CR-05 - Goals and Outcomes

Progress the jurisdiction has made in carrying out its strategic plan and its action plan. 91.520(a)
This could be an overview that includes major initiatives and highlights that were proposed and executed throughout the program year.

The Program Year 2019-2020 was the fourteenth year of funding for the Beaufort County/Lowcountry Regional HOME Consortium (LRHC) through the US Department of Housing and Urban Development HOME Investment Partnerships Program. This Consolidated Annual Performance and Evaluation Report (CAPER) highlights progress made in implementing the 2016 Consolidated Plan and Action Plan for Housing to meet the goals and objectives identified.

Developing affordable, safe and decent housing for low income citizens is a challenge for the HOME Consortium and its members. Funding from the HOME Investment Partnership Program is an important resource for the LRHC to design and implement housing programs that address the local housing needs. The HOME Program provides flexibility to its participating jurisdictions by offering them the opportunity to choose what types of housing programs and activities are most important to meet the housing needs of their low and very low income residents. Although HOME funds cannot be used to address every need, these areas will have an impact on the sustainability of HOME funded housing. The goals and objectives adopted in the 2016 Consolidated Plan were prioritized toward creating viable and sustainable neighborhoods, giving access to affordable housing, and collaborating with partners to determining the best means to address the needs of the residents of the Lowcountry Region.

During the Program Year (July 1, 2019 - June 30, 2020) Lowcountry Regional HOME Consortium expended approximately $295,495 in HOME funds for projects, $83,598.40 in HOME funds for program administration, and $79,539 in Local Match providing 13 families with safe and decent affordable housing. Total HOME funds expended during Program Year 2020 - $379,093.40. Total all expenditures for Program Year 2020 - $458,632.40

Comparison of the proposed versus actual outcomes for each outcome measure submitted with the consolidated plan and explain, if applicable, why progress was not made toward meeting goals and objectives. 91.520(g)
Categories, priority levels, funding sources and amounts, outcomes/objectives, goal outcome indicators, units of measure, targets, actual outcomes/outputs, and percentage completed for each of the grantee’s program year goals.

Table 1 - Accomplishments – Program Year & Strategic Plan to Date

Assess how the jurisdiction’s use of funds, particularly CDBG, addresses the priorities and specific objectives identified in the plan, giving special attention to the highest priority activities identified.

LRHC has an obligation to see that resources are used effectively. In a world of growing needs and declining resources, housing program managers are under increasing pressure to get the most out of funds allocated to their programs. LRHC has continually addressed the highest housing priority in our region which is owner-occupied housing rehabilitation and in the past few years has met and/or exceeded the proposed number of units to be addressed each year. This Program Year, the 13 units addressed were owner-occupied housing rehabilitation units; 100% of all HOME funds benefitted low and moderate income families. This year we did not complete any new construction units.
CR-10 - Racial and Ethnic composition of families assisted

Describe the families assisted (including the racial and ethnic status of families assisted). 91.520(a)

Table 4 – Identify the geographic distribution and location of investments

Narrative

The Annual Action Plan identified geographic distributions and location of investments. However, members of the LRHC has agreed that the HOME funds are to be spent on a first come first served basis to address the needs of the residents in the Lowcountry Region.
Leveraging

Explain how federal funds leveraged additional resources (private, state and local funds), including a description of how matching requirements were satisfied, as well as how any publicly owned land or property located within the jurisdiction that were used to address the needs identified in the plan.

There is a required 25% local match for the LRHC. Local match was satisfied by cash contributions from each member county - Beaufort, Colleton, Hampton and Jasper.

Table 12 – Number of Households Supported

Discuss the difference between goals and outcomes and problems encountered in meeting these goals.

The "actual" values were entered to indicate the actual number of affordable housing units addressed this program year. LRHC did not undertake any activities that benefitted homeless or special-needs person. All HOME funds benefitted non-homeless families.

There is a great need for the priority activity which is rehab of existing units and we were able to rehab 13 existing units.
Discuss how these outcomes will impact future annual action plans.

LRCH currently only has one CHDO. We are working with this CHDO and are have cleared Environmental Reviews to be able to move ahead on projects in the near future.

