
- minutes, 10 minutes total. Please state your make for
- the court clerk. Anyone wishing to speak for, please
- 23 come forward.
- MS. RAWLINS: Linda Rawlins, Oakcliff. 24
- 25 I would speak for giving her the variance

Page 98

- - 2 she said, the close neighbors around don't object.

 - And of course all of you pretty much know

 - help out her animals, I am for that, too. But I can't

 - eyesore or anything to that effect. And she is true:
- MAYOR PITTMAN: All right. Thank you.

15

COUNCILMEMBER BATES: I --11

have any problem asking them to update it.

- MAYOR PITTMAN: Oh, I'm sorry. 12
- COUNCILMEMBER BATES: I do have one 13 14 additional question.
- Have any of your neighbors expressed support 15 for this? 16
- MS. KNOESPEL: Yeah, actually. And one of 17
- 18 them said that they could be here, but then, I mean,
- they had a commitment at 7:00 so they couldn't come to 19 20 show support.
- But everybody that I have talked to, you 21
- 22 know, really doesn't -- Even the neighbors that are on
- the side with the unfinished part, they think that it
- 24 improves the look of the house and the area.
- 25 I mean the house was rented for 20 years.

- 1 since she's done that much to the property. And as
- 3 I'd rather have a fence across the front than a pink
- or purple house in your neighborhood.
- 6 I'm an animal advocate. And whatever she needs to
- see that this should be such a terrible deterrent or

- there are a lot of other things that we need to
- address that gives more house value than a newly putup fence. Thank you. 12
- MAYOR PITTMAN: Anyone else wishing to speak 13 **14** for?
 - MR. O'SHEA: Hey. Sean O'Shea.
- I just noted that understanding the rock-
- and-a-hard-place in terms of topography and how your
- house sits, looking at the pictures and the designs
- relative to the staircase -- and this is an old house;
- there's not a lot you can do with the exterior of it -
- and that these stairs are concrete, you know, mashed in there without a massive amount of rework, that
- what's been engineered appears to be like the best
- 24 solution to be able to address the issue. Even if you
- 25 were to put, you know, a four-foot fence up, I think

- you would still have the issue in terms of the setback
 with it. But the problem with a hard set of stairs
 and, you know, a dog trying to leap, I think relative
- 4 to the safety and the pleasure and enjoyment of the5 neighbors of not having a dog running loose, that that
- 6 is -- you know, it seems like a reasonable request in
- terms of it's not, I think, been taken as trying to
- take advantage, and it doesn't strike me as anything
- 9 that's going to necessarily devalue the properties.

I do understand the conflict with other
people having asked for variances, but individual
circumstances do vary, and this one does seem to make
a great deal of sense, so I would encourage you to

14 vote for it.

15 MAYOR PITTMAN: Thank you.

Anyone else wishing to speak for?

17 (No response)

MAYOR PITTMAN: Okay. Anyone wishing to speak against, please come forward. The same applies:

20 10 minutes, 10 minutes total. Please state your name 21 for the clerk, anyone wishing to speak against.

MR. HART: I'm also a dog lover and I have a problem with a dog.

If the person putting the fence up had went to the Planning Commission to even discuss this

1 pieces of information that the fence company, if

2 they're professionals, would have known in Dekalb

3 County or they would have found out in Doraville and

4 surrounding cities that you have to have a permit to

5 put a fence up; or you're going to put -- you're going

6 to build a house, you need a permit for that. Okay.

So I haven't looked at the house. I'vedrove by and looked at it, and it had the frame sidefacing the neighbor.

Okay. And permits in the city or the zoning ordinances do not operate by getting a signature of your neighbor as to what you're going to build on your property, because it affects the whole neighborhood and the city. Okay. It's not getting a neighbor who may move in three months to sign off on whatever nonsense you may be building that day. That's not how that works. So that's the third reason. Okay.

The dogs -- and Ms. Dean brought up an important fact: that you could have a double fence. You could have a four-foot fence that complies with the City and another little fence behind it that actually contains this mastiff, whatever it is, that's going to jump over the fence.

I had a German shepherd I had to take care of recently that could climb over a 10-foot fence

Page 102

1 before, it's not the City of Doraville that made a

2 mistake here and it's not the property owner per se,3 because the people that didn't do the job correctly

4 was the fence company, and the fence company would

5 have found out some important things.

Because I had to deal with this issue today
where one of my neighbors had built the fence three
feet on the other person's property. And the reason
why that happened is part of the fence code is to get
a survey so you have some rough idea of where the
property lines of your houses are, which, when I was
on the City Council, was the number one error, I mean,

that showed up every day was somebody with a fence across somebody's front door. Okay.

So if the fence company had gotten a permit, they would have surveyed it. They also would have found out the fence -- the shiny side faces the neighborhood. Not everybody wants to look at the frame of a fence facing the neighborhood. The shiny side goes on the outside. That's the second thing they would have found out.

And they also would have found out that -and the front property line of the house, that behind
that, you can be six feet tall and then your front
yard is four feet. Okay. These are all important

because it was trained to do that as a police dog.Okay. And I had a sheltie before that that could

3 flat-foot a four-foot fence. It didn't matter. He

4 used to jump back and forth across the fence because

5 he thought that was a lot of fun. Okay.

So all these are personal problems that ran into a City ordinance that the professionals involved here should have known what they were doing. And so Northwoods is an historic district. Having a new

to fence, that's nice. The fact they'd fixed up the

11 house is nice.

But those are all side issues. The fence should be four foot in the front yard, six foot on the side, and the shiny side out, and hopefully the fence is on her property, which we still haven't determined to yet. Thank you.

MAYOR PITTMAN: Anyone else wishing to speak against?

MR. TERRY GREENBERG: I'm Terry Greenberg
I'm a 30-year resident of Addison Drive, and I have
some issues with the fence.

I can't see where it adds any aesthetic
value to the house when that end of Addison is already
a nightmare. When you come in off of Shallowford, we
have awful houses there anyway. It hides part of the

Page 108

1 front of the house. I believe our ordinance states that the

3 decorative side should face out, but it has the 4 opposite side out. The house at the corner of McClave

and Chestnut did the same thing, and they were made to change the fence to comply with ordinance.

We have allowed too many variances as it is: driveways doubled so more cars can be parked in them. 9 I, along with many of the residents on Addison, have

10 landscaped, painted, remodeled and decorated in the hopes of making Northwoods a desirable neighborhood.

We need more families moving in. If we allow this variance, then what would be the next or the next or

14 the next?

15 MAYOR PITTMAN: Anyone else wishing to speak 16 against?

17 (No response)

MAYOR PITTMAN: Okay. At this time, we're 18 going to close the public hearing portion, bring it up the table. 20

Mr. Cooley, did you have anything else? 21

MR. COOLEY: No, ma'am. 22

MAYOR PITTMAN: Okay. Ma'am, did you have 23

anything you wanted to add? 24

25 MS. KNOESPEL: Just that I did get a survey, 1 COUNCILMEMBER PACHUTA: No.

MAYOR PITTMAN: Mr. Patrick? 2

COUNCILMEMBER PATRICK: No. 3

4 MAYOR PITTMAN: Ms. Fleming? 5

COUNCILMEMBER FLEMING: Yes.

In review of the property that I personally 6 did, there are six houses on Addison that have six-

foot privacy fences at their -- I'll call it a pin or

their side -- their front side, which goes across all

the way to the neighbor's house, and then the

11 neighbor's house starts right there, and they've got

12 their six-foot privacy fence all the way to their carport. So there are six on Addison that do do that,

and they are six-foot privacy fences in the front

15 yard.

The Applicant's front-yard fence is indeed 16 17 six feet; it has the finished side out. However, it's five feet from the pins of the house, so she's five feet into her front yard because of the steps.

However, as far as part of our code, the 20 unfinished side is on -- the unfinished side is on the side of the house, not in the front of the house, and I would think that that needs to be corrected for sure. 24

In this particular instance because of the

Page 106

25

Page 105

1 and it is on my property, and that's it.

MAYOR PITTMAN: Okay. Thank you. 2

Ms. Alexander, did you have anything? 3

COUNCILMEMBER ALEXANDER: No, ma'am. 4

MAYOR PITTMAN: Mr. Bates? 5

COUNCILMEMBER BATES: Mr. Cooley, did y'all talk with the Applicant about options in discussions of the variance application?

MR. COOLEY: Yes, sir, we did. We tried to 10 explore as many different approaches with her as we 11 could. Both the Code Compliance officer and myself

12 spoke with the Applicant and tried to suggest

13 alternative ways, some of which I've heard here:

14 possibly bringing down/out and do a landing and coming

down instead of just coming off the back side. You

know, you'd have to figure out what to do with the

steps that lead down, but, you know, we really 17

encouraged her to talk to the fence company, see what

19 they'd be willing to do, considering they did mess up,

and we haven't discussed it since then. 20

But yes, we did discuss as best we could, 21 22 alternatives we could come up with given the

23 situation.

25

COUNCILMEMBER BATES: Thank you. 24

MAYOR PITTMAN: Ms. Pachuta?

1 way that the steps are, I really do feel that we need

to look at the other properties on Addison, because

they are almost in the same vicinity as her home, and

take a look at that.

MAYOR PITTMAN: Okay. Ms. Dean? 5

6 COUNCILMEMBER DEAN: No. I'm good. 7 MAYOR PITTMAN: All righty. Council?

Anyone wishing to make a motion?

COUNCILMEMBER FLEMING: I'd like to make

motion to approve the variance request for fence

11 height in the front yard at 2582 Addison Drive, Parcel No. 18 297 13 016 with a condition of correcting/

replacing the front -- the side yard so that it is the

finished side facing out.

MAYOR PITTMAN: Okay. Do I get a second (No response)

17 MAYOR PITTMAN: All right. Appears the motion dies in lieu of a second.

COUNCILMEMBER DEAN: Well, I would like to state that I think that there were several comments that we heard. 21

Ignorance is not an excuse, and I know you're a new-time home owner, but this is part of the 24 responsibility of owning a home: finding out how

25 you're supposed to do things and what you're supposed

15

Page 11:

1 to do. And the thing is is th	nat if we let one person
---------------------------------	--------------------------

2 in, then we could open the flood gates and people

- 3 would come in complaining that we made them change to
- 4 follow our ordinances in the past, and if they came in
- 5 after you, then they would say, "Well, you let her do6 it. Why not us?"

I think that the fence company is

- 8 responsible, and I would definitely go back to them
- 9 and find out, you know, "Look. Fix this because this

LO is wrong."

- And the other thing is that the people in
- 12 that neighborhood worked really, really hard to get
- 13 this national registry going. And I went by and I
- saw, and it is; it's something of an eyesore.
- But this national registry, they've been
- 6 working on this for years, and I think that's a huge
- 17 part of the community; and I think that while other
- 18 houses might look bad, we're really trying to turn it
- 19 around and improve the aesthetics of the community.
- And I'm sorry that this happened, but that's
- 21 my position.
- 22 COUNCILMEMBER PATRICK: A quick question for
- **23** Joe.
- So has she paid any permit fees?
- MR. COOLEY: No, not at this point.

- 1 MR. COOLEY: Okay. We'll find out.
- MS. KNOESPEL: That's what I was told.
- 3 MR. COOLEY: Sure.
- 4 MAYOR PITTMAN: All right. Thank you.
- 5 COUNCILMEMBER PATRICK: Okay. Well, I'l
- 6 make a motion for the denial of the application.
- 7 MAYOR PITTMAN: Okay. Do I get a second
- 8 COUNCILMEMBER BATES: Second.
- 9 MAYOR PITTMAN: Discussion?
 - COUNCILMEMBER PACHUTA: Yeah. I just wante
- 11 to say I think it's a rough decision. I mean I bought
- 12 my first home to fit my dog at the time. And I've had
- 13 a dog who was paralyzed, and I have a 13-year-old dog
- 14 who can't make it down the stairs to the back yard,
- .5 and I have to walk him out the front and lead him
 - around the back.
- But the way our ordinance is set up with the variance and the objective criteria, and the recommendations of staff, with that criteria, I think, on an
- 20 objective basis, that your request doesn't meet those 21 conditions.
- MAYOR PITTMAN: Okay. Anyone else? (No response)
- MAYOR PITTMAN: Call the roll, please.
- 25 CLERK BRYANT: Councilmember Alexander

Page 110

1

Page 109

- COUNCILMEMBER PATRICK: And what would the permit fees be?
- 3 MR. COOLEY: I believe fences for
- 4 residential, if I'm not mistaken, is \$50.00, and doing
- 5 work without it doubles --
- 6 COUNCILMEMBER PATRICK: Doubles it.
- 7 MR. COOLEY: -- the fee.
- 8 COUNCILMEMBER PATRICK: So a hundred bucks.
- **9** And what's the cost of a variance?
- MR. COOLEY: Be quite honest with you, I don't recall.
- 12 COUNCILMEMBER PATRICK: Okay.
- MAYOR PITTMAN: Ma'am, did you want to --
- MS. KNOESPEL: Yeah. The fence company did
- 15 go and they did pay for the permit.
- 16 COUNCILMEMBER PATRICK: Okay.
- MS. KNOESPEL: So that's taken care of, and
- 18 the variance was \$150.00.
- 19 COUNCILMEMBER PATRICK: Okay.
- MR. COOLEY: So the permit request -- I have not seen that. So the permit request was for in the
- 22 front yard?
- MS. KNOESPEL: Well, I guess -- I don't know. Well, I was just told that they went and they
- 25 paid the permit fee.

- COUNCILMEMBER ALEXANDER: Yes.
- 2 CLERK BRYANT: Councilmember Dean?
- 3 I'm sorry. Councilmember Bates?
- 4 COUNCILMEMBER BATES: Yes.
- 5 CLERK BRYANT: Councilmember Dean?
- 6 COUNCILMEMBER DEAN: Yes.
- 7 CLERK BRYANT: Councilmember Fleming
- 8 COUNCILMEMBER FLEMING: No.
- 9 CLERK BRYANT: Councilmember Pachuta?
- 10 COUNCILMEMBER PACHUTA: Yes.
- 11 CLERK BRYANT: Councilmember Patrick?
- 12 COUNCILMEMBER PATRICK: Yes.
- MAYOR PITTMAN: And ma'am, I'm sorry. Thank
- **14** you.
- 15 All right. Next and last on the agenda is 16 the Text Amendment to Add Language to Address New Auto 17 Dealerships in C-2 Zoning District, Dr. Gillen.
- DR. GILLEN: Yeah. Thank you, Mayor.
- 19 The City was approached by a company that
- 20 wants to open a new auto dealership in Doraville. You
- 21 have a Zoning Ordinance that restricts auto
- 22 dealerships in the C-2 zone, and the intent was to
- 23 stop the overgrowth of small used-car lots up and down
- 24 Buford Highway, and it's done a good job of halting
- 25 any new ones.

8

Page 110

However, what this is a manufacturer-2 authorized car franchise facility -- basically, a new 3 car dealership -- in a C-2 zone out where the other 4 car dealerships are. There's a Porsche and a --COUNCILMEMBER PATRICK: Lexus. DR. GILLEN: -- Lexus out in the same area. 6 And so the parcel located at Motors Industrial Way and

Highway Commercial land use. And so what we're asking tonight is that if 10 11 the Council would like to pursue the possibility of allowing manufacturer-authorized car franchise facilities with customary sales and service of both new and pre-owned automobiles as a permanent use

Peachtree Industrial Boulevard, they're identified as

within the C-2 zoning district and have Staff and

Legal draft a preliminary ordinance for the Planning Commission to review. 17

It's basically asking you for permission to draft a draft ordinance to take to the Planning Commission tonight for that. 20

And Joe is here to answer the specifics. 21

MAYOR PITTMAN: Ms. Alexander, do you have 22 23 questions?

COUNCILMEMBER ALEXANDER: Would a CarMax 24

25 meet this criteria?

1 CLERK BRYANT: Councilmember Fleming

COUNCILMEMBER FLEMING: Yes. 2

CLERK BRYANT: Councilmember Pachuta? 3

4 COUNCILMEMBER PACHUTA: Yes.

COUNCILMEMBER PATRICK: Councilmember Patrick? 6

7 COUNCILMEMBER PATRICK: Yes.

MAYOR PITTMAN: Thank you.

MR. COOLEY: If I may on that, I'll give you 9

a little bit more background on this project. 10

11 This was something that the adjacent dealership, Hennessy Lexus, is interested. It's the outparc- -- in particular, this is instigated by the outparcel that actually belongs to BrandsMart. They are interested in putting a new car dealership there.

One of the things that you might want, I 16 would suggest you consider -- and that we'll certainly make a recommendation the Planning Commission also is if you decide to send this to them, would be a minimum size requirement of two acres. We've discussed this with Hennessy and as far as that's pretty much the minimum that you can go.

Now, that's not going to work for lots like CarMax and things of that sort. But what it does do 25 is work with some of the more specialty high-end, and

Page 114

MR. COOLEY: I'm sorry? 1

COUNCILMEMBER ALEXANDER: A CarMax. 2

MR. COOLEY: No, ma'am. That would not be 3

an authorized -- factory-authorized dealership.

COUNCILMEMBER ALEXANDER: They're an 5 authorized Dodge-Chrysler dealership.

MR. COOLEY: If they're selling new cars, yes, they would be, then. I didn't realize they did 9 that.

10 MAYOR PITTMAN: Okay. If I could just stop 11 for just a minute, it is 10 till 9:00 and we are almost at the end of the agenda so I need a motion to 13 extend the time to finish this agenda.

COUNCILMEMBER ALEXANDER: So moved. 14

MAYOR PITTMAN: Second? 15

COUNCILMEMBER PATRICK: Second. 16

MAYOR PITTMAN: Discussion? 17

(No response) 18

MAYOR PITTMAN: Call the roll, please. 19

CLERK BRYANT: Councilmember Alexander?

COUNCILMEMBER ALEXANDER: Yes. 21

CLERK BRYANT: Councilmember Bates? 22

23 COUNCILMEMBER BATES: Yes.

CLERK BRYANT: Councilmember Dean? 24

COUNCILMEMBER DEAN: Yes. 25

1 two that come to mind and were just kicked around a

2 little bit were Jaguar and possibly Land Rover. It's

3 that type where they don't have the on-property

inventory that you normally see in some of the larger volume-dealership type things. So they would be

restricted by that.

The other thing is that I know that there has been a concern, as Dr. Gillen said, about the

proliferation of used-car lots along Buford Highway.

My other recommendation would be if y'all are

interested in this: What you've got along Peachtree Industrial is a new-car economic cluster. You know,

when you get a synergy like that, all these different

14 companies come together, it develops a cluster which

has a lot of economic impacts to it, so my

recommendation would be to limit it to properties in that area. 17

Now, we would have to define that, because 18 some of the properties actually have street addresses of Peachtree Industrial and some have Motors, and, you know, I think that the Porsche dealership may not even be Peachtree Industrial. So we would want to define that as an area basis, and my recommendation would be

limiting it to that cluster area that we have along

25 Peachtree Industrial as opposed to encouraging new-car

- 1 lots or something like that along Buford Highway. I 2 don't think that's the intent that the City's looking
- 3 for for redevelopment along Buford Highway, and it
- 4 would be certainly enough within the ordinance to be
- able to restrict it to an area that y'all think would
- be more appropriate.
- MAYOR PITTMAN: Okay. Mr. Bates? 7
- COUNCILMEMBER BATES: Would it be possible 8
- and easier for them to purchase and merge the parcels? MR. COOLEY: We asked that, and basically 10
- what they're looking at is a separate dealership. So
- no, that would really not be functional for them. 12
- COUNCILMEMBER BATES: Under the 13 14 recommendation, you mentioned a two-acre lot. We've
- got a minimum of six acres in the ordinance now, so
- you're requesting a reduction?
- MR. COOLEY: This would be specific to the 17 C-2 zoning district. Right now we only allow car
- dealerships in M-1. 19
- COUNCILMEMBER BATES: Right. 20
- MR. COOLEY: It requires 600 foot, I 21
- 22 believe, of frontage and also six acres. So basically
- it's not allowed anywhere, you know, along the major
- corridors; and which I don't know if it was oversight
- 25 or what, but one of the things, the results, when that

- 1 all uses, and, you know, I don't think it would be
- 2 good process to establish a zoning district for one
- 3 use. I think that's going to complicate things. So
- 4 you're opening up to all types of other things. The
- process is going to take longer; you're going to have
- to develop new standards.
 - It could be done. I mean that's one
- approach that we could do if y'all decided to go that
- direction. My recommendation, though, and I think the
- cleanest and simplest and most effective approach
- would really be to just do to the amendment to make
- that an allowed use but be specific enough, control it
- to whatever y'all think it would be appropriate.
 - COUNCILMEMBER BATES: Thank you. MAYOR PITTMAN: Ms. Pachuta?
 - COUNCILMEMBER PACHUTA: Would it be p
- 16 to specify percentages of new versus used so that -- I
- mean I know -- I think it mentions in here having, you
- know, the requirement that they have to have new and 20 used.
 - MR. COOLEY: Right. I think that's --
- COUNCILMEMBER PACHUTA: -- to kind of 22 23
- MR. COOLEY: -- more of a function of the 24
- 25 pre-owned.

15

21

Page 118

- 1 ordinance was changed I think back in 2010 is it made
- 2 the Lexus and the Porsche dealerships legal
- 3 nonconforming uses. So by changing this as a
- 4 permitted use, it would bring those back into
- 5 conformity, which from a planning perspective, it is
- 6 always better to have businesses that are conforming,
- especially when they're well-established businesses
- 8 like that. So I think there's the additional
- advantage of doing that.
- COUNCILMEMBER BATES: Would the district be 10 11 considered an overlay or would it just be written in
- as limited to a certain area?
- MR. COOLEY: No. I think the best approach 13 would probably limit it to specific corridors, and we
- can do that within, you know, the Zoning Ordinance.
- Basically, you add it at C-2 in this area, you know,
- and specific --17
- COUNCILMEMBER BATES: So how would --18
- 19 MR. COOLEY: -- to that point.
- COUNCILMEMBER BATES: How would it be 20
- 21 different than creating a new zoning classification
- 22 like a C-3?
- 23 MR. COOLEY: New zoning classification is
- 24 basically, excuse the expression, but almost opening a
- 25 can of worms because you're going to be establishing

- COUNCILMEMBER PACHUTA: -- the used car 1 Okav. 2
- MR. COOLEY: We could certainly look into 3 that. That's something I want to run past Legal and
- discuss, but I certainly would look into that.
- 6 MAYOR PITTMAN: Mr. Patrick?
- COUNCILMEMBER PATRICK: Could we require
- some kind of build standards -- it has to match the
- surrounding facilities, either match with the Hennessy
- or match with the Porsche or somehow fit in with the
- rest of that corridor?
- MR. COOLEY: You're talking about architec-12 13 turally?
- COUNCILMEMBER PATRICK: Either architec
- 15 turally or just outright say if you are a C-2 zoned property on this corridor, you are going to build to
- some standard. 17
- I know Hennessy has like a parking deck or a 18 two-story parking deck, it looks like.
- MR. COOLEY: Yeah. I think that would be 21 difficult because you don't really know what the 22 function of the business would be.
- If we had a standard architectural design 24 standard or if there was some similarity between the 25 architectural designs, I mean, you know, you look at

7 site.

Page 12

2 which is completely different from any of the other 3 ones down the way. They all have their individuality.

As far as the decks go, I think that's --

5 that's an expensive proposition on two acres. I would

6 be surprised to see that happen. I may be absolutely

wrong and it may be worth the money to them, but they

would have to meet the standards -- I mean our zoning

standards. I think it would be difficult without

having anything in place to say "Follow this," to get

them to follow something, but we could explore it.

COUNCILMEMBER PATRICK: Okay. 12

MAYOR PITTMAN: Ms. Fleming? 13

COUNCILMEMBER FLEMING: How many acres is 14 this particular parcel? 15

MR. COOLEY: I believe it is 2.2, 2.3, 16

somewhere in that range. 17

COUNCILMEMBER FLEMING: Well, then, two 18

acres is not going to be enough. 19

MR. COOLEY: Yes, ma'am. It's --20

COUNCILMEMBER FLEMING: And you're going to 21

22

MR. COOLEY: No. The minimum -- I mean the

24 minimum would be two acres, so being 2.3, that'd

25 be .03 acres --

MR. COOLEY: But functionally, there's a 2 storm drain that goes down further out the curb, so it doesn't go -- From what I could tell -- the weeds are pretty high right now -- it did not appear to me --Again, it made me think that it was someplace where they took soil out to use it somewhere else on the

8 But again, that's part of the due diligence. That's the onus of the owner and the developer to make sure that they are aware of any restrictions or

anything of that sort. 12 COUNCILMEMBER FLEMING: I'm just not sure

spot zone this, spot zone a use, and I've got fuzzy feelings about that because I don't know how we can do it legally -- Mr. McLendon, with your little phone. ATTORNEY McLENDON: I have reviewed this

issue, and if given the direction, will move forward on it. I believe we could probably put together an ordinance that would --

COUNCILMEMBER FLEMING: Spot zoning 21 ATTORNEY McLENDON: -- be legal. 22

23 No. An ordinance that would be legal and 24 pass muster on it.

MAYOR PITTMAN: Okay. Ms. Dean?

Page 122

25

COUNCILMEMBER FLEMING: Okay. Minimum. 1

MR. COOLEY: -- larger than the minimum. 2

COUNCILMEMBER FLEMING: Right? 3

MR. COOLEY: Yes, ma'am. 4

COUNCILMEMBER FLEMING: There are so many

other issues, other automotive issues in C-2 that we

haven't even addressed, that I wish we would get back to correcting all of those, please.

Having a brand new dealership on that corner 10 is fine with me; however, it looks like a pond

11 retention. It almost looks like a spring bubbling up,

so I don't know they're going to do that environ-

mentally. 13

Okay. That's the only questions I have. 14

MR. COOLEY: I did look at that as far as 15

the detention goes and the topography and the storm

drains and things, and it appears that just from the

slope and the topography, it made me wonder if it was

19 a borrow pit. 20

COUNCILMEMBER FLEMING: A what?

MR. COOLEY: A borrow pit where they took 21

22 soil out to build something else, possibly for the

BrandsMart, because it almost looks like it's been dug 24 out.

COUNCILMEMBER FLEMING: It does.

COUNCILMEMBER DEAN: A lot of my questions have been asked.

I'm not clear on how we can manage one area 3 of C-2 that allows these car dealerships. I mean how could we say, "Okay, it's allowed in C-2 but not in

this part, not Buford Highway?"

MR. COOLEY: We would have to actually come up with the determination of description, a good solid

description of the area. And really what we're

talking about -- and I believe it was in that packet, where if you look at it, when the LCI was done, that

corner was basically left as C-2. Even in the

proposed form-based, it is as C-2. And my under-

14 standing was the idea was to keep that as a commercia 15 corridor.

16 I think it wouldn't be too difficult to 17 identify that. But I think that's one of the things, the extent of it we would -- the Planning Commission would certainly want to get involved with and make recommendation, and I think that's something y'all would want to look at very strongly. 21

I think it can be done without too much difficulty just because of the configuration if we 24 were going to say that, because we only go a very 25 short distance before we're in Chamblee, but if we

- 1 were going to try to do that say along Buford Highway 2 in one portion, it could be done but it's more
- 3 difficult.
- 4 COUNCILMEMBER DEAN: In looking at this,
- 5 because I hadn't seen this before, why is it now six
- 6 acres and with 600 feet of frontage? What is that?
- Why is that?
- MR. COOLEY: That was before my time here, 8
- 9 but my understanding was the intent was to reduce the
- number of especially the used cars, little used-car
- dealerships that were proliferating down Buford
- 12 Highway. We still --
- COUNCILMEMBER DEAN: Six acres is huge. 13
- MR. COOLEY: Yeah, it's big. I'm not sure 14
- where that came from, to be quite honest with you. 15
- COUNCILMEMBER FLEMING: We were trying to --16
- we were trying to do our best. 17
- COUNCILMEMBER ALEXANDER: The Hennessy 18
- dealership is six acres. 19
- COUNCILMEMBER DEAN: But what about the 20
- others? Weren't the other ones there at the time? 21
- COUNCILMEMBER ALEXANDER: We based the 22
- smallest amount that we were going to allow based on
- the current footprint of the Hennessy Lexus
- 25 dealership.

- 1 this point about talking about sort of the districts
- 2 you might put it in and those things -- I think there
- 3 are a lot of ways we could attack it. And if there
- was a general consensus that the idea was good, I'd
- prefer to let Joe and us put our heads together and
- sort of come up with the best approach to make sure
- I'm going to pass legal muster but also to try to
- achieve the objective I'm hearing here.
- 9 COUNCILMEMBER DEAN: Okay.
 - ATTORNEY McLENDON: But I'd hate to sort of
- commit to that --11

- 12 COUNCILMEMBER DEAN: Right.
- ATTORNEY McLENDON: -- in this particular 13
- 14 conversation because this is just, I think, more of a
- policy, Do you like it? And if there's the policy
- will, I'd like to be able to work through that to make
- sure we get it to achieve the goals but also, like
 - we've said, to be legally defensible.
- COUNCILMEMBER DEAN: Okay. You know, I drive 19 down the Industrial Parkway and there are cars parked
- on the GM property all the time. Is that the dealer-
- ship? Is that GM? I mean what is that?
- MR. COOLEY: Actually, what's going on right
- 24 now, I believe, with it is in the interim while this
- 25 is going through the contract stage like that, they've
- Page 126
- COUNCILMEMBER DEAN: Okay. And the other two dealerships weren't there then.
- COUNCILMEMBER ALEXANDER: They were, but we 3
- 4 were -- we just concentrated on that, because I think
- the Porsche dealership -- I'm not sure of the size of 6 that.
- And I want everybody to understand we're not 7
- 8 anti car dealerships but we were getting to be a buy-9 here/pay-here/give-me-your-paycheck/I'll-give-you-a-
- 10 car. And we felt like, number one, aesthetically it
- wasn't pleasing, plus it also gives you the impression
- that they are feeding on impoverished and disad-
- vantaged citizens, and we wanted to stop that from 14 spreading.
- 15 COUNCILMEMBER DEAN: Okay. Could we stipulate the number of dealerships that we would
- allow like we did with the massage parlors? 17
- MR. COOLEY: Again, I would want to talk to 18
- 19 Legal about that, but I think by restricting the
- 20 area --
- COUNCILMEMBER DEAN: Uh-huh. 21
- 22 MR. COOLEY: -- functionally you're going to 23 do that.
- ATTORNEY McLENDON: And I will tell you --
- 25 and this is sort of the conversation in general at

- 1 been allowing storage of General Motor automobiles on 2 the site -- nothing else but General Motor automobiles
- -- as just an agreement for storage, temporary
- storage.
- COUNCILMEMBER DEAN: Okay. Do we ge 5 revenues from that, anyway?
 - MR. COOLEY: Gosh, I don't know.
- DR. GILLEN: I don't believe so. And that
- question has come up, and I don't know where we wen
- 10 with it.

11

- ATTORNEY McLENDON: You would -- and I don'
- 12 know the specifics of that, but typically the revenues would come from the dealership that owned the
- vehicles. The rental of the property is something you
- pay for through ad valorem. So just by renting
- property out, there is no rental occupation tax.
 - That's paid via ad valorem.
- 18 COUNCILMEMBER DEAN: Okay. And my fina question is how, I mean, with the GM property under
- develop -- under development now, how could that -- l
- mean how could allowing this affect that development?
- Could it? Would it? 23 MR. COOLEY: No, I don't think so.
- I think -- you know, I think potentially
- 25 what could happen on some other portions up in that

Page 128

Page 13

Page	1	29
------	---	----

- 1 area, there's opportunities. If someone had a grand 2 scheme and General Motors was up and running and the 3 property values go up, they may look at it and want to
- 4 come in and maybe go to a T-5 or T-6 zoning district
- 5 eventually. But you know, certainly not the parcel
- 6 that we're discussing. It's just kind of this strange
- two-acre or two-plus-acre parcel there.
- COUNCILMEMBER DEAN: And where is that 9 exactly?
- MR. COOLEY: If I may, I'll just -- I can 10 11 point it out on your sheet there if you have it. And
- for everybody, I'll hold this up too. But it's this portion right in there (indicating).
- COUNCILMEMBER FLEMING: It's the overgrown 14
- parcel when you take a left at the light at 15
- BrandsMart, the overgrown parcel on the right-hand 17
- 18 MR. COOLEY: BrandsMart is back here, that parcel's there; here's the shopping center, and this
- is Hennessy Lexus (indicating). So it's just adjacent to Hennessy Lexus. 21
- COUNCILMEMBER DEAN: I'm good. 22
- MAYOR PITTMAN: Okay. Perfect. All right. 23

1 send a text amendment to Legal and then to the P.C.

2 for review, addressing new car dealerships in the C-2

- Does anyone wish to entertain a motion? 24
- 25 COUNCILMEMBER ALEXANDER: 1 make a motion to

- 1 Planning Commission, yes.
- 2 COUNCILMEMBER ALEXANDER: The motion was 3 Legal also.
- 4 COUNCILMEMBER FLEMING: I'm sorry? COUNCILMEMBER DEAN: And to legal.
- 5 COUNCILMEMBER FLEMING: Okay. Sure 6
- 7 CLERK BRYANT: Councilmember Pachuta?
- COUNCILMEMBER PACHUTA: Yes. 8
- CLERK BRYANT: Councilmember Patrick? 9
- COUNCILMEMBER PATRICK: Yes. 10
- 11 MAYOR PITTMAN: Thank you. Motion carried
- 12 Okay. I don't think we have additional business. We're going to move into Council Comments 13
 - Ms. Dean? COUNCILMEMBER DEAN: All right. First, this
- 15 16 has absolutely nothing to do with the candidates, both of whom I respect a great deal, but I think the
- Council in general and -- and how we -- We need to
- have greater oversight, because I too often feel I
 - don't know what is going on.
- I can send questions, and it's literally 21 22 days before I get a response. Sometimes I send
- repeated questions. Last week I sent a question
- 24 prefacing it with, "Is something wrong with my email?
- 25 I am not getting a response." Even if that response

Page 130

- 1 is, "I don't have time now. I'll get back to you
- 2 later," I think that that's something that I need in
- order to do my job on Council effectively.
- MAYOR PITTMAN: Okay. Do I get a second?
- COUNCILMEMBER PACHUTA: Second.
- MAYOR PITTMAN: Discussion? COUNCILMEMBER BATES: Yeah. I just want to

14

- 8 be very clear that any draft that comes to the P.C.
- and comes back to us needs to be very specific as to
- where these go in that particular corridor and not to
- even remotely allow for the expansion on Buford
- 12 Highway, and that's --
- 13 MR. COOLEY: I understand.

3 zoning district.

4

5

6

- COUNCILMEMBER BATES: That's just incredibly 14 important.
- MR. COOLEY: We'll take care of that. 16
- MAYOR PITTMAN: Call the roll, please. 17
- CLERK BRYANT: Councilmember Alexander? 18
- COUNCILMEMBER ALEXANDER: Yes. 19
- CLERK BRYANT: Councilmember Bates? 20
- COUNCILMEMBER BATES: Yes. 21
- CLERK BRYANT: Councilmember Dean? 22
- 23 COUNCILMEMBER DEAN: No. No.
- CLERK BRYANT: Councilmember Fleming? 24
- COUNCILMEMBER FLEMING: To send it to the 25

- - With regards to the -- the press release
- that was made, I strongly believe that we should have
- waited until our formal audit was -- was -- was done for 2013. It was perceived to be a political move to
- release this information a mere four days before the
- election, particularly when we have not -- we had no
- even agreed to pass the amendment. And I strongly feel that Council needs to provide more oversight over
- -- over the City Manager who is running the City,
- 13 because we were voted in office to act responsibly and
- to do what the people elected us to do.
- That being said, moving forward, I hope that 15 we could address some of these issues, and also I wish all of the candidates the best of luck tomorrow.
- MAYOR PITTMAN: Okay. Ms. Fleming? 18
- COUNCILMEMBER FLEMING: Thank you, Trudy 19 20 for your comments.
- I am just extremely proud, if you guys 21
- aren't, that we have a Krispy Kreme in Doraville. And so are my church members, I'm telling you. The church members from Dunwoody love our Krispy Kreme.
 - But I do want to let everybody know some

1	MAYOR PITTMAN: Call the roll, please.
2	CLERK BRYANT: Councilmember Alexander
3	COUNCILMEMBER ALEXANDER: Yes.
4	CLERK BRYANT: Councilmember Bates?
5	COUNCILMEMBER BATES: Yes.
6	CLERK BRYANT: Councilmember Fleming'
7	COUNCILMEMBER FLEMING: Yes.
8	CLERK BRYANT: Councilmember Patrick?
9	COUNCILMEMBER PATRICK: Yes.
10	MAYOR PITTMAN: Thank you.
11	All right. We're going to open the floor
12	for public comments. Anyone wishing to speak, please
13	come to the microphone, state your name for the court
14	reporter; three minutes.
15	MS. CINDY BRADFORD: Cindy Bradford,
16	Northwoods.
17	I sent an email earlier today. I'm not
18	3
19	I think the same problem still exists with
20	
21	they're vague, they're minimal, and I don't see that
22	they're going to do anything to help us.
23	An example, "precast concrete resembling
	brick or stone." Who's going to make that determina-
25	tion? I've heard maybe two or three people say that

Scott Robichaux, Associate City Attorney

Sandra Bryant, City Clerk

Riley McLendon, LLC 315 Washington Avenue Marietta, GA 30060 (770) 590-5900

1 they think that the painted cinder block on the 2 sideways McDonald's resembles brick, and I don't

3 think so.

4 The qualifications for the people on the 5 review board, I think they're a little stiff. You 6 have to have qualifications in either engineering, architectural planning or design.

Well, all of you are going to be voting on 8 these standards. Do any of you have these qualifications?

11 And if you do, or even if you don't, then 12 maybe you could explain things like "The sloping roof 13 height shall not be less than a pitch of 4.12, 14 however, a pitch of 3.12 may be acceptable depending on the mass and scale and elevations and renderings showing the appropriateness and compatibility of the 17 18

Does that ring a bell to any of you with your engineering/architectural/planning qualifications? 20

In my opinion, the review board should be 21 22 to carry forth the vision of the residents -- the aesthetic vision. I don't think anybody needs to 24 have an engineering or architectural background in 25 order to do that.

MR. TOM HART: I made a few notes. Tom 2 Hart, Gordon Heights.

When I read this, I -- like some other

people, you start off reading from the front of the

75 pages or so, or 85 -- I don't now how may pages --6 and then you got, "Well, this is not working out

real well, so I'll start from the back so I can read

forward. Maybe it gets better toward the middle, you

know."

Page 5

It kind of reminds me of the Steve Martin 10 11 movie where the punch line was -- You know, you should always have a point to the conversation.

There's no point to these architectural standards.

What is the point? What are you trying to accomplish

by these 85 pages? Is it to improve something, or do

you have a design in mind that it's supposed to look

like a, you know, alpine pine village or something,

or is this an Avondale Estates thing or is it -- You

know, are we trying to look like, you know, the outer

buildings of Washington, D.C., like Arlington? What

are you trying to accomplish here?

So the first thing if you want to have a goal is to have a point to your conversation. And

there is no point to this conversation. It's just a

25 bunch of stuff thrown together. Most of it, I think

Page 6

Page 8

We didn't like the sideways McDonald's. I 2 only know of three people -- one of them is in this 3 room -- that like the way that McDonald's looks. It 4 doesn't look good to most of us. It does not perpetuate the vision we have in mind. Also, the intent and purpose. Whose 6 intent are these standards? 7

Not my intent, I don't think, because I 8 9 don't agree with how vague and minimal these are.

And I certainly think that we should 10 change the qualifications for the review board. It really sounds like with the review board you've kind of built in a safeguard to make sure that we won't have one so that you can say, "Well, we can't find five people with these qualifications." 15

So I think that is one of the first things 16 that should be worked on, and I think that the -- the 17 definitions should be less vague, and I think that the materials used should be spelled out, and I think the words --20

CLERK BRYANT: Mayor --21

MS. BRADFORD: -- "strongly encouraged"

23 should be deleted from the standards.

MAYOR PITTMAN: Thank you. 24 25

MS. BRADFORD: Thank you.

1 they are gleaning from Florida someplace, because

2 there's -- someone who wrote this is enamored with

3 concrete block that has been painted, which is a

4 typical Florida home, which is cinder block that's

5 been painted.

And in one section, it even goes on to say that CMU or concrete block is encouraged. Most

cities of quality, concrete block is discouraged.

Okay? Somehow we've got this train on the wrong track to begin with; okay.

If you want brick and stone and you want 12 this city to have -- when you're driving down Buford 13 Highway and you move from Chamblee or Norcross or any 14 of those towns and you approach the outskirts of Doraville, you should say, "Oh, okay. Okay. This is

different. Okay. It doesn't look like the rest of the crap that goes all the way down to Lenox Square.

This is different." 18

If it's just going to look like CMU and stacked block like every strip mall, cheap strip mall in Metro Atlanta, then you can save yourself a lot of time and money and just go with what you got now.

On every page, I found probably 10 percent 24 of the pages to be adequate. The rest of them are 25 like . . .

8

11

13

14

15

16

17

19

25

12 to speak?

Page 12

Page 9

J

1 or however you all want to address this. I'll make a

2 presentation to you if you'd like on the PowerPoint

3 presentation. It's really kind of at y'all's

4 guidance and any direction where you want to go with

5 this.

6 COUNCILMEMBER DEAN: May I say something

7 MAYOR PITTMAN: Go ahead.

8 COUNCILMEMBER DEAN: Well, also I think
9 it's important to note that the last time we met

10 regarding the standards, we weren't working from the

11 same copy, and that was -- that proved to be a huge 12 problem for us because we didn't know where we were

13 in terms of the pages. We had different copies of 14 drafts. I had an old draft.

MR. COOLEY: Right. And all that has been updated and you'll notice now, just so there's no confusion, the new logos on them, and we put a revision date on the bottom.

Now, the guidance -- I mean guide book has not changed, because that's really contingent.

That'll be addressed if and when y'all decide to move forward on any type of standards like that. We can,

23 you know, narrow it down and get the sections and

24 change photos or whatever you think needs

25 additionally to be done to that. So that has not

You see things very similar in the guidance book, and so this just kind of reiterates it.

Kind of the status where we are at is, as

The most elaborate architectural standard

packing lot. But then we encourage CMU. I think you

MR. HART: -- have a point to the conver-

MAYOR PITTMAN: Okay. Anyone else wishing

MAYOR PITTMAN: We're going to close the

public comments portion and move into the meeting.

I don't believe we have any reports or

presentations, so we're going to move to unfinished

business, Architectural Design Standards, Dr. Gillen.

MR. COOLEY: I'm going to pass these

20 around too. These are some photographs Dr. Gillen

took of the local area to try to convey some of the

concept of what we're talking about (presenting).

2 is for shopping cart enclosures, which a lot of

3 places call homeless shelters, these four-foot

CLERK BRYANT: Mayor.

(No response)

sation and get right to the point of the conver-

need to step back and --

sation. Thank you.

4 buildings for shopping carts in the middle of a

Page 10

1 changed even though the new logo is on it so you know2 you've got the new copy.

3 COUNCILMEMBER DEAN: Well, no. I had at 4 outdated copy, and that was the copy that was put in

6 That was why --

7 MR. COOLEY: There was a miscommunication.

my box, and so that's what I worked on, you know.

8 It was posted the last copies, and the most recent

9 copy didn't get put in.

10 COUNCILMEMBER DEAN: Okay.

MAYOR PITTMAN: So I just want to ask does
the Council want to see the PowerPoint first or do
you want to see it at all?

14 COUNCILMEMBER DEAN: Is it the same 15 PowerPoint we saw?

MR. COOLEY: Yes, ma'am. It's the long -it's long. All the PowerPoint pages are printed out
in your booklet.

It's long. We took the whole meeting the last time. We went through it page by page.

MAYOR PITTMAN: Tell you what. We're going to just start as normal and just go down and let everybody at least have a little input and then

24 everybody can just kind of talk as a discussion as we 25 go, but just to make sure everybody has a chance to

you all know, this has been moved forward. It's been
 moved forward to the Planning Commission and the
 recommendation that the design guidance book be added

4 to it.

5 We had a workshop with Council.

6 Unfortunately, not everyone was able to attend.

7 There were two or three people missing. We went

8 through a presentation, which I do have here tonight,

a PowerPoint, if you wish to go through that again,

.0 but it's also a copy of it in the packages that you

10 but it's also a copy of it in the packages that you 11 received.

So really I don't know what the best way to do this, answer your questions or whatever.

13 to do this, answer your questions or whatever.14 The second workshop was canceled because,

15 first off, that was the recommendation of the Council that was here that night but decided to go forward.

7 And at that point, it was really difficult at that

18 time of year, I suppose, to actually get something

19 scheduled with all the Council members, that we could

20 all be there to work well for everybody.21 So that, and then I believe with the

22 anticipation of the city manager coming on, I think

basically the second workshop just got put off, and I gather that's where we kind of are at this point.

So I'd be happy to go through page by page

Page 13

speak.We'll start with Ms. Alexander and move

3 our way down, and everybody can just talk amongst

4 each other, and if they want to see it later, then I

5 guess we can open it up and see the PowerPoint.

6 MR. COOLEY: I mean if you can go for that 7 or if you prefer to go page by page, you know, with

8 issues and items and things that need to be tied down

9 more or whatever, I'll be happy to do that.

MAYOR PITTMAN: Well, we'll start down here with Ms. Alexander.

12 COUNCILMEMBER ALEXANDER: Well, I don't 13 know, you know. Sometimes this Council, like on the

alcohol ordinance and other ordinances, we've gone page by page and tried to get everybody's questions

page by page and tried to get everybody's questionanswered per page.

I don't know how the rest of the Council feels about that, how they want to handle the work session.

20 COUNCILMEMBER PATRICK: I'm good with 21 that.

22 COUNCILMEMBER DEAN: Well, I have some 23 general comments, though, just overall, kind of an 24 overview.

MAYOR PITTMAN: Ms. Alexander, do you want

1 it published to a point where when someone comes in

2 and asks about it, we can give them a copy of this,

3 "This is the ordinance. Here's the guidebook," and

4 tell them to go through that so there's -- it'll help

4 tell them to go through that so there's -- it'll help 5 them go through.

The ordinance that you see -- And I know

7 there was confusion about the dates and things. Even

8 the differences between were basically corrections

9 that this Council, just about every Councilperson has

10 made comments over this period of time that we've

11 been working on this.

2 So we've modified those each time we go.

13 We've addressed the issues. You know, there would be

14 different aspects of it that we would go in and maybe

15 not make the exact change that you're looking at, but

16 address it and try to be clear until it could come

17 back to y'all.

So what you see -- what you got last time, you know, hopefully that's all straightened out.

20 We've got the -- you know, the draft date. You

21 should have the 10/14/13 dated copies of the draft

22 ordinance, and that was really put on there just for

23 clarification to make sure that everybody had the

24 correct, latest copy. As you know, there's been a

25 number of copies go around, so there was . . .

Page 14

Page 16

1 to start?

25

2 COUNCILMEMBER ALEXANDER: That's fine.

I guess pursuant to Councilmember Dean's
comment, all of Council was working off of draft

s standards, I believe it's dated October 2012. The

6 copy of the standards I was given was dated January7 25th of 2013, so my notes on my review were made on

8 that revision.

Then we got an ordinance, which I don't know which version of the document the ordinance was penned off of. So I just reviewed the ordinance and then made notes on the ordinance in conjunction with the working draft of the Design Guidelines, because these two documents do not -- there are conflicts in these two documents.

MR. COOLEY: And that's one of those situations I had not -- intentionally not gone back and reformatted or modified the work, the booklet there, because that's not part of the ordinance.

What I was hoping to do is go through it
and figure out exactly what those details were, and
we'll modify that. Because again, that -- again,
that's not referenced in the ordinances, part of the
ordinance. That really is a public information piece
that we will have. And I'd like to reformat and get

So what you've got and what you have in this package is that. And that's what we'd really like to go through and see if there's more things that we missed or we didn't pick up or that you think still need to be changed working off of this version

COUNCILMEMBER ALEXANDER: Okay. So me stating that this book conflicts with the ordinance.

MR. COOLEY: We will modify that.

10 COUNCILMEMBER ALEXANDER: Because it 11 references the ordinance.

MR. COOLEY: Yes, ma'am. And it's also the ordinances are blacked out or blued out. And

14 there's all types of things in there, depending on --15 Generally, it's there, but there are pieces of it

16 that will need to be corrected depending upon what

7 y'all decide that you want to do.

Like I said, that is a public information piece for people that are coming in. If this

ordinance passes or something similar to it passes or even if something different passes, you know, that's

22 something that we want to have to be able to make it

23 clear to people.

in this workshop.

You know, it's tough to read an ordinance.

25 It's tough. You know, I personally prefer ordinances

makes it difficult.

1 that get some graphics into it. The problem is that 2 it's extremely difficult with MuniCode. If you go 3 through MuniCode, there are none with it. Typically 4 where you see them is they'll have a reserved section and they'll just have them on the Web page. So that

Took the lead basically from the Planning Commission. You know, that was their big concern was, you know, "Okay. What does this look like? What's a cornice?" You know, "What's this? What's

an arcade?" So we went through and put photos of it. 12 To be quite honest with you, you know, this was the same issue that this was patterned after 13 Orange County ordinance that's been in place since 1998 -- it's been tweaked over the years about four times when they modified it and updated it and looked at that -- and we tailored it towards Doraville, you 17 18

So that's where we're coming from, and 19 20 we're not -- There has been never any indication that I've received from Council that you want this to look like an alpine village or where it's all whatever, one style.

Basically, what you're trying to do and 24 25 what this ordinance tries to do is to make an

1 good; it has been effective. And it also allowed 2 architectural creativity so everything doesn't look 3 alike, everything doesn't have once certain type of 4 roof, you know; a little bit of variance on the roof slope, the 4 to 12 versus the 3 to 12.

And, you know, very simply, slope is rise over run. It goes up 3 inches and it goes out 12 inches. That's your slope. So you don't want to get too flat a slope if you've got a pitch on it, which you also -- if it's a huge building, you don't want a 11 slope that's going to be like this and it's going to be nothing but roof line.

So that's the basic concepts of it. Like 14 I say, if you want to go item by item, I think, you 15 know, that would probably be the best way to address it and find out whether -- you know, what y'all think about different aspects. 17

18 COUNCILMEMBER ALEXANDER: Okay. MR. COOLEY: Did I answer your question? 19 COUNCILMEMBER ALEXANDER: No, but that 20 all right. Let me move on. 21

One of the conflicts I noticed of the guidebook is it refers to architectural standards and guidelines for commercial buildings and projects within Chapter 23. Well, the code section in

Page 18

Page 20

1 aesthetic, not just in the architectural but in the 2 landscape portion of it also, that brings the scale 3 of the buildings down, brings them closer to the 4 road, creates pedestrian spaces, breaks up these huge

5 facades, things that are visible.

The primary facade is directly visible from the street, has more stringent requirements, 8 versus a secondary side which, you know, basically 9 cannot be seen as much, or a tertiary side, which 10 basically can't be seen, and that's just -- The 11 tertiary side especially in commercial is not just from the road but it's also adjacent to residential district, so it addresses all that. 13 But what it also does by giving options of 14

different things, pieces of it, it allows an architect to come up with -- do something creative and good design. 17

You cannot, in my opinion, say "Everything 18 shall look like this," because what you're going to get is a mess. Everything's going to look alike. It's not going to have any character. You know, give the flexibility from the design perspective. 22

23 And again, that's why I liked this 24 ordinance when I was looking through all different 25 ordinances to emulate and to use as a guide. It was 1 Chapter 23 is referred to as Design Standards. So in the guidebook, we want to make sure that language coincides with the language that's in the actual

ordinance.

COUNCILMEMBER ALEXANDER: And then two of the ordinance, there's no mention of -- I'm

MR. COOLEY: Yes, ma'am.

going to call it smart code only because I can't

remember Caleb's name. There's no mention of applicability in the smart code in this ordinance,

and then also there's no provision for a future zoning code, which I assume we would create ...

MR. COOLEY: Well, the Livable Community 13 14 Code, I believe is what it's called, references the existing or the design standards within the code. That's the direction it would be as opposed to vice versa, because you don't want to have two design standard interlocked -- or you could, I suppose, have

it interlocked purely just to the form-based ordinance or applied across the board in the city.

The intention of this was this applies 21 across the board to the city. And I believe Caleb addressed that a little bit that -- you know, he said 24 that specifically the code references back to the 25 adopted design standards for the city.

Page 24

```
COUNCILMEMBER ALEXANDER: Understood, but
2 in Section 23-1702(a)(1) it lists the individual
3 zoning codes. So are we going to incorporate a
4 future zoning code designation? because the zoning
5 code for the GM is most likely not going to fall in
  one of those categories.
```

MR. COOLEY: That's a good point. That 8 really should be changed to be based upon the form based code.

COUNCILMEMBER ALEXANDER: All right. I'm 10 11 finished with page 2 questions.

Anybody else have any page 2 questions? 12 MAYOR PITTMAN: Jump in there if you have 13 any questions on that page.

COUNCILMEMBER DEAN: Well, I have an over-15 view, I mean not just a page by page but in terms of, again, the architectural identity. 17

I mean you made reference to architectural 18 design, but we still have -- are we going to be mid century? I mean are we going for a look? Are we going for something? 21

And that's something that I think is 22 lacking because you could have, you know, mid century 24 here and then you could have, you know, whatever it

25 is over here, but there needs to be some kind of

COUNCILMEMBER DEAN: Okay.

MR. COOLEY: Avondale. You know, that's one place that's got a specific style.

You know, places like Helen come to mind as having a specific style. You know, that was something that they were looking.

COUNCILMEMBER PACHUTA: I can't think of one overarching style that would fit the entire city.

To me, the purpose of architectural design standards is more to increase the quality of construction.

11 And if the city did decide to go for a 12 style, I don't think it could be applied to the entire city. If anything, it might be applied to a specific area such as the GM redevelopment or New Peachtree corridor or something. But I mean good or

bad, Doraville's eclectic, and I don't see trying to

fit the entire city into one style.

COUNCILMEMBER DEAN: Oh, not necessarily one style, but some style, I mean.

And to that point, even with the different 20 21 zoning areas that we have, I mean in C-2, do we want C-2 to look like M-1, I mean; and if not, would those styles and standards be different? I mean because

24 the uses are so very different. And that's just

25 something that we might consider, that we might talk

Page 22

Page 21

1 about.

The lack of definitions. I mean I've

3 looked. I bought this book here and I've looked at 4 several design standards, and our definitions seem

5 incredibly weak. And I would imagine, for Legal,

6 that might cause a problem, because if we have

ambiguous or vague definitions, then it might be more difficult to argue a case legally if we have nothing

to back up, no definitions, so it could be

interpreted this way or it's subject to

interpretation.

MR. COOLEY: Are you talking about definitions of architectural forms or --?

And I guess that's one of the things we 14 try to do with the guidebook. If you get down -- And what that's providing is just kind of an easy

reference for the public. 17

To get into the architectural designs 18 books that they've got, the definitions are there, they're spelled out. But that's not something you

can expect, you know, an everyday person come in and have to do that type of research. That's why we were

trying to provide -- and I thought it was a great

24 idea the Planning Commission had was to provide

25 something that gave them the idea.

1 consistency, I think. We don't have anything right 2 now. And so I think it's hard to match what -- what 3 we want.

I mean what we have, we don't want, so I 5 think that some kind of definition in terms of style might be helpful.

MR. COOLEY: Yeah, that's exactly what 8 you're talking about is a style. And that's

something that's never been -- I've never gotten

feedback on from the Council is, you know, are y'all looking for a particular style? You know, example of

this, when Milton went to -- you know, even in the

residential, that they applied architectural styles

in residential, but you have to build it, and they

have an architect that reviews every plan to make

sure it's consistent with that. 16 17

Typically, in commercial, in most cities these days, unless they're trying to create a specific flavor -- What's the place down --

20 COUNCILMEMBER DEAN: Seaside? MR. COOLEY: No. I'm talking locally 21

22 that's got the kind of tudor style.

23 COUNCILMEMBER DEAN: Oh. I know. Helen.

MR. HART: Avondale. 24

MR. COOLEY: Avondale. Thank you 25

Page 25

- And as far as, you know, if they're 2 looking to something beyond the scale of that -- and
- 3 this was a suggestion from one of y'all -- was to 4 incorporate that architectural design review where
- 5 they have the final say on it, you know. So that
- 6 gets an opportunity for, you know, at that point, you
- 7 know, your decision is your decision, and that's
- 8 certainly within the flexibility and the real --
- 9 correct me if I'm wrong -- the power of any
- committee like that. No grounds that I know of that
- you could challenge that on a legal basis.
- 12 COUNCILMEMBER DEAN: And why Orange
- County, Florida? I mean why not --13
- MR. COOLEY: Well, I looked all over the 14 country, you know. I looked at Oregon, I looked at
- California, I looked up the east coast, the Midwest.
- COUNCILMEMBER DEAN: Why not Dunwoody or 17
- someplace that has --18
- MR. COOLEY: Pardon me? 19
- COUNCILMEMBER DEAN: Dunwoody or an area 20
- 21 around here that has -- that has nice aesthetics?
- MR. COOLEY: I looked at that. And if you 22
- look at those, the functions are -- they're not to
- the level that . . . What I've heard a little bit
- 25 was, you know, let's try to tie down exact materials

- 1 materials is kind of like in some of our zoning code
- 2 where it's so broad and you try and catch every
- 3 little thing, you can't catch every little thing.
- And that's why I'd really like the idea of that
- architectural design review because, you know, if
- there's questions about it, they can apply it to
- architectural review board. If the board says "No,"
- 8

12

13

COUNCILMEMBER DEAN: Well, I don't thinl 9 it's a question of being tied down to materials. I 10 mean I think materials are really, really important.

MR. COOLEY: Yeah.

COUNCILMEMBER DEAN: You look along Bufor 14 Highway. I mean we want something that's going to be

here for hopefully 10 years and in good condition.

So I think -- I mean, to me, my preference 16 would be start above what our expectations are and we can work down from that if necessary rather than

starting with cinder block and metal and going up. MR. COOLEY: Well, I think if you read 20 carefully on this, you'll see there's very limited

- places where a certain smaller percentage of that is allowed, and it's not where it's visible. And that
- is a consideration I think that you need to give anybody that is trying to build a business in here.

Page 26

Page 28

1 and things like that.

And they are not tied down like that.

- 3 What you've got, and especially in a place like
- 4 Dunwoody, is because the type of construction and the
- 5 type of development that was going on, it's more of a
- 6 higher-end type of development.
- And to be quite honest with you, I think
- 8 that's the type of stuff that would probably see with
- 9 a redevelopment something like GM where you're not
- going to have the same issues that you do with
- redevelopment, especially on Buford Highway. So you
- know, that may happen on its own without the
- regulations. 13
- It's better to have -- in my opinion, it's 14
- better to have regulations that, you know, at least
- have some control on it. 16
- But you know, it's tough to prevent 17
- somebody who's trying to redevelop a parcel or two on
- Buford Highway that should look like this when the
- cost is going to be cheaper and everything else and
- easier for them to do it without some standards. 21
- 22 I mean you got to have some standards, I
- think, and workable standards, you know, ones that
- The problem when you get tying down into 25

And one of the examples is where it talks about when buildings are so close together, that, you know, you cannot see them. So you know, what is the point of requiring materials that are there for

- aesthetics to be there when you can't see them? You know, all that does is drive up the cost and makes it
- more difficult for businesses to come in.

What you want is have it where it impacts the public or the residents around it. You've got to have those sides, you know, treated properly. And

what this really does, it addresses materials, the scale, the repetition of patterns; really gets down

to a pedestrian scale.

And this is one of those things that really -- same thing with the form-based code: It's talking about bringing things forward, bringing the scale down where it's just not this shopping center

stretch or, you know, all these buildings along one thing like that that all don't have that scale. The

best example I can think of are some of the big boxes that we -- I think right now, you know, that's not

attractive.

23 COUNCILMEMBER DEAN: Okay. With the -24 and we can talk about specifics later. This document

25 makes reference to the building official, but we

```
Page 29
                                                                                                        Page 31
 1 don't have a building official.
                                                          1 techniques.
          MR. COOLEY: Actually, we do have a
                                                          2
                                                                  MR. COOLEY: Xeriscape?
 3 building official. Our building official is Paul
                                                                   COUNCILMEMBER DEAN: Yeah.
                                                          3
 4 Ivey.
                                                                   MR. COOLEY: Okay.
          COUNCILMEMBER DEAN: Okay. Contractor?
                                                                   COUNCILMEMBER DEAN: And it goes into a
 5
          MR. COOLEY: Yes.
                                                            little bit of detail about that but there's nothing
 6
          COUNCILMEMBER DEAN: Okay. And windows
                                                            like that in the ordinance.
 7
   and window dressings are not addressed. Parking
                                                                   And also, one of the inconsistencies was I
   lots, landscaping is not a separate ordinance, it's
                                                            think if you change or renovate 50 percent, then you
   kind of incorporated into parts of it, and I'm just
                                                            have to, with the new requirements, but in the
   curious as to why they don't have their own.
                                                            ordinance, it's 40 percent.
          MR. COOLEY: Well, it's important. I
                                                                  So these are -- I mean I don't think it
12
                                                         12
   think we need more landscape.
                                                            was just that here we're using this for the -- for
13
                                                         13
          COUNCILMEMBER DEAN: Right.
                                                            the general public to look at. I mean there are big
14
          MR. COOLEY: You know, when we talked
                                                            inconsistencies, I mean.
15
   about the concept of parking lots and streetscapes
                                                                   MR. COOLEY: Right; and we need to change
                                                         16
   and things like this.
                                                            those. And part of that's a function of the changes
17
          Where you see landscaping here is in
                                                            that we made in response to comments from Council,
18
   association to the scale of the building. And these
                                                            especially the percentage basis --
   are requiring a certain amount of shrub along the
                                                                   COUNCILMEMBER DEAN: Okay. Right now --
                                                         20
   facades for a certain percentage again to bring the
                                                                   MR. COOLEY: -- a number of things.
                                                         21
   scale down, to soften the building, or it can be, you
                                                                   COUNCILMEMBER DEAN: -- with this -- All
                                                         22
   know, building, sidewalk, and then the landscaping
                                                         23
                                                            right.
```

24

1 too much.

Page 32

```
We address the parking only to the fact
 2 again the scale aspect of it where we talk -- and
 3 safety -- where we talk about having textured or some
   sort of designated pedestrian ways so you just don't
 5 have people walking out in the middle through a
   parking lot.
          You know, there's some good examples. One
 8 that I think was a pretty good example is the
   development over in Chamblee where the Wal-Mart is.
   The bad-example portion of that is the materials they
   used. You take a -- you walk along and stuff, and I
   have to imagine taking a shopping cart, and I believe
   Councilman -- Yeah, I believe that was something that
   you brought up and we corrected that and specifically
   addressed that, talking about the smoothness of it.
          So you know, really the things that you're
16
   talking about, I absolutely agree with you. We need
17
   a landscape ordinance. We don't really have a
   landscape ordinance as such in commercial areas.
          We really need one. I think that can make
20
21 as big an impact on the city as pretty much anything
22
```

COUNCILMEMBER DEAN: Well, in this booklet

24 -- and this touches on what Ms. Alexander said --

25 with required landscape, it talks about xeriscape

24 type of thing. That's where you see the landscape

25 ordinances.

COUNCILMEMBER DEAN: Okay.

MR. COOLEY: This was an example, trying
to show what we can do in order to help convey -- you
know, so people can understand and look at this and
say, "Okay. That's the primary facade. Okay.
There's the bottom of the building. Here's what a
transom is." You know, "Here's a cornice and a
parapet."

COUNCILMEMBER DEAN: Okay. With this
landscaping, I like it. I like this plan, but
there's nothing in the ordinance about that.
So I mean that's -- I mean that's kind of
what I'm, Well, that's real good, and I was looking

MR. COOLEY: Yeah. A number of those

25 things. Please don't get caught up in this guidebook

15 for it. Where is it?

Because the ordinance is going to be what

17 counts. Right?

18 MR. COOLEY: You're absolutely right.

19 But a xeriscape is a great approach. If

20 you're familiar with it, basically it's a selection

21 of plant materials and -- and/or irrigation systems

22 that are very low water usage, you know, basically,

23 and that gets into using materials that are native,

24 that are tough, you know, take streetscape

25 conditions. That's one of the things that's being in

Page 30

1 those green codes that a Steven has been working on. 2 We've reduced the list and changed the list to get

3 rid of some of the bad materials in there and get

4 more of a xeriscape.

I don't know of any places that require 6 xeriscaping. I'm sure there are plenty, but I don't

know any. I know out west it is more used, and even

the term "xeriscape" is a copyrighted thing, have to

be kind of careful with that.

COUNCILMEMBER DEAN: Okay. And I will let 10 11 the others speak, but the other thing is that -- is

that with the half an acre, the parcels less than a

half an acre. We have a lot of big parking lots that

are divided into separate parcels; right?

MR. COOLEY: The shopping centers? 15

COUNCILMEMBER DEAN: Uh-huh. 16

MR. COOLEY: The majority of them are one 17 parcel. The only one that I think of and the common

space is all part of a shared is Asian Square. Each

one of those buildings or units is a condominium. 21

That's the only one I'm aware of.

COUNCILMEMBER DEAN: Okay. All right. 22 23

MAYOR PITTMAN: Does anyone else have any

24 comments on page 2?

(No response) 25

1 people from at least putting a new coat of paint on

2 and keep maintenance up; but if it's getting to the

point where they're getting into a larger portion of

that, you know, they've got an investment in it,

let's go ahead and make the change.

COUNCILMEMBER DEAN: Okay. So a particular color. I mean if it's a pink building and

the renovate 20 percent or 19 percent of the

exterior, they still have to make that consistent

with the color of the building but they do not have to conform to the colors set out in this guideline.

