Montgomery County, Texas Office of the County Auditor

501 North Thompson, Suite 205, Conroe, Texas 77301 P. O. Box 539, Conroe, Texas 77305 Phyllis L. Martin County Auditor

Peggie Rushing 1st Assistant County Auditor

March 30, 2010

The Board of District Judges The Commissioners' Court Montgomery County, Texas

Honorable Judges and Commissioners:

The Comprehensive Annual Financial Report of Montgomery County, Texas, for the year ended September 30, 2009, is submitted herewith. This report was prepared by the County Auditor in accordance with generally accepted accounting principles as promulgated by the Governmental Accounting Standards Board, and is in compliance with Chapter 114.025 and Chapter 115.045 of the Local Government Code.

Responsibility for both the accuracy of the presented data and the completeness and fairness of the presentation, including all disclosures, rests with the County. To provide a reasonable basis for making this representation, Montgomery County management has established a comprehensive internal control framework designed both to protect governmental assets from loss, theft, or misuse, and to compile sufficient reliable information for the preparation of the County's financial statements in conformity with Generally Accepted Accounting Principles (GAAP). Montgomery County's comprehensive framework, because the cost of internal controls should not outweigh their benefits, has been designed to provide reasonable, rather than absolute, assurance that the financial statements will be free from material misstatement. We believe the data as presented is accurate in all material aspects; that it is presented in a manner designed to fairly set forth the financial position and results of operations of Montgomery County as measured by the financial activity of its various funds; and that all disclosures necessary to enable the reader to gain the maximum understanding of the County's financial activity have been included.

Montgomery County's financial statements have been audited by Hereford, Lynch, Sellars & Kirkham, P.C., a firm of licensed certified public accountants. The goal of the independent audit was to provide reasonable assurance that the financial statements of the County for the fiscal year ended September 30, 2009 are free of material misstatement. The independent audit involved examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements; assessing the accounting principles used and significant estimates made by management; and evaluating the overall financial presentation. The independent auditor concluded, based on the audit, that there was a reasonable basis for rendering an unqualified opinion that the financial statements of Montgomery County for the year ended September 30, 2009 are fairly presented in conformity with GAAP. The independent auditor's report is presented as the first component of the financial section of this report.

The independent audit of the financial statements of Montgomery County was a part of a broader, federally mandated "Single Audit" designed to meet the special needs of federal grantor agencies. The standards governing Single Audit engagements require the independent auditor to report not only on the

Tele: (936) 539-7820 ••• Fax (936) 788-8390 ••• Email: Phyllis.Martin@mctx.org

fair presentation of the financial statements, but also on the government's internal controls and compliance with legal requirements. Specific emphasis was placed on internal controls and compliance with laws and regulations involving the administration of federal awards. This Single Audit Report is available as a separate report from Montgomery County.

GAAP require that management provide a narrative introduction, overview, and analysis to accompany the basic financial statements in the form of Management's Discussion and Analysis (MD&A). This letter of transmittal is designed to compliment MD&A and should be read in conjunction with it. Montgomery County's MD&A can be found immediately following the report of the independent auditors.

Profile of Montgomery County

Montgomery County was created in 1837, and is located on the southern edge of the Big Thicket, approximately forty miles north of metropolitan Houston. The County provides a full range of services, including police protection, legal and judicial services, construction and maintenance of roads and bridges, public health service, and facilities for recreational and cultural use. The County operates a full service airport as a reliever to nearby Bush Intercontinental Airport. Three major rail lines intersect in the county seat of Conroe. The Lone Star College System offers both 2- and 4-year degree plans in partnership with several universities throughout the state. Scenic Lake Conroe sits among some 1,090 square miles of rolling hills and grassy meadows to create an atmosphere of rural America nestled securely beside its urban neighbors.

The County operates as specified under the Constitution of the State of Texas, and in accordance with the provisions of the State Statutes of Texas, which provide for a Commissioners' Court consisting of the County Judge and four Commissioners, each of whom is elected from four geographical precincts. The County Judge is elected for a four-year term, and the Commissioners for four-year staggered terms.

The U.S. Census Bureau reported the 1990 population for Montgomery County to be 180,394, and the year 2000 population to be 293,768. At September 30, 2009 the reported population was 439,709. This 50% growth in ten years was evident in the increased demand for service at the county level.

Montgomery County maintains strict budgetary controls to ensure compliance with legal provisions in the annual appropriated budget approved by the governing body. Activities of the General Fund, the Special Revenue Funds, and the Debt Service Funds are included in the annual appropriated budget. Budget to actual comparisons are provided in this report for all funds for which an annual appropriated budget is adopted. According to the budget laws of the State of Texas, expenditures may not exceed the amount appropriated for each fund. The County Auditor is responsible for compiling and presenting a budget to Commissioners' Court for their consideration and approval, adhering to a calendar established by the statutes of the State of Texas. In keeping with those statutes, the ad valorem tax levy cannot be established until the budget is adopted. In Montgomery County, the budget is adopted by September 1 of each year. Once adopted, the budget is enforced by the County Auditor, as provided by statute.

Factors Affecting Financial Condition

The information presented in the financial statements of Montgomery County is best understood when it is considered from the broader perspective of the specific environment within which Montgomery County operates.

Local economy- The County's economy has historically been based on mineral production (oil, gas, sand, and gravel), agriculture (horses, cattle, greenhouse nurseries), and lumbering (timber products). Commercial construction has continued to increase as a result of several large shopping centers being developed along the Interstate 45 corridor. Investments made in Texas highways recently have assisted in attracting new and diverse businesses to the County. The Woodlands, a planned community in south

Montgomery County, is home to energy, biomedical, and technology businesses, causing continued growth in the southern part of the County.

Long-term financial planning- The Commissioners' Court continues to be very active in infrastructure development, specifically road improvements, to help insure economic growth. In the second half of calendar year 2005, the County executed an agreement with the Texas Department of Transportation that is facilitating the improvement of five separate state-owned roads. This "pass-thru toll" agreement provides for the County to pledge local funds to improve these roads, with a partial reimbursement from state highway funds at a later date. The County pledged \$100 million of the Series 2006 \$160 million voter-approved road bonds, as well as an additional \$88 million of future bonds to leverage the federal funds for the projects in the hopes of gaining an estimated \$232 million in improvements for the citizens of Montgomery County.

As part of this future planning, the Commissioners' Court created the Montgomery County Toll Road Authority ("MCTRA") in August 2006. The MCTRA will be charged with the task of collecting tolls from vehicles traveling on that portion of State Highway 242 which connects with Interstate 45 in southern Montgomery County. This project will improve one of the specific roads listed in the agreement with the Texas Department of Transportation, and is expected to be completed in early 2010. Revenues generated by the authority are anticipated to be used to either retire a portion of the debt related to the construction or to fund future improvements.

