Notice of Public Hearing on Tax Rate

The Porter Municipal Utility District will hold a public hearing on a proposed tax rate for the tax year 2023 on September 13, 2023 at 12 Noon at Porter MUD Office, 23922 Loop 494, Porter, TX 77365. Your individual taxes may increase at a greater or lesser rate, or even decrease, depending on the tax rate that is adopted and on the change in the taxable value of your property in relation to the change in taxable value of all other property. The change in the taxable value of your property in relation to the change in the taxable value of all other property determines the distribution of the tax burden among all property owners.

If the proposed combined debt service, operation and maintenance, and contract tax rate requires or authorizes an election to approve or reduce the tax rate the governing body of Porter Municipal Utility District proposes to use the tax increase for the purpose of funding debt service for necessary infrastructure projects.

NOTICE OF TAXPAYERS' RIGHT TO ELECTION TO REDUCE TAX RATE

If the district adopts a combined debt service, operation and maintenance, and contract tax rate that would result in the taxes on the average residence homestead increasing by more than eight percent, the qualified voters of the district by petition may require that an election be held to determine whether to reduce the operation and maintenance tax rate to the voter-approval tax rate under Section 49.23603, Water Code.

The 86th Texas Legislature modified the manner in which the voter-approval tax rate is calculated to limit the rate of growth of property taxes in the state.