12 MR. COOLEY: At the 19 percent, yes, ma'am, redevelopment. 13

Anything that's over 20 percent of the

exterior portion of the building would require that. 15

COUNCILMEMBER DEAN: Okay. But they would 16 17 have to paint it, right, to match the building as of current?

MR. COOLEY: Yeah. And the whole idea or 19 20 that -- And there's an extra, a clearer copy of that, and I just put together to try to give you an idea of

what we're looking at.

We're not trying to say each individual color --24

25 COUNCILMEMBER DEAN: Right.

Page 34

2

Page 33

MAYOR PITTMAN: Okay. Page 3? 1

Ms. Dean, do you want to start off, make 2

3 any comments on page 3?

COUNCILMEMBER DEAN: Sure. 4

Okay. On page 3, like the 40 percent of a 5 6 primary or secondary facade, I just talked about that

with the other one. In the document, it's 50

percent, but you told us about that.

And redevelopment or renovation that 10 changes more than 20 percent of the existing building will require compliance with the -- with the building

color. So if they paint less than 20 percent, let's

say 18 percent, it can be a different color? 13

MR. COOLEY: Well, this is talking about 14

renovation and redevelopment of the building.

COUNCILMEMBER DEAN: Right. 16

MR. COOLEY: So if they did more than 20 17 percent of anything with the exterior of the

19 building, all sides --

COUNCILMEMBER DEAN: Right.

MR. COOLEY: -- they would have to come 21

into compliance with that color scheme. 22

23 I think what the intent of that -- And

24 this was something that was recommended by Council.

25 The concern was that, you know, we don't want to keep

MR. COOLEY: -- you know, if that's --1

COUNCILMEMBER DEAN: Right, right.

MR. COOLEY: -- what you're asking. This 3 is the range. And what you'll notice, they're mostly

muted tones --5

6 COUNCILMEMBER DEAN: Right.

7 MR. COOLEY: -- all colors.

COUNCILMEMBER DEAN: Okay. And as 8 determined at -- Number 5, "as determined by the

reasonable discretion of the city's Director of

Planning and Development after consultation and

written approval." From whom?

MR. COOLEY: Written approval from the 13

14 Development or Planning Director.

That was one of those sections I was 15 wondering whether it might be advantageous to put the language in that we did about the architectural

review board. I don't know if that was just a missed

one that was supposed to be rewritten or, you know.

A certain amount of discretion is needed for speed's sake. But really, in my opinion, that's one that

probably should have had -- also had added with the

23 verbiage about the architectural review board. COUNCILMEMBER DEAN: Okay. But it's as

25 determined by the reasonable discretion of the city's

```
Page 37
 1 Director of Planning and Development after
   consultation and written approval.
          Okay. So that would be the approval would
 3
   come from you or the architectural review board?
          MR. COOLEY: Yes, ma'am, after
 5
 6 consultation; that meaning after the applicant has
   consulted, would have discussions about it; and then
   written approval -- don't want it to be verbal --
   written approval based upon what was decided.
          COUNCILMEMBER DEAN: Okay.
10
          MR. COOLEY: Can I ask how y'all feel
11
   about the architectural design board on that one?
12
          COUNCILMEMBER DEAN: Well, yes, I like it,
13
   and I also agree with what Ms. Bradford said. I
   would like to see that committee implemented as soon
   as possible. And I've spoken to a couple of people
   in the community who are interested, so I would like
   to see that moving forward sooner rather than later.
          MR. COOLEY: Yeah. I think that was
19
   something that you might want to consider
20
   simultaneous or --
21
22
          COUNCILMEMBER DEAN: Yeah, right.
```

MR. COOLEY: -- within a month or some-

thing of adoption or something to that effect.

There's no point in having it if we don't have . . .

```
Page 39
 1 they were doing renovations to that facade, the
 2 remaining 60 percent or less would have to have been
 3 brought into conformity too. Part of that is --
          COUNCILMEMBER FLEMING: To match whatever
   they were doing.
          MR. COOLEY: -- to be consistent, not
   necessarily match, but what you want -- what you
   don't want, I don't think, is getting a piece that
   looks -- that has been brought up to standard, you
   know, be flexible enough to allow changes to be made.
   But when it gets to the point that it's substantial
   enough that it's going to make a large visual impact
   on that building, 40 percent or more, the idea is to
14 make it look consistent. And you'll see that
15 referenced in the ordinance about whatever's done
   even on the different sides, they have to be
   consistent with the overall character of the primary
   facade.
          So yes. To answer your question, yes.
19
20
          COUNCILMEMBER FLEMING: Okay. So now I
   want to now give us a visual on one of these, and I
   think most of us have gone to Suwanee or other areas
   that have -- you know, there are a long stretch of
```

buildings but they're all connected, and they are

different as far as different character. They're

Page 38

```
Page 40
```

```
COUNCILMEMBER DEAN: Okay. Great.
 1
          MAYOR PITTMAN: Ms. Fleming?
 2
          COUNCILMEMBER FLEMING: Okay. On page 3,
 3
 4 I want to ask about the 40 percent remodeling or
   renovation which requires the entire building to be
 6
   remodeled is what I understand.
          So I want to go back to Buford Highway's
 8 Farmers Market and ask about that specific property
   just as an example for us to have a visual on that.
   I was going to use one of these, and I thought no,
   we know what that shopping center looks like.
          So if that, whatever was the name of that
12
   business that was going there, all right, was --
13
          MR. COOLEY: Business that shall not be
14
15 named.
          COUNCILMEMBER FLEMING: -- 40 percent --
16
          MR. COOLEY: Right. So let's assume it
17
   was.
18
          COUNCILMEMBER FLEMING: -- okay, that the
19
   balance of that shopping center, because it's all one
20
   unit, would have to be remodeled --
21
          MR. COOLEY: The building facade.
22
```

COUNCILMEMBER FLEMING: -- to comply with.

If that had been 40 percent or greater and

MR. COOLEY: Yes, ma'am.

```
1 not, you know, a lot --
          MR. COOLEY: Individuals?
         COUNCILMEMBER FLEMING: -- they're not
3
 4 cookie cutter.
          And in regards to Trudy's comment about
5
  our style and Ms. Pachuta's comment about, you know,
   our style, I am not in favor of the entire city
   looking like one style. I like the character look
   of, for instance, Suwanee where they've got one
   building is brick and the next one is such-and-such
   and so forth but they're all connected.
         MR. COOLEY: Right.
12
         COUNCILMEMBER FLEMING: But if one of them
13
14 is 40 percent, then the balance of them have to be
   redone as well?
         MR. COOLEY: Yes. I mean if the whole
   facade is now -- That doesn't mean that each one has
   to -- it has to be compliant with the ordinance which
   talks about -- they may already be that way, you
   know, the scale and finish of the building.
   Landscape may be an issue on some of them, you know,
```

leave some planting area and things of that sort, so.

And again, what the ordinance does is

24 gives a range of things that they can do to make it

25 consistent with the code. It's not so draconian that

23

24

25

Page 4

1 it comes in and says, you know, "You shall make this 2 look like that 40 percent," you know.

It can be the character of it it wants to 4 be as long as it meets the criteria of this code, and 5 again, which has the flexibility. You know, maybe 6 it's cornice; maybe it's architectural detail. It 7 may be the pedestrian entrance that has really a lot 8 of different detail where it's, you know, got really

neat materials there at the entrance and things like that really bringing out entrances.

11 So it can be whatever. It's not trying to 12 make -- In fact, I think, if anything, it's probably going the other direction to make the scale of each 14 individual business and each individual facade more pedestrian oriented, more of that scale, something that people can walk by and feel comfortable with as opposed to walking down maybe some of the larger stores right now that do not have this required, and you've basically got sidewalk and you've got the wall and whatever. 20

So what it does, it makes it come up to 21 22 those standards as opposed to saying you shall look like this or you shall look like that, and I think that's one of the positive aspects of the code.

Page 41

1 it's going to be time consumptive but I think it's

2 worth it, but it's going to have to go through that,

3 so that process will be incorporated with this.

Because this does talk about and applies this to --

it's conditions put upon based upon zoning, it has to

go through the Zoning Procedures Act.

Now, that being said, it could be -- the section itself, I would suggest that it's going to be 3-something dash whatever; but you know, as long as

it's adopted under those standards, we're good. 11 COUNCILMEMBER FLEMING: Okay. And the

12 the only other comment I have on page 3 is since Mr. Gillen has changed the department name to

Community Development Director, that's going to be

15 changed.

MR. COOLEY: Yes, ma'am, you're right. 16 MAYOR PITTMAN: Mr. Patrick? 17 COUNCILMEMBER PATRICK: I guess, if anything, I would favor lowering the percentage in

Section (3) from 40 percent to 20 or 30 percent. I think that was controversial at the time. When we discussed this the last time, I had mentioned that I

would be okay with a lower percentage for the primary

and secondary facades. I don't know if it was

controversial the last time, but I'm just going to

Page 42

1 portion of this was redevelopment or renovation that 2 changes more than 20 percent of the exterior of an

COUNCILMEMBER FLEMING: Okay. The other

3 existing building will require compliance to our

4 building color.

25

We don't permit painting, so how are we 5 going to enforce that?

MR. COOLEY: Again, it would be a 8 compliance issue. They're going to have to come back 9 in for review of their plans, and on their plans 10 they're going to have to designate what the color is going to be. So in a way, it's actually part of the 12 building permit at that point. I mean it's a Zoning

Ordinance requirement so it's going to be

14 incorporated into that.

COUNCILMEMBER FLEMING: So is that going 15 16 to take place where our painting of the commercial building will be part of our zoning code and they'll have to -- Painting will be part of the building 19 permit?

MR. COOLEY: The aesthetic portion of it, 20 21 any building permit is going to have to get -- it 22 goes through a number of reviews. You know, the 23 initial one is planning and zoning. This is adding

24 an additional area of review we have to do to make 25 sure that it is consistent with this ordinance, and

1 throw that out, that I wouldn't mind seeing it at a smaller percentage. And then like Trudy, as long as it's clear

3 that under paragraph (5), that's a discussion between the board and then you're kind of intermediary

between the two, I think that's fine. MAYOR PITTMAN: Okay. Ms. Pachuta?

COUNCILMEMBER PACHUTA: Just in response to Robert, I think a problem might arise if we make it too low. Then no one's going to want to do minor renovations, so I'm thinking we might actually start to see fewer renovations to older buildings, but

just, you know, minor renovations to even improve the whole of it. So I think that's the risk of lowering

15 it.

But I want to ask about 40, 50 percent, whatever, about going back to the Smart Code or whatever Caleb calls it, because I was still confused when I left the meeting with Caleb. If they are making, you know, a 50, 60 percent renovation to make the building more aesthetically pleasing, is that going to have to trigger a new footprint closer to the street or moving forward in their location -does that make sense? -- if they're set far back? 24

MR. COOLEY: Right. There's a section in

1 that ordinance that talks about a percentage basis

where it has to be moved forward.

This really doesn't really address this. 3

4 This addresses the change totally to the facade. It

doesn't talk about location of the building itself.

6 That's where the form-based code -- they complement

each other.

But no, we intentionally don't want to 8

9 have that conflict built in between this and the

form-based code, and I got to remember to use the

name, but --11

12 COUNCILMEMBER PACHUTA: Okay. So the

form-based code --13

MR. COOLEY: -- Livable Communities. 14

COUNCILMEMBER PACHUTA: -- that trigger is

going to occur more with, say, an expansion or something like that. 17

18 MR. COOLEY: Correct.

COUNCILMEMBER PACHUTA: Okay. But not 19 20 just changing what the building looks like as long as

it's . . . 21

15

MR. COOLEY: Right. They very easily 22

23 could. If, say, they were doing a minor addition or

whatever that did not kick it into the requirements

25 under the Livable Communities Code, you know, it

1 whatsoever to the facade or restoring the building,

2 they could come in there and repaint it the same

3 color.

Page 45

4 COUNCILMEMBER ALEXANDER: So painting is

not considered renovation in your eyes.

MR. COOLEY: No, ma'am. That's -- that's

a maintenance issue.

COUNCILMEMBER ALEXANDER: Okay.

MR. COOLEY: Now, if it gets to be such

bad condition where, you know, painting is required

and it's not up to the International Property

Maintenance Code, Code Compliance could get on them,

you know, to paint it but they still would not --

could not kick them or force them into painting, you

know, within that color guideline.

COUNCILMEMBER ALEXANDER: The only other 16

question I had on this page in the way of notes says,

Is the architectural review board going to be a

binding committee or is it going to be advisory such

as the Planning Commission, and has that been

determined yet? 21

MR. COOLEY: Actually, the way it's 22

written in the code, it is final decision. It can be

appealed to the City Council. But it's a final

decision: it's not a recommendation.

Page 46

Page 48

1 still could trigger it into this bring it up to

standards on this.

MAYOR PITTMAN: Okay. Mr. Bates? 3

COUNCILMEMBER BATES: I'll agree with 4

5 Karen. I think if you start dropping that percentage

down, you're going to actually I think inhibit

renovations, full-scale renovations.

Aside from that, having the architectural

9 review board as part of this, I think that's a good

step. 10

MAYOR PITTMAN: Okay. Ms. Alexander? 11 COUNCILMEMBER ALEXANDER: Back to 12

Councilmember Fleming's question, I don't think it

was answered, and, if it was, I apologize. 14

I own a commercial building on Buford 15

Highway. I can paint it without getting a permit. 16 17

MR. COOLEY: Right.

COUNCILMEMBER ALEXANDER: So how are you 18

going to enforce this code when I am not coming to

city hall to tell you I'm painting my building?

MR. COOLEY: Well, this kicks in when 21 there's 40 percent facade remodeling or renovation, 22

not just painting. Painting is a standard

maintenance procedure.

So yes, if they were not doing any work

COUNCILMEMBER ALEXANDER: So why would we

2 have one committee advisory and one committee

3 binding?

MR. COOLEY: Well, under the Zoning

5 Procedures Act, the state statute for zoning actions,

6 that's the way it's stated. At that point, you're

talking about legislative action and you cannot have

an appointed body making legislative decisions.

That's something that is reserved for the city

council. 10

This is an implementation and an inter-12 pretation. It is not a legislative action. If they

were trying to add something to the code, that would

14 be a legislative action, but it's not. So it's kind

of like an administrative decision where the city

administrators have the authority to make a decision

like that. That decision is binding unless they

appeal it to maybe the city council or to our

appointed person that we . . .

COUNCILMEMBER ALEXANDER: Okay. So 20

21 they're operating under the guise of Chapter 23,

which is covered by the ZPA. How is their telling

someone, "No, you cannot do that" not a legislative

action? 24

25 MR. COOLEY: It's an interpretation of the

2 COUNCILMEMBER ALEXANDER: Okay.

MR. COOLEY: Legislative action is

4 action --

3

5 COUNCILMEMBER ALEXANDER: I'd like Legal 6 to give a little bit more.

ATTORNEY ROBICHAUX: I think what Joe's

been saying actually is right on right now.

9 What the architectural standard -- what10 that board would do would be interpreting what's

11 actually in the code. When like someone put forward

12 the building plans, they would say like yes, it does

conform with it or no, it does not conform with it,

4 so actually applying and using that administrative

s function with it.

When someone goes to the Planning

17 Commission, they're really looking for like changes

8 to zoning or exemptions to it, something along

those -- more along those lines, which require the

legislative decision to allow it to change something,

21 not just an enforcement or an administrative action

22 of it.

Does that -- I'm trying to succinctly

24 answer your question. Does that kind of hit more

25 towards it?

1 it or approving it. Okay? And so my preference

2 would be nonbinding.

3 COUNCILMEMBER DEAN: Couldn't we make i

4 an advisory board?COUNCILMEMBER BATES: The problem with

6 doing that, the pure volume of plans and reviews that7 you're going to be reviewing on a weekly basis is

8 going to use a hundred percent of your time.

9 How many building permits do you guys get 10 on a weekly basis?

MR. COOLEY: I couldn't tell you. I know we've got over 22 right now before the fire marshall waiting.

14 COUNCILMEMBER BATES: So if you've got -15 if you get two or three a week, you're going to have

16 that architectural review board review them, make

17 recommendations to this body, and this body is going

18 to review four or five every Council meeting and have

19 public hearings like you do for our Planning

20 Commission?

I'm not sure that's the best use of this body's time, personally.

3 COUNCILMEMBER FLEMING: But, then, I'm no

24 sure that we would get a volunteer committee to do

25 three or four or five plan reviews. I don't think

Page 50

COUNCILMEMBER ALEXANDER: So this binding

board, then, would be subject to litigation.

3 ATTORNEY ROBICHAUX: They're appealable to

4 the City Council, and the City Council's decision

would be appealable to the Superior Court of DekalbCounty.

7 COUNCILMEMBER ALEXANDER: But the board 8 members themselves could be subject to litigation.

9 ATTORNEY ROBICHAUX: No. They would be

10 covered under immunity as long as they act within the 11 reasonable confines of what they were doing, as long

2 as they reasonably made sure that they performed

13 their duties.

17

14 COUNCILMEMBER FLEMING: But they're an

15 appointed board. They're volunteer; they're not

16 receiving any monetary gain out of this.

DR. GILLEN: I would assume so.

18 COUNCILMEMBER FLEMING: I can't imagine,

19 you know -- I know why Ms. Alexander's questioning,

20 because, to me, just like the Planning Commission,

21 it's a nonbinding decision, and they give us their

22 reasons why they've come up with these different

23 scenarios and reasoning. And I would think that it

24 would be a nonbinding decision, and here are the

25 reasons that we're giving you whether we're denying

1 that's what --

I thought that the Design Review Board

3 would be for inconsistencies, that they would be

4 reviewing those to determine whether they're

5 acceptable or not, not looking at every single plan

6 that comes across the table --

MR. COOLEY: Correct.

B COUNCILMEMBER FLEMING: -- or we're going

9 to have full-time volunteers having to do away with 10 their jobs.

MR. COOLEY: Oh, actually what we would have would be a logiam.

13 COUNCILMEMBER FLEMING: Yes.

14 COUNCILMEMBER PATRICK: If I may say

15 something, because I happen to work in a city that we do that, all new residential construction, all new

17 commercial construction has to go through a public

18 board for review. They're our citizens who are our 19 advocates in the community.

I mean this is what they want to do. If they feel that their community needs to have a

22 certain look or style or feel that the code itself23 doesn't, that's where they step in. That's where

24 we -- that's where we can rely on the residents to

25 help steward the city. And I'm comfortable with

Page 52

Page 56

```
1 having it as that board has final decision.
         If it's something so uncomfortable to --
3 to that applicant, then appeal it up here to the
4 board, and we can take a look -- or to Council;
  pardon me -- we can take a look at it and make the
6 decision we agree with the board, we don't agree with
  the board or we split it down the middle.
```

But I think that is an ideal opportunity for the residents to speak up and have more influence in the community. And it works. I can say it works because I see it work. 11

COUNCILMEMBER ALEXANDER: What are the 12 requirements of your -- Norcross's members of the 13 board? COUNCILMEMBER PATRICK: It's a four-board, 15

16 five-board panel: four are residents; an architect or an engineer, someone with some kind of a professional design background is required. That person is not a resident. They do live in Gwinnett County, but that person, to my knowledge, is not a resident, not a resident of the city. 21

MR. COOLEY: So let me ask, so what 22 they've done, then, is they've required one person to have those qualifications --

25 COUNCILMEMBER PATRICK: Correct.

```
1 That's a normal practice in building construction."
```

2 If you leave that to interpretation, we're going to

get a lot of appeals up here.

COUNCILMEMBER DEAN: I think we'll find someone, though.

MR. COOLEY: Well, I think what --

apparently what y'all have done really increases the

pool because if you don't have -- you may have people

9 in the community that have those skills, but

hopefully they're so busy they don't have time to do

it. You know, the Council can appoint someone in

that position familiar with architectural standards,

whatever, that would bring that to the board or to the -- the board.

15 So that's an interesting approach that one could be --16

MAYOR PITTMAN: Excuse me. I think 17

Dr. Gillen --DR. GILLEN: Just a quick suggestion since 19

we're on that topic. Why don't we jump to that page,

we'll take the notes and we'll redraft it according to your comments. I think it's on --

23

COUNCILMEMBER ALEXANDER: That is 23.

DR. GILLEN: So it's a five-member panel 24

25 with one -- at least one member having --

Page 54

Page 53

COUNCILMEMBER PATRICK: Correct.

2 board. 3

1

MR. COOLEY: -- as opposed to the entire

MR. COOLEY: That's interesting. 4

COUNCILMEMBER DEAN: Well, and I looked at 5

6 another city, and they don't have a requirement for -- an architectural requirement. But what they have,

what they -- they require someone experienced in

9 design, but it's not -- to clarify, it's not, you know. 10

MR. COOLEY: But what that does do is 11 opens up the pool, if you will, of people to serve. 12

COUNCILMEMBER DEAN: Well, we're not 13 paying them. But I think that we definitely --

especially since our pool is fairly small, you know,

I think that we need to make it as accessible as

possible, but someone who's interested --17

No one is going to want to do this, no one 18 interested in doing this, I believe will -- will

volunteer without doing the work required. 20 COUNCILMEMBER BATES: I do think it's 21

22 important that we have someone serve as an advisory -- an active member on that board who understands

architecture and engineering. They've got to be able

25 to answer questions and, you know, advise, say, "No.

1

COUNCILMEMBER PATRICK: Some kind of a 2 design professional background.

COUNCILMEMBER DEAN: Demonstrate knowledge

and design experience, something like that?

DR. GILLEN: Yeah.

COUNCILMEMBER DEAN: Because as was

pointed out earlier, I mean we -- I would have never

in a million years picked up some of the books I pick

up now and study some of the things I study now

without a need to, and I think that people are so involved in the community that they -- they would do

the same thing. I mean I think that everyone could

learn.

COUNCILMEMBER PACHUTA: And I'm sorry. I 15 think it's --16

DR. GILLEN: One --

COUNCILMEMBER PACHUTA: Oh. 18

DR. GILLEN: I'm sorry, go ahead. 19

COUNCILMEMBER PACHUTA: -- that it's 20

21 important to at least try to have at least three, you

22 know, three of the members being one from each

23 district.

17

MR. COOLEY: Yeah, I agree. 24

COUNCILMEMBER DEAN: Or maybe three 25

Page 5?

1 members -- three from each district and two at-large,2 I mean, if it matters.

3 DR. GILLEN: At large, yeah.

4 MR. COOLEY: And possibly one having that 5 architectural design.

6 COUNCILMEMBER FLEMING: Well, and the 7 fifth one, for him, is not within the city.

MR. COOLEY: I think that's a good option
to have in case you need. I mean y'all are going to
be appointing them, and if you can't find somebody
with that qualification in the city, hopefully you
could go to the close area around and find somebody

could go to the close area around and find somebodthat would be willing to serve.

14 COUNCILMEMBER FLEMING: But we -- but the 15 term "design engineer" has been listed, but are we 16 not really looking for more of an architectural

17 design engineer rather than just saying design 18 engineer?

MR. COOLEY: Yeah. I think I would probably suggest when we rewrite this is that we'd be taking "engineering" out and getting back to the one

person that has architectural training or

23 architectural training or architectural aspects as

24 opposed to an engineer, because you really want to

25 have more an architect being able to help other board

1 that effect.

6

Page 57

But I don't think we can afford to go less
than that. The five days prior to the meeting is --

4 is a little tough, too, and I might want to look at that.

COUNCILMEMBER FLEMING: Let me understand

7 The Design Review Board is for everything and not 8 just for variances from this code; is that correct?

9 MR. COOLEY: The way this is written, the

10 Design Review Board, you know, if they're going by

11 what the code says, no, it's not required. If

12 there's a question about it or if they're saying,

13 "Well, we want to do this," and it's in -- it's -- be

14 for them to decide to go before the board to

determine whether yes or no; I mean is that something

6 that's appropriate or is it not appropriate?

So no, they would not be reviewing every single plan that comes through.

19 COUNCILMEMBER FLEMING: Yeah, because 20 don't -- I --

MR. COOLEY: That's a lot of work.

22 COUNCILMEMBER FLEMING: I don't want u

23 holding up, I mean we already have -- It appears,

24 with the fire inspection and all this other stuff

that we're having to go through for businesses, that

Page 58

Page 6

1 members as opposed to an engineer. Civil is going to

2 be more structural type stuff or structural

3 engineer/construction, some of it's going to be site

4 design. So the architecture I think would be . . .

5 MAYOR PITTMAN: Okay. So if there are no 6 further questions on any of that, we're going to move 7 to page 4.

8 Okay. Go ahead.

COUNCILMEMBER PATRICK: Page 23,

paragraph (c). "Upon submission, the Design Review

11 Board shall review same in a public meeting no later

12 than ten business days following the date of

13 submission." That might be a difficult challenge for

14 a design review board that's made up of volunteers,

15 and I wanted to suggest perhaps a little bit of a

16 broader time frame.

MR. COOLEY: Yeah. I got to agree with

18 you, because, you know, we'd either have to be

19 setting something every --

COUNCILMEMBER PATRICK: Right.

MR. COOLEY: Yeah. I think you're going

22 to, just because of the timing of processing, and

23 we're trying to be, you know, processing things

through an expedient manner and things like that.Maybe it's established twice a month or something to

1 we are having a backlog in approving business

2 licenses, and I just don't want us to get to a point

3 where we're not --

We want to be mainstream permitting and so forth, but we cannot do that if we're going to hold

6 up stuff all the time.

7 MR. COOLEY: I think it --

COUNCILMEMBER PATRICK: If I may say

9 something to that, there's nothing wrong with taking

to the time to do it right the first time. And to ask

1 an applicant who's going to put a couple million

12 dollars into our city to wait a couple extra days --

13 three days, even -- to make sure that it's something

14 that the residents like, that they're going to have

15 for the next 40 years, 50 years, I don't have a

16 problem with that.

And -- and, frankly, if the project is

18 scheduled appropriately by qualified people, they

19 know about this on the front end. They know that

20 they have to go through this. This isn't a millstone

around their neck while they're trying to swim across

22 the lake. This is just another step in the process

23 that they're aware of.

Fire plan is a process that everyone has to go through. The choices are: Do you want your

20

1 building to burn down and it be a place that no one 2 can get out of? So it's worthwhile to do that.

That's the benefit to doing these things.

4 Conversely, you end up with a story like 5 South Carolina where there was a furniture building 6 that was built. They made an addition onto it. It wasn't done to code; it was no permits pulled on it, and something tragic happens, and we don't need that. So fire plan, building code review, design 10 review. They can all be done simultaneously and move it through the process quickly but still get it where

it gets the eyes on it that it needs to have. MR. COOLEY: And we've been talking about 13 that, the parallel review approach as opposed to a

linear, because it's, you know, much more expedient. Something to that effect, though, I think it gets to your scheduling, you know, if we had two meetings a month, regularly-scheduled meetings, that this is the times it will be heard, it gives some sort of time frame to applicants, or more importantly, just as importantly, to the people that are serving on the board to know that they're going to -- you know, these are the days that I potentially have something. 24 It's at least simpler. So I agree with you. I think

25 10 days is tough because you can't get in any routine

1 function.

Page 61

If there's a question about it or they're 3 trying to do something off the wall or out of the 4 norm of those six things or whatever that are spelled 5 out, then it takes it beyond the code to a point

where a determination needs to be made. And at that

point, I think it's better to put that in the hands

of that board as opposed to allowing staff to make,

which is more of a -- I won't say arbitrary but more of a subjective opinion on it, you know.

11 COUNCILMEMBER BATES: But there are 12 subjective pieces in this code, so staff is going to make the subjective determination that may or may not be within the thought process of the architectural review board.

16 MR. COOLEY: Right, but by adopting this ordinance, and y'all are setting -- the standards are set. These standards are tight. I mean much tighter than what I think has been alluded to. You know, cornices, these different things that need to be done, a certain percentage of.

You know, to me, that is a staff function, 22 23 I mean, and if there's a question about it, it gets kicked over to the Design Review Board. I don't -- I 25 think it would be extremely difficult to expect,

Page 62

Page 64

1 at that point.

My recommendation would be twice a month 3 as needed. I mean if we don't need it, we don't have 4 that, we don't have a meeting, but at least people 5 are prepared and the people that are applying for 6 things will know: Here's the time frame I got to have the plat in by here, it's going to be heard 8 here. And this is the process; and it's going to take this long to go through this review, it's going to take this long to go through this review. And the question is how long will it take to go through the

plat review. Thank you for your time. COUNCILMEMBER BATES: My preference, if 13 we're going to have an architectural review board, let's send everything that's exterior to them. Otherwise, who's going to make the determination on the front end on whether or not the applicant is going to be compliant with the standards? 18 MR. COOLEY: You've got the standards spelled out, and it's just like a building plan

COUNCILMEMBER BATES: Yeah, but who's 22 23 going to make that determination? MR. COOLEY: Just like we do on building

25 plans and everything else. You know, that is staff's

1 especially once we get rolling on the GM things, for

2 a citizens' review board to go through everything

3 just to see if it meets code requirements. That's

4 not a function of the board.

COUNCILMEMBER ALEXANDER: But to Councilmember Bates' point, where in here does it say that only plans that -- and I say "divert" -- that don't agree with you get reviewed? I don't see that 9 in here.

10 COUNCILMEMBER BATES: It's actually on --MR. COOLEY: It's --11 COUNCILMEMBER BATES: It's actually number 12

(5) on page 3. 13

COUNCILMEMBER ALEXANDER: 5 on page 3. 14 MR. COOLEY: And it's also on page 23 15 where we talk about the Design Review Board (reading)

"or request specific variation pursuant to the authority of this Article, shall be submitted to the

Design Review Board for approval." It's the last

three -- two or three lines of item (b) under

23-1710. 21

COUNCILMEMBER PACHUTA: I think if 23 someone's coming in and they're saying their plans 24 are we're going to be 100 percent stone all four

25 sides, we're going to be really close to the street,

review.

Page 65

- 1 the minimum -- or maximum, whatever -- minimum
- 2 distance, we'll have this really nice -- exactly as
- 3 this thing, and I don't see any reason for that to
- 4 have to go to a review board.
- COUNCILMEMBER PATRICK: I disagree.
- 6 COUNCILMEMBER PACHUTA: Yeah, and I --
- 7 COUNCILMEMBER PATRICK: I think for new
- 8 construction, especially in the GM site, that would
- **9** be the great opportunity for the residents to be
- 10 involved in the process. You know, if it's modifying
- 11 existing structures, and it conforms perhaps, you
- 12 know, maybe we just have it administratively handled.
- 13 But for new construction in new areas, most
- 14 definitely.
- And again, it's an activity that brings
- 16 people into the community. And if, you know, we want
- 17 stakeholders, more active stakeholders, this is a
- step towards getting that.
- 19 COUNCILMEMBER DEAN: And it's another
- 20 layer. I mean it's another layer that I -- and I
- 21 think that we want to ensure things are being built
- 22 well and properly, and if -- if we --
- I mean the Planning Commission's a good
- 24 example. I mean I love them. I love what they do.
- 25 It's very helpful to me. In the decisions I make, I

- 1 going to be to the street and how far back, and
 - 2 access for vehicles to individual lots. It also says
- 3 the actual style will go through the design committee
- 4 for review to make sure that it conforms with design
- 5 standards and overall fits the look and feel of the
- 6 city. So I see it working quite well, I mean.
 - COUNCILMEMBER DEAN: And another thing -
 - MR. COOLEY: I think maybe on that scale,
- 9 it might. But I really have concerns when you're
- 10 talking about a major redevelopment project of 150
- 11 acres and the time frame that you're talking about putting this through.

The whole thing about the form-based code is that it provides something for the development to go by --

COUNCILMEMBER PATRICK: Sure.

MR. COOLEY: -- and they've got to have

18 it.

16

8

19 COUNCILMEMBER PATRICK: Right. 20 MR. COOLEY: And if you -- That's my

21 concern, you know. And the reason I say that, I've

22 seen it -- and Alpharetta's a good example where I

23 think their design review committee, where, I'm not

24 kidding, they spent a whole evening talking about the

25 color of white that would go on the back of a

Page 66

Page 6

- 1 listen to what they said, I listen to their
- 2 recommendation, and I think that with something like
- 3 this, it's just another layer that -- that ensures
- 4 good development.
- 5 MR. COOLEY: Well, one of the things, keep
- 6 in mind, too, please, with sites like General Motors,
- 7 those will come in in special area plans. Special
- 8 area plans at that point, you know, they can pretty
- 9 much write whatever you -- they -- you know, if they
- o have a style or whatever, that's going to come to
- 11 y'all for review and decision.
- To make it where each individual building
- 13 has to go through a review panel like that is going
- 14 to be problematic at best, because you're talking
- 15 about something that the Council has either approved
- 16 or -- you know, that is a huge impediment as a
- 17 developer.
- 18 COUNCILMEMBER PATRICK: Let me you tell 19 you my perspective. Where I work, there's a zoning
- 20 classification called DCD, Design Concept
- 21 Development.
- MR. COOLEY: Right.
- 23 COUNCILMEMBER PATRICK: And it goes
- 24 through the council for approval, and they talk about
- 25 setbacks and they talk about form, how close you're

- 1 building that you could see from the interstate. I'm
- 2 not talking about whether it's white or blue or3 purple or whatever; it was the shade of white.
- And it can -- things can get goobered up
- 5 when it gets down to that point, when it becomes so
- 6 subjective, especially when you don't have a full
- 7 panel of design professionals.
 - I think it's very good. I think it's
- 9 great to have that review, but I question about
- whether you want to lay that on top of, if nothing
- else, in the special area plans, because I thinkthat's something -- That's where you start to get the
- 13 image that you were talking about, I think, of what
- 14 y'all wanted to see. That's where you have the
- The competitivity to say "This is the vision. This is t
- 15 opportunity to say, "This is the vision. This is the 16 style."
 - COUNCILMEMBER DEAN: Well, the other thing
- 18 is is three points: sideways McDonald's, Zaxby's and 19 Krispy Kreme. I can make comments with all three of
- 20 those buildings that perhaps had they gone through a 21 review board, it wouldn't be that now.
- MR. COOLEY: Well, again, if they'd gone through the --
- 24 COUNCILMEMBER DEAN: Right.
 - MR. COOLEY: Also, I think if they'd gone

25

7

Page 71

Page 72

1 through this ordinance and we had corrected some other ordinances --

COUNCILMEMBER DEAN: Right. 3

4 MR. COOLEY: -- we wouldn't have had that problem either. There's a lot of things we need to get corrected, and we're working on that.

MAYOR PITTMAN: Dr. Gillen?

DR. GILLEN: I'm just going to make a 8 quick comment. You know, I'm still the new guy. And one of the things -- Joe's right and you're both right -- it could cause a logiam, it could make it more administratively cumbersome for the developer.

However, we've got a community that's -- I 13 think to engage the citizens and to build that public trust that what's going to happen over on the GM isn't going to be some out-of-control thing, to empower them to be a part of that decisionmaking is going to be very important.

So I would lean towards having the 19 20 architectural review board for all the things, because we need to start building that public trust up and back to where they feel empowered to do that, because if we don't, that might slow -- that can also slow things: that the Council doesn't want to do 25 things that would push that development forward

1 seen the ordinance yet for us to either move forward

And I am very concerned about the logiam 3

4 that may happen over this. I have nothing against public input and resident committees, but I want to

be assured that we're not going to get into a logiam,

and that's all there is to it.

MAYOR PITTMAN: Okay.

COUNCILMEMBER DEAN: Well, this is something we're not making a decision tonight, right? It has to go before the Planning Commission.

MR. COOLEY: Actually, this has been before the Planning Commission and approved.

COUNCILMEMBER DEAN: So this -- this is 15 it? But this is a work session so we're not going to vote tonight.

MR. COOLEY: It's a work session. Y'all would still have to advertise, do a public hearing and all that.

20 COUNCILMEMBER DEAN: So we could do some 21 research, further research on that topic. I think

that it should be -- it should go before -- everyone

should go before the review board. I would feel better about that.

25 I don't know how we want . . .

Page 70

Page 69

8

1 because the citizens are a little worried about 2 what's going to be happening and that they're out of 3 control.

That would be a concern of mine at the 5 outset. Because there's been such a sea change in 6 this community over the last five years since the plant closure, it may be something we need to do, 8 understanding it may cause a logiam and cause this to slow down dramatically. And if it causes problems, then we can review that process. 10

I just think it's the sense that it's a 11 matter of public trust that we need to build up, 12 especially with the GM plant development.

So I just wanted to throw that out as a 14 perspective, from a policy perspective and policy creation perspective, generating that public trust may be the most important. 17

COUNCILMEMBER FLEMING: I'd like to make a 18 couple comments if you don't mind.

We have been working on this for close to 20 21 two years, no decisions, okay. And I do appreciate 22 all the resident input and all of the resident committees that we have. I submitted, for instance, 24 my pop-up canopies -- okay. No-brainer, right? A 25 no-brainer -- pop-up canopies in August. We haven't

COUNCILMEMBER FLEMING: Isn't this in Section (5), this ordinance?

MR. COOLEY: No. It's 23. 3

COUNCILMEMBER FLEMING: Oh. My apologies. 4

COUNCILMEMBER PATRICK: What if we just

agreed to disagree on this component and then try and handle the other stuff that might be out there.

COUNCILMEMBER ALEXANDER: Well, I'm fine

with everything going in front of the board for the change that at least one member has architectural

design background. 11 12

MR. COOLEY: Architectural guidance.

DR. GILLEN: Isn't there like a time frame 13 14 as well, they have to make a decision by a certain time frame?

COUNCILMEMBER ALEXANDER: Well, what was 16 Robert's concern is --17

COUNCILMEMBER DEAN: 10 days. 18 19

(Brief discussion off the record, brief recess.) MAYOR PITTMAN: Meeting come back to 21 order.

And I believe if we have no further 22

23 comments on the other subject that we talked about, 24 we'll be on page 4.

All right. We'll start with Mr. Bates at 25

	Page 73
1	this time.
2	COUNCILMEMBER BATES: No questions.
3	MAYOR PITTMAN: Ms. Pachuta?
4	COUNCILMEMBER PACHUTA: No.
5	COUNCILMEMBER PATRICK: Mr. Patrick?
6	COUNCILMEMBER PATRICK: Yes. A side of a
7	building that faces a public or private right-of-way
8	or roadway or has a primary customer entrance.
9	Would there be a benefit to saying "and"
10	so that if we have a piece of land that's got
11	multiple frontages, it has some kind of
12	MR. COOLEY: Actually, when you get into
13	the primary facade, it discussed that where you could
14	have up to three primary facades on a building.
15	COUNCILMEMBER PATRICK: Okay.
16	MR. COOLEY: So I think that's addressed,
17	but that's a very valid point. You know, you could
18	have a tertiary side that has the main entrance, has
19	to be brought up to the standards of the primary.
20	COUNCILMEMBER PATRICK: That was my page 4
21	question.
22	MAYOR PITTMAN: Okay. Ms. Fleming?
23	COUNCILMEMBER FLEMING: No.
24	MAYOR PITTMAN: Ms. Dean?
25	COUNCILMEMBER DEAN: I have just my

```
1 direction y'all go, everything may.
         COUNCILMEMBER DEAN: Okay. On the primary
3 facades, I talked about this earlier, "a building
  shall have architectural style."
         That's really ambiguous to me. I mean
  architectural style as opposed to what?
7
         MR. COOLEY: Where are you?
         COUNCILMEMBER DEAN: I'm sorry. Under (d
8
 (1).
9
```

MR. COOLEY: I think it goes on further. 10 You know, it's got "architectural style, detail, trim features, and roof treatments that are consistent with each other." So what you don't want to have is one type

of architectural element that's not consistent with the rest of it. So basically whatever that style may be, it needs to be not helter skelter.

COUNCILMEMBER DEAN: Okay. "This is inclusive of window, primary entrance," but we don't -- we don't really set out standards for windows -- frames, etc. 21

MR. COOLEY: Not the frames but the actual 22 -- the sizes, the heights and things of that stuff. COUNCILMEMBER DEAN: Right. But the 24

25 frames and things, I think it could be flushed out a

Page 74

```
Page 70
```

```
1 statement earlier about having more definitions, I
  mean to just make it clearer.
```

- MAYOR PITTMAN: Okay. Page 5. 3
- Ms. Fleming, we'll start with you. 4
- COUNCILMEMBER FLEMING: No, thank you. 5
- 6 MAYOR PITTMAN: Okay.
- 7 COUNCILMEMBER FLEMING: No, thank you as 8 in I don't have any questions.
- 9 MAYOR PITTMAN: Okay. Ms. Dean?
- COUNCILMEMBER DEAN: On (c)(1), "Mid-block 10
- 11 commercial buildings shall be oriented to face the 12 right-of-way/roadway, unless it can be shown that
- compelling site conditions necessitate a different orientation."
- So if it shows that, would that be 15 changed? Would that be a variance?
- MR. COOLEY: Yes, that would -- that would 17
- be something that would need to go before the
- committee because that's a -- would be a change of the letter of it. 20
- COUNCILMEMBER DEAN: Okay. And so, then, 21
- 22 this would go before the review board.
- 23 MR. COOLEY: Yes, ma'am.
- COUNCILMEMBER DEAN: Okay. 24
- MR. COOLEY: And again, depending on which 25

- 1 little more.
- MR. COOLEY: I'm not quite clear about
- what -- Do you mean the type of frames, whether it's
- pane windows or --
- COUNCILMEMBER DEAN: And the framing o 5
- windows and whether it's framed with wood.
- In fact I have one here. You can go on.
- I'll find this, and you can come back to me.
- 9 MAYOR PITTMAN: Ms. Alexander?
- COUNCILMEMBER ALEXANDER: Nothing on S 10 Thank you.
- 12 MAYOR PITTMAN: Anybody have anything Mr. Patrick? 13
- COUNCILMEMBER PATRICK: How did we resolve the issue of LED lighting around windows, door treat-
- ments or --16 MR. COOLEY: Number one, LEDs are not
- allowed. That's considered a sign, and it draws
- attention to it, so by our definition, that's a sign,
- and we don't allow it. 20
- COUNCILMEMBER FLEMING: Could you speal 21 22 up, please.
- 23 MR. COOLEY: Yes, ma'am.
- COUNCILMEMBER FLEMING: LED what 24 25
 - MR. COOLEY: He said LED signs or LED

```
Page 77
 1 lights around windows. And LED lights around windows
 2 are considered by our definition something that draws
 3 attention to the building or to the business. As
 4 such, it was designed as a sign, and they are not
  allowed.
          COUNCILMEMBER FLEMING: Thank you.
 6
 7
          MR. COOLEY: You're welcome.
          COUNCILMEMBER DEAN: Okay. For example,
 8
   (reading) all windows shall be vert -- this is an
   example of another city's code. All windows shall be
   vertically proportioned standard sizes with a minimum
   width of two feet four inches, etc. And then slit
   windows, strip windows and ribbon windows are
   prohibited. Windows and doors shall be provided on
   at least 10 percent of the front facade.
15
```

I mean just detail like that. 16

(Reading) All windows shall have the 17 appearance of -- whatever. All windows shall be surrounded with casing, one by four and back band, one by six and back band. 20

Just something a little more detailed than 21 what we have. 22

MR. COOLEY: I think a lot of that would 24 be contingent upon the architectural detailing of it. 25 And there may be some where you may have brick within 1 entrance.

So you can't just put a primary customer 3 entrance and consider that one of your requirements.

And then --

COUNCILMEMBER DEAN: Okay. So either (2) 5 through (5)?

MR. COOLEY: (2) through (7).

COUNCILMEMBER DEAN: All right. Okay.

MR. COOLEY: Yeah.

Then they would also -- let's see -- "and

a primary facade subject to subsection (2)," which is

12 if it's less -- excuse me -- if it's greater than a

half an acre, it has to have at least one of the

following," and beyond number (ii) -- (4)(ii), which

references parcels below a half acre. Under (ii)

parcels under a half acre have to have certain

things.

8

So basically it's just saying, you know, that's irrelevant because you're bigger than a half

acre so you got to pick from the others. 21 COUNCILMEMBER DEAN: Okay.

COUNCILMEMBER BATES: I made this comment 22

the last time; I'm going to make it again: Why can't

we have a chart in this location that clearly takes

25 the text out of it but puts it into a much more

Page 78

Page 80

1 -- you know, between the spaces, and there may be 2 other ones that are panels, windows that take up much 3 larger space.

COUNCILMEMBER DEAN: Okay. 4

MAYOR PITTMAN: Okay. I guess we're going 5 to move to page 6; right? 6 7

Ms. Pachuta, we'll start with you.

COUNCILMEMBER PACHUTA: Huh-uh. 8

9 MAYOR PITTMAN: Okay. Mr. Patrick?

COUNCILMEMBER PATRICK: Not right now.

MAYOR PITTMAN: Ms. Fleming? 11

COUNCILMEMBER FLEMING: No, thank you. 12

13 MAYOR PITTMAN: Ms. Dean?

COUNCILMEMBER DEAN: Under (3), "Office 14

and institutional use primary facades shall have at least one of the following components exclusive of

(4)(i) below; and a primary facade subject to

subsection (2) of this section" and "shall have at

least one of the following components exclusive of

20 (4)(ii) below."

10

What is that? 21

MR. COOLEY: Basically, it's saying that 22

office/institutional with primary facade shall have one of the following, which is underneath (4)(i),

25 exclusive of (i) which is a primary customer

1 readable, easy-to-understand format?

If you're reading "must include (4)(i)

3 except exclude parts of (4)(ii) but only if you're

above (5)(a), nobody's going to follow it. If you've

got a chart that's very clean, you can delineate out

above half an acre, below half an acre, and make this

much cleaner and easier to read.

Understand the intent, but I consider

9 myself fairly intuitive, and I don't understand it.

COUNCILMEMBER ALEXANDER: And I believe

11 that Ms. Fleming brought the samples I had given to

Council, and there is somebody in MuniCode -- I can't

remember which city -- that they have a chart

embedded in their code in MuniCode.

MR. COOLEY: Yeah, I think charts can

work, because, you know, even in ours under the

bottom portion of the design criteria, we've got kind

of charts in there. So I would think that would

work. 19

15

It's when you get into real graphics, I 20

21 think that gets to be an issue.

COUNCILMEMBER ALEXANDER: Because one of the things that I couldn't understand is you have

24 parcels half acre or larger and half acre or less,

25 and when I was reading the landscaping requirements,

COUNCILMEMBER ALEXANDER: It's not.
 MR. COOLEY: But yes, I --

7 COUNCILMEMBER ALEXANDER: It's a planting 8 requirement.

9 MR. COOLEY: A planting?

10 COUNCILMEMBER ALEXANDER: Planting, yeah.

MR. COOLEY: Yeah. I think there's a

12 percentage of the primary or secondary facade that

has to be -- have it along it, a percentage, 100

14 percent or 60 percent depending on the size of the

15 lot. I think that's the difference with that.

16 COUNCILMEMBER ALEXANDER: And either way, 17 the ordinance again conflicts with the language in

18 the design guidebook --

MR. COOLEY: Right.

20 COUNCILMEMBER ALEXANDER: -- because the

design guidebook says eight feet wide and the

22 ordinance says five feet wide.

MR. COOLEY: Right.

24 COUNCILMEMBER ALEXANDER: And I guess my

25 thing with that is give me an example. If you're

1 COUNCILMEMBER FLEMING: No, thank you

2 MAYOR PITTMAN: Ms. Dean?

3 COUNCILMEMBER DEAN: Just the comment that

4 I made earlier about the landscaping, that there

5 should be more landscaping standards in general.6 MAYOR PITTMAN: Okay. Ms. Alexander?

7 COUNCILMEMBER ALEXANDER: It was the sam

8 comment about the difference of five feet in the

9 ordinance and eight feet in the guidebook.

MAYOR PITTMAN: Mr. Bates?

11 COUNCILMEMBER BATES: No.

MAYOR PITTMAN: Ms. Pachuta?

13 COUNCILMEMBER PACHUTA: Huh-uh.

MAYOR PITTMAN: Okay. Page 8.

Ms. Alexander?

16 COUNCILMEMBER ALEXANDER: The mentionin

17 of metal panels gives me heartburn.

Also, in the design guideline on roofing material, we are not prohibiting metal roofing. No offense to our city municipal complexes that all have green metal roofs, but I'm not exactly a huge fan of that, so I'm a little concerned about architectural

metal panels being acceptable.MR. COOLEY: That is one thing that was

25 brought up before, and I believe Councilwoman Pachuta

Page 82

15

Page 81

p 1 brought that up. I sent out examples to everyone to

2 show just the different types just so we have the

3 different types so that's understandable.

What it does do is it keeps the corrugated

5 metal out, but architectural metal panels are . . .

6 COUNCILMEMBER PACHUTA: And that was my 7 concern. You know, the photos that you sent us were

8 nice. And I mean I've since noticed it on Freedom

9 Parkway near Memorial, the Martin Luther King

10 Memorial area, there are some newer buildings, and

11 they're all very ultra-modern looking --

MR. COOLEY: Right.

13 COUNCILMEMBER PACHUTA: -- and they have

14 the metal, architectural metal panels.

But we have such a history with our ugly metal buildings that it's like, "Oh, we can't put that in there."

18 COUNCILMEMBER PATRICK: Yeah.

19 COUNCILMEMBER PACHUTA: But obviously, th 20 pictures that you sent us where there's modern-

21 looking, you know, nice buildings. So it just would

22 need to be very clear.

MR. COOLEY: Yeah. That's the difference

24 between a corrugated metal panel and the archi-

25 tectural metal panels.

1 wanting to encourage people to put the building up

2 closer to the road, are they going to have room to do

3 a five-foot -- minimum five-foot, preferably an

4 eight-foot sidewalk, and another five or eight feet

5 of landscaping before you get to the building?6 MR. COOLEY: Depends on where you set

6 MR. COOLEY: Depends on where you set 7 those setbacks, yes, ma'am.

8 COUNCILMEMBER ALEXANDER: Because you look

at some of the examples we were given, and there's noway these people have five or eight foot of land-

scaping along the primary facade of their building.

MAYOR PITTMAN: Mr. Bates, did you have something?

14 COUNCILMEMBER BATES: That was it.

MAYOR PITTMAN: Okay.MR. COOLEY: I think we could incorporate

17 that in.

MAYOR PITTMAN: Okay. Anything else on page 6?

20 (No response)

21 MAYOR PITTMAN: Okay. We're going to move 22 on to page 7.

Mr. Patrick?

24 COUNCILMEMBER PATRICK: No.

25 MAYOR PITTMAN: Ms. Fleming?

Page 88

```
But again, that may be a very good point
2 with board's reviewing these things. Kind of brings
  quality control too.
4
        COUNCILMEMBER ALEXANDER: Can we put a
 limitation on the amount that could be used?
```

And again, I don't know if we want to 6 address roofing materials and not allow metal 7 roofing. 8

MR. COOLEY: We certainly could address 9 10 the metal roofing without any problem. I'll say that -- well, metal roofing's a portion, yeah, but I think that wouldn't be a problem.

As far as the percentage of the panels, 13 14 again, that's more of a design thing. The buildings 15 I showed, you know, there were some that were primarily architec- -- you know, metal architectural panels and not just -- I mean some of them you see are these kind of lattice type of things, you know, these forms and stuff. It's -- you know, that's y'all's call, whatever you think. 20

COUNCILMEMBER BATES: Can we go into the 21 shopping cart storage area section which is (5) right 22 above section (e)?

The majority of new grocery store/shopping 24 25 centers that are being built require or have -- I

1 COUNCILMEMBER BATES: No. I --

MR. COOLEY: -- across the board? 2

COUNCILMEMBER BATES: I'm --3

4 MR. COOLEY: Or metal panels.

COUNCILMEMBER BATES: Metal panels. 5

MR. COOLEY: Got you. 6

MAYOR PITTMAN: Ms. Pachuta, do you have 7 anything? 8

COUNCILMEMBER PACHUTA: No, nothing. 9 COUNCILMEMBER PATRICK: And just to be 10 clear, we're not throwing out metal roofs. That's

not being contemplated; right? 12

COUNCILMEMBER PACHUTA: Not in that 13 section. 14

COUNCILMEMBER FLEMING: I think screening 15 of the outdoor storage is fine, because if you're having to use internal floor space for the number of carts that Wal-Mart has, they'd be losing a lot of shopping area, retail area.

COUNCILMEMBER BATES: The Wal-Mart in 20 Chamblee is fully enclosed. The Wal-Mart in --21

COUNCILMEMBER FLEMING: Excuse me? 22 COUNCILMEMBER BATES: The Wal-Mart in 23 Chamblee, the carts are fully enclosed. 24

COUNCILMEMBER PACHUTA: I don't think so. 25

Page 86

Page 85

1 don't know if they're required, but they have all

2 their storage as part of the interior of the

3 building.

MR. COOLEY: Many do. 4

COUNCILMEMBER BATES: I'm not comfortable 5 6 with a four-foot wall on the exterior. I think we need to look at having that as part of the building

8 itself so that it's fully enclosed, protected, not

9 air conditioned.

16

MR. COOLEY: You can make it a requirement 10 where it's interior.

COUNCILMEMBER BATES: I think that needs 12 13 to happen. An exterior storage is going to be a trash collector. A four-foot-high wall is also a security issue to me. You know, it's real easy to hide behind.

MR. COOLEY: Yeah. 17

COUNCILMEMBER BATES: If it's inside of a 18 building, you know, it's secure and protected. So 19 that is my preference on that. 20

I do also agree with Ms. Alexander on the 21 22 metal. Best intentions sometimes often go awry, so 23 the less ambiguity we've got in here, the better.

MR. COOLEY: So are you -- so you're 25 talking about general metal roof --

COUNCILMEMBER FLEMING: No, they're not. 1

COUNCILMEMBER BATES: They're not outside. 2

COUNCILMEMBER FLEMING: They most 3

certainly are.

COUNCILMEMBER PACHUTA: They're under 5 6 the --

COUNCILMEMBER BATES: It's -- it's --7

COUNCILMEMBER PACHUTA: -- under the 8

awning.

COUNCILMEMBER FLEMING: They don't have 10 any shopping carts inside.

COUNCILMEMBER BATES: But you have to go through -- Oh, you're right. You don't have to go through a door.

COUNCILMEMBER ALEXANDER: But the Kroger, 15 the very large Kroger that I go to, it's all inside.

COUNCILMEMBER PATRICK: The Publix where I 17 go is enclosed as well. 18

MAYOR PITTMAN: It's enclosed, yeah. 19

MR. COOLEY: Target is using that quite 20 often now, too. 21

But you're -- you know, you're right. It 22

23 does take more space.

MAYOR PITTMAN: The new neighborhood 24

25 Wal-Mart is inside.

1	COUNCILMEMBER FLEMING: So that was my
2	only comment.
3	COUNCILMEMBER BATES: And you are correct,
4	Ms. Fleming; it is outside at Chamblee.
5	COUNCILMEMBER FLEMING: Thank you.

6 COUNCILMEMBER DEAN: Section (ii) "Any 7 other treatment that, in the reasonable opinion of

8 the City's Planning and Development Director or

9 Design Review Board if one is constituted and aftero consultation, meets the intent of this section."

And this -- this paragraph, this language

12 is throughout. I don't think that that should be 13 there because it allows too many exceptions: Oh,

14 and any other blank. I think that that -- you leave

15 a lot of openings.

If there are other treatments that you want in the standards, then you can add them later, but I think that it just -- Then why go through the

19 rest of it, you know? I mean why? Then why go the

20 rest of it?

MR. COOLEY: Well, I mean, again, I think having the Design Review Board is kind of a good

23 fail-safe on it. The problem is if you want to --

24 you know, it's kind of like our uses in our Zoning

25 Ordinance. You try to list out everything that you

And I'm also not in favor of the smooth-

2 faced concrete. That "Smooth-faced concrete shall

3 have stucco or other decorative finish," that's just

4 cheap. It's cheap and it doesn't hold up very well.

So I think that those are my two big ones on this page.

And to add something, for example,

8 (reading) exterior materials -- exterior cladding

9 materials shall consist of stone, earth-toned brick,

10 horizontal lap siding where lap siding is used. The

11 base of a structure must have a brick or stone

12 cladding from the grade to the first floor elevation.13 I mean something that's specific. I mean

4 that's good strong language.

And then (reading) Prohibited materials:

16 vertical siding, stucco, external insulating

17 finishing system, metal siding, metal trim, vinyl

siding, vinyl trim, marble siding, marble trim,exposed concrete, and block are prohibited.

This came from a code from one of our

21 neighboring cities. I mean that's -- and that's ...

I mean the materials kind of make a

23 building; right? Really, they do.

Okay.

25 MAYOR PITTMAN: Okay.

Page 90

Page 89

1 think -- that you can think of --

COUNCILMEMBER DEAN: Right.

3 MR. COOLEY: -- but I always forget some.

4 And to change it, you've got to go through --

COUNCILMEMBER DEAN: Right; the Zoning --

6 MR. COOLEY: -- that whole process --

7 COUNCILMEMBER DEAN: -- Procedures Act.

8 MR. COOLEY: -- again, the rezoning

9 process. So you know, if you put that decision kind

of in the hands of a public committee or something

11 like that, I think, you know, that that may be an

12 alternative that wouldn't be so slow.

13 COUNCILMEMBER DEAN: Okay. And then on

14 the section (3), and this is a stylistic thing, but

15 we start with some things that are not allowed, you

16 know, so instead of -- instead of doing it that way,

17 we should maybe put what building materials should be 18 used.

And by all means, take out the words

o "strongly encouraged," because these are laws, and we

21 want to encourage people to follow our laws; if they

22 don't follow our laws, they'll be fined or there will

23 be some consequence.

But the corrugated metal panels, I'm not in favor of them at all.

1 COUNCILMEMBER PATRICK: If I could jus 2 say one point to Trudy's stucco. From what I've seer

3 of stucco or EIFS, there's been a lot of problems

4 with that.

7

5 But as Caleb had told to us or talked to 6 us about, the original stucco from -- they used --

COUNCILMEMBER PACHUTA: North Druid Hills

8 COUNCILMEMBER PATRICK: -- that is

9 something that is durable.

10 COUNCILMEMBER BATES: Well, that's - 11 that's card hard-coat stucco.

12 COUNCILMEMBER PATRICK: Hard-coat stucco

13 COUNCILMEMBER FLEMING: Yeah.

COUNCILMEMBER PATRICK: So if we don' totally get rid of stucco or something like that but

16 make it clear that there is --

17 COUNCILMEMBER ALEXANDER: Make it rea

18 stucco.

19 COUNCILMEMBER PATRICK: Make it rea 20 stucco. Thank you.

COUNCILMEMBER BATES: I really have a rea

22 big issue with EIFS. It just -- it doesn't last, it 23 molds, it breaks easily. You put holes in it.

I'm okay with the EIFS being up high, you

25 know, after three or four stories, where you can't

Page 93 1 see it; but on the first floor, no. MR. COOLEY: So you're recommending 3 smooth-faced concrete shall have hard-coat stucco or other decorative finish? COUNCILMEMBER PACHUTA: Yeah, and I think 6 that's --7 COUNCILMEMBER PATRICK: I think that's --COUNCILMEMBER PACHUTA: -- what we --8 COUNCILMEMBER PATRICK: -- how he 9 described it. 10 11 COUNCILMEMBER PACHUTA: -- put in the smart code also, as we had Caleb change that. 12 MR. COOLEY: So it'd be consistent. 13 MAYOR PITTMAN: Okay. We'll move to page 14 15 9, and I guess if you just got comments, just jump out there. 16 COUNCILMEMBER BATES: Actually, I do agree 17 with Trudy. I think the use of the -- what's approved should be first on the list. Let's talk about what you can do. 20 MR. COOLEY: Just as a clarification, 21 then, is your intent to list these as the required 22 materials to be used?

COUNCILMEMBER PACHUTA: Yeah. I mean I

25 can see, you know, putting, you know, required

1 materials, listing the required materials, and then

Page 95 MR. COOLEY: Others based upon the 2 approval of the board. That'll keep some flexibility in it but tie it down. COUNCILMEMBER PACHUTA: Yeah, And then it 5 would still have a section, you know, "Under no circumstances will any buildings be made of." MR. COOLEY: You will be shot. COUNCILMEMBER PATRICK: Just from a staff point of view, it's easier to say, "Here's what you can't do," on the front end, and that eliminates a lot of conversation and, well, what-ifs and howabout-this. That's from my perspective with the code. 13 14 If you tell people straight off that you can't do these things, it makes the conversation a little more direct on the front end. That's just my opinion. MAYOR PITTMAN: All right. Anybody have anything additional on page 9? COUNCILMEMBER ALEXANDER: Item number (6), 19 you've got hard coat stucco as a major component, then we have this galvanized steel again. That gives me a little heartburn. But then you have stucco mentioned again, 23 but we need to add "hard coat" to that. 25 MR. COOLEY: Right.

Page 94

Page 96

2 like added emphasis: The following materials are 3 prohibited. MR. COOLEY: Right, but what level do you 5 want to take it to allow it? I mean, again, trying to name all of the type of architectural materials and things is --7 COUNCILMEMBER PACHUTA: Well, and this --8 9 MR. COOLEY: -- extremely difficult. COUNCILMEMBER PACHUTA: -- may be where 10 11 it's or by approval of, you know, the architectural 12 review board --MR. COOLEY: Well, and again --13 COUNCILMEMBER PACHUTA: -- and still have 14 a section that these are definitely prohibited. MR. COOLEY: Right. Yeah. I think, you 16

Maybe the "strongly encouraged" is not the 20 21 right language. Maybe it's "these materials or as 22 approved by the committee or --

know, there are some things that y'all just do not

want, period, you know, and we need to make sure that

23 COUNCILMEMBER DEAN: Are required.

COUNCILMEMBER BATES: How about something 24 25 on these are acceptable materials or --

MAYOR PITTMAN: Okay. 1

COUNCILMEMBER ALEXANDER: And then again on number (3) parcels one-half acre or larger, again we've got a conflict between the footage and depth in the design guidebook. MR. COOLEY: Right. We'll need to totally 6 revamp that. No question. 7

MAYOR PITTMAN: Okay. 8

9 COUNCILMEMBER DEAN: Could -- I'm sorry.

MAYOR PITTMAN: That's okay.

10

COUNCILMEMBER DEAN: Back for page number 9, I agree with the galvanized steel. I don't think

that that's a good match for what we have or what we

want to have.

And then for the secondary facade 15 standards, so there are no requirements where the side yard is less than 10 feet?

MR. COOLEY: I'm sorry. Where are you on 18 **19** that?

COUNCILMEMBER DEAN: I'm sorry. On (f), 20 21 secondary facade standards.

MR. COOLEY: Okay. All right. That

basically is where you got a situation where the side 24 yard, the side of a building, the secondary facade is

25 not visible because adjacent buildings, you know, may

24

ie di Georgia
Page 97
come out further or whatever the case may be at that
point, that basically does not If it's deemed
wholly or practically inapplicable by, you know,
Director or Design Review Board, because of the
narrowness and low visibility, you don't have to do
that.
There's no point in putting architectural
you know, those type of costs into a building
where there's no point from a visual, because all
this is about is aesthetics, primarily.
COUNCILMEMBER DEAN: Right. What if you
have two buildings and one was taken away? I mean
would there then be a requirement to bring that
building up to standard?
MR. COOLEY: That's a good question.
COUNCILMEMBER DEAN: And if not, could
there be some language added to require that?
MR. COOLEY: Yeah. Let me take a look at
that. That's
COUNCILMEMBER DEAN: Okay.
MAYOR PITTMAN: Ms. Fleming?
COUNCILMEMBER FLEMING: That's okay.
MAYOR PITTMAN: Okay. Mr. Patrick, did
you have something?
COUNCILMEMBER PATRICK: Huh-uh.

Page 99 COUNCILMEMBER DEAN: And I only have --2 have one question with the secondary facade shall 3 have at least one of the following components. Why 4 is one the magic number? I mean why? So choose which one you want to have? I mean why one, just ou of curiosity. 7 MR. COOLEY: Well, again, the primary facade requires I believe two. 8 COUNCILMEMBER DEAN: Two? Uh-huh 9 MR. COOLEY: This is a secondary facade. 10 11 So if you had the two, basically you'd be bringing it up to the same level as the primary, and the whole idea of a secondary facade is it's not as visible. COUNCILMEMBER DEAN: Okay. 14 MAYOR PITTMAN: Okay. All right. Page 15 **16** 11? COUNCILMEMBER ALEXANDER: Sa 17 before on the corrugated metal. 18 MR. COOLEY: Which item is that? Oh. 19 COUNCILMEMBER ALEXANDER: "i." 20 MR. COOLEY: Right there. I got it 21 22 highlighted. So you, as opposed to the secondary

Page 98

25 that the intent?

```
COUNCILMEMBER DEAN: Yes.
COUNCILMEMBER BATES: I don't think
corrugated metal has any business being on a building
facade, personally.
MAYOR PITTMAN: Okay.
COUNCILMEMBER DEAN: And then --
COUNCILMEMBER PATRICK: Um.
COUNCILMEMBER DEAN: I'm sorry. Go ahead
COUNCILMEMBER PATRICK: I was going to
ust say for 6 (2) or (ii), smooth-faced concrete.
```

24 facade, eliminate corrugated metal completely? Is

4 arcades and colonnades, again it's a conflict between 5 this and the design guidebook. The design guidebook says six feet. 7 MR. COOLEY: Uh-huh. MAYOR PITTMAN: Anyone else? 8 9 COUNCILMEMBER BATES: This to me would be another place where a chart might be helpful or --MR. COOLEY: I agree. It's absolutely 11 12 much simpler to look at something and go cha, cha. COUNCILMEMBER BATES: Or have one chart 13 14 that is broken down by acreage: You know, if vou're --MR. COOLEY: Right. 16 COUNCILMEMBER BATES: Instead of having 17 four pages of text, because some of these are duplicative between the two. So I think there's an 20 easier way of --MR. COOLEY: I think it would be --21 COUNCILMEMBER BATES: -- addressing --22 MR. COOLEY: -- good organizational, do it

24 by the acreage: the half acre, you know, greater

MAYOR PITTMAN: Okay. We'll move to page

COUNCILMEMBER ALEXANDER: On (ii), the

10. Anyone who has comments, just pop in.

COUNCILMEMBER PATRICK: I was going to just say for 6 (2) or (ii), smooth-faced concrete, perhaps we could have that hard-coat stucco instead or just eliminate smooth-faced altogether. COUNCILMEMBER PACHUTA: And then are w going to also take out the outdoor storage of shopping carts for the secondary facade --16 COUNCILMEMBER PATRICK: Yeah. COUNCILMEMBER PACHUTA: -- if we're 17 putting them in the building? MR. COOLEY: That was the desire, was it 19 20 not, to --COUNCILMEMBER PACHUTA: Yeah. 21 COUNCILMEMBER ALEXANDER: Yes. 22 23 MR. COOLEY: -- incorporate it into the 24 building?