Recognizing the immediate as well as future need for more bed space in the county jail, Commissioners' Court created the Jail Financing Corporation in September 2006. The primary purpose of the new entity was to raise the funds necessary to construct a 1,100-bed detention facility adjacent to the existing jail. The Corporation issued \$45 million in lease-revenue bonds during 2007, and construction has been completed. The facility is being leased to the County by the Corporation to initially house federal inmates under the terms of an intergovernmental agreement (IGA) with the federal government. Revenues received from housing the federal inmates are, in turn, being used to retire the outstanding bonds. The County has freed additional bed space by transferring federal inmates from the existing jail to the new facility.

In an effort to combat the increasing inflationary cost on medical claims and to control utilization of plan benefits by participants, the County will open an employee/retiree health clinic, which will allow the County to pay for minor medical services at substantially reduced pricing. The clinic will also be modeled to offer Health Risk Assessments (HRA) which will allow for identification and education for the prevention of medical conditions by the employee/retiree population. With proper maintenance of certain medical conditions, the employer sponsored medical plan will be less apt to incur large claims.

In addition to traditional medical claims, the Clinic will offer immediate medical services for Workers Compensation injuries. A large percentage of workers compensation claims could be resolved at the clinic and the employee would be released back to work. This method of service would allow for a reduction of workers compensation claim cost and workers compensation indemnity payments for the County.

If all components of the medical clinic are implemented, including a pharmacy, the County should achieve substantial savings now and in the future.

Cash management policies and practices- The County's investment function operates within the guidelines of a written policy as required by the Public Funds Investment Act. An investment committee comprised of the County Treasurer, Tax Assessor-Collector, District Clerk, and a member of Commissioners' Court oversees the investment activities for the County. The County Auditor and County Attorney are advisors to the committee. Commissioners' Court has designated the County Treasurer the investment officer for the County.

Specific investment strategies have been identified for each group of funds. Strategies emphasize safety of principal as well as liquidity. Demand deposits are covered by pledged collateral maintained in

safekeeping accounts. Special attention is paid to timing maturities to be consistent with construction project draws and regular operating expenditures.

Risk Management- The County retains various levels of risk, and accounts for the associated expenditures in the General Fund. The portions of risk that are not transferred to third party coverage are self-funded by the County under formal arrangements. Additional information concerning the County's risk management activities is included in the notes to the financial statements.

Pension and other post-employment benefits- The County provides retirement, disability, and death benefits for all of its full-time regular employees through a nontraditional defined benefit pension plan in the statewide Texas County and District Retirement System (TCDRS). Detailed information on the retirement plan and other post-employment benefits can be found in the notes to the financial statements.

Awards and Acknowledgments

Montgomery County is one of 13 Texas counties receiving awards for Best Practices from the Texas Association of Counties (TAC) Leadership Foundation. The award is presented to counties developing innovative programs to deliver quality services and protect taxpayer dollars. Commissioner Ed Chance of Montgomery County Precinct 3 received a 2009 County Best Practices award for Community Improvement for the Spring Creek Greenway Wetlands Mitigation Program, which helped create more that 350 acres of nature preserves via nontraditional funding.

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to Montgomery County for its Comprehensive Annual Financial Report (CAFR) for the fiscal year ended September 30, 2008. This was the twenty-first consecutive year that the County has achieved this prestigious award. In order to be awarded a Certificate of Achievement, a government must publish an easily readable and efficiently organized comprehensive annual financial report. This report must satisfy both generally accepted accounting principles and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. We believe that our current comprehensive annual financial report continues to meet the Certificate of Achievement Program's requirements, and we are submitting it to the GFOA to determine its eligibility for another certificate.

The preparation of this report would not have been possible without the efficient and dedicated services of all County departments. I want to express my appreciation to the entire staff of the Office of County Auditor for their continued efforts. I also wish to commend the members of the Commissioners' Court for conducting the financial operations of Montgomery County in a responsible manner, while meeting the increasing demands for public service.

Respectfully submitted,

Phyllis L. Martin Montgomery County Auditor

INDEPENDENT AUDITORS' REPORT

Honorable County Judge and Commissioners' Court Montgomery County, Texas

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of Montgomery County, Texas (the "County") as of and for the year then ended September 30, 2009, which collectively comprise the County's basic financial statements as listed in the table of contents. These financial statements are the responsibility of Montgomery County, Texas's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinions.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of the County, as of September 30, 2009, and the respective changes in financial position thereof and the respective budgetary comparison for the General Fund and Major Special Revenue Funds for the year then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with Government Auditing Standards, we will issue at a later date, a report on our consideration of Montgomery County, Texas's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards and should be considered in assessing the results of our audit.

The management's discussion and analysis on pages 11-26 is not a required part of the basic financial statements but is supplementary information required by accounting principles generally accepted in the United States of America. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the required supplementary information. However, we did not audit the information and express no opinion on it.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the County's basic financial statements. The introductory section, additional supplementary information, combining and individual nonmajor fund financial statements and schedules, schedules of capital assets used in the operation of governmental funds, and statistical tables are presented for purposes of additional analysis and are not a required part of the basic financial statements. The combining and individual nonmajor fund financial statements and schedules and additional supplementary information as listed in the table of contents have been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, are fairly stated in all material respects in relation to the basic financial statements taken as a whole. The introductory section, schedules of capital assets used in the operation of governmental funds, and statistical tables have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we express no opinion on them.

Conroe, Texas March 22, 2010

MANAGEMENT'S DISCUSSION AND ANALYSIS

This discussion and analysis provides readers of the financial statements of Montgomery County, Texas (the County) with a narrative overview and analysis of the County's financial activities for the fiscal year ended September 30, 2009. The intent of this discussion and analysis is to evaluate the current activities, resulting changes, and currently known facts of the County as a whole. Readers of this discussion and analysis should consider the information presented here in conjunction with additional information that is furnished in the accompanying letter of transmittal, which can be found on pages 1-4 of this report. This discussion should also be read in conjunction with the basic financial statements and the notes to those financial statements (which immediately follow this discussion). The discussion and analysis includes comparative data for the prior year.

FINANCIAL HIGHLIGHTS

- The assets of the County exceeded its liabilities at the close of the fiscal year by \$340,086,887 (net assets). Of this amount, \$8,311,363 is restricted for specific purposes. With the presentation of the investment in capital assets, unrestricted net assets becomes a negative \$45,241,159. Analysis of the negative unrestricted net assets reveals that a large portion of debt was used to purchase land for road expansion projects that are a joint undertaking with the State. In these instances of expansion of State-owned roads, the County will report the debt at this time, but not the asset.
- The revenues of the County's government-wide activities were \$303,838,462 and expenses were \$309,504,935. Rapid growth in the county brought about uncommon infrastructure contributions, adding to a decrease in net assets of \$5,666,473.
- At September 30, 2009, the County's governmental funds reported combined ending fund balances of \$165,312,349, an increase of \$3,217,716 in comparison with the prior year. From the ending fund balance, \$104,577,975 is reserved for specific purposes. Approximately 37% of the ending balance, \$60,734,374, is available for spending at the government's discretion.
- At September 30, 2009, unreserved, undesignated fund balance for the General Fund was \$27,492,281, or 19.2% of total General Fund expenditures.
- The County's total bonded debt increased by \$49,382,911 (12.2%) during the current fiscal year. This increase was brought about by the issuance of \$56,190,000 in general obligation bonds.
- As of fiscal year 2009, the County reported other post-employment benefit obligations (OPEB) of \$7,968,357 as a result of implementing GASB Statement No. 45 "Accounting and Financial Reporting by Employers for Post-Employment Benefits Other Than Pensions."

