- November monthly fee report was submitted in compliance with LGC §114.001 and LGC §114.043
- November monthly fee report was mathematically accurate and therefore approved as submitted in compliance with LGC §115.002
- October and December fee reports were submitted in compliance with LGC §114.043
- October and December monthly fee reports were out of compliance with LGC §114.001(b)
- October and December monthly fee reports reviewed were missing the overload permit fee amounts in the report. This was due to a system reporting error, and therefore not submitted in compliance with LGC §115.002 (The overload permit fees were not combined with the plat fees, and therefore were left out of the monthly fee report. The issue was addressed with the Administrative Manager and with the IT department. The overload permit fees were manually corrected to reflect the correct amount of fees collected. In July 2020 the department will be on the new County Finance System and missing fees should not be an issue going forward.)

 Funds collected were deposited with the County Treasurer in compliance with LGC §113.022

**Recommendation:** Monthly reports are due by the fifth business day per the LGC §114.001(b) General Requirements Applicable to Reports. All fees collected by the office shall be reported in the monthly fee report per the LGC §115.002 Examination of Books and Reports.

**Department Response:** We have taken necessary steps to ensure compliance with receipting and reporting requirements moving forward.

The management was unaware of missing overload fees for FY20 Q2 until the communication from Auditor's Office in early July. As such, management has communicated their commitment on rectifying the matter heron after.

As of September 2020, there were no overload permit fees collected in July or August. Therefore, our office is unable to verify that the new County Finance System does in fact combine all fees. Internal Audit will continue to work with the department to ensure all fees are being reported.

## MONTGOMERY COUNTY, TEXAS

## **FUND BALANCE POLICY**

Prepared by County Auditor

Rakesh Pandey, CPA

#### **Fund Balance Policy**

#### Fund Balance Classifications

In accordance with Governmental Accounting Standards Board (GASB) requirements, as outlined in Statement 54, the County's Fund Balances will be classified into 5 categories: Non-spendable, Restricted, Committed, Assigned and Unassigned.

- Non-spendable Fund Balance Represents amounts that cannot be spent because they are either (a) not in spendable form or (b) legally or contractually required to be maintained intact. Examples of fund balances that are classified as non-spendable include inventories and pre-paid items.
- Restricted Fund Balance Represents amounts that are restricted to specific purposes, with constraints placed
  on the use of resources by (a) external creditors, grantors, contributors, or laws or regulations of other
  governments; or (b) imposed by law through constitutional provisions or enabling legislation. Examples of
  fund balances that are classified as restricted would include grant obligations and potential repayments,
  special revenue fund balances and debt service.
- Committed Fund Balance Represents amounts that can only be used for specific purposes that have imposed constraints by formal action of the government's highest level of decision making authority. The Commissioners Court represents the highest level of decision making authority for Montgomery County. The Court shall approve all commitments, as well as removal of commitments, by quorum vote. Examples of fund balances that are classified as committed would include uses of the proceeds from the sale of the Joe Corley Detention Facility as approved by Commissioners' Court.
- Assigned Fund Balance Represents the amounts that reflect a government's intended use of resources. Such
  intent would be established at either the highest level of decision making authority, or by an official
  designated for that purpose. The Commissioners' Court delegates the responsibility of assigning funds to the
  County Auditor. Assignments may be necessary for items such as other post-employment benefits, claims
  and judgments, transfers to special revenue funds, etc.
- Unassigned Fund Balance Represents the residual amount in the general fund which has not been restricted, committed, or assigned to specific purposes.

### Governmental Fund Types:

- Debt Service Funds Fund balance in these funds will be restricted for the payment of principal and interest on debt service obligations. Any funds that are remaining after all debt is extinguished will be transferred to the general fund to be used for any general purpose.
- Capital Project Funds Fund balance in the capital funds will be classified as restricted to the purpose for which the debt was issued.
- Special Revenue Funds Fund balance in the special revenue funds will be classified as restricted to the extent that the proceeds are generated through enabling legislation or externally imposed by creditors, grantors, contributors, or laws or regulations of other governments.

 General Fund - Fund balance in the general fund will be classified as restricted, nonspendable, committed, assigned or unassigned.

#### Order of Resource Use:

When expenditures are incurred for purposes for which restricted and unrestricted funds are available, it is the County's policy to use restricted funds first. When expenditures are incurred for purposes for which amounts in unrestricted funds are available, the county will consider first reducing committed funds, then assigned, followed by unassigned.

#### Minimum Fund Balance Policy:

Commissioners' Court has established a minimum fund balance policy with the intent to maintain a minimum unassigned fund balance in the general operating fund of 10 to 15 percent of the general fund annual operating expenditures for the fiscal year being closed as presented in its annual financial report. If the actual fund balance drops below 10%, it shall be budgeted for recovery the following year.
