Bank Draft Dates

If you are entering a bank draft on a date just prior to a cycle's mailing date, and you want it to draft the upcoming bill, you must back date the effective date to 2 weeks prior to the current date to ensure the system picks it up. Bank Draft will not pay any current bill due, it must be paid in full at the cashier.

If the due date is a Saturday or Sunday, the bill is due the following Monday.

Minimum bill: City- \$57.26 for water, sewer and garbage & County- \$30.01 for water. Minimum bills are charged even if no water was used. Please talk to our billing staff about a Water Bill Vacation if you are going to be away from home for a couple of months or more.