OVERVIEW OF THE FINANCIAL STATEMENTS

This discussion and analysis is intended to serve as an introduction to Montgomery County's basic financial statements, which are comprised of three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also contains additional supplementary information to the financial statements themselves.

Government-Wide Financial Statements

The Statement of Net Assets and the Statement of Activities, the two government-wide financial statements, are designed to provide readers with a broad overview of Montgomery County's finances, similar to the financial statements of a private-sector business. Both of these statements are presented using the full accrual basis of accounting; therefore, revenues are reported when they are earned and expenses are reported when the goods and services are received, regardless of the timing of cash being received or disbursed. These statements include capital assets of the County (including infrastructure added since implementing GASB 34 in fiscal year 2003 and the portion of GASB 34 as it pertains to retroactive infrastructure reporting) as well as all liabilities (including long-term debt). Additionally,

certain eliminations have occurred as prescribed by GASB 34 in regards to interfund activity, payables and receivables.

The Statement of Net Assets presents information on all of Montgomery County's assets and liabilities, with the difference between the two being reported as net assets. This statement is similar to that of the balance sheet of a private-sector business (with primary sections in a business balance sheet being assets, liabilities, and equity). The GASB believes that, over time, increases or decreases in the net assets may serve as a useful indicator of whether the financial position of the County is improving or deteriorating.

The Statement of Activities presents the County's revenues and expenses for the year, with the difference between the two resulting in the change in net assets for the fiscal year ended September 30, 2009. All changes in net assets are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g., uncollected taxes and earned but unused vacation leave). Because the statement of activities separates program revenue (revenue generated by specific programs through fees, fines, forfeitures, charges for services, or grants received) from general revenue (revenue provided by taxes and other sources not tied to a particular program), it shows to what extent each function has to rely on general revenues for funding. The governmental functions of the County include general administration, judicial, legal services, elections, financial administration, public facilities, public safety, health and welfare, culture and recreation, conservation, public transportation, miscellaneous, and debt service.

Government-wide financial statements include not only the activities of the County itself (known as the primary government), but also those of a legally separate component unit: the Montgomery County Jail Financing Corporation. The County Commissioners' Court acts as the Board of Directors for the component unit whose activities are blended with those of the primary government because they function as part of the County government.

The government-wide financial statements can be found on pages 28-29 of this report.

Fund Financial Statements

The fund financial statements focus on the County's most significant funds (major funds) rather than fund types, or the County as a whole. A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. Montgomery County, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the County can be divided into two categories: governmental funds and fiduciary funds.

- 1) Governmental funds are maintained to account for the government's operating and financing activities. The measurement focus is on available resources.
- 2) Fiduciary funds are used to account for resources that are held by the government as a trustee or agent for parties outside of the government. The resources of fiduciary funds cannot be used to support the government's own programs.

Governmental funds are used to account for those functions reported as governmental activities in the government-wide financial statements. As mentioned earlier, government-wide financial statements are reported using full accounting; governmental fund financial statements focus on near-term inflows and outflows of expendable resources, as well as balances of available resources. In other words, revenue is reported when earned, provided it is collectible within the reporting period or soon enough afterward to be used to pay liabilities of the current period. Likewise, liabilities are recognized as expenditures only when payment is due since they must be liquidated with available cash. Such information is useful in comparing a government's near-term financing requirements to near-term resources available.

The focus of governmental funds is narrower than that of the government-wide financial statements; therefore it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers should better understand the results and long-term impact of the government's near-term financing decisions. The user is assisted in this comparison between the two bases of accounting by way of a reconciliation statement between the governmental fund balance sheet and the government-wide statement of net assets, as well as a reconciliation statement between the governmental fund statement of revenues, expenditures, and changes in fund balances and the government-wide statement of activities.

Montgomery County maintained 34 individual governmental funds during the fiscal year ended September 30, 2009. Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures, and changes in fund balances for the General Fund, the Road and Bridge Fund, the Capital Projects Revenue/Tax Bonds Series 2009 Fund, the FEMA Disaster Grants Fund, and the Capital Projects Road Bonds Series 2008B Fund, all of which are considered to be major funds. Data from the remaining governmental funds (i.e., nonmajor funds) is combined into a single, aggregated presentation. Individual fund data for each nonmajor governmental fund is provided in the form of combining schedules, which are included in the Other Supplementary Information section following the notes to the financial statements.

Montgomery County utilizes and maintains budgetary controls over its operating funds. Budgetary controls are used to ensure compliance with legal provisions required under state statute governing the annual appropriated budget. Budgets for governmental funds are established in accordance with state law, and by county policy are adopted at the department level for the General Fund, all Special Revenue Funds, and the Debt Service Fund using the primary categories of salaries, benefits, supplies, services, and capital outlay. A budgetary comparison statement is provided in the financial section for the General Fund and the Road and Bridge Special Revenue Fund. Budgetary comparison schedules for the Debt Service Fund and all nonmajor special revenue funds are provided as supplementary information. These budgetary comparisons can be used to demonstrate compliance with the budget both in its original and final forms.

The basic governmental fund financial statements can be found on pages 30-40 of this report.

Fiduciary funds are used to account for resources held for the benefit of parties other than the County itself. Agency funds are the only fiduciary fund type used by Montgomery County, and they are not reflected in the government-wide financial statements because the resources of those funds are not available to support the programs and expenses of the County. The basis of accounting used for fiduciary funds is the full accrual basis, much like that of the government-wide statements.

The basic fiduciary fund financial statements can be found on page 41 of this report.

Notes to the financial statements provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. As such, the notes are an integral part of the basic financial statements. They focus on the primary government's governmental activities, major funds, and nonmajor funds in the aggregate.

The notes to the financial statements can be found on pages 43-66 of this report.

Additional supplementary information is comprised of the General Fund final budget versus actual at the department level. This comparative data can be found on pages 68-80 of this report.

Other supplementary information includes combining financial statements for nonmajor governmental and fiduciary funds. These funds are totaled by fund type and presented in a single column in the basic financial statements. They are not reported individually, as with major funds, on the governmental fund financial statements.

Other supplementary information can be found on pages 82-131 of this report.

GOVERNMENT-WIDE FINANCIAL ANALYSIS

As noted earlier, the GASB believes that net assets may serve over time as a useful indicator of a government's financial position. Montgomery County's assets exceeded liabilities by \$340,086,887 at September 30, 2009, as shown in the table below. This amount represents a decrease through governmental activities of \$5,666,473 from the net assets at September 30, 2008.