COUNCILMEMBER PACHUTA: Yeah. So I thin

25 than.

```
Page 101
 1 we need to take out that section.
         MR. COOLEY: Yeah. There's probably going
 3 to be some things based upon what we're hearing
   tonight that'll probably run through like the hard-
   coat and things like that.
 5
         MAYOR PITTMAN: All right. Page 12.
 6
         COUNCILMEMBER DEAN: You're talking about
 7
   the exterior ground level mechanical equipment,
   mechanical equipment package units or related
   attachments.
10
11
         Is there something we could put in here to
   include dumpsters or trash receptacles as well?
12
         MR. COOLEY: If I'm not mistaken, it's
13
   further back, but we'll make sure --
15
         COUNCILMEMBER DEAN: Okay.
         MR. COOLEY: -- that it's in there.
16
         COUNCILMEMBER DEAN: Okay.
17
         MAYOR PITTMAN: Okay. Page 13?
18
         COUNCILMEMBER ALEXANDER: Back on page
19
   12 -- I'm sorry, Mayor; I was --
20
         MAYOR PITTMAN: That's okay.
21
         COUNCILMEMBER ALEXANDER: -- trying to
22
23 catch up.
         MAYOR PITTMAN: That's okay.
24
25
         COUNCILMEMBER ALEXANDER: Regarding peaked
```

Page 103 1 to be covered. I mean they're going to have to be 2 either not up there. There's somewhere in here, I 3 know, that addresses about not being able to see the AC units on top of the building. COUNCILMEMBER BATES: But is that seeing it from the ground level or seeing it from an elevated . . . MR. COOLEY: That is from the ground or 8 street level. COUNCILMEMBER BATES: So if you are at New 10 Peachtree, which is elevated, looking over Doraville Plaza, are you saying that Doraville Plaza would need to have a wall that extends up, a parapet wall that extends up so that you can't see any of the rooftop 15 units? MR. COOLEY: If something was new built 16 there, they would have to have it to the point where 17 they were not visible, unless they came in because of the topography or whatever and requested that change or whatever they were proposing from the advisory board. 21 If you're talking about designing a new 22 building on that tract as a mixed use or whatever,

Page 102

```
Page 104
```

```
2 buildings on GM property is eight or nine stories.
 3 We're going to require them to have a pitched roof?
          MR. COOLEY: Some of the -- the other roof
 5 requirements on there require the balustrade to be
 6 above, so it does allow for flat roofs. Because
   you're absolutely right, you know; I've seen some
   with neat looking pitched roofs, but for the most
 9
   part, they're not.
          COUNCILMEMBER ALEXANDER: That was just a
10
   concern. Thank you.
11
          MR. COOLEY: Uh-huh.
12
          COUNCILMEMBER FLEMING: Yes, but even some
13
   of the -- But see, the buildings here that Mr. Gillen
   has provided, they've got flat roofs. I don't see
```

1 roofs and pitched roofs, say we have one of the

any reason why we can't have flat roofs. MR. COOLEY: No. I think one of the key 17 18 things on that is so you get the parapet up high enough where you don't see all those air conditioning units, and there's one that comes to mind when you come into town that blasts you in the face right 21 22 there.

23 COUNCILMEMBER FLEMING: But we're saying 24 that it's requiring pitch; correct? 25

MR. COOLEY: Well, they're going to have

COUNCILMEMBER BATES: So let's -- let's --1 MR. COOLEY: But not existing condition, 2

higher density, I got a feeling that your elevation,

25 the densities may be higher.

3 no.

COUNCILMEMBER BATES: But if they renovate 40 percent of the front of Doraville Plaza, this code kicks into effect.

MR. COOLEY: The 40 percent applies to that facade, I'd have to go back and look at the details. But yeah, let me check that.

COUNCILMEMBER BATES: I'm not opposed to 10 it. I just want to make sure that we know what --MR. COOLEY: Yeah, and that's . . . 12 COUNCILMEMBER BATES: -- what we're 13

14 getting into.

MR. COOLEY: At this point, I'd have to go 15 back and really reread it. 16

MAYOR PITTMAN: Okay. Anything else on 17 page 12? 18 19

(No response)

MAYOR PITTMAN: Okay. Page 13? 20 COUNCILMEMBER ALEXANDER: Section (3) and 21

a couple other places in the design guidebook we

reference color limitations but talk about the use of corporate colors.

Well, if my corporate color is not on your

Sta	te of Georgia
	Page 105
1	color chart, am I still allowed to use it? I'm just
2	thinking of Chick Fil-A has red trim.
3	MR. COOLEY: Right. I believe there was
4	something in here about the color being corporate
5	colors being allowed for accents. There's something
6	in here about corporate colors. Let's see.
7	COUNCILMEMBER BATES: 14 top page, number
8	(4.)
9	MR. COOLEY: Yeah, that's the graphic
10	schemes and murals.
11	COUNCILMEMBER BATES: That says color
12	schemes are not permitted.
13	MR. COOLEY: Right.

COUNCILMEMBER BATES: Except as part of 14 15 allowable signage.

MR. COOLEY: Now, the three colors. Yes, 16 basically the way I read this, that would be correct unless you wanted to allow trim to be in corporate colors. 19

COUNCILMEMBER BATES: So Home Depot 20 21 wouldn't be able to use their Home Depot orange.

MR. COOLEY: They certainly would be in 22 23 their signage but not in their roofing.

COUNCILMEMBER BATES: Right. 24

25 COUNCILMEMBER FLEMING: But not in their 1 limit it so it's --

2 COUNCILMEMBER PACHUTA: You don't have -

MR. COOLEY: I've seen it done. 3

4 COUNCILMEMBER PACHUTA: -- a big orange building?

Have you? 6

MR. COOLEY: Yeah. There are a lot of corporate buildings, franchises, whatever, all over,

depending on how strict the requirements are, that

you would never guess. Out in Colorado, I saw one

It was a Taco Bell and it looked like a residence,

and it was -- The only way you knew it was Taco Bell was the sign. That was it. It was cool, you know.

COUNCILMEMBER PACHUTA: That's how it is 15 in Cary.

16 MR. COOLEY: Is it?

COUNCILMEMBER PACHUTA: Yeah. 17 MR. COOLEY: Yeah. So they're used to it. 18

19 I mean I like it.

COUNCILMEMBER FLEMING: Well, I'm going to 20 21 throw out my personal opinion as far as the -- I do

believe that we need to have a color palette for the main color of the building, you know, the facade,

secondary facade, and so forth and so on.

The only time that I would, you know, go

Page 106

Page 108

1 what? COUNCILMEMBER ALEXANDER: Roofing. 2

MR. COOLEY: Roofing. 3

COUNCILMEMBER FLEMING: The trim. 4

COUNCILMEMBER BATES: No. 5

6 COUNCILMEMBER ALEXANDER: No.

MR. COOLEY: Not unless --7

COUNCILMEMBER ALEXANDER: It's not on the 8

9 chart.

MR. COOLEY: -- it's a muted, it's --10

Yeah, that would be considered a --

Well, and that's one thing y'all need to

13 look at: Does that color palette make sense or do

you need to allow a certain amount of trim to be in a

corporate color, or, you know, what are your

thoughts? 16

MAYOR PITTMAN: I think we need to somehow 17

allow them to use their corporate colors. I don't

know as a percentage or . . . 19

MR. COOLEY: I assume that would be as a 20 21 trim only?

22 MAYOR PITTMAN: A lot of times, the color

is their trademark, so --

MR. COOLEY: Yeah, I know. 24

MAYOR PITTMAN: -- you know, how could you 25

1 beyond that, I don't think we should have a separate

2 trim chart, because they may want to incorporate

their corporate color into their trim even if it's

flamingo pink.

MR. COOLEY: Well, you could write it so that, you know, no trim or -- you know, I would think

that you would want to limit it maybe on width or

height, you know, so they don't do 45 percent of the

building as their trim.

But, you know, a reasonable amount. Maybe 10 11 it's a percentage of the facade height or something. 12 I could look at that and try to address that to allow

a certain amount of corporate color into it.

at that Starbuck's near Perimeter Mall, that's just a nice place. It looks like a little house; right?

MR. COOLEY: Yeah.

COUNCILMEMBER DEAN: I mean that's . . 18

COUNCILMEMBER DEAN: Well, and if we lool

The parking lot's always full, so I don't think that it's discouraging.

MR. COOLEY: Now, their corporate color is 22 kind of a dark green, is it not?

23 COUNCILMEMBER DEAN: Uh-huh.

COUNCILMEMBER PACHUTA: That's the 24 25 example, the Target with the red.

Page 109 Page 111 COUNCILMEMBER DEAN: Uh-huh. 1 1 you can't have a metal -- metal roof on that? MR. COOLEY: Yeah. COUNCILMEMBER DEAN: What is an advantage? 2 MAYOR PITTMAN: It's still got the red but What's the advantage of having a metal roof? 3 4 it's not a big, huge amount. COUNCILMEMBER PATRICK: Well, one, they're COUNCILMEMBER ALEXANDER: Right. very durable; two, they can be repainted. They hold 5 up, they don't rust or corrode or . . . MAYOR PITTMAN: So it still gives the 6 message that it's a Target. MR. COOLEY: There are some high-rises, I 7 MR. COOLEY: Let me see what I can draft know, down in Midtown that actually have the pitched 8 roof with the seamed, and it's metal. 9 up to --COUNCILMEMBER BATES: Uh-huh. COUNCILMEMBER BATES: Are you saying --10 10 MR. COOLEY: -- address that. MR. COOLEY: So you do see them on high-11 11 12 rises also. It's not what we typically think of 12 COUNCILMEMBER BATES: -- that BrandsMart under -- you know, it's more -- Where I've seen it a would not be allow to do what they've done? 13 lot is on cottages and things of that sort. You MR. COOLEY: Yeah. 14 know, maybe a '20s style cottage. 15 COUNCILMEMBER BATES: Just checking. COUNCILMEMBER DEAN: Uh-huh. MR. COOLEY: Personally, I think that 16 16 whole building is a sign. MR. COOLEY: You know, they used to have 17 17 COUNCILMEMBER FLEMING: For Purina Dog metal roofs. 18 18 Chow? COUNCILMEMBER PATRICK: Are we drawing a 19 19 MR. COOLEY: Well, it sure does draw distinction between a metal roof and an awning? 20 20 21 attention to the business, and under our definition MR. COOLEY: Well, the thing was that with 21 any of the accessory structures or things like that, of a sign, that's what it does. But it is what it it has to be -- the roofing would need to be 23 is, I guess. MAYOR PITTMAN: All right. Any other consistent. Accessory, any other additional 24 25 comments on page 13? elements, you need consistency there.

Page 110

(No response) 1 MAYOR PITTMAN: Page 14. 2 (No response) 3 MAYOR PITTMAN: Okay. Page 15. 4 COUNCILMEMBER ALEXANDER: Robert wants to 5 6 talk about metal roofs. COUNCILMEMBER PATRICK: They're okay. 7 They're not bad. 8 9 MAYOR PITTMAN: Okay. Additional comments 10 on page 15? (No response) 11 MAYOR PITTMAN: Okay. Page 16. 12 COUNCILMEMBER ALEXANDER: I mean how does 13

14 Council feel about allowing metal roofs?15 MR. COOLEY: That's what I was going to

16 ask. What's your desire?

COUNCIL MEMBER DEAN: I don't know

17 COUNCILMEMBER DEAN: I don't know. I 18 don't like -- I don't love/like metal roofs. I mean 19 I don't, unless it's raining, of course.

I mean I think that if we want to -- I think we have enough. I think we have our share of metal roofs; right?

23 COUNCILMEMBER PATRICK: So if -- if you 24 have a covered walkway that incorporates a sloped 25 roof to the building facade, are we going to say that 2 high-rise that has parapets and basically a flat roof
3 and then you might have a connection. One that comes
4 to mind is the connection between the Promenade and
5 the Arts Center down in Midtown. I'm pretty sure
6 that has a metal -- a pitched metal roof if I'm not
7 mistaken, but the building does not. It works.
8 I've also seen the domed, plastic domed,
9 and the problem with those is they get dirty looking
o and they don't look good.

That doesn't mean that you might have a

COUNCILMEMBER PATRICK: We could say no plastic domes. That's -- that's okay.

COUNCILMEMBER ALEXANDER: Well, if you look at the pictures that Dr. Gillen gave us, I guess this is page 2, if you look at the bottom picture on the right-hand side, that mental roof is a whole -- it's part of the facade and everything.

That's pretty ugly in my opinion. There's no delineation. It looks like one giant roof sheet that's just bent on the front

that's just bent on the front.
 MR. COOLEY: I think what they - COUNCILMEMBER PATRICK: It's almost like a
 mansard roof.

MR. COOLEY: Oh, yeah. Yeah, I've seen that. That becomes part of the facade. That would

Page 110

1 be allowed. COUNCILMEMBER PACHUTA: But you know, I 3 don't have a problem like the top picture -- not the

4 building that's in the forefront but the next one -that looks like a textured metal roof, and I'm okay with that.

COUNCILMEMBER BATES: That's this one. It's the same building. 8

COUNCILMEMBER PACHUTA: Exactly, yeah. 9 COUNCILMEMBER ALEXANDER: Yeah. But I 10 don't like City Hall's roof. 11

12 COUNCILMEMBER PACHUTA: It is bright. COUNCILMEMBER ALEXANDER: So I guess, you 13 14 know, these metal roofs aren't the main focal point because of the design, how they're designed as far as

the pitch and orientation and all. 16 But I just don't want all the buildings to 17

look like City Hall, no offense to our predecessors. 18 COUNCILMEMBER DEAN: Well, there's also a 19 20 building in Tilly Mill that has the metal roof that's

over the setback, and it's not -- it's not very aesthetically pleasing at all. 22

MR. COOLEY: So did we come to consensus 24 on that?

COUNCILMEMBER PATRICK: What about this?

1 that earlier because I got the same note here.

COUNCILMEMBER ALEXANDER: Okay.

MAYOR PITTMAN: Okay. Page 17. 3

4 COUNCILMEMBER ALEXANDER: On page 17, th comment I had was item (c) that continues on to page

18. It talks about "Control and expansion joints constitute a detail feature only if incorporated as a

decorative pattern and spaced apart at intervals of six feet..."

I think that expansion joints are dictated 10 11 by building code and the actual -- it's a calculation based on the area of a wall.

So I don't think in this code that we can define six feet. I think that a building official or somebody like that would define that, I mean, more than us. 16

MR. COOLEY: Yeah. From a structural 17 perspective, you're absolutely right.

The only thing I could think of is if they wanted to incorporate those into the design and add additional almost fake expansion joints or something to create a pattern. In that case, it might make sense, but that's the only way.

You're absolutely right; that's a 24 25 materials function.

Page 114

2

Page 113

1 It's something that you could write in a line that

2 says something to the effect of the design board will

3 pay particular attention to any contemplated metal

4 roofs and it shall be determined on a case-by-case 5 basis --

6

25

COUNCILMEMBER PACHUTA: Right. COUNCILMEMBER PATRICK: -- so it's not a

broad stroke "yes," but it is a "We don't allow it to

happen unless."

MR. COOLEY: Yeah. And metal roof as 10 approved by the architectural design board --11

COUNCILMEMBER PACHUTA: I like that. 12

MR. COOLEY: -- being consistent with the 13 14 intent?

COUNCILMEMBER PATRICK: Yeah. 15

COUNCILMEMBER PACHUTA: Yeah. That's 16 good. 17

MAYOR PITTMAN: Okay. Page 15. We're on 18 19 page 15? Comments on page 15 or 16?

COUNCILMEMBER ALEXANDER: I had a note I 20

21 wrote on page 16 but now I don't know what it meant. 22 I just wrote down "conflict." So there must have

23 been a conflict on this page between part of the

24 ordinance and the design standard guideline book. 25

MR. COOLEY: Yeah, I think you mentioned

MAYOR PITTMAN: Okay. Page 18. 1

COUNCILMEMBER ALEXANDER: There's an error

in section (d). It says, defined in section 38-1?

MR. COOLEY: Yes. 4

COUNCILMEMBER ALEXANDER: Okay. 5

COUNCILMEMBER DEAN: And under (1), (d)(1), it says "Owners shall maximize the amount of

pedestrian-scaled windows, avoiding extensive opaque surfaces."

10 So which windows? We already have an ordinance that stipulates you cannot have more than 30 percent of the windows covered; right?

MR. COOLEY: With interior signs, that's 13 14 correct.

15 COUNCILMEMBER DEAN: Okay. And so wha about like this reflective? I thought it was just they have --17

MR. COOLEY: Actually, there's --18

19 COUNCILMEMBER DEAN: -- to be transparent 20 MR. COOLEY: -- something further back

down here that basically says no smoked windows, nothing that blocks that.

23 COUNCILMEMBER BATES: It's on page 8. So my question was going to be, doesn't 24

Page 120

1 think it's on page 7 or page 8 that specifically

2 excludes blacked-out windows and addresses treatment,

3 window treatments. If you're referencing the

4 opaque -- you know, limiting the opaqueness, doesn't

5 that conflict with that other prohibition?

COUNCILMEMBER ALEXANDER: On page 8, it 6

says, "Blacked out or darkened windows and window

treatments or uses that obscure clear visibility into

and out of the building shall be prohibited." 9

MR. COOLEY: Okay. I'm lost. Where was 10 11 that section again about the -- that you were asking

12 about? I'm sorry.

COUNCILMEMBER BATES: It's (d)(1) on page 13

14 18.

15 COUNCILMEMBER DEAN: (d)(1). Okay. This

is under Big Box Developments under building entry

17

MAYOR PITTMAN: Okay. I'm going to take 18

just a second. It's 10 till 9:00. We only have

about seven more pages to go. I'm assuming the

Council wants to finish that. 21

COUNCILMEMBER BATES: You're assuming 22

incorrectly. 23

MAYOR PITTMAN: You don't want to finish 24

25 the seven pages?

1 so we might want to consider the next major section's

2 curb stops, and that's back over on page 22, so you

3 have four more pages. If that's the case, my

4 suggestion would probably be just stop and address

5 big box development from there on out.

COUNCILMEMBER ALEXANDER: Because if you

could, like Councilman Bates and Councilmember Dean

said, on page 19(2) again it's for the windows --

MR. COOLEY: I'll go ahead --

COUNCILMEMBER ALEXANDER: -- and the 10

percentage. 11

12 MR. COOLEY: I'll go ahead and review those, because we know that's an issue, and make sure 13

everything's consistent.

DR. GILLEN: Mayor, that begs the next 15

question. Would you like another session like this

in December, a three-way discussion? Do we have a

special meeting in December to address just this?

COUNCILMEMBER FLEMING: Just make it next 19

20 June.

COUNCILMEMBER BATES: No. 21

MAYOR PITTMAN: Are you having -- are you 22

having --

DR. GILLEN: Do you want to have it in

25 January and do it or do you want to have another

Page 118

Page 117

1 special meeting or put it on the December work

session?

COUNCILMEMBER DEAN: We don't need no 3

stinking holidays.

COUNCILMEMBER BATES: I'm actually going

6 to suggest to Council that we not have a December

work session. I mean the reality is is that two of

us are lame duck and that any of those conversations

need to be done with a fully-seated Council.

I mean if the four members and Mayor want 11 to have a work session on topics in December, I think

12 that's fine. I don't know if there's any validity or

value for Ms. Pachuta and I to be a part of those

conversations. And I don't want to speak for Ms.

Pachuta, but that's -- that's my opinion.

COUNCILMEMBER DEAN: I'd like the month of

December to be as clear as possible. 17

MAYOR PITTMAN: I was going to say --18

DR. GILLEN: That's fine with me. 19

MAYOR PITTMAN: -- I mean there were times 20

in years past they had no meetings in December just

because of everybody being so busy, but at least

23 eliminate the work session.

DR. GILLEN: Would you like us to try and

25 plan a special meeting in January, then, to cover

COUNCILMEMBER BATES: I mean this is going 2 to come before a newly-seated Council. I don't see

3 any reason to extend this tonight. It's going to go

through an open hearing. 4

MAYOR PITTMAN: Works for me. 5

6 COUNCILMEMBER DEAN: Yeah. I'm good with 7 that.

MAYOR PITTMAN: Okay. So at 9 o'clock. 8

9 MR. COOLEY: Let me know.

COUNCILMEMBER FLEMING: Shut it down. 10

11 Shut it down. 12

MR. COOLEY: Well, it might be a good stopping place, then. Let's see where the -- I mean

this actually goes on and on and on. This starts 14

with (1) and goes quite a ways. 15

COUNCILMEMBER PACHUTA: I would suggest 16 maybe at the next one you start with the big box 17

development or -- yeah. 18

MR. COOLEY: That would be a logical 19 stopping point, because the big box goes on for 20

(counting) one, two, three --21 22 MAYOR PITTMAN: Forever.

23 COUNCILMEMBER PACHUTA: And pick back up

24 there.

25

MR. COOLEY: You know, it goes on and on,

Min-U-Script®

COUNCILMEMBER DEAN: Right. Can we -- do

we have to make that decision right now? I mean car

will set a meeting for that second or that third --

CLERK BRYANT: January 13th.

works for everybody and then we'll schedule the

15 related commitment next week. I'll be out of town

y'all. This is the type of input and blow-by-blow

that I need to be able to make these changes and

things. So thank you. This is extremely helpful,

next week, so I'm sorry, I'm going to miss the

MAYOR PITTMAN: Okay.

and I think it's a good process, so thanks.

DR. GILLEN: No. What I'll do is Sandra

CLERK BRYANT: The second Monday?

DR. GILLEN: -- the second Monday in

DR. GILLEN: -- and we'll make sure it

COUNCILMEMBER DEAN: And I have a work

MR. COOLEY: I would like to thank all of

MAYOR PITTMAN: Motion to adjourn?

COUNCILMEMBER ALEXANDER: So moved

1 is it ready or is it not by the end of January.

Page 12

		Page 121
1	this instead of putting it on the January work	

- 2 session? COUNCILMEMBER ALEXANDER: Yes. 3
- 4 COUNCILMEMBER DEAN: Or even if we have a
- short agenda sometime between now and . . .
- COUNCILMEMBER ALEXANDER: Never mind, 6 7 Trudy.
- COUNCILMEMBER PACHUTA: What was that? 8 **9** Fantasy?
- COUNCILMEMBER DEAN: It was. 10
- MAYOR PITTMAN: It was a good job. 11
- DR. GILLEN: Well, we could do this, you 12
- know, in the mid part of January and wrap up at least
- the input section of it and get something drafted and
- come back in February at a work session.
- COUNCILMEMBER FLEMING: When does their 16
- due diligence run out? 17
- COUNCILMEMBER PATRICK: Are we under any
- kind of time constraints with a certain site that
- could be under redevelopment? 20
- DR. GILLEN: No. 21

1 a moratorium?

3 nothing?

- MAYOR PITTMAN: No. 22
- 23 DR. GILLEN: No, this won't impact.
- COUNCILMEMBER DEAN: What about a 24
- 25 moratorium? How would that work if we want to impose
 - Page 122
- COUNCILMEMBER DEAN: Second.
- MAYOR PITTMAN: Discussion?
- 4 5 I mean the thing is, if we -- and maybe we should MAYOR PITTMAN: Call the roll, please. 5 6

we . . .

January and --

meeting.

meeting.

reconsider, because the things that we have --

COUNCILMEMBER FLEMING: On building

COUNCILMEMBER DEAN: On building -- well,

- I mean if something is built, then it's
- 8 there: right? And we need some standards I think
- 9 fairly quickly, so that might be another considera-
- 10 tion.
- DR. GILLEN: That's you-all's decision 11 12 if you want to do that. We can't do it tonight --
- COUNCILMEMBER DEAN: Right. Right, right. 13
- DR. GILLEN: -- because we're not going to 14
- 15 take any action tonight.
- But we'll plan a special meeting in 16
- January, first part of January, because we've got a 17
- meeting that first Monday in January, and probably
- the following Monday we'll plan a special work
- session for this. And you've got a work session in
- January where we can hit it again if we want. 21
- And if you're satisfied with it, we can 22
- 23 bring it to the first meeting in February for a vote
- 24 or we can put it on the February work session. So
- 25 you're going to have a lot of flexibility as far as

- MAYOR PITTMAN: Second?

 - - (No response)

 - CLERK BRYANT: Councilmember Alexander
 - COUNCILMEMBER ALEXANDER: Yes.
 - CLERK BRYANT: Councilmember Bates?
- 9 COUNCILMEMBER BATES: Yes.
- CLERK BRYANT: Councilmember Dean? 10

Page 2 1 APPEARANCES: 2 Doraville City Council: 3 Mayor Donna Pittman 4 Councilmember Maria Alexander 5 Councilmember Pam Fleming

November 18, 2013.

Reporter, commencing at 6:30 p.m. on Monday,

6 Councilmember Karen Pachuta 7 Councilmember Robert Patrick 8 Shawn Gillen, City Manager 9 Sandra Bryant, City Clerk 10 Connie Rockelein, Deputy City Clerk 11 Cecil McLendon, City Attorney 12 Leonid Felgin, Assistant City Attorney 13 14 15

MAYOR PITTMAN: Discussion? 1 (No response) 2 MAYOR PITTMAN: Call the roll, please. 3 CLERK BRYANT: Councilmember Alexander's 4 COUNCILMEMBER ALEXANDER: Yes. 5 6 7 COUNCILMEMBER FLEMING: Yes. 8 9 COUNCILMEMBER PACHUTA: Yes. COUNCILMEMBER PATRICK: Yes. name for the Clerk. This concerns the noise level on Saturdays 25 a long and wide and caught the ball, and we hear cheer

of the meeting agenda please.

MAYOR PITTMAN: Second?

COUNCILMEMBER ALEXANDER: So moved

COUNCILMEMBER PACHUTA: Second.

16

Page 8

1 and cheer and cheering. And I guess repeated attempts 2 to tell them to tone it down has not worked over the 3 years.

4 It kind of, you know, impacts people's 5 property values. Let's say somebody comes over to buy 6 my house and it's right during football season. I 7 mean, to me, it seems like probably I'm guessing the equipment over there is owned by the City and maybe the audio equipment is possibly owned by the City too. I don't know that.

11 But you know, there's devices you can put on 12 boilers where you limit the amount of pressure, you know, within a certain limit that stops it from getting anything past that limit. Seems to me we could tap into a little hole in the knob and put a little -- drill a little hole and put a little screw that can't be unscrewed. 17

You know, I'd love those guys that are over 19 there just to get nice jobs announcing somewhere else, because, you know, that's what they're shooting for, because it can't be for the kids. You dial it down, the kids can hear it fine. 22

23 I've been over there before. You can't get 24 over there to say anything to them nicely because it's 25 all locked up, which maybe it needs to be.

My concern is for the neighborhood. And it

2 just seems like we need to investigate it a little

3 bit, see what an acceptable noise level is, establish

4 the parameters and make sure they don't get exceeded

5 any more.

Page 5

MAYOR PITTMAN: And I just want you to know 7 that after your phone calls, that they were made aware

of that, and I know Susan said they had been turned

down somewhat.

10 I will make sure the city manager talks to 11 them.

12 MR. CRAWFORD: Yeah. And I mean I'm just lazing around on a Saturday reading a book and, you know, wasn't really reading a book; I was thinking

about the plays that were being made on the field.

But thank you for your time. 16

MAYOR PITTMAN: Thank you. 17 18

DR. GILLEN: I'll talk to Rick.

MAYOR PITTMAN: Yeah. Thank you. 19

He is aware of it, but yeah. 20

COUNCILMEMBER FLEMING: Can I make a 21

22

Dr. Gillen, I made a comment over a year 24 ago, being heavily involved with North Dekalb Youth

25 Sports for 20-some-odd years, if there are speakers

Page 6

1 facing the residential district, they do need to be

2 taken down, because there is only seating on the

3 concession-stand side. So the speakers need to be

4 going toward the parking lot, not toward the

residential district.

DR. GILLEN: Yes, ma'am.

MR. STUART ANDERSON: Stuart Anderson.

Complain, complain. Sorry.

This is also sports related. I noticed -- I

10 have two things. One, I have difficulty on the Web

site. I couldn't copy anything off, which I wanted to. But either way, I was having difficulty looking

at the Web site or the -- the financial plan for the

discussion for tonight.

But I did manage to see that Halpern Park 15 was scheduled for 2015 and '16 for \$50,000. In the meantime, we could just for a couple bags of cement, straighten up the basketball thing. We painted it,

but we could just straighten it up and most people

could have a lot better experience. Thank you.

MAYOR PITTMAN: Okay. Anyone else wishing 21 22 to make public comments?

23 (No response)

MAYOR PITTMAN: Okay. Reports and

25 presentations. Actually, I just want to make

But, to me, it just seems like it's time for

2 the Council to kind of get into it a little bit and

3 say, "Hey, you know, enough's enough. Dial it down

4 and keep it down," and maybe it needs to be so they 5 can't dial it past.

6 We get over there, investigate it a little bit, see what kind of -- I think as the crow flies my 8 house is about a mile -- about a mile away from the arena. I think when I drove it, it was a little more

than that. 10

So you know, let's establish some limits and 11 12 make sure that they can't go over the limits, because, obviously, talking to them is not doing any good. So I mean you got limit devices on all kind of things in life: carnival rides, boilers, your car. You know, you run a truck, it's got a speed limit on it where you can't go over -- you got a governor on the thing, so you floor it, and it's only going 60 because they don't want you taking the truck beyond 60 miles an 20 hour.

So let's establish some reasonable limits 21 22 where the children -- you know, I think it's great that they're there. The sports are great. I don't think it's a money-making business for the City, but 25 that's not my concern.

10

20

23

Page 12

17

1 the 10 percent contribution level.

own money into the plan.

If we look longer term, in year 2027, that's 3 a \$730,000 cost compared to an \$820,000 cost of the

current plan. So you're seeing almost a \$300,000

increase per year in the cost of the plan if we stay as-is. 6

7 We're seeing that cost decreased with the change, so long-term the savings is dramatic and short-term the savings is significant, so it is some very good numbers.

So when we look at options, we look at the 11 12 employer contribution here and then maybe a match. So if you want to make the equivalent of a 10 percent contribution, let's say we go with an 8 percent direct contribution and allow the employees to match up to 3 percent. So we'll match up to 3 percent of their

18 We can go back and we can look at what the cost savings is. It's slightly more expensive because, you know, it's closer to an 11 percent total contribution, but you still -- the savings is still significant.

And so we also talked last time about a 24 phased-in vesting, which we can also do, but we really 25 wanted to show the longer term impacts. You know,

Page 9

1 announcement of the Christmas tree lighting that will

2 be coming up the weekend of Thanksgiving. I believe 3 the 30th is the date, and it'll be here at City Hall.

4 And I understand it's a very, very nice event, so if

5 you could please help spread the word, and we also

6 will have the road race at 4:30. That's also going to

7 be a very nice community event. Hope everyone can

8 come out, and if you know of someone that might not know about it, please share.

COUNCILMEMBER ALEXANDER: And Toys for Tots.

And Toys for Tots. Thank you, Maria. 11

12 This will be incorporated with Toys for

Tots, and we will hopefully by tomorrow have a box out 13

here for Toys for Tots, and this is a worthy cause. We will have a marine here to pick up the toys on the

night of the tree lighting. So if you could help out

with that or know someone that might like to, the box

will be out here hopefully by tomorrow.

So again, very nice events for the city. 19

All right. We're going to go into

Unfinished Business, and next is going to be the

Retirement Plan Revision, Dr. Gillen. 22

DR. GILLEN: Thank you, Mayor and Council.

As you recall last time we had a discussion 24

25 on the projections, we did a 10-year projection on

Page 10

1 we're looking right now at some very good revenues 2 over expenditures for the last two years and into the

3 future. However, with increased healthcare costs,

employee cost, and with the pension costs increasing 5 over time, that can disappear very quickly. So we

need to make changes like this to maintain that lower-

cost revenue-over-expenditure scenario into the

8 future.

14 drafted.

9 So our recommendation to you, we need to 10 start moving towards this plan. And there are severa 11 steps that are going to have to take place, and Lenny 12 and Cecil can kind of talk to you about the legal 13 aspects of it, what legal documents have to be

15 But what we would look for is coming back to 16 you at a work session, say in January, with a resolution drafted that kind of outlines the framework of the plan. So here's how it's going to work: it's going to be this level of contribution and this level of match. These are the people that are eligible to come into it, new employees, any employee that might voluntarily switch over, that sort of thing.

23 Then we'd lay out all those details, and the 24 Council says, "Here's what we want the plan to look 25 like." Then we would take that resolution, once

1 switching the plan to a defined contribution plan; for 2 scenario 2 on the spread sheet that you see on the

3 screen shows just allowing new employees coming into

4 the defined contribution, and scenario 3 on there

shows if we allow all new employees to come on and

6 anyone else who might be eligible or not vested in the current plan to voluntarily switch over.

So they did a 15-year projection as

9 requested by the Council. And as we see -- as we look at the numbers coming in, we set the benefit level as

10 percent. The Council hasn't decided on what that

would be, and we can alter those numbers here as we speak if you wish and kind of see how the numbers

change as the contribution levels change. And we see

a significant -- of course, again, a significant cost savings short term and long time making this change. 16

In year -- the first year of the plan

change-over, which -- sorry -- plan year 2014 --

sorry, I'm getting used to the keyboard here -- you

see those numbers are in millions. So \$500,000 would 21 be our contribution for the current plan and the

22 defined contribution plan compared to a \$560,000 cost

23 to us in that first year if we stay with the plan as-24 is. So right off the bat, you're seeing a \$60,000

25 savings. That's at the 10,000 dollar -- pardon me --

Page 16

```
1 passed by the Council in a subsequent meeting, and
2 start drafting the plan documents and getting the
3 implementation finalized.
4
        So that's what the timeline would look like
```

on this as you move forward.

So what we'd like tonight is to seek a 6 little more input from you, if these numbers look as satisfactory to you as we think they do, and what 9 other information you might want. And with your nod of the head, we can have a draft resolution ready at 11 the next work session, the work session in January,

12 for you to review -- not vote on at that time, but review and make any other changes to bring back to a subsequent meeting, and that will get the ball 15 rolling.

16 So this takes awhile to get implemented because there's a lot of hoops you got to jump through 17 with GMA and things like that to make the change.

MAYOR PITTMAN: Okay. Ms. Alexander? 19 COUNCILMEMBER ALEXANDER: Can you go back to 20 the other page, please? 21

DR. GILLEN: Which one? 22

23 COUNCILMEMBER ALEXANDER: I can't -- There 24 you go.

25 So the match percentage, explain that to me, 1 cycle?

Page 13

DR. GILLEN: Both of them are flexible. So 3 when we set up the plan documents, we would build that 4 into the plan itself, that the Council can change the contribution level and the match level when/if needed.

COUNCILMEMBER ALEXANDER: Okay. 6

DR. GILLEN: So you set the plan up, this is the way it is, and that can always change in the future.

If you want to be more generous and the 10 11 future councils want to be more generous or less

generous in the match or the contribution, that can --

that can be altered. It's not like a defined

contribution plan where it's kind of the current plan

is set, and you can't alter that So we would want to structure the plan to have maximum flexi-bility.

COUNCILMEMBER ALEXANDER: And at the current plan right now, we're contributing about 17 percent of

their pay; is that right?

MS. LISA FERGUSON: It's between 15 and 17 20 because we lowered the -- we increased the

amortization this year, and I'm not sure what the

exact percentage is.

COUNCILMEMBER ALEXANDER: Okay. All right 24

25 Thank you.

Page 14

DR. GILLEN: Okay. 1

MAYOR PITTMAN: Ms. Pachuta? 2

COUNCILMEMBER PACHUTA: So we currently do 3

4 have a plan that the City doesn't match.

MS. FERGUSON: Right. 5

COUNCILMEMBER PACHUTA: Okay. Would that

plan still be in place or would that money get

transferred over?

And then kind of along with that, are we

10 capping like the one-to-one match or is there going to be an additional percentage that we allow employees to

contribute? Like say we put in 8 percent, we'll match

up to 3 percent; but then can the employee put in even

more that we don't match?

DR. GILLEN: The employee will be able to 15 put in up to the IRS limits --

COUNCILMEMBER PACHUTA: Okay.

DR. GILLEN: -- and I can't tell you off the 18

top of my head what those limits are, but David

Griffin is here. 20

MR. GRIFFITH: It's \$17,500 if they're under 21 50 and another \$5,500 if you're --22

DR. GILLEN: Does that include the employer 23 24 contribution?

MR. GRIFFITH: That is just employee money.

1 because in my plan, my match is I put so much

2 percentage and my company matches 50 percent of that

3 up to a certain limit, so --

DR. GILLEN: This is a dollar-for-dollar 5 match up to 3 percent.

COUNCILMEMBER ALEXANDER: So we're going to 6 give them a flat 8 in this scenario --7

DR. GILLEN: Right. 8

9 COUNCILMEMBER ALEXANDER: -- and match up to 3 percent of what they put in. 10

DR. GILLEN: Correct. 11

COUNCILMEMBER ALEXANDER: Okay. So 12 obviously, a higher paid employee, the match would be

14 higher. 15

DR. GILLEN: Yes, yes.

COUNCILMEMBER ALEXANDER: Okay. And what is 16 our flexibility? One of the things that we were handcuffed by is we had no flexibility. There was no

ability for us to adjust our contributions. I mean,

you know, are we going to be able --

I don't want us to handcuff ourselves again. 21

DR. GILLEN: Right. 22

23 COUNCILMEMBER ALEXANDER: So is that -which one of those numbers is flexible should we not

25 have the money to do an 8 percent in a certain budget

25

3

2 DR. GILLEN: Thank you.

MS. FERGUSON: What I have done in other

4 cities is we put all of the employer money, the

5 retirement and the match, into a 401 plan, and then

6 the employee money that we are matching will go into a

7 457 which is capped at 17,5, because we don't want

8 to -- we don't want to limit what they can put in

9 there by putting our money in with theirs. Does that

10 make sense?

11 COUNCILMEMBER PACHUTA: Okay. And do you

12 have -- and this has been a long time since I've dealt

3 with H.R. issues. Where there used to be -- I know

14 with my private employer, highly compensated employees

s were putting in a higher percentage than the lower

6 compensated employees. Like some of that money ended

17 up having to go back to the higher, like because the

18 plan had to be balanced so that it contained . . .

pian had to be balanced so that it contained . . .

19 Does that still work with --

MS. FERGUSON: It does, but we --

21 COUNCILMEMBER PACHUTA: -- public?

MS. FERGUSON: -- don't have anybody that

23 qualifies as a highly compensated employee, not even

24 him.

[To Dr. Gillen] Sorry.

1 that the gentleman is here this evening. The other

2 questions that we asked were -- I asked at the October

3 21st meeting was comparisons with Norcross and

4 Chamblee, and I have not heard back on that yet.

MR. GRIFFITH: I did just receive some

6 updated numbers from them, Ms. Fleming, and I'm sorry

7 those weren't distributed prior to today's meeting.

Currently Norcross is doing a 50 cent on the

9 dollar match up to 3 percent on a 457, and they're

10 also doing a pension program wherein the employee is

11 required to participate at a 3 percent contribution

12 and the city is making a 7 percent contribution

13 currently to fund the defined benefit program. But

14 they did go for the election to require employees to

15 defer into the DB plan, which of course increases cash

6 flow into the plan and reduces the city expense;

17 however, it does severely hinder any plan changes in

18 the future for a municipality once you force employees

19 to defer money into the DB plan.

So Norcross still has a combination of the

21 DB and the defined contribution. The match is 50 cents on the dollar up to 3 percent, so an exposure of

23 1-1/2 percent of payroll there, and they've got a 7

24 percent contribution in the DB from the city and a 3

25 percent contribution in the BB from the city and a 5 25 percent contribution on the employee side. Five year

Page 18

Page 20

1 MAYOR PITTMAN: Mr. Patrick?

2 COUNCILMEMBER PATRICK: No questions right

3 now.

4 MAYOR PITTMAN: Ms. Fleming?

5 COUNCILMEMBER FLEMING: I'm just working off

6 of the October 21st materials. We didn't receive a

7 copy of that, and I cannot see the smart board from

8 here, so I would appreciate this PowerPoint being

9 printed for me.

DR. GILLEN: It's a spread sheet. We can

11 get that for you, yes.

12 COUNCILMEMBER FLEMING: I'm sorry?

DR. GILLEN: It's a -- it's not a

14 PowerPoint, it's a spread sheet, but I can --

15 COUNCILMEMBER FLEMING: Okay.

DR. GILLEN: I'll zoom it in just a little

17 bit more.

18 COUNCILMEMBER FLEMING: That's quite all

19 right. It's the way the angle -- I mean the board --

DR. GILLEN: Right.

21 COUNCILMEMBER FLEMING: -- for Ms. Dean and

22 myself, it's very difficult because we're looking at

23 it sideways.

DR. GILLEN: Right.

25 COUNCILMEMBER FLEMING: Okay. And I notice

vesting, regular retirement age of 62 or 65 is the basic structure of the plan.

3 Chamblee is still doing a pension program

4 through GMA. Currently their contribution to the plan

5 is about 11.65 percent of payroll, which is what their

6 budget numbers were going into this next year, and 7 they have a discretionary 457 program. It doesn't

they have a discretionary 437 program. It doesn't

8 appear there's any employer moneys going in that plan

9 at present; it's just there for employees to defer

o some money on a pretax basis and save.

11 COUNCILMEMBER FLEMING: So they're on a defined benefit, then?

MR. GRIFFITH: Correct.

DR. GILLEN: That's correct.

COUNCILMEMBER FLEMING: Okay.

MR. GRIFFITH: Correct.

COUNCILMEMBER FLEMING: In regards to what

18 believe Maria was asking or Ms. Alexander was asking

regards to changing the percentages if we found

20 ourselves . . . I would find that though we might need

to do that, I think that we would need to discuss that

on an annual basis or on an every two-year basis,

23 because I don't want our employees to -- you know,

24 they're employed and they believe they're going to

25 get, you know, up to 8 percent and we're going to

15

Page 24

Page 21 1 match to 4, etc. etc., and then all of a sudden, we 2 backtrack because of our funding and change it the 3 next year. 4 So I would like us to be consistent with 5 what we're doing. Either we're going to do a con---6 you know, a retirement contract, let's say, or let the employees know that we are going to reevaluate our 8 retirement plan every November to determine what the 9 flexibility will be come January 1, okay, or make it an every-two-year issue; because I just -- I think trying to change it every single -- it's like the millage rate --DR. GILLEN: Right. COUNCILMEMBER FLEMING: -- you know. I mean we need to be consistent --DR. GILLEN: Right.

12 13 14 15 16 COUNCILMEMBER FLEMING: -- at some point. 17 I think that's all the questions that I have 18 at this moment. 19 DR. GILLEN: Okay. 20 COUNCILMEMBER ALEXANDER: And we asked about 21 Rule of 75 and Rule of 80. 22 MR. GRIFFITH: I don't have any further

25 of those from the other municipal plans that I saw,

1 in advance, and it would be a pretty substantial

2 maneuver to change that.

But at the moment, it is just a -- there is

a calculated benefit COLA increase and it is set based

upon our last election.

8

10

MAYOR PITTMAN: Okay. Any additional questions?

COUNCILMEMBER FLEMING: I had one --

9 I'm sorry. Do you have questions?

COUNCILMEMBER ALEXANDER: No, go ahead.

11 COUNCILMEMBER FLEMING: It just hit me. It

12 went and now it's come back again.

I believe the majority of Council, though we 13 didn't do a consensus type vote, is that I believe we liked the idea that Ms. Pachuta commented about: the

five-year vesting --

DR. GILLEN: Correct. 17

COUNCILMEMBER FLEMING: -- with the 20, 40,

60, 80, and then fully vested at five years. I think

that was the consensus though we did not . . .

So I think we're going in that direction, 21

personally.

DR. GILLEN: I think so too, yeah. That'd 24 be great. 25

COUNCILMEMBER ALEXANDER: And I think that's

Page 22

1 but I will revisit that and see if *McCreedy & King 2 can provide anything as well from their municipal 3 plans.

24 details on the Rule of 75. I wasn't able to pull any

But on a local level, I didn't see the

5 verbiage in the documents that I reviewed, but I will 6 get that.

COUNCILMEMBER ALEXANDER: And I think we're

going to look and see if you could do any kind of cost 9

DR. GILLEN: Right. 10

COUNCILMEMBER ALEXANDER: -- on a Rule of 75 11 or a Rule of 80. 12

13 MR. GRIFFITH: Yes.

COUNCILMEMBER PACHUTA: And then I had sent 14 information on the COLA from the plan document. I don't know if y'all have had a chance to look at that.

ATTORNEY McLENDON: We did look at that, and 17 I did review that issue on the current plan document. 18

Where we are right now is based upon the 19 last election when we went into the defined benefits

plan, we have agreed that there is a certain

22 calculation that happens. And it's not something that

can be changed yearly; it's on a certain calculated

24 number. And to change that, you'd sort of have to

25 jump through some hoops, and we'd really need to plan

1 what I had quoted that Smyrna did when they did their conversation.

DR. GILLEN: I think it's wise. It does

give some incentive for longevity but still gives

maximum flexibility to the employee or it gives more

flexibility to the employee than the current plan.

The next steps would be, with your permission, to draft a resolution to bring back to you

9 for review in January that would kind of outline

everything you've talked about -- addressing the five-

year phase-in, the concerns about stability in the

plan, things like that -- and bring it back for you

13 guys to review and revise in January, and, if it's

14 ready, for me to bring back in February.

We'd bring it back for a vote at that point 15 16 and then start the implementation process, and Cecil can describe to you all those different legal hoops we got to jump through and plan documents that will have 19 to be drafted and those sorts of things for the final 20 implementation of it.

So sometime -- the timeline would be 22 sometime in 2014 when we make the transition, and any new hire at a specific date set in the plan document 24 would be the date when all new-hires from that point

25 will be in the plan and at what point people could

Page 25

- 1 transfer over if we elect to allow people to transfer
- 2 over, which I would recommend because it looks like
- 3 the cost savings is much more dramatic if we allow
- people to voluntarily transfer over.

The remaining question is the contribution

- 6 level, and I didn't know if you just wanted us to kind
- of just leave that one kind of gray for now as we
- think about this, and -- because it could be a dollar-
- for-dollar amount, it could be a 50 percent match, and
- we can hone that as we move forward.
- But it seems to be that 10 percent total 11
- contribution range seems to maximize -- create a
- benefit that is relatively competitive with other --
- other cities in the area and also it can maximize cost
- savings for us somewhere in a combination of total --
- of direct contribution and match that comes somewhere
- in that 10 percent range total for the City, be it a
- dollar-for-dollar match or 50 percent match, and we
- can -- we can hone that once we get the resolution
- document in front of you in January. 20
- COUNCILMEMBER PACHUTA: Now, the employees 21
- that are currently vested in the pension --22
- 23 DR. GILLEN: Correct.
- COUNCILMEMBER PACHUTA: -- they would not be 24
- 25 participating; is that correct?

- 1 would fall around -- that would make the City's
- contribution be around 10 percent.
- Let me --3
- 4 COUNCILMEMBER FLEMING: But if I'm reading
- these first scenarios correctly, for instance,
- scenario 2, the previous one that you gave us,
- scenario 2 providing 8 percent defined contribution
- with our 4 percent match.
- DR. GILLEN: Right. That's the -- Are we 9 talking the October numbers that we gave you? 10
- 11 COUNCILMEMBER FLEMING: Uh-huh.
- DR. GILLEN: The ones in October? I don't 12
- have that in front of me.
- Right now what you're looking at is an 8
- 15 percent direct contribution and a 3 percent match. So
- with the formula that we have in there, we think about
- 75 percent of employees that would have -- or 75
- percent of the match would be utilized. So it comes
- out to be about --19

20

- If we go to the payroll sheet here, I'll
- show you where we get the numbers. 8 percent match or
- 8 percent direct contribution and 3 percent match,
- we're estimating about 75 percent of the match would
- be utilized. So the total contribution, the effective
- contribution for the City would be 10.25 percent.

Page 26

Page 28

- MS. FERGUSON: They would have the option. 1
- COUNCILMEMBER PACHUTA: Of just --2
- MS. FERGUSON: It probably wouldn't be in 3
- 4 their best interest, but they would have the option.
- DR. GILLEN: Yeah. Most -- if I'm an
- 6 employee in the pension plan, if I'm not vested yet,
- 7 it's probably more attractive to that type of employee 8 than someone who is vested. And also, depending on
- how close to vesting they are, they may decide, "You
- know, I understand that I might be a little better
- off, but I got six months to be vested, and I'm just
- going to stick with it because I like the idea of
- defined benefits. 13
- So it's up to them, and that's why they --14
- you know, we run a scenario, a worst-case scenario
- here that has every eligible employee that is not
- vested in the plan currently would be changing over
- when we run those numbers. 18
- 19 MAYOR PITTMAN: Okay.
- 20 DR. GILLEN: Does that --
- COUNCILMEMBER FLEMING: But at 10 percent, 21
- you just made a comment about that they would
- 23 contribute 10 percent; is that correct?
- DR. GILLEN: Somewhere in that range total.
- 25 Some combination of direct contribution and match that

- 1 That what I mean, somewhere in that 10 percent area or range would get us significant cost savings short-term
- and long-term and generate a competitive contribution
- level for the employee.
 - COUNCILMEMBER FLEMING: Okay. Only because
- I really haven't put my head to it, if we are
- contributing 3 percent, why are we now contributing
- 10? 8

5

- 9 DR. GILLEN: What you'll be doing in this
- scenario, the yellow here, is you're going to be
- contributing 8 percent.
- COUNCILMEMBER FLEMING: That's the employe 12
- contribution. 13
- DR. GILLEN: That's the --14
 - COUNCILMEMBER PACHUTA: That's ours
- DR. GILLEN: -- employer contribution right 16
- 17 here.

15

- COUNCILMEMBER FLEMING: Oh, I'm sorry
- 19 DR. GILLEN: Then we would match dollar for
 - dollar, in this scenario, up to 3 percent. So I could put in an additional 3 percent of my own money into my
- plan; the City would match that with 3 percent.
- 23 We estimate that only about 75 percent of
- 24 the match would be utilized. So some would match 1 25 percent, some -- some would go for 2 percent, some

Page 32

Page 29

1 wouldn't do any at all, some would do the full amount.

2 So based on the numbers that David has seen in other

3 cities, we estimate about 75 percent, and that's

typical behavior in a large group like this.

So your total contribution including the

6 direct contribution and what you're going to match

your employees' contribution with would be effectively

around 10.25 percent in this scenario.

So if we change that and say we want to do 10 let's say 7 percent and match 3, your contribution is only 9-1/4; but if, say, you want to match 4 percent, so you want to put more on the employee, then you fall

right at 10 percent total contribution.

COUNCILMEMBER FLEMING: It was because I was 14

15 reading it as employee --

DR. GILLEN: Okay. 16

COUNCILMEMBER FLEMING: -- I read these as 17 this is what the employee was allowed to contribute,

not the -- not that we were going to contribute 8

percent and then also match 4. 20

DR. GILLEN: Correct. 21

23

2

3

4

5 6

7

8

9

1 total of 9.

of that.

COUNCILMEMBER FLEMING: That, to me --22

Ms. Alexander, what is your company doing?

COUNCILMEMBER FLEMING: You contribute 6.

COUNCILMEMBER FLEMING: But then they --

COUNCILMEMBER ALEXANDER: Match 3.

COUNCILMEMBER FLEMING: -- match 3 percent

COUNCILMEMBER FLEMING: So that's more in

COUNCILMEMBER ALEXANDER: Yes.

COUNCILMEMBER ALEXANDER: Mine's real low 24

25 I contribute 6 percent and they match 3, so it's a

DR. GILLEN: Uh-huh.

1 contribution and defined benefits.

The cities that are funding defined

3 benefits, depending upon the makeup of their work

4 force, are funding between 10 and 18 percent of

payroll to a defined benefit program for future

benefits for existing retirees and for people accruing

benefit

So the idea, the theory behind this

9 structure is let's put a plan that encourages some

participation from the employee but at the same time,

11 if they participate at a high level throughout their

career, can replicate a benefit similar to what a

defined benefit program provides but also gives the

city and, subsequently, taxpayers the ability to

decide what the match is on an annual basis.

Every city that uses a defined contribution 16

plan like this, they don't have a stated document

where they're required to do a match every year. They

have a discretionary document similar to the private

sector where every year there can be a decision of

this year it's an 8 percent contribution and the match

22 is going to be 50 cents on the dollar up to 6 percent,

so you can -- you have flexibility in the documents.

You're not having to amend and have administrative

25 expense to change the documents on an annual basis but

Page 30

1 you have the flexibility to adjust for budgetary

purposes. So when we initially were designing some of

4 these plans for new cities years ago, it was to try to

5 have a plan that could attract and retain as well as a 6 DB plan but still, you know, be able to compete with

cities that had traditional pension plans but also

afford some more flexibility.

And you know, the balance in this situation is how do we keep the current retirees whole and how

do we also keep a rich benefit program for your existing non-vested employees and future employees.

And I think the formula is somewhere right around

where we are right now; it's around that 10 percent.

15 It's just how to fine tune the structure.

You know, personally, I like an 8 percent contribution and a 50 cent match on the dollar to 6 percent. So an employee has to do 6 percent to get the 3 but then they've got more total dollars going into the plan to help them save properly for retirement. And just finding that right balance is --

it's not an exact science, but, you know, based on

experience of what we see in the market, you know,

24 it's somewhere right around that 10. It's just how

25 you want to structure the match component with it.

line of what I thought we were doing here. DR. GILLEN: Okay. 11 COUNCILMEMBER FLEMING: 8 percent -- they 12 were contributing 8 percent and we were going to match 14 DR. GILLEN: Right. No. It is a direct 15 contribution by the City of 8 percent and whatever contribution level you would want to make or whatever match level you would want to make. Let's go back to the 8 and 3 scenario. That would be a direct --

What these numbers are based on is what 20 21 other cities in our area are doing, and they're 22 actually right in the ball park. Some are a lot 23 higher.

MR. GRIFFITH: Some are higher and some are 25 lower. It's all with the blend of defined

COUNCILMEMBER FLEMING: I was more familiar 2 with private structure, as Ms. Alexander was and so

3 forth, so that's why I was reading it as their

4 contribution of the 8 percent.

DR. GILLEN: That's completely understandable. 6

COUNCILMEMBER FLEMING: Okay. 7

DR. GILLEN: We're -- we're --8

MR. GRIFFITH: And Ms. Fleming, the 50 cents 10 on the dollar to 6 percent, what Maria indicated, that

is the most common match in the private sector today.

12 COUNCILMEMBER FLEMING: And though we have not done a consensus of that -- and I'm not sure we're 13

ready to do that tonight -- that seems --

15 DR. GILLEN: Yeah.

COUNCILMEMBER FLEMING: -- you know, logical 16

17 to me.

But one other question I have for you, 18

Dr. Gillen, was that you made a comment that, come

January, you and Legal would be bringing us documents

to review. 21

Would those documents be incorporating what 22

we've decided on, because --

DR. GILLEN: What we're going to --24

25 COUNCILMEMBER FLEMING: -- I'm not --

1 expecting a vote at all. What we wanted to do is --

MS. FERGUSON: Fill in the blank.

DR. GILLEN: -- kind of fill in the blank. 3

We got a framework set up based on the input you've

given to date, which can change in January when you

guys think about this more. "Well, I don't like this

piece of it. Let's change that."

It gives us an opportunity to kind of set up 9 a more formalized framework, get something in front of

you, and then we can start, okay, filling the blanks

11 about what type of contribution is right, what type of

12 match is right; give you more time to investigate

other cities and ask more questions of employees and

constituents and that sort of thing.

15 But the numbers we're showing tonight is

just a simplified mechanism to show instead of -- The

spread sheet isn't set up to do the 50 cent on a

dollar match -- I can't show you that; it's a dollar-

for-dollar match -- but to show you where the impacts

are. The 50 cent on the dollar would just -- those

21 impacts wouldn't change dramatically but it would be

structured.

What we're saying is somewhere in that 10 24 percent is kind of the sweet spot for competitiveness.

25 if we want to be competitive.

Page 34

Page 33

DR. GILLEN: What we'd bring you is a

2 resolution that would incorporate the things we've

3 talked about to date as far as how the plan would be

4 structured in general.

We haven't decided on the contribution

6 levels yet. We would leave that part blank and we

7 could hone that in January and figure out, okay, what

should it be? Should it be 50 cents on the dollar

match? What is the direct contribution and what

should the match be? 10

COUNCILMEMBER FLEMING: And I'm probably the 11

only person here that I don't vote on blank documents. 12

DR. GILLEN: Well, we're not asking for a 13

14 vote in January.

COUNCILMEMBER FLEMING: Okay. Yeah. I mean 15

16 if --

DR. GILLEN: I want to be clear on that. 17

COUNCILMEMBER FLEMING: -- there's an 18

19 unknown --

20 DR. GILLEN: Right.

COUNCILMEMBER FLEMING: -- I won't vote on 21

22 the document.

23 DR. GILLEN: That's why I want to be clear

24 on that and why this process is the way it is. We'll

25 bring it to the work session in January, and I'm not

COUNCILMEMBER FLEMING: Okay. Thank you 1

DR. GILLEN: Okay.

COUNCILMEMBER ALEXANDER: I assume that the 3

401 is going to be -- is going to be type A. Is that

correct? 5

6 MR. GRIFFITH: Yes.

COUNCILMEMBER ALEXANDER: And I'm in a tyl

8 K.

2

7

15

17

20

23

9 Do you still have the opportunity to -- and

I assume it's going to be a bundle of funds.

MR. GRIFFITH: Yes.

COUNCILMEMBER ALEXANDER: And the emplo 12

is going to get to choose a percentage of that.

MR. GRIFFITH: Yes. 14

COUNCILMEMBER ALEXANDER: So they will have

the ability to receive prospectus? 16

MR. GRIFFITH: Yep.

COUNCILMEMBER ALEXANDER: Are we going 18

19 offer any educational services to them?

MR. GRIFFITH: Absolutely.

COUNCILMEMBER ALEXANDER: Because this 21

going to be new and bold and --22

MR. GRIFFITH: Yes.

COUNCILMEMBER ALEXANDER: -- enlightenin 24

25 and empowering to them.

```
Page 37
 1
         DR. GILLEN: Right.
         MR. GRIFFITH: Once a plan design is decided
 2
 3 upon, then I'll work with Lisa to kind of roll out
 4 what the education campaign will be, because I think
 5 it will be a pretty intensive process the first year
 6 to provide education and to let them know exactly what
   their options are, how the new structure works, and
   what decisions they've got to make.
         COUNCILMEMBER ALEXANDER: One of the things
 9
10 I'd be curious on -- just knock on wood because I'm
   doing so well this year -- is to see the rate of
   return on what we would be offering them --
12
         MR. GRIFFITH: Sure.
13
```

COUNCILMEMBER ALEXANDER: -- versus the rate 14 15 of return on what they have been receiving.

16 MR. GRIFFITH: Yep. I'll be happy to provide you with a full breakout of what options would 17 be available.

Most municipal clients utilize the same 19 investment line-up for the 457 as the 401 just for 20 simplicity so they can have the same investment choices on both plans, although 457s, because they are for only government employees, they do have more flexibility technically than a 401k program. 25

The main piece is that employees prior to 59

```
1 required minimum distribution that's the -- The upper
```

2 limit where the government requires you to pull money

3 out is at 70 and a half. So it's 59 and a half to 70 4 and a half.

MAYOR PITTMAN: Anyone else?

(No response) 6

MAYOR PITTMAN: Okay, Dr. Gillen. Thank 7

8 you.

Do you have anything else you wanted to add 9 10 to that?

11 DR. GILLEN: Well, what I would like -- what 12 I'm going to do is have Cecil help me draft a resolution for the January work session. Again, no decisions will be made in January. That'll be another chance for you to review: here's the framework that

we've gotten input from the Council in two meetings.

Here's the framework, that we understand it the way you guys would like to see it.

And then we'll go from there. We'll have to 19 make decisions on the contribution levels and the 20 match levels then and -- or when you're ready to.

MAYOR PITTMAN: Okay. Next agenda item is 22 23 CIP.

DR. GILLEN: Thank you, Mayor. 24

25 Lisa had sent out a ranking sheet for you,

Page 38

Page 40

1 and a half can take money out without penalty from the 2 federal government, whereas, in the private sector,

3 money out prior to 59 and a half is subject to a 10

4 percent penalty.

But that benefit is significant, and the 5 6 reason we have a 457 coupled with a 401 is because many of your employees that are -- that are police or 8 fire won't work until they're 60 years old, and they'll need to draw money at 55. So they can do that from a 457 where they -- where they can't from the

401(a). 12 So the 401(a) is truly set up to be an 13 employer bucket; the 457 is the employee bucket. But

it also affords the employee a little bit more flexibility from the distribution standpoint. So those are all the subtle nuances of the plan but are important on the education piece for the employees to 17

understand it so they properly make use of the plans. 18 COUNCILMEMBER FLEMING: Did the law change 19 to 59 and a half? because I thought it was 57 and a 20 21 half.

MR. GRIFFITH: 59 and a half for -- for the 22 past several years for money to come out of a 401 without any penalty. Prior to 59 and a half, it's a 25 10 percent penalty. And then 70 and a half is the

1 ranking criteria, and you guys did a good job of doing

2 your homework there and getting it back to us, and 3 she's reworked the CIP plan for you based on those

4 rankings. There wasn't a tremendous amount of change

in the plan.

I think a couple things -- there are basically three things that would -- what I'm looking

for input tonight is, number one, on the rankings and

the five-year plan itself. We can walk through that.

10 Number two is the street paving program 11 itself. There is a list of street programs. You'll see in the capital improvement plan on page two of the

plan under Paving Works and Paving-General (Citywide),

you see there's \$155,250 -- that's the current year's

15 LMIG money -- next year's LMIG money and a \$3,000 contribution from the General Fund towards paving, and

that is intended to accelerate that paving project.

So under that budget, we were going to look 19 at the list of streets and start selecting those

streets for -- for which projects in the next fiscal

21 year we want to do. And that needs to happen

22 relatively quickly because we have to let GDOT know by

the end of the year what the -- what streets we're

going to do next year. 24 25

But again, if you look in the budget, we've

Page 4

1 got budgeted in the capital improvement plan, streets; paving each year in a more accelerated fashion.

We currently -- we were getting \$55,000 from 4 GDOT and now we're going to get \$67,000 per year for paving. We were recommending in the plan that we add to that. We could, if you would like --

As you'll notice in the plan, we took the 8 Iron Sky project out completely because that wasn't 9 anyone's priority, and the Chief said it's not something that's a real priority for us right now so 11 let's remove that.

12 We could add money into that. If you look at the \$155,000 number, for example, you could say, 13 "Well, let's round. Let's make that \$300,000 in year one and really get a jump start on the street paving," which needs to happen. There's a lot of paving that needs to get done. That would give you a lot more ability to get a lot done this year and then give you maximum flexibility on which streets that you can do in the years two, three, four and five of the CIP. 20

And again, you'll decide on which streets get paved every year in that budget. And Luke has supplied the list of streets for you. We don't have 24 to go directly by the GDOT list and their rankings 25 because of the engineering opinion of which streets 1 going to have a refurbished city hall here? Are we

2 going to do nothing? that sort of thing. So we need

3 to think about that, because it plays into

4 refurbishing the courthouse, refurbishing the library and those sorts of things.

So those are important considerations you need to make, and we need to start that conversation now, because the time frame, five years is going to happen real quick. When it starts to happen, it's going to happen very quickly. We need to be ready to discuss, okay, this is what we want to do, and we've already planned it out; we know -- we've already budgeted for it, we've got it in the plan, and get the money identified and how to pay for it.

15 So with that, I'll invite Lisa up to kind of walk you through how she calculated the rankings and take a look at the five-year CIP.

MS. FERGUSON: Okay. So what I did was I took your sheets and I added up all the points for each project, and I divided it by five because I had votes from five separate people, and we gave everybody an average score.

And then we took the list of everything --24 we separated the stormwater projects because that's 25 kind of a separate bucket of money and we didn't want

Page 42

1 are worse.

21

And I always think when you're doing street 3 paving especially that there has to be a proper 4 geographic distribution throughout the city to make 5 sure that, you know, tax dollars are going back to 6 everybody more evenly, regardless of sometimes there 7 might be one street that's worse off that might have 8 to wait until the next round of funding. So that's just something we want to consider.

And a third point that we've talked about 10 11 and in light of the potential redevelopment of the GM 12 site, we have to think about where is the seat of government going to be in five years? If and when the 14 redevelopment occurs, they're planning -- you know, if there is a town center in that area, do we want the seat of government to be there? And that's a decision you-all have to make because there's a lot of things 18 in the CIP over five years that -- you know, we don't want to put a tremendous amount of money into buildings if these aren't going to be the buildings of government in five years or if we're going to be, you 22 know, disposing of those buildings, that sort of 23 thing.

So we have to put some thought into are we 25 going to have city hall in a new location? Are we

1 to get that mixed in with what we were doing.

Basically, we just took the list, sorted it 3 by the highest score to the lowest score. The first

4 10 projects got a priority of one, the second 10

projects got a priority of two, the third 10 was three. Section number four is a little bit short

because we had several projects with the exact same

score, and I didn't want to split those, so they got

dumped into five.

