Town of Milliken Require a Business License

All businesses residing in or doing business in the Town of Milliken require a business license.

Doing business means an act of one (1) of the following:

- a. Selling at retail any goods or service;
- b. Soliciting or offering goods or services for retail sale or hire; or
- c. Acquiring or using any vehicle or any premises in the Town for business purposes.

For a business license application go to: www.millikenco.gov or come into Town Hall. There is a \$20 annual fee for a business license. For more information see Chapter 6 Article I of the Milliken Municipal Code.

TOGETHER WE COUNT!

Census forms are arriving in your mailboxes and the Town of Milliken wants to strongly encourage you to complete the paper form and mail it, or take less than 10 minutes to complete the report online. You may also respond by phone. Here are a few reasons to participate and the benefits to the Milliken community:

- Funding opportunities from Federal and State sources rely on census data.
- Businesses rely heavily on census data when choosing communities to locate new facilities.
- Want a grocery store? How do we attract retail opportunities to Milliken? Census data provides information to companies on consumer numbers (population), their ages and genders which are indicator of consumer spending habits, and other information about our community that is used by business decision makers.
- Worried about the privacy of your data? Individual data is locked up by the Census Bureau for 72 years. Your data is SAFE!
- These are just a few of the great reasons to take a few minutes to complete your census form for your household and for the benefit of your community. If you have questions or need additional resources, please call us at the Town Hall, or consult the 2020 Census Guidebook at this link: <https://drive.google.com/file/d/1cZ60Tok40OPvnI4oxRuxKIACzB6mHvA7/view>.

TOGETHER, MILLIKEN COUNTS!

The Town is looking into how we can make your,

"Spring Clean Up Day" more user friendly and how we can get more participation. Last year we had about 390 people use the service; however, several people had complained that they did not have the ability to move their trash to the dumpster location.

We are looking into the option of having a door to door spring trash pickup day – on a Saturday, designed to take the extra yard trimmings along with the Spring Cleaning throw a way. The system other Towns have used is one where you are allowed 8 leaf bag size trash bags and one large item, (like a chest of drawers or a bookcase) placed at your trash pick up spot Saturday morning.

For more information come to a Board meeting on the 2nd or 4th Wednesday of each month (6:00 pm) to support or ask questions. We will strive to keep updates on the Town Website.

Tim Singewald, Town Administrator

CORONAVIRUS 2020.

The Town is working hard to keep up with all of the current corona virus information. There is a lot of time spent trying to figure out the difference between fact and fiction. I am most concerned for our senior citizens and decisions are made with them in mind and I admit that we error on the side of caution for them.

The Town is trying to limit group meetings at Town Hall and the Police station. The senior meal program is currently suspended, and we are in communications to make sure no senior has trouble getting meals.

The Police station and the court system now have limited access. If you have a pending court date, staff will be in touch with you. Occasionally we will have limited Town Hall access. We will try to keep current information on the Town Website.