Montgomery County, Texas Net Assets - Governmental Activities

| | FY 2009 | FY 2008 |
|---|--|--|
| Current and other assets | \$ 238,561,124 | \$ 230,963,963 |
| Capital assets | 637,534,650 | 590,403,599 |
| Total assets | 876,095,774 | 821,367,562 |
| Long-term liabilities outstanding Other liabilities Total liabilities | 498,777,660 37,231,227 536,008,887 | 439,396,902 36,217,300 475,613,202 |
| Net assets: Invested in capital assets, net of related debt | 377,016,683 | 399,738,541 |
| Restricted | 8,311,363 | 7,656,130 |
| Unrestricted | (45,241,159) | (61,641,311) |
| Total net assets | \$ 340,086,887 | \$ 345,753,360 |

The County's total assets of \$876,095,774 are largely comprised of investments of \$146,002,874, or 17%, and capital assets net of accumulated depreciation of \$637,534,650, or 73%. The capital assets of the County include land, buildings, improvements other than buildings, equipment, and infrastructure (roads, bridges, signs, etc.). Capital assets are non-liquid assets that provide services to citizens; as a result, these assets cannot be utilized to satisfy County obligations.

As in last year, long-term debt of \$498,777,660 comprises the largest portion of the County's total liabilities of \$536,008,887, at 93%. Of total long-term liabilities, \$15,983,848 is due within one year, with the remainder of \$482,793,812 being due over a period of time greater than one year. A more indepth discussion of long-term debt can be found in the notes to the financial statements.

The County's assets exceeded its liabilities by \$340,086,887 (net assets) as of September 30, 2009. Roughly 2.4%, or \$8,311,363, of the County's net assets represents restricted net assets. These resources are subject to external restrictions on how they may be used. Restrictions include statutory requirements, bond covenants, and granting conditions. Of those restricted net assets, \$6,139 is restricted for capital projects and \$8,305,224 is restricted for debt service of compensated absences and arbitrage rebate. The most significant portion (\$377,016,683) of the County's net assets reflects its investment in capital assets, net of related debt. Although unrestricted net assets is negative for government-wide net assets, it should be noted that the County's budgeted fund financial statements continue to reflect positive unreserved fund balances.

Montgomery County's governmental activities decreased net assets by \$5,666,473. The key components of this decrease are detailed on the following page.

Montgomery County, Texas Governmental Activities

| | | FY 2009 | FY 2008 |
|--|----|-------------|-------------------|
| Revenues: | | | |
| <u>Program revenues</u> : | | | |
| Fees, fines, forfeitures, and charges for services | \$ | 69,002,276 | \$ 45,404,012 |

| Public transportation | | 95,536,899 | 76,212,732 |
| Miscellaneous | | 1,156,114 | 1,070,696 |
| Debt service interest and fiscal charges | | 21,121,081 | 15,998,167 |
| Total expenses | | 309,504,935 | 232,751,031 |
| Change in net assets | | (5,666,473) | 28,786,592 |
| Net assets - beginning | _ | 345,753,360 | 316,966,768 |
| Net assets - ending | \$ | 340,086,887 | \$ 345,753,360 |

The County's total revenues of \$303,838,462 were all from governmental activities. Property tax revenue accounts for \$145,696,133, or 48%, and is an increase over last year of \$14,095,289. Despite difficult economic times, Montgomery County continues to see increased appraisal values and subsequent tax collections. However, interest rates have plummeted, causing a reduction in other general revenues of \$4,984,550.

Program revenues of fees, fines, forfeitures, and charges for services comprise \$69,002,276, or 23%; and grants and contributions encompass \$85,288,606, or 28% of total government-wide revenues. This represents an increase in program revenues of \$33,080,802. Contributing to this rise, the new Joe Corley Detention Facility has become fully operational and accommodates a growing number of federal detainees. As such, related revenues from federal agencies have grown at an astounding rate. The large FEMA disaster grants received during fiscal year 2009 were also factors underlying the boosted revenues. These grants were accepted to facilitate the County's recovery from Hurricane Ike, which is further detailed in the comparison of revenues and expenditures discussion.

Expenses for the year totaled \$309,504,935. The public facilities function totaled \$41,255,267, or 13.3% of this total. This function saw an increase over the previous year of 107%. This unusually steep rise was

primarily due to the completion of the new detention facility in 2008. The first full year of operations for this facility was 2009, thus its operation resulted in a disproportionate increase in expenses.

The public transportation function accounted for \$95,536,899, or 31% of the total government-wide expenses. The increase in spending in the public transportation function (\$19,324,167) continues to be due to the several large road construction projects the County has undertaken. These projects are primarily for the widening and improvement of State-owned roads, creating inflated expenditures in the public transportation function, with no offsetting asset capitalization.

As previously mentioned, a substantial level of FEMA Disaster Grants funds were received during the current year and were used to assist the citizens of Montgomery County in the resurgence following Hurricane Ike. The fund in which these expenses are comprised is part of the health and welfare function (\$29,039,919) and contributes greatly to the \$12,738,840 increase when compared to fiscal year 2008.

The judicial function rose to \$22,794,440, or 7.4%, of the total expenses for governmental activities in 2009. This was due in large part to the addition of a fifth county court at law and a new district court, dedicated to the adjudication of family law matters. Moreover, the district court that was initiated during 2008 for cases involving sexual predators completed its first full year of activity this year. These new courts were an integral aspect of the \$6,899,799 upsurge of judicial function expenses.

The government's ending net assets of \$340,086,887 represent a decrease of \$5,666,473 from the prior year's \$345,753,360 in net assets. The County's change in net assets is summarized by the following chart:

Montgomery County, Texas Change in Net Assets

| | FY 2009 | FY 2008 |
|---|----------------|----------------|
| Governmental funds activity: | | |
| Total revenues | \$ 249,079,005 | \$ 208,706,577 |
| Total expenditures | 306,697,975 | 293,231,315 |
| Excess (Deficiency) of revenues over expenditures | (57,618,970) | (84,524,738) |
| Capital lease financing | 1,133,148 | 16,599,021 |
| Issuance of certificates of obligation | - | 33,050,000 |
| Issuance of general obligation bonds | 56,190,000 | 56,690,000 |
| Payment to refunded bond escrow agent | - | (10,211,444) |
| Premiums on obligations, net | 3,513,538 | 1,868,429 |
| Net change in fund balance | 3,217,716 | 13,471,268 |
| Government-wide activity: | | |
| Difference between current year's capital outlay | | |
| expenditures and depreciation expense | (4,283,101) | 52,373,421 |
| Net effect of capital asset sales, donations, trade-ins, etc. | 51,414,149 | 50,783,445 |
| Revenues not reported in funds because they do not | | |
| provide current-period financial resources | 3,345,305 | 2,047,598 |
| Long-term debt not reported in funds because it does | | |
| not affect the current period | (49,986,219) | (87,864,370) |
| Expenses not reported in the funds because they do not | | |
| use current-period financial resources | (9,374,323) | (2,024,770) |
| Total change in net assets | \$ (5,666,473) | \$ 28,786,592 |