10

Surprisingly, all of the stormwater projects were within .2 of each other, so we really didn't change the priority on any of those. We kind of left that one where it was.

And once we did the rankings, we kind of 15 went back and looked at where we had put the projects 16 in year, one, two, three, four or five. And we kind of tweaked the arrangement of the projects so that your priorities were in year one and two and then the 19 things that you had put lower on your list are in like 20 years four and five.

There are some projects that have very high 21 22 rankings that are not in year one and two because there's another project that has to be done before we 24 can do that project. One thing that comes to mind is 25 the park master plan. We need to do the park master

```
Page 45
 1 plan before we do the pool upgrades so we'll have a
 2 good idea of what we want to do. So both of those
 3 ranked very high, but one has to come before the other
 4 one. So the pool upgrades are -- I think they're in
   year two or three.
         Does anybody have any questions?
 6
 7
         MAYOR PITTMAN: Ms. Alexander?
         COUNCILMEMBER ALEXANDER: I thought that the
 8
  Honeysuckle bleachers was going to come out of
   stormwater because stormwater is causing the issue.
11
         MS. FERGUSON: There is a portion of it
   that's going to come out of stormwater, and that is
   reflected in the budget for these. There's a
   component that is stormwater and there's a component
   that's general fund or HOST.
15
         COUNCILMEMBER ALEXANDER: Okay.
16
         MAYOR PITTMAN: Ms. Pachuta?
17
         COUNCILMEMBER PACHUTA: Huh-uh.
18
         MAYOR PITTMAN: Mr. Patrick?
19
         COUNCILMEMBER PATRICK: No.
20
         MAYOR PITTMAN: Ms. Fleming?
21
         COUNCILMEMBER FLEMING: Yes. Are we
22
   discussing the whole thing right now or just --
23
         MS. FERGUSON: Yes. Yes.
24
         COUNCILMEMBER FLEMING: -- ones and twos and
25
                                                      25 asking for the date and a copy of the minutes for that
```

Page 47 COUNCILMEMBER FLEMING: Before Ms. Stephens 2 left, she had purchased the red domed --COUNCILMEMBER PATRICK: Jungle gym. COUNCILMEMBER FLEMING: -- jungle gym that 5 you have to be 8 to 12 years old to, you know, climb 6 on. I mean Mr. Patrick's four and almost six -right? -- year-olds can't really climb on them very MS. FERGUSON: We will make sure that we get 9 10 Phase I completed before we commit to Phase II. 11 COUNCILMEMBER FLEMING: We took down, as I mentioned on my notes, a fort-type structure with slide, and that had been up there for 20 years, and so I'm a little bit discouraged about that. Also I want to talk about the street resurfacing. Dr. Gillen, I sent an email on November the 11th --18 DR. GILLEN: Yes, ma'am. COUNCILMEMBER FLEMING: -- at 3:29/3:30 in 19 the afternoon, have not received a reply yet. It was in regards to the item on resurfacing discussion agenda item that we had had a couple of months ago about streets that were presented to us.

Page 46 Page 48

1 so forth?

In regards to Halpern Park Phase II, I know 3 it's got a number two on here, but we haven't finished 4 Phase I, and I made those comments.

MS. FERGUSON: I talked to Rip, and he is 5 under the impression that we have finished Phase I. 6

COUNCILMEMBER FLEMING: We have not finished 7 8 Phase I.

9 MS. FERGUSON: Okay. Then we need to go 10 back and talk to him again.

COUNCILMEMBER FLEMING: Because we have not 11 12 replaced the equipment that was in there. Have we,

Mayor Pittman or Mr. Patrick? We have not replaced the equipment that was in there to begin with. And

that was part of the original outline for Phase I, and so I'm a little bit discouraged about that.

MS. FERGUSON: Well, I talked to him, and he 17

said that all the playground equipment had been installed.

COUNCILMEMBER FLEMING: Well, the only --20 21 there has been no playground equipment purchased --

MS. FERGUSON: Uh-huh. 22 23 COUNCILMEMBER FLEMING: -- at all for

24 Halpern Park.

25

MS. FERGUSON: Okay.

1 item, because, at that time, I remember commenting

And I don't recall the date, and I was

2 about Park Avenue and New Peachtree potholes needed to

3 be repaired, I mean, because that's --

DR. GILLEN: Right.

COUNCILMEMBER FLEMING: -- the beginning of 5

6 our city. And I made a comment that Ms. Alexander had

7 even questioned why Carver Drive was at the top of the list. And I don't see that list incorporated into

9 this list, before I even discuss this, because Carver

Drive, even though --

DR. GILLEN: Right. 11

COUNCILMEMBER FLEMING: -- it's -- first of

all, it's a displaced subdivision, and I feel very

sorry for that subdivision, and they don't need to be

neglected. So Carver Drive definitely needs help, and they are down on this list.

I have one pothole on my street, and I'm

about 10 on this list above Carver Circle and Carver Drive. I have one pothole. That's the only thing

wrong with my street. Okay?

So I don't know who did --21

Did Dekalb County do this ranking or did we? 22

23 MR. LUKE HOWE: They use a system called 24 COPACES, which is a computerized rating system. It's

25 basically a truck with a computer on it that drives

10

15

17

18

19

20

21

22

25

1

24 mind.

3 is poor, 10 to 20 is --

these minutes.

6 neglect a displaced subdivision.

reporter, and I think it was --

but I did -- I did look for it.

the cell phone issue.

minutes of that meeting, I believe.

Page 52

Page 49

8

1 instance. If that is a priority for the Council, that

one can be done first. So I just want to make sure

we're clear on that --

4 COUNCILMEMBER FLEMING: Okay.

DR. GILLEN: -- that that power is in your

hands as far as which streets we're going to do each 7 year.

COUNCILMEMBER FLEMING: Okay. That's fine

9 And then the other comment I want to make,

even though there are decisions that we have to make

regarding whether we do or don't move the city

complexes to the former GM property, that is five years down the road.

DR. GILLEN: Yes, ma'am. 14

15 COUNCILMEMBER FLEMING: As far as allowing

our present locations to deteriorate, and I don't want that happening. 17

DR. GILLEN: Neither do I. 18

COUNCILMEMBER FLEMING: So the moneys that 19

we need to upgrade the bathrooms in the library,

whatever the court needs for their specific

functioning, we definitely need to use those moneys to 23 upgrade.

And as far as us making a decision or the 24

25 City Manager and Council making a decision, I think

Page 50

6

7

COUNCILMEMBER FLEMING: Mr. Patrick --

DR. GILLEN: I want to get to the point

CLERK BRYANT: Yes, ma'am.

1 over each street in the county and assigns a rating.

2 30 plus is -- is very -- is bad or very poor, 20 to 30

5 one pothole. So what I'm saying is I don't want to

I did forward it to Sandra, and she sent you the

11 this. I received the city manager minutes and so

forth and so on from that meeting, or the cell phone meeting. I received those minutes. I didn't receive

looked for the agenda for that particular meeting and

also the minutes that we received from the court

COUNCILMEMBER FLEMING: Well, I have exactly

DR. GILLEN: Right. On this, to your email,

COUNCILMEMBER FLEMING: I have not received

CLERK BRYANT: No. I forward -- I sent, I

COUNCILMEMBER FLEMING: I received that for

CLERK BRYANT: I can resend it to you again,

COUNCILMEMBER FLEMING: Please, if you don't

3 about the list. What I talked about before with the

priority of the streets, we don't have to stick to the 5 ranking system that GDOT had. They're not as strict

on that as they used to be for use of LMIG money.

So what we need from you is input on, under 8 whatever budget we set for year one, which streets do

you want to do? So it's up to you as a council to

10 decide that. We're not going to tell you which

streets to do first, because you guys are the ones

that know where the real issues are and as far as

where the citizens want their money spent. 13

So what we're looking from you is how would 14

you rank that list? Which one would you choose? And as council as a whole, deciding on, "Okay, under this

budget, we can do this many miles of streets or this

many blocks of streets. Well, this is how we want to

prioritize that money for this fiscal year." For the

next fiscal year, we'll come back and do the same

process again in every year. 21

So even though you say, "Well, I want to do 22

that one in year two," next year you might decide,

"Well, that one's unimportant to me, and now we're

25 going to do this one." Sort of like Carver Drive, for

1 that needs to be fully vetted with our residents --

DR. GILLEN: Yes, ma'am.

3 COUNCILMEMBER FLEMING: -- in a poll,

because we need to know about how the transportation

is going to get us over to the GM property.

DR. GILLEN: I agree with you --

COUNCILMEMBER FLEMING: All of those -

DR. GILLEN: -- 100 percent. 8

COUNCILMEMBER FLEMING: All of those thing

have to interplay with each other before we make a decision. 11

DR. GILLEN: We agree. You and I agree 100 12 13 percent on that. What I want to make sure is we have 14 that in our thought process, that if we're going to do

15 a major renovation, is that what we want to do now, or

16 do we want to wait to make sure we haven't decided to

move, you know; because if we are going to stay here, we need to refurbish all of these buildings because

19 they're -- they're getting antiquated -- the library

20 especially, the civic center and the courthouse. So

21 do we refurbish each individual building? Do we

22 condense the campus and build a different type of

structure that could house everyone? All those sorts

24 of things we need to be looking, you know, down the

25 road, in the next five years, we need to be thinking

7

Page 55

Page 56

```
1 about.
       COUNCILMEMBER FLEMING: All right. Thank
2
3 you.
4
       DR. GILLEN: Thank you, ma'am.
       MAYOR PITTMAN: Okay. Anyone else have
5
 comments?
6
       COUNCILMEMBER ALEXANDER: Mr. Patrick did
```

have. 8 COUNCILMEMBER PATRICK: In one of our LCIs, 9 10 did we contemplate moving or discuss moving the

government to the General Motors area? And if we did, then maybe that issue has already been spoken to us by the residents. 13

DR. GILLEN: I don't think it's been 14 15 addressed clearly. I think there is a redevelopment plan of this area that includes it as government center. But there is discussion in the LCI about potential, if I remember correctly, but as a specific plan of action, no, I don't believe that's -- that's the specific plan of action. 20

From my perspective as administrator of the 21 22 organization, we just need to figure out where we're going to go at some point. It doesn't have to happen 24 immediately, but, you know, a year from now we're 25 going to be -- And if the development's happening,

1 you decide to go that route.

MAYOR PITTMAN: Okay.

COUNCILMEMBER ALEXANDER: I did have some 3

4 more comments about the street paving. I wasn't -- I don't want to be misunderstood that I was wanting to

neglect a certain neighborhood --

COUNCILMEMBER FLEMING: No, no, no.

COUNCILMEMBER ALEXANDER: -- in the city. 8

COUNCILMEMBER FLEMING: No, no. No, you 9 weren't. I'm sorry. 10

11 COUNCILMEMBER ALEXANDER: But you know, I would really like to know how they come up with their rating system, because I was thinking more of the aspect of -- of what is the greater impact, I mean. There's 15 houses on my street. If you pave New Peachtree Road, I think that's going to have a little

bit more impact than, no offense to my 14 neighbors, than our little short street.

Also on this list, I assume that we got from 19 20 the State, some of these streets are not even in our jurisdiction or perhaps only a quarter of the street 22 are in our jurisdiction. Bagley Drive, I believe we

only have four houses on one side of Bagley Drive that are in our city; all the property is in unincorporated

25 Dekalb at this time. So that would be -- And Laurel

Page 54

Page 53

1 Oak Court is the same way: only half of Laurel Court

2 is in the city except for two houses on the other

3 side. So that's going to have some challenges, too,

4 because that is even split jurisdiction between

5 counties.

DR. GILLEN: You hit the nail on the head, and that's why this decision needs to fall in the

hands in the elected officials, because --

9 COUNCILMEMBER ALEXANDER: So --

10 DR. GILLEN: -- you know where the -- where 11 the best --

COUNCILMEMBER PATRICK: Is there any --12 13 DR. GILLEN: -- use of those dollars are.

COUNCILMEMBER PATRICK: -- data on traffic 14

flows on different streets?

COUNCILMEMBER ALEXANDER: That was one of the things that I was wondering why GDOT doesn't

incorporate traffic-count studies with the analysis of

the street, because I would think that would be a

calculation that they in turn would use for the

durability of the pavement that's applied to it,

because the traffic on Buford Highway is going to be a

lot heavier than traffic on --

DR. GILLEN: Yeah. And I'm not familiar 25 with their rating system, and Luke says they do not

1 it's going to start happening quickly. We need some 2 lead time for proper planning, and sale of the

3 property if we move from here if we choose to sell the

4 property, or do we choose to redevelop it? All those

5 sorts of things that the Council needs to make the

decision on and decide which direction we want to go with it. 7

COUNCILMEMBER FLEMING: In the second LCI. 8 9 if I'm not mistaken, because I worked on it --

DR. GILLEN: Uh-huh. 10

COUNCILMEMBER FLEMING: -- quite substantially, is that it shows our properties as a potential high-dollar redevelopment, and that because our -- our complexes here could come across as a high-ticket, high-dollar --

15 DR. GILLEN: Yeah. 16

COUNCILMEMBER FLEMING: -- item for us if we 17

sell it to a big developer, but it doesn't actually put the complexes over into the GM area. I think that's up to the prospective developer for the GM.

20 DR. GILLEN: Yeah. I mean that could all 21 22 change. This is a dynamic process. But we need to be -- we need to be thinking about that and which way we 24 want to go. We are sitting on very valuable real

25 estate, so you would have funding to reconstruct if

Page 53 - Page 56 (14)

Page 5?

Page 6

Page 57

1 use traffic counts.

I think what the engineers are looking at is the current condition of the road, a snapshot: here's what the road condition is, this is what we see is underneath, so this is how we rank them.

5 underneath, so this is how we rank them.
6 But I would always advise against letting
7 engineers -- no offense to the engineers in the room 8 - decide on how to spend tax dollars in the city,
9 because if you did, it would be on very strict
10 engineering criteria that's in a book somewhere and
11 get little into, you know, what are the neighborhood
12 effects that would fall under this? And what about
13 that part of the city that may not get as much traffic

but its road is kind of crummy on the surface, it has
a great base level, and the engineers say, "Well,
that's fine. It's going to last another 30 years,"

but these people have been paying taxes and never gotten their street repayed.

So those are the considerations that you guys take into effect when you rank these as far as, "Okay. We're going to do two miles of road. Well, let's do these five pieces and get those done this year."

24 COUNCILMEMBER FLEMING: Well, resurfacing to 25 me is extremely important, but more importantly are

1 going to pave a road, you're going to have a pothole

2 pop up eventually within a year or two. So I think

3 those are two very important discussions we need to4 have.

COUNCILMEMBER ALEXANDER: Can we try to contact the County and get them? because I don't know how many times you've been mailed about that one ir front of the MARTA station, and I hit it Friday night so.

DR. GILLEN: Yeah. We have been -- every time you contact us or every time a citizen complains, we contact the County about the pothole service. I think they're stretched pretty thin, and we have to take that in consideration. Is that a task that we want to undertake?

16 COUNCILMEMBER PATRICK: Any idea when we'r 17 going to have that DMA representative come talk with 18 us?

DR. GILLEN: I talked to Mr. Baggett, and he can be available. He was pretty busy these last two months because they're dealing with the annexations and new cities.

So let me talk with him again. I think we have a policy meeting on Monday --

COUNCILMEMBER PATRICK: Okay.

Page 58

3

1 all the potholes that we presently have that need to2 be identified and say, "Hey, let's -- I mean this --

3 like I said, the one pothole on my street is about 8

4 or 10 inches deep --

5 DR. GILLEN: Uh-huh.

COUNCILMEMBER FLEMING: -- you know, and so
we need to identify the potholes and let's get those
repaired so that at least --

9 I mean even if Public Works can, you know, 10 put in concrete or something until --

DR. GILLEN: I don't disagree with you at all, but we are dealing with two separate issues.

We're dealing with the street paving process and then the ongoing maintenance, which we are under the SDS,

the Service Delivery Strategy, which I think is another discussion we need to have. Are we satisfied

17 with the level of service we're getting from the

18 millage rate we're paying, and can we provide a better

19 service if that millage rate would have been on us,

20 and can we buy it more timely? And I don't know the 21 answer to that question yet.

But I think it's a separate discussion that needs to happen from this, because I don't want to

24 confuse the two issues. They are two separate things,

25 ongoing maintenance versus the paving, because you're

DR. GILLEN: -- and I'll talk with him about what date he could come.

COUNCILMEMBER PATRICK: Great. Thank you MAYOR PITTMAN: Okay. Anyone else?

DR. GILLEN: Okay. Again, there is -- we'll be bringing this back. This is an ongoing discussion.

7 But we do have to make a decision on the plan as a whole. But I wanted to point out, just make sure we

9 understand how this unfolds.

If you adopt the CIP, let's say, "Hey, this looks great. Let's adopt it, you know, next meeting," that doesn't mean that you're going to -- these things are automatically done. It just means that it enters into our budget, we make the budget, make sure that these projects go in the proper departments.

And for like purchasing the financial software, we'll be coming back to you hopefully in January. That's part of this.

So there's going to be some of this stuff
kind of ongoing as you approve the whole plan. It
also doesn't mean that if you fund something next
year, you say, "Okay. This is in year two," that
doesn't guarantee we're going to fund it next year,
because next year, we're going to have the same

25 discussion and you may shift things around. It's a

1 dynamic document.

And you guys have to approve like the street paving. If you were to say, "Okay. Here's those streets we want to do," that doesn't mean that we just go out and hire a firm to come do it. There would be a bid process. We'd get an engineering firm to develop the bid documents, they would open the bids and bring back the projects to you for approval. So there's several steps to the process.

But I think one important note is we need to make a decision on the streets relatively quickly, so we need to be thinking about what the next step is there because I think GDOT -- to use the LMIG funds, we got to get the street name, identify those by the end of the calendar year.

MR. HOWE: By the end of the calendar year, and if we're --

DR. GILLEN: For one year.

MR. HOWE: If we're going to spend, say, \$300,000, then, you know, it typically costs -- if you bid it out, it typically costs anywhere from 10 to 30 dollars a linear foot to resurface. So conserva-

23 tively, \$300,000 is about 300 -- three -- three miles of a standard two-lane road.

The only time we've bid it out, it came in

1 to let them know which ones you want to do.

DR. GILLEN: So the budget document you've got in -- the CIP document you have shows about \$155,000 in total funding in year one for resurfacing.

5 So using that rule of thumb -- that isn't going to be

6 exact -- it's about one and a half miles worth of

7 street. So it's about a million dollars a mile.

8 That's just from what we've seen in other -- other

9 projects. So if you want to add to that, you can do

10 more. So it kind of gives you, as you work through

11 your list of projects, "Well, I got about a mile and a

12 half with this. Here's the priority that I would like 13 to see."

Does it have the mileage on there? Do we know for sure?

MR. HOWE: Yes, sir. It has the length of the section.

DR. GILLEN: Here it is. Thank you.

MR. HOWE: This is Dekalb County data.

DR. GILLEN: In addition, one of the things that we're proposing in this, typically we take the

22 LMIG money and pass this through to Dekalb and they do

23 the project.

Well, what we want to do is, if we're putting our own money into this, we think -- we're

Page 62

Page 61

Page 64

1 at about \$15.00 a linear foot, so.

DR. GILLEN: And correct me if I'm wrong, Luke, but what number -- the streets we have to get them in by the end of the calendar year has to be those we're going to fund with the LMIG dollars themselves.

So if we add dollars in, we're going to need to let GDOT know that by the end of the calendar year so there is some flexibility on which streets we want to do, because in this proposal, there is additional dollars added in.

COUNCILMEMBER PATRICK: So we have two miles of funding that we can handle or is it three miles?

DR. GILLEN: Right now, it looks about one and a half miles with \$150,000, basically, funded.

MR. HOWE: The total -- the total State funding, what we didn't use this year plus what we'll get next year is \$124,000. It's about -- it's close to \$125,000. And Dr. Gillen is proposing this three hundred, and the rest of that would be our money.

20 hundred, and the rest of that would be our money.
21 Under LARP, you had to go in order and you
22 had to pick the ones -- you had to go with the ones
23 that they rated the worst and you had to go in line.
24 Under LMIG, it's a little bit more flexible.

5 You can resurface anywhere you want to; you just got

1 pretty darn sure we can get better pricing if we did

2 the bid ourself, because we're getting charged for

3 their equipment and time that's a little above what

4 the going rates are.

So we think we can get more bang for our buck just combining the LMIG money with our own and getting the bid out ourselves, which we would then -- initially, we would put an RFP out for a civil

9 engineering firm that would handle the process of 10 preparing the bid documents, making sure all the bid

specs are met, and then those would come back to the Council. And then that company, that firm, would then

manage the project, make sure that the contractors are doing what they're supposed to be doing it and doing

15 it on budget.

MAYOR PITTMAN: Dr. Gillen, thank you very much. Appreciate it.

Okay. Next is the Stormwater Infrastructure Policy, Cecil.

ATTORNEY McLENDON: All right. Mayor and Council, as we had previously discussed, what we've done is put together just a draft stormwater policy here, something for y'all to look at and sort of think

about and decide where we go.This is a very simple policy. The big issue

Page 65

1 on stormwater repairs, first issue that always comes 2 up is who owns the stormwater infrastructure. Is it

- 3 the City responsibility to repair it or is it the
- 4 private property owner's responsibility to repair it?

What this policy does is it just states that

- 6 the first step of any stormwater request is for us to
- 7 look at it and determine -- make a determination as to
- whether it is a City responsibility or private
- property. And then it talks about the factors that
- you would consider in determining whether -- you know,

11 deciding that issue.

- If it's located in or adjacent to the right-12 of-way, if it's in an easement dedicated to the City
- 14 that's been specifically dedicated to the City. You
- know, is it not in one? Is it not in an easement area
- that's been dedicated, and is it something that's been
- approved in a subdivision plat when the subdivision
- was approved by the County or the City? Was it
- infrastructure that was shown connected to the road
- and approved? 20
- Another thing you'll find on these systems a 21 22 lot is you'll come in, and whatever might have been
- originally approved has been added on. Over the years,

2 determination of: yes, the part of the infrastructure

6 be one that had a pipe that went under the road, a 7 headwall on both sides, and it was totally within the

right-of-way. That's a City project, obviously.

you would look. Is there an easement already in

the system? Has it been extended?

If it goes outside the right-of-way, then

place? If there isn't an easement, is it connected to

Under this policy, you go through that

I mean the second part of this is really

very simple. The classification system is, If this is

category 1; go fix it. Fix that immediately, get on

If it is rapidly degrading, that becomes the

an immediate danger or threat to public safety,

23 next category, and it allows for just a prioritization

25 you'll get complaints. People will call in and say,

24 because how these will work if you have a program is

14 analysis, and a determination is made yes, that is the

City's, or it is not. At that point, it moves into a

3 which you're complaining of is broken. It is the City

I mean the first easy one to look at would

people have come in and extended systems.

1 a case-by-case basis to be able to make that

4 responsibility or it's not.

classification system.

25 All those things are basically looked at on

- 1 "There's a pipe and it's -- You know, I have sinkholes
- 2 in my yard and there's a pipe there." And then staff
- can go out, review it, take pictures of it. Come
- back, we look at it.
- If it's clearly the City responsibility, it
- goes on the prioritization list, you know. If it
- immediately needs to be done, it goes up to the top of
- the list; if it's just cosmetic in nature, it goes
- down to the bottom. And you are continually working
- through that list of projects with your stormwater
- funds, making sure you're on top of your system.

This also states that if there's an 12

- emergency situation, the City has the right to go in
- under the police powers, especially with the drainage
- easement areas that are established. I have seen that
- has unfortunately happened where something may be or
- private property, but it backs up, gets plugged, and
- all of a sudden, it's about to flood everybody in the
- neighborhood. And under this policy, the City goes in
- under their police powers and can rectify that
- situation to avoid damage to property.

Those are the big components to this. It's really relatively simple. This sets forth the policy

of how you address the issues.

There are other issues that, as you come

Page 66

25

1 forward and you would take a project on, you know, we

- would come in and need to make sure we had the proper
- rights in place to go in and fix it.
 - And one of the things I think that the City
- Manager and I have talked about is that when you go in
- and fix these, document it. Get your easement in
- place so in the future, 20 years from now, 30 years
- from now, if it breaks again, there is an easement
- document there. Everybody knows it's the City
- responsibility. Once we touch something, we eliminate
- the question in the future and -- and hopefully as we
- go through and we clean this process over time, that
- we get all the ambiguity out of it.

So that's really the basics of this. It's a

draft document. I welcome you to tear it up and give me suggestions. 16

MAYOR PITTMAN: Okay. Ms. Alexander? 17

COUNCILMEMBER ALEXANDER: No. ma'am. n 18

19

- MAYOR PITTMAN: Ms. Pachuta? 20
- COUNCILMEMBER PACHUTA: Huh-uh. 21
- MAYOR PITTMAN: Mr. Patrick? 22
- 23 COUNCILMEMBER PATRICK: Do we have any kind
- 24 of map or documentation showing our existing
- 25 facilities or structures and that we made public so

21 top of that.

13

16

17

Page 72

Page 69 1 that we can get better information to make a decision? ATTORNEY McLENDON: We do. The City has 3 conducted a stormwater infrastructure inventory in the past, and that's one of the documents that will be brought into play. Any time somebody came up and 6 said, you know, there's a problem on this property, you would pull together -- how you basically do it is you pull together all the documents you can find. You'll go get the plats if they exist that 10 show the original subdivision plats. You'll pull up your inventory, your stormwater inventory, and it'll show you what they've located in the field is out there, and just any relevant documents that even -- if people request us to look at it, we even say, you

because we're reviewing all that." But there is a stormwater inventory that the 17 City commissioned in the past, and it's a great document that provides a ton of information.

know, "Do you have anything relevant? Bring it,

COUNCILMEMBER PATRICK: Could that be made 20 public? 21

ATTORNEY McLENDON: I think it probably is 22 public, but it's -- it's a document that's out there. 24 I don't know if it could be put on the Web site or 25 anything like that but --

1 would know --

ATTORNEY McLENDON: -- a good suggestion. COUNCILMEMBER FLEMING: -- how it reads, if 3 4 you don't mind.

ATTORNEY McLENDON: I think that's a great 6 suggestion, and -- and we could put a section that 7 would say the standard City document and have it

incorporated. Actually, that's a -- I think that's a

great idea.

10

11

12

23

MAYOR PITTMAN: Anyone else? (No response)

ATTORNEY McLENDON: So if that's okay, --I'll make that modification and we'll get a standard easement section with standard documentation included and bring it back to you.

MAYOR PITTMAN: And the next item is yours, 16 Mr. McLendon. 17

ATTORNEY McLENDON: Actually, Mr. Felgin presented this to you last time and I was going to let him do that again, and I think he's made some changes based upon the conversation with the Council.

MAYOR PITTMAN: Thank you. 22

ATTORNEY FELGIN: Evening.

MAYOR PITTMAN: And for the citizens, it's 24

25 Amending the Charter --

Page 70

ATTORNEY FELGIN: Not the Charter.

1 MAYOR PITTMAN: -- Chapter 23. 2

ATTORNEY FELGIN: Chapter 23. 3

MAYOR PITTMAN: Chapter. Chapter 23,

Zoning, to Revise Procedural Provisions and Other Inconsistencies.

ATTORNEY FELGIN: All right, Mayor and Council, pursuant to our discussion last time, there have been some revisions made to this document. The

cover memo details exactly what were made. I'll quickly go through them.

In Section 5 and Section 6, revision to the use regulations in order to comply with RLUIPA, which is the Religious Land Use Act, there is a currently an amendment going through the Planning Commission regarding tents in the city, and so what I've done is revised these provisions to refer to separate city ordinance concerning tents, because a lot of the religious provisions had exclusions for use of tents.

And so in order to make it equal throughout 20 21 the city and that's what the provisions are coming through separately right now, they basically refer to separate provisions of the ordinance concerning tents. 24 A very small change.

All instances of the term "Planning

DR. GILLEN: I'm not sure I like the quality

2 of the pictures are. Once the GIS system is in the

3 works and once that's completed, we'll definitely have

available specialized maps to locate that as well. 4 5

COUNCILMEMBER PATRICK: Okay.

DR. GILLEN: We're about I'd say 90 days out from that being complete, but we can find what we got and see how we can get it up.

9 MAYOR PITTMAN: Ms. Fleming?

COUNCILMEMBER FLEMING: So this has not been 10 adopted by Mayor and Council; this is just a draft? 12

ATTORNEY McLENDON: This is what we had said 13 last time: that I'd put a draft just for y'all to

14

15

22

COUNCILMEMBER FLEMING: Okay.

ATTORNEY McLENDON: -- and think it through. 16 COUNCILMEMBER FLEMING: I find this to be an 17

appropriate policy.

What I would also like to see is a copy of 19 20 an easement --

ATTORNEY McLENDON: Uh-huh. 21

COUNCILMEMBER FLEMING: -- request attached

23 to the policy so that it's part of the package.

ATTORNEY McLENDON: I think that's really --24 25

COUNCILMEMBER FLEMING: -- so that Council

Page 7

Page 73

- 1 Director" have been changed to "Community Development
- 2 Director" since the title of the Planning Director has
- 3 been changed to Community Development Director.
- In Section 9, I had met with the Community
- 5 Development Director and discussed certain aspects of
- 6 Section 23-1402(A). If you go back to that section,
- 7 it concerns limitations on the grant of variances.
- 8 And I didn't look at those last time because I -- I
- 9 just transferred them all whole, but there's a couple
- 10 of them that are outdated according to our Planning
- 11 Director/Community Development Director, and have
- 12 really no application to our Zoning Ordinance as a
- whole right now, and that's Subsection (4) and
- 13 whole right now, and that's Subsection (4) and
- 14 Subsection (6).
- I believe Subsection (4), the -- the
- 16 limitation on the allowed parking in a front yard in
- 17 an old -- quote/unquote "old district." I believe
- .8 Councilmember Patrick had asked last time what that
- 19 actually meant, and so we had to take a look at that,
- and we noticed that actually we don't really have
- 21 those restrictions, so there's no point in getting a
- variance for something that doesn't really have a
- 22 variance for something that doesn't really have a
- 23 restriction.
- And Subsection (6) is kind of the same way.
- 25 Discusses flood contour elevation. It's outdated and

2 flood plain ordinance that take care of that, so that

3 has been suggested to be removed.

- 1 separately a memo at the request of Councilmember Dear
- 2 concerning nonconforming use regulations as requested
- 3 I don't have a copy of it here, but all of you-all
- 4 should have received that, and I can take questions or
- 5 that as well.
- Those were basically the changes made since
- 7 last time and we can discuss if you have any
- 8 questions.
- 9 MAYOR PITTMAN: Okay. Ms. Alexander?
- 10 COUNCILMEMBER ALEXANDER: Can you star
- **11** with --

13

15

- MAYOR PITTMAN: Ms. Fleming?
 - COUNCILMEMBER FLEMING: No thank you
- MAYOR PITTMAN: Mr. Patrick?
 - COUNCILMEMBER PATRICK: There was a
- **16** question. For conditional use permits within a --
- 17 within a multi-tenant complex, wouldn't you want to
- 18 have a site plan to do parking calculations or is
- 19 there some other document that would cover that, that
- 20 requirement?
- ATTORNEY FELGIN: I'll defer to the
- 22 Community Development Director who made that
- 23 suggestion.
- MR. COOLEY: We do require the plan be
- 25 submitted but we don't need survey level --

Page 74

- 1 not relevant, and there are other procedures in the 1 COUNCILMEMBER PATRICK: Okay.
 - 2 MR. COOLEY: -- documents. They're
 - 3 extremely expensive for an individual to bear that
 - 4 cost, so doesn't seem appropriate and is not really
 - 5 needed, but we do require a count for parking to make
 - 6 sure.
 - Now, it depends on what it is. If it's a
 - 8 shopping center, there are set rates for shopping
 - 9 centers, so it would depend on the situation.
 - 10 COUNCILMEMBER PATRICK: Okay.
 - 11 MAYOR PITTMAN: Ms. Pachuta?
 - 12 COUNCILMEMBER PACHUTA: Huh-uh.
 - MAYOR PITTMAN: Ms. Alexander?
 - 13 WATOK FITTWAN, WIS. Alexander
 - 14 COUNCILMEMBER ALEXANDER: Sorry. I have
 - 15 questions.
 - On page 10 of 31, regarding the application
 - 17 for a variance and the time period, I just want to
 - 18 make sure I'm understanding the way this is written,
 - 19 because this says 24 months, 24 months, and then it
 - 20 says 12 months. So the time period is 24 months, but
 - 21 Council can waive --
 - ATTORNEY FELGIN: 12 months of that.
 - 23 COUNCILMEMBER ALEXANDER: -- 12 months of
 - 24 that.

22

25 ATTORNEY FELGIN: Yes.

Section 13, which is the Code Section 5 23-1501 regarding conditional use permits, we put in 6 the last time the different things that had to be 7 submitted as part of the application process. Again, 8 I met with the Community Development Director. And a 9 couple of them were revised slightly to make them not 10 mandatory, because in certain applications for 11 conditional use permits, those wouldn't really help. 12 Specifically, the requirements for survey plats are 13 really unnecessary if a CUP is requested for a 14 specific suite in one building, so we made those excluded from the requirement. On Section 10 in the variances and Section 16 13 which is CUPs, the reconsideration, the Council 17 discussed making those for a year instead of six months, so those were extended for a year. And finally, we discussed Sections 16 and 20 21 17. Talks about stream buffer. All references to 22 Dekalb County have been taken out because Dekalb

County no longer does anything for us regarding stream

Those were the changes. I had also sent

24 buffer.

Page 77 COUNCILMEMBER ALEXANDER: Okay. So we're 2 limiting ourselves --ATTORNEY FELGIN: Yes. I believe you said you could waive 18 months of that but y'all wanted to move that a little --COUNCILMEMBER ALEXANDER: Okay. 6 7 ATTORNEY FELGIN: -- further back, so. COUNCILMEMBER ALEXANDER: Okay. And then on 8 page 15 of 31, item (a) at the bottom. This is probably complete redundancy, but I had an issue with 11 an applicant that came before us with a rezoning 12 request, and the survey they brought us was over 25 years old and it did not have the current footprint of the building. 15 Now I see we're allowing survey that's

of the subject property and all buildings and
structures existing thereon." So are we to deduce
that the word "existing" is currently as in today?
ATTORNEY FELGIN: Yes, ma'am.
COUNCILMEMBER ALEXANDER: Okay. On page 19.
let's talk conditional use permits. So we are being,
we believe, discouraged from putting a time limit on
them, it staying with the land.

within 10 years old, "Indicate the complete boundaries

25 What about provisions for removing them such

1 straight 12 months.

2 ATTORNEY FELGIN: This is actually a 3 difference between an approved and a denied.

4 If you read, it says, "successive

5 applications for a conditional use permit shall not be6 submitted more than once every 12 months." And y'all

an reduce that requirement

7 can reduce that requirement.

However, if you have denied one, then you can't have one in less than 12 months.

Basically, if you've had a CUP approved and you're asking for another CUP -- like we had -- we just had the situation that if, for example, they got the CUP on the suite, and that was within the last 12 months, I believe, and then they came back and wanted to get in a new suite.

The problem we have here is that if you can waive that 12-month period, then they wouldn't be able to switch their CUP. But they were granted it, so you could waive it.

If they had been denied a CUP, we put in there that their cutoff was 12 months and y'all couldn't waive that. We can of course --

ATTORNEY McLENDON: I would just weigh in on that and say I think that makes some sense, because if you have a straight denial on that, then there is so

Page 78

Page 80

1 as we just had with the worship center at Clearview?2 Is there any provision in here that allows them to3 remove them and reassign them?

ATTORNEY McLENDON: You have that. Really it's a zoning action, and you have the ability to do a self-initiated rezoning.

COUNCILMEMBER ALEXANDER: Okay.

COUNCILMEMBER ALEXANDER: Okay. ATTORNEY McLENDON: So that already exists

9 in your ability to conduct a rezoning because the use opermit is, in essence, a zoning action.

11 COUNCILMEMBER ALEXANDER: Okay. But we 12 cannot put the --

ATTORNEY McLENDON: The automatic expiration 14 is -- it's just something under the law that I think 15 is very problematic.

16 COUNCILMEMBER ALEXANDER: On page 22, the
17 12-month time period, it confused me because it said
18 "Council may, by majority vote, waive or reduce," but
19 then it said, "shall be no less than twelve months."

So if we waive it to reduce less than 12 months, how can it be no less than 12 months, or am I just reading that correctly?

COUNCILMEMBER PATRICK: That was kind of the question that I had as well, and I thought we had mentioned it at the last meeting just making it a

1 sort of no issue left on the table.

If on the other hand, if you granted a use permit, you might have put conditions on that, you

4 know, you -- you would then have activity that was

5 taking place under that use permit, and I think you

6 would want to retain the flexibility to come in and

7 if, for instance, a condition that you put needed to

8 be modified, have the ability in your discretion to

9 revisit an approved application as opposed to -- and

10 it's discretionary -- but as opposed to being able to

11 say there's no way for us to fix this condition we put

12 in place even if it became something that was -- you

13 know, everybody looked at it and said, "You know, we

14 ought to change that," as they went in and were doing

15 the activity.

I think that's different than the denial
where you just said nothing happening, and then there
is no activity based on it.

So I think in this case, you probably would want to retain that discretion and flexibility in the event something came up through the process.

COUNCILMEMBER ALEXANDER: Okay. It still
doesn't make sense to me because it's saying we have
the ability to waive or reduce the 12-month period,

25 but the conditional use permit affecting the said

1 property shall be no less than 12 months. So what am I waiving? ATTORNEY FELGIN: Only if you have denied 3 4 it. If you -- if you look at the beginning of that sentence --COUNCILMEMBER ALEXANDER: I'm seeing it's 6 only if I denied it, but why am -- what am I waiving if it has to be 12 months? ATTORNEY FELGIN: If you've denied it, you 10 cannot waive that 12-month period. If you have 11 approved it previously, you can waive the 12-month period. That's the difference. 13

COUNCILMEMBER FLEMING: But it says right 14 here, like Ms. Alexander is saying, it says, "City Council may, by majority vote, waive or reduce this 12-month time interval provided that if the

application for a conditional use permit was denied. 17 18 COUNCILMEMBER ALEXANDER: Was denied.

ATTORNEY FELGIN: Was denied. 19

COUNCILMEMBER FLEMING: Was denied by the 20 Mayor and City Council. 21

ATTORNEY McLENDON: I think that we can --22 we can -- if it's confusing everybody, I think we can address the language, but I think what it's saying --COUNCILMEMBER PACHUTA: It's not written 25

1 last circuitous route.

Page 81

ATTORNEY McLENDON: But I think that is, i everybody is agreed, we'll get a sentence that says that clearly and says --COUNCILMEMBER PATRICK: One question I had

to go with that, though, is is so they file their application. How do they know we've waived the 12month period?

ATTORNEY FELGIN: It would be up to y'all 9 when it came in front of you-all for a hearing. 10

COUNCILMEMBER PATRICK: So we would go 11 12 through a public announcement --

ATTORNEY FELGIN: Yeah. You would --13 COUNCILMEMBER PATRICK: -- public 14 15 advertisement --

ATTORNEY FELGIN: -- still go through public 16 17 hearing.

COUNCILMEMBER PATRICK: -- it comes to us and we can say, "You can't do that?"

ATTORNEY FELGIN: Yes. There would be a 20 21 request in the application for a waiver. There would 22 have to be. The Community Development Director would tell this person that by ordinance, it's not been 12

months, so they need to request a waiver as part of 25 their application, so.

5

Page 82

1 well.

ATTORNEY McLENDON: Yeah. I think we can 3 address it --

COUNCILMEMBER PACHUTA: That is not written 4 5 well.

6 ATTORNEY McLENDON: -- but what it's saying is -- here's how it reads. 7

COUNCILMEMBER PACHUTA: Okay. 8

ATTORNEY McLENDON: Simplified, you can 10 waive the 12-month period, but if you denied it, then 11 you can't.

COUNCILMEMBER ALEXANDER: Okay. 12

COUNCILMEMBER PACHUTA: I think right now --13 14

COUNCILMEMBER ALEXANDER: Okay.

COUNCILMEMBER PACHUTA: -- it's all in one 15 sentence. 16

ATTORNEY McLENDON: Let me work on that 17 sentence. 18

COUNCILMEMBER PACHUTA: Even if you just put 19 20 a period in there, it would make more sense.

ATTORNEY FELGIN: I'm a student of -- of --21 22 COUNCILMEMBER PACHUTA: Commas?

ATTORNEY FELGIN: -- complicated sentences, 23 24 yes.

COUNCILMEMBER ALEXANDER: And that was my

ATTORNEY McLENDON: And this would only be a situation where somebody has a use permit, has begun to implement it, and then probably what happened is

when they got into permitting --

COUNCILMEMBER PATRICK: Right.

ATTORNEY McLENDON: -- or they got into some sort of an analysis, also of a sudden they realize, "Uh-oh. We got an issue." And then probably I would

9 say 80 percent of those at least will be something

10 that your Community Development Director has probably 11 talked to them and said, "Well, let's get it back up

in front of the Council and see if they want to address it." 13

COUNCILMEMBER FLEMING: But if a CUP ha 15 already been approved and they're already in the process of working on their building, why would we have to waive 12 months because they'd already been approved for the CUP. 18

COUNCILMEMBER PACHUTA: I can see -- and this is an example I'm picturing in my head. Let's say we gave someone a CUP and then put as a 22 requirement on there you have to build a sidewalk 23 here. And then they go to build it and Dekalb County 24 or Georgia Power's like, "No. We have a high powered

25 voltage line running right there. You cannot put the

```
1 sidewalk right there," which means they would have to
 2 come back before us: "Look, we have this CUP.
 3 Georgia Power says we cannot put the sidewalk there.
   Can we redo the CUP somehow?"
         COUNCILMEMBER PATRICK: I understand that
  part. It's just they're going to come to us, and we
   have to vote whether or not we want to waive on it
   or -- or --
         ATTORNEY FELGIN: Yes.
9
         COUNCILMEMBER PATRICK: -- grant them that
10
   waiver, which, to me, seems kind of an intricate
12
   process.
```

ATTORNEY FELGIN: That's fine. This is a 13 suggestion because it's standard to -- to not have them come every week with a CUP request.

COUNCILMEMBER PATRICK: Okay.

16 ATTORNEY McLENDON: And it's sort of that 17 tension between, okay, I came and applied for one CUP on this property for one thing, and then suddenly, within three months, I'm applying for another, and we 20 continue going down that sort of road. 21

So you have the ability to say, "No, you 22 can't do that for 12 months," but it still gives you the ability to do it.

COUNCILMEMBER PATRICK: Okay. So what if

1 CUP." It gives you that flexibility in situations like

2 that to waive the waiting period.

COUNCILMEMBER PATRICK: Okay.

COUNCILMEMBER FLEMING: But that's -- but it would be a different --

COUNCILMEMBER PATRICK: Different applicant.

6 COUNCILMEMBER FLEMING: -- different 7 8

applicant. ATTORNEY FELGIN: Yeah, but still it's the -9 COUNCILMEMBER PATRICK: It's the same --10

11 ATTORNEY FELGIN: -- same property --COUNCILMEMBER PATRICK: -- property owner. 12

ATTORNEY FELGIN: And so since the old runs 13 with the land, it would allow the property to have that ability.

ATTORNEY McLENDON: I would -- I think 16 different applicants would have a different -- it would be separate.

MR. COOLEY: Our conditional use permits are 19 based upon the individual suite as a property when they have a separate number.

I think where it really would come into 22 play, and I think you hit it right on the head when you were talking about if the Council put a condition 25 on the conditional use permit and, for whatever

Page 86

Page 85

Page 88

```
1 there's two different uses that want to go on -- two
2 different churches end up wanting to use the same
3 parcel of land. Church number one goes in first, and
4 they're approved. Church number two comes in, and now
5 we would say we have the right to not waive that 12-
  month requirement?
        ATTORNEY McLENDON: Joe? I mean I think
7
```

that would be different applications and we'd have --9 ATTORNEY FELGIN: Hold on. I'm trying to

understand. If they received the CUP already --10

COUNCILMEMBER PATRICK: Church one received 11 it -- that piece of land received a -- a -- CUP --12

ATTORNEY FELGIN: CUP for religious use. 13 COUNCILMEMBER PATRICK: -- for one religious 14 use to a -- to a suite, and then the next one comes

along and wants to do another religious use. 16

ATTORNEY FELGIN: To a separate suite --17 COUNCILMEMBER PATRICK: Separate suite. 18

ATTORNEY FELGIN: -- which is what just 19 happened. And this would allow you to waive that 12month period to be able to --21

COUNCILMEMBER PATRICK: Okay.

22 23 ATTORNEY FELGIN: -- give them the CUP and 24 remove the CUP instead of saying, "No. You have to 25 wait 12 months before you come back to receive the

1 reason, they cannot do that or it's problematic, if

2 someone wants to come in and modify a condition that

3 y'all have placed upon it, it's a whole new action.

So if there's that 12-month period where

5 they can come in, that y'all cannot waive, they're

6 stuck at that point. So they can't come back in

7 because it's a mod -- it's considered -- the

8 modifications of condition is considered a new zoning

action. It has to go through the whole process. So what it would allow you-all to do is

11 address -- I think primarily where you would see it would be when there is a condition for whatever reason cannot be fulfilled or if there's difficulty, an unforeseen difficulty or something like that, where it

gives them the flexibility to come back to y'all to say, "Yes, we've got a problem here. Would you modify

this condition?" 17

COUNCILMEMBER PATRICK: Right. MR. COOLEY: So that's where it really

addresses, I think, more than anything else.

COUNCILMEMBER PATRICK: Okay. All right. 21 ATTORNEY FELGIN: And I'll rephrase -- this 22

if y'all would vote to move this to the Planning

Commission stage, we'll rewrite this particular

25 sentence prior to it going there.

25

10

Page 92

1	COUNCILMEMBER FLEMING: Could I ask another
2 qu	estion?

- 3 MAYOR PITTMAN: Uh-huh.
- 4 COUNCILMEMBER FLEMING: In regards to
- 5 Ms. Alexander brought up, if I'm not mistaken, the 6 removal of CUPS,
- And I think the time period if I'm not
- 8 mistaken, was 24 months. Is that correct? Removal of
- 9 CUPs from a property, weren't we talking about --
- Maria, what page was that?
- ATTORNEY FELGIN: Huh-uh. We were talking about --
- MR. COOLEY: It's page 10.
- 14 ATTORNEY FELGIN: -- if the Council wanted
- 15 to remove one, they would have to go through the
- 16 process again.
- 17 We're not talking about the -- The 24-month
- 18 period is only in the rezoning action or a variance to
- 19 allow them to come back to have another rezoning of
- 20 the same property, and you could waive that to about
- **21** 12 months.
- But the removal of a CUP, you'd have to go
- 23 through the same process again, and you can do that
- 24 whenever.
- 25 COUNCILMEMBER ALEXANDER: That was a

- ther 1 ATTORNEY McLENDON: -- automatic --
 - 2 COUNCILMEMBER ALEXANDER: -- when you sai
 - it's implied; we already have the ability to remove.
 - 4 ATTORNEY McLENDON: You have the ability to
 - 5 initiate your own zoning actions, which would be
 - 6 removing an approved CUP to a property. But the
 - 7 provision in here that said it automatically expires
 - 8 if it's not used, that one's going to be something
 - 9 that can be challenged, and you would --
 - 10 COUNCILMEMBER FLEMING: So that was take 11 out of here?
 - 12 COUNCILMEMBER ALEXANDER: The six month
 13 was, yes.
 - 14 COUNCILMEMBER FLEMING: Okay. So didn't yo
 - 15 -- It went from six months to a year, though; right?
 - ATTORNEY FELGIN: What was removed was the automatic expiration date or automatic removal if they didn't do something. That was removed. And the
 - 19 provision was put in that said they couldn't ask for 20 another one for another 24 months but that Council
 - 20 another one for another 24 months but that Council could waive up to 12 months.
 - Really separate issues in terms of what the ordinance does, but the Council always has the right
 - 24 to initiate its own rezoning or a CUP redo, even its
 - 25 own variance removal. But you can't mandate that as

Page 90

Page 89

1 an automatic thing in the ordinance, because you have

- COUNCILMEMBER FLEMING: I'm sorry? 2 to kind of go -- yo
- 3 COUNCILMEMBER ALEXANDER: Application for a
- 4 variance.
- 5 COUNCILMEMBER FLEMING: Okay. Application
- 6 for a variance. Go ahead.

1 application for a variance.

- 7 COUNCILMEMBER ALEXANDER: That the time
- 8 period was 24 months. We can waive up to 12 months of
- 9 that.
- 10 COUNCILMEMBER FLEMING: If they're 11 requesting a variance.
- ATTORNEY FELGIN: Yes. If they want to
- 13 request another variance on that same property, the
- 14 ordinance would limit them to doing it only once every
- 15 24 months but allows the Council to waive 12 months of 16 that.
- 17 COUNCILMEMBER FLEMING: But there -- and I
- should have asked it right after you finished your
- 19 statement on that before you went to the next page,
- 20 because did you not say something about removing the
 21 CUP or the variance?
- 22 COUNCILMEMBER ALEXANDER: I asked about
- removing on -- when I got to page 19.ATTORNEY McLENDON: That was the --
- 25 COUNCILMEMBER ALEXANDER: And that's --

- an automatic thing in the ordinance, because you have to kind of go -- you have to go through --
- 3 COUNCILMEMBER FLEMING: Okay. That's -
- ATTORNEY FELGIN: -- the procedure.
- 5 COUNCILMEMBER FLEMING: That's where I just
- 6 wanted to add, you made the comment about a variance
 - ATTORNEY FELGIN: Yes.
- 8 COUNCILMEMBER FLEMING: I thought, if -- i
- 9 I'm not mistaken, I thought variances had to stay with 10 the property --
- 11 ATTORNEY FELGIN: Yes. Everything --
- 12 COUNCILMEMBER FLEMING: -- that we could no 13 remove them.
- ATTORNEY FELGIN: No. You could initiate
 5 your own action, just like in the rezoning, to remove
 6 them, but they don't automatically go away if you
- 17 don't go through the procedure, you know.
 18 COUNCILMEMBER FLEMING: Because I've go
 19 property on Tilly Mill for five years now, for
- property on Tilly Mill for five years now, for variances, and there's been nothing. Variances are on that parcel, and nothing's been done to the property.
- ATTORNEY FELGIN: The Council can, on its own, initiate an action to remove those variances.
- 24 Obviously, we have to notify the property owner.
- 25 They'd have a chance to come in and challenge that

1 as -- as inequitable or whatever; they've spent money 2 on it. That's a different issue.

But you can initiate that yourself and go 3 through the procedure of removing a variance.

COUNCILMEMBER FLEMING: All right. Thank 5 6 you.

7 MAYOR PITTMAN: Okay. Anyone else? COUNCILMEMBER PACHUTA: Can we just send it 8

9 to the --

ATTORNEY FELGIN: Yeah. 10

COUNCILMEMBER PACHUTA: Do we need to vote 11

12 to send it to the Planning Commission --

ATTORNEY FELGIN: No. 13

COUNCILMEMBER PACHUTA: -- or just --14

ATTORNEY FELGIN: No. If everyone's all

right with it, we will send it to the Planning

Commission. 17

15

COUNCILMEMBER ALEXANDER: I'm fine with 18 making a motion. 19

DR. GILLEN: We can't make a motion tonight. 20 It has to be made at the next --21

ATTORNEY McLENDON: I think we've gotten the 22

direction on it. We will revise that sentence, and

then the whole thing will move through the Planning

Commission and it'll come back.

Page 93 Page 95

> 1 that was Sandy Springs, Dunwoody did it, and Dekalb 2 did it approximately two years ago, where they've gone

3 to a system that requires the individual property

4 owners, the apartment complex or multi-family

5 residential area, to provide a complete -- I won't say

6 sweep but a complete review of all the private and the

public sections to make sure that everything is up to

code compliance.

The problem with this in the past has been, number one, if your staff is doing it, it's extremely expensive and time-consuming.

The approach that is being taken now is they're going to a third-party approach where basically, again, the -- the owners are required to use someone that the City has approved, a contractor

-- and there's qualifications within all this -- and

get a yearly inspection of all different elements of

the property, the private and the public.

So it allows the fire -- code compliance, 20 fire, police, everybody to really do an inspection

throughout the entire complex, which is critical. I 22 mean, as you know, we've had several fires in the

single-family [sic] residential that started within

24 the units.

25 It's a tremendous tool, I think, for a

Page 94

COUNCILMEMBER ALEXANDER: Okay.

MAYOR PITTMAN: Okay. Thank you, Mr.

ATTORNEY FELGIN: It'll come back.

4 Felgin.

1

2

3

5

ATTORNEY FELGIN: Thank you.

6 MAYOR PITTMAN: And we're going to take a five-minute break. 7

(Brief recess) 8

9 MAYOR PITTMAN: Meeting come back to order. I believe next is New Business, Discussion for Third

Party Inspection of Multifamily Residential

Properties, Mr. Cooley. 12

13 MR. COOLEY: Good evening, Mayor and Council. 14

Wanted to bring this in front of you just as 15 16 more of an introduction and let you take a look at this and take it on hopefully at some other point to,

once you've had a opportunity to really review it and get into it and see whether it's a direction that the

City might want to go to. 20

As you probably know, right now, the way our 21 22 code compliance works is our code officers can go into common spaces only within multi-family residential, by

law. What a number --

Well, basically it started out -- I believe

1 number of things. One is making sure that the units

2 that are in the city are safe, people are not going to

3 be hurt or injured, that also I think creates

opportunity to make sure, to find out what's going on

to make sure that the uses within these private areas

are legal uses. So that's a wonderful thing to have

about it.

The whole idea of it really is any time you get a decline in multi-family units, it not just

affects those units but it affects the neighboring

properties, it affects property values and it also --

it's an incubator for potential crime.

13 We have discussed this over, I guess, the 14 last six months, maybe a little bit longer, with the

PD, with the City Manager, everyone, the different departments, to talk about what are the pros and cons

on this. And I'm sorry that they're not here, but

both the Chief and Major Atkinson were very strongly in favor of it because it addresses a problem that

they have had with our past housing units and also

21 with the annexation that we've had with additional 22 units.

23 Like I said, when we had the annexation, it 24 was interesting because we've had a lot of calls from

25 the different apartment complexes wondering, you know,

12

19

Page 97

1 has worked well other places, so.

Ms. Alexander?

COUNCILMEMBER ALEXANDER: 1 assume it cove 3

ATTORNEY McLENDON: Multi-family, once

duplexes also?

you've reached the number, if I'm correct. ATTORNEY FELGIN: So long as they are rental

properties. 8

COUNCILMEMBER ALEXANDER: So a duplex that 9 10 rental.

11 MR. COOLEY: Yes, ma'am.

12 COUNCILMEMBER ALEXANDER: And I believe -think it was Sandy Springs or it may even have been the City of Marietta that also did a fire hydrant

inspection.

16 ATTORNEY McLENDON: This is, in Sandy Springs, part of their apartment inspection ordinance requires for -- requires the owners to go and provide a certification that all the fire hydrants on the property are working.

COUNCILMEMBER ALEXANDER: I didn't notice 21 22 that in ours unless I missed it.

MR. COOLEY: Right now, the City does not 24 handle the fire inspections. That's the fire 25 marshall's office in Dekalb County.

Page 98

Page 10

1 believe.

One of the things, too, I think would be 3 helpful, that I would like to do, would be to have our 4 building official here to also answer your questions 5 more specifically about the different aspects. I 6 spoke to him today, and I said, "Well, not tonight. 7 Let's wait, give them a chance to mull it over." And then I'd like to have him come back and be here to answer your questions also.

1 when do we have to get our inspection? because they

We don't require that. So I think a lot of

So staff's recommendation was to bring this

2 came in from Dekalb, which was requiring it.

didn't have to fool with it.

4 them took this big deep breath of relief that they

7 forward to Council, get y'all's input on it, see if

Act. So this is something that y'all will not

we moved it forward to that point.

don't need to go there with it.

8 it's something that you want to address. Legal did

draft a ordinance which was based upon Sandy Springs,

I think, and adopted there, and because we had it, so

The fact that this is a building code, this

does not require going through the Zoning Procedures

necessarily -- Originally, I was thinking it needed to

code, one you pointed out, and it was right on, so we

So at this point, what I was hoping to do is

go to the Planning Commission. But it is building

20 maybe just give this to y'all, give you an opportunity

21 to go through it at another -- something other than a

your discussion, or if you'd like to discuss it at

25 it in and out, and I can address things too, I

work session, to bring it back up before Council for

24 this point now, be happy to. Lenny is here, who knows

MAYOR PITTMAN: I just might want to add, 10 11 too, I received a phone call today from the apartment association, and they were in big support of this, so. MR. COOLEY: Yes. I also got a call from

13 14 them today, and they wanted to sit down, and they basically said, "We have no objections to this. We just want to kind of be involved."

What they've seen, they looked at the packet 17 and they had no problems with it, but they just want to make sure that they are involved and understand --

20 MAYOR PITTMAN: Right.

MR. COOLEY: -- so they can --21

MAYOR PITTMAN: And that's a good idea, 22

actually, and they --23

24 MR. COOLEY: Yes, it is.

MAYOR PITTMAN: And they seem to think it 25

As you'll see on the next agenda item, that 2 may be something we may want to incorporate, depending on where Council wants to go with the next item. COUNCILMEMBER ALEXANDER: Because I have

cringed three times now because I was here when the City condemned a certain apartment property, and now we have had three fires at that one address in less

than two years, and that just is not very comforting.

ATTORNEY McLENDON: It would be -- I think 10 it would be something to look at how the County 11 handles it, because even through the -- since it's on private property, this is a methodology to look at the 13 hydrants. And if the County's not -- it doesn't have 14 some other method to get onto it, we may still want to continue it into this program just because it's a vehicle to make them look at it on private property, especially ones with multi-family where it's really just . . . So we'd want to probably talk through that 18 19 issue.

20 MR. COOLEY: And I think another one we wan 21 to look at at the same time is the double check-flow valves, and that's especially more important on multifamily and especially high-rise, and I think that's another issue that we want to incorporate into this **25** also.

```
COUNCILMEMBER ALEXANDER: I am fully in
2 support of this. I think it's something that we've
3 needed for a long time, and "Go for it" is my
4 response.
```

MAYOR PITTMAN: Ms. Pachuta? 5 COUNCILMEMBER PACHUTA: Yeah. We need this 6

stuff definitely. 7

MAYOR PITTMAN: Absolutely. 8

Mr. Patrick? 9

COUNCILMEMBER PATRICK: I absolutely agree. 10 11 Thank you.

12 MAYOR PITTMAN: Ms. Fleming?

COUNCILMEMBER FLEMING: I agree also; 13 14 however, I do tend to disagree on duplexes since it's just, you know, two families there. I don't know about an occupational tax placard, whether it's required now or not on R-2 type buildings. So R-3s and R-4s are condos that are owner occupied, so I'm not sure how you're going to -- even though they are

attached dwellings, I mean I don't know how you're going to deal with condo subdivisions, because they

own their own property but they are attached. 22

ATTORNEY FELGIN: This only covers rental, 24 those that are multi-family residential rental, not

difficult. You're absolutely right on a condo. I

5 when you stop and think about it, I mean even though

6 they generally have firewalls between each unit, they

are all attached to each other, which is the same

dwell on duplexes. That's my personal opinion.

help out their inspection purposes.

scenario that we're looking at to try to, you know,

But I am not in favor of doing the condo

complexes. Okay? But I'm not so sure that we should

MR. COOLEY: That would be extremely

COUNCILMEMBER FLEMING: But there again,

25 owner-occupied.

3 mean you really --

10

Page 103

MR. COOLEY: We can take a look at that, see 2 how it's addressed.

ATTORNEY McLENDON: I think this is a good 4 conversation to have, and what we might want to do -and I do think bringing back the building, code

enforcement folks to talk to you about how this works,

because they've implemented this. That would be a great idea.

Let me be prepared to talk about these issues, because, you know, I think there are issues --One thing with the duplexes, if there's an owner

occupant, it handles it that way: that this is really the only people that are deriving significant income

from rental. So it sort of comes back at that level.

But you know, if we think about a work 15 session, I could get these questions, and when we come back, we can all have a good discussion.

COUNCILMEMBER PACHUTA: Mainly with the duplexes, it not be annual; it could be a greater time frame since, you know, the owner is only dealing with two units versus, you know, the larger complexes.

MAYOR PITTMAN: Okay. Anything else from 22 23 anyone?

COUNCILMEMBER PATRICK: Because we have 24 25 had -- we do have some older units, would it be

Page 101

1 possible to at some point discuss sprinklers for

rebuilt multi-family units?

ATTORNEY McLENDON: That's -- that's -- as

you probably well know, that's a very --

COUNCILMEMBER PATRICK: Yes. 5

ATTORNEY McLENDON: -- controversial issue. 7 I have seen -- I think it deviates a little bit from

this conversation, but I am seeing jurisdictions adopt

higher standards for sprinkling, but that's above my

head, but engineers and planners.

But it's been done. I've seen it.

12 MR. COOLEY: That would be a very good question to have for the building official.

DR. GILLEN: Why don't we just add that to the work session. The building official is going to be here, and we can address it after we address this; we talk about that as a separate policy change. 17

COUNCILMEMBER PATRICK: Sure. Thank you. 18 MAYOR PITTMAN: Anyone else on this? 19

MR. COOLEY: No, ma'am. 20

MAYOR PITTMAN: All right. Next we will be 21 going into the discussion of fire code services. 22

23 MR. COOLEY: There has been -- first off.

24 let me go ahead and pass some documents out to you-all

25 just to give you a rough idea.

Page 102

COUNCILMEMBER ALEXANDER: 1 guess I would 13 14 understand not necessarily does a duplex owner have to have an occupational tax placard, but I know that we've had some safety issues in some duplexes, and I would like to see those addressed. 17 I know when I was campaigning, there were 18 some -- I had safety concerns just in the yards of some of the duplexes that I visited, and they have 21 lots of children around. And if you have somebody 22 that has a sinkhole in their front yard and is not repairing it, that's an issue for every child that 24 lives in that neighborhood, not just that one duplex.

25 So I don't know if we could work on the language.

4 going through.

17

20

21

22

9

Page 105

1 doing construction, but they still have to go through 2 the review process. And it costs \$100 for the plan 3 review and \$100 for the inspection to come out. We

4 cannot actually do anything until -- issue a C.O. --5 COUNCILMEMBER PATRICK: Right.

MR. COOLEY: -- until we get a certificate
of completion from the fire marshall. So until we ge
that, the City is tied up.

And the problem is that -- well, a lot of problems with it. First off, it's an incredible delay, any business, especially small businesses trying to get in, they're under a lease, and they can't open up for two to three months because it's tied up.

COUNCILMEMBER PATRICK: Yeah.
 MR. COOLEY: Beyond that, it's an incredible
 from economic development incentive, it's terrible
 COUNCILMEMBER PATRICK: Yeah.

MR. COOLEY: It's something that I've heard I can't tell you how many times, "Well, I'm going to go to Gwinnett County." I mean I've heard that so many times, and --

23 COUNCILMEMBER PATRICK: Is there a rationale 24 coming from the fire marshall's office as to why we're 25 having these turnaround times?

Page 106

Page 10

COUNCILMEMBER PATRICK: Are you saying that
 2654 Church Drive has been in review for 230 days?
 MR. COOLEY: It has not come back.

This was -- we just got this today, so, but

As you know, right now the County fire

2 I wanted to give you some background as to kind of

3 where we stand with some of the reviews that we're

6 marshall currently provides the health, safety, fire

7 code plan inspections, review and inspections. This

8 has never been a really huge problem in the past, but

what you've got -- what's happened is there's been changes at the County where they've reorganized a

little bit. It's going through the permit department.

And what has happened is something that used to take

maybe a week, two weeks, is turning into -- the last

we were actually quoted by the fire marshall's office

for anything is a minimum of 20 business days for a

review period before they'll get something back to us.

one was the applications currently in review at Dekalb

number, but they were released for review on the dates

The key thing, I think, is when you look at

County. And what you see on there is the permit

the third column and the numbers of review as of

today, those are the number of days that they have

been down being reviewed and still are in review.

that you see in the second column.

Those two different documents I gave you,

Now, whether they -- There's one thing that

5 could possibly happen in that is that the fire

5 marshall may have called the applicant and the 7 applicant just ignores it, has walked off from the

8 project or whatever and decided not to do anything.

COUNCILMEMBER PATRICK: Okay. MR. COOLEY: That's the only thing that I

MR. COOLEY: That's the only thing that I could see might be the case in something like that.

But if you'll look at it, when you get down

13 to the bottom -- well, we don't have an average on 14 that but on the next page we've got average dates on 15 them.

The ones under Currently Completed -- this
was just a sampling that Jane went through and pulled
out -- and you can see the -- for projects that
actually involved sprinkler systems, commercial
renovations, they are averaging 52 business days, or
actually calendar days, excuse me, to get their review
done.

For other ones which are basically move in as-is, which is very simple, where you've got a white box or a built out unit within something. They're not

MR. COOLEY: I've had a number of
discussions with the fire marshall. We got a
relatively new fire marshall that came in. This is
something the county commission passed and allowed
them to do. He took it up where they could actually
charge for these reviews, charge for the -- the
inspections at these rates, and put it through this
process.

9 Before, again, it went through the fire 10 marshall's office directly, but it's gotten bogged 11 down in the bureaucracy, and just they are 12 overwhelmed. I mean this is across the county and all 13 municipalities that this has to be done, so they don't 14 have enough reviewers or inspectors to be able to keep 15 up with this.

So it's kind of created -- I won't say a monster, but it's created a situation where -- The idea was good, because what they were trying to do to a certain extent was to go back and where over the past years they had not gotten sufficient information and what they needed to know what was going on in these units; coming back and said, "Okay. We want plans of this. We want something drawn so we know what's out there."

