**8.1 Revel De Road Carnival Parade 2023**

Arrange a meeting with Mr. Keidric Smith in order to discuss the movement of traffic and any safety issues, with guidance from the COH, as it relates to the Revel De Road Carnival Parade 2023, to be held on 19 June 2023. **(COO/City Engineer)** The COO/City Engineer said that he had met with the Traffic Superintendent to review the proposal and there may be a way to minimise the impact on the City and perhaps adjust the route. A meeting with the National Disaster Co-ordinator had been arranged to discuss the project, following which he would contact Mr. Keidric Smith.

## 8.2 Micro-Mobility Industry

Write to the Micro-Mobility Industry businesses to request that they ensure tighter controls on where the vehicles are left in order to minimise traffic disruption, quoting the Street Ordinance Act, Section 11: *"When in contravention of Article 7 of 28b of this Ordinance occurs, then, whether any proceedings are taken against the driver or not, the vehicle concerned may be removed by any police officer or by any Corporation employee or agent so instructed by the Corporation, to such place as the police officer or Corporation employee or agent thinks fit, and liability shall attach to any authorised persons so leaving the vehicle or causing it to be moved for any damage or loss occasioned thereby."* **(CEO/City Secretary)**

## 8.3 Angle Street Speed Bump

Following the community survey, carry out the installation of the speed bumps on Angle Street by the end of 2021. **(COO/City Engineer)** This would be carried out on approval of the new Traffic Calming Policy.

## 8.4 Traffic Calming Policy

As there were no regulations in Bermuda for creating speed bumps, the COH would write a Speed Bumps Policy. **(COO/City Engineer)** The COO/City Engineer presented a draft Traffic Calming Policy noting that diagrams would be added. It was thought that imperial measurements could be included and the emergency services would include the police. The Mayor noted a contradiction in the first paragraph referring to Dundonald Street which currently had several speed bumps and where there was frequent freight traffic.

## 8.5 Concessions to Encourage Building Projects

Forwarded from the Board Meeting held on 5 October 2022, to compile a list together with criteria, as it relates to potential concessions which the COH could offer to encourage building projects in the City. **(CFO/Acting City Secretary)** The Mayor said that the concessions which could be offered were limited and the COH would not be in a position to alter rates. He suggested that the matter be held over until the spring next year, to consider how the COH could be pro-active in encouraging projects in light of the Government proposal for development of North Hamilton. Perhaps the COH could consider incentives for projects in keeping with the area, at that time.

## 8.6 Maritime Academy Fire Training - Lease

Contact the Principal of the school adjacent to the 6 Elliot Street location and obtain comments, as it relates to the proposed location for the Maritime Academy's Fire Training Unit. **(CEO/City Secretary)** The COO/City Engineer said that there had been no response from the Principal.