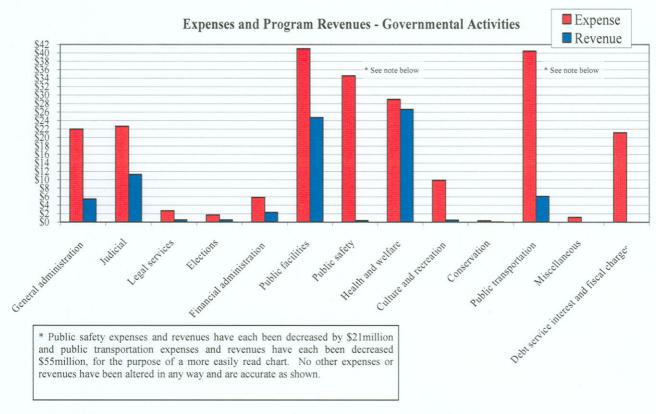

This change in net assets begins with the current year's differences between governmental revenues and expenditures (\$57,618,970), along with other financing sources and uses (\$60,836,686). Differences between capital assets added during the year and the depreciation related to all capital assets recorded, along with the effect of various capital assets transactions, such as dispositions and donations (\$47,131,048) also affect this change.

along with the effect of various capital assets transactions, such as dispositions and donations (\$47,131,048) also affect this change.

Other factors influencing the change in net assets are those revenues and expenses that do not provide or require the use of current financial resources (\$6,029,018). GASB 34 dictates that the County record an allowance for accounts that are unlikely to be collected. These allowances for doubtful accounts combine with items, such as deferrals of long-term balances not being paid in the current year, to constitute further changes in net assets. Additionally, long-term debt, whether being issued or retired, has an effect on the change in net assets (\$49,986,219). During the fiscal year, the County issued new debt and paid off a portion of its existing debt. These financings represent further changes in the net assets of the County.

The overall financial position of the County has improved over the last year. As mentioned earlier, there is a decrease in net assets of \$5,666,473. However, the increase of \$11,821,921 in the combined fund balance of Montgomery County's two major operating funds would indicate an improvement in overall financial position. Despite this progress, total operating fund balance is neither where management desires nor intends for it to be. As part of long-range planning, management has pledged to continue increasing the level of the operating funds' fund balances until such time as they represent between 20 and 25 percent of annual operating costs.

The following chart depicts expenses and program revenues for the fiscal year ending September 30, 2009 for governmental activities.

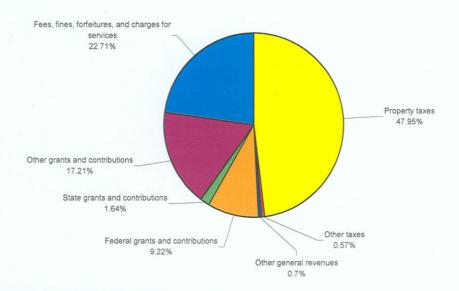

Key elements of the analysis of government-wide program revenues and expenses as they relate to each function reflect the following:

• Program revenues of \$154,290,882 are comprised in large part (39.6%) of public transportation's revenues of \$61,080,547 and public safety's revenues of \$21,369,269 (13.8%). The public facilities function comprises 16% of program revenues with \$24,728,408, the judicial function

- makes up 7.3% of program revenues with \$11,287,953, and the general administration function covers 3.5% of program revenues with \$5,402,968. The expenses of these functions account for 31%, 18%, 13.3%, 7.3%, and 7.1%, respectively. As expected, general revenues provided the required support and coverage in areas where expenses exceeded revenues.
- The public transportation function experienced an increase in expenses of \$19,324,167 while realizing a decrease in revenues of \$5,955,185. The increase in expenses is the result of an aggressive effort on the part of commissioners to improve and expand roads, many of which are state-owned, located in the County. These roads, because they are not owned by the County, cannot be shown as capital assets in the government-wide analysis; this creates a large expense, with no corresponding asset.
- On September 13, 2008, Hurricane Ike slammed into the Houston metropolitan area, leaving a wide swathe of destruction in its wake. After a Presidentially-declared disaster, the Federal Emergency Management Agency (FEMA) moved into the area to provide cleanup and debris removal assistance. During a difficult and continued recovery hampered by power outages, the County provided assistance to citizens at many levels. The public safety, public facilities, general administration, public transportation and health and welfare functions continued to experience increased expenses while coping with an influx of citizens and officials. The County provided varied services such as debris removal and disposal, staging areas for utility companies to coordinate restoration of power to homes and businesses, and housing of FEMA officials.

The following chart depicts revenues of the governmental activities for the fiscal year ended September 30, 2009.

Revenues by Source - Governmental Activities

GOVERNMENTAL FUND FINANCIAL ANALYSIS

Montgomery County uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental funds are a means of providing information on near-term inflows, outflows, and balances of usable resources. Such information is useful in assessing Montgomery County's financing

As of September 30, 2009, the County's governmental funds reported combined ending unreserved, undesignated fund balances of \$54,389,999, an increase of \$7,236,727 in comparison with the prior year. This unreserved, undesignated fund balance is available for spending at the County's discretion. The remainder of fund balance is reserved or designated to indicate that it is not available for new spending because it has already been committed. These commitments can be to fund capital projects (\$91,075,384), pay debt service (\$12,206,656), reflect inventories (\$85,034), and reflect prepaid items (\$1,210,901). Commitments also come in the form of designations that will fund encumbrances from the prior year (\$344,375) and the OPEB obligation (\$6,000,000). On September 30, 2009, the total fund balance of the General Fund (the chief operating fund of the County) was \$35,014,007. Of that amount, \$27,492,281 was available for spending at the County's discretion, \$312,358 was designated for encumbrances, \$6,000,000 was designated for the OPEB liability, and \$1,209,368 was reserved for prepaid items.

Total assets in the General Fund amounted to \$79,758,641, accounting for 33.8% of total governmental fund assets. The total assets of other major funds include Road and Bridge Special Revenue Fund (\$11,966,623), Capital Projects Revenue/Tax Bonds Series 2009 Fund (\$47,284,630), FEMA Disaster Grants Fund (\$7,769,181), and Capital Projects Road Bonds Series 2008B Fund (\$25,932,782). Together, all major funds account for \$172,711,857 (73.2%) of the County's \$236,014,455 in total assets.

The fund balance of the County's General Fund grew by \$9,166,375 during the current fiscal year. Key factors in this growth are as follows:

- The Commissioners' Court, as part of long-range planning, budgeted a \$2,000,000 fund balance increase.
- An increase in the appraised value of real and personal property boosted ad valorem tax revenues \$10,409,290.
- The County has multiple contracts with outside entities for security services through the offices of the Sheriff and the Constables. Increases in the number of contracts generated larger than expected reimbursements from these organizations, resulting in an increase to contract reimbursements of \$838,448 over the past year.

