

NOTICE OF PROJECT PLAN PUBLIC HEARING

East China Township DWSRF Project Plan

The Township of East China will hold a public hearing on the proposed 2022 Water Distribution System Improvements project for the purpose of receiving comments from interested persons. The hearing will be held at 7:30 p.m. on June 21, 2021 at the following location: East China Township Hall, 5111 River Road, East China, MI 48054.

The purpose of the proposed project involves replacement watermain along River Rd. and Pointe Drive, abandoning watermain along Meisner Rd., installing a direct line from River Rd. to the north water tower, and replacement of two missing master meters on the boundary of China and East China Townships.

Project construction will involve:

- Installation of 17,600 feet of 12" diameter HDPE pipe along River Rd., Orchard, Walnut and Pointe Drives by directional drilling.
- Installing new magnetic inductive water meters at the intersection of Bree and St. Clair Hwy, and on Recor near the East China Twp. West boundary line.
- Abandoning 5,500 feet of water main along Meisner Rd and connecting residential services to the existing 12" watermain.
- Installation of 3,300 feet of 12" HDPE pipe starting from the intersection of Bree St and River Rd., then west along Bree, north along S. Riverside Ave, west along Hathaway St., north on Catherine ending at the north water tower.

Impacts of the proposed project may include temporary halting of individual services while they are connected to new pipes, and traffic disturbance when work occurs in road rights-of-way.

Estimated costs to the users for this project will be covered by a combination of water sales revenue, tax millage and/or modest rate increases.

Copies of the draft project plan detailing the proposed project are available for inspection at the following location(s):

Electronically on East China Township website

Paper copy at East China Township Hall

Written comments can be sent until June 21st at the close of the public hearing.

Comments received will be recorded in the final project plan. Written comments should be sent to the following address or dropped off at the public hearing:

East China Township Hall
