Montgomery County
Fireworks Vendors

Re: Adopted Fire Code

Dear Sir or Madam:

Montgomery County has adopted a County Fire Code effective January 1st, 2008. The County Fire Code requirements will apply to all fireworks sales locations after this date.

Montgomery County will continue to inspect existing retail sites under the State Fireworks regulations and applicable sections of the County Fire Code. The code will apply to new construction of commercial buildings and expansion or substantial improvement of existing commercial buildings, including permanent retail fireworks sites.

Montgomery County will also institute a permit system for retail fireworks sites, beginning with the 2008 Summer sales season. For more information about the County Fire Code including permitting information go to the Montgomery County Fire Marshal's Office website located on the Montgomery County home page at <http://www.co.montgomery.tx.us/> .

You may email questions or sign up for email updates by sending a request to fire.codes@mctx.org .

Sincerely,

Jimmy Williams
Montgomery County Fire Marshal