Include the number of extremely low-income, low-income, and moderate-income persons served by each activity where information on income by family size is required to determine the eligibility of the activity.

Narrative Information

LRHC only receives HOME funds. The goals and objectives of LRHC are prioritized toward creating viable and sustainable neighborhoods, giving access to affordable housing, and collaborating with partners to determining the best means to address homelessness in the Lowcountry Region. All beneficiaries were low to moderate income qualifying as proposed in the Annual Action Plan. Beneficiaries include the following: Extremely Low-income - 4 persons, Low-income 5 persons, Moderate-income 4 persons.
CR-25 - Homeless and Other Special Needs 91.220(d, e); 91.320(d, e); 91.520(c)
Evaluate the jurisdiction’s progress in meeting its specific objectives for reducing and ending homelessness through:

Reaching out to homeless persons (especially unsheltered persons) and assessing their individual needs

The Lowcountry Homeless Coalition Continuum of Care addresses the homeless needs in our region. Lowcountry Homeless Coalition submits a consolidated application on behalf of the community of homeless service providers for grant funds to support homeless assistance projects. Lowcountry Homeless Coalition does outreach to homeless in our region, especially unsheltered persons assessing their individual needs.

Access Network Homeless Support Programs provide subsidized housing for eligible individuals and families, offering case management support services and resources for individuals and families to acquire the ability to stabilize housing in an effort to achieve economic independence.

Addressing the emergency shelter and transitional housing needs of homeless persons

LRHC did not receive HOPWA or ESG funds for this Program Year. However, LRHC does support the efforts of organizations that address the needs of homeless and other special needs individuals. The Lead Entity, Beaufort County, has formed the Lowcountry Affordable Housing Coalition which is a group of governmental, non-profit, and private organizations working together to make housing more affordable for Lowcountry residents. LRHC is a member of the Lowcountry Affordable Housing Coalition.

Helping low-income individuals and families avoid becoming homeless, especially extremely low-income individuals and families and those who are likely to become homeless after being discharged from publicly funded institutions and systems of care (such as health care facilities, mental health facilities, foster care and other youth facilities, and corrections programs and institutions); and, receiving assistance from public or private agencies that address housing, health, social services, employment, education, or youth needs

LRHC did not receive HOPWA or ESG funds for this Program Year. However, LRHC does support the efforts of organizations that address the needs of homeless and other special needs individuals. These organization are also a part of the Lowcountry Affordable Housing Coalition: Beaufort Housing Authority, CODA, Access Network, DSS, DSN, Human Services Alliance, Salvation Army, United Way, and others. Specific actions targeted to meeting the underserved needs, to include the need for a comprehensive strategy to target those who are homeless or at risk of becoming homeless, to include
emergency shelters and resource centers, case management and support services, and transitional housing opportunities.

Helping homeless persons (especially chronically homeless individuals and families, families with children, veterans and their families, and unaccompanied youth) make the transition to permanent housing and independent living, including shortening the period of time that individuals and families experience homelessness, facilitating access for homeless individuals and families to affordable housing units, and preventing individuals and families who were recently homeless from becoming homeless again.

Continuum of Care provider, health care providers, social services, employment agencies, and local schools access the needs of the homeless, special needs and those at risk of being homeless in an effort to provide them needed resources to prevent them from becoming homeless.
CR-30 - Public Housing 91.220(h); 91.320(j)

Actions taken to address the needs of public housing

While TBRA is needed in our region, it was not listed as the top priority need for LRHC. LRHC will continue to support our local/State Housing Authorities.

LRHC provided certification for Beaufort Housing Authority Annual Action Plan which anticipates the following outcomes: Regional collaboration and Fair Housing awareness, apply for additional Section 8 vouchers, increase assisted housing inventory, continue Family Self-sufficiency program, continue to participate in the HUD Capital Fund Program, and seek grant opportunities.

Actions taken to encourage public housing residents to become more involved in management and participate in homeownership

Due to limited funding LRHC did not provide funds for Tenant Based Rental Assistance this year. LRHC continues to support the efforts of the local/State Housing Authorities that encourage home ownership, self-sufficiency, and youth development.

Beaufort Housing Authority proposes to continue rental and homeownerhisp programs for individuals earning less than 80% of the area median income.