So long-range, it's very good. The problem

Page 112

Page 109

1 is there's not sufficient staffing, and the amount of 2 time and from the bureaucracy aspect of it that it

3 taking is causing huge problems for --

4 COUNCILMEMBER PATRICK: Yeah.

MR. COOLEY: -- for all of us. It creates a 5 6 huge problem for our Code Compliance. If they go out

and cite somebody for not having their current

occupational tax certificate or it's, you know, two

years overdue or they didn't get one, you know, they

have to give them the opportunity to come in and

apply. Normally that wouldn't be a big deal. Couple

weeks, you know, you take care of it.

But with this process, they come in, we have 13 to provide them a temporary or an initial permit number because Dekalb County requires that to be able to go through their process. Before we ever see a plan or anything, we give them a number; they take their plans down to the fire marshall and it goes through the fire marshall review.

So when you're talking about a situation 20 where the City is trying to get compliance with our codes and enforce things and then it's going out and it's taking a minimum of 20 days for review -- and this was business days -- for, you know, a month, 25 we're basically put on hold before we can do anything.

1 And from a compliance perspective, that's not good,

3 the best interest of the City. That's the background

2 it's not effective, and it's really, I don't think, in

1 the capabilities under our current building inspectors

2 and things, you know.

I want to get a feel for where y'all think,

4 do we want to go this direction? If so, what we would

5 like to do is just kind of get your permission to

6 explore those different alternatives and bring them

7 back to you at a work session and say, Okay. Here's

the options. Here's what it costs to do this. Here's

the options if we want to do it in-house, and this is

what it would cost. Here are the time frames that we,

you know, we could do it within. Give you the whole

scenario.

But wanted to get in front of you because, 13 14 to me, this is probably one of the most important issues, from my perspective, that we can do for the city to make things work better from a lot of different perspectives.

18 COUNCILMEMBER PATRICK: From my perspective, yes, please look into it. 19

COUNCILMEMBER FLEMING: Do you have any idea 20 21 -- I know you're coming back to us with this, but do you have any idea the cost to the applicant in Dekalb 23 County?

MR. COOLEY: Yes, ma'am. They charge a 24 25 hundred dollars for a plan review and a hundred

Page 110

1 dollars for the inspection, minimum.

COUNCILMEMBER PATRICK: Wow.

COUNCILMEMBER ALEXANDER: No matter size or 3

anything.

MR. COOLEY: Right. Even if it's they're 5

just moving in --

COUNCILMEMBER PATRICK: Wow.

MR. COOLEY: -- and, you know, to be quite

9 honest with you, discussions I've had with businesses,

small businesses, you know, \$200, that's a lot, but

that's not the problem. The problem is they're not

being able to open.

COUNCILMEMBER FLEMING: No, I just -- I was 14 trying to get the cost so we can evaluate contracted services --

MR. COOLEY: Right. 16

COUNCILMEMBER FLEMING: -- to determine how 17

much they're going to charge and so forth and so on.

Do you have any idea whether they've got a 19

hidden admin fee? 20

MR. COOLEY: No, ma'am, that's -- that's the 21 22 fee that it goes into. In fact, I think the way the statute reads, I don't think we could exceed that.

COUNCILMEMBER FLEMING: I'm sorry? 24 MR. COOLEY: I don't think we could exceed 25

4 on it. What we were suggesting or we, you know, 5 wanted to bring before you is the idea -- and this is something that has been done by both Dunwoody and --COUNCILMEMBER ALEXANDER: Brookhaven? 8 9 MR. COOLEY: No, not Brookhaven. What's the 10 little --COUNCILMEMBER ALEXANDER: Brookhaven did it. 11

12 MR. COOLEY: Brookhaven did it also? 13 COUNCILMEMBER ALEXANDER: Yes, it did. MR. COOLEY: Well, also the -- Avondale, the 14 little city of Avondale did it.

But basically they, on standard, on the 16 statute, cities over 45,000 population are required to 17 take on those duties. It's permissive for any municipality under 45,000. There's a process that we have to go through if y'all are interested in doing it, we certainly wanted to explore it. 21

We want to explore whether it would be 22 smarter to try to subcontract these services through another municipality that's already doing it, or do we 25 want to look at doing this ourselves within -- we have

Page 110

Page 113

1 agreement with other jurisdictions, but we need to

flush all those -- those legal things out.

So you know, for us, budgetarily there's no 4 impact. It's just, you know, they pay a fee, the

inspection gets done. Instead of paying it to Dekalb they pay it here.

COUNCILMEMBER PACHUTA: And is this something like the Dekalb Commission is even on their radar? because I'm assuming this is the same problem in unincorporated Dekalb as far as funding to the fire marshall's department.

12 MR. COOLEY: The Mayor has spoken to the commissioners over there. I've discussed it with some commissioners. I've discussed it with the fire marshall numerous times. They're well aware of it.

They are trying somehow to address it, but as I said in the thing, with all the discussions we have, there

hasn't been any action upon it. MAYOR PITTMAN: Right. 19

MR. COOLEY: And you know, time is of the 20 21 essence.

MAYOR PITTMAN: Mr. Baggett even tried to 22 pick it up and take it and work with them, and it's being discussed.

MR. COOLEY: Yeah. And just an FYI too,

out and bring that back that back to you. COUNCILMEMBER PACHUTA: This -- is this 5 something to -- when you look at the options that 6 another city in Dekalb like Chamblee might be looking

1 that based upon the state statute. There's something

2 that talks about fees in there, but we'll flush that

7 into sharing, like even if it's -- you know, we dealt 8 with a contract service if we do like a shared

9 employee type situation, because I'm assuming, you 10 know, Chamblee's having probably the same problem.

And you know, I don't know if Dunwoody already has something set up, because I think they are over

45,000. 13

MR. COOLEY: They are. 14

15 MAYOR PITTMAN: And they do.

COUNCILMEMBER PACHUTA: But even if it isn't 16 contracted, maybe some kind of shared agreement or you're under the shared contract between, you know. MR. COOLEY: Yeah. That's one of the things 19

20 we wanted to look at was the idea of subcontracting 21 with another municipality that's already doing it

versus the possibility of doing it in-house. So

23 there's pros and cons, you know, because there's

24 paperwork. We could get into a situation where if

25 Chamblee did it or we did it or Dunwoody, where we

Page 114

25

1 Dekalb County, the fire marshall is in a position now

where they're actually contracting out for plan

inspections with Clark Patterson Lee, so they're kind

of doing it all.

COUNCILMEMBER FLEMING: I would like us even though you've already checked into Dunwoody, I would like to see what Chamblee has to offer if they

have anything to offer. 9

COUNCILMEMBER ALEXANDER: Brookhaven contracting with the City of Decatur. Decatur has its own fire department.

MR. COOLEY: Right. 12

COUNCILMEMBER ALEXANDER: I guess, no 13 14 offense to Clark Patterson Lee, but I feel comfortable when I see someone in a fire fighter's uniform coming to inspect my building, not somebody just with

certifications and clip boards, but that's just a

personal opinion. So I'm sure the fire marshall

office in Decatur is connected directly to the -- to the fire department. 20

21 MR. COOLEY: Yeah, that's --22

COUNCILMEMBER ALEXANDER: And the same i 23 Gwinnett County unfortunately when they come visit me

MR. COOLEY: Yes, that's -- you're

25 absolutely right. Decatur has its own fire department

1 could subcontract.

But I think under the fire marshall -- the 3 state fire marshall, the City actually has to pass a 4 resolution. The fire marshall actually has to appoint

5 the -- the fire marshalls within those jurisdictions.

So again, there are some technicalities to it. It's relatively simple, but again, we want to

8 flush that out and give you all the options and probably at least two-option approach to it. If a

third one is there, we'll bring that too. 10

MAYOR PITTMAN: Dr. Gillen, is there 11 something you wanted to add? 12

DR. GILLEN: But I think to that point you 13 14 cam imagine the scenario where we decide we're going to do this, we have a contract with Clark Patterson Lee to do our other inspections. They would simply be

doing these inspections and collecting the fees, and 17 they have the staff on-hand to do that, who also do it

19 for Dunwoody. 20

So you could imagine we could contract with 21 Dunwoody. who already has the mechanisms in place, where Clark Patterson Lee staff would be doing it.

23 So it would be coming here, you would get

24 your permit here and would -- just because of certain 25 legal reasons, we would have an intergovernmental

Page 120

```
Page 117
 1 where everybody else -- if I'm not mistaken, everybody
 2 else has -- relies on Dekalb County Fire Department
 3 for actual fire suppression and all that.
 4
         COUNCILMEMBER ALEXANDER: And if we could
 5 tie the hydrant, I think it's very important that they
 6 especially test the hydrants in the -- in the multi-
   family units, because, for example, we got into the
   whole private road discussion. I don't know if those
   fire hydrants over there in that townhome subdivision
   Ash -- Is it?
10
         COUNCILMEMBER FLEMING: Aspen.
11
         COUNCILMEMBER ALEXANDER: Aspen or Ashland
12
   Point or whatever.
13
         COUNCILMEMBER FLEMING: Aspen Commons.
14
15
         COUNCILMEMBER ALEXANDER: Well, I'm talking
   about the ones --
16
         MAYOR PITTMAN: Well, you're --
17
         COUNCILMEMBER ALEXANDER: -- behind Friday's
18
   Plaza. I don't know who owns those hydrants.
19
20
         ATTORNEY McLENDON: Let me say that is a
   very -- that's a whole different issue, very
   sophisticated, lots of potential liability --
22
23
         MAYOR PITTMAN: Avery Park.
```

ATTORNEY McLENDON: -- with going onto

That's why, in the apartment inspection

2 ordinance, it's just a nice low-hanging I got -- you

3 know, I'm getting the inspection; let's get their

Private roads, though, are really a

there's a place that -- that's a good place to grab

The other part's a big, big discussion.

any impact on fire marshall plan review? Is there

some -- we're not paying some percentage to the County

MAYOR PITTMAN: It was Avery Park.

COUNCILMEMBER ALEXANDER: Yes. Avery Park

COUNCILMEMBER PATRICK: Would the SDS have

6 different situation, and that gets even more complex.

So you know, it's an easy -- an easy big chunk with a

lot of people in the apartment inspection ordinance,

1 residents will be paying the same millage rate to 2 Dekalb. They will not sep---COUNCILMEMBER PATRICK: So we wouldn't get a 4 --ATTORNEY FELGIN: There is no way to 5 separate that millage rate.

MR. COOLEY: Basically what it's doing is just -- it's giving them an option. You're putting an applicant in the position. You have the opportunity -10

11 COUNCILMEMBER PATRICK: Sure. 12 MR. COOLEY: -- to still go to Dekalb County and go through the process or you can --13 ATTORNEY FELGIN: Yeah, we're not taking

away from Dekalb. 15 COUNCILMEMBER PATRICK: Oh, I understand. 16

ATTORNEY FELGIN: We're giving them a 17 separate option for --18

COUNCILMEMBER PATRICK: I understand. 19 My point was was that would this possibly be 20 an opportunity for savings to our residents for that. And perhaps if we talked with our neighboring cities, maybe they might --ATTORNEY FELGIN: We -- And Dunwoody and

24 25 Brookhaven had that discussion with Dekalb, and there

Page 118

```
1 was no way for them to separate the millage rate into
  which part of it covers --
```

COUNCILMEMBER PATRICK: Fire services? 3 ATTORNEY FELGIN: -- fire suppression, which

part of it covers plan inspection, arson investi-

gation, all of those are tied into this millage rate.

They're more than happy with the municipalities having --

8 9

COUNCILMEMBER PATRICK: Sure.

ATTORNEY FELGIN: -- outside services --10 COUNCILMEMBER PATRICK: Sure.

11

ATTORNEY FELGIN: -- but they are not --12 they're not fond of discussing any reduction. 13

COUNCILMEMBER FLEMING: I would imagine fire 14

15 hydrants is part of that millage rate as well --

ATTORNEY FELGIN: Yes. 16

ATTORNEY McLENDON: It is.

COUNCILMEMBER FLEMING: -- and I'd just as 18

soon not even worry about it because they're taking care of the fire hydrants.

ATTORNEY FELGIN: Yes. It's all part of the 21 same millage rate, 2.5 mills I think. 22

23 MR. COOLEY: Well, and the other thing I 24 think would be really good on this is that it allows

25 the City to actually to get a more regular routine of

ATTORNEY McLENDON: We probably are paying, 19 20 but if we are, we're not receiving --COUNCILMEMBER PATRICK: Well, that's --21 ATTORNEY FELGIN: The millage rate that 22

I knew it started with an "A."

for providing fire plan review?

everyone pays for fire services covers those inspections. The County is not going to separate it.

This is a service the City will undertake, and the

24

5

9

10

11

12

13

14

15

18

that.

25 private property.

4 hydrants as well.

1 doing fire --

2

3

8

13

14 15

16

17

18

19

20

21

That would be --

Page 12

Page 121

1 contract, and they have already certified people to do

2 it. So they basically, once we worked out changing

3 the IGA with Dekalb, we changed our contract with

4 Clark Patterson and they started inspections.

5 To start your own, like to subcontract it

6 versus to have an IGA with a jurisdiction, there are

7 certain different time limits involved. It would

8 probably be faster to do an IGA with someone who is9 already established and subcontract than subcontract

10 their own, because you have to get the state fire

L1 marshall to deputize yours.

12 COUNCILMEMBER PATRICK: Right.

ATTORNEY FELGIN: There's a lot of paperworl in terms of submitting monthly reports and things like that, that kind of increase the amount of time before

that start-up can happen. But if you already have an IGA with someone who is already doing this, it's a

seamless transition.

19 COUNCILMEMBER PATRICK: Right.

ATTORNEY FELGIN: But there still needs to 21 be a discussion with Dekalb County because you have to

22 change your IGA with them --

23 COUNCILMEMBER PATRICK: To accommodate that
24 ATTORNEY FELGIN: -- to make sure that

25 they're comfortable with it, so.

Page 122

1 charcoal grill going in the back room. I mean, you

COUNCILMEMBER PATRICK: Right.

4 now, the way Dekalb County does it is they take random

check. So that, you know, when you're talking about a

county-wide, that makes it really difficult on a small

10 real advantage to it as being a situation where we do,

actually -- every property within the city is -- you

But that'll be to, you know, it's finances.

ATTORNEY McLENDON: Commercial, yes.

MR. COOLEY: Yeah, commercial; exactly.

But that's something I think that would be

several things, for example, where there were -- there

whether it be annually or biannually, where we

ATTORNEY McLENDON: Right.

22 tremendous help also and just -- and giving you an

example, we -- the code compliance has run into

25 was one that wasn't even a restaurant but they had a

MR. COOLEY: Thank you.

know, receives some sort of inspection.

We're not talking residential here.

So as part of this, you know, I could see a

sampling, and those are the ones they just go and

MR. COOLEY: -- inspections, because, right

2 know, we're talking about deadly potential issues

3 there. There's been other ones I won't get into, but

4 very similar. There's -- there's things like that

5 that are happening. Unless they happen in for another

6 reason or for whatever reason they're being there,

there's a lot of things like that are going on that

8 are huge potential fire hazards that, you know, we --

9 I think we owe it to the people to make sure it's 10 done.

11 COUNCILMEMBER PATRICK: If we were to go for 12 this, what would be the implementation time frame?

MR. COOLEY: Again, I'd like to, you know,

4 be able to look at that and see what the time frame,

15 discuss it, find out what it takes with the fire

16 marshall, what type of time frame it would take if we

17 decide to -- you know, we'll go and get information

18 about contracting with another municipality.

Alternatively, I really can't tell you that at the moment. Hopefully, relatively quickly. From

21 what I see in the statute, it doesn't take that long.

22 But Lenny, you might know more because you

23 went through this with Dunwoody.

ATTORNEY FELGIN: Well, Dunwoody just basically added a provision to the Clark Patterson Lee

MR. COOLEY: Yeah, there are a number of things, and that's why we just wanted to get y'all's

3 feedback and blessing to or say don't fool with this

4 or to move forward with it so we can --

COUNCILMEMBER PATRICK: A final question for you guys is is would this -- by Doraville offering its

7 own fire plan review, would that somehow affect our8 ISO rating, our insurance rating, hopefully to the

6 150 rating, our misurance rating, noperarry to the

9 benefit?

10 ATTORNEY McLENDON: Sure.

ATTORNEY FELGIN: I mean I doubt it's very little because there's not really a proven track

13 record of how Doraville does it's inspection.

DR. GILLEN: You're not increasing the service levels. You're just changing out.

16 COUNCILMEMBER PATRICK: You're just changing 17 out. Okay.

18 COUNCILMEMBER ALEXANDER: And it's based o

19 a lot of statistics such as response time and --

COUNCILMEMBER PATRICK: Yes.

21 COUNCILMEMBER ALEXANDER: -- things of the 22 nature.

23 COUNCILMEMBER PATRICK: Yeah, sprinkling
24 COUNCILMEMBER FLEMING: Isn't the service

25 delivery contract up on December 31st?

Page 125 ATTORNEY FELGIN: No, it's not. It was just 1 MR. COOLEY: To be quite --2 negotiated a couple years ago, so it has a few years COUNCILMEMBER FLEMING: -- or do you --2 MR. COOLEY: -- honest with you --3 on it. But every year, you have the opportunity if 3 4 the County or the cities want to negotiate some kind 4 COUNCILMEMBER FLEMING: -- have any idea? 5 of a revision, a mutual revision, that it's fine to do MR. COOLEY: I have no idea at this point. 6 that between two jurisdictions. But the agreement MAYOR PITTMAN: It's a State issue. I 6 itself doesn't come up for another full county-wide believe it's a State issue that's going on with their renegotiation for . . . it's a seven-year agreement. alcohol or something going on. COUNCILMEMBER FLEMING: Yeah, but I thought COUNCILMEMBER FLEMING: For Front Row? 9 MAYOR PITTMAN: Yes. For Front Row and the 10 we got it yearly and it told us how much we were going 10 11 to be paying for such-and-such, and we've always found other, crab boil, both. out that Chamblee's was less than ours, and we DR. GILLEN: Talking two different things: 12 couldn't understand it. And so I thought it was -the alcohol license and fire inspection. COUNCILMEMBER FLEMING: Right, because I was COUNCILMEMBER ALEXANDER: That is true. 14 15 just curious. It wasn't on here, and I wasn't sure 15 COUNCILMEMBER FLEMING: -- a yearly basis. whether that was the holdup, and I asked him if he ATTORNEY McLENDON: It's renegotiation? 16 COUNCILMEMBER ALEXANDER: No. knew why the restaurant had not opened yet. 17 COUNCILMEMBER FLEMING: No. 18 MAYOR PITTMAN: That's . . . 18 MR. COOLEY: My guess is -- and if I'm not COUNCILMEMBER ALEXANDER: It was just the --19 19 for some reason, they are charging us more than 20 mistaken, I thought Crab --20 Chamblee, and we have less services and Chamblee has DR. GILLEN: They've got their alcohol 21 22 license, so --22 23 COUNCILMEMBER FLEMING: So I mean I thought 23 COUNCILMEMBER FLEMING: They do? we were getting that yearly; were we not? MAYOR PITTMAN: They do. 24 24 COUNCILMEMBER ALEXANDER: From the City but 25 COUNCILMEMBER ALEXANDER: We -- we got the -25

Page 126

Page 128

1 - actually, we got the statistics because they were published in the newspaper.

COUNCILMEMBER PATRICK: The Dunwoody Crier, 3 4 I think.

ATTORNEY McLENDON: They were different 5 6 sort of things when they're giving yearly statistics on it versus the full agreement and the term of the agreement. 8

9 But renegotiating that when that comes up 10 would be something we will want to be ready for well in advance and have a strategy and know all those things when we go into that. I don't think it's -it's one that's a multi-year agreement, so I didn't know the exact year it came up but I know it's a 14 multi-year agreement. 15

ATTORNEY FELGIN: 2010 is when the agreement 16 was -- the new agreement was finalized, so somewhere 17 around 2016, '17 is when the full renegotiation with

20 ATTORNEY McLENDON: That'll be a big deal. COUNCILMEMBER FLEMING: Okay. And the other 21 22 question I have for you, Joe, I did not see on the

respect to -fire inspection delay sheet Front Row Seafood Restaurant, so I was curious as to what's being held 25 up on that --

1 not the State.

MAYOR PITTMAN: The State's. It's a --COUNCILMEMBER FLEMING: Oh, okay. All 3 4 right.

MAYOR PITTMAN: -- State issue. Nothing to 5 6 do with us --

COUNCILMEMBER FLEMING: Okay. 7

MAYOR PITTMAN: -- or the County. 8

9 COUNCILMEMBER FLEMING: Thank you.

MAYOR PITTMAN: Okay. Other Business? Did 10 you have anything else?

Mr. Cooley, thank you very much. 12

13 MR. COOLEY: And I assume that y'all want me

14 to -- one of us to more forward with this.

COUNCILMEMBER FLEMING: Move forward --15 COUNCILMEMBER PATRICK: Yes, yes. 16

COUNCILMEMBER FLEMING: -- please. 17

MR. COOLEY: Very good. Thank you. 18

COUNCILMEMBER ALEXANDER: I did have -- If

we can do Other Business, I did have a comment, and ironically it's on the same subject.

Thank you, thank you, thank you. Having had a home burned on English Oak for over a year before 24 any activity has taken place on it. Unfortunately, we 25 had a house fire on English Oak this week. In less

CERTIFICATE

Sta	te of Georgia	
	Page 129	
1	than 24 hours, the house was already tagged as	1
2	condemned.	2
3	COUNCILMEMBER PATRICK: Great.	3
4	COUNCILMEMBER ALEXANDER: And that was	4
5	just I'm like wow. It took us over a year to get	5
6	something done with the other English Oak house.	6
7	So thank you to them for getting that taken	7
8	care of.	8
9	DR. GILLEN: They're doing a good job.	9
10	COUNCILMEMBER ALEXANDER: It's a huge public	10
11	safety issue.	11
12	MAYOR PITTMAN: Yeah. Absolutely.	12
13	Okay. Motion to adjourn?	13
14	COUNCILMEMBER ALEXANDER: So moved.	14
15	MAYOR PITTMAN: Second?	15
16	COUNCILMEMBER PACHUTA: Second.	16
17	MAYOR PITTMAN: Discussion?	17
18	(No response)	18
19	MAYOR PITTMAN: Call the roll, please.	19
20	CLERK BRYANT: Councilmember Alexander?	20
21	COUNCILMEMBER ALEXANDER: Yes.	21
22	CLERK BRYANT: Councilmember Fleming?	22
23	COUNCILMEMBER FLEMING: Yes.	23
24	CLERK BRYANT: Councilmember Pachuta?	24
25	COUNCILMEMBER PACHUTA: Yes.	25

Page 130

	CLERK BRIANT. Councilliemoci Tauter:
2	COUNCILMEMBER PATRICK: Yes.
3	MAYOR PITTMAN: Thank you. Good night.

CITY COUNCIL MEETING CITY OF DORAVILLE STATE OF GEORGIA

APPEAL OF ADMINISTRATIVE ZONING DETERMINATION REGARDING PROPERTY AT 5597 BUFORD HIGHWAY. DORAVILLE, GEORGIA

> Transcript of the administrative appeal held at Doraville City Hall, 3725 Park Avenue, Doraville, Georgia, Mayor Donna Pittman presiding, before Theresa Bretch, Certified Court Reporter, commencing at 7:37 p.m. on Monday, December 2, 2013.

PROCEEDINGS

MAYOR PITTMAN: Okay. Next on the agenda 3 as I said before, we had moved b) to a) and a) to b), 4 so it's going to be the Appeal of Administrative

Zoning Determination regarding property at 5597 Buford Highway, Mr. Cooley.

MR. JOE COOLEY: Good evening, Mayor and Council.

As you said, this is an appeal of a zoning determination that was made by me as the Community Development Director as to a classification of a proposed use at the -- it's at 5597 Buford Highway also known as Mercado Plaza, and you may know it best as the former K-Mart site.

Back on October 16th of this year, a letter 15 of determination was sent to Mr. Furrow, who is the representative of Mercado Plaza, LLC -- they are proposing a new development of the existing building -- and basically the letter was to inform Mr. Furrow that the determination that based upon the proposed development as has been advertised -- if developed as advertised would be considered a flea market, and as such, under the City of Doraville Code, would not be an allowed use within the C-2 zoning district.

Flea markets are allowed in the M-1 by a

Page 2

25

Page 0

1 conditional use permit, but not in the C-1 and C-2 zoning districts.

They were also notified that if it -- the --4 any plans that were submitted would have to meet --5 and this was more of an informational type of thing -would have to meet all City building codes, safety codes and things of that sort. Again, that was more of an informational.

We've had -- City staff has had a number of meetings with the owner and owner's representatives numerous times, not just this, the latest, Mercado Plaza, LLC, about the possible uses of the K-Mart 13 site.

Amongst others, the owners have explored 14 grocery market uses. In fact, the site was actually under contract I believe at one point but negotiations or something fell through on that, but it was as a grocery store. There was consideration of a large retail jewelry store with gold processing on premises as a possibility, a combination of a grocery market/ ropes course/retail stores, and also there's been 22 discussion as an indoor flea market. Again, this has been over a number of different people with the --24 that come in with the owner to discuss the potential 25 uses.

1 APPEARANCES: 2 Doraville City Council: 3 Mayor Donna Pittman 4 Councilmember Maria Alexander 5 Councilmember Pam Fleming 6 Councilmember Robert Patrick 7 Shawn Gillen, City Manager 8 Sandra Bryant, City Clerk 9 10 Cecil McLendon, Esquire, City Attorney 11 For Appellants in appeal of administrative zoning 12 determination regarding 5597 Buford Highway: 13 Dennis John Webb, Jr., Esquire 14 Robert Griest, Esquire 15 Smith, Gambrell & Russell, LLP 1230 Peachtree Street, N.E. 23

24

Page 8

Many of the ideas that were explored were 2 obviously not allowed in the C-2 zoning, especially 3 the concept of the flea market. The concept of a mercado, which you probably know is Spanish for "market," was discussed. It was explained that retail stores in an interior mall would be an allowed use.

And on August 12th, had a meeting with 8 Mr. Furrow. He was told that we had been receiving a number of calls from applicants wanting to know when the flea market was going to open, and I reiterated to Mr. Furrow that flea markets are not an allowed use in the C-2 zoning district and that any construction and internal layout must meet all building/health safety code requirements and only uses in the C-1 or the C-2 permitted uses would be allowed without a conditional use permit. 16

Every business would be considered a 17 separate business. There had been discussion on point about this being one large business and they would be renting spaces out, but explained that each business would be an individual business, would require an individual occupational tax certificate, and have to go through that process, part of which includes the submittal of a business lease as part of the 25 occupational tax certificate requirement.

1 point they come back with the approved plans from the 2 fire marshal to the City.

We accept that and any other information 4 that we need for the application to be complete. And 5 at that point, we process and we start doing our

6 review. So such matters right now are premature

because we really have nothing to review. We do not

have any copies of any plans at this point.

The concern over the type of use, I guess, 10 is multi-fold. First was, as I said, there were a lot 11 of discussions upon what the use would be, and a flea 12 market was considered. Now, the applicant said, No, this is not going to be a flea market, so we were going along with that and explained everything that what they needed to comply with, etc.

And then a number of things came up: One, 16 we kept getting the calls requesting -- wanting to know, from people that wanted to apply for occupational tax certificates, when the flea market would be open and then what do they do to apply.

We many times had to tell people there will 21 be no flea markets, they are not allowed; it's not a

permitted use in the C-2 at least at this site. If

there was one applied for in the M -- manufacturing

district, there's the possibility, but in this case,

Page 6

Page 5

And the fact that, you know, the business is 2 going to be temporary, that's why we have the request 3 for the lease in there. Occasional businesses should be open full-time, and the sale of used and secondhand goods were not allowed.

The letter of determination really only concerns the proposed use of the property whether that use is -- as determined is an allowed use within the C-2 zoning district. Again it was noted that -- for informal purposes, that all plans submitted will be required to meet applicable current building and health safety code.

And whether those code requirements are met, we cannot determine that at this point. We do not have a complete application for a building permit at this point. It has been submitted. We've provided a temporary number, which is part of the requirement now with Dekalb County.

18 What happens is they have to come in to the 19 20 City. We provide them a permit number for processing purposes because the Dekalb County Fire Marshal will 22 not accept their plans without it. We give that to 23 them. They take it to the Fire Marshall, they go 24 through that process redlining their plans, etc., 25 getting up to the fire marshal's standards, at which

1 this would not be the situation.

We were told by a number of applicants, 3 people that were calling, that they were being told 4 that they could have flea market type of booths and things of this sort, and we just reiterated time and time again that that was not an allowed use.

The other thing that was a major concern is first we were hearing that. And then also there was a marketing advertisement put out saying all the different uses, that this was coming. Noted that the phone number on there was one of the people that was actually on the sign that they got, which was for leasing information. There were four phone numbers on 14 there. I believe it was Bo Lee's number was actually handwritten across the bottom of it as part of it.

But specifically the flier -- and I'll refer to it as "the flier" -- in part says in brief:

Mercado Plaza will have 377 spaces including booths, kiosks, retail spaces, food court restaurants -- and

I'll go through some of the issues I had with each one

21 of these but I wanted to go through it first -- huge

gaming and playground area for kids of all ages,

conference/ party/concert space with amazing sound and

24 all that is necessary for a great celebration. More

25 than 600 parking spaces, a supermarket, and much, much

13

- 1 more, and then going on to say that booths will be 2 rented first-come/first-serve basis. Buford Highway necessary for a great celebration.
- That's fine, but conference and convention 3 area -- oh, excuse me -- Buford Highway Flea Market
- 4 tenants will have the exclusivity during the two weeks
- 5 in August, until August 25th, to choose a booth. From
- 6 there, you will be able to choose on what is available
- at the moment. Reservations will be made upon
- receiving security deposit.

And again, it had the contact number of 478-361-8213, which is the same number for Mr. Lee that was actually on the sign that they have out front 12 advertising lease -- space for lease.

The flier also had a number of other uses, 13 again which are not allowed in the C-2 zoning district. Specifically states that booths will be part of the 377 provided spaces along with kiosk,

retail space and food court restaurants. 17 It further offers the booths to be rented, not leased, which was a concern, exclusively, August

25th, to tenants of the Buford Highway Flea Market, 20 which is in another jurisdiction and is closing down.

As I'm sure you're aware, it's just a little bit down Buford Highway.

The City code does not define booths as 24 25 such, but the Merriam-Webster Dictionary defines 1 concert space with amazing sound and all that is

4 facilities not associated with hotels, motels or event facilities are allowed only in the M-1 zoning district 6 buy a conditional use permit, not in the C-2 zoning

district. So again, another use that was being

proposed that does not -- is not allowed within the

C-2 zoning district, another red flag.

It also goes on to average -- advertise huge gaming and playground area for kids of all ages. Well, maybe this is a terminology situation, but

Section 11-10(3) makes it very clear the assembly for purposes of gaming is prohibited, but their

terminology may have . . . but "gaming" as defined and as used in the Zoning Code is not allowed.

One of the other things, too, that as you all know, the Code of Ordinance is very specific in the uses that are allowed, and to that end, just give you an idea of some of the things, how specific it 21 gets.

22 And we were talking about retail spaces and stores. We can go through the code on the C-1 and 24 C-2. But the art and school supply stores -- I'll 25 just pull some out real quickly -- bicycle store,

Page 10

Page 12

Page 11

"booth" a as small and usually temporary area where 2 things are sold or displayed or services are provided.

Section 23-402 defines -- in our code,

4 defines "flea market" means an occasional and periodic 5 sales activity held within a building structure or

6 open area where groups or individual sellers offer

goods, new and used, for sale to the public but not to

8 include private garage sales.

The Merriam-Webster's definition of "booth" 10 comports with the City's definition of "flea market" 11 as both contemplating either occasional or periodic or temporary sales activity. That was the concern that was brought up with this aspect of it. It basically seems to be defining a flea market approach to this.

I will note also that besides booth, it does 15 16 say booths, kiosks and retail spaces. Typically what you see in any type of interior mall situation, you will have retail spaces and you will have kiosks. That's not unusual. There are standards; there's all

types of development standards for those. Booths is

21 not typically something that you see as part of a 22 shopping center. Doesn't go along with it in my

23 opinion.

It goes on to further -- the flier goes on 25 to further say that it advertises conference/party/ 1 camera stores; candy, nut and confectionery stores 2 including on-premises production; cellular telephone 3 stores, children and infant product stores, clothing and apparel/accessory stores selling new merchandise; drug stores, ice cream shops, hobby stores. It goes all the way through this.

And if you look at the definition again, we do not define a store as such within the Code of Ordinances, but again, if you go back to Webster's Merriam-Webster Dictionary, it defines a store as a building or room where things are sold.

I see a very big differentiation between what we're talking about as a building or a room, a 14 store, which are allowed uses within the code, versus 15 booths, which has a totally different connotation, and again, as described earlier, was really talking more of a temporary type use.

One of the other things, I guess, and this 18 19 is something I just noticed when received today was a amendment to the appeal. Under Exhibit 15, I was reading through their prototype lease that they have set up for this, which actually is not a lease at all, reading it. Basically it is a month-to-month license 24 and it is not a long-term or lease. Again, we do 25 require leases through -- with an occupation tax

1 certificate. That's a situation, though, that really will not be determined, but those are case-by-case

3 basis with an occupation tax certificate.

10

4 But the overall portrayal of what I was 5 seeing and hearing from people -- And even up till 6 last week we got a call about somebody wanting to know more about when the flea market was coming in; they had been talking to the marketers for this, and they were told that flea markets. . .

Now, you know, one person tells you that --We've had a lot of people come in and saying that, so it raised the red flag, and there's concern.

So basically the -- the letter that we sent 13 out -- I sent out -- was saying that if you operate as it is being portrayed on the flier and what we're hearing, these uses would not be allowable under the C-2 zoning code. So it was kind of an informational -you know, if this is what you're planning on doing, those would not be consistent in my determination that those would be allowed uses within it.

But that's what it comes down to. So you 21 know, what was advertised, what was seen, that was the basis. The primary basis, the discussion with the applicant prior, and the owner, not this applicant but 25 the owner previously about all the different uses and

1 issued.

Page 13

And there was a electrical permit for -- got 3 a list of them. It was for -- let's see. It's

4 interesting because it was residential; it was a

combination of arranging it, water heater, clothes

dryer, dish washer and disposal unit. That was

submitted for on 9/12, and the permit was issued.

And only thing else I'd like to note in this process, electrical permits do not require review and

approval by the Dekalb County Fire Marshal.

Demolition permits do not require Dekalb County Fire Marshal.

We also have an application in that we 13 14 issued a number on so it could go to the Dekalb County Fire Marshal for interior renovations. Again, we have seen no detailed plans on this whatsoever. We have not received any word back from the fire marshal whether they have gotten any type of finalization on

those plans. 19

Once those plans are completed, the fire 20 21 marshal contacts the applicant that brought them the 22 plans. They go get them, they bring them back to the 23 City. Again, whatever additional information we need

24 or if it's complete at that point, we've got a

25 completed application, and we actually start our

Page 14

Page 16

1 the fact that flea markets kept coming up and up and 2 up, and then having this additional information come 3 on top of that where it's being portrayed as that,

4 and these were fliers that went out to the general

5 public and were out, you know, out and around. We got

6 a copy of it I believe on the -- I've got the date

somewhere but it's not really important.

So again, you know, it goes back to it was 9 my determination that based upon the uses portrayed in the development advertisement, and it was being conveyed to prospective tenants, that such uses would be contrary to the C-2 zoning and, as such, would be considered a flea market which would not be allowed. Once the other uses that they were talking about, such as the exhibits and the -- the gaming, the conference/ party/concert space, all those will be of concern and not be an allowed use. 17

We -- as you see on your package, there were 18 several permits taken out. Again those are not real relevant to this determination, but just FYI, I included that in there. There was a sign permit that was allowed, and as you know, we don't control content, but that was for vacant space which was 24 advertised. There was a demolition permit for 7,500 25 square feet that was taken out and a permit was

1 review for both the building -- all the details,

2 because at that point we have enough information to start making decisions.

Again, this is really focused on what is

5 being advertised and the fact that this appears to

6 be -- from all indications and from the advertise-

ments, to be uses that would not be allowed in C-2.

So the letter notification was sent to -- deter-

mination was sent to the applicant making them so

aware. And I'll be happy to answer any questions that you might have.

12 MAYOR PITTMAN: Ms. Alexander?

13 COUNCILMEMBER ALEXANDER: No. ma'am.

MAYOR PITTMAN: Mr. Bates? 14

COUNCILMEMBER BATES: No. 15

MAYOR PITTMAN: Ms. Fleming? 16

COUNCILMEMBER FLEMING: No, not at this

18 time.

17

MAYOR PITTMAN: Ms. Dean? 19

COUNCILMEMBER DEAN: What exactly is being 20

21 appealed?

MR. COOLEY: The appeal is the deter-

mination; the letter was the determination of those

24 uses, if developed as -- as being portrayed in that,

25 would not be allowed. It would be considered a flea

Page 20

1 market and would not be an allowed use. That's what 2 the appeal is.

COUNCILMEMBER DEAN: So you were just 3 4 stating -- you were just conveying information and that conveyance is being appealed? I'm not sure what the appeal is.

MR. COOLEY: Well, again, it was a determination that this is a flea market --8

COUNCILMEMBER DEAN: Right. 9

MR. COOLEY: -- based upon --10

COUNCILMEMBER DEAN: Right. 11

12 MR. COOLEY: -- the things that I've stated.

So that was the determination that we sent to them. 13

COUNCILMEMBER DEAN: Right. 14

15 MR. COOLEY: If it's developed like this,

this will be considered --

COUNCILMEMBER DEAN: Right. 17

MR. COOLEY: -- a flea market, and they are 18

appealing that determination that it would be

considered a flea market. 20

COUNCILMEMBER DEAN: So they do want to 21 conduct this business in this way; they don't want to call it a flea market.

MR. COOLEY: I will have to leave that --24

25 COUNCILMEMBER DEAN: Okay. But the first determination was in fact that

2 this proposed discount mall was a flea market as that

3 term is defined under the City Code. The second

determination was that this new development would be

bound by a new ordinance, Section 580 of the develop

ment code. So those are the two issues on this appeal.

Let me discuss the flea market first and let 8 me cut through something right away. The letter

states that it's based on one piece of information and

one piece of information alone, and that is a flier, and one word in that flier, the word "booth."

There is an issue here that Joe did not touch on that we spent a good bit of time in our

appeal addressing, and it's -- it's a -- a position

that's not been refuted by anyone since we filed our

appeal: No one affiliated with the ownership of

Mercado Plaza had anything to do with that flier.

They didn't generate it; they had nothing to do with it at all. 20

We've submitted three affidavits from all 21 three managers of Mercado Plaza, LLC, who have testified under oath they didn't write the flier, they

didn't ask that it be written; they weren't aware it

was written; and when they found out, they located the

Page 18

Page 17

MR. COOLEY: -- to the Applicant to address 1 2 that.

COUNCILMEMBER DEAN: Okay. 3

MR. COOLEY: We're working off of our 4

discussions with them, the owner, about previous uses.

6 COUNCILMEMBER DEAN: Okay.

MR. COOLEY: And then all of a sudden this 7

kind of seemed to be flipping back to the flea market.

COUNCILMEMBER DEAN: Okay.

MAYOR PITTMAN: Okay. So I guess at this 10

time we will give you the opportunity to speak. 11

MR. DENNIS WEBB: Good evening. My name is 12 Den Webb. My office address is 1230 Peachtree Street,

Atlanta, Georgia 30309, and I'm here on behalf of two

parties tonight. The first is Buford Plaza, LLC.

Buford Plaza, LLC owns the property Joe just

discussed, 5597 Buford Highway that everyone knows as

an old K-Mart site. My second client is Mercado

Plaza, LLC. It leases that property and intends to

put a Latino discount mall on it. 20

Let me go back to sort of your point as to 21

22 why we're here. As Joe indicated, on October 16th, 2013, he issued a letter that made two determinations

24 and told us if we -- if we didn't agree with him, we

25 had an obligation to appeal, so that's what we did.

1 person who wrote it and told him to stop handing it

out, because the information in it was wrong.

There's an expression lawyers use. I was 3 looking forward to seeing Ms. Pachuta tonight because

I believe she's an attorney and I think she would

recognize this term: It's called garbage in, garbage out, and it means that if the conclusion is based on

erroneous information, the conclusion is erroneous.

And that is what we have here in this

10 letter. It is based on a flier written by a third 11 party who doesn't know this project, who isn't

12 affiliated with the ownership, and that is the sole

basis for the determination that this is in fact a

flea market and the issuance of the letter on October 16 of 2013. 15

The fact is, though, that what my clients 17 are proposing isn't now and has never been a flea market. 18

19 We don't have to rely on Webster's

Dictionary to figure out what the term "flea market" means. That's actually a term defined in our code of

ordinances. It is defined as an occasional or

periodic sales activity held within a building,

24 structure or open area where groups or individual

25 sellers offer goods, new and used, for sale to the

Page 24

1 public. So as I indicated in my appellant statement,

3 that definition has two operative phrases: Number 4 one, the sales activity has to be occasional or periodic and, number two, the goods sold have to be 6 new and used. And if either one of those criteria is met, there's no basis upon which the City can determine that this particular use is a flea market, and I think we submitted more than adequate evidence to show that neither criteria is met in this instance.

11 First, the sales activity proposed in Mercado Plaza is not occasional or periodic. This mall, like all malls, would have regular business hours: It's open five days per week, Saturday through Monday, 10:00 a.m. to 9:00 p.m.; and Wednesday through Friday, 11:00 a.m. to 8:00 p.m. And every tenant in Mercado Plaza is required to be open when the mall is 17 18 So based on that one issue, this Council 19

market. But let me address the second criteria: Mercado Plaza will not allow the sale of used goods. 22 Joe mentioned the tenant agreement which we included as part of the record. If you've read it, as 25 he apparently has, you'll see that it expressly

should find that this particular use is not a flea

20

1 proceed with this development. They were issued

2 permits to proceed. They had spent hundreds of

3 thousands of dollars. And just to be clear, they had

4 already applied for a business permit. I'm not sure

5 that that did come out clearly, but I don't think it's

disputed here.

So the fact is that both Mercado Plaza and Buford Plaza are entitled to continue to operate under

the law as it existed prior to September 9th of 2013. And let me just note this for the record: That's a

fact your the Community Development Director has

confirmed.

I sent an Opens Records Act request to the 13 14 City. It took a long time to get a response. The first time, I got 123 pages of material, the second time I got over 1,600 pages of material, and among that material was an August 19, 2013 email from your community development director that said if they apply for building permits prior to any changes, the changes will have no effect on them.

And that's exactly what happened. The 21 changes have no effect, and certainly any determination to the contrary is wrong.

I'm happy to address any questions you would 24 25 like me to address. I think I'll stop there. I'm

Page 22

Page 21

1 forbids any retailer from reselling merchandise or selling secondhand goods.

So while we can talk about extraneous and 3 4 unidentified third parties, we can talk about fliers 5 and third parties and people not affiliated with my clients generated, the information in the record are the facts and they are sworn facts. And I think based on those facts, there is simply no way that the City can consider or determine this particular use a flea market based on its own law. 10

Let me just touch briefly on the second issue. It was raised in Mr. Cooley's letter, and it relates to the new Development Ordinance, Section 580. As you are aware, that ordinance requires retail spaces to be, among other things, a thousand square feet and have four walls and a ceiling. That ordinance was adopted on September 9th of 2013, and that was months and months and months after this project was underway. And as a result, it is our position that the applicants or the Appellants are not

By the time that ordinance was adopted -- and 22 as Mr. Cooley indicated, the ownership and the lessors had had many, many meetings with the City. They had been told on numerous occasions that they could

1 going to reserve my time, and I'm happy to take some 2 questions.

Actually, let me think. Let me go back to one -- or points that I took down while Joe was speaking.

Mr. Cooley mentioned tonight that he got phone calls from people mentioning the fact that they had heard a flea market was going in. I mean that's the same type of evidence we have with the flier. Who

are these people? What was their interest? You know, when did they call, what did they say? There's

certainly no mention of those phone calls in the

letter that we received from him.

I think that evidence is unverified, uncorroborated and certainly not reliable in this instance, and I think I'll stop there.

17 MAYOR PITTMAN: Okay. Ms. Alexander? COUNCILMEMBER ALEXANDER: Some of the items 18

19 that you addressed talking about no used goods are going to be sold, but I'm curious why in Mr. Furrow's

affidavit he mentioned discussing conditional permits

for items such as a pawn shop, because when a pawn is

not paid, the used goods are sold.

MR. WEBB: As I understand it, the point of 25 that affidavit was to identify that tenants are

bound by it.

Page 27

1 restricted from any use that would not be allowed2 under the C-2 zoning ordinance absent a special use

3 permit. You can sell used goods in Doraville. I4 think you can sell items on consignment, I think you

5 can have an antique shop, but I think sometimes

6 they're required conditional use permit. So to the

7 extent that that particular step was taken, they might

8 be allowed to sell, but as a general principle, there

9 will be no resale of secondhand goods.

10 COUNCILMEMBER ALEXANDER: Okay, because the 11 affidavit also says unless specifically allowed by

Mercado, so I interpreted that that they could make a

decision later on to allow the sale of used goods.MR. WEBB: Well, tell me what paragraph

MR. WEBB: Well, tell me what paragraph you're looking at, please.

16 COUNCILMEMBER ALEXANDER: Section 10 on the 17 affidavit by Mr. Furrow.

But just for the record, Council to my knowledge does not have a copy of this lease agreement

20 that is supposed to be part of the record. So can you

21 please get that, a copy of that document, for our 22 information, please.

MR. COOLEY: Just FYI, I did receive that this morning.

25 COUNCILMEMBER ALEXANDER: Okay. Well, we

1 the lease.

Page 25

2 COUNCILMEMBER ALEXANDER: Your exhibit B permit sign, Mr. Lee's name and telephone number is or

4 this sign. There is no affidavit from Mr. Lee.

And what is his position with this

6 establishment?

7 MR. GARY T. FURROW: He's just a leasing 8 agent.

9 COUNCILMEMBER ALEXANDER: Okay. So th 0 leasing agent's name is on the flier that is

11 supposedly not authorized.

MR. WEBB: There's a handwritten notation or the bottom of the flier.

14 COUNCILMEMBER ALEXANDER: That's why
15 thought --

MR. WEBB: Who knows where that came from?
COUNCILMEMBER ALEXANDER: I understand the

18 completely, but my point is I think it would be pretty

safe to deduce that Mr. Lee did receive phone callsoff of generated said flier.

Did he never question where they got the information or anything to that nature?

MR. WEBB: As far as I can go on that point there, I saw an email in the 1600 produced where Joe

5 Cooley said that he had gotten a phone call or two

Page 26

1 from folks saying they heard there's a flea market

1 have not received a copy of that.

MR COOLEY: Right

MR. COOLEY: Right.

MR. WEBB: And just FYI, we found out last Wednesday.

Well, I think that must be a typographical error, because if you read the following sentence:

7 Mercado is aware that it must obtain conditional

8 permits from the City in order to allow any such uses

9 by its retailers. So it's a recognition that absent a

10 conditional use permit, those uses would not be

11 allowed. And it may be that Mercado itself would file

for a conditional use permit as opposed to the tenant.

COUNCILMEMBER ALEXANDER: But may point being 14 is it doesn't say that they are not going to do it.

15 It says they understand the process that they would

have to go through to allow the sale of used goods.

MR. WEBB: Well, and my point is the tenant

MR. WEBB: Well, and my point is the tenant agreement specifically says you can't resell goods or sell secondhand goods.

Now, to the extent the City would allow that as, you know, an antique store or a consignment

22 furniture store or something of that nature, then

23 maybe there is some wiggle room. But certainly to the

24 extent that we're talking about general used

25 merchandise, I think that issue is clearly defined in

1 from folks saying they heard there's a flea marke 2 coming.

3 He called Mr. Furrow.

Mr. Furrow said, Let me check this out.

5 He called his two leasing agents, which presumably

6 would include Mr. Lee, and reported back that that's7 not what they're telling people; they tell me they are

8 not identifying this property as a flea market.

9 COUNCILMEMBER ALEXANDER: Okay. But w 10 don't know that Mr. Lee did not receive phone calls 11 generated from this flier that mentions flea market 12 because we don't have an affidavit from Mr. Lee.

MR. WEBB: We don't, and we don't know whether he -- We don't know that either -- either way And I'm not sure how that would be relevant, frankly The words "flea market" are --

COUNCILMEMBER ALEXANDER: Because you'r claiming no knowledge of the document.

MR. WEBB: Well, I have put up affidavits of the three managers, the principals of the company who operate the business. They as a business are unaward of anyone affiliated with their company that has anything to with that flier.

24 COUNCILMEMBER ALEXANDER: Okay. Bu 25 Mr. Lee is affiliated with the company, because

Page 32

1 Mr. Furrow said he's one of the leasing agents.

MR. WEBB: He is a leasing agent --2

COUNCILMEMBER ALEXANDER: Okay. 3

4 MR. WEBB: -- correct.

5

COUNCILMEMBER ALEXANDER: All right. Thank

you. Those are all the questions I had.

7 MAYOR PITTMAN: Mr. Bates?

COUNCILMEMBER BATES: Yeah. I want to focus 8

on the affidavits from Mr. Furrow and Ly Phillips.

Both of them stipulate in their affidavits 10 11 that the Mercado Plaza would be similar to Plaza Fiesta. 12

MR. WEBB: Correct. 13

COUNCILMEMBER BATES: Okay. Just want to 14

15 make sure that's stipulated.

I went and looked and got information about 16

Plaza Fiesta because I'm a layman and legal

terminology kind of goes over my head. So I'm just

going to read from Yelp, which is reviews on Plaza

Fiesta, and then a Wikipedia Free Encyclopedia

statement regarding Plaza Fiesta. 21

So on Yelp, you have: The place is 22

fantastic. It's a little chaotic, as the inside is

set up more like a flea market mercado with booths

25 indoors instead of storefronts, but that's part of the

1 flea market.

Page 29

I appreciate the interest in wanting to

3 redevelop our city, but we are poised for

4 redevelopment in the city, and putting in 350 12 x 12

5 booths with roll-up doors in the middle of the Buford

6 Highway corridor doesn't fit within a developmental

7 standard that the City has. It doesn't fit in with

the LCI developments and studies that the City has

conducted and spent a lot of time making sure that our

Buford Highway corridor becomes a strong entrance into

the -- the community and entrance into our

neighborhoods and our city center.

So again, I'm not an attorney. I didn't

sleep at Holiday Inn Express last night.

I'm just using common-sense analysis to say 15

that what your own affidavits relate to becomes, to

me, a flea market, so --

MR. WEBB: Let me address that, because both

Yelp and Wikipedia are open-source information

sources.

21

COUNCILMEMBER BATES: Sure.

MR. WEBB: That means any third party can 22

come in and put information in it. Yep, they can use

whatever language they want. And it's irrelevant, and

25 you know why? Because Doraville defines what a flea

Page 30

1 experience.

Second review: Think of it as a huge indoor 3 flea market.

Third review: There are several little flea 5 market areas in addition to the regular shops in the

6

7 Fourth review: But for the adventurous 8 shopper, there are plenty of flea market booths in the

mall hocking hard-to-find goods.

The interesting part is that, you know, Yelp 10 has these intuitive search engines, and so it says people viewed this after searching for flea market-

13 Atlanta.

Wikipedia says: Plaza Fiesta is a 350,000 14

square foot strip mall in Dekalb County, Georgia, on

the eastern border of the city of Brookhaven, on

Buford Highway and Clairmont Road. The mall contains

a large supermarket, farmers' market, several large

discount stores, and a large space filled with over

140 small vendors modeled on a Mexican mercado or flea

21 market.

22

So as a layman using my common-sense

23 deductive reasoning, if you're comparing what you want

24 to put in at the K-Mart to Plaza Fiesta, I'm doing an

25 apples-to-apples comparison, and that then becomes a

1 market is.

The only thing that matters here is

3 Doraville's definition of "flea market," which is an

occasional or periodic sales activity held within a

building, structure or open area where groups or

individual sellers offer goods new and used for sale

to the public.

12

The only question for you is: Is what we're

proposing a flea market under that definition? COUNCILMEMBER BATES: Thank you. 10

11

MAYOR PITTMAN: Mr. Patrick?

COUNCILMEMBER PATRICK: No comments.

13 MAYOR PITTMAN: Ms. Fleming?

COUNCILMEMBER FLEMING: Ms. Alexander

touched on my comments as well. I find it quite

unusual that Bo Lee did not have any type of

affidavit, particularly since his name is on the

leasing information.

The other gentlemen that you do have

affidavits for are listed on the leasing information 21 and construction information. So I was just curious

22 as to why he had not submitted an affidavit as well,

seeing that his name, even though it was hand printed

24 on the flier, his name does appear on the leasing

25 information.

- So with that said as well as what Mr. Bates 2 said, a flea market does not fit well in our LCI and 3 our Comp Plan.
- 4 MAYOR PITTMAN: Okay. Ms. Dean?
- COUNCILMEMBER DEAN: Well, Mr. Bates touched on what I was going to say.

I was going to ask you what you would call Fiesta Plaza, how you would define it, but -- but we've gone through that so that's not necessary.

The 1,000-square-foot minimum, I actually 10 11 suggested that because I want -- we want businesses to 12 come in, stable businesses to come in, and you're not going to come in in a small room or a small both and

14 -- and -- and -- and stay, plan on staying and

developing in any sort of way. So the 1,000 square

foot would change not for this but for -- for general purposes, number one. 17

18 Number two, has the City received any formal documentation with plans stipulating the size of

booths or -- or -- or rooms or anything like that for 20 the proposed Mercado Plaza? Yes? No? Maybe?

MR. WEBB: Well, what I -- That depends 22 23 on -- on --

COUNCILMEMBER DEAN: Any formal plans. Have 24 25 you -- have you provided the City any formal plans --

1 here. So the fact that we changed this to 1,000

2 square foot, a minimum of 1,000 square foot really has

3 no relevance whatsoever to plans, because we don't

have a copy of those plans here; right?

MR. WEBB: Well, I'm not sure I understand your point. You know, the fact is there's a 1600-page email trail that shows exactly why 800 square feet and then 1,000 square feet was chosen and it goes back

months and months. So we can --

COUNCILMEMBER DEAN: Well, you can also lool 11 at the minutes of the meeting, because we had a discussion, in fact two discussions on that.

So it's not -- I mean it's not complicated. 14 it's not curious. I mean it just makes sense for the 15 kind of development that we want to bring into the **16** city.

MR. WEBB: Well, I disagree as to the 17 motives. I think they're clear and I think they'll be thoroughly examined at the next phase.

COUNCILMEMBER DEAN: So Oscar Sinisterra 20 21 have you talked to him? Have you said: Why are you doing this? Why did you do this and why are you -why are you -- why are you specifying what we are going to do to this property? Why are you doing that? Why are you passing out fliers with this information,

Page 34

Page 33

10

MR. WEBB: Yes, but --

COUNCILMEMBER DEAN: -- that sets out a

3 design on booth size or the room size or anything like

4 that?

1

MR. WEBB: Yes, we have. 5

6 COUNCILMEMBER DEAN: And we --

MR. WEBB: This -- this --7

COUNCILMEMBER DEAN: -- weren't provided a 8 9 copy of it?

MR. WEBB: Well, let me clarify. We filed 10 for a building permit. We started the process.

What we were told was to take our plans 12

13 first to the Dekalb County Fire Marshal for review. 14 So we took our plans, and they are there. But that is

step one in the process, and, from our perspective, we

16 have started the building-permit process. You can

consider that in Doraville or not, but we did in fact have them, we provided them and we started the

building-permit process here in the city.

20 COUNCILMEMBER DEAN: Okay, but we haven't --

MR. WEBB: Under the -- under --21

MR. COOLEY: -- seen them here. 22

23 MR. WEBB: Under the direction we were given 24 by the City.

COUNCILMEMBER DEAN: But we don't have them 25

1 and under whose authority?

Have you asked him about that? because

that -- that's -- I don't understand why would this guy say: Oh, well, I'm going to, you know, print out

these fliers and basically, you know, advertise for

free this property that has not yet been developed,

and -- and potentially causing you harm? MR. WEBB: I didn't speak to him. My

understanding is that he is the manager of the Buford Highway Flea Market.

COUNCILMEMBER DEAN: Uh-huh.

12 MR. WEBB: It was at that point going out of business. It's not going out of business now, and I think he may -- and I'm guessing here like we all are.

I think he may have been trying to help some of those 16 folks relocate.

But the fact is our folks --

COUNCILMEMBER DEAN: Uh-huh. 18

MR. WEBB: -- have clearly indicated they 19 didn't speak to him, they didn't direct him, they

didn't know what he was doing; and when he did it,

they told him to stop.

23 What his motives are are unknown.

COUNCILMEMBER DEAN: Okay. 24

MR. WEBB: But what our involvement in -- in

25

11

```
1 that process is not.
                                                        1 tents.
         COUNCILMEMBER DEAN: Okay. And the leases
                                                        2
                                                                MR. WEBB: What's that?
 3 and in Mr. Furrow's affidavit he talks about: We
                                                                COUNCILMEMBER DEAN: I don't think we allow
                                                        3
 4 leased approximately 70 retail spaces.
                                                        4 tents; right?
         What were the terms of those leases? I mean
                                                                MR. WEBB: Well, there's nothing -- We're
                                                        5
 6 what was the -- what was the period for those leases,
                                                          not asking for tents.
   and do you have copies of them? Could you provide us
                                                                COUNCILMEMBER DEAN: I know.
   copies of these leases?
                                                                MR. WEBB: There's nothing to indicate
         MR. WEBB: I could. I can't now. We have
                                                          tents. Maybe that flier, that third-party flier that
10 actually put into the record a standard copy of the
                                                          was unauthorized might have referenced something like
11 lease.
                                                          that, but the evidence in front of you, the sworn
         COUNCILMEMBER DEAN: Okay.
                                                          testimony doesn't say anything about tents.
12
         MR. WEBB: But in terms of all 70 individual
                                                                COUNCILMEMBER DEAN: Well, you just said
13
                                                       13
   leases, we have not put those into the record.
                                                          tents may come and go but the businesses --
         COUNCILMEMBER DEAN: Approximate. I mean
                                                                COUNCILMEMBER FLEMING: He said tenants.
15
                                                       15
16 like what -- what's the duration?
                                                                MAYOR PITTMAN: He said tenants.
                                                       16
         MR. WEBB: I don't know.
                                                                COUNCILMEMBER DEAN: Oh, okay, okay. All
17
                                                       17
18
         COUNCILMEMBER DEAN: You have no idea?
                                                       18
                                                          right.
         MR. WEBB: I mean I haven't seen a single
                                                                COUNCILMEMBER FLEMING: Because that's what
                                                       19
19
                                                       20 I thought he said too.
20 one of those leases. I've seen the standard term, and
   it, you know --
                                                                COUNCILMEMBER DEAN: Okay.
21
                                                       21
         COUNCILMEMBER DEAN: Does anyone in this
                                                                MAYOR PITTMAN: Okay. Thank you, sir.
22
                                                       22
                                                                Mr. Cooley, do you have anything?
   room have any idea how long the term of the lease
                                                       23
24 might be?
                                                                MR. COOLEY: Just a couple quick items.
                                                       24
25
         MR. FURROW: The licenses are month to
                                                       25
                                                                First off, the amended copy of the appeal I
```

Page 37

Page 38

Page 40

```
1 month.
         COUNCILMEMBER DEAN: Licenses. Okay, so --
 2
 3 Because here in this affidavit, it calls them a lease.
   And a license and a lease are two totally different
   things; correct? You understand that?
 5
 6
             (No audible response)
 7
 8
 9
         COUNCILMEMBER DEAN: Okay. I'm good.
         MAYOR PITTMAN: Sir, did you have anything
10
   else you wanted to add?
11
         MR. WEBB: No. I guess I just am not clear
12
   on what the point of that last conversation of lease
```

versus license is. The fact is this is a mall. It is

a single standing structure with accommodation of

And you know, the lease terms or the license
terms for each tenant will be different. But the fact
is the mall is a single structure; it's open five days
a week during regular hours just like every regular
business is. And the fact that a tenant may come and
go is irrelevant. You know, if The Gap leaves Lenox
Square, it doesn't make it a flea market. The mall

COUNCILMEMBER DEAN: I don't think we allow

received this morning, it was actually delivered to
 the front office at 3:10 Wednesday afternoon right
 before Thanksgiving, so -- and Legal has not received
 a copy, so I will present this to the recorder and to
 the Clerk and for it to be part of the record.
 And to answer your question, I believe
 Mr. Furrow answered the one. One other -- a couple
 things. One, there was the issue brought up about the
 thousand square feet. This is something that has been
 a issue since I've come here, and it's not solely to
 this type -- this project or anything of that sort.
 We've had a continuing problem of businesses

we've had a continuing problem of businesses

coming in inside of businesses, opening up; they crowd

the space, they fill up the parking lots. We've had

this probably in a number -- several sites with the

taxicabs. We've had the same situation where we've

had a lot of booths opening up in other uses where

they were not getting occupation tax certificates.

So this does predate this business

20 substantially. I've been here approximately two and a 21 half years, and that's one of the issues that I 22 recognized up front, which we did -- this Council did 23 address.

Another important item, I think: It was identified that Mr. Lee was the leasing agent. I do

25

24 itself is the primary focus here.

Page 41

1 have someone here tonight that will be willing to

- 2 testify, Mr. Joe Frank, actually, where those fliers
- 3 were on the table at the front of the K-Mart in the
- 4 lobby area with the two people that were doing the
- 5 leasing work, and he was given one by one, and these
- 6 are the fliers that was in question.
- So I think it would probably be a good idea
- For the record since this is quasi-judicial, that
- 9 Mr. Frank be allowed to give testimony to that fact.
- 10 And if that's the case and they are -- this person,
- 11 whether it be Mr. Lee or whoever the agent was on duty
- 12 at that time was giving it out as representation of
- what they were doing, that ties it directly to the
- 14 proposed plan, at least in my opinion.
- And again, this is a determination based
- 16 upon what I've learned and read and heard through a
- 17 number -- it's not solely on the flier, but the other 18 aspects also.
- MAYOR PITTMAN: Mr. McLendon, is it proper to have Mr. Franks?
- 21 ATTORNEY McLENDON: I don't know why not.
- I mean Mr. Webb, any issue with that if
- 23 somebody wants to put something in factually? I mean
- 24 it's an issue of fact that has been raised by you.

2 on October 16th based on information that was

4 Second of all, do I get a chance to cross-examine

7 What I would say is I don't know this is a cross-8 examining situation, but what I would tell you is

since the issue has come up and the question of fact

has been raised by you, I think it becomes relevant.

-- whatever Mr. Cooley said. I'm okay with that.

MR. WEBB: Well, I'm not stipulating to

3 available to Mr. Cooley, and that's my first response.

ATTORNEY McLENDON: Why don't we do this:

MR. WEBB: Well, I think it's after the

1 ATTORNEY McLENDON: I think it would be

- 2 appropriate for us to, you know, give it what weight
- 3 you may. I think it would be appropriate to put it in
- 4 the record if he had something he wanted to add.
- 5 MR. WEBB: Well, I disagree, and I object to 6 taking evidence from the general public here like
- 7 this, certainly unannounced as well.
- 8 ATTORNEY McLENDON: Mayor, let me have five
- 9 minutes. Can I have a recess on that?
 10 MAYOR PITTMAN: Certainly. We'll have a
 11 five-minute recess.
- 12 ---13 (Brief recess)
- 14 ---
- MAYOR PITTMAN: Meeting come back to orderMr. McLendon?
- 17 ATTORNEY McLENDON: All right, Mayor.
- 18 Giving the issue thought, to the extent that the
- 19 decision was made on the -- based upon the information
- 20 in front of him, what's happened is I think in this
- 21 hearing we've come in and we've questioned the basis 22 of part of the evidence, at least some aspect of the
- 23 evidence. It's been said: That was not done with our
- 24 authority or knowledge.
- You know, I have somebody that's willing to

Page 42

- 1 fact. I mean the point is there was a decision made 1 come up and -- and says, you know, I had an
 - 2 observation that's relevant to that. I think it's
 - 3 appropriate to listen to it, but I think if -- if
 - 4 that's allowed to be put in, Mr. Webb should be given
 - 5 every right to ask him questions about that very
 - 6 thoroughly.
 - So to the extent that -- that, you know, he
 - 8 has information that may be relevant to that flier,
 - 9 I'm going to say we should listen to it but Mr. Webb
 - 10 should have the ability to fully ask him questions and
 - I'd be happy for us to just stipulate that's what Mr. Frank would testify to, that the flier was -- 12 MR. WEBB: Since we're creating the stipulate that's MR. WEBB: Since we're creating the stipulate that's what Mr. Frank would testify to, that the flier was -- 12 MR. WEBB: Since we're creating the stipulate that's what Mr. Frank would testify to, that the flier was -- 12 MR. WEBB: Since we're creating the stipulate that's what Mr. Frank would testify to, that the flier was -- 12 MR. WEBB: Since we're creating the stipulate that the stipulate that was -- 12 MR. WEBB: Since we're creating the stipulate that the sti
 - MR. WEBB: Since we're creating a record, I think I would just like to object to the process or
 - 14 lack of process. I've actually already raised that
 - 14 fack of process. The actuary already raised that 15 objection.
 - 15 objection.
 - And one of the issues I have here is there are absolutely no standards as to what determines the
 - 18 appellate review, and I don't think it's appropriate
 - 19 to take comment from the general public. So I
 - understand that the City Attorney has the ability todirect the course of this proceeding the way he wants.
 - 22 but I object.
 - ATTORNEY McLENDON: And I'll just note tha I don't think we're saying this is taking comment from
 - 25 the general public. We've had a issue of fact raised,
- 15 that.
 16 ATTORNEY McLENDON: Okay. And I don't think
 17 this has a right to cross-examination. I think
 18 Mr. Frank could come up and potentially put evidence
 19 in if that has been is a question of fact that's
 20 raised.
 21 I mean you've raised the question of fact of
- saying: This flier had nothing to do with my clients;right?
- MR. WEBB: Well, that's certainly the position that I've taken.