The Road and Bridge Special Revenue Fund has a total fund balance of \$8,662,252 which is reported as \$85,034 reserved for inventory, \$2,099 designated for encumbrances, and \$8,575,119 unreserved, undesignated. The unreserved, undesignated portion of the fund balance increased \$2,639,256 during the current year due to focus by the Commissioners for various capital projects that were paid through the capital projects funds.

The Capital Projects Road Bonds Series 2008B Fund has a fund balance of \$22,612,860 at the end of the fiscal year. The decrease of \$11,123,819 is due to the swift progress of road construction projects throughout the county.

GENERAL FUND BUDGETARY HIGHLIGHTS

The published budget of Montgomery County for fiscal 2009 was prepared on a modified accrual basis, and includes all elements required by Texas Local Government Code Section 111.034, applicable to counties of population more than 225,000 that do not have an appointed County Budget Officer. The original adopted budget of the General Fund includes revenues of \$149,458,482 and expenditures of \$132,019,269. The General Fund's final budget, as amended, contains revenues of \$168,949,372 and expenditures of \$163,160,615.

The following table presents the changes between the original adopted budget and the final budget for the General Fund as of September 30, 2009.

General Fund Budget Variances Year Ended September 30, 2009

| | o | riginal Budget | Final Budget | Variance with Original Budget Ositive (Negative) |

| Fund Balance - Ending | \$ | 43,286,845 | \$ | \$ (11,085,820) |

Final budgeted revenues were higher than originally planned by \$19,490,890. The final amended budget for taxes increased \$986,530 over the original budget due to an aggressive collection effort, which resulted in higher than originally expected collections of current and delinquent taxes, along with the penalties and interest associated with those delinquent taxes. Intergovernmental revenue contained \$7,049,306 more in the final budget than in the original budget. This increase is largely due to the receipt of several large federal and state grants during the year that were not foreseen at the time the original budget was adopted.

The final budget for contract reimbursements was \$5,384,483 more than the original budget. The increase in the anticipated revenue was primarily due to a \$4,622,226 budgeted contract reimbursement for the Community Supervision and Corrections Department's salary and fringe benefits. During the original budget process, Commissioners' Court does not budget for funds that are not at the discretion of

the County to spend. Since this contract reimbursement is earmarked for specific purposes, it is not included in the original budget.

During the course of the fiscal year, the County entered into several contracts for law enforcement services with local agencies. These contracts were also contributing factors to the increase in the budget. An increase of \$5,576,089 in the final budget for inmate housing was due to the Joe Corley Detention Facility operating at a higher capacity than expected, allowing for more federal inmates to be housed at the facility.

The originally unanticipated revenue partially offset the expenditure differences of \$31,141,346 between the original budget and the final amended budget. The general administration function had a final expenditure budget that is \$5,315,324 higher than the original budget. This increase was due in large part to employee health coverage in the County's self-insured benefit plan. Estimated reserves are required for self-insurance programs, which are recorded as they become available. At the time of the original budget process, these amounts were not readily identifiable.

The public facilities function had a final budget \$7,439,928 higher than the original budget. As stated, the Joe Corley Detention Facility has operated at a higher than anticipated occupancy rate, resulting in a need to budget additional operating expenses.

Funds that were originally scheduled in prior fiscal years were not included in the original budget for fiscal year 2009. This practice reflects the County's policy of letting encumbrances lapse at year-end and re-appropriating them in the current year. This policy created increases in the amended budget for carryovers from the prior year in the general administration, judicial, legal services, elections, public facilities, health and welfare, culture and recreation, conservation, public safety, and miscellaneous functions.

A \$14,530,735 increase in the final budget over the original budget for expenditures in the public safety function was the result of several factors, including encumbrance carryovers as mentioned above. Included in the public safety function is the Community Supervision and Corrections Department (CSCD), which is not a County department. However, the County has entered into a contract with the CSCD that enables those employees to participate in the County's employee benefit plan. CSCD reimburses the County 100% of the costs associated with said participation. Management believes inclusion of 100% reimbursed contracts in the original budget would unnecessarily inflate revenues and expenditures because the revenues will always be sufficient to cover the expenditures. The County has elected not to include these amounts in the original, adopted budget each year.

Also contributing to the budgeted variances for the public safety function is the County's participation in several contracts with local agencies for law enforcement services. During the course of the fiscal year, additional interlocal agreements were created with local agencies for the performance of security services. These additional contracts created increased expenditures for the County, but also created an increase in the revenue line supporting the associated expenditure.

The health and welfare function had final budgeted expenditures \$1,667,146 higher than the original budget for expenditures. This function includes a grant that is managed by the University of Texas Medical Branch for the County. The grant is pass-through in nature, ultimately resulting in a corresponding revenue for the expense incurred. To prevent any increase in taxes for the constituents of the County for this grant-funded cost, the expense is not budgeted until the revenue is budgeted, which was after the original budget process.

The increase of expenditures in the final amended budget over the original budget that was not covered by the revenues' increase was reported as a decrease in the final amended budgeted net change in fund balances. This amount was a total variance of \$11,085,820.

The following table presents the differences between the final amended budget and actual expenditures for the General Fund as of September 30, 2009.

General Fund Budget Variances Year Ended September 30, 2009

| Eirol | | Final Budget | | Actual | Variance with Final Budget Positive (Negative) | | | |

| Capital Lease Financing | | 428,465 | | 428,465 | | | | |
| Total Other Financing Sources/(Uses) | | 564,636 | | (15,714,268) | | (16,278,904) | | |
| Net Change in Fund Balances | | 6,353,393 | | 9,166,375 | | 2,812,982 | | |
| Fund Balance - Beginning | | 25,847,632 | | 25,847,632 | | <u> </u> | | |
| Fund Balance - Ending | \$ | 32,201,025 | \$ | 35,014,007 | \$ | 2,812,982 | | |

Actual revenues fell short of budgeted revenues by \$778,338. Although the County received higher than expected fee revenues, which came in \$1,241,239 over the final budget, a decline in interest earnings of \$1,321,562 negated any tangible benefit. Exacerbating this unexpected deficiency, intergovernmental revenues were \$663,328 lower than budgeted. The County's policy for multiple year grants is to budget the entire grant in the year in which it is awarded. In the case of Homeland Security grants, which span multiple County fiscal years, \$3,512,336 was budgeted, of which \$2,362,144 was spent during the fiscal year.

Actual expenditures were \$19,870,224 lower than final budgeted expenditures. The general administration function contributed \$5,103,955 toward that amount. The risk management department of the County is charged with recording costs of various liability and property claims and settlements. During the fiscal year, costs of those claims were significantly lower than had been anticipated at the time of the budget process.

The public facilities function had expenditures that were \$2,160,040 less than was approved in the final amended budget. As fiscal year 2009 was the first full year of operations for the new Joe Corley Detention Facility, the cost savings of freeing bed space at the County's own Jail were higher than anticipated.