Actions taken to provide assistance to troubled PHAs

No PHA in the Lowcountry Regional has been identified as a troubled PHA.
CR-35 - Other Actions 91.220(j)-(k); 91.320(i)-(j)

Actions taken to remove or ameliorate the negative effects of public policies that serve as barriers to affordable housing such as land use controls, tax policies affecting land, zoning ordinances, building codes, fees and charges, growth limitations, and policies affecting the return on residential investment. 91.220 (j); 91.320 (i)

LRHC member counties and municipal governments address affordable housing as a planning goal or objective in their Comprehensive Plans. Because the state of South Carolina’s 1994 Enabling Legislation requires a “Housing” element in all Comprehensive Plans, a review of the documents shows that most of them espouse planning policies that are supportive of the provision of affordable housing in the jurisdiction, although there are expressions of ambivalence in some. On the other hand, Zoning and Development Standards ordinances, as well as the ISO-required building codes in the southeastern coastal (i.e., hurricane-prone) areas of the Lowcountry, contain regulations of such stringency that the provision of affordable housing is constrained by the additional costs. In some jurisdictions, by means of goal-setting and/or incentives, the provision of affordable housing is actively encouraged.

LRHC will continues to work with units of local government in reviewing their policies, codes and ordinances to remove all barriers to affordable housing.

Actions taken to address obstacles to meeting underserved needs. 91.220(k); 91.320(j)

The 2019 Action Plan outlined several goals and objectives that address the identified needs that have been prioritized through the Consolidated Planning process. Included in the Plan were specific actions targeted to meeting the underserved needs, to include: 2019 Needs were: rehabilitation of substandard housing. Other needs are: safe, decent and affordable decent (homeownership); homeownership opportunities for small related LMI families and individuals who are housing cost burdened and forced to rent substandard units; preventative/restorative measures to address unhealthy living environments affecting children, frail elderly, and the disabled; and a comprehensive strategy to target those who are homeless or at risk of becoming homeless, to include emergency shelters and resource centers, case management and support services, rental assistance; and transitional housing opportunities.

Program Year 2019 activities were: rehabilitated 13 single family owner occupied homes. All beneficiaries were extremely low, low or moderate income qualifying.

Through Lowcountry Council of Governments, other programs and activities also addressed the underserved needs in the region to include Community & Economic Development, Aging and Disability Resource Center of the Lowcountry, and Workforce Development
Actions taken to reduce lead-based paint hazards. 91.220(k); 91.320(j)

The LRHC addressed lead-based paint hazards in pre-1978 homes. The following is an outline of strategies used in the HUD HOME-sponsored activities: Provide information, education, and outreach activities on lead-based paint hazard reduction through workshops and technical assistance to recipients of HOME funds. Continue to require lead-based paint hazard reduction procedures to comply with HUD requirements. Continue to notify residents and owners of all houses receiving HOME assistance of the hazards of lead based paint. Require defective paint assessment when targeted HOME-assisted pre-1978 homes are being inspected and evaluated for possible rehabilitation.

7 homes were tested for lead-based paint hazards, lead was found in 1 house and that house received lead clearance.

Actions taken to reduce the number of poverty-level families. 91.220(k); 91.320(j)

Through the creative use of HOME (provided 13 families with safe, decent affordable housing), CDBG through SC Deparment of Commerce (provided public infrastructure, demolished vacant/dilapidated structures, and addressed neighborhood revitalization projects), Workforce Development (job training), Lowcountry Area of Aging and other local, state and federal programs, LRHC took the following actions:

Provided a range of services/activities having a measurable impact on causes of poverty in those areas of communities where poverty is a particularly acute problem;

Maintained/expanded the stock of affordable housing to reduce the financial burden on persons with low/moderate incomes and enhance the viability of rural communities.

Assisted LMI individuals in securing/retaining meaningful employment.

Assist LMI individuals in obtaining/maintaining adequate housing and suitable living environments;

Actions taken to develop institutional structure. 91.220(k); 91.320(j)

LRHC initiated and organized a process to gather information to determine how well programs and projects are meeting needs and then used that information for improving performance and target resources more precisely. With increasing needs and dwindling resources, housing program administrators must find new ways to make the most of the funds allocated to the program. LRHC, through a nonprofit organization, Lowcountry Regional Development Corporation received designation
to participate in SC Housing programs in an effort to increase the available funding to assist our very low income families.

