Annual Water Rate Increase

Water treatment costs are one of the largest expenses in Milliken's water rates. Unfortunately, our two primary sources, Greeley and Central Weld County Water District have continued to increase treatment rates to the Town.

To meet these increased costs, our customers will see an increase of 2% to the usage rate for the June 1st billing cycle that you will receive in July.

The Town is sensitive to the impact of increased utility costs on Milliken residents. The 2% will be an annual increase and reviewed each year with our providers rates.

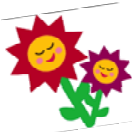

This current increase brings Milliken water rates more in line with the heightened costs that the Town pays to our water providers. Thank you for your understanding.

Gardens are meant to be relaxing

However, one thing that can spoil garden chilling time is the buzzing and biting of flies and mosquitoes.

So, what about planting mosquito and fly repellent plants!

Here are 9 plants that repel those pests, Lemon Balm, Marigolds, Catnip, Basil, Rosemary, Thyme, Lavender, Peppermint and Garlic. Try some, or all.

Trash & Recycle Rates to Increase

Our contract with Waste Management has been renewed with a slight increase in rates for 2019. Effective May 1st, the 96 Gallon Container rate will increase \$0.35, to \$13.35 per month, and the 64 Gallon Container rate will increase \$0.30, to \$11.50 per month.

Recycling will also increase \$0.65, to \$8.27 per month. Thank you for your understanding.

Where does the Word 'Mayday' Come From?

S.O.S. - "Save our Souls" was the first internationally recognized distress signal. Although, because of the difficulty of distinguishing the letter "S" by telephone, the distress signal "S.O.S." was replaced by the words "May-day", the phonetic equivalent of "M'aidez", the French word for "Help me."