All departments in the public safety function of the General Fund expended less than was approved in the final amended budget by \$8,123,576. The difference is primarily due to the fact that grants that span multiple County fiscal years or are awarded late in the fiscal year contain monies that are spent in subsequent years. However, the Sheriff's department's continued difficulty retaining qualified staff also caused public safety to expend less than anticipated.

The miscellaneous function showed actual expenditures less than the final budget by \$3,050,234. This was due in large part to the funding of anticipated salary increases. At the time an increase is approved, the funds are transferred to the appropriate department or function. Therefore, actual expenditures in the miscellaneous function were far less than originally budgeted.

The actual net change in fund balance was \$2,812,982 greater than anticipated with the final budget. This is the result of a reduction in actual expenditures that included sufficient amounts to cover transfers to other funds as well as the decrease in actual revenues. The Jury Special Revenue Fund and the Memorial Library Special Revenue Fund received \$6,182,610 and \$7,700,000, respectively, more than shown in the final budget. In both of these funds, the emphasis is on providing a service. In the case of the Jury Special Revenue Fund, that service is in the form of a court system. The Memorial Library Special Revenue Fund's emphasis is on culture and recreation. These funds are not expected in any year to provide enough revenues to adequately fund their own services. Therefore, it is anticipated that the General Fund will service the expenditures of those funds every year. Transfers in and out simply provide a mechanism to move funds from one self-balancing set of accounts (a fund) to another self-balancing set of accounts.

CAPITAL ASSET AND DEBT ADMINISTRATION

Capital Assets

Montgomery County's investment in capital assets for its governmental activities as of September 30, 2009 amounted to \$637,534,650 (net of accumulated depreciation). This investment in capital assets includes land, buildings, improvements, equipment, infrastructure that was purchased, completed or donated since the fiscal year ending September 30, 1981, and construction in progress.

Major capital asset events during the current fiscal year included the following:

- Additions to land (less deletions) totaled \$1,866,974 and included purchases of land for the Spring Creek Greenway and a new mental health detention facility.
- Additions to the buildings category (less deletions) of \$31,609,390 included a donated building that will be used to provide instruction and training on a variety of horticultural topics to the local community.
- Vehicles, vehicle modifications, and other various equipment items were purchased at a cost of \$4,734,885. To support the County's commitment to law enforcement, 148 in-car video systems were purchased at a cost of \$948,340.
- A variety of projects for both new infrastructure construction and for expansion or updating of existing infrastructure were ongoing during the year. Infrastructure projects completed in 2009 amounted to \$16,490,991 of the overall \$67,952,243 increase to infrastructure.
- Montgomery County is the 34th fastest growing county in the United States and the fourth fastest growing in Texas¹. This brisk growth brings with it a need for vast improvements to a rural

¹ http://www.census.gov

- infrastructure system. Development frequently comes with donations in the form of roads. Infrastructure donations for the year totaled \$51,461,252.
- Projects that were capitalized from ongoing construction throughout the year, including a detention facility, totaled \$36,827,915. Additional expenditures of \$16,349,101 were incurred for construction that was in progress throughout the year.
- Increases in assets were offset by depreciation expense of \$47,268,651.

Montgomery County is in the process of constructing a new Spring Creek Gateway complex in the southern part of the County. This complex furthers the County's efforts of improving services to its citizens in the areas of conservation and local nature preserves. By September 30, 2009, \$241,962 had been spent on the new facility.

Efforts to assist constituents in obtaining services and the County's obligation to provide those services in a rapidly growing county come with many challenges. In 2009, the Commissioner's Court has met some of those challenges by completing construction on a new administration building and an accompanying parking garage. The new administration building now houses the Commissioner's Court Room and County Judge's offices as well as various general administration and financial administration offices. The new administration building also houses Montgomery County Community Development, the County Engineer and Environmental Health. By September 30, 2009, \$19,620,393 had been spent.

The County has committed to multiple road construction projects in fiscal year 2009. In 2005, the voters of Montgomery County approved \$160,000,000 in road bonds to fund road improvements throughout the county. The bonds will be issued in phases to fund road construction as the need arises. The final portion of the original authorized road bonds were issued in the second half of fiscal year 2008. However, there is a continued financial need to achieve completion of the activities.

Additional information on the County's capital assets can be found in Note 7 starting on page 54 of this report.

Long-Term Debt

At September 30, 2009, Montgomery County had total bonded debt outstanding of \$453,043,601. Commissioners' Court continues to keep maturity dates confined to no more than 22 years. Despite turbulent economic conditions, the County was able to maintain an underlying rating by Standard and Poor's Corporation during the current fiscal year of "AA".

The County issues three types of debt; general obligation bonds are approved by the voters of the County while lease-revenue bonds and certificates of obligation are approved by Commissioners' Court. Of the

County's total debt, \$337,600,000 corresponds to general obligation debt, \$43,758,601 is in the form of lease revenue bonds and \$71,685,000 represents certificates of obligation. Montgomery County's total bonded debt had a increase of \$49,382,911 during 2009.

The following table represents the entire long-term debt of the County at September 30, 2009 on a comparative basis.

Montgomery County, Texas Governmental Activities Outstanding Long-Term Debt

| | FY 2009 | FY 2008 |
|----------------------------|----------------|----------------|
| General obligation bonds | \$ 337,600,000 | \$ 285,396,527 |
| Lease revenue bonds | 43,758,601 | 44,834,989 |
| Certificates of obligation | 71,685,000 | 73,180,000 |

| Compensated absences | 8,305,224 | 7,262,318 |
| Arbitrage rebate | - | 355,349 |
| OPEB Liability | 7,968,357 | _ |
| Total | \$ 498,777,660 | \$ 439,396,902 |

Debt activity in 2009 included an issue of \$56,190,000 in general obligation bonds. The County retired \$6,807,089 in debt through scheduled principal payments made during the year.

The County is authorized under Article III, Section 52 of the State Constitution to issue bonds payable from ad valorem taxes for the construction and maintenance of roads. There is no constitutional or statutory limit as to rate on bonds issued pursuant to such constitutional provision. However, the amount of bonds that may be issued is limited to 25% of the assessed valuation of real property in the County. The current debt limitation for the County is \$6,299,203,272, which is significantly in excess of the County's outstanding debt obligation, despite the increases in debt issuance during 2009.

Additional information on Montgomery County's long-term debt can be found in Note 9 beginning on page 56 of this report.

ECONOMIC FACTORS AND NEXT YEAR'S BUDGET AND RATES

- The unemployment rate for the County is currently 7.6%², which is an increase from a rate of 4.7% a year ago. This compares favorably to the State's average unemployment rate of 8.1%³ and the national average rate of 9.8%⁴.
- The Commissioners' Court enacted a small reduction in operating expenses in most departments in response to the depressed economic environment.
- Commissioners' Court did not approve any merit increases in salary in fiscal year 2010.
- Increased demand for law enforcement services propelled Commissioners' Court to bring the annualized budget in the Sheriff's department to \$67,966,902 in fiscal year 2010, up from \$61,836,349 in 2009.
- The estimated debt service obligation increased by \$168,851 in fiscal year 2010 to \$23,191,701.
- Commissioners' Court has made a commitment to increase the County's fund balance by \$1,500,000 during the next fiscal year, as well as increase the fund balance by at least \$1,500,000

in subsequent years. This commitment is intended to provide the County with a strong equity base.