**Actions taken to enhance coordination between public and private housing and social service agencies. 91.220(k); 91.320(j)**

Needs Assessments were held throughout the region starting January 2020 through March 2020. The availability of the 2020 Annual Action Plan was advertised throughout the region to include the date, time, and location of the public hearings.

Comments regarding economic development, community infrastructure, community facilities and services, housing impediments to fair housing, community facilities and supportive services were received and used for setting regional goals.

**Identify actions taken to overcome the effects of any impediments identified in the jurisdictions analysis of impediments to fair housing choice. 91.520(a)**

LRHC rehabilitated 13 owner occupied units scattered throughout the region benefitting 13 low to moderate income families earning less than 80% of the area median income.

**LOCAL GOVERNMENT PARTICIPATION - ACTIVITIES:**

Each County in the LRHC region held a Housing Needs Assessment to include discussions on Fair Housing and Affirmatively Furthering Fair Housing in their localities. In addition our member counties offer various fair housing brochures and related publications which can be found at various fair housing presentations, resource fairs, receptions, and other venues for display and distribution.
CR-40 - Monitoring 91.220 and 91.230

Describe the standards and procedures used to monitor activities carried out in furtherance of the plan and used to ensure long-term compliance with requirements of the programs involved, including minority business outreach and the comprehensive planning requirements.

During the period of affordability, LRHC monitors its subrecipients. We perform on-site compliance and monitoring inspections of all rehabilitation of single-family and multi-family developments utilizing HOME Program funds to determine compliance with the Final Rule and current LRHC HOME Program Policy and Procedures Manual.

Each subrecipient agreement outlines expected outcomes, reporting, minimum monitoring requirements, and long-term compliance. LRHC has established a regular monitoring schedule. LRHC manages all housing rehabilitation projects.

On-site inspections undertaken during the program year included all rehab units (initial, with every draw request and final). LRHC conducted onsite monitoring of the Beaufort Housing Authority In-Fill Project last year. This is the only rental project that is within the affordability period.

Beaufort County, the lead entity, recognized that the South Carolina General Assembly in South Carolina Code of Laws Section 11-35-5210, has declared that businesses owned and operated by minority persons have been historically restricted from full participation in our free enterprise system to a degree disproportionate to other businesses; and that it is in the best interest to assist minority-owned businesses to develop fully as a part of the state's policies and programs which are designed to promote balanced economic and community growth through the state. Therefore, Beaufort County wishes to ensure that those businesses owned and operated by minorities are afforded the opportunity to fully participate in its overall procurement process for goods and services. Further, Beaufort County seeks to ensure that small businesses are likewise afforded the same opportunity as minority businesses to participate. Based on scope of work or services, solicitations may require bidders or proposers to meet certain compliance requirements of Beaufort County's "Small and Minority Business Participation Program", unless self-performing one hundred percent (100%).

Citizen Participation Plan 91.105(d); 91.115(d)

Describe the efforts to provide citizens with reasonable notice and an opportunity to
There was one public hearing scheduled in the region to give information and receive comments on the 2019-2020 CAPER. Notice for this meeting was published in local newspapers of general circulation and the CAPER was available for review and copy at Lowcountry Council of Governments.

On Thursday, September 24, 2020 at 6:30PM in the LCOG Board room via ZOOM and FaceBook. The public hearing was held to report accomplishments for the 2019-2020 Program Year for the Lowcountry Regional HOME Consortium. Barbara A. Johnson, Affordable Housing Manager, LCOG, gave a description of the year’s accomplishments. Mrs. Johnson mentioned that we only addressed 13 units this year and the last unit addressed was in March due to COVID-19. There were no comments other than a question about the per unit cost. A board member wanted to know how we determined how much money to spend on each unit. Mrs. Johnson explained that the cost was determined by the cost estimate provided by the rehab specialist and contractor’s bid. No comments were rejected.
CR-50 - HOME 91.520(d)

Include the results of on-site inspections of affordable rental housing assisted under the program to determine compliance with housing codes and other applicable regulations

Please list those projects that should have been inspected on-site this program year based upon the schedule in §92.504(d). Indicate which of these were inspected and a summary of issues that were detected during the inspection. For those that were not inspected, please indicate the reason and how you will remedy the situation.