5 Mr. Frank?

10

11

12

13

Page 48

```
Page 45
 1 and I think we have someone who has stated they have
 2 specific knowledge regarding that particular issue of
 3 fact.
 4
         You're welcome to cross-examine him on it if
 5 he's willing to -- to put that evidence in the record.
         All right. So Mr. Harris, if you have
   something to add to that, please feel free. And I'll
 7
   need you to --
 8
         COUNCILMEMBER ALEXANDER: Mr. Frank.
9
         ATTORNEY McLENDON: Mr. Frank. I apologize.
10
                                                         10
11 Mr. Frank.
                                                         11
12
         MAYOR PITTMAN: Mr. Frank, if you would
                                                         12
   please -- Mr. Frank, if you'd please identify yourself
                                                         13
13
   to -- for the court reporters please.
         MR. JOE FRANK: Joe Frank.
15
         MAYOR PITTMAN: Go ahead, sir.
16
```

Okay. Well, several months ago, it was 19 20 shortly af- -- I believe it was shortly after the flea market sign came up over there, at least it was just a few days after I saw it there for the first time, and so I was just curious what's going on there and the 24 fact that we are putting up a flea market in the city, 25 because I was under the understanding that flea

And I was even kind of curious because it

3 said something about a -- about a plaza. And of

4 course to me a plaza is something where you have a

MR. FRANK: Do you want me to just go ahead

```
JOE FRANK
```

2 was called to testify, and having been first duly

3 sworn, was examined and testified as follows:

DIRECT EXAMINATION

BY MR. McLENDON:

Q Very good, and if you could --6

A Okay. 7

Q -- we had said there was --8

A I'll keep it brief. 9

Q -- one issue was --

A I'll keep it brief.

Q -- was that flier and what your knowledge is on that flier. Just address that.

A Okay. Well, so I went over there just to 14 see what was -- what they had going on over there, 15 and I walked in and kind of pretended to be a potential tenant, and I was given kind of a -- I guess

a little bit of a sales pitch on the thing of how

beautiful everything is going to be and all of the -and all of the booths that they were putting up there, 20

and they would have all these carts in the middle, and 21 there was going to be -- and they kind of gave me a

little rundown description of all the things that were

or at least some of the things, I guess. 24

And they wanted to know what I was going to

Page 46

25

put in there, and I said, I got a friend who's looking

for a space to put a -- to put a clothing, selling

clothing.

And anyway, we went on, and -- and then

towards the end of the conversation -- and there were two Asian ladies over there, a gentleman, and a

Hispanic individual that was I guess tidying up some

flooring of the floor right there by the -- by the

entrance. It was actually right when you come in, a

little to the left, there were a couple of desks, and 10

there were the -- you know, there were those ladies 12

and people sitting behind the desk over there.

And then when I was leaving, on one of the 13 -- on one of the desks, there was a stack maybe -- I don't know, but maybe so high (indicating), of fliers. And the lady gave me one of those fliers and -- and because we'd been kind of finishing, and she said if 17 vou call this --18

19

(Brief interruption)

THE WITNESS: But anyway, she -- she handed me the flier or pamphlet, whatever you want to call it, and they had that map on the back of it. And she said that they were working on this for some time but

1 markets were -- were prohibited use in the city.

5 series of stores on the sidewalk and each store is a 6 separate entity. ATTORNEY McLENDON: Mr. Frank --7 MR. FRANK: Okay. 8 9 ATTORNEY McLENDON: -- let me go ahead and let's just -- we got to keep this process --10 MR. FRANK: Oh. Okay. I'm sorry. 11 ATTORNEY McLENDON: We haven't said come in 12 13 and sort of testify to everything, so I'm going to ask 14 us --THE WITNESS: Okay. Very good. 15 ATTORNEY McLENDON: -- to disregard what he 16 said before. 17 And just for the sake of let's make sure 18

we're -- everybody's aware, I'm going to go ahead and ask you to -- swear you in regarding the testimony you're about to give.

MR. FRANK: Okay. 22

23 ATTORNEY McLENDON: Is that okay?

MR. FRANK: That's quite all right.

25 Whereupon,

17

18

20

21

22

that now they were getting the the	have had their

- 1 that now they were getting the -- they had their
- 2 permit, so they were just getting their permits
- 3 approved or something to that effect, and -- and that
- because now they are calling it a plaza versus a flea
- market or something, something to that effect.
- 6 Anyway, she handed me the flier. To the
- best of my recollection, she wrote the name under-neath. There was the phone number on it, on that
- 9 flier.
- And I left, and I said, I will tell my
- 11 friend about it and I would see her in the near future
- 12 about possibly renting a space over there.
- And -- and she mentioned something about
- 14 that, you know, they were getting the people from the
- 15 other market over, and just kind -- it was all kind of
- 16 like a sales pitch kind of a thing. And that's it.
- MAYOR PITTMAN: Okay, Mr. Frank, hold on just a minute.
- Mr. McLendon?
- 20 ATTORNEY McLENDON: Just so we know what
- 21 flier you're talking about, Mr. Frank, is that the
- 22 flier that you're talking about (presenting)?
- THE WITNESS: Yeah, correct.
- ATTORNEY McLENDON: All right. That's it.
- 25 All right?

1

1 it is.

5

Page 49

- 2 Q -- is your recollection that the words "flea
- 3 market" were used on the sign that you saw?
- 4 A I'm sorry?
 - Q Is your recollection that the words "flea
- 6 market" were used on the sign?
- A It was not used on the sign, and that's what
- 8 kind of caught -- caught my eye because Ly Phillips
- 9 used to own a flea market. And Ly Phillips is, I
- 10 believe, one of the owners of that -- of the property
- over there, or Ly Phillips, she's (pronouncing) she's
- 12 called anyway. And she used to own a flea market up
- 13 in Gainesville at one time or was a part owner in a -
- 14 in a flea market. And I believe in fact -- I believe
- 15 she was one time somehow related to that other flea
- market that you guys call Plaza Fiesta, so -- but that
- 17 is still a flea market. It was basically this guy's
- 18 flea market. That's -- that's the way I look at it.
- Q Well, you mentioned that you heard from conversations that this was a flea market.
- 21 A Yeah.
- Q All right. Did you ever speak to the
- 23 owners? Did you ever hear that in conversation with
- 24 an owner of Mercado Plaza?
- A No. That was out on the street.

Page 50

age 50

7

- 2 ATTORNEY McLENDON: Thank you.
- 3 MAYOR PITTMAN: Okay, sir, would you like to
- 4 cross-examine?
- 5 CROSS-EXAMINATION

THE WITNESS: Yes.

- 6 BY MR. WEBB:
- 7 Q Mr. Frank, my name is Den Webb. We've
- 8 actually met before, but it's --
- 9 A Yes, we did.
- 10 Q -- been awhile.
- 11 A Yes.
- Q You mentioned that you went over to the site
- because saw the flea market sign; correct?
- 14 A Correct.
- Q Is it your recollection that the words "flea
- 16 market" were on the sign in front of --
- 17 A Well --
- 18 Q -- the property?
- 19 A Well, I knew -- I -- I was already aware
- 20 from other conversation that they were applying to put
- a flea market in there. So when I saw that, I
- 22 immediate identified that as being, you know, the flea
- 23 market coming in there --
- 24 Q Well --
- A -- on the thing. That is practically what

- 1 Q Okay. That was just --
- 2 A That was hearsay.
- 3 Q -- hearsay.
- 4 A If that's what you want to call it.
- 5 Q When you went to the property, was there
- 6 work going on at the site?
 - A Yes, there was.
- 8 Q Okay. And so there were workmen walking
- **9** around and other people?
- 10 A Correct.
- 11 O You said that --
- A I believe the inside was already being
- 13 demolished and there was a -- a demolition permit on
- 14 the -- on the front door, on the front entrance.
- Q You said you think you've seen the flier at
- 16 issue. Did you take a copy of it when you went to the
- **17** site?
- **18** A I'm sorry?
- Q Did you pick up a copy when you went to the property, of the flier?
- A They -- they handed me a copy of that flier.
- Q Okay. And do you still have a copy?
- A Yes, I believe so.
- Q Not in your possession.
 - Did you come --

- 1 A No.
- 2 Q -- here to speak on this topic?
- 3 A I'm sorry?
- 4 Q Did you come tonight specifically to speak
- 5 on this topic?
- 6 A I -- I -- I didn't come to speak. I mean I
- 7 was called to speak.
- 8 Q Explain that to me.
- 9 A Well, we don't always get to speak in the
- 10 city hall unless we are called on to speak.
- 11 Q Okay. And who called on you to speak?
- 12 A I'm sorry?
- Q Who called on you --
- 14 A Well, I just --
- 15 Q -- to speak?
- A -- identified myself now because the issue
- 17 came up that -- that the flier was somehow -- the
- 18 owners did not know about the flier.
- That statement, to me, appeared to be very
- 20 untrue because they had a stack of those fliers on the
- 21 very desk inside the flea market right where all of
- 22 these people were sitting, so it was sitting right
- 23 there on the table.
- And for somebody to say that they are not
- aware of it when it's sitting right there in front of

- 1 over here. I believe you are the one who made that --
- 2 who made the statement that the owners did not know
- 3 anything about the flier and that somehow some flier
- 4 was -- I don't recall your -- your exact words, but it
- 5 was something to the effect, the way I understood it,
- 6 that it was somebody made it or what, I don't know,
- 7 but that the owners were not aware of it.
- 8 Q Okay.
- 9 A Okay. And my point is: Yes, the owners
- were aware of it or should have been aware because
- 11 they are the ones who had given it out. I mean it was
- 12 right there where the ladies were.
- Q Well, you saw a flier. You could testify to
- 14 that.

18

20

21

23

Page 53

- A No. I saw a stack of flowers -- of fliers.
- 16 Q Where?
- A She gave me a flier, but --
 - Q And you still have a copy of that flier
- 19 somewhere; correct?
 - A I probably do.
 - Q All right, but you didn't bring it tonight.
- A No, I did not.
 - Q All right. And you mentioned that you think
- 24 that the flier that was handed to you by Mr. McLendon
- 25 was the flier that you saw; right?

Page 54 Page 56

- 1 their table and they hand it to me, that is -- well,
- 2 whatever you want to call it. I don't want to call it
- 3 in public what it is.
- 4 Q Well, so you came -- you came here to speak
- 5 on the flier issue; is that -- do I hear you
- 6 correctly?
- 7 A That is -- well, no, I didn't.
- 8 I came here to speak if I'm called on about
- 9 the flea market because a flea market is something
- 10 that does not fit into our city. The flea market is -
- 11 that's it. It doesn't fit.
- 12 Q Okay.
- 13 A But anyway --
- Q But my point is --
- A But that's my point. I mean the City is the
- 16 one who makes those decisions.
- Q You knew the flier was an issue when you
- 18 came here today.
- 19 A No, I did not.
- Q Well, you -- you said that earlier. Did I
- 21 mishear you? You had --
- 22 A No.
- Q -- no idea that the --
- A I did not say the -- I did not say the flier
- 25 was an issue. I said that there was a statement made

- A By -- by whichever lady was speaking to me.
- 2 Q All right. Now --
- 3 A But -- you know.
- 4 Q -- you said you saw a map on the back of the
- 5 flier that you saw; correct?
- 6 Show me where the map is on the back of that
- 7 flier.

15

23

- 8 A I didn't say I saw a map on the back.
- 9 Q Yes, you did, sir.
- 10 A No, I didn't.
- 11 Q Okay. Well, if you said that, then you were
- wrong; correct?
- A I -- I don't remember seeing a map of a
- 14 flier on the back. No, I did not.
 - Q I'm sorry.
- 16 A I don't recall.
- 17 Q A map on the back of the flier is what you
- 18 testified to earlier.

about a map.

- A I do not recall saying it.
- Q Okay. Well, do you see a map on the back of that flier I just handed you?
- A Like I say, I do not recall saying anything
- Q Okay. Well, my question is, Do you see a
- map on the back of that flier in your hand right now?

Page 57

- 1 A No, I don't.
- Q You're -- you're a competitor of sorts of 2
- Mercado Plaza; correct?
- 4 A No. I'm not.
- Q You own commercial property in the city of
- Doraville, do you not?
- A I own one small property. 7
- Q Okay, that you lease to tenants. 8
- A Couple small properties. That's about it. 9
- Q I'm sorry. How many do you own? 10
- A Couple small properties. 11
- Q So it's not just one. You own more than 12
- one: correct? 13
- A Two. 14
- 15 Q All right. And you lease those --
- A Two. 16
- O -- to commercial tenants; correct? 17
- A Yeah. But it -- it isn't -- it isn't a 18
- competition to me. 19
- Q Have you ever used fliers to advertise your 20
- business? 21

1

- A No, I didn't. 22
- O Okay. You own commercial properties; 23
- correct? We just discussed that. 24
- A Well, we didn't discuss other place. 25

- And take your time in reading it.
- A It says here -- what it says is booths will
- be rented first-come/first-served. Buford Highway
- Flea Market tenants will have the exclusive during two
- weeks until August 25 to choose a booth. From there
- on you will be able to choose on what is available at
- 7 the moment. Reservations will be made upon receiving
- security deposit. 8
- Okay. To me, they are apparently handing 9
- this out or going to the booths in the Buford Highway
- Flea Market and giving the tenants at the Buford
- Highway Flea Market the first choice to go from there 12
- to over here. 13
- Q Well, my question is a simple one: That 14
- flier does not specifically describe Mercado Plaza as 15
- a flea market; correct? 16
- A Okay. 17
 - Q I'm asking the question, sir. Does it say
- Mercado --19

18

20

23

25

1

2

6

10

14

20

25

- A Well --
- Q -- Plaza is a flea market? I know what your 21
- opinion is and I know why you're here. 22
 - A Well, you got a picture over here.
- Q Sir, my question's a simple one. 24
 - COUNCILMEMBER ALEXANDER: Exce

Page 58

- Q But you've been in the city a long time;
- right? 2 A Yes, I'm here awhile. Yes. 3
- Q You know a lot of the folks that lease
- property in the city; correct?
- A Okay.
- Q There's nothing unusual about using a flier 7
- to lease property; right?
- A There's nothing unusual about it except when
- it -- or when the flier says that it's -- it actually
- advertises to -- saying that it's a flea market and it
- is being advertised to -- saying that the people in --
- in the flea market that is down the street have first 13
- right to rent the space, then it seems to me that 14
- that's a flea market. I mean if you --15
- O Sir, that flier --16
- A -- if you're going to solicit the tenants 17
- from that flea market, then obviously you're running a
- flea market. If you would be soliciting retail store
- tenants from another shopping center, which is 20
- commonly done, then you would be running a shopping
- center plaza. But what they're soliciting are flea 22
- 23 market tenants.
- Q I want to be clear on this. That flier does 24
- not describe Mercado Plaza as a flea market; correct?

- THE WITNESS: You --
 - COUNCILMEMBER ALEXANDER: Could we
- THE WITNESS: You --3
- COUNCILMEMBER ALEXANDER: -- simplify th 4
- scope for him to say where he got the flier.
 - We do not want his interpretation of what
- the flier said. I thought the purpose of this man 7
- testifying, so to speak, was to distinctly say where
- 9 he got the flier.

ATTORNEY McLENDON: I think that is a fai point, and if we would like to maybe narrow the

- conversation, we can basically limit the evidence to that issue alone is to how we'll consider it. 13
 - Q Let me -- I have no more questions for you.
- MR. WEBB: But I would like to raise one 15 issue before I sit down, and I want to make sure one
- point is -- is clear and understood. 17
- MAYOR PITTMAN: (To the witness) You car 18 19 sit down. Thank you.
 - MR. FRANK: Oh, okay.
- MR. WEBB: You know, I almost didn't want to 21
- even ask Mr. Frank questions because it put undue emphasis on the flier, and I don't think we tried to
- do that in our appellate statement. 24
 - The fact is we didn't write it, we didn't

	ember 2, 2013		State of Georgia
	Page 61		Page 63
1	have anything to do with it. Mr. Frank has his own	1	over at the Civic Center.
2	opinion and he has his own recollection, and I think	2	COUNCILMEMBER DEAN: The day before the
3	there's some some issues with that. But it's not	3	elections; that was the 4th.
4	the be-all end-all; it's not dispositive.	4	MR. COOLEY: Correct.
5	As I got as I stated earlier, we don't	5	COUNCILMEMBER FLEMING: But we had a second
6	have to guess what a flea market is. It doesn't	6	meeting in here the following week, I believe,
7	matter what Yelp says or Wikipedia or Joe Frank or	7	giving
8	anybody else says, because you have defined that term.	8	MR. COOLEY: The meeting
9	Doraville has a law that says what a flea market is,	9	COUNCILMEMBER FLEMING: Yes, we had
10	and if it's not that, then it's not a flea market.	10	MR. COOLEY: The meeting was
11	And we've certainly provided enough evidence on that	11	COUNCILMEMBER FLEMING: a second meeting
12	issue to demonstrate we don't fall within the	12	to allow if I'm not mistaken. Correct me I'm
13	parameters of of that definition. So I think, you	13	wrong. We had a second meeting after the initial
14	know, this flier issue is a little bit of a side	14	meeting on November the 4th. That was when the
15	circus and I I regret getting too far into it	15	gentleman was ill, and we gave him enough time to come
16	because I think it puts undue emphasis on an issue	16	to us again.
17	that's not dispositive.	17	COUNCILMEMBER ALEXANDER: That was a
18	If you don't believe the issue of the flier,	18	different issue.
19	which doesn't use the words "flea market," then let's	19	MR. COOLEY: That was a different case.
20	focus on the definition, because you're not going to	20	COUNCILMEMBER BATES: That was Moon
21	be able to support the determinations based on that	21	Lingerie.
22	definition.	22	COUNCILMEMBER FLEMING: My apologies. Thank
23	MAYOR PITTMAN: Mr. McLendon, do you have	23	you very much.
24	anything?	24	MR. COOLEY: Certainly.
25	ATTORNEY McLENDON: No, I have nothing	25	COUNCILMEMBER FLEMING: My apologies.
	Page 62		Page 64
1	further.	1	MAYOR PITTMAN: If there's no further
2	MAYOR PITTMAN: Anything, sir?	2	comments from the Council, does anyone wish to
3	MR. COOLEY: I just did want to give a copy	3	entertain a motion?
4	of the Clerk's and	4	COUNCILMEMBER BATES: Based upon the
5	MAYOR PITTMAN: So Mr. McLendon, at this	5	information presented by both the City and the
6	point	6	applicant and the information that was discussed, I'm
7	ATTORNEY McLENDON: At this point, I think	7	going to make a motion to deny the appeal on the
8	the evidence close is closed, and take it up to the	8	administrative zoning determination for 5597 Buford
9	Mayor and Council.	9	Highway.
10	MAYOR PITTMAN: Okay. Councilmembers, did	10	COUNCILMEMBER DEAN: Second.
11	you have anything else you wanted to add?	11	MAYOR PITTMAN: Discussion?
12	COUNCILMEMBER FLEMING: I wanted to ask	12	
13	Mr. Cooley a question.	13	(No response)
14	MR. COOLEY: Yes, ma'am.	14	
15	COUNCILMEMBER FLEMING: Correct me if I'm	15	MAYOR PITTMAN: Call the roll, please.
16	wrong, but on November the 4th, was that	16	CLERK BRYANT: Councilmember Alexander?

wrong, but on November the 4th, was that --MR. COOLEY: Excuse me just one second. I'm sorry. Go ahead. COUNCILMEMBER FLEMING: Was that the agenda that -- that this particular item was on the second

MR. COOLEY: It was on --22

23 COUNCILMEMBER FLEMING: Could you please --

MR. COOLEY: It was on twice. I don't 24 recall the dates. It was the meeting that was held

COUNCILMEMBER DEAN: Yes. 21 CLERK BRYANT: Councilmember Fleming? 22

23 COUNCILMEMBER FLEMING: Yes.

1	APPEARANCES:	1	tonight. Is that correct, Sandra?
2	Doraville City Council:	2	CLERK BRYANT: Yes.
3	Mayor Donna Pittman	3	MAYOR PITTMAN: And before we approve the
4	Councilmember Maria Alexander	_	meeting agenda, I believe we have one amendment here.
5	Councilmember Pam Fleming	5	We want to move a) to b) and b) to a).
6	Councilmember Robert Patrick	6	COUNCILMEMBER BATES: Under 11.
7	Shawn Gillen, City Manager	7	MAYOR PITTMAN: Under 11, New Business
8	Sandra Bryant, City Clerk	8	COUNCILMEMBER ALEXANDER: So moved
9 Sandra	Sandra Bryant, City Clerk	9	MAYOR PITTMAN: Second?
10	Cecil McLendon, Esquire, City Attorney	10	COUNCILMEMBER BATES: Second.
11		11	MAYOR PITTMAN: Discussion?
12	For Appellants in appeal of administrative zoning	12	
13	determination regarding 5597 Buford Highway:	13	(No response)
14	Dennis John Webb, Jr., Esquire	14	
15	Robert Griest, Esquire	15	MAYOR PITTMAN: Call the roll, please.
16	Smith, Gambrell & Russell, LLP 1230 Peachtree Street, N.E.	16	CLERK BRYANT: Councilmember Alexander
17 Atlanta	Atlanta, Georgia 30309 (404) 815-3500	17	COUNCILMEMBER ALEXANDER: Yes.
18	(404) 013-3300	18	CLERK BRYANT: Councilmember Bates?
19		19	COUNCILMEMBER BATES: Yes.
20		20	CLERK BRYANT: Councilmember Fleming
21		21	COUNCILMEMBER FLEMING: Yes.
22		22	CLERK BRYANT: Councilmember Patrick?
23		23	COUNCILMEMBER PATRICK: Yes.
24		24	MAYOR PITTMAN: Okay. Thank you.
25		25	Next is going to be public comment. If you

Page 8

wish to speak, please come to the podium and stateyour name for the court clerk. You have three

3 minutes; anyone wishing to speak.

4 MS. CAROL GILMAN: Mayor, Council. Carol 5 Gilman, Chestnut Woods Circle in Doraville.

My comment relates to the Ethics Board,three-person Ethics Board. One did exist. I don'tknow if it still exists.

I do know that when Mrs. Crawford was appointed to the Planning Commission she gave up that seat on the Ethics Board, when Mrs. O'Connor qualified to run for Council she had to give up her seat on the Ethics Board, and I hope that the City is taking steps to recruit new members to the Ethics Board.

At any time, a municipality or a corporation certainly needs a governance unit or an ethics board as part of their organizational structure. I think it's relevant, important, and I believe it's priority, and I'm wondering if at some point during the evening, the Mayor could comment on the status of the Ethics Board.

And really, the article in the AJC did not escape my attention. I've always been interested in the Ethics Board, and that article caught my eye about the alleged bribery case that involves a business here 1 so I hope we can take care of that.

2 MAYOR PITTMAN: Okay. Thank you.

3 MS. FRAYSSE: Thanks.

4 MR. BEN CRAWFORD: Ben Crawford, Oakcliff 5 Estates.

One thing I'd like City Council and theMayor to entertain with the City Manager is parking

8 that's on the streets. I mean I think if you go

9 through any neighborhood, you can see if somebody's

o having a cardiac arrest or a fire, hey, tough luck.

11 They either have a heart attack and die or the house

12 burns down.

I mean, you know, it's not just the holiday season. I can see during the holiday seasons and stuff, but when you've got, no exaggeration, 25 cars parked on both sides of the street and you got barely enough room for a car to get through, what happens when you've got to get a fire engine through or an ambulance through?

So this is something I think that needs to
be addressed. It's something that we've -- it's been
kind of the red herring in the community for a whole
bunch of years, and there's been no logical approach
to it, but I think it's time that the City does take

25 some kind of logical approach to it and find ways to

Page 6

Page 5

Page 6

1 in Doraville and the involvement of employees here in2 Doraville.

Having said that, I would appreciate -- and probably others, too -- if we could have a status report on where we're going with our Ethics Board.

6 Thank you. That's my comment.

MAYOR PITTMAN: Thank you, Ms. Gilman.

8 We do have one person that is still on the

9 Ethics Board, and I believe Dr. Gillen and I will talk

and see about -- I know we were looking into several

11 different things about the Ethics Board, so --12 Thank you.

2 I nank you.

MS. SUSAN FRAYSSE: Susan Fraysse, Oakcliff

14 Estates.

7

This is minor in the scheme of things but it's important to the people who live on that street. I'm interested in the resurfacing discussion and the

18 priorities. And the map that was included in the

packet online shows the street behind me, Scarlet OakCourt, is sort of dark black but not distinctively

21 red, but it should be, because it is -- by ranking,

22 it's the second, third or fourth because several

23 streets are tied with a very bad ranking of 34. So I

24 just want to be sure that Scarlet Oak Court gets

25 consideration. It has really bad potholes and things,

1 work this out for all the neighborhoods in the city.

2 Thank you.

3 MR. JOHN MALONEY: John Maloney,

4 3522 Stewart Road.

5 I'd like to speak against agenda item no.

6 11(a), the annexation. As I've said before, I'm

7 against any annexation no matter how large or how

8 small until we get what -- until we get our city

9 cleaned up and fixed up, I don't see why we want to

take on any more problems, so I'd like to go on the

11 record as being against it.

Thank you.

MAYOR PITTMAN: Thank you.

Anyone else wishing to speak?

- - -

(No response)

- - -

MAYOR PITTMAN: Okay. We're going to close the public comment portion.

There is no consent agenda tonight and

there's no organizational and procedural items.We're going to move into Reports and

23 Presentations and Dr. Gillen.

DR. SHAWN GILLEN: Thank you, Mayor and

25 Council. I'll be very brief because I think you-all

12

15

16

13

1 want to hear from Rip and from Steven tonight a lot 2 more than what you hear by me.

But I wanted to talk about one specific item 4 that we had coming today is the RFPs for the finance 5 software was to be in today, and I think the last 6 count I had 8, 8 proposals. So we'll be evaluating 7 those and we'll be bringing back recommendations on those evaluations -- on those proposals in January for you to consider.

So that's all I have for tonight without 10 11 boring you to death with lots of stuff, but I'll let 12 you move on to Rip and Steven.

MAYOR PITTMAN: Rip?

MR. RIP ROBERTSON: Good evening, Mayor, 14 Councilmembers. I just have a just a quick page that I'll let y'all pass. It's just some notes that I want to kind of go over on this quick update for the

department. 18

As I think everybody knows, we just 19 20 completed our annual 5K race and the annual tree lighting on Saturday, and we actually increased -- we more than doubled our participants in the 5K race, so I thought that was very good.

And the crowd at the Mayor's Christmas Tree 24 25 Lighting was, I thought, pretty exceptional. We

1 several projects, the biggest one being here at City 2 Hall. As I'm sure everybody that has been in and out 3 of City Hall has recognized some of the changes that 4 we made here to accommodate, you know, the movement of some city employees so we could house everybody here at City Hall, and I think they were productive changes.

And then we just finished a air conditioning -- heating and air conditioning project over at the P.D. for the new I.T. server room. We were having some problems with that room overheating, and the existing system just was not big enough to cool that system down and -- and we were in danger of having our 14 system shut down, which could have been catastrophic So just completed that.

16 Probably the biggest thing we've done this year is implemented our new work order system, Facility Dude, and what I'm going to do is I'm actually going to log in and just give a very brief demonstration of how this works. It's actually --

My apologies. Okay. There we go. 21 22 What this system does is it enables us to track the productivity of what we do on a daily basis Our Public Works department is very busy and they work

very hard, and it was difficult to track what these

Page 10

Page 9

1 increased the -- just the kids' photos by more than 60 2 percent, so almost doubled the number of kids that we

3 had come and see Santa. And I'm sure anybody that was

4 here had a good time that night, and I appreciate

5 everybody coming out and supporting that -- that

6 event.

7

8

(Councilmember Dean arrives.)

9

MR. ROBERTSON: Just under regular or 10 11 recreation programs, our karate program has more than doubled over the last few months. We went from hosting about three classes a week to eight classes a week, so it's a very growing and very popular activity 14 there at the gym.

I think many people know that we started a 16 Zumba class probably four or five months ago, and it's 17 going very well. The instructor is actually a -- a Doraville citizen, and she has done a -- a very good job of attracting class participation in that.

We just completed the youth football season, 21 22 and getting started with basketball practices. We'll start tomorrow night. We have first game beginning December 14th, so two weeks from last Saturday. 25

Over the last few months we've completed

1 guys do on a daily basis. So with the assistance of 2 our new City Manager, went out and found a -- a system

3 that we could utilize very quickly and be able to

track and project costs for material, equipment and employees.

So it's a very good system, very simple. We were able to implement it in just a matter of weeks, and all of the guys in Public Works now carry a small Galaxy tablet that they can receive work orders throughout the day and not have to wait for somebody

to call them to tell them what to do and where to go and that -- that kind of thing.

But it's as simple as going in, logging in, 14 and then most of the work is done -- I apologize; I'm 15 not used to this.

We have entered every street -- boy, this is not . . . If I had a mouse, it would ... Hm. There we go -- every building, every park, and so it's

19 a matter of just going in and working through the

drop-down. Let's see. I'm going to enter a short...

And then you -- I'm able to enter a short description.

22 install -- and then it's assigned. I generally assign -- anything that I enter and anything that comes

24 across my desk, I assign it to Joey, and he's able to

25 assign it directly to one of the technicians, and

```
Page 13
 1 they're able to go out and do the work. And
 2 that's ...that's what we do. It actually takes less
 3 time than that when I have a little mouse.
          But we also have -- this is work-order
 5 generated by requesters, and then we also have a
 6 preventive or a maintenance -- preventive maintenance
   side where we have automatically-generated work that
   we do over and over: changing the filters in the
 9 HVAC, grass cutting, the first and third Monday with
   the clam truck that goes around the city. Those are
   generated, and they go directly to the responsible
   individual so they know exactly what they're doing.
   And they normally generate the day before, so when the
   employees come in, they know exactly what they're ding
   that day and so they're not waiting around for
   somebody to come up and -- and, you know, assign them
   work.
17
          That's really, you know, what we've done,
18
   you know. Any questions or comments?
```

1 order system in place.

5

21

MR. ROBERTSON: Absolutely. 2

MAYOR PITTMAN: That's really good. 3

4 MAYOR PITTMAN: Okay. Mr. Strickland.

MR. STRICKLAND: Evening, Mayor and Council.

There's always been questions about our

stormwater inventory and what is it, what does it kind

of look like. And it is GIS-based, and you can really

kind of get into the -- the nuts and bolts. Winds up

in an Access program, which is bigger than Excel. It

has a lot of information in there -- depths, lengths.

We took stabs at the date it was installed, so on and

so forth, but for the most part, to simplify it.

And what people want to look at and what I 15 asked them to provide for us was the inventory on GIS overlaid on aerial photos so you could see where it is in relationship to the street, in relationship to the houses, and it's -- it's very accurate now. GIS used to be, you know, within 20 feet, and I think they're now down to three feet if not even -- even more accurate.

22 So when people ask about the inventory and what does it look like, what they did was is we have the -- the city in an overall map. And then by land 25 lot, when you get down to a land lot there's 11 maps

Page 14

Page 16

1 right now.

side look like?

20

21

22

MAYOR PITTMAN: Okay. Ms. Alexander? 2

that right now. I'm working with Facility Dude in

equipment reporting. I'm just working through that

trying to generate cost reports, hourly reports,

COUNCILMEMBER BATES: What's the reporting

MR. ROBERTSON: Actually, we're working on

MR. ROBERTSON: I'm actually scheduled to 3

4 attend Facility Dude University early next year.

MAYOR PITTMAN: Okay. 5

6 COUNCILMEMBER FLEMING: What about the street sweeper for the leaves? 7

MR. ROBERTSON: That is also on there the 8

9 same as the clam truck. It --

COUNCILMEMBER FLEMING: I mean is it the 10

first and third? because I don't know what --11

MR. ROBERTSON: It's on --

COUNCILMEMBER FLEMING: -- the schedule is. 13

MR. ROBERTSON: -- the second and fourth

15 Mondays.

12

14

25

COUNCILMEMBER FLEMING: Second and fourth. 16 17

MR. ROBERTSON: Yes, ma'am. Yes, ma'am.

MAYOR PITTMAN: Mr. Patrick, do you have 18

19

20 COUNCILMEMBER PATRICK: No questions.

MAYOR PITTMAN: Ms. Dean? 21

COUNCILMEMBER DEAN: I'm good. 22

23 MAYOR PITTMAN: Thank you very much. We

24 really appreciate your work.

COUNCILMEMBER BATES: Glad to have the work

1 that encompass the city. That does not include the

2 annexed areas that we did at a later date that are

3 kind of separate at this point but will eventually be

all put together when we have our own GIS system.

Now, once you have -- once the map comes up, as you can see in looking at the entire city --

Where is that? Nope. Yeah, Rip's right.

This is a lot different than a -- than a mouse.

COUNCILMEMBER ALEXANDER: We had a mouse.

MR. STRICKLAND: But if you -- you're

10 11 looking at our stormwater infrastructure for the

entire city. And if you keep going down, it's -- it's

everything that you see in red and yellow and green,

14 it's all color-coded and it's also by symbol, and one

of these maps will have the -- and then when you get to the bottom, you have the legend.

But I do believe this is a bit -- can be a

bit overwhelming to look at the city all at one time.

So if a citizen is asking about it, they're probably

going to ask about a particular street, or where is

21 the storm system closest to my house, or I want to

look at my neighborhood.

Oakcliff of course is broken up kind of 24 north and south. So I want to look at north Oakcliff,

25 I want to look at south Oakcliff, and then of course

1 what this should do -- and like on my computer, it's 2 actually a PDF. And what it does at the bottom is it 3 pulls up where you can zoom in and zoom out. So even 4 on this map, you could zoom in and zoom out, but again, there's -- it's broken up into 11 maps. So let's say somebody comes in and, you know, I want to see my street and everything around

it. So somebody just pick a neighborhood or a street that you would actually like to look at, and I'm going

to have to --10

15

So any street or neighborhood --11

12 COUNCILMEMBER DEAN: McClave?

MR. STRICKLAND: McClave? 13

COUNCILMEMBER DEAN: Uh-huh. 14

MR. STRICKLAND: Okay. Northwoods is Map 1.

And as you can see, McClave starts right here and

comes down, and the system that we've been -- we've been looking at is right in here.

But if it doesn't -- I don't know if a right 19 click will bring up the -- down here at the bottom 20

where you can actually zoom in. It usually pops up

when you just put it -- put it on there. And if not,

you can always go up here. We're at 50 percent. And

if somebody can confirm that's the plus?

UNIDENTIFIED SPEAKER: Yes. 25

1 system from that point all the way -- all the way down 2 to the outfall which is again -- see, this is going 3 through front yards under the driveway; it finally makes it to the side of the house, the back of the house, and then it outfalls again back here at the

creek (indicating). And so you could keep zooming in, you could crop it however you want, and basically you're looking at the part of the stormwater system that whoever it is is interested in can come in and just look at.

So if you had a -- you know, this gentleman 11 12 here on the corner saying, Okay. I got a sink hole, but I want to see the whole system. And we go back and explain, Well, this is the system as it comes onto your property, where it starts, where it stops, what it's made up of, and you know, where does it

ultimately outfall. That's going to be helpful if we ever have any type of spill.

It's one of the reasons for these 19 inventories is, Okay. We've had a spill at this point. As you could see, the conveyances all have arrows on them showing the direction. And so if we

had a spill somewhere and say, Okay. We need to go to the nearest outfall so we can start containing it and

25 doing the cleanup, and what else is tying in, you

Page 18

MR. STRICKLAND: Okay. So here you can 2 start zooming in, and then being that it's a -- that 3 it's a PDF, you have to come down here and actually 4 grab this and move over. But as you can see, that 5 part of McClave that we've been studying is right 6 there, and then you can zoom in some more, and then from there, you could actually import this into a Word document and print out exactly, you know.

And at this resolution, as you start zooming 10 in more and more, the pixels will start -- the pixels 11 for the aerial photos will start to blur, but what you see as far as our inventory in the GIS, you can make that as big or small as you want, and it's still going 14 to.

15 So you could start seeing the -- Of course the road is in orange. You could start seeing the houses. And with this with this particular system, seeing how it actually starts behind the houses, comes down here, starts going underneath the driveways, makes it to the front of the house. It's still in the front yards, comes down. This is now open, back into a structure, and then it finally crosses the road. 22

23 Those two red dots right there are catch 24 basins. That's where it goes under the road. And 25 it's also -- if you could see that, it's a closed

1 know, where does the creek come in, where does --As you could see on McClave right up here,

you have a whole 'nother system that comes in and ties in together. So these two come together, where do

they come together, where is the -- you know, where is

the ultimate beginning of this system? You know,

here, this, you know -- to find out that we're

actually getting water here that's starting at the

MARTA station or starting on Shallowford Road or, you

know, are we getting water off of Buford Highway?

You can basically -- since you've got your entire

system, and you could look at whatever parts you want, make it as big or small as you want.

And then ultimately when we have our own GIS software, you start putting this stuff in with all the other layers -- turn on, turn off, whatever -- you know, you basically -- The good thing about it is it's digital, so you get to look at whatever you want to look at, whatever scale, whatever size; you can crop it, blow it up, make it smaller, you know, and just -as opposed to a paper map, it just makes it very kind of versatile.

23 And that was basically just their -- like I 24 said, there have been questions as to what we have as 25 far as our inventory: What's it look like? How can

the stormwater system.

you have any questions?

11

13

14

21 22

23

24

1

2

25 you.

ground.

Page 23

Page 24

Page 21

1 we use it, you know, but what does it look like if we

4 and says, Well, I live on Lambeth Circle. I want to

5 know, you know, where are the structures on Lambeth

6 Circle, and we can tell them, There are none. All of

your water is going to make it, you know, to another

street, go down the street, and then finally find, you

know, the nearest catch basin that's going to start

We have a lot of streets that they have

So that's -- I just wanted to show that and

data do we actually have, because we have what's the

XY and the Z. We have the depths of the inverts to

tell us how deep these pipes are because, as you know,

MAYOR PITTMAN: Okay. Ms. Alexander, did

COUNCILMEMBER ALEXANDER: No, ma'am. Thank

replacing a pipe that's 5 feet in the ground is a lot

different than replacing a pipe that's 40 feet in the

12 nothing on it; they just -- the water runs to the next

15 see if anyone had any questions or, you know, what

And in the same regard, somebody comes in

2 overlay it onto an aerial photo to actually see it?

1 have questions with their particular house but maybe,

2 Where is this coming from? Why do I constantly have

3 this problem? And I think that would save us a couple

of phone calls.

8

MAYOR PITTMAN: Okay, Mr. Strickland, thank you very much.

MR. STRICKLAND: All right. Thank y'all.

COUNCILMEMBER PATRICK: Thank you.

MAYOR PITTMAN: I appreciate it. 9

Ms. Dean, welcome. And for the record, we 10

11 have moved -- under 11, New Business, we have moved b) 12 to a) and a) to b).

COUNCILMEMBER DEAN: Okay. 13

MAYOR PITTMAN: Okay. Next on the agenda is 14 unfinished business, Resurfacing 2014, Dr. Gillen. 15

DR. GILLEN: All right. Thank you, Mayor 16

and Council. My turn to mess around with the screen

here, so let's see; just going to pull this up.

Y'all had the inventory sent to you and the 19 20 list of streets that have been ranked by Dekalb County as far as how bad they were, and we informed you last

week that the use of the LMIG funds doesn't require us

to follow that list in detail. That means we don't

24 have to go by their highest priorities. So these are

25 the streets that they listed as having deterioration

Page 22

COUNCILMEMBER BATES: (Shakes head)

MAYOR PITTMAN: Mr. Patrick? 3 4

MAYOR PITTMAN: Mr. Bates?

COUNCILMEMBER PATRICK: Just I hope that we

could put that on the Web, City Web site --5

MR. STRICKLAND: Okay. 6

COUNCILMEMBER PATRICK: -- so that's at 7

8 least accessible for the residents and they can have a 9 little knowledge in deciding --

10

MR. STRICKLAND: Yeah.

COUNCILMEMBER PATRICK: -- what's or 11 understanding what's in their community. 12

13 MR. STRICKLAND: Yeah. And keep in mind, you know, any -- any resident that wants a copy of the system, you know, again, I want my house or my street or my part of the neighborhood, we can -- we can make this any size that they want. 17

COUNCILMEMBER PATRICK: Great. Thank you. 18

MAYOR PITTMAN: Okay. Ms. Fleming? 19

COUNCILMEMBER FLEMING: No. 20

MAYOR PITTMAN: Ms. Dean? 21

COUNCILMEMBER DEAN: Oh, no. My comment was

exactly what Mr. Patrick said. Just I think it would

be great to have it online on the City Web site so

25 anyone who wants to can access it. And they might not

1 to a certain level according to their -- their method 2 of analyzing the streets.

So we sent the information out to you and 4 requested that you send us back a couple of different

5 scenarios: if we had funding for a mile and a half

and we're saying about a hundred thousand dollars a mile, or if we had funding for three miles, which

would be about 300,000, which were your priority

streets to fund under this.

I compiled the information. I had four 10 11 Councilmembers get their information back to me. I

12 know it was a short week with Thanksgiving and

everything. But the top vote getters were Green Oak 14 Drive and Peachtree Square. All four Councilmembers

15 that responded wanted those. And then there's a list

of streets that two Councilmembers of the four wish to

have: Stewart Road, Chicopee, Clay Drive, Glenda Way,

Autumn Drive, Clearwater Place, Doral Drive.

And as you can see over here, Winters Chapel

Road had two votes too. I set that one to the side for one particular reason: It's a very big project,

it's four lanes, and it's going to be very expensive.

So we might want to consider that and having that in

24 its own year as we prioritize that, because we're

25 estimating about \$100,000 a mile. But if we did, that

1 wouldn't be the case with Winters Chapel; it would be 2 more expensive than that per mile simply because it's

3 a larger road.

The rest of ones that were prioritized, one

Councilmember voted for each of the rest.

So with that scenario up top, we've got three miles' worth of streets that either had four or two Councilmembers vote for or prioritize in their --

in the materials. It doesn't mean those are the ones

we have to do. 10

What we're going to have to do by the end of 11 12 the year is certify with GDOT which streets we're going to use the LMIG money for, because we did that a year ago, then we didn't do the projects. There was some disagreement about which -- about the streets that were listed and we didn't want to do them.

So we had the \$55,000 in LMIG money from 17 last year that wasn't spent and they're allowing us to roll it over this one time. They don't like us to do that; they want us to spend the money each year. 20

So we're going to have about \$67,000 coming 21 22 in the next year because of the annexation. So my 23 quick math, is that 122? \$122,000 that will be spent 24 with LMIG money alone. And what we're recommending is 25 we add to that with General Fund; there has to be a

Page 27

- back to last year's LMIG --

DR. GILLEN: Yes, ma'am. 3

4 COUNCILMEMBER DEAN: -- grant.

Okay. Now, I have a document dated January 5

COUNCILMEMBER DEAN: And this goes back to

29th, 2013, and it was for two specific roads. My question is, Who authorized doing this for these two

roads? And here's -- here's -- And I have a big

issue; I have a huge issue with this.

Okay. This project totals \$113,000 -- one 10 11 hundred thousand thirteen/six hundred and fifty dollars and seventy-five cents, and our grant amount based on the formula, which is one third --

DR. GILLEN: Right. 14

COUNCILMEMBER DEAN: -- population, two 15 16 thirds roads or mileage, requires that we pay -- the

formula was \$55,251, so that's how much our grant was last year. Because -- because this region did not

vote yes on the Transportation Investment Act; right?

we have to match -- we have to pay 30 percent of that.

which brings that amount to -- which brings our amount to \$16,567.49. Okay. That gives us \$71,827.11,

23 leaving an additional amount of \$41,823.64 required to

24 complete the project that we submitted to GDOT. Now.

25 that is a total cost to the City of \$58,391.13.

Page 26

Page 25

1 match. And we're recommending that we add to that 2 from the General Fund to the tune of either \$150,000 3 or \$300,000.

It's a jump-start on a lot of the streets.

5 Our streets are deteriorating; we need to get ahead of

6 the game here. So we're recommending that we could

7 afford up to \$300,000 we think in this first year to do these streets -- that's adding on about \$178,000 to

9 the 122 that we have of LMIG dollars -- so we would

10 have the match in place and so we could do up to three

11 miles.

12 So what we would be recommending is instead 13 of turning those dollars over to Dekalb County to do

14 the contracting for us, that we would hire an

engineering firm, that we do a bid process and

contract the project ourselves and get the ball

rolling as soon as possible when construction season 17

begins. 18

So basically tonight we're looking for 19

guidance on if we could do up to three miles, which

21 roads would you want to do so we can get that

certified with GDOT. 22

23 COUNCILMEMBER DEAN: I need one thing 24 clarified first.

25

DR. GILLEN: Go ahead.

My question here is, Who authorized even pursuing this?

DR. GILLEN: I don't know. That was prior 3 to my arrival, but it was --

COUNCILMEMBER DEAN: Does someone in thi 5

room know? DR. GILLEN: I don't know how the process

worked before.

9 COUNCILMEMBER DEAN: I know, but somebody in 10 this room might know --

DR. GILLEN: I know, but the other --11

COUNCILMEMBER DEAN: -- so I'm just asking 12 to have my question answered.

MR. LUKE HOWE: Yes, ma'am. The way it was done in the past was that you had to submit the worstrated roads. They've changed the rule since then.

So the way that Mayor Jenkins used to do it is he would -- he would authorize it himself because

it didn't make any sense to make it a public matter, because you had to go in order; you had to go from

worst, second worst, third worst.

COUNCILMEMBER DEAN: But this isn't --22

23 MR. HOWE: So --

COUNCILMEMBER DEAN: -- free to the City 24

MR. HOWE: Right. 25

Packet Pg. 226

COUNCILMEMBER DEAN: We have to pay

2 something, thousands and thousands of dollars, so that

- 3 my point is, by doing this, you are saying, Okay. We
- 4 are willing to spend in this case not just \$16,000, 5 16-plus thousand dollars, but \$58,391 of taxpayer
- 6 money.

MR. HOWE: Well, right or wrong, that's the 7 8 way he did it. I'm not defending it or advocating for it but that's the way he did things.

When Dr. Gillen came along, we've brought it 10 11 before the Council, so --

DR. GILLEN: Right. 12

MR. HOWE: -- it doesn't make any difference 13 14 to --

15 COUNCILMEMBER DEAN: Well, this wasn't -this wasn't Major Jenkins; this was Mayor Pittman who signed off on this.

18 MR. HOWE: Right.

Well, yeah, I went to Mayor Pittman with 19 20 that, and I recommended it, and she signed it. So you

know, I --21

17

COUNCILMEMBER DEAN: Without coming before 22 23 Council.

Well, here's -- My other question is that at 24 25 the end of the year, you have to send certification 1 maintenance.

Page 29

Now, see, this is a lot more complex than,

3 Hey, you know, you guys choose a road that you want 4 repayed.

MR. HOWE: Yes, ma'am. The new rules for 5

LMIG are different. Anything --

COUNCILMEMBER DEAN: But this is -- I got

this today; in fact I spoke to GDOT today. 8

MR. HOWE: Correct. 9

COUNCILMEMBER DEAN: This says these are the 10 11 new rules.

12 MR. HOWE: Correct. Anything that can

13 legally -- you can legally spend with gas tax money qualifies. But there are other grant programs that

you can use for sidewalks, for intersection

improvements. There's Stormwater money that you can

use for -- for curb-and-gutter and stormwater

infrastructure.

So there's really not a dedicated funding 19 source or a grant program for resurfacing, so I would

recommend that you continue to use this allocation for resurfacing.

COUNCILMEMBER DEAN: Here's -- here's my 24 other: Who in the City is qualified to choose those

25 roads? because there are a lot of considerations. For

Page 30

Page 32

1 that the work is either in progress or has been completed.

MR. HOWE: Well, we have a verifica- -- we 3

4 have it on record with GDOT saying, you know, it's

fine to roll over the allocation from 2013 to 2014 and combine those.

COUNCILMEMBER DEAN: Well, then -- then my 8 other question is that there are many other possible

uses for this money.

MR. HOWE: Yes. You know, according to the 10 11 law and the new rules -- Under the old rules for LARP. you had to spend it on resurfacing.

COUNCILMEMBER DEAN: Right. And that's not 13 14 the case I have in front of me here.

MR. HOWE: Right. 15

COUNCILMEMBER DEAN: You could do it for 16

construction supervision and inspection, utility

adjustments, patching, leveling and resurfacing; grading drainage base and paving existing new roads;

replacing storm drain pipe or culverts; intersection

21 improvements, turn lanes, bridge repair or replace-

22 ment, sidewalk adjacent within right-of-way to a

public roadway or street, roadway signs, striping, 24 guard rail installation, signal installation or

25 improvement, aggregate surface course for dirt road

1 example, we wouldn't want to repave a road that has a

2 storm drain under it that needs to be replaced, and we

3 are in the process of looking at these things now, 4 or -- or other considerations. I mean there are lots

5 of considerations when determining whether or not a

6 road is going to be repaved other than just this is bumpy.

12

18

MR. HOWE: Well, we're just -- we're getting

in facts, ma'am, and that's -- that's what Dekalb

County does, that's what we -- that's what our citizens paid them --

COUNCILMEMBER DEAN: Okay.

13 MR. HOWE: -- for, is they have the

14 equipment, they have the tools to -- to -- to rate these roads, and there's not a lot of interpretation

involved. I mean it's a computerized process that --

that scores these roads and --

COUNCILMEMBER DEAN: That rates the roads --MR. HOWE: -- and produces the reports.

19 COUNCILMEMBER DEAN: -- based on 12 factors. 20

21 I know. I saw the 12 factors upon which this rating

22 is based, but here is -- to bring it back, right, we

have this free money, only it's not really free,

because it's going to cost us 30 percent; right? at

25 least.

13

17

25

whatever that is.

10

MR. HOWE: No. It would be 12 -- 12 feet 3 for each lane, so this is just a 2-lane road --

COUNCILMEMBER DEAN: So a 2-lane --5

MR. HOWE: -- is what that reflects. 6

7 COUNCILMEMBER DEAN: -- road is not 48 feet it's more like 20 feet? 8

9 MR. HOWE: It's more.

DR. GILLEN: It's 24.

MR. HOWE: You know, a 40-foot -- 48-foot-11 12 wide road would be -- would be about four lanes.

COUNCILMEMBER DEAN: Right here it says fo 13 a 2-lane, parentheses, 48-foot width street.

MR. HOWE: That's a typo. It's just --15

16 COUNCILMEMBER DEAN: Okay. And then or 17 Dekalb County, for example -- and you raise this --

they said they estimate between \$300,000 to \$400,000

for a linear mile.

If there are 5,280 feet per mile, that would 20 21 make it \$56.82 to \$75.76 per linear foot, and that's a huge difference, and that's why --

DR. GILLEN: And we won't know the actual 24 linear-foot cost until the bids go out and you get the 25 pricing back, and that'll fluctuate with the price of

Page 34

Page 30

1 they're charging about \$55,000 just to do a third of a

The other thing is with all of the things

4 compliant. And so when we're talking about these --

these -- these funds, I mean it's like, Oh, well, this

6 is what -- let's just take, you know, this money and

fix these roads because we need to fix these roads.

9 that could be fixed. And so again, I think that when

percent; it's a 30-percent match for the 55,000 or

MR. HOWE: Well, before, if it -- the

14 advantage to using Dekalb County is that the law says

that the local governments' labor and equipment

mobilization cost can be used towards the match.

Dekalb is that whatever it cost for them to get

under the new LMIG and not the LARP regulations is

And that was the advantage of going with

material and supplies out there, and -- and the labor

involved couldn't be counted towards our match. So

that was our dilemma in previous years. We never had

a budget for resurfacing, so we had to be creative and

The problem with using Dekalb is it costs --

10 we say we have this grant, it's not free. It's 30

We have a lot of other things in the city

3 that the library needs to at least become ADA-

- 2 mile. You know, no engineer that I've talked to
- 3 agrees with those numbers. So there's -- I don't want
- 4 to speculate but it appears to be some inflating. So
- 5 I think we could get more done --

we had to use Dekalb's labor.

- 6 DR. GILLEN: Uh-huh.
- MR. HOWE: -- if we contract this out and go
- 8 with the lowest bidder. But the caveat is we have
- 9 to -- you know, we have to come up with the 30 10 percent.

COUNCILMEMBER DEAN: Well, here is -- and 12 here is -- and I'm glad you brought that up because with a --13

How did you come up with the 10 to 30 dollar 14 **15** figure --

- MR. HOWE: Ma'am --16
- COUNCILMEMBER DEAN: -- per linear foot? 17
- MR. HOWE: -- that's a standard engineering 18
- estimate. It could be anywhere from 10 to -- to 30
- dollars per linear foot depending on, you know, if
- potholes have to be filled or any patching has to be
- done prior to, and that's for a standard 24-foot-wide 22
- 23 road.
- COUNCILMEMBER DEAN: On Dekalb County --24
- Well, here you said the standard is 48 feet 25

- 1 oil, to be honest with you --
- COUNCILMEMBER DEAN: Right.
- DR. GILLEN: -- because it --3
 - COUNCILMEMBER DEAN: Well, and then -- then
- my concern is this: If we say yes, go ahead and do
- this for \$150,000 or whatever that is and then you
- come back and you say, Oh -- because this happens
- quite frequently here -- Oh. Well, you know, it's actually going to cost us \$50,000 more or \$100,000
- more, and they've already started it. We'd really
- recommend that you continue with this project even at the great cost. 12
- Then what --13
- DR. GILLEN: We wouldn't --14
- COUNCILMEMBER DEAN: -- what happens then 15
- DR. GILLEN: We wouldn't be starting a
- project until we approved with the -- at the pricing 18 and the bid, number one.
- Number two, we can't control the pricing 19 either, so we would have to either scale back the project or add dollars to it if the pricing came in
- 23 COUNCILMEMBER DEAN: Oh.

higher than we expected.

- DR. GILLEN: And what we're looking for 24
- 25 tonight is, Do you want to pave streets? If you want

Page 39

Page 40

```
Page 37
 1 to pave them, the LMIG money can be used for that.
          We recommend that you do use it for that
 3 because there's very -- very little else you can use
 4 it for. It's either -- looks like things within the
 5 right-of-way is what they're talking about.
          COUNCILMEMBER DEAN: No, but there are -- I
 6
 7 mean even like even the intersection improvements, I
   mean, that's on Buford Highway. There are -- there
   are accidents there all the time. I mean that's a
   nightmare.
11
          DR. GILLEN: I'm not sure we can use it on
```

12 Buford Highway because it's state -- a state road, I would assume.

MR. HOWE: It's a state route, but you're 14 15 talking about an enormous cost and we have, you know, a little -- not quite \$125,000 to work with.

So you know, we got a lot to do, there's --

there's no question. I -- I agree with you. But you know, if it's been identified in our LCI, been qualified for the LCI funding. There's also SRTA programs, there's other GDOT grant programs that we can use or leverage to pay for sidewalks, intersection

improvements, things of that nature. Anything stormwater-related can come out of the Stormwater fund.

25 But you can't get a grant to resurface a 1 input on what streets get paved.

COUNCILMEMBER DEAN: Okay. 2

DR. GILLEN: I wouldn't --3

4 COUNCILMEMBER DEAN: Well, see, I'm not --

DR. GILLEN: -- want to move forward with

that. 6

5

15

20

COUNCILMEMBER DEAN: -- in favor with that

at all, so there's another option there. I'm not in

favor until I know more about this; for example, what

qualifies these streets. Because I don't know who

here, who in the City says, Okay. This road needs to

be paved. 12

Based on what? I mean based on --13

DR. GILLEN: Right. 14

COUNCILMEMBER DEAN: -- on the numbers that

we're not really paying attention to and what other

work has to be done, because if it's 10 to 30 dollars

just to repave a road, there is also other work that

has to be done before the repaving is done.

DR. GILLEN: Right.

COUNCILMEMBER DEAN: Is that correct? 21

DR. GILLEN: I agree. If for instance there

was a stormwater project that you guys picked the road

24 that the stormwater project is in our CIP, we would be

25 recommending that we move that CIP project to that

Page 38

1 road, not -- not a traditional grant program, so I 2 would recommend that we continue to use it for

3 resurfacing, and that's what most cities have

COUNCILMEMBER DEAN: Yeah, but like I said, 5 6 it really disturbs me that the way it used to be done

was done that way at all and in fact was carried over

8 all the way to 2013, and that -- and that's --

that's -- that's very disturbing to me, because how

many other projects like this have been done that way,

that thousands upon thousands of dollars of taxpayers'

money. I mean that's --12

13 DR. GILLEN: And I can't --

COUNCILMEMBER DEAN: -- a problem. 14

DR. GILLEN: We can't speak to that. I -- I

wasn't even here. 16

15

17

22

25

4 continued to do.

But what I can --

COUNCILMEMBER DEAN: I know you --18

DR. GILLEN: -- say to you now --19

COUNCILMEMBER DEAN: -- weren't here, but 20

there are some people --21

DR. GILLEN: -- is we want the --

23 COUNCILMEMBER DEAN: -- in the room who were

24 here. I understand you weren't here.

DR. GILLEN: We would like the Council's

1 same year and do it at the same time. But we won't

2 know that until we select the streets that we want to

3 do.

And so what we're recommending to you and as 5 we showed you in the CIP earlier, that we would like

6 to see, you know, us get ahead of the game here and

get -- because our streets -- we're getting behind the

8-ball on street repaying. We can't do it at \$55,000

or even \$67,000 a year and keep up. We have to put

some General Fund dollars into that, and that's our

11 recommendation in the CIP.

So we need to certify at least \$122,000

worth of streets which is a mile to a mile and a half.

So we need to go to GDOT and tell them, Here's what we

want to do next year, and then bring back the projects

and move forward with those projects, because,

otherwise, they're going to not let us do this again.

We've rolled it over one year, and they're not going

19 to let it happen again or we're going to lose

\$122,000. 20

COUNCILMEMBER DEAN: Uh-huh. 21

DR. GILLEN: So that's -- that's what we're

looking for tonight is your input on which streets

you'd like to see paved.

I'm not an engineer either.

22

	Page 41
	r ugo 41
1	COUNCILMEMBER DEAN: Uh-huh.
2	DR. GILLEN: Dekalb has listed under their
3	analysis what's the worst streets by their numerical
4	system. You don't have to go by that, but it can be a
5	factor in your decision-making.
6	I don't think you're going to get it wrong
7	because we're going to do this again next year, come
8	back and do some more streets. So if you don't
9	you're not going to mess up b not selecting the right
10	street or wrong street. There's no right or wrong,
11	really. It's
12	COUNCILMEMBER DEAN: So what about what
13	, , , , , , , , , , , , , , , , , , ,
14	holes? Could we use
15	DR. GILLEN: That in itself
16	COUNCILMEMBER DEAN: this money for that?
17	DR. GILLEN: is a completely different
18	subject that we need to discuss when we think about
19	the SDS, the Service Delivery Strategy.
20	COUNCILMEMBER DEAN: Okay, but could
21	DR. GILLEN: That is ongoing maintenance
22	work.
23	COUNCILMEMBER DEAN: All right. Could
24	this could this money help with that project?

Pag

1 roads', I guess, maintenance itself, are we going to
2 be considering or will they be milling the roads down
3 or simply top-coating the roads, or do we -- have we

DR. GILLEN: The engineers would have to

COUNCILMEMBER PATRICK: Okay. DR. GILLEN: -- really bad alligatoring and

COUNCILMEMBER PATRICK: Okay. DR. GILLEN: If it's not, then it's just an

COUNCILMEMBER PATRICK: And if there's any

DR. GILLEN: We would be working with an

things like that, they're going to have to mill an overlay, and that raises the -- that means that gets

overlay, then it's lower cost per linear foot.

the stormwater projects to happen --

stormwater facilities in the middle of the road?

engineering firm to time those projects to happen --

COUNCILMEMBER PATRICK: Okay.

COUNCILMEMBER PATRICK: Right.

DR. GILLEN: -- get that taken care of. You

DR. GILLEN: -- during the construction -- or before. It's just an overlay before overlay. We want to come in and do the stormwater pipe --

gone that far in --

7

8

12

13

15

17

20 21

24

25

Page 42

determine that. If it's --

the higher per-foot cost.

rate that goes to Dekalb County that's supposed to be
 paying for that, so I wouldn't -- I would think we'd
 want to deal with that issue separately --

DR. GILLEN: Right now, you've got a millage

COUNCILMEMBER DEAN: Well, but now --

5 DR. GILLEN: -- because it's a maintenance.

6 COUNCILMEMBER DEAN: -- it's not -- it's not 7 being dealt with at all even on City property. The

8 road down to the pool, there's a huge pothole that has

9 flattened at least one tire.

25

And so I'm just trying to look in practical terms, something that -- We do have a lot of potholes; we all know we have a lot of potholes.

DR. GILLEN: Yes, ma'am.

14 COUNCILMEMBER DEAN: If we take this money
15 and say, Okay. We're going to do something general
16 and just repair what we have, could we do that with
17 this money?

MR. HOWE: You can.

DR. GILLEN: I think so, yeah.

20 COUNCILMEMBER DEAN: Okay.

DR. GILLEN: But the best way to prevent pot

22 holes is to get a very aggressive paving project

23 underway and get a program that's recurring every year

so we don't let the streets deteriorate to this point.

25 COUNCILMEMBER PATRICK: On the topic of the

1 know, if it's an intake that's collapsed, we need to 2 get that fixed prior to paving.

Now, that will all be taken into

4 consideration once we've selected the streets. Then

5 we can get the engineering firm working on it and

6 getting the project -- a certain amount of project

7 design in congruence with the street project itself,

8 so --

12

9 COUNCILMEMBER PATRICK: So you would like to .0 have us talk about the streets to pick?

DR. GILLEN: Yep.

COUNCILMEMBER PATRICK: Okay.

DR. GILLEN: Because we have to certify by

14 the end of the year, so --

15 COUNCILMEMBER FLEMING: I had a couple o 16 comments if you don't mind.

I have a resident over in the North Carver area that evidently had already been informed that

19 moneys had been received and had wanted to know why

20 the work hadn't been done and is expecting the work to 21 be done.

DR. GILLEN: Yes, ma'am.

23 COUNCILMEMBER FLEMING: And the person is 24 very vocal person, and so I mean that person knew

25 about us receiving funding before I did. So you know,

Min-U-Script®

```
1 North Carver and Drury were -- and Drury Court were on
  2013's --
2
```

DR. GILLEN: Correct. 3

4 COUNCILMEMBER FLEMING: -- list, and I feel personally, though we can roll those moneys over, if 6 we made a commitment to do that, though we may not have signed a contract, I feel that those two streets, 8 regardless of whether we think they're bad enough or 9 not, I just feel that we made a commitment, the City made a commitment to do those two streets for the 2013 moneys. 11

12 And secondly, you made a comment that you pulled Winters Chapel out. And Winters Chapel, first 13 of all, I really believe that is a highway transportation --

15 DR. GILLEN: Correct. 16

COUNCILMEMBER FLEMING: -- street. It's a 17 very heavy truck route. 18

DR. GILLEN: I agree. 19

COUNCILMEMBER FLEMING: We need to 20 determine. It is used now as a pass-through from PIB down Oakcliff Road. We've got traffic all the time going from PIB down Winters Chapel, Oakcliff Road to 85. They're bypassing everything else.

25 DR. GILLEN: Yes, ma'am.

1 taken out so we have a separate discussion on how it 2 gets funded.

COUNCILMEMBER FLEMING: Okay. 3

DR. GILLEN: So if you're wanting to commit 5 to the North Carver and the Drury projects, we could

6 change out a couple of the projects that are in that

7 top portion up there and put those in and still -- and

stay at the three-mile number if you're comfortable

with that, and do that, keeping the Winters Chapel open for discussion in the CIP next month.

11 COUNCILMEMBER FLEMING: And I leave that up

to the balance of Council. 12

COUNCILMEMBER DEAN: What happened to the one and a half mile option?

DR. GILLEN: We can do that as well. Again, 15 it's up to you. Like I said, if you're comfortable with the three miles, we can do that; if it's one and a half, then we put them into the one-and-a-half model and pick one and a half miles.

COUNCILMEMBER FLEMING: Well, I'm concerned 20 21 that if there is a stormwater issue under a street that we've chosen, that it may become even more costly than what we're projecting, because now we've got the

stormwater cost and we may not have that -- that 25 moneys in our stormwater fund to cover that.

Page 46

Page 45

Page 48

COUNCILMEMBER FLEMING: And it is heavily 2 used, and more so than New Peachtree Road, maybe not 3 as much as Buford Highway but definitely heavily used. I don't necessarily want us to wait on New 5 Peachtree Road until we have all of the funding but I 6 do want us to look into other funding, because it appears to me that some of the intermodal transpor-8 tation that we have coming through our city, the tank farm moneys or some other funding should help fund the resurfacing of Winters Chapel Road. 10 DR. GILLEN: Okay. 11

12

COUNCILMEMBER FLEMING: And I would like us to look into that, because that road, now that we have annexed the worst part of the problem --14 DR. GILLEN: Right.

15

COUNCILMEMBER FLEMING: -- because I live in 16 that district, it's never been resurfaced; it's been 17 pot-holed. 18

DR. GILLEN: Right. I agree with you 19 totally, and that's why I pulled it out: so we can have that as a separate discussion. If we fit it into the same year, it would be some other revenue source 23 that we're using or choosing.

And so I agree with you, yeah. But I think 25 that -- it's not taken out so we don't do it. It's

DR. GILLEN: We do. We got over a million 2 dollars in fund balance in Stormwater, and we have to 3 start spending that because that's what we're taxing 4 people for. We went over that in the CIP. But that 5 CIP is, again, a dynamic document; it can change. If 6 we decide that a street project moves a stormwater project up in priority because we want to do it before we pave the street, then we move it up in the CIP 9 list.

