NOW, THEREFORE, BE IT RESOLVED by the Board of County Commissioners of Keith County, Nebraska, as follows:

1. The Board opposes the 30 x 30 program, including its objective of permanently preserving 30 percent of the Nation's lands in its natural state by 2030, or any similar program that will set aside and prevent the productive use of millions of acres of our lands.
2. The Board further opposes the designation of lands in Keith County as wilderness, wilderness study areas, wildlife preserves, open space, or other conservation land, thereby restricting public access to such lands and preventing the development and productive use of the resources on or within such lands.
3. The Board supports the continued private ownership of land in the County, recognizing the Nation's need for domestic sources of minerals, energy, timber, food, and fiber.

4. The Board recognizes and supports the State of Nebraska's water rights system, including the doctrine of Nebraska's Constitution Article XV-5 and other state laws and programs governing water rights and water use, and opposes any federal designation of waters and watercourses within the County that would impair or restrict water diversions and uses authorized under Nebraska law.
5. The Board supports reasonable national, regional, and global greenhouse gas emissions policies and goals that are comprehensive, practical, cost-effective, and do not unnecessarily single out specific industries or activities, but opposes the use of global climate change as an excuse to set aside large tracts of land as preserves or open space to fulfill the 30 x 30 program's objectives.
6. The Board also maintains that any lands or other rights that are acquired to fulfill the 30 x 30 program's objectives should be acquired only from willing landowners and for the payment full and fair market value for all rights and interests acquired, and not through regulatory compulsion, and only after analyzing and considering the impacts of such land acquisitions on the well-being, health, safety, welfare, economy, and culture of Keith County, its businesses, and its citizens.
7. The Board shall send a copy of this Resolution to the Department of Interior and all other relevant Federal and State agencies; and

DATED this 18th day of August, 2021.