During the 2019-2020 Program Year on-site inspections were done on the following list of projects. All housing rehabilitation units were inspected. Please see attachment “UNITS INSPECTED 2019” document.

The following rehabilitation units were inspected before rehabilitation work began, at least before every construction draw and at close-out. All problems encountered were corrected before work was approved. The work was done according to local code and each home was brought up to meet local code. All homes were owner occupied and income qualifying.

1. 111 LIGHTSEY STREET, HAMPTON
2. 145 SHANKLIN ROAD, BEAUFORT
3. 20 ST. CLAIR STREET, YEMASSEE
4. 172 CLEVELAND STREET, WALTERBORO
5. 75 CHURCH STREET, YEMASSEE
6. 6091 VAUX STREET, BEAUFORT
7. 1253 CYPRESS STREET, PINELAND
8. 1312 OLD BAILEY ROAD, RIDGELAND
9. 102 LINCOLN STREET, WALTERBORO
10. 303 COLUMBIA AVENUE, HARDEEVILLE
11. 562 SUMPTER STREET, GIFFORD
12. 242 MALONE FERGUSON ROAD, GARNETT
13. 809 BENSON LANE, RIDGELAND
The following BEAUFORT HOUSING AUTHORITY INFILL PROJECT units are monitored every 3 years and will be monitored again January 2021.

1. 804 Wilmington Ave, Beaufort - ONSITE MONITORING January 2018. There were no monitoring findings noted. The building met code and is occupied by income qualifying families. Will monitor January 2021.

2. 1704 Park Avenue, Beaufort - ONSITE MONITORING January 2018. There were no monitoring findings noted. The building met code and is occupied by income qualifying families. Will monitor January 2021.

3. 1706 Park Avenue, Beaufort - ONSITE MONITORING January 2018. There were no monitoring findings noted. The building met code and is occupied by income qualifying families. Will monitor January 2021.

4. 714 17th Street, Beaufort - ONSITE MONITORING January 2018. There were no monitoring findings noted. The building met code and is occupied by income qualifying families. Will monitor January 2021.

Provide an assessment of the jurisdiction's affirmative marketing actions for HOME units. 92.351(b)

The Subrecipient will use its best effort to afford minority – and women-owned business enterprises the maximum practicable opportunity to participate in the performance of this contract. As used in this contract, the term “minority and female business enterprise” means a business at least fifty-one (51%) percent owned and controlled by minority group members or women. For the purpose of this definition, “minority group members” are Afro-Americans, Spanish speaking, Spanish surnamed or Spanish heritage Americans, Asian-Americans, and American Indians. The Subrecipient may rely on written representations by businesses regarding their status as minority and female business enterprises in lieu of an independent investigation.

Affirmative Marketing Activities include:

- Incorporate an Equal Housing Opportunity statement or logo in any correspondence associated with rental or home ownership opportunities developed with the use of Consortium HOME funds.
• All marketing of HOME-assisted housing will be regional and advertisements will be placed in sources of general circulation. All ads must contain an Equal Housing Opportunity statement or logo.
• Contact should be made with organizations whose membership or clientele consists primarily of protected class members.
• Notify the Public Housing Authority or Authorities in the county in which units are located when HOME-assisted units are available for rent or purchase.
• The project owner must display the Equal Opportunity logo and Fair Housing poster in an area accessible to the public.

Refer to IDIS reports to describe the amount and use of program income for projects, including the number of projects and owner and tenant characteristics

Not Applicable – No program income received.

Describe other actions taken to foster and maintain affordable housing. 91.220(k) (STATES ONLY: Including the coordination of LIHTC with the development of affordable housing). 91.320(j)

LRHC has received certification to participate in the SC Housing Trust Fund Program to undertake affordable housing activities in the region. We actively seek other funding sources and support other affordable housing activities in the region.