10 COUNCILMEMBER FLEMING: Okay. DR. GILLEN: So once -- once we decide 12 here's the streets we're going to do, staff will go back and, Okay. Well, here's the stormwater projects we need to do at the same time. We'll bring that back and make those in the top, first tier of the -- of the stormwater portion of the CIP.

COUNCILMEMBER FLEMING: Okay. Thank you. 17 DR. GILLEN: But it wouldn't raise the 18 paving portion. It would just -- we would have to put stormwater money into fixing the stormwater portions of that, so --22 MAYOR PITTMAN: Ms. Alexander, did you have

23 anything?

COUNCILMEMBER ALEXANDER: Can you bring the 24 25 other chart back?

1 DR. GILLEN: Yes.

COUNCILMEMBER ALEXANDER: I mean do we just 2

3 want to renew some of the streets from the first chart

- 4 and add North Carver? I'm sorry that person was
- informed that their street was getting paved before
- Council approved it.
- DR. GILLEN: All the streets on the list
- need to be paved at some point, so whichever you 8
- choose is fine with us, so --
- MAYOR PITTMAN: Mr. Bates? 10
- COUNCILMEMBER BATES: No comments. 11
- 12 MAYOR PITTMAN: Mr. Patrick?
- COUNCILMEMBER PATRICK: No comment. 13
- 14 MAYOR PITTMAN: Ms. Dean, anything else?
- 15 COUNCILMEMBER DEAN: Let me --
- MAYOR PITTMAN: Ms. Fleming, anything else? 16
- COUNCILMEMBER DEAN: I want to just say one 17
- more time, I think that we have more options on the
- table than just choosing streets to repave, because I
- don't think we have enough information or anyone
- qualified right to do that. And even the contract --
- even the Building Inspector, I think that he or she or
- the contractor that we'll use might be able to better
- 24 direct us, because we don't know -- we don't know the
- 25 needs, we don't know what's required to repave these

- And if we could -- you know, if we put
- 2 streets down now without -- you know, without, you
- know, saying, This is going to be a fact that this is
- what we are going to do; and then have some analysis
- done on the cost and what's underneath, you know, tha
- might have to be changed, knowing that we have that
- flexibility, I would certainly feel a lot better.
- DR. GILLEN: I would too. I would hope that
- they would be flexible with us because we never know
- when the bids come back -- whenever you start digging
- in the ground, you never know what you're going to
- 12 find --

13

14

- COUNCILMEMBER DEAN: Right.
- DR. GILLEN: -- so I would be -- I would
- 15 agree with you that if we came back and needed to make
- some changes, I think GDOT would work with us. But I
- think we just need to get something certified by the end of the year so they have it in their system so
- their bureaucratic mechanisms can move forward would 20 be fine.
- So what I'm looking for is direction from 21 22 you, how many miles and which -- which projects, under
- 23 the assumptions that we have here, the length and the
- 24 streets, making sure those are correct, because we
- 25 could get this firm to come in and find out, Okay.

Page 50

Page 49

Page 52

- 1 streets. And for me, I can't base a decision on -- on 2 something like this without having more information.
- DR. GILLEN: I mean I don't disagree with
- 4 you at all. I think -- and I talked to Luke about
- 5 this today -- we're doing an RFP for an engineering
- 6 firm once we decide on the streets. And what I think
- we should do is discuss with that firm once it's
- selected, Could you do a city-wide analysis for us,
- you know, ranking --
- 10 COUNCILMEMBER DEAN: Right.
- DR. GILLEN: -- to your approval, and it's 11
- very Doraville-specific --12
- COUNCILMEMBER DEAN: Right. 13
- DR. GILLEN: -- and get something down for 14
- these subsequent years.
- We don't have time to do that now --16
- COUNCILMEMBER DEAN: If we --17
- DR. GILLEN: -- for this next year. 18
- 19 COUNCILMEMBER DEAN: If we put down streets
- and then had discussion later and changed it --
- because when I spoke to the guy, Mr. Huff, I believe
- 22 his name was, at GDOT, he said that, Yes, you're
- flexible. Once you're given the money, you're
- 24 flexible. You just need to let us know what you're
- 25 doing with it.

- 1 We're about -- you know, we're a tenth of a mile off on this measurement, Dekalb's data was slightly was
- slightly off or this or that, so --
 - MAYOR PITTMAN: So Dr. Gillen, are you
- wanting this information emailed to you or how do you
- want --
 - DR. GILLEN: That would be great, because we
- have to -- I would hope we could get a decision
- tonight if possible.
 - COUNCILMEMBER PATRICK: Why don't we -
- COUNCILMEMBER DEAN: Are we meeting on the 11
- 18th? 12

10

- COUNCILMEMBER PATRICK: I don't believe so 13
- MAYOR PITTMAN: I thought we were. 14
- COUNCILMEMBER BATES: No, we --15
- MAYOR PITTMAN: But we have two meetings 16 this month; right? 17
- COUNCILMEMBER BATES: Nope. 18
- 19 COUNCILMEMBER ALEXANDER: We voted las meeting not to have the work session.
- COUNCILMEMBER PATRICK: What if we added 21
- Drury Court and North Carver in on that list of three
- miles and then we -- we go forward with that list that
- as it is, that you have on the top right there?
- DR. GILLEN: Just add it in without taking 25

Page 56

```
December 2, 2013
                                                Page 53
 1 anything else out?
                                                                  COUNCILMEMBER DEAN: Don't we need to
         COUNCILMEMBER FLEMING: Correct.
                                                         2 stipulate that the flexibility with these votes?
 2
                                                                  DR. GILLEN: We certainly can.
         COUNCILMEMBER PATRICK: Just add it in
 3
   without taking anything out. We'll get the
                                                                  COUNCILMEMBER ALEXANDER: And pursuant to
   engineering assessment back and -- and then that gives
                                                         5 this -- Councilmember Dean's comment, we're going to
   the new Council a bit of stake in this as well.
                                                            give them a list again.
         DR. GILLEN: That works. That's fine. And
                                                                  DR. GILLEN: Uh-huh.
 7
   I think we would have flexibility to work with them,
                                                                  COUNCILMEMBER ALEXANDER: And when we start
                                                         8
 8
   and we got to make sure that we spend the money that
                                                            getting our bids back, if we don't have enough money
   we tell them we're going to spend next year.
                                                           budgeted to cover these streets, are they flexible
         COUNCILMEMBER DEAN: Well, and these funds
                                                            about -- about what streets we can complete?
11
   will pay for the engineering, preliminary engineering.
                                                                  DR. GILLEN: I would assume they'd have to
12
         DR. GILLEN: Yes. That's all part of the
                                                            be, because these bid prices come in different all the
13
                                                            time, so every city now that's certifying their
   project costs.
         MAYOR PITTMAN: Okay.
                                                            streets is doing as best guess as they can as to what
15
16
         DR. GILLEN: All right.
                                                            the cost will be.
                                                        16
         COUNCILMEMBER ALEXANDER: So is somebody
                                                                  COUNCILMEMBER ALEXANDER: So we can't give
17
                                                        17
   going to make a motion?
                                                            them a generic 3.25 miles; we have to specify exactly
18
         MAYOR PITTMAN: That's what I was going to
                                                            which streets.
19
                                                        19
                                                                  DR. GILLEN: I believe so, yes.
20 say.
                                                        20
         Are you asking for a motion?
                                                                  MAYOR PITTMAN: Okay.
21
                                                        21
         DR. GILLEN: You don't need one, but that
                                                                  COUNCILMEMBER FLEMING: And based on the
                                                        22
22
   would be preferable is if we have a clear, distinct
                                                           information that we received for the August agenda
                                                           item or that I just received recently, we received the
24
   vote.
25
         COUNCILMEMBER FLEMING: I would like --
                                                           check within a month after we submitted a request.
                                                Page 54
 1 First of all, I can't see it, you know, because of the
                                                         1 And so if we're receiving the moneys and we're iden-
                                                           tifying those streets --
 2 angle --
         DR. GILLEN: Okay. I'll send it.
                                                                  DR. GILLEN: Correct.
 3
                                                         3
         COUNCILMEMBER FLEMING: -- so I would
                                                                  COUNCILMEMBER FLEMING: -- either we amend
 4
```

it early enough after we've received the engineering 5 like --6 COUNCILMEMBER FLEMING: Oh, no, no, no, no, reports or we find the moneys to repair them. no, no. It's okay. Just need a copy of it. DR. GILLEN: I agree. 7 7 DR. GILLEN: I'll send it out. MAYOR PITTMAN: Okay. 8 8 9 COUNCILMEMBER FLEMING: Thank you. 9 DR. GILLEN: No problem. 10 10 COUNCILMEMBER PATRICK: So I'd like to make 11 a motion to add Drury Court and Carver -- North Carver 12 to the list that's at the top here. That brings us in 13 just over three miles. 14 14 DR. GILLEN: Yeah. It would be about three 15 15 and a half miles total if I remember numbers correctly 16 because Drury is --17 17 COUNCILMEMBER FLEMING: .09. 18 18 DR. GILLEN: -- .09, and the other one I 19 19 20 think was --20 COUNCILMEMBER FLEMING: .2. MAYOR PITTMAN: Okay. Thank you. We're 21 21 DR. GILLEN: -- .2, so just over 3.3 miles. going to take a 3-minute break. 22 22 23 MAYOR PITTMAN: Okay. Do I get a second? 23

DR. GILLEN: That's all I have. Thank you. MAYOR PITTMAN: Call the roll, please. CLERK BRYANT: Councilmember Alexander? COUNCILMEMBER ALEXANDER: Yes. CLERK BRYANT: Councilmember Bates? COUNCILMEMBER BATES: No. CLERK BRYANT: Councilmember Dean? COUNCILMEMBER DEAN: No.

CLERK BRYANT: Councilmember Fleming? COUNCILMEMBER FLEMING: Yes. CLERK BRYANT: Councilmember Patrick? COUNCILMEMBER PATRICK: Yes.

(Brief recess) 24 25 - - -

24

25

COUNCILMEMBER FLEMING: Second.

MAYOR PITTMAN: Discussion?

Page 5?

Page 57

MAYOR PITTMAN: Okay. Next on the agenda,

- 2 as I said before, we had moved b) to a) and a) to b),
- 3 so it's going to be the Appeal of Administrative
- 4 Zoning Determination regarding property at 5597 Buford

Highway, Mr. Cooley.

MR. JOE COOLEY: Good evening, Mayor and 6 Council.

As you said, this is an appeal of a zoning

9 determination that was made by me as the Community 10 Development Director as to a classification of a

11 proposed use at the -- it's at 5597 Buford Highway

also known as Mercado Plaza, and you may know it best

as the former K-Mart site.

Back on October 16th of this year, a letter 14 15 of determination was sent to Mr. Furrow, who is the

representative of Mercado Plaza, LLC -- they are

proposing a new development of the existing building

-- and basically the letter was to inform Mr. Furrow

19 that the determination that based upon the proposed

development as has been advertised -- if developed as

advertised would be considered a flea market, and as

such, under the City of Doraville Code, would not be

an allowed use within the C-2 zoning district.

Flea markets are allowed in the M-1 by a 24 25 conditional use permit, but not in the C-1 and C-2 1 obviously not allowed in the C-2 zoning, especially

2 the concept of the flea market. The concept of a

3 mercado, which you probably know is Spanish for

"market," was discussed. It was explained that retail

stores in an interior mall would be an allowed use.

And on August 12th, had a meeting with

Mr. Furrow. He was told that we had been receiving a

number of calls from applicants wanting to know when

the flea market was going to open, and I reiterated to

Mr. Furrow that flea markets are not an allowed use in

the C-2 zoning district and that any construction and

internal layout must meet all building/health safety

code requirements and only uses in the C-1 or the C-2

permitted uses would be allowed without a conditional

15 use permit.

16 Every business would be considered a 17 separate business. There had been discussion on point about this being one large business and they would be renting spaces out, but explained that each business would be an individual business, would require an individual occupational tax certificate, and have to go through that process, part of which includes the

submittal of a business lease as part of the occupational tax certificate requirement.

And the fact that, you know, the business is

Page 58

25

1 zoning districts.

They were also notified that if it -- the --

3 any plans that were submitted would have to meet --

4 and this was more of an informational type of thing --

5 would have to meet all City building codes, safety

6 codes and things of that sort. Again, that was more of an informational.

We've had -- City staff has had a number of

9 meetings with the owner and owner's representatives

numerous times, not just this, the latest, Mercado

11 Plaza, LLC, about the possible uses of the K-Mart 12 site.

Amongst others, the owners have explored 13 14 grocery market uses. In fact, the site was actually under contract I believe at one point but negotiations

or something fell through on that, but it was as a

grocery store. There was consideration of a large

retail jewelry store with gold processing on premises as a possibility, a combination of a grocery market/

ropes course/retail stores, and also there's been

21 discussion as an indoor flea market. Again, this has

22 been over a number of different people with the --

that come in with the owner to discuss the potential 24 uses.

Many of the ideas that were explored were

1 going to be temporary, that's why we have the reques 2 for the lease in there. Occasional businesses should

3 be open full-time, and the sale of used and secondhand

goods were not allowed.

The letter of determination really only 6 concerns the proposed use of the property whether that

use is -- as determined is an allowed use within the C-2 zoning district. Again it was noted that -- for

9 informal purposes, that all plans submitted will be

required to meet applicable current building and 11 health safety code.

12 And whether those code requirements are met, we cannot determine that at this point. We do not 14 have a complete application for a building permit at this point. It has been submitted. We've provided a temporary number, which is part of the requirement now with Dekalb County.

What happens is they have to come in to the 18 19 City. We provide them a permit number for processing purposes because the Dekalb County Fire Marshal will 21 not accept their plans without it. We give that to 22 them. They take it to the Fire Marshall, they go through that process redlining their plans, etc., 24 getting up to the fire marshal's standards, at which 25 point they come back with the approved plans from the

5

Page 64

1 fire marshal to the City.

We accept that and any other information 3 that we need for the application to be complete. And 4 at that point, we process and we start doing our review. So such matters right now are premature 6 because we really have nothing to review. We do not have any copies of any plans at this point.

The concern over the type of use, I guess, is multi-fold. First was, as I said, there were a lot of discussions upon what the use would be, and a flea market was considered. Now, the applicant said, No, this is not going to be a flea market, so we were going along with that and explained everything that what they needed to comply with, etc.

And then a number of things came up: One, 15 we kept getting the calls requesting -- wanting to know, from people that wanted to apply for occupational tax certificates, when the flea market

would be open and then what do they do to apply. We many times had to tell people there will 20 be no flea markets, they are not allowed; it's not a permitted use in the C-2 at least at this site. If there was one applied for in the M -- manufacturing district, there's the possibility, but in this case, this would not be the situation.

Page 63

1 rented first-come/first-serve basis. Buford Highway 2 area -- oh, excuse me -- Buford Highway Flea Market

3 tenants will have the exclusivity during the two weeks

4 in August, until August 25th, to choose a booth. From

5 there, you will be able to choose on what is available

at the moment. Reservations will be made upon

receiving security deposit.

And again, it had the contact number of 478-361-8213, which is the same number for Mr. Lee that was actually on the sign that they have out front advertising lease -- space for lease.

The flier also had a number of other uses, again which are not allowed in the C-2 zoning district. Specifically states that booths will be part of the 377 provided spaces along with kiosk, retail space and food court restaurants.

It further offers the booths to be rented, not leased, which was a concern, exclusively, August 25th, to tenants of the Buford Highway Flea Market, which is in another jurisdiction and is closing down. As I'm sure you're aware, it's just a little bit down Buford Highway.

The City code does not define booths as such, but the Merriam-Webster Dictionary defines "booth" a as small and usually temporary area where

Page 62

Page 61

We were told by a number of applicants, people that were calling, that they were being told 3 that they could have flea market type of booths and things of this sort, and we just reiterated time and time again that that was not an allowed use.

The other thing that was a major concern is 6 first we were hearing that. And then also there was a 8 marketing advertisement put out saying all the different uses, that this was coming. Noted that the phone number on there was one of the people that was actually on the sign that they got, which was for leasing information. There were four phone numbers on there. I believe it was Bo Lee's number was actually

handwritten across the bottom of it as part of it. But specifically the flier -- and I'll refer 15 to it as "the flier" -- in part says in brief: Mercado Plaza will have 377 spaces including booths, kiosks, retail spaces, food court restaurants -- and I'll go through some of the issues I had with each one of these but I wanted to go through it first -- huge gaming and playground area for kids of all ages, 22 conference/ party/concert space with amazing sound and all that is necessary for a great celebration. More 24 than 600 parking spaces, a supermarket, and much, much 25 more, and then going on to say that booths will be

1 things are sold or displayed or services are provided.

Section 23-402 defines -- in our code,

3 defines "flea market" means an occasional and periodic

sales activity held within a building structure or

open area where groups or individual sellers offer

goods, new and used, for sale to the public but not to

include private garage sales.

The Merriam-Webster's definition of "booth" 9 comports with the City's definition of "flea market" as both contemplating either occasional or periodic or temporary sales activity. That was the concern that was brought up with this aspect of it. It basically seems to be defining a flea market approach to this.

I will note also that besides booth, it does 15 say booths, kiosks and retail spaces. Typically what you see in any type of interior mall situation, you will have retail spaces and you will have kiosks. That's not unusual. There are standards; there's all 19 types of development standards for those. Booths is

not typically something that you see as part of a

21 shopping center. Doesn't go along with it in my 22 opinion.

23 It goes on to further -- the flier goes on 24 to further say that it advertises conference/party/ 25 concert space with amazing sound and all that is 1 necessary for a great celebration.

That's fine, but conference and convention

facilities not associated with hotels, motels or event

facilities are allowed only in the M-1 zoning district

buy a conditional use permit, not in the C-2 zoning

6 district. So again, another use that was being

7 proposed that does not -- is not allowed within the

3 C-2 zoning district, another red flag.

It also goes on to average -- advertise huge
gaming and playground area for kids of all ages.
Well, maybe this is a terminology situation, but

2 Section 11-10(3) makes it very clear the assembly for

purposes of gaming is prohibited, but their terminology may have . . . but "gaming" as defined and

as used in the Zoning Code is not allowed.
One of the other things, too, that as you
all know, the Code of Ordinance is very specific in
the uses that are allowed, and to that end, just give

19 you an idea of some of the things, how specific it20 gets.

And we were talking about retail spaces and stores. We can go through the code on the C-1 and

23 C-2. But the art and school supply stores -- I'll

24 just pull some out real quickly -- bicycle store,

25 camera stores; candy, nut and confectionery stores

1 will not be determined, but those are case-by-case

2 basis with an occupation tax certificate.

But the overall portrayal of what I was seeing and hearing from people -- And even up till

5 last week we got a call about somebody wanting to know6 more about when the flea market was coming in; they

7 had been talking to the marketers for this, and they

8 were told that flea markets...

Now, you know, one person tells you that -
Ne've had a lot of people come in and saying that, so
it raised the red flag, and there's concern.

So basically the -- the letter that we sent out -- I sent out -- was saying that if you operate as it is being portrayed on the flier and what we're hearing, these uses would not be allowable under the C-2 zoning code. So it was kind of an informational -- you know, if this is what you're planning on doing, those would not be consistent in my determination that those would be allowed uses within it.

But that's what it comes down to. So you know, what was advertised, what was seen, that was the basis. The primary basis, the discussion with the applicant prior, and the owner, not this applicant but the owner previously about all the different uses and the fact that flea markets kept coming up and up and

Page 6

Page 66

1 including on-premises production; cellular telephone

2 stores, children and infant product stores, clothing

3 and apparel/accessory stores selling new merchandise;

4 drug stores, ice cream shops, hobby stores. It goes5 all the way through this.

And if you look at the definition again, we do not define a store as such within the Code of Ordinances, but again, if you go back to Webster's --

9 Merriam-Webster Dictionary, it defines a store as a

10 building or room where things are sold.

I I see a very big differentiation between
what we're talking about as a building or a room, a
store, which are allowed uses within the code, versus
booths, which has a totally different connotation, and
again, as described earlier, was really talking more
of a temporary type use.

One of the other things, I guess, and this

is something I just noticed when received today was a

mendment to the appeal. Under Exhibit 15 I was

9 amendment to the appeal. Under Exhibit 15, I was0 reading through their prototype lease that they have

set up for this, which actually is not a lease at all,

22 reading it. Basically it is a month-to-month license

and it is not a long-term or lease. Again, we do require leases through -- with an occupation tax

25 certificate. That's a situation, though, that really

up, and then having this additional information comeon top of that where it's being portrayed as that,

3 and these were fliers that went out to the general

4 public and were out, you know, out and around. We go

5 a copy of it I believe on the -- I've got the date

somewhere but it's not really important.

So again, you know, it goes back to it was my determination that based upon the uses portrayed in the development advertisement, and it was being

conveyed to prospective tenants, that such uses would
 be contrary to the C-2 zoning and, as such, would bε

12 considered a flea market which would not be allowed.13 Once the other uses that they were talking about, such

14 as the exhibits and the -- the gaming, the conference/15 party/concert space, all those will be of concern and

16 not be an allowed use.

We -- as you see on your package, there were several permits taken out. Again those are not real relevant to this determination, but just FYI, I

20 included that in there. There was a sign permit that

was allowed, and as you know, we don't control content, but that was for vacant space which was

23 advertised. There was a demolition permit for 7,500

24 square feet that was taken out and a permit was

25 issued.

3

Marshal.

Page 71

Page 72

Page 69 And there was a electrical permit for -- got 2 a list of them. It was for -- let's see. It's 3 interesting because it was residential; it was a 4 combination of arranging it, water heater, clothes 5 dryer, dish washer and disposal unit. That was submitted for on 9/12, and the permit was issued. And only thing else I'd like to note in this 8 process, electrical permits do not require review and approval by the Dekalb County Fire Marshal. Demolition permits do not require Dekalb County Fire

We also have an application in that we 12 13 issued a number on so it could go to the Dekalb County Fire Marshal for interior renovations. Again, we have seen no detailed plans on this whatsoever. We have not received any word back from the fire marshal whether they have gotten any type of finalization on those plans.

Once those plans are completed, the fire 19 20 marshal contacts the applicant that brought them the plans. They go get them, they bring them back to the City. Again, whatever additional information we need or if it's complete at that point, we've got a 24 completed application, and we actually start our 25 review for both the building -- all the details,

1 the appeal is.

8

COUNCILMEMBER DEAN: So you were just stating -- you were just conveying information and that conveyance is being appealed? I'm not sure what the appeal is.

MR. COOLEY: Well, again, it was a deter-6 mination that this is a flea market --

COUNCILMEMBER DEAN: Right.

MR. COOLEY: -- based upon --9

COUNCILMEMBER DEAN: Right. 10

11 MR. COOLEY: -- the things that I've stated.

So that was the determination that we sent to them. 12

COUNCILMEMBER DEAN: Right.

MR. COOLEY: If it's developed like this, 14

15 this will be considered --

16 COUNCILMEMBER DEAN: Right.

MR. COOLEY: -- a flea market, and they are 17 appealing that determination that it would be

considered a flea market.

COUNCILMEMBER DEAN: So they do want to 20 21 conduct this business in this way; they don't want to call it a flea market.

MR. COOLEY: I will have to leave that --23

COUNCILMEMBER DEAN: Okay. 24

25 MR. COOLEY: -- to the Applicant to address

Page 70

1 because at that point we have enough information to

2

3

1 that.

COUNCILMEMBER DEAN: Okay.

MR. COOLEY: We're working off of our

discussions with them, the owner, about previous uses.

COUNCILMEMBER DEAN: Okay. 5

MR. COOLEY: And then all of a sudden this

kind of seemed to be flipping back to the flea market.

COUNCILMEMBER DEAN: Okay. 8

9 MAYOR PITTMAN: Okay. So I guess at this

time we will give you the opportunity to speak.

MR. DENNIS WEBB: Good evening. My name is Den Webb. My office address is 1230 Peachtree Street,

Atlanta, Georgia 30309, and I'm here on behalf of two

parties tonight. The first is Buford Plaza, LLC.

Buford Plaza, LLC owns the property Joe just

discussed, 5597 Buford Highway that everyone knows as

an old K-Mart site. My second client is Mercado

Plaza, LLC. It leases that property and intends to

put a Latino discount mall on it.

Let me go back to sort of your point as to 20 21 why we're here. As Joe indicated, on October 16th, 22 2013, he issued a letter that made two determinations

and told us if we -- if we didn't agree with him, we

24 had an obligation to appeal, so that's what we did.

But the first determination was in fact that

5 be -- from all indications and from the advertisements, to be uses that would not be allowed in C-2. So the letter notification was sent to -- deter-

start making decisions.

8 mination was sent to the applicant making them so

aware. And I'll be happy to answer any questions that you might have.

Again, this is really focused on what is

4 being advertised and the fact that this appears to

MAYOR PITTMAN: Ms. Alexander? 11 12

COUNCILMEMBER ALEXANDER: No. ma'am.

13 MAYOR PITTMAN: Mr. Bates? COUNCILMEMBER BATES: No. 14

MAYOR PITTMAN: Ms. Fleming? 15

COUNCILMEMBER FLEMING: No, not at this 16 17 time.

MAYOR PITTMAN: Ms. Dean? 18

19 COUNCILMEMBER DEAN: What exactly is being 20 appealed?

MR. COOLEY: The appeal is the deter-21 22 mination; the letter was the determination of those

uses, if developed as -- as being portrayed in that, would not be allowed. It would be considered a flea

25 market and would not be an allowed use. That's what

25

Min-U-

3 determination was that this new development would be 4 bound by a new ordinance, Section 580 of the develop-

5 ment code. So those are the two issues on this 6 appeal.

Let me discuss the flea market first and let 8 me cut through something right away. The letter states that it's based on one piece of information and one piece of information alone, and that is a flier, and one word in that flier, the word "booth."

There is an issue here that Joe did not 12 touch on that we spent a good bit of time in our appeal addressing, and it's -- it's a -- a position that's not been refuted by anyone since we filed our appeal: No one affiliated with the ownership of Mercado Plaza had anything to do with that flier. They didn't generate it; they had nothing to do with it at all. 19

We've submitted three affidavits from all 20 21 three managers of Mercado Plaza, LLC, who have 22 testified under oath they didn't write the flier, they didn't ask that it be written; they weren't aware it 24 was written; and when they found out, they located the 25 person who wrote it and told him to stop handing it

So as I indicated in my appellant statement, 2 that definition has two operative phrases: Number 3 one, the sales activity has to be occasional or 4 periodic and, number two, the goods sold have to be new and used. And if either one of those criteria is met, there's no basis upon which the City can determine that this particular use is a flea market, and I think we submitted more than adequate evidence

to show that neither criteria is met in this instance. First, the sales activity proposed in 10 Mercado Plaza is not occasional or periodic. This mall, like all malls, would have regular business hours: It's open five days per week, Saturday through Monday, 10:00 a.m. to 9:00 p.m.; and Wednesday through Friday, 11:00 a.m. to 8:00 p.m. And every tenant in Mercado Plaza is required to be open when the mall is 17 18 So based on that one issue, this Council

should find that this particular use is not a flea market. But let me address the second criteria: Mercado Plaza will not allow the sale of used goods. Joe mentioned the tenant agreement which we

included as part of the record. If you've read it, as he apparently has, you'll see that it expressly 25 forbids any retailer from reselling merchandise or

Page 74

Page 70

1 out, because the information in it was wrong.

There's an expression lawyers use. I was 3 looking forward to seeing Ms. Pachuta tonight because 4 I believe she's an attorney and I think she would 5 recognize this term: It's called garbage in, garbage out, and it means that if the conclusion is based on erroneous information, the conclusion is erroneous.

And that is what we have here in this 9 letter. It is based on a flier written by a third party who doesn't know this project, who isn't 11 affiliated with the ownership, and that is the sole basis for the determination that this is in fact a flea market and the issuance of the letter on October 16 of 2013.

The fact is, though, that what my clients 15 16 are proposing isn't now and has never been a flea market. 17

We don't have to rely on Webster's 18 Dictionary to figure out what the term "flea market" means. That's actually a term defined in our code of ordinances. It is defined as an occasional or periodic sales activity held within a building, 23 structure or open area where groups or individual 24 sellers offer goods, new and used, for sale to the 25 public.

selling secondhand goods.

So while we can talk about extraneous and unidentified third parties, we can talk about fliers and third parties and people not affiliated with my clients generated, the information in the record are the facts and they are sworn facts. And I think based on those facts, there is simply no way that the City can consider or determine this particular use a flea market based on its own law.

10 Let me just touch briefly on the second issue. It was raised in Mr. Cooley's letter, and it relates to the new Development Ordinance, Section 580. As you are aware, that ordinance requires retail spaces to be, among other things, a thousand square feet and have four walls and a ceiling. That ordinance was adopted on September 9th of 2013, and that was months and months after this project was underway. And as a result, it is our position that the applicants or the Appellants are not bound by it. 20

By the time that ordinance was adopted -- and 21 22 as Mr. Cooley indicated, the ownership and the lessors had had many, many meetings with the City. They had 24 been told on numerous occasions that they could 25 proceed with this development. They were issued

Page 77

1 permits to proceed. They had spent hundreds of

- 2 thousands of dollars. And just to be clear, they had
- 3 already applied for a business permit. I'm not sure
- 4 that that did come out clearly, but I don't think it's
- disputed here.
- So the fact is that both Mercado Plaza and 6
- Buford Plaza are entitled to continue to operate under
- the law as it existed prior to September 9th of 2013.
- And let me just note this for the record: That's a
- fact your the Community Development Director has
- confirmed. 11
- 12 I sent an Opens Records Act request to the
- City. It took a long time to get a response. The 13
- first time, I got 123 pages of material, the second
- time I got over 1,600 pages of material, and among
- that material was an August 19, 2013 email from your
- community development director that said if they apply
- for building permits prior to any changes, the changes
- will have no effect on them.
- And that's exactly what happened. The 20
- changes have no effect, and certainly any
- determination to the contrary is wrong. 22
- I'm happy to address any questions you would
- 24 like me to address. I think I'll stop there. I'm
- 25 going to reserve my time, and I'm happy to take some

- 1 under the C-2 zoning ordinance absent a special use
- 2 permit. You can sell used goods in Doraville. I
- 3 think you can sell items on consignment, I think you
- 4 can have an antique shop, but I think sometimes
- 5 they're required conditional use permit. So to the
- extent that that particular step was taken, they might
- be allowed to sell, but as a general principle, there
- will be no resale of secondhand goods.
- COUNCILMEMBER ALEXANDER: Okay, because the
- affidavit also says unless specifically allowed by
- Mercado, so I interpreted that that they could make a
- decision later on to allow the sale of used goods.
- MR. WEBB: Well, tell me what paragraph 13
- you're looking at, please. COUNCILMEMBER ALEXANDER: Section 10 on the 15
- 16 affidavit by Mr. Furrow.
- But just for the record, Council to my
- knowledge does not have a copy of this lease agreement
- that is supposed to be part of the record. So can you
- please get that, a copy of that document, for our
- information, please. 21
- 22 MR. COOLEY: Just FYI, I did receive that
- 23 this morning.
- COUNCILMEMBER ALEXANDER: Okay. Well, we
- 25 have not received a copy of that.

Page 78 Page 80

- 1 questions.
- Actually, let me think. Let me go back to
- 3 one -- or points that I took down while Joe was
- speaking.
- Mr. Cooley mentioned tonight that he got 5
- 6 phone calls from people mentioning the fact that they
- had heard a flea market was going in. I mean that's
- 8 the same type of evidence we have with the flier. Who
- are these people? What was their interest? You know,
- when did they call, what did they say? There's
- certainly no mention of those phone calls in the
- letter that we received from him.
- I think that evidence is unverified, 13
- uncorroborated and certainly not reliable in this
- instance, and I think I'll stop there.
- MAYOR PITTMAN: Okay. Ms. Alexander? 16
- COUNCILMEMBER ALEXANDER: Some of the items 17
- that you addressed talking about no used goods are
- going to be sold, but I'm curious why in Mr. Furrow's
- affidavit he mentioned discussing conditional permits
- for items such as a pawn shop, because when a pawn is
- not paid, the used goods are sold. 22

Page 77 - Page 80 (20)

- 23 MR. WEBB: As I understand it, the point of
- that affidavit was to identify that tenants are
- 25 restricted from any use that would not be allowed

- MR. COOLEY: Right. 1
- MR. WEBB: And just FYI, we found out last 2 Wednesday.
- Well, I think that must be a typographical
- error, because if you read the following sentence:
- 6 Mercado is aware that it must obtain conditional
- permits from the City in order to allow any such uses
- 8 by its retailers. So it's a recognition that absent a
- conditional use permit, those uses would not be
- allowed. And it may be that Mercado itself would file for a conditional use permit as opposed to the tenant. 11
 - COUNCILMEMBER ALEXANDER: But my point being
 - is it doesn't say that they are not going to do it.
- 14 It says they understand the process that they would
- have to go through to allow the sale of used goods. MR. WEBB: Well, and my point is the tenant
- agreement specifically says you can't resell goods or 17 sell secondhand goods.
- Now, to the extent the City would allow that
- 20 as, you know, an antique store or a consignment
- 21 furniture store or something of that nature, then 22 maybe there is some wiggle room. But certainly to the
- extent that we're talking about general used
- 24 merchandise, I think that issue is clearly defined in
- 25 the lease.

1	COUNCILMEMBER ALEXANDER: Your exhibit
2 perm	nit sign, Mr. Lee's name and telephone number is on

3 this sign. There is no affidavit from Mr. Lee.

4 And what is his position with this

5 establishment?

6 MR. GARY T. FURROW: He's just a leasing 7 agent.

8 COUNCILMEMBER ALEXANDER: Okay. So the

9 leasing agent's name is on the flier that is

10 supposedly not authorized.

MR. WEBB: There's a handwritten notation on the bottom of the flier.

13 COUNCILMEMBER ALEXANDER: That's why I
14 thought --

MR. WEBB: Who knows where that came from?

16 COUNCILMEMBER ALEXANDER: I understand that 17 completely, but my point is I think it would be pretty

17 completely, but my point is I think it would be pretty

safe to deduce that Mr. Lee did receive phone calls off of generated said flier.

Did he never question where they got the information or anything to that nature?

MR. WEBB: As far as I can go on that point

there, I saw an email in the 1600 produced where Joe

24 Cooley said that he had gotten a phone call or two

25 from folks saying they heard there's a flea market

MR. WEBB: He is a leasing agent --

2 COUNCILMEMBER ALEXANDER: Okay.

3 MR. WEBB: -- correct.

4 COUNCILMEMBER ALEXANDER: All right. Than

5 you. Those are all the questions I had.

6 MAYOR PITTMAN: Mr. Bates?

COUNCILMEMBER BATES: Yeah. I want to focus

8 on the affidavits from Mr. Furrow and Ly Phillips.9 Both of them stipulate in their affidavits

that the Mercado Plaza would be similar to PlazaFiesta.

MR. WEBB: Correct.

13 COUNCILMEMBER BATES: Okay. Just want to

14 make sure that's stipulated.

I went and looked and got information about

16 Plaza Fiesta because I'm a layman and legal

17 terminology kind of goes over my head. So I'm just

18 going to read from Yelp, which is reviews on Plaza

19 Fiesta, and then a Wikipedia Free Encyclopedia

statement regarding Plaza Fiesta.

So on Yelp, you have: The place is fantastic. It's a little chaotic, as the inside is

23 set up more like a flea market mercado with booths

24 indoors instead of storefronts, but that's part of the

25 experience.

Page 82

Page 81

7

Page 8

1 coming.

He called Mr. Furrow.

Mr. Furrow said, Let me check this out.

4 He called his two leasing agents, which presumably

5 would include Mr. Lee, and reported back that that's

6 not what they're telling people; they tell me they are

7 not identifying this property as a flea market.

COUNCILMEMBER ALEXANDER: Okay. But we

9 don't know that Mr. Lee did not receive phone calls

10 generated from this flier that mentions flea market

because we don't have an affidavit from Mr. Lee.

MR. WEBB: We don't, and we don't know

13 whether he -- We don't know that either -- either way.

14 And I'm not sure how that would be relevant, frankly.

15 The words "flea market" are --

16 COUNCILMEMBER ALEXANDER: Because you're 17 claiming no knowledge of the document.

18 MR. WEBB: Well, I have put up affidavits of

19 the three managers, the principals of the company who

operate the business. They as a business are unaware of anyone affiliated with their company that has

21 of anyone affiliated with their company that has 22 anything to with that flier.

23 COUNCILMEMBER ALEXANDER: Okay. But

24 Mr. Lee is affiliated with the company, because 25 Mr. Furrow said he's one of the leasing agents.

Second review: Think of it as a huge indoorflea market.

Third review: There are several little flea market areas in addition to the regular shops in the mall.

Fourth review: But for the adventurousshopper, there are plenty of flea market booths in themall hocking hard-to-find goods.

The interesting part is that, you know, Yelp has these intuitive search engines, and so it says people viewed this after searching for flea market-Atlanta.

Wikipedia says: Plaza Fiesta is a 350,000
square foot strip mall in Dekalb County, Georgia, on
the eastern border of the city of Brookhaven, on
Buford Highway and Clairmont Road. The mall contains
a large supermarket, farmers' market, several large
discount stores, and a large space filled with over
small vendors modeled on a Mexican mercado or fles
market.

So as a layman using my common-sense deductive reasoning, if you're comparing what you want to put in at the K-Mart to Plaza Fiesta, I'm doing an apples-to-apples comparison, and that then becomes a flea market.

Page 85 I appreciate the interest in wanting to 2 redevelop our city, but we are poised for 3 redevelopment in the city, and putting in 350 12 x 12 4 booths with roll-up doors in the middle of the Buford 5 Highway corridor doesn't fit within a developmental 6 standard that the City has. It doesn't fit in with the LCI developments and studies that the City has conducted and spent a lot of time making sure that our 9 Buford Highway corridor becomes a strong entrance into the -- the community and entrance into our neighborhoods and our city center.

So again, I'm not an attorney. I didn't 12 sleep at Holiday Inn Express last night. 13

I'm just using common-sense analysis to say 14 15 that what your own affidavits relate to becomes, to me, a flea market, so --16

MR. WEBB: Let me address that, because both 17 Yelp and Wikipedia are open-source information 18 sources. 19

20 COUNCILMEMBER BATES: Sure. MR. WEBB: That means any third party can 21 come in and put information in it. Yep, they can use whatever language they want. And it's irrelevant, and

you know why? Because Doraville defines what a flea

25 market is.

1 said, a flea market does not fit well in our LCI and 2 our Comp Plan.

MAYOR PITTMAN: Okay. Ms. Dean? 3

COUNCILMEMBER DEAN: Well, Mr. Bates touched on what I was going to say.

I was going to ask you what you would call Fiesta Plaza, how you would define it, but -- but we've gone through that so that's not necessary.

The 1,000-square-foot minimum, I actually suggested that because I want -- we want businesses to 11 come in, stable businesses to come in, and you're not

going to come in in a small room or a small both and

-- and -- and -- and stay, plan on staying and

14 developing in any sort of way. So the 1,000 square

foot would change not for this but for -- for general purposes, number one.

Number two, has the City received any formal 17 documentation with plans stipulating the size of

booths or -- or -- or rooms or anything like that for the proposed Mercado Plaza? Yes? No? Maybe?

MR. WEBB: Well, what I -- That depends 21

22

23 COUNCILMEMBER DEAN: Any formal plans. Have 24 you -- have you provided the City any formal plans --

MR. WEBB: Yes, but --25

Page 86

Page 88

The only thing that matters here is Doraville's definition of "flea market," which is an 3 occasional or periodic sales activity held within a building, structure or open area where groups or individual sellers offer goods new and used for sale 6 to the public.

7 The only question for you is: Is what we're proposing a flea market under that definition?

9 COUNCILMEMBER BATES: Thank you.

MAYOR PITTMAN: Mr. Patrick? 10

COUNCILMEMBER PATRICK: No comments. 11 12

MAYOR PITTMAN: Ms. Fleming?

13 COUNCILMEMBER FLEMING: Ms. Alexander

touched on my comments as well. I find it quite unusual that Bo Lee did not have any type of

affidavit, particularly since his name is on the leasing information. 17

The other gentlemen that you do have 18 affidavits for are listed on the leasing information and construction information. So I was just curious as to why he had not submitted an affidavit as well,

22 seeing that his name, even though it was hand printed on the flier, his name does appear on the leasing

24 information. 25

So with that said as well as what Mr. Bates

COUNCILMEMBER DEAN: -- that sets out a design on booth size or the room size or anything like that? 3

MR. WEBB: Yes, we have. 4

COUNCILMEMBER DEAN: And we --5

6 MR. WEBB: This -- this --

7 COUNCILMEMBER DEAN: -- weren't provided a copy of it? 8

9 MR. WEBB: Well, let me clarify. We filed for a building permit. We started the process.

What we were told was to take our plans 12 first to the Dekalb County Fire Marshal for review.

So we took our plans, and they are there. But that is

step one in the process, and, from our perspective, we have started the building-permit process. You can

consider that in Doraville or not, but we did in fact

have them, we provided them and we started the

building-permit process here in the city.

COUNCILMEMBER DEAN: Okay, but we haven't --19

20 MR. WEBB: Under the -- under --

MR. COOLEY: -- seen them here. 21

MR. WEBB: Under the direction we were given 22 23

by the City.

COUNCILMEMBER DEAN: But we don't have them 24

25 here. So the fact that we changed this to 1,000

1 square foot, a minimum of 1,000 square foot really has 2 no relevance whatsoever to plans, because we don't 3 have a copy of those plans here; right?

MR. WEBB: Well, I'm not sure I understand 5 your point. You know, the fact is there's a 1600-page 6 email trail that shows exactly why 800 square feet and then 1,000 square feet was chosen and it goes back months and months. So we can --

COUNCILMEMBER DEAN: Well, you can also look 10 at the minutes of the meeting, because we had a

11 discussion, in fact two discussions on that.

So it's not -- I mean it's not complicated, 12 it's not curious. I mean it just makes sense for the kind of development that we want to bring into the

15 city.

16 MR. WEBB: Well, I disagree as to the motives. I think they're clear and I think they'll be 17 thoroughly examined at the next phase.

COUNCILMEMBER DEAN: So Oscar Sinisterra, 19 20 have you talked to him? Have you said: Why are you 21 doing this? Why did you do this and why are you -why are you -- why are you specifying what we are

going to do to this property? Why are you doing that? 24 Why are you passing out fliers with this information,

25 and under whose authority?

COUNCILMEMBER DEAN: Okay. And the leases 2 and in Mr. Furrow's affidavit he talks about: We leased approximately 70 retail spaces.

4 What were the terms of those leases? I mean what was the -- what was the period for those leases and do you have copies of them? Could you provide us copies of these leases?

MR. WEBB: I could. I can't now. We have actually put into the record a standard copy of the lease. 10

11 COUNCILMEMBER DEAN: Okay.

MR. WEBB: But in terms of all 70 individual 12 leases, we have not put those into the record.

COUNCILMEMBER DEAN: Approximate. I mean 15 like what -- what's the duration?

16 MR. WEBB: I don't know.

COUNCILMEMBER DEAN: You have no idea? 17

MR. WEBB: I mean I haven't seen a single one of those leases. I've seen the standard term, and 20 it, you know --

COUNCILMEMBER DEAN: Does anyone in this 21 22 room have any idea how long the term of the lease might be?

MR. FURROW: The licenses are month to 24 25 month.

Page 90

Have you asked him about that? because

2 that -- that's -- I don't understand why would this 3 guy say: Oh, well, I'm going to, you know, print out

4 these fliers and basically, you know, advertise for

5 free this property that has not yet been developed,

and -- and potentially causing you harm?

MR. WEBB: I didn't speak to him. My 8 understanding is that he is the manager of the Buford

Highway Flea Market.

COUNCILMEMBER DEAN: Uh-huh. 10

MR. WEBB: It was at that point going out of 11 12 business. It's not going out of business now, and I think he may -- and I'm guessing here like we all are.

I think he may have been trying to help some of those

folks relocate. 15

But the fact is our folks --16

COUNCILMEMBER DEAN: Uh-huh. 17

MR. WEBB: -- have clearly indicated they 18

didn't speak to him, they didn't direct him, they didn't know what he was doing; and when he did it,

they told him to stop. 21

What his motives are are unknown. 22

23 COUNCILMEMBER DEAN: Okay.

MR. WEBB: But what our involvement in -- in 24 25 that process is not.

5

6

7

Page 89

COUNCILMEMBER DEAN: Licenses. Okay, so Because here in this affidavit, it calls them a lease. And a license and a lease are two totally different

things; correct? You understand that?

(No audible response)

COUNCILMEMBER DEAN: Okay. I'm good 8 9 MAYOR PITTMAN: Sir, did you have anything else you wanted to add?

MR. WEBB: No. I guess I just am not clear 12 on what the point of that last conversation of lease versus license is. The fact is this is a mall. It is 14 a single standing structure with accommodation of 15 different retailers in it.

16 And you know, the lease terms or the license terms for each tenant will be different. But the fact is the mall is a single structure; it's open five days a week during regular hours just like every regular

business is. And the fact that a tenant may come and go is irrelevant. You know, if The Gap leaves Lenox

Square, it doesn't make it a flea market. The mall itself is the primary focus here.

COUNCILMEMBER DEAN: I don't think we allow 25 tents.

23

24

Page 95

```
Page 93
 1
         MR. WEBB: What's that?
         COUNCILMEMBER DEAN: I don't think we allow
 2
 3 tents; right?
 4
         MR. WEBB: Well, there's nothing -- We're
 5 not asking for tents.
         COUNCILMEMBER DEAN: I know.
 6
         MR. WEBB: There's nothing to indicate
 7
   tents. Maybe that flier, that third-party flier that
 8
   was unauthorized might have referenced something like
   that, but the evidence in front of you, the sworn
   testimony doesn't say anything about tents.
         COUNCILMEMBER DEAN: Well, you just said
12
   tents may come and go but the businesses --
13
         COUNCILMEMBER FLEMING: He said tenants.
14
         MAYOR PITTMAN: He said tenants.
15
16
         COUNCILMEMBER DEAN: Oh, okay, okay. All
17
   right.
         COUNCILMEMBER FLEMING: Because that's what
18
   I thought he said too.
19
20
         COUNCILMEMBER DEAN: Okay.
         MAYOR PITTMAN: Okay. Thank you, sir.
21
```

Mr. Cooley, do you have anything?

25 received this morning, it was actually delivered to

MR. COOLEY: Just a couple quick items.

First off, the amended copy of the appeal I

1 testify, Mr. Joe Frank, actually, where those fliers 2 were on the table at the front of the K-Mart in the 3 lobby area with the two people that were doing the 4 leasing work, and he was given one by one, and these are the fliers that was in question. So I think it would probably be a good idea 6 for the record since this is quasi-judicial, that Mr. Frank be allowed to give testimony to that fact. And if that's the case and they are -- this person, whether it be Mr. Lee or whoever the agent was on duty at that time was giving it out as representation of what they were doing, that ties it directly to the proposed plan, at least in my opinion. And again, this is a determination based 15 upon what I've learned and read and heard through a number -- it's not solely on the flier, but the other aspects also. MAYOR PITTMAN: Mr. McLendon, is it proper

18 to have Mr. Franks? ATTORNEY McLENDON: I don't know why not. 20 I mean Mr. Webb, any issue with that if 21 somebody wants to put something in factually? I mean it's an issue of fact that has been raised by you. MR. WEBB: Well, I think it's after the 24

25 fact. I mean the point is there was a decision made

1 on October 16th based on information that was

Page 94

Page 96

```
1 the front office at 3:10 Wednesday afternoon right
 2 before Thanksgiving, so -- and Legal has not received
 3 a copy, so I will present this to the recorder and to
 4 the Clerk and for it to be part of the record.
          And to answer your question, I believe
 5
 6 Mr. Furrow answered the one. One other -- a couple
   things. One, there was the issue brought up about the
 8 thousand square feet. This is something that has been
   a issue since I've come here, and it's not solely to
   this type -- this project or anything of that sort.
10
          We've had a continuing problem of businesses
11
   coming in inside of businesses, opening up; they crowd
12
   the space, they fill up the parking lots. We've had
   this probably in a number -- several sites with the
   taxicabs. We've had the same situation where we've
   had a lot of booths opening up in other uses where
   they were not getting occupation tax certificates.
17
          So this does predate this business
18
   substantially. I've been here approximately two and a
   half years, and that's one of the issues that I
   recognized up front, which we did -- this Council did
22
23
          Another important item, I think: It was
```

24 identified that Mr. Lee was the leasing agent. I do

25 have someone here tonight that will be willing to

2 available to Mr. Cooley, and that's my first response. 3 Second of all, do I get a chance to cross-examine 4 Mr. Frank? ATTORNEY McLENDON: Why don't we do this: 6 What I would say is I don't know this is a cross-7 examining situation, but what I would tell you is since the issue has come up and the question of fact has been raised by you, I think it becomes relevant. I'd be happy for us to just stipulate that's 10 11 what Mr. Frank would testify to, that the flier was ---- whatever Mr. Cooley said. I'm okay with that. 13 MR. WEBB: Well, I'm not stipulating to **14** that. ATTORNEY McLENDON: Okay. And I don't think 15 16 this has a right to cross-examination. I think Mr. Frank could come up and potentially put evidence in if that has been is a question of fact that's 19 raised. 20 I mean you've raised the question of fact of 21 saying: This flier had nothing to do with my clients; 22 right? 23

MR. WEBB: Well, that's certainly the 24 position that I've taken.

ATTORNEY McLENDON: I think it would be

Page 10

1	appropriate for us to, you know, give it what weight
2	you may. I think it would be appropriate to put it in
3	the record if he had something he wanted to add.

MR. WEBB: Well, I disagree, and I object to 5 taking evidence from the general public here like 6 this, certainly unannounced as well.

ATTORNEY McLENDON: Mayor, let me have five minutes. Can I have a recess on that? 8

MAYOR PITTMAN: Certainly. We'll have a five-minute recess. 10

11 12 (Brief recess) 13

MAYOR PITTMAN: Meeting come back to order. 14

15 Mr. McLendon? ATTORNEY McLENDON: All right, Mayor. 16 17 Giving the issue thought, to the extent that the decision was made on the -- based upon the information in front of him, what's happened is I think in this 20 hearing we've come in and we've questioned the basis of part of the evidence, at least some aspect of the evidence. It's been said: That was not done with our

authority or knowledge. You know, I have somebody that's willing to 24 25 come up and -- and says, you know, I had an

1 specific knowledge regarding that particular issue of 2 fact.

You're welcome to cross-examine him on it if 3 4 he's willing to -- to put that evidence in the record.

All right. So Mr. Harris, if you have

something to add to that, please feel free. And I'll 7 need you to --

COUNCILMEMBER ALEXANDER: Mr. Frank 9 ATTORNEY McLENDON: Mr. Frank. I apologize Mr. Frank. 10

11 MAYOR PITTMAN: Mr. Frank, if you would please -- Mr. Frank, if you'd please identify yourself to -- for the court reporters please.

MR. JOE FRANK: Joe Frank. 15

MAYOR PITTMAN: Go ahead, sir.

16 MR. FRANK: Do you want me to just go aheac 17 and start?

Okay. Well, several months ago, it was 19 shortly af- -- I believe it was shortly after the flea market sign came up over there, at least it was just a few days after I saw it there for the first time, and

22 so I was just curious what's going on there and the fact that we are putting up a flea market in the city,

24 because I was under the understanding that flea

25 markets were -- were prohibited use in the city.

Page 98

Page 97

And I was even kind of curious because it said something about a -- about a plaza. And of

course to me a plaza is something where you have a

ATTORNEY McLENDON: Mr. Frank --

series of stores on the sidewalk and each store is a separate entity.

6

7 MR. FRANK: Okay.

ATTORNEY McLENDON: -- let me go ahead and 8 9 let's just -- we got to keep this process --

10 MR. FRANK: Oh. Okay. I'm sorry.

ATTORNEY McLENDON: We haven't said come in and sort of testify to everything, so I'm going to ask 12

us --13

THE WITNESS: Okay. Very good. 14

ATTORNEY McLENDON: -- to disregard what he 15 said before. 16

And just for the sake of let's make sure

we're -- everybody's aware, I'm going to go ahead and 19 ask you to -- swear you in regarding the testimony

you're about to give. 21 MR. FRANK: Okay.

ATTORNEY McLENDON: Is that okay?

23 MR. FRANK: That's quite all right.

24 Whereupon,

JOE FRANK

1 observation that's relevant to that. I think it's 2 appropriate to listen to it, but I think if -- if 3 that's allowed to be put in, Mr. Webb should be given 4 every right to ask him questions about that very 5 thoroughly.

So to the extent that -- that, you know, he 7 has information that may be relevant to that flier, 8 I'm going to say we should listen to it but Mr. Webb should have the ability to fully ask him questions and 10 inquire as to whatever that opinion is.

MR. WEBB: Since we're creating a record, I 12 think I would just like to object to the process or 13 lack of process. I've actually already raised that 14 objection.

And one of the issues I have here is there 15 16 are absolutely no standards as to what determines the appellate review, and I don't think it's appropriate to take comment from the general public. So I understand that the City Attorney has the ability to direct the course of this proceeding the way he wants,

but I object. 21 ATTORNEY McLENDON: And I'll just note that 22

23 I don't think we're saying this is taking comment from 24 the general public. We've had a issue of fact raised,

25 and I think we have someone who has stated they have

22

```
Page 101
 1 was called to testify, and having been first duly
                                                              permit, so they were just getting their permits
   sworn, was examined and testified as follows:
                                                              approved or something to that effect, and -- and that
               DIRECT EXAMINATION
                                                               because now they are calling it a plaza versus a flea
 3
 4
   BY MR. McLENDON:
                                                               market or something, something to that effect.
                                                                     Anyway, she handed me the flier. To the
       Q Very good, and if you could --
 5
       A Okay.
                                                               best of my recollection, she wrote the name under-
 6
 7
      Q -- we had said there was --
                                                               neath. There was the phone number on it, on that
                                                            7
      A I'll keep it brief.
 8
                                                            8
                                                                     And I left, and I said, I will tell my
 9
      O -- one issue was --
                                                            9
      A I'll keep it brief.
                                                               friend about it and I would see her in the near future
10
                                                           10
      Q -- was that flier and what your knowledge is
                                                               about possibly renting a space over there.
11
                                                           11
    on that flier. Just address that.
                                                                     And -- and she mentioned something about
12
                                                           12
       A Okay. Well, so I went over there just to
                                                               that, you know, they were getting the people from the
13
                                                           13
    see what was -- what they had going on over there,
                                                               other market over, and just kind -- it was all kind of
    and I walked in and kind of pretended to be a
15
                                                           15
                                                               like a sales pitch kind of a thing. And that's it.
16
    potential tenant, and I was given kind of a -- I guess
                                                                     MAYOR PITTMAN: Okay, Mr. Frank, hold on
                                                           16
    a little bit of a sales pitch on the thing of how
                                                               just a minute.
17
                                                           17
    beautiful everything is going to be and all of the --
                                                           18
                                                                     Mr. McLendon?
    and all of the booths that they were putting up there,
                                                                     ATTORNEY McLENDON: Just so we know what
                                                           19
    and they would have all these carts in the middle, and
                                                               flier you're talking about, Mr. Frank, is that the
20
                                                           20
    there was going to be -- and they kind of gave me a
                                                               flier that you're talking about (presenting)?
21
                                                           21
    little rundown description of all the things that were
                                                                     THE WITNESS: Yeah, correct.
22
                                                           22
23
    or at least some of the things, I guess.
                                                           23
                                                                     ATTORNEY McLENDON: All right. That's it.
          And they wanted to know what I was going to
                                                              All right?
24
                                                           24
    put in there, and I said, I got a friend who's looking
                                                           25
                                                                     THE WITNESS: Yes.
```

Page 102

2

4

Page 104

```
for a space to put a -- to put a clothing, selling
 2
    clothing.
          And anyway, we went on, and -- and then
 3
    towards the end of the conversation -- and there were
    two Asian ladies over there, a gentleman, and a
 5
    Hispanic individual that was I guess tidying up some
    flooring of the floor right there by the -- by the
    entrance. It was actually right when you come in, a
 9
    little to the left, there were a couple of desks, and
    there were the -- you know, there were those ladies
10
    and people sitting behind the desk over there.
11
           And then when I was leaving, on one of the
12
    -- on one of the desks, there was a stack maybe -- I
    don't know, but maybe so high (indicating), of fliers.
14
    And the lady gave me one of those fliers and -- and
15
    because we'd been kind of finishing, and she said if
```

19 (Brief interruption) 20 THE WITNESS: But anyway, she -- she handed 21 me the flier or pamphlet, whatever you want to call 22 23 it, and they had that map on the back of it. And she said that they were working on this for some time but that now they were getting the -- they had their

ATTORNEY McLENDON: Thank you. 1

MAYOR PITTMAN: Okay, sir, would you like to

cross-examine? 3

CROSS-EXAMINATION

BY MR. WEBB: 5

6 Q Mr. Frank, my name is Den Webb. We've

actually met before, but it's --7

A Yes, we did. 8

9 O -- been awhile.

A Yes. 10

O You mentioned that you went over to the site 11 because saw the flea market sign; correct? 12

13

A Correct.

Q Is it your recollection that the words "flea 14

market" were on the sign in front of --15

A Well --16

17 Q -- the property?

A Well, I knew -- I -- I was already aware 18

from other conversation that they were applying to put

a flea market in there. So when I saw that, I 20

immediate identified that as being, you know, the flea

market coming in there --22

23 Q Well --

A -- on the thing. That is practically what 24

25 it is.

you call this --

17

1 Q is your recollection that the words

- 2 market" were used on the sign that you saw?
- 3 A I'm sorry?
- 4 Q Is your recollection that the words "flea
- 5 market" were used on the sign?
- A It was not used on the sign, and that's what
- 7 kind of caught -- caught my eye because Ly Phillips
- 8 used to own a flea market. And Ly Phillips is, I
- 9 believe, one of the owners of that -- of the property
- 10 over there, or Ly Phillips, she's (pronouncing) she's
- 11 called anyway. And she used to own a flea market up
- 12 in Gainesville at one time or was a part owner in a --
- 13 in a flea market. And I believe in fact -- I believe
- 14 she was one time somehow related to that other flea
- 15 market that you guys call Plaza Fiesta, so -- but that
- 16 is still a flea market. It was basically this guy's
- 17 flea market. That's -- that's the way I look at it.
- Q Well, you mentioned that you heard from
- 19 conversations that this was a flea market.
- 20 A Yeah.
- 21 Q All right. Did you ever speak to the
- owners? Did you ever hear that in conversation with
- an owner of Mercado Plaza?
- A No. That was out on the street.
- 25 Q Okay. That was just --

- 1 Q -- here to speak on this topic?
- 2 A I'm sorry?
- 3 Q Did you come tonight specifically to speak
- 4 on this topic?

8

10

- 5 A I -- I -- I didn't come to speak. I mean I
- 6 was called to speak.
- 7 Q Explain that to me.
 - A Well, we don't always get to speak in the
- 9 city hall unless we are called on to speak.
 - Q Okay. And who called on you to speak?
- 11 A I'm sorry?
- Q Who called on you --
- 13 A Well, I just --
- **14** Q -- to speak?
- A -- identified myself now because the issue
 - 6 came up that -- that the flier was somehow -- the
- 17 owners did not know about the flier.
- That statement, to me, appeared to be very untrue because they had a stack of those fliers on the
- 20 very desk inside the flea market right where all of
- these people were sitting, so it was sitting right there on the table.
- And for somebody to say that they are not
- aware of it when it's sitting right there in front of
- 25 their table and they hand it to me, that is -- well,

Page 106

Page 105

- 1 A That was hearsay.
- 2 Q -- hearsay.
- A If that's what you want to call it.
- 4 Q When you went to the property, was there
- 5 work going on at the site?
- 6 A Yes, there was.
- 7 Q Okay. And so there were workmen walking
- 8 around and other people?
- 9 A Correct.
- 10 O You said that --
- A I believe the inside was already being
- 12 demolished and there was a -- a demolition permit on
- 13 the -- on the front door, on the front entrance.
- Q You said you think you've seen the flier at
- 15 issue. Did you take a copy of it when you went to the
- **16** site?
- 17 A I'm sorry?
- Q Did you pick up a copy when you went to the
- **19** property, of the flier?
- A They -- they handed me a copy of that flier.
- Q Okay. And do you still have a copy?
- A Yes, I believe so.
- Q Not in your possession.
- 24 Did you come --
- 25 A No.

- whatever you want to call it. I don't want to call it
- 2 in public what it is.
- 3 Q Well, so you came -- you came here to speak
- 4 on the flier issue; is that -- do I hear you
- 5 correctly?
- 6 A That is -- well, no, I didn't.
- I came here to speak if I'm called on about
- 8 the flea market because a flea market is something
- 9 that does not fit into our city. The flea market is -
- inat does not in into our city. The field
- 10 that's it. It doesn't fit.
- 11 Q Okay.
- 12 A But anyway --
- Q But my point is --
- A But that's my point. I mean the City is the
- 5 one who makes those decisions.
- Q You knew the flier was an issue when you came here today.
- 18 A No. I did not.
- Q Well, you -- you said that earlier. Did I
- 20 mishear you? You had --
- 21 A No.
- O -- no idea that the --
- A I did not say the -- I did not say the flier
- 24 was an issue. I said that there was a statement made
- 5 over here. I believe you are the one who made that --

Page 112

1 who made the statement that the owners did not know

- 2 anything about the flier and that somehow some flier
- 3 was -- I don't recall your -- your exact words, but it
- 4 was something to the effect, the way I understood it,
- 5 that it was somebody made it or what, I don't know,
- 5 that it was somebody made it of what, I don't kno
- 6 but that the owners were not aware of it.
- 7 Q Okay.
- 8 A Okay. And my point is: Yes, the owners
- 9 were aware of it or should have been aware because
- 10 they are the ones who had given it out. I mean it was
- 11 right there where the ladies were.
- Q Well, you saw a flier. You could testify to that.
- A No. I saw a stack of flowers -- of fliers.
- 15 Q Where?
- A She gave me a flier, but --
- 17 Q And you still have a copy of that flier
- 18 somewhere; correct?
- 19 A I probably do.
- 20 Q All right, but you didn't bring it tonight.
- A No, I did not.
- Q All right. And you mentioned that you think
- 23 that the flier that was handed to you by Mr. McLendon
- 24 was the flier that you saw; right?
- A By -- by whichever lady was speaking to me.

- 1 Q You're -- you're a competitor of sorts of
- 2 Mercado Plaza; correct?
- 3 A No, I'm not.
- 4 Q You own commercial property in the city of
- 5 Doraville, do you not?
- 6 A I own one small property.
- 7 Q Okay, that you lease to tenants.
- 8 A Couple small properties. That's about it.
- 9 Q I'm sorry. How many do you own?
 - A Couple small properties.
- 11 Q So it's not just one. You own more than
- 12 one; correct?

10

- 13 A Two.
- 14 Q All right. And you lease those --
- 15 A Two.
- Q -- to commercial tenants; correct?
- 17 A Yeah. But it -- it isn't -- it isn't a
- 18 competition to me.
- Q Have you ever used fliers to advertise your
- 20 business?
- A No, I didn't.
- Q Okay. You own commercial properties;
- 23 correct? We just discussed that.
- A Well, we didn't discuss other place.
 - Q But you've been in the city a long time;

Page 110

Page 109

- Q All right. Now --
- 2 A But -- you know.
- Q -- you said you saw a map on the back of the
- 4 flier that you saw; correct?
- 5 Show me where the map is on the back of that
- 6 flier.

1

- 7 A I didn't say I saw a map on the back.
- 8 Q Yes, you did, sir.
- 9 A No, I didn't.
- 10 Q Okay. Well, if you said that, then you were
- 11 wrong; correct?
- A I -- I don't remember seeing a map of a
- 13 flier on the back. No, I did not.
- 14 Q I'm sorry.
- 15 A I don't recall.
- Q A map on the back of the flier is what you
- 17 testified to earlier.
- 18 A I do not recall saying it.
- Q Okay. Well, do you see a map on the back of
- 20 that flier I just handed you?
- A Like I say, I do not recall saying anything
- 22 about a map.
- Q Okay. Well, my question is, Do you see a
- 24 map on the back of that flier in your hand right now?
- A No, I don't.

1 right?

25

- A Yes, I'm here awhile. Yes.
- Q You know a lot of the folks that lease
- 4 property in the city; correct?
- 5 A Okay.
- 6 Q There's nothing unusual about using a flier
- 7 to lease property; right?
- 8 A There's nothing unusual about it except when
- 9 it -- or when the flier says that it's -- it actually
- advertises to -- saying that it's a flea market and it
- is being advertised to -- saying that the people in --
- in the flea market that is down the street have first
- right to rent the space, then it seems to me that
- 14 that's a flea market. I mean if you --
 - Q Sir, that flier --
- A -- if you're going to solicit the tenants
- 17 from that flea market, then obviously you're running a
- 18 flea market. If you would be soliciting retail store
- 19 tenants from another shopping center, which is
- 20 commonly done, then you would be running a shopping
- 21 center plaza. But what they're soliciting are flea
- 22 market tenants.
- Q I want to be clear on this. That flier does
- 24 not describe Mercado Plaza as a flea market; correct?
- 5 And take your time in reading it.

Page 110

1	A It says here what it says is booths will
2	be rented first-come/first-served. Buford Highway
3	Flea Market tenants will have the exclusive during two
4	weeks until August 25 to choose a booth. From there
5	on you will be able to choose on what is available at
6	the moment. Reservations will be made upon receiving

Okay. To me, they are apparently handing 8 this out or going to the booths in the Buford Highway Flea Market and giving the tenants at the Buford

Highway Flea Market the first choice to go from there 11 12 to over here.

Q Well, my question is a simple one: That 13 flier does not specifically describe Mercado Plaza as 14 a flea market; correct? 15

A Okay. 16

security deposit.