Beaufort County/Lowcountry Regional HOME Consortium
Consolidated Annual Performance Evaluation Report (CAPER)

The Lowcountry Regional HOME Consortium invites citizens to comment on its draft Consolidated Annual Performance Evaluation Report (CAPER). The draft plan will be available for review from August 26, 2020 to September 20, 2020. All interested members of the public may comment, 254 Township Road, Yemassee, SC 29945.

Copies of the CAPER will be provided upon your request. Comments may be submitted in writing to Michelle Knight, Community & Economic Development Director, Lowcountry Council of Governments, P.O. Box 39 Yemassee, SC 29945, (843) 473-5960 or by email at michelle.knight@lowcountry.org or Barbara A. Johnson, Affordable Housing Manager, (843) 473-3991, bjohnson@lowcountry.org.

NOTICE IS HEREBY GIVEN that on Thursday, September 24, 2020 at 6:00 PM a public hearing will be held to review and receive additional comments concerning the CAPER. Due to COVID, meetings are held via Zoom. The link for the Zoom meeting is https://us02web.zoom.us/j/4930627428. To join by phone, attendees must dial 667-997-5647, and enter the Meeting ID: 493 062 7428. This meeting will also be broadcast live for public viewing via the LCOQ Facebook page. Visit: https://www.facebook.com/lowcountry.org.

Beaufort County is the lead entity of the Lowcountry Regional HOME Consortium, and the public hearing and the matters to be discussed are subject to the provisions of the Beaufort County Citizen’s Participation Plan, developed in anticipation of participation in the Federal HUD HOME Program, which provides for the participation of the citizens of Beaufort, Colleton, Hampton and Jasper Counties in the planning and implementation of projects which will receive HUD HOME funds.

Beaufort County and its member local governments do not discriminate on the basis of age, color, creed, religion, sex, national origin, familial status or disability in the admission, treatment, or access to, or in the employment in federally assisted programs or activities. W. Kurt Taylor, Beaufort County Attorney. (61) Hearing 1998. Telephone: SC 840-225-2222. This hearing is open to the public.

El Consejo Regional de HOGARs de la Lowcountry invita a los ciudadanos a comentar su proyecto de Informe Anual Consolidado de Evaluación del Desempeño (CAPER). El proyecto de plan está disponible para su revisión del 26 de agosto de 2020 al 29 de septiembre de 2020, en el Consejo de Gobierno de la Lowcountry, 254 Township Road, Yemassee, SC 29945. Se podrán obtener copias del CAHLIN a solicitar. Los comentarios pueden presentarse por escrito a Michelle Knight, Directora de Desarrollo Comunitario y Económico, Consejo de Gobierno de la Lowcountry, P.O. Box 39 Yemassee, SC 29945, (843) 473-3990 o por correo electrónico a michelle.knight@lowcountry.org o a Barbara A. Johnson, Administrador de Programas de Vivienda, (843) 473-3991, bjohnson@lowcountry.org. ANGEL ES HEREBY GIVEN que el 24 de septiembre de 2020 a las 18:00 (HMT), se llevará a cabo una audiencia pública para recibir y revisar comisiones adicionales sobre el CAPER. Debido a COVID, las reuniones se llevarán a cabo a través de Zoom. El enlace para la reunión en Zoom es https://us02web.zoom.us/j/4930627428. Para unión por teléfono, los asistentes deben marcar 877-392-5247 y registrar el ID de reunión: 493 927 7273. La reunión también se transmitirá en vivo para su visualización pública a través de la página de Facebook de LCOQ: https://www.facebook.com/lowcountry.org. El Consejo Regional de HOGARs de la Lowcountry, y la ciudadanía pública y los asuntos de discusión están sujetos a las disposiciones del Plan de Participación Ciudadana del Consejo de Beaufort. desarrollado en anticipación de la participación en el Programa Federal HOME, que prevé la participación de los ciudadanos de los condados de Beaufort, Colleton, Hamilton y Jasper en la planificación e implementación de proyectos que utilizan fondos HOME. El Consejo de Beaufort y sus gobiernos locales mantienen la no discriminación por edad, color, religión, sexo, origen nacional, estado familiar o discapacidad en la admisión, acceso o tratamiento en el empleo en programas o actividades con asistencia federal. W. Kurt Taylor, Abogado del Consejo de Beaufort, CA (61) de prósperas 1288 Beaufort, SC 840-225-2222. Esta audiencia está designada para coordinar el cumplimiento de los requisitos de no discriminación económicos y locales en las regulaciones del Departamento de Vivienda y Desarrollo Económico de los Estados Unidos.

Public Hearing and Plan Available for Review
Beaufort County/Lowcountry Regional HOME Consortium
Consolidated Annual Performance Evaluation Report (CAPER)

The Lowcountry Regional HOME Consortium invites citizens to comment on its draft consolidated Annual Performance Evaluation Report (CAPER). The draft plan will be available for review from August 28, 2020, to September 28, 2020, at the Lowcountry offices of Government, 924 Greenbriar Road, Vermond, SC 29945.

Copies of the CAPER will be provided upon your request. Comments may be submitted writing to Michelle Knight, Community & Economic Development Director, Lowcountry offices of Government, POB 56, Yemassee, SC 29945, by email to Michelle.Knight@Lowcountry.com or Barbara A. Johnson, Affordable Housing Manager, 439-373-3951, bjohnson@lowcountry.com.

ORDER TO HEAR GIVEN that on Thursday, September 24, 2020, at 6:00 PM, a public hearing will be held to receive and receive additional comments concerning the CAPER. Due to COVID-19, meetings are held via Zoom. The link for the Zoom meeting is https://us02web.zoom.us/j/4559377220 . To join by phone, attendees must dial 978-965-6475, and enter the Meeting ID: 455 937 7220. This meeting will also be broadcast live for public viewing via the LCCHC Facebook page, link https://www.facebook.com/lcchcnews.

Beaufort County is the Lead Entity of the Lowcountry Regional HOME Consortium, and the public hearing and the matters to be discussed are subject to the provisions of the Resident County Citizen Participation Plan, developed in collaboration of participating local government entities, which provides for the participation of the citizens of Beaufort, Colleton, Hampton and Jasper County in the planning and implementation of projects which will receive HUD HOME funds.

Beaufort County and its member local governments do not discriminate on the basis of race, color, religion, sex, national origin, familial status, or disability in the admission or treatment of its programs or activities.

Kurt Perry, Lead Counsel Attorney, PO Drawer 1725, Beaufort, SC, 29902-1725, has been designated to coordinate compliance with the nondiscrimination requirements contained in the HUD Department of Housing and Urban Development's regulations.

UNDERSERVED NEEDS

BEAUFORT COUNTY/LOWCOUNTRY REGIONAL HOME CONSORTIUM

OTHER Actions planned to address obstacles to meeting underserved needs

Through Lowcountry Council of Governments, other programs and activities also address the underserved needs in the region:

COMMUNITY & ECONOMIC DEVELOPMENT: Provides technical assistance to local governments with carrying out activities that address community, economic, and housing development needs that benefit very low, low and moderate income (LMI) persons, aid in the prevention or elimination of slum and blighted conditions, or meet other urgent community needs that pose a serious and immediate threat to the public health and welfare. The C&ED staff works as a liaison between the unit of local government, funding sources, citizens, and other community based organizations to bring together resources to improve communities: affordable housing, community centers, health clinics, libraries, infrastructure (roads, water, sewer, and drainage), demolition of blighted structures, lighting, sidewalks, and public safety. Provides resources to help local governments and their agencies to boost the local economy. Administers and/or provides technical assistance for federal grant programs for Economic Development Administration (EDA), Community Development Block Grants (CDBG), and others. A member of the South Carolina Revolving Loan Funds (SCRFL) to assist start-up and existing small business. Lowcountry Regional Development Corp (LRDC) a 501 ( c ) (6) organization used to support economic development and community development activities in the region. LRHC has received certification through South Carolina State Housing and Development Authority to administer an Emergency Repairs Program in our region. Staff assistance includes project planning, development, grant writing, and grant administration. The C&ED staff also assists with meeting regulatory compliance such as Davis-Bacon and Related ACT (DBRA), the Fair Housing Act, and environmental review, ADA/Section 504 Rehabilitation Act, and other requirements. Staff meets at least annually with the community in a formal public hearing process to facilitate a prioritization of community/economic development needs and housing needs for each of our member governments which results in a prioritized list of projects that a community wants to pursue. The community’s needs are then matched to grant funding available to maximize the opportunities. Staff meets with our localities to discuss short and long term goals for the community to consider the needs assessment priorities, comprehensive plans, sales tax initiatives, and other information to see where we can identify project opportunities and partner with other funding agencies to maximize the
use of local funds.