Q I'm asking the question, sir. Does it say 17

Mercado --18

1

2

9

A Well --19

O -- Plaza is a flea market? I know what your 20 opinion is and I know why you're here. 21

A Well, you got a picture over here. 22

23 O Sir, my question's a simple one.

COUNCILMEMBER ALEXANDER: Excuse me, pl 24

THE WITNESS: You --25

opinion and he has his own recollection, and I think

there's some -- some issues with that. But it's not

the be-all end-all; it's not dispositive.

4 As I got -- as I stated earlier, we don't

have to guess what a flea market is. It doesn't

matter what Yelp says or Wikipedia or Joe Frank or

anybody else says, because you have defined that term.

Doraville has a law that says what a flea market is,

and if it's not that, then it's not a flea market.

And we've certainly provided enough evidence on tha 10

issue to demonstrate we don't fall within the 11

parameters of -- of that definition. So I think, you

know, this flier issue is a little bit of a side

circus and I -- I regret getting too far into it

because I think it puts undue emphasis on an issue 15

that's not dispositive. 16

If you don't believe the issue of the flier, 17 which doesn't use the words "flea market," then let's 18 focus on the definition, because you're not going to be able to support the determinations based on that 20 definition. 21

MAYOR PITTMAN: Mr. McLendon, do you have 22 23 anything?

ATTORNEY McLENDON: No, I have nothing further.

Page 114

24

13

Page 113

COUNCILMEMBER ALEXANDER: Could we --

THE WITNESS: You --

COUNCILMEMBER ALEXANDER: -- simplify the 3

scope for him to say where he got the flier. 4

We do not want his interpretation of what 5 the flier said. I thought the purpose of this man testifying, so to speak, was to distinctly say where he got the flier. 8

ATTORNEY McLENDON: I think that is a fair point, and if we would like to maybe narrow the conversation, we can basically limit the evidence to that issue alone is to how we'll consider it. 12

Q Let me -- I have no more questions for you. 13 MR. WEBB: But I would like to raise one 14 issue before I sit down, and I want to make sure one point is -- is clear and understood. 16

MAYOR PITTMAN: (To the witness) You can 17 sit down. Thank you. 18

19 MR. FRANK: Oh, okay.

20 MR. WEBB: You know, I almost didn't want to even ask Mr. Frank questions because it put undue 21

emphasis on the flier, and I don't think we tried to 22 23 do that in our appellate statement.

The fact is we didn't write it, we didn't 24 have anything to do with it. Mr. Frank has his own

MAYOR PITTMAN: Anything, sir? 1

MR. COOLEY: I just did want to give a copy 2 3 of the Clerk's and . . .

MAYOR PITTMAN: So Mr. McLendon, at this 4 5 point --

6 ATTORNEY McLENDON: At this point, I thinl 7 the evidence close is closed, and take it up to the 8 Mayor and Council.

9 MAYOR PITTMAN: Okay. Councilmembers, dic you have anything else you wanted to add? 10

COUNCILMEMBER FLEMING: I wanted to asl 11 Mr. Cooley a question. 12

MR. COOLEY: Yes, ma'am.

COUNCILMEMBER FLEMING: Correct me if I'n 14 wrong, but on November the 4th, was that --15

MR. COOLEY: Excuse me just one second. 16 17

I'm sorry. Go ahead. COUNCILMEMBER FLEMING: Was that the agend 18

19 that -- that this particular item was on the second 20 time?

MR. COOLEY: It was on --21

COUNCILMEMBER FLEMING: Could you please

23 MR. COOLEY: It was on twice. I don't

recall the dates. It was the meeting that was held over at the Civic Center.

```

                                                                                                 Page 119
 1
         COUNCILMEMBER DEAN: The day before the
                                                         another break, please?.
   elections; that was the 4th.
                                                              MAYOR PITTMAN: Yes, we're going to take a
 2
                                                      2
         MR. COOLEY: Correct.
                                                      3
                                                         break.
 3
 4
         COUNCILMEMBER FLEMING: But we had a second
                                                      4
                                                               We also really need to know -- it's almost 9
                                                         o'clock, we have at least one more item and then we
   meeting in here the following week, I believe,
 5
    giving --
                                                         have an Executive Session. I need a motion to extend
 6
 7
         MR. COOLEY: The meeting --
                                                         it past 9:00, please, if you wish to do so.
         COUNCILMEMBER FLEMING: Yes, we had --
                                                               COUNCILMEMBER ALEXANDER: So moved.
 8
                                                      8
         MR. COOLEY: The meeting was --
                                                               MAYOR PITTMAN: Second?
 9
                                                      9
         COUNCILMEMBER FLEMING: -- a second meeting
                                                              COUNCILMEMBER PATRICK: Second.
10
                                                     10
   to allow -- if I'm not mistaken. Correct me I'm
                                                     11
                                                               MAYOR PITTMAN: Discussion?
11
    wrong. We had a second meeting after the initial
12
                                                     12
    meeting on November the 4th. That was when the
13
                                                     13
                                                                     (No response)
    gentleman was ill, and we gave him enough time to come
                                                     14
15
   to us again.
                                                     15
                                                               MAYOR PITTMAN: Call the roll, please.
         COUNCILMEMBER ALEXANDER: That was a
16
                                                               CLERK BRYANT: Councilmember Alexander?
                                                     16
    different issue.
                                                               COUNCILMEMBER ALEXANDER: Yes.

not going to just stop at I-85; they're actually trying to come over and take Oakcliff. 2

As you know, based on our 2006 annexation 3 map, that was one of our goals was to get all of Oakcliff into the city of Doraville because we have split jurisdiction not just in the Oakcliff Estate subdivision but in various other subdivisions including in Northwoods where you have half the street's unincorporated Dekalb, half is the city of Doraville, and basically they wanted to come through 10

and put everything on our borders in our jurisdiction. 11 12 You'll notice that the City of Tucker map, this is Proposal II. The City of Tucker map Proposal 13 I did not cross I-85. I'm not quite sure why they 14 15 decided to come over into our area, but the state legislature, specifically Representative Holcomb, has 16

been told that no thank you, we do not want that. 17 Another issue that we have, as you know, the 18 City of Chamblee had a huge annexation that was passed 19 by referendum. So what that has done, that has 20 brought the Chamblee borders to the right-of-way of 21 Chamblee-Tucker. So now, geographically, all of this area right in here (indicating) is an island because there is no street access from 85 to get back into --24 25 The Northwoods subdivision's over there

to do: We want to even up our borders. We definitely

have to. The legislature's going to sort out this

over here, but I made it clear to Representative

Holcomb, and I think the rest of Council agrees, we do not want Tucker coming into Oakcliff.

I'm sorry, Tucker. No offense to you. But we want to work with you, not start off the bat. Part of the problems we have in Oakcliff is split jurisdiction, and we don't want split jurisdiction again with a new city. I think that would create even more problems than we experience now with Dekalb 12 County.

So what this resolution does is it informs the state legislature -- and we wanted to get this prefiled before the session starts in January -- that we are interested in pursuing annexation of these areas.

The only border at this time that is not defined is I-85. At a minimum, we will stop on our side of 85, "our side" being the southbound access road.

The caveat is whichever one of these cities, if they're approved, if they want to stop on their side of 85, then we cannot leave 85 as an unincorporated island. So we've talked it over and we've

Page 122

across from Sequoyah Middle School, Santa Fe Trail, all that area. For Dekalb County to get into those

areas, they have to exit I-85, literally go through

the city of Chamblee, to come down to turn by the old

Quick Trip to get to that area; or if they come from 5

6 the other end, they have to go into our city. 7

I did argue unsuccessfully with the state legislature that by drawing that boundary line on

Chamblee on what I call our side of Chamblee-Tucker,

that they technically did create an island by 10

annexation. But they said, Oh, no. Dekalb still 11 borders it by 85. 12

I'm like, Well, what are they going to do? Get a helicopter? because you can't drive there. But anyway, I lost that battle. Just so you know, we do fight behind the scenes. You guys don't know everything that we do.

So technically, in my opinion, this is an island that Dekalb has no access to this neighborhood.

As we've always said, we have always wanted to try to get Oakcliff into our jurisdiction. So basically what this does -- and we have spoken to 22

Representative Taylor, Senator Miller, Representative Holcomb. We've also spoken to Representative Pedro

Marin from the Lilburn area. And this is what we want

agreed that we will work with whomever the new city

is. If they want to take half of 85, if they want to

take all of it; if they want us to take all of 85,

we'll take it. And Dr. Gillen has spoken to Chief King about that. 5

Another aspect of that is we have experience handling 285, and these other cities don't have any experience handling interstates.

So the resolution is to tell the state legislature that we want to proceed with the annexation of the areas east to 85 and south to Chamblee-Tucker and north to the Gwinnett County line So basically it's the same area in yellow on the 2006 map that is in the lower righthand corner.

MAYOR PITTMAN: Okay. Anyone have any questions or comments?

COUNCILMEMBER BATES: Ms. Alexander, thank you for doing the research on this.

I think we all agree that leaving these islands to Dekalb to clean up, address, deal with is not going to happen, and especially now on the south side where that section of Northwoods is really now an island with Chamblee. And with any of the three proposed maps, it will continue to create an island. Dekalb is -- from a police standpoint, is pulling

Page 125

their officers out. The North Precinct is now

Stone Mountain?

Dunwoody. The next closest precinct is --

4 MAYOR PITTMAN: Central.

COUNCILMEMBER BATES: -- Central. So from a

911 access/safety/code enforcement, Dekalb County is

just not going to be able, so those areas will 7

continue to deteriorate. And I think anybody who 8

drives through any of those areas knows that they have declined substantially in the last five, ten years; 10

they will continue to.

So this is an opportunity. While we still have a lot of work to do to get our ducks in a row, I think this will help to stem some of the decline that's surrounding us and we're all impacted by. We can't impact Gwinnett but we can certainly impact what's to our east and our south, so thank you.

MAYOR PITTMAN: And I reiterate: Thank you, Ms. Alexander, for putting that together.

Although it may be Dekalb County, it does affect our quality of life because it borders ours and it causes us to look bad, and we get the blame for a lot of it anyway. So I think the best thing we can do is to bring it in so we can control it and clean it up and improve the quality of life of our city.

Page 127

COUNCILMEMBER ALEXANDER: 1 think that's one of the things for the -- on the agenda sheet is for staff to start gathering that information. DR. GILLEN: We're currently working on a

more detailed version of what Pam had mentioned. I know Lisa mentioned that the -- I think the occupational-tax license fees from the liquor store alone were several hundred thousand dollars a year.

So we know we have the funding in place to do the additional police officers we're going to need 10 11 and additional code enforcement that we want to have. 12 I think we want to ramp up code enforcement quickly, more quickly than the police so we can get to the root 13 of the problem but also, you know, we've been 15 budgeting the police department for more officers than we've been using, so we can -- we can get there quickly but we wouldn't want to do it all at once. 17

So the revenue will be there to cover those expenses, and we're going to get more detailed numbers on those. She's working on tax parcel-by-parcel information right now. She's been doing that for several weeks in anticipation of that very question. Thank you.

COUNCILMEMBER DEAN: Okay. All right. No, and other than that, thank you for the work that you

Page 126

18

20

21

22

23

24

put into this.

COUNCILMEMBER BATES: And I just want to remind everybody that while Ms. Alexander said that the only way for Dekalb County to get into Santa Fe and those areas back on the Northwoods side is to go 5 through Chamblee and Doraville, the only way for us to get to Honeysuckle Park via a car is to go through unincorporated Dekalb County, so we have a reverse 9 access issue that this will work to fix.

And that frustrates me beyond belief that if 10 you want to get from City Hall to Ms. Alexander's house, you can't drive up Buford Highway and stay in the city. You've got to go back roads all the way up 13 to English Oak and then down English Oak to Pin Oak 14 Circle, and it's just a real big issue. It's always 15 been an issue, and this is a way to start addressing some of those issues, especially on Buford Highway and 17 the east side of Buford Highway that everybody perceives to be Doraville but that isn't, so --

MAYOR PITTMAN: And I do want to say -touch on what she said. A lot of you don't know that Council and myself, we all do work behind the scenes and fight battles sometimes some of you don't ever hear about. Mr. Bates and I have fought the battle of this Buford Highway clean-up area right here

COUNCILMEMBER PATRICK: When I campaigned last year or in 2012, early 2012, annexation, squaring up our boundaries was one of the things that I thought

would be absolutely important for our city to do. And I just want to say thank you, Maria, for 5 6 doing that. That is definitely what we need. Thank 7

MAYOR PITTMAN: Ms. Fleming? 8 9

COUNCILMEMBER FLEMING: Another source of economic development is annexation, and we have been

using the funding sources that are available to us, but annexation is one.

And the potential of the appraised value in what we are proposing is going to be -- and this is just the appraised value. It doesn't include the deduction for any type of exemptions -- but about 300 million dollars. So I would think that that would be quite an incentive for us to move forward with the annexation as well as the public-safety issue. So I'm looking forward to working with Maria on trying to move this forward.

MAYOR PITTMAN: Ms. Dean?

COUNCILMEMBER DEAN: Do we know how this would affect our budget in terms of revenues and

expenses?

20

11

12

13

Page 13

to no avail with Dekalb County, so it would be refreshing to be able to bring it in and clean it up, 2

hopefully, so --3

4 COUNCILMEMBER ALEXANDER: I do want to mention that when I spoke to Representative Holcomb last week, Dr. Gillen, if the resolution passes, if you can reach out to him, because he mentioned he wanted to schedule a meeting with our city and the three proposed cities and -- and try to get some of the borders ironed out. 10

I believe the City of Lakeside has already completed their feasibility study, I believe that Tucker and Briarcliff is underway, and I'm assuming that Tucker is doing theirs under this revised map which includes part of the area that we want to annex.

15 DR. GILLEN: Yes. I've been working with 16 the DMA. They're meeting. They had an annexation 17 meeting last Monday about this very topic, and we met 18 with Dekalb County. 19

We have already kind of predetermined the 20 annexation area, so I didn't get into details about 21 what we were going to be doing as far as the time 22 schedule and everything. Lee May from Dekalb County was there to listen to all the cities that want to do annexation. There was about 12 cities there, and they

1 COUNCILMEMBER FLEMING: Yes.

CLERK BRYANT: Councilmember Patrick? 2

COUNCILMEMBER PATRICK: Yes. 3

4 MAYOR PITTMAN: Okay. Thank you. 5

All right. The next item I believe is going to be the 2013 LWCF Grant Resolution, Mr. Howe.

COUNCILMEMBER DEAN: Could we postpone this' I'm waiting for some information that I requested earlier today. Would you mind?

MAYOR PITTMAN: Is there a deadline we're trying to meet here?

MR. HOWE: Yes. Yes, ma'am. Yes, ma'am. And it's --

MAYOR PITTMAN: What is the deadline? MR. HOWE: The deadline was last week. We submitted the preapplication last week, and DNR said you know, we'll consider it if you adopt it Monday night.

MAYOR PITTMAN: Okay. Go ahead. MR. HOWE: I'll answer any questions about the language in the application -- or I mean the resolution, rather.

But the preapplication is something that I prepared. It was very simple. They require a preapplication and a resolution, and all they're

also talked about the new cities. 1

So there is a lot of this going on, and one 2 of the reasons I'm glad you brought you up now is if there was ever a time for the legislature to do this, now is the time. 5

COUNCILMEMBER BATES: Well, I make a motion 6 to adopt the resolution. 7

MAYOR PITTMAN: Second?

9 COUNCILMEMBER FLEMING: Second.

MAYOR PITTMAN: Discussion? 10

11 UNIDENTIFIED SPEAKER: Will you have any public discussion? 12

MAYOR PITTMAN: No, sir.

COUNCILMEMBER ALEXANDER: And just as a side 14 note, I also discussed this with Councilmember

Pachuta, and she was in support of it also. Sorry 16 17

she's ill tonight.

MAYOR PITTMAN: Call the roll, please. 18

19 CLERK BRYANT: Councilmember Alexander? COUNCILMEMBER ALEXANDER: Yes.

20

CLERK BRYANT: Councilmember Bates? 21 COUNCILMEMBER BATES: Yes. 22

23 CLERK BRYANT: Councilmember Dean?

COUNCILMEMBER DEAN: Yes. 24

CLERK BRYANT: Councilmember Fleming? 25

looking for is an affirmation that we will come up with the \$25,000 match.

They'll score the -- the preapplication in a 3 quantitative manner. If it scores high enough, they'll come back and ask for the City to submit a 5

6 formal application probably in February.

But any scope questions, any park or planning questions, I'll defer to Mr. Robertson.

MAYOR PITTMAN: Okay. Ms. Alexander? COUNCILMEMBER ALEXANDER: The only question

I had, I was printing out some large drawings for Councilmember Fleming today, and I just wanted to confirm: Have we completed Phase I completely based on the drawings?

MR. ROBERTSON: Based on my knowledge of the entire project, Phase I entailed the back part of that -- of Halpern Park that involved the walking trail and the additional picnic tables, the new swing, and a climbing apparatus. And yes, that portion has been completed.

The only thing that was not included in the Phase I was the renovation of the existing pavilion, and we did eliminate two picnic pads.

COUNCILMEMBER ALEXANDER: Okay. Thank yo MAYOR PITTMAN: Mr. Bates? 25

6

COUNCILMEMBER BATES: What would Phase II

MR. ROBERTSON: Well, this -- the money

we're asking for will include the addition of a

tot/preteen playground area which would have the

slides and the swings and -- for smaller kids. What

classified as a teen play area. So we're trying to

MAYOR PITTMAN: Mr. Patrick?

MAYOR PITTMAN: Ms. Fleming?

all due respect -- and I know you came in at the very

end of all of the work that had been done from 2007

and '8. I had a meeting with Dr. Gillen today, and he

assures me that you and I and he and Mr. Patrick will

sit down to discuss Phase I and what your plans are

for Phase II, because we, Mr. Patrick and I do indeed

feel that a scaled-down soccer field needs to remain,

we've got now is the climbing apparatus that is really

COUNCILMEMBER BATES: Thank you.

COUNCILMEMBER PATRICK: I'll wait for

COUNCILMEMBER FLEMING: Am I next?

COUNCILMEMBER FLEMING: Mr. Robertson, with

include or what would this -- this --

add the tot and preteen play area.

Ms. Fleming to make her comments.

MAYOR PITTMAN: Yes.

1 Park. It's a great little park. The residents that

are in this area, when I talk with them, they say, you

know, let's -- let's keep the improvements going.

So let's have that meeting and work out a plan for this.

MAYOR PITTMAN: Okay. Ms. Dean?

7 COUNCILMEMBER DEAN: I asked for infor-

8 mation, the amount of money that we've spent on this

9 so far. And a reference was made at the last

o meeting -- I was not in attendance but I watched the

11 DVD -- about a park master plan. And this is the

12 whole deal with the CIP plan, capital improvement plan

list, because I think this was done -- this was

14 implemented before I was actually on Council. And so

15 I would like to see, you know, a bigger picture so

16 that it can make sense to me, because I see, you know,

why would we put this much money, more than we had

18 intended to put in; because I know that it came before

19 Council, and I think 10 or 12 dollars more than we

20 discussed, and so it just seems to be more and more

21 and more.

22

6

7

10

12

13

14

17

20

21

22

So I just have -- I would like to see the bigger picture of what the park master plan is before I'm willing to say, Yeah, here's some more money, you can do this, because I see there are a lot of areas in

because our district, District I, is using it as an

Page 134

d-down with

active park, and so it needs to be a scaled-down with the fencing, with the chain link fencing up.

So I'm in favor of going forward with the preliminary application for Phase II, but I would want to see a complete detail. When we go to do the final application, I would want to see the detail before we even submit it, because as I explained to Dr. Gillen today, Ms. Alexander and Mr. Spangler were extremely hands-on in promoting English Oak Park, and that park is just a showcase, I think. And you know, to me, it was a community effort, it was a Council effort.

And I'm hoping that Mr. Patrick and I will be able to work with you and Dr. Gillen to -- to see all four phases complete at some point.

So I'm okay with moving forward with Phase II, but I'm looking forward to our meeting in the next couple weeks.

MR. ROBERTSON: Oh, absolutely. Yes, ma'am.
 MAYOR PITTMAN: Okay. Mr. Patrick, do you
 want to add to that?

21 COUNCILMEMBER PATRICK: Yes. Sounds good; 22 let's do it.

It would be nice to have this park finished off. There are residents that I see that bring their children about the same age as my kids from Avery

the city, a lot of equipment, a lot of even the

curbside little parks in Northwoods that need a lot

attention. And people don't even go to these places

4 because, number one, it's on the side of the street

5 and it's not good. I mean it's just not good stuff.

So those are my comments.

COUNCILMEMBER BATES: And I just want to jump in. I'm going to support the resolution because I don't want to have a half-finished park.

However, that being said, Oakcliff has a brand new beautiful park. You guys have a stream bank restoration and a Phase I completed park along with a new pavilion at Chicopee.

Northwoods has received a stream bank restoration project. That is it. We have playground equipment that is unsafe, that is broken. We don't have walking trails. We have neglected Northwoods to better Oakcliff and Winters Chapel, and I'm supporting this because I want us to finish projects that we start. But I want to make sure that Northwoods is on the schedule because we've got two parks that are in absolute utter disrepair.

I don't know the last time any of you have been to the pavilion at Brook Park, but you've got bricks that are falling apart, the pit is not working.

Page 130

5

8

9

10

11

12

13

15

Page 138

I'm supporting this, but I want it to be 3 very clear on the record that we've got to start spreading -- spreading the goods around.

MAYOR PITTMAN: Do you have something else 6 you wanted to say? 7

MR. ROBERTSON: No. The only thing I'd add 8 to that is that in the CIP there is a city-wide park master plan, and that helps prioritize a lot of the work. 11

12 And yes, we do have a lot of work to do; absolutely. 13

MAYOR PITTMAN: Okay. Thank you. 14

15 Does anyone wish to entertain a motion? COUNCILMEMBER FLEMING: I'd like to make a 16 motion to move forward with the resolution for the LCW 17 grant of \$25,000 with a matching of \$25,000 from the 18 City. 19

MAYOR PITTMAN: Second? 20

COUNCILMEMBER PATRICK: Second.

MAYOR PITTMAN: Discussion? 22

23

25

City Hall, and I'll deliver them to the marine.

I believe Councilman Bates helped bag the 2 toys, and I think we filled up a pickup truck Saturday 3 4 night, so that was good and pleasant.

And a special shout out to Church of the New Covenant on Chestnut Drive who had a toy collection site at their church and they also filled up a box for it, so a shout out to them for helping, and Deborah also.

MAYOR PITTMAN: It was very nice. I think we had much more this year than we did last year, so it was encouraging.

They're still below their -- their quota, though. They're still lacking toys, so --

COUNCILMEMBER ALEXANDER: And I also want

16 thank Councilman Bates for being my seat mate -- we started serving I call it our sentence on November 17 19th of 2007 -- and a warning to have whoever sits next to me, as several people will attest, sometimes

he and I got berated for giggling, but my stomach 20

constantly growls, and it isn't easy. And one of the 21 funniest times was when Mayor Jenkins was sitting in

it was so loud that he leaned over in the meeting and

looked at me. I could have died. But just so you

know, whoever sits there you're going to have to put

Page 140

MAYOR PITTMAN: Call the roll, please.

CLERK BRYANT: Councilmember Alexander? 2

COUNCILMEMBER ALEXANDER: Yes. 3

CLERK BRYANT: Councilmember Bates? 4

COUNCILMEMBER BATES: Yes. 5

6 CLERK BRYANT: Councilmember Dean?

COUNCILMEMBER DEAN: No. 7

CLERK BRYANT: Councilmember Fleming? 8

9 COUNCILMEMBER FLEMING: Yes.

CLERK BRYANT: And Councilmember Patrick? 10 COUNCILMEMBER PATRICK: Yes. 11

MAYOR PITTMAN: Okay. Motion carries. 12

Thank you very much. 13

So we are going into Council comments. 14

Ms. Alexander, did you have any Council 15 comments? 16

COUNCILMEMBER ALEXANDER: And we also have 17

an Executive Session. 18

19 I just wanted to thank everyone that contributed to Toys for Tots. And as a reminder, we 20

still have our collection boxes in the lobby, and I 21 have until I believe the 19th to continue collecting 22

23 toys. So please stop at Dollar Tree or when you're

out Christmas shopping for your own family, please

bring new unwrapped toys and place them in the box at

up with it. 1

21

25

COUNCILMEMBER BATES: Mr. Bates?

COUNCILMEMBER BATES: I want to thank the 3 volunteers who came out to help work the road race.

Nancy Kelly and Jeff and Terry and Elliott from your 5

neck of the woods and another young lady whom I don't know but who served as traffic control persons with

officers out there at the road race.

9 Thanks to all the volunteers who made this Saturday great and to Rip and your crews -- you guys 10 did a great job in coordinating that -- and

Ms. Fleming for doing the beverages and being stuck behind the masses, kids getting their picture taken.

And it's been an honor and pleasure to serve the city, so thank you very much. I look forward to this Council and the next council doing great things.

Welcome aboard, glad to have you, and we'll see you around.

MAYOR PITTMAN: Thank you, Mr. Bates. And do want to say we thank you for your service and we appreciate all the hard work you've done over the 22 years as well.

COUNCILMEMBER BATES: My pleasure.

23 MAYOR PITTMAN: Mr. Patrick? 24

COUNCILMEMBER PATRICK: I just want to say

                                                                  (No response)
   driving through a slalom course.
16
                                                   16
         COUNCILMEMBER FLEMING: I know, I know.
                                                            MAYOR PITTMAN: Call the roll, please.
17
                                                   17
         MAYOR PITTMAN: And he is a good
                                                   18
                                                            CLERK BRYANT: Councilmember Alexander?
18
                                                            COUNCILMEMBER ALEXANDER: Yes.
   entertainer. You don't know that.
                                                   19
19
20
         COUNCILMEMBER BATES: That's right.
                                                            CLERK BRYANT: Councilmember Bates?
                                                   20
         MAYOR PITTMAN: He keeps us giggling behind
                                                            COUNCILMEMBER BATES: Yes.
21
                                                   21
                                                            CLERK BRYANT: Councilmember Dean?
   the scene.
22
                                                   22
         COUNCILMEMBER PATRICK: Yeah.
                                                            COUNCILMEMBER DEAN: Oh, ves.
23
                                                   23
         MAYOR PITTMAN: Ms. Dean?
                                                            COUNCILMEMBER FLEMING: Yes.
24
                                                   24
25
         COUNCILMEMBER DEAN: Yeah. Thank you to
                                                   25
                                                            COUNCILMEMBER PATRICK: Yes.
                                          Page 142
                                                                                             Page 144
   Councilmember Bates and Councilmember Pachuta.
                                                            MAYOR PITTMAN: We need a motion to adjourn.
                                                    1
 1
         I have your phone number and I will use it,
                                                            COUNCILMEMBER BATES: I would like to make a
 2
                                                    2
   I am sure, a number of times, to talk to you about
                                                      motion to adjourn the meeting tonight.
 3
                                                    3
   things going on in the city. Thank you.
                                                            MAYOR PITTMAN: Second?
 4
                                                    4
         MAYOR PITTMAN: Thank you, Brian.
                                                            COUNCILMEMBER ALEXANDER: Second.
 5
                                                    5
                                                            MAYOR PITTMAN: Discussion?
 6
                                                    6
 7
               (Applause)
                                                    7
 8
                                                    8
                                                                  (No response)
 9
         MAYOR PITTMAN: All right. I think at this
                                                    9
   time that we need a motion to go into Executive
                                                            MAYOR PITTMAN: Call the roll, please.
10
                                                   10
                                                            CLERK BRYANT: Councilmember Alexander?
   Session.
11
                                                   11
12
         COUNCILMEMBER ALEXANDER: So moved.
                                                            COUNCILMEMBER ALEXANDER: Yes.
                                                   12
         MAYOR PITTMAN: Second?
13
                                                   13
                                                            CLERK BRYANT: Councilmember Bates?
                                                            COUNCILMEMBER BATES: Yes.
         COUNCILMEMBER DEAN: Second.
14
                                                   14
         MAYOR PITTMAN: Discussion?
                                                            CLERK BRYANT: Councilmember Dean?
15
                                                   15

AGENDA ITEM (ID # 1021)

Stormwater Policy

SW Policy w/ easement agreements attached

• Stormwater Policy (DOCX)

Updated: 12/13/2013 10:12 AM by Steven Strickland

City of Doraville

Stormwater Policy

Adopted by the Mayor and City Council

Goal

The goal of the stormwater policy is to improve the City's stormwater infrastructure to meet strong community standards. A long-term planning project is required in order to meet this goal. However, limited resources and staff require that such a policy must be established and implemented in phases through a systematic approach.

The first step in this process is to provide a policy to handle requests on a short-term basis. This policy is designed to serve that purpose until another system with additional funding is adopted. This policy will establish the division of responsibility for maintenance and establish categories of projects to prioritize City implementation.

City Responsibilities

There are two types of infrastructure:

- Infrastructure that is City responsibility, and
- Infrastructure that is not City responsibility.

Determination of City responsibility will be determined on a case-by-case basis and will include, but is not limited to, the following factors:

- Project located in or adjacent to City right-of-way,
- Project located in an easement dedicated to the City or previous governmental entity,
- Project located in drainage easement not specifically dedicated to the City or previous governmental entity,
- Drainage systems as approved on recorded plats, and
- Changes made to drainage systems.

The City Attorney will provide an opinion to determine the City's responsibility on a case-by-case basis. Provided, however, the City shall not be liable or responsible for anything that was not dedicated to and/or accepted by the City as City responsibility, specifically in circumstances of commercial development which included stormwater infrastructure built by the developer.

Emergency Maintenance

The City may conduct emergency maintenance operations within drainage easements in order to protect the common good. Emergency maintenance includes maintenance necessary to remedy a condition which is potentially damaging to life, property, or public roads. Such emergency maintenance, conducted for the common good, shall not be construed as constituting accepting a continuing maintenance obligation by the City, nor prevent the City from seeking reimbursement for expenses from the property owner(s) of the land that generated the condition.

Categorizing Project Requests

There are currently more projects than the City can address at one time. The order of response to these projects will be determined by the category of the request. Requests for projects will be categorized as:

Category I: Posing an immediate danger or threat to public safety,

Category II: Rapidly degrading to a dangerous condition, or

Category III: Maintenance or cosmetic repair.

Projects in Category I will receive priority.

City Stormwater staff will review project requests and will perform the initial project categorization. Stormwater staff will periodically monitor the conditions at the project location, prior to repair/maintenance, and will modify the categorization when needed.

Funding Issues (Set Funding Allocated in Budget)

The Mayor and City Council may allocate funding for stormwater projects during each budget cycle. Projects will be recommended for implementation based on the determination of City responsibility, by Category, and by approved funding level.

Standard Document(s) attached hereto:

WHEREAS, Grantor desires to convey said permanent drainage easement and any and all stormwater infrastructure improvements located within said permanent drainage easement in the said described property as is further shown on the attached Exhibit "A", and incorporated herein by reference.

NOW, THEREFORE, for and in consideration of One dollar (\$1.00) and other valuable consideration in hand paid by each party to the other, it is HEREBY AGREED as follows:

- 1. The City of Doraville hereby agrees to maintain the City Stormwater Infrastructure as set forth in Exhibit "A" in a structurally sound condition so that it satisfies its stormwater management function to protect the public health, safety, and welfare.
- 2. The Grantor hereby agrees to provide prompt notice to the City of any maintenance issues regarding the functioning of the pond and/or stormwater infrastructure.
- 3. The Grantor hereby grants to the City of Doraville a Permanent Easement to enter upon the premises for purposes of inspection, maintenance, and improvements to the City Stormwater Infrastructure. Provided, however, that the City of Doraville shall provide 24 hour notice of the City's intention to enter upon the property. Except, however, no notice shall be required in the event of an emergency threatening loss of life or property, Doraville is hereby granted immediate access to the Easement Area to perform any required maintenance or improvements.
- 4. Owner is prohibited from: a) the importation of fill or debris into the Easement Area, b) any modification to any structure or any action which increases the volume of water entering into the City Stormwater Infrastructure without the City of Doraville's approval, c) constructing or maintaining any structure which would obstruct the City of Doraville's ability to maintain the City Stormwater Infrastructure, d) any action violating a state or federal law or local ordinance with respect to the City Stormwater Infrastructure. Owner understands and agrees that the City of Doraville has the right to remove any trees, vegetation or structures which obstruct access to the Easement Area.
- 5. The Owner agrees that the City can assign its rights and responsibilities under this agreement.
- This agreement shall be binding upon and insure to the benefit of the parties hereto and their respective executors, administrators, heirs, successors and successors-in-title, whether voluntary by action of the parties or involuntary by operation of law. IT IS HEREBY STIPULATED AND AGREED that this Agreement constitutes a covenant running with the land herein described. Packet Pg. 283

IN WITNESS WHEREOF, the parties have caused this Agreement to be executed under seal as of the date of acceptance by Owner.

PERMANENT ACCESS EASEMENT

STATE OF GEORGIA DEKALB COUNTY

WHEREAS, THE CITY OF DORAVILLE (hereafter referred to as the "City) desires to access a sto	orm
drain appurtenance for perpetual maintenance and repairs on the lands owned by the undersig	nec
located in Land Lot of theth District of DeKalb County, Georgia, as shown and delineated	l or
Exhibit "A" attached hereto, and made a part hereof;	

NOW THEREFORE, I (We) the undersigned do(es) hereby grant to the City the right to maintain over and upon my land abutting on and adjacent to the right of way, any embankment or cuts needed in such manner as said City may deem proper to support or accommodate subject improvements as shown within the easement area on the attached Exhibit "A".

The work will be done with as little inconvenience to the property owner as is consistent with reasonable progress. The property will be dressed, grassed and left in good, clean condition upon completion of the work.

The City will clear any and all structures and vegetation in the easement area, and under no circumstances is the City obligated to re-construct any structures or re-landscape other than the replanting of grass within the easement area.

I (We) release the City from any and all past, present or future claims for damages or further compensation for the acquisition of the easement and rights herein conveyed, including any claims for consequential damages to the remainder of Grantor's property, arising out of or in any way connected with the proper, non-negligent construction of any backwater, changing of courses of streams, surface water or in any other manner.

Amendment STATUS: SCHEDULED Prepared By: Joe Cooley Initiator: Joe Cooley

AGENDA ITEM (ID # 1020)

Amendment to C-2 Zoning for New Auto Dealerships along PIB

Currently auto dealerships, for both new and used vehicles, are allowed only in the M-1 zoning district by Conditional Use Permit. In addition to the other regulations set out in the M-1 district is the requirement "that each lot or lot with accessory use garage shall be a minimum of six (6) acres in size, must have a minimum lot width of six hundred (600) feet on the frontage right-of-way line on an arterial street and any work done on vehicles exclusive of cleaning must be done in a wholly enclosed facility. Cleaning of vehicles shall be limited to exterior water cleaning only without the use of chemical agents. All automobile sales lots and automobile sales lots with accessory use garages and associated parking shall be on graded and paved surfaces."

Peachtree Industrial Blvd from the intersection of I-285 south towards Chamblee has developed as new car dealership business cluster. The Porsche and Lexus are within the city limits of Doraville. However, under the City of Doraville zoning regulations these two dealerships are legal non-conforming uses as they are in the C-2 zoning district. The Porsche dealership also does not meet the minimum acreage requirement.

It is believed the intent of the zoning change made restricting auto dealerships to M-1 and 6 acres was to restrict the spread of an overabundance of used auto lots, mostly on small lots, along Buford Highway and other C-2 areas. It appears that an unintended consequence is that it also has made the existing Porsche and Lexus dealerships non-conforming and precludes development of additional new dealerships providing manufacturer-authorized car franchise facilities along the new auto dealership cluster along Peachtree Industrial Blvd.

Parcels located at the intersection of Interstate I-285 and Peachtree Industrial Blvd. Are identified in the LCI plan as Highway Commercial land use. This is recognized in the proposed Livable Community Code (form based code) Framework Plan with this area designated Highway Commercial to remain as a C-2 zoning district. City Council directed this item to the Planning Commission for their review and recommendations.

Planning Commission Recommendation: <u>The Planning Commission heard and reviewed</u> the proposed amendment to the C-2 zoning district and recommended approval with the <u>following conditions:</u>

- There be a minimum lot size of two (2) acres;
- The use be restricted to the area shown in the LCI as C-2 at the area around the intersection of Peachtree Industrial Blvd. And Interstate I-285 to include both of the existing new auto dealerships at that intersection (Porsche and Lexus dealerships);
- The use be restricted to factory-authorized franchise dealerships selling new vehicles with used vehicle sells as a customary secondary ancillary use only.

Updated: 12/19/2013 7:19 AM by Joe Cooley A

Staff Recommendation: Staff recommends approval incorporating recommendations of the Planning Commission.

STATE OF GEORGIA

CITY OF DORAVILLE

ORDINANCE NO. 2013-

AN ORDINANCE TO AMEND THE CITY OF DORAVILLE, GEORGIA, ZONING ORDINANCE TO REVISE ARTICLE IX, DISTRICT REGULATIONS, TO ADD ADDITIONAL USE TO C2 COMMERCIAL ZONING DISTRICT; AND FOR OTHER PURPOSES

WHEREAS, the Mayor and Council of the City of Doraville are charged with preserving the health, safety and welfare of the citizens of the City; and

WHEREAS, Chapter 23, Zoning, currently allows automobile sales in the M1 and M2 Manufacturing districts, and only with a property that is at least 6 acres in size; and

WHEREAS, the Mayor and City Council believe that a certain area of the City, in a C2 Commercial district, is appropriate for the inclusion of certain manufacturer-backed automotive sales of new vehicles consummate with the character of the area as well as directly surrounding uses; and

WHEREAS, the Mayor and City Council, in order to allow said limited automotive sales uses in C2 desires to revise the Zoning Ordinance to that effect; and

WHEREAS, a properly advertised public hearing pursuant to the requirements of the Georgia Zoning Procedures Act has been held and the adoption of this Zoning Amendment is proper pursuant to the requirements of the ZPA.

THEREFORE, THE MAYOR AND COUNCIL OF THE CITY OF DORAVILLE, GEORGIA HEREBY ORDAIN:

Section 1

Chapter 23 ("Zoning") of the Code of Ordinances, City of Doraville, is hereby amended by revising Article IX ("Schedule of District Regulations"), Section 23-910 ("C2 General Business District"), to include as a *permitted use* in said section the following:

Updated: 12/19/2013 7:19 AM by Joe Cooley A

"Manufacturer-authorized car franchise dealership with customary sales and service of primarily new automobiles as well as pre-owned automobiles as a secondary accessory use; having a minimum lot size of two (2) acres; and located within one thousand three-hundred (1,300) feet of the right-of-way of Peachtree Industrial Boulevard and within the area formed by the Interstate I-285 loop highway, said area also known as being inside of the I-285 Perimeter highway."

Section 2

- a. It is hereby declared to be the intention of the Mayor and Council that all sections, paragraphs, sentences, clauses and phrases of this Ordinance are or were, upon their enactment, believed by the Mayor and Council to be fully valid, enforceable and constitutional.
- b. It is hereby declared to be the intention of the Mayor and Council that, to the greatest extent allowed by law, each and every section, paragraph, sentence, clause or phrase of this Ordinance is severable from every other section, paragraph, sentence, clause or phrase of this Ordinance. It is hereby further declared to be the intention of the Mayor and Council that, to the greatest extent allowed by law, no section, paragraph, sentence, clause or phrase of this Ordinance is mutually dependent upon any other section paragraph, sentence, clause or phrase of this Ordinance.
- c. In the event that any phrase, clause, sentence, paragraph or section of this Ordinance shall, for any reason whatsoever, be declared invalid, unconstitutional or otherwise unenforceable by the valid judgment or decree of any court of competent jurisdiction, it is the express intent of the Mayor and Council that such invalidity, unconstitutionality or unenforceability shall, to the greatest extent allowed by law, not render invalid, unconstitutional or otherwise unenforceable any of the remaining phrases, clauses, sentences, paragraphs or sections of the Ordinance and that, to the greatest extent allowed by law, all remaining phrases, clauses, sentences, paragraphs and sections of the Ordinance shall remain valid, constitutional, enforceable, and of full force and effect.

Section 3

All ordinances or parts of ordinances in conflict herewith are hereby expressly repealed.

Section 4

This Ordinance shall be codified in accordance with state law and the Code of the City of Doraville, Georgia. This Ordinance shall become effective upon its adoption by the Mayor and Council.

Council.

AGENDA ITEM (ID # 1023)

Adoption of 2012 International Property Maintenance Code update

The City of Doraville previously adopted the 2006 edition of the International Property Maintenance Code (IPMC) with its amendments. The State has adopted the 2012 edition of the IPMC as its latest version and the City desires to adopt the 2012 Edition in order to stay current with state adoptions and provide best for the health, safety and welfare of the citizens of the City.

STATE OF GEORGIA

CITY OF DORAVILLE

ORDINANCE NO. 2014-

TO **ADOPT** 2012 THE AN ORDINANCE THE EDITION OF PROPERTY MAINTENANCE INTERNATIONAL CODE. AND AMENDMENTS THERETO, REGULATING AND GOVERNING THE CONDITIONS AND MAINTENANCE OF ALL PROPERTY, BUILDINGS AND STRUCTURES; BY PROVIDING THE STANDARD FOR SUPPLIED UTILITIES AND FACILITIES AND OTHER PHYSICAL THINGS AND CONDITIONS ESSENTIAL TO ENSURE THAT STRUCTURES ARE SAFE, SANITARY AND FIT FOR OCCUPATION AND USE; AND THE CONDEMNATION OF BUILDINGS AND STRUCTURES UNFIT FOR HUMAN OCCUPANCY AND USE AND THE DEMOLITION OF SUCH EXISTING STRUCTURES IN THE CITY OF DORAVILLE, GEORGIA; PROVIDING FOR THE ISSUANCE OF PERMITS AND COLLECTION OF FEES THEREFORE; AND FOR OTHER PURPOSES

WHEREAS, the Mayor and Council of the City of Doraville are charged with preserving the health, safety and welfare of the citizens of the City; and

WHEREAS, the adoption of the International Property Maintenance Code ("IPMC") helps to ensure the safety of property, buildings and structures in the City; and

Updated: 12/19/2013 7:44 AM by Joe Cooley

WHEREAS, the adoption of the IPMC is recommended by the State of Georgia as one of the required international codes for a qualified municipality; and

WHEREAS, the City of Doraville previously adopted the 2006 edition of the IPMC with its amendments; and

WHEREAS, the State has adopted the 2012 edition of the IPMC as its latest version and the City thus hereby desires to adopt the 2012 Edition in order to stay current with state adoptions and provide best for the health, safety and welfare of the citizens of the City.

THEREFORE, THE MAYOR AND COUNCIL OF THE CITY OF DORAVILLE, GEORGIA HEREBY ORDAIN:

Section 1

Chapter 5, Section 5-26 and 5-27 of the City of Doraville Code of Ordinances shall be amended by readopting the IPMC and inserting local amendments to read in their entirety as follows:

Sec. 5-26. Adoption of International Property Maintenance Code.

That a certain document, three (3) copies of which are on file in the City of Doraville, one (1) at the office of the City Clerk, and two (2) at the office of the Planning Department, being marked and designated as the International Property Maintenance Code, 2012 edition, as published by the International Code Council, be hereby adopted as the Property Maintenance Code of the City of Doraville for regulating and governing the conditions and maintenance of all property, buildings and structures; by providing

Updated: 12/19/2013 7:44 AM by Joe Cooley

the standards for supplied utilities and facilities and other physical things and conditions essential to ensure that structures are safe, sanitary and fit for occupation and use; and the condemnation of buildings and structures unfit for human occupancy and use and the demolition of such existing structures as herein provided; providing for the issuance of permits and collection of fees therefore; and each and all of the regulations, provisions, penalties, conditions and terms of said Property Maintenance Code on file in the offices stated above are hereby referred to, adopted and made part of as if fully set out in this ordinance with the additions, insertions, deletions and changes prescribed in Section 2 of this ordinance.

Sec. 5-27. Amendments to IPMC

The following sections are hereby revised:

Section 101.1. Insert "City of Doraville"

Section 103.1. Change "Department of Property Maintenance" to "Community Development Department, Code Compliance Division."

Section 103.5. Delete section and insert "Fees shall be as determined by the Authority having Jurisdiction and appropriately posted."

Section 106.2. Add sentence: "A citation without prior notice of violation may be served upon owner of property where a notice of any violation had previously been served within a 24-month period prior to the new violation."

Section 106.4. Add sentence: "Penalties assessed for each violation shall be either a fine of up to \$1,000 or a term of incarceration of up to 6 months, or both."

Section 107.1 is amended to read as follows:

Notice to person responsible. Whenever the building official determines that there has been a violation of this code or has grounds to believe that a violation has occurred, if a notice is issued, it may, but is not required to be, given in the manner prescribed in Section 107.2 and 107.3 to the person responsible for the violation as specified in this code. Notices for condemnation procedures shall also comply with Section 108.3. The building official shall have the power to issue subpoenas requiring occupants, residents, owners, or parties in interest of buildings under inspection, investigation, or who have been accused of a violation of this article to appear in Doraville Municipal Court. The building official or his/her designee shall also have the power to issue subpoenas to occupants, residents, owners, or parties in interest to produce written records related to the property under inspection or investigation.

Section 302.4. Insert "10 inches".

Chapter 3, General Requirements, Section 303, Swimming Pools, Spas and Hot Tubs, of the International Property Maintenance Code, as adopted by the City of Doraville, is hereby amended by the addition of Section 303.3 following Section 303.2, to read as follows:

"Discharge of Swimming Pools. The discharge of water from a swimming pool, regardless of location, size, or use type (public or private), into the environment shall be governed by the following criteria, depending on the type of occurrence:

Section 303.3.1. *Major Discharges*. The discharge of chlorinated swimming pool water in an amount exceeding that which is necessary for routine back

flushing of a filtration system, as a result of normal use or that occurs as a result of overflow caused by precipitation. Quantities exceeding these occurrences shall be required to conform to the following criteria:

- Pool water shall not be discharged directly into any waters of the State of Georgia.
- Notice of intent to discharge/drain a swimming pool must be submitted to the City of Doraville at least two (2) weeks in advance of the proposed event.
- Pool water must sit at least two (2) weeks after the last addition of chlorine or until the level of chlorine is below 0.1 mg/l. This is the Reference Dose based on the United States Environmental Protection Agency 2006 Edition of Drinking Water Standards and Health Advisories. It is an estimate of a daily oral exposure to the human population (including sensitive subgroups) that is likely to be without an appreciable risk of deleterious effects during a lifetime.
- The ph of the water must be between 6.5 and 8.5 before it is discharged (this represents a neutral range for discharge water that is neither acidic nor basic in nature).
- Discharges shall not be allowed to create erosive conditions.
- Discharge the water in a manner that will prevent nuisance conditions (such as creation of odors and mosquito breeding areas).

- Pool water shall not be discharged onto the property of an adjacent homeowner, without notification and unless a dedicated drainage easement exists in the path of discharge.
- Discharges to the environment should be directed over a vegetated surface to allow filtration to occur.
- Pool water shall not be discharged into the sanitary sewer system without prior approval from the local sewer authority (DeKalb County Government). Additionally, as a disinfectant, chlorinated pool water is generally not desirable as an additive to a system reliant on microorganisms for effective operation (unless de-chlorinated to the standard listed herein).
- Pool water shall not be discharged directly into the storm sewer system,
 unless water has been de-chlorinated to a concentration of <0.1 mg/l.

Section 303.3.2. *Minor Discharges:* the discharge of chlorinated swimming pool water for the purposes of routine maintenance of filtration systems (back-flushing filters), as a result of normal use or as a result of overflow due to precipitation shall meet the following criteria:

- Pool water shall not be discharged directly into any waters of State of Georgia.
- Discharges shall not be allowed to create erosive conditions.
- Discharge the water in a manner that will prevent nuisance conditions (such as creation of odors and mosquito breeding areas).

- Pool water shall not be discharged onto the property of an adjacent homeowner, without notification and unless a dedicated drainage easement exists in the path of discharge.
- Discharges to the environment should be directed over a vegetated surface to allow filtration to occur.
- Pool water shall not be discharged into the sanitary sewer system without prior approval from the local sewer authority (DeKalb County Government).
- Pool water shall not be discharged directly into the storm sewer system,
 unless water has been de-chlorinated to a concentration of <0.1 mg/l.

Section 602.3. Insert "October 1st and April 1st."

Section 2

- a. It is hereby declared to be the intention of the Mayor and Council that all sections, paragraphs, sentences, clauses and phrases of this Ordinance are or were, upon their enactment, believed by the Mayor and Council to be fully valid, enforceable and constitutional.
- b. It is hereby declared to be the intention of the Mayor and Council that, to the greatest extent allowed by law, each and every section, paragraph, sentence, clause or phrase of this Ordinance is severable from every other section, paragraph, sentence, clause or phrase of this Ordinance. It is hereby further declared to be the intention of the Mayor and Council that, to the greatest extent allowed by law, no section, paragraph, sentence, clause or phrase of this Ordinance is mutually dependent upon any other section paragraph, sentence, clause or phrase of this Ordinance.

Updated: 12/19/2013 7:44 AM by Joe Cooley

13.B

c. In the event that any phrase, clause, sentence, paragraph or section of this Ordinance shall, for any reason whatsoever, be declared invalid, unconstitutional or otherwise unenforceable by the valid judgment or decree of any court of competent jurisdiction, it is the express intent of the Mayor and Council that such invalidity, unconstitutionality or unenforceability shall, to the greatest extent allowed by law, not render invalid, unconstitutional or otherwise unenforceable any of the remaining phrases, clauses, sentences, paragraphs or sections of the Ordinance and that, to the greatest extent allowed by law, all remaining phrases, clauses, sentences, paragraphs and sections of the Ordinance shall remain valid, constitutional, enforceable, and of full force and effect.

Section 3

That nothing in this ordinance or in the Property Maintenance Code hereby adopted shall be construed to affect any suit or proceeding impending in any court, or any rights acquired, or liability incurred, or any causes of action acquired or existing, or under any act or ordinance hereby repealed; nor shall any just or legal right or remedy of any character be lost, impaired or affected by this ordinance.

Section 4

All ordinances or parts of ordinances in conflict herewith are hereby expressly repealed.

Section 5

This Ordinance shall become effective upon its adoption by the Mayor and Council.

AGENDA ITEM (ID # 1024)

Adoption of State Updated Building Codes

Chapter 5 ("Building Code") of the City of Doraville Code currently contains referential adoption of the State Minimum Standard Mandatory and Permitted Codes. Effective January 1, 2014, the State of Georgia has adopted an updated (2012) version of said standard codes, incorporating its 2014 changes and amendments. In order to keep up with the adoptive codes of the states and provide the most updated and efficient health, safety and welfare code enforcement in the City, the City of Doraville desires to update its referential Standard Code adoption in order to effectuate the updated changes by the State as part of City Policy.

STATE OF GEORGIA

CITY OF DORAVILLE

ORDINANCE NO. 2014-_

AN ORDINANCE TO AMEND THE CITY OF DORAVILLE, GEORGIA, BUILDING CODE TO REVISE PROVISIONS ADOPTING BY REFERENCE STATE MINIMUM STANDARD CODES; AND FOR OTHER PURPOSES

WHEREAS, the Mayor and Council of the City of Doraville are charged with preserving the health, safety and welfare of the citizens of the City; and

WHEREAS, Chapter 5 ("Building Code") of the City of Doraville Code currently contains referential adoption of the State Minimum Standard Mandatory and Permitted Codes; and

WHEREAS, the State of Georgia, effective January 1, 2014, has adopted an updated (2012) version of said standard codes, incorporating its 2014 changes and amendments therefor; and

WHEREAS, in order to keep up with the adoptive codes of the states and provide the most updated and efficient health, safety and welfare code enforcement in the City, the City of

Updated: 12/19/2013 8:09 AM by Joe Cooley

Doraville desires to update its referential Standard Code adoption in order to effectuate the updated changes by the State as part of City Policy.

THEREFORE, THE MAYOR AND COUNCIL OF THE CITY OF DORAVILLE, GEORGIA HEREBY ORDAIN:

Section 1

Chapter 5 ("Buildings and Building Regulations") of the Code of Ordinances, City of Doraville, is hereby amended by revising Article I ("In General"), Section 5-7, to revise the definitions to revise and update the adoption of State Minimum Standard Codes to read as follows:

Sec. 5-7. State Minimum Standard Codes

(a) It is hereby declared to be the intention of the Mayor and City Council to enforce and adopt the State Minimum Standard Codes as defined by O.C.G.A. §8-2-20(9). The intent of the Council as part of this adoption shall be to enforce the latest edition of the following State Minimum Standard Codes, as adopted and amended by the State Department of Community Affairs, for all permits approved after the adoption of this Ordinance:

International Building Code, 2012 Edition

International Residential Code for One-and Two-Family Dwellings, 2012 Edition

International Mechanical Code, 2012 Edition

International Fuel Gas Code, 2012 Edition

International Plumbing Code, 2012 Edition

International Fire Code, 2012 Edition

National Electrical Code, 2012 Edition

International Energy Conservation Code, 2012 Edition

(b) The appendices of said codes, as adopted and amended by the State Department

of Community Affairs, are hereby adopted by reference as though they were

copied herein fully.

(c) For all permits granted or approved by the City under earlier versions of any or

all of these codes, it is hereby declared to be the intention of the Mayor and City

Council to enforce the code under which the project was approved.

Section 2

a. It is hereby declared to be the intention of the Mayor and Council that all sections,

paragraphs, sentences, clauses and phrases of this Ordinance are or were, upon their enactment,

believed by the Mayor and Council to be fully valid, enforceable and constitutional.

b. It is hereby declared to be the intention of the Mayor and Council that, to the

greatest extent allowed by law, each and every section, paragraph, sentence, clause or phrase of

this Ordinance is severable from every other section, paragraph, sentence, clause or phrase of

this Ordinance. It is hereby further declared to be the intention of the Mayor and Council that, to

the greatest extent allowed by law, no section, paragraph, sentence, clause or phrase of this

Ordinance is mutually dependent upon any other section paragraph, sentence, clause or phrase of

this Ordinance.

c. In the event that any phrase, clause, sentence, paragraph or section of this

Ordinance shall, for any reason whatsoever, be declared invalid, unconstitutional or otherwise

unenforceable by the valid judgment or decree of any court of competent jurisdiction, it is the

AGENDA ITEM (ID # 1025)

Subdivision of Parcel at 3300 Chestnut Drive (Parcel # 18 296 06 009) by The Church of the New Covenant Presbyterian Church

The Church of the New Covenant Presbyterian Church is requesting a subdivision to divide an existing parcel containing approximately 7.4116 ac acres into two legal conforming lots. The parcel currently contains the Church buildings at the northern portion of the existing lot and building associated with a Montessori school on the southern portion of the property (see attached survey by TerraMark Surveyors). The subject property is zoned R-1 Single-family Residential. The current uses of the Church and day-care are legal non-conforming uses. Under current code churches are an allowed use with a conditional use permit, however, the Church of the New Covenant Presbyterian Church predates that change in the code and is considered a legal non-conforming use.

The application is being processed as a standard subdivision for the following reasons:

As per Sec. 23-402 Definitions, Minor Subdivisions are defined as follows: "Subdivision, minor means the division of a buildable lot of record into not more than three (3) residential building lots provided there is not the creation of any public right-of-way or right-of-way for substandard street(s) relative to road classification. For purposes of this definition, a minor subdivision must also meet the following criteria:

(1) Each proposed lot shown thereon complies with all requirements of the zoning chapter and is limited to single-family detached residential use. The need for any variance (administrative or nonadministrative) automatically disqualifies a minor subdivision review and approval. "

Although being in the R-1 single-family residential zoning district, the use of the lots is for "single-family detached residential use". As such the application is being processed a standard subdivision application for Planning Commission approval and concurrence by City Council.

The proposed division of the existing lot will create two lots: Tract 1 consisting of approximately 4.6729 acres and Tract 2 consisting of approximately 2.7387 acres. Tract 1 contains the Church buildings and parking; Tract 2 contains the buildings associated with the Montessori school. The Church has created and recorded a shared parking and ingress/egress easement benefiting both parcels. The property is zoned R-1. The proposed properties front on Chestnut Drive. The property is bordered by R-1 single family residential zoned properties to the south and west and R-4 and R-3 multifamily residential zoned properties to the east across Chestnut Drive. The buildings on site were built in or about 1958, 1969, and 1985. As such they either predate the zoning code or were built under the 1971 or the 1986 zoning codes. Churches and schools were allowed uses under those ordinances. Under the current zoning ordinances

Updated: 12/19/2013 12:06 PM by Joe Cooley

Page 1

churches and day care centers are conditional uses and require conditional use permits. However, the uses are legal non-conforming uses under current code.

The proposed parcels meet City zoning regulations and would be legal conforming lots if subdivided as requested. The existing uses could continue as legal non-conforming uses on legal conforming lots in the R-1 zoning district. Structures on both parcels meet current development dimensional requirements in the R-1 zoning district including amount of pervious surface, buffer requirements, and all setback requirements.

The Planning Commission reviewed the application, heard a presentation by the Church as the applicant and approved the subdivision as per submitted plan. As per Sec. 17.5-21 upon approval by the Planning Commission the subdivision request is sent to the City Council for concurrence and signing of the plat by the Mayor.

Grant

STATUS: SCHEDULED

RESOLUTION (ID # 1026)

EPA Brownfield RLF Grant Resolution

Action Requested: Adopt resolution supporting the City's application for an EPA Brownfield Revolving Loan Fund grant. The application is due January 22, 2014.

Background: The Environmental Protection Agency (EPA) is accepting 2014 applications for funding under their Brownfields Grant Programs. The Brownfields Grant Program provides direct funding for brownfield assessment, planning, cleanup, revolving loans, and environmental job training. The City plans to offer an application for a revolving loan fund (RLF) grant in the amount of \$1 million (the maximum allocation). If approved, this RLF program would be City-wide. EPA RLFs have a performance period of 5 years.

Funds may be used to address sites contaminated by petroleum and/or hazardous substances, pollutants, or contaminants (including hazardous substances co-mingled with petroleum). 40% of the total award may be distributed in the form of subgrants. The remaining 60% must be used to establish the actual loan fund. Loans are low to no interest. When loans are repaid, the loan amount is returned into the fund and re-lent to other borrowers, providing an ongoing source of capital within a community.

The EPA requires a 20% (or \$200,000) cost share but does accept requests for a hardship waiver. The cost share may be in form of a contribution of money, labor, materials or services. EPA does allow requests for hardship waivers of the cost share. Hardship waivers are reviewed on a case-by-case basis, but the City does meet the basic waiver criteria outlined in EPA policy.

As a side note, the DDA Board recently approved a similar resolution supporting the application as a "coalition partner."

Updated: 12/20/2013 11:10 AM by Luke Howe

EPA BROWNFIELD RLF GRANT RESOLUTION

CITY OF DORAVILLE COUNTY OF DEKALB STATE OF GEORGIA

RESOLUTION NO. 2014-

A RESOLUTION OF THE MAYOR AND CITY OF COUNCIL OF THE CITY OF DORAVILLE, GEORGIA, SUPPORTING AND AUTHORIZING THE CITY'S APPLICATION TO THE U.S. ENVIRONMENTAL PROTECTION AGENCY FOR A BROWNFIELD REVOLVING LOAN FUND GRANT; AND, REQUESTING A HARDSHIP WAIVER FOR THE 20 PERCENT COST SHARE.

WHEREAS, brownfields are real property, the expansion, redevelopment or reuse of which may be complicated by the presence of hazardous substances, pollutants or contaminants; and,

WHEREAS, brownfield remediation and reinvestment protects the environment, reduces blight and alleviates urban sprawl by taking the focus off greenfield development; and,

WHEREAS, as a former automotive plant community, brownfield redevelopment is a critical element of the City's revitalization and comprehensive planning strategy; and,

WHEREAS, the 165-acre Doraville General Motors Assembly Plant has been shuttered for more than five years; and, while its redevelopment presents opportunities, the presence or potential presence of contaminants has and continues to hinder the City's efforts to combat blight and rebuild its local economy; and,

WHEREAS, the EPA offers a revolving loan fund grant, up to \$1,000,000.00 with a 20 percent cost share, as a means of providing loans and subgrants for qualifying remediation projects; and,

WHEREAS, City staff has prepared an application for a \$1,000,000.00 revolving loan fund grant to assist brownfield remediation in the City; and,

WHEREAS, it is the desire of the Mayor and Council to authorize and support the City's revolving loan fund grant application to the U.S. Environmental Protection Agency.

NOW, THEREFORE, BE IT RESOLVED, the Mayor and City Council hereby pledges its authorization and support for an EPA Brownfield Revolving Loan Fund Grant application.

BE IT FURTHER RESOLVED, the Mayor and City Council hereby respectfully requests a hardship waiver for the 20 percent cost share requirement.

Attachment: rlf_factsheet (1026 : EPA Brownfield RLF Grant)

EPA Brownfields Revolving Loan Fund Grants: Interested in Applying for Funding?

Here's what you need to know to get started...

What is EPA's Brownfields Program?

The U.S. Environmental Protection Agency's (EPA) Brownfields Program is designed to empower states, communities, and other stakeholders to work together in

a timely manner to prevent, assess, safely clean up, and sustainably reuse brownfields. EPA provides technical and financial assistance for brownfields activities through an approach based on four main goals: protecting human health and the environment, sustaining reuse, promoting partnerships, and strengthening the marketplace. Brownfields grants serve as the foundation of the Brownfields Program and support revitalization efforts by funding environmental

assessment, cleanup, and job training activities. Thousands of properties have been assessed and cleaned up through the Brownfields Program, clearing the way for their reuse.

Abrownfield is defined as: real property, the expansion, redevelopment, or reuse of which may be complicated by the presence or potential presence of a hazardous substance, pollutant, or contaminant. The 2002 Brownfields Law further defines the term to include a site that is: "contaminated by a controlled substance; contaminated by petroleum or a petroleum product excluded from the definition of 'hazardous substance'; or mine-scarred land."

What are the Four Grant Types?

- Assessment grants provide funding for brownfields inventories, planning, environmental assessments, and community outreach.
- Revolving Loan Fund grants provide funding to capitalize a revolving loan fund that provides loans and subgrants to carry out cleanup activities at brownfields.

- Cleanup grants provide direct funding for cleanup activities at specific sites.
- Job Training grants provide environmental training for residents of brownfields communities.

What are Revolving Loan Fund Grants?

Brownfields Revolving Loan Fund Grants provide funding to a grant recipient to capitalize a revolving loan fund that provides loans and subgrants to carry out cleanup activities at brownfields sites.

For the complete discussion of Brownfields Program grant funding, refer to the EPA Proposal Guidelines for Brownfields Assessment, Revolving Loan Fund, and Cleanup grants at: http://www.epa.gov/brownfields/applicat.htm

How Do I Apply for a Revolving Loan Fund Grant?

Applicants submit a proposal for each grant type that they are applying for (i.e., assessment, revolving loan fund, and/or cleanup). Each proposal must address the selection criteria outlined in the guidelines.

Grant proposals should be concise and well organized, and must provide the information requested in the guidelines. Applicants must demonstrate that they meet threshold criteria requirements and must respond to evaluation criteria. Factual information about your proposed project and community must be provided.

Proposals must include:

- Cover letter describing project
- Applicant information
- Applicable mandatory attachments (e.g., state letter)
- Responses to evaluation criteria

All applicants must refer to the Proposal Guidelines published by EPA.

Who is Eligible to Apply for a Revolving Loan Fund Grant?

Eligible entities include: state, local, and tribal governments, with the exception of certain Indian tribes in Alaska; general purpose units of local government, land clearance authorities, or other quasi-governmental entities; regional council or redevelopment agencies; or states or legislatures. RLF applications should be community-wide; site-specific RLF grants will not be awarded.

How Much Revolving Loan Grant Funding is Available?

Revolving Loan Fund Grants provide up to \$1,000,000 per eligible entity; they are available for a single recipient or a coalition of eligible entities.

Requirements include:

- Funds may be used to address sites contaminated by petroleum and/or hazardous substances, pollutants, or contaminants (including hazardous substances co-mingled with petroleum).
- At least 60 percent of the awarded funds must be used to implement a revolving loan fund, in order to provide no-interest or low-interest loans for brownfields cleanups.
- An RLF award requires a 20 percent cost share, which may be in the form of a contribution of money, labor, material, or services, and must be for eligible and allowable costs.

How Long is the Revolving Loan Fund Grant Period?

The performance period for a Revolving Loan Fund grant is five years.

Where Do I Find the Proposal Guidelines?

Electronic copies of the Proposal Guidelines can be obtained from the EPA brownfields Web site at: http://www.epa.gov/brownfields/applicat.htm

Additional information on grant programs may be found at: www.grants.gov

Is Pre-Application Assistance Availabie:

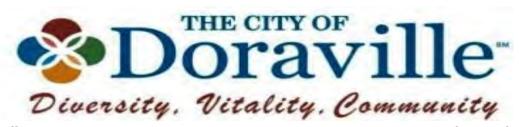

If resources permit, EPA Regions may conduct open meetings with potential applicants. Check with your regional office for date and location information. Your regional Brownfields Program contacts can be found at http://www.epa.gov/brownfields/corcntct.htm

EPA can respond to questions from applicants about threshold criteria, including site eligibility and ownership.

What is the Evaluation/Selection Process?

Brownfields grants are awarded on a competitive basis. Evaluation panels consisting of EPA staff and other federal agency representatives assess how well the proposals meet the threshold and ranking criteria outlined in the Proposal Guidelines for Brownfields Assessment, Revolving Loan Fund, and Cleanup grants. Final selections are made by EPA senior management after considering the ranking of proposals by the evaluation panels. Responses to threshold criteria are evaluated on a pass/fail basis. If the proposal does not meet the threshold criteria, the proposal will not be evaluated. In some circumstances, EPA may seek additional information.