**AGING AND DISABILITY RESOURCE CENTER OF THE LOWCOUNTRY:** The Lowcountry Area Agency on Aging (AAA) and the Aging and Disability Resource Center (ADRC) both work under the guidance of State Unit of Aging, known as the SC Lt Governor’s Office on Aging (LGOA) to provide assistance and services to eligible seniors and disabled persons. The Area Agency on Aging identifies the needs of seniors and disabled persons and existing services available; prepares a plan to meet these needs. THE AAA and ADRC staff work with federal, state, and local officials, services providers, volunteers, and the private sector to encourage new services. Staff members are dedicated to improving the lives of the senior and disabled populations. The Lowcountry Area Agency on Aging administers the following programs: Long-Term Care Residence Advocacy - The Long-Term Care Ombudsman is an Advocate for Assisted Living and Long-term facility residents. The Ombudsman monitors the quality of life and care of residents by investigating concerns and works closely with both the family and the facility to resolve problems. Family Caregiver Support Program - The Family Caregiver Advocate provides support, information, education, and services to family caregivers. Legal Assistance Program - assists individuals aged 60 and older to obtain legal services with a lawyer who can assist with their legal issues, at no cost to the senior. Information & Referral/Assistance Services - provides services as an access point for those seeking help. Advocacy is provided for those who need help navigating the system to gain access to entitlement programs. Minor Home Safety Program - assists individuals aged 60 and older in making minor home safety modification to their home that promote safely aging in place. Insurance Counseling - Insurance Counseling Assistance and Referral for Elders (I-CARE) is a federally funded insurance counseling program working under the guidance of the Centers for Medicare and Medicaid Services (CMS). ICARE assists all persons to understand what insurances they have and how to use the insurance in the most cost effective way, as well to help prevent individuals from becoming victims of Insurance fraud and scam. The focus areas are Medicare, Medicare Supplement, Medicare Savings, Medicare Advantage Plans, Medicare Prescription Plans, Medicaid and the Senior Medicare Fraud program (SMP). Home and Community Based Services - The Consumer Choice Home Care Program offers homemaker and minimal personal care services to homebound seniors. The Nutrition Program offers a USDA approved noon meal to individuals both homebound and those that attend locally contracted Senior Centers and Nutrition sites. Service Coordination program consists of assessment team members that go into the community to conduct assessments to determine LGOA funding eligibility for home delivered meals, home care, and coordination of services.

**WORKFORCE:** The Workforce Innovation and Opportunity Act establishes local boards to determine policy to drive workforce development in the region and steer the delivery system to best serve both job seekers and local businesses. LCOG staffs the board, coordinates their activities and also employs staff to carry out these actions in the region. Services provided: Adult and Youth Career Counseling – help job seekers achieve the necessary skills to become successful. Assist job seekers in navigating their way to employment, tech school, college, or the military. Enlighten job seekers to options in the region and empower them to take important steps towards a new career and good quality of life. Advance job training – clusters of focus: Manufacturing, medical, tech, and transportation, distribution, logistics (TDL). Recruitment – assist with candidate search, prescreen job candidates, improve job worker readiness, fund pre-hire training, plan training and reimburse wages for OJTs hires. On the Job Training (OJT) – OJT is a way to compensate employers for providing training to eligible individuals for those jobs that only real world, hands-on training can teach the skills for the job. Incumbent Worker Training –
Reimbursements to train currently employed workers in an effort to keep businesses and workers competitive, to provide training needed in current businesses due to expansion, new technology, retooling, new services/product lines or new organizational structure as a part of a layoff aversion strategy.
# UNITS INSPECTED CAPER 2019

LIST OF UNITS INSPECTED 7/1/2019 - 8/31/2020

The following rehabilitation units were inspected before rehabilitation work began, at least before every construction draw and at close-out. All problems encountered were corrected before work was approved. The work was done according to local code and each home was brought up to meet local code. All homes were owner occupied and income qualifying.