All of these factors were considered in preparing the Adopted Budget of Montgomery County, Texas for the fiscal year ending September 30, 2010.

REQUESTS FOR INFORMATION

This financial report is designed to provide a general overview of Montgomery County's finances for all those with an interest in the government's finances. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to the Montgomery County Auditor, P. O. Box 539, Conroe, Texas 77305-0539.

Reconciliation of the Balance Sheet of the Governmental Funds

to the Statement of Net Assets Year Ended September 30, 2009

| Total fund balances - governmental funds (page 31) | | \$ 165,312,349 |
|--|---------------|-------------------|
| Amounts reported for governmental activities in | | |
| the statement of net assets are different because: | | |
| | | |
| Bond issuance costs are expenditures in the funds but are amortized over the life of the bonds in | | |
| government-wide statements. | | 15,654,796 |
| 50 vormitone vivae statements. | | 10,001,700 |
| Capital assets used in governmental activities are | | |
| not financial resources and therefore are not reported in | | |
| the funds. These capital assets (net of accumulated | | |
| depreciation) consist of: | | |
| Land | 13,758,369 | |
| Buildings | 148,142,034 | |
| Improvements | 14,363,211 | |
| Equipment | 29,123,885 | |
| Infrastructure | 428,884,907 | |
| Construction in Progress | 3,262,244 | |
| Total Capital Assets | | 637,534,650 |
| Other long term assets that were not available to | | |
| pay for current-period expenditures were deferred in the | | |
| funds. These assets consist of fines and fees receivable, | | |
| net of allowance. | | 17,694,398 |
| | | |
| Property taxes earned that are not available to pay for | | |
| current-period expenditures are deferred in the funds. | | 5,551,120 |
| Some liabilities are not due and payable in the current | | |
| period and therefore are not reported in the funds. Those | | |
| liabilities consist of: | | |
| Interest payable | (2,882,766) | |
| Bonds and capital leases payable | (482,504,079) | |
| OPEB Liability | (7,968,357) | |
| Arbitrage payable | - | |
| Compensated absences | (8,305,224) | |
| Total future period liabilities | | (501,660,426) |
| Net assets of governmental activities | | \$ 340,086,887 |

Reconciliation of the Statement of Revenues, Expenditures, and Changes in Fund Balances of the Governmental Funds

to the Statement of Activities Year Ended September 30, 2009

Amounts reported for governmental activities in the statement of activities (page 29) are different because:

| Net change in fund balances - total governmental funds (page 35) | \$ 3,217,716 |
|---|-------------------|
| Governmental funds report capital outlays as expenditures. However, in the statement of activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. This is the amount by which capital outlays exceeded | |
| depreciation in the current period. | (4,283,101) |
| The net effect of various miscellaneous transactions involving capital assets (i.e., sales, trade-ins, seizures, and donations) is to increase | |
| net assets. | 51,414,149 |
| Revenues in the statement of activities that do not provide | |
| current financial resources are not reported as revenues in the funds. | 3,345,305 |
| The issuance of long-term debt (e.g., bonds, leases) provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net assets. Also, governmental funds report the effect of issuance costs, premiums, discounts, and similar items when debt is first issued, whereas these amounts are deferred and amortized in the statement of activities. This amount is the net effect of these differences in the treatment of long-term debt and related items. | (49,986,219) |
| Some expenses reported in the statement of activities do not require the use of current financial resources and, therefore, are not reported as expenditures in governmental funds. | |
| The changes in these expenditures are as follows: | |
| Compensated absences (1,042,906) | |
| Bond interest owed but not yet paid 167,663 | |
| Amortization of debt service (446,111) | |
| Agency fund receivables (84,612) | |
| OPEB Obligation (7,968,357) | (9,374,323) |
| Change in net assets of governmental activities (page 29) | \$ (5,666,473) |

MONTGOMERY COUNTY, TEXAS Notes to the Financial Statements September 30, 2009

NOTE 1- SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

The financial statements of Montgomery County, Texas have been prepared in conformity with generally accepted accounting principles (GAAP) as applied to local government units in the United States of America. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. Following is a summary of the more significant policies.

A) REPORTING ENTITY:

Montgomery County, Texas (the County) was created in 1837. The County is a political subdivision of the State of Texas. The Commissioners' Court, composed of the County Judge and four Commissioners, governs the County. The following services are provided for the citizens: public safety, road and bridge construction and maintenance, health and social services, culture and recreation, public improvements, environmental protection, and administrative services.

In 1991, GASB issued Statement No. 14, *The Financial Reporting Entity*, which established standards for defining and reporting on the financial reporting entity. The discussion that follows sets forth the guidelines for an entity's inclusion in the County's financial statements.

The definition of the reporting entity is based primarily on the notion of **financial** accountability. The elected officials governing Montgomery County are accountable to their constituents for their public policy decisions, regardless of whether those decisions are carried out directly through the operations of the County or by their appointees through the operations of a separate entity. Therefore, the County is not only financially accountable for the organizations that make up its legal entity, it is also financially accountable for legally separate organizations if its officials appoint a voting majority of an organization's governing body and either, it is able to impose its will on that organization or, there is a potential for the organization to provide specific financial benefits to, or to impose specific financial burdens on, the County.

Depending upon the significance of the County's financial and operational relationships with various separate entities, the organizations are classified as blended or discrete component units, related organizations, joint ventures, or jointly governed organizations, and the financial disclosure is treated accordingly.

Blended Component Units- Legally separate entities that either a) have the same governing body as the governing body of the primary government or b) provide services entirely, or almost entirely, to the primary government must be reported in the financial statements of the primary government as blended component units.

Montgomery County Jail Financing Corporation:

The Montgomery County Jail Financing Corporation was created by the Commissioners' Court of the County in September 2006 as a 501(c)2 Title Holding Entity. The Corporation's Board of Directors and Officers are comprised of the members of Commissioners' Court. The Corporation's stated purpose is to provide financing for the construction of an 1,100-bed detention facility, which will subsequently be sold to the County in a lease-purchase transaction.

The Corporation's financial transactions have been reported in the Debt Service Funds and the Capital Project Funds of the County.

Related Organizations— Where the Commissioners' Court is responsible for appointing a majority of the members of a board of another organization, but the County's accountability does

MONTGOMERY COUNTY, TEXAS Notes to the Financial Statements

September 30, 2009

not extend beyond making such appointments, disclosure is made in the form of the relation between the County and such organization.

Montgomery County Emergency Service Districts No. 1-14:

The emergency service districts are organized under the statutes of the State of Texas as political subdivisions of the State to provide protection from fire for life and property. Commissioners' Court appoints a five-member board for each district, and must approve the issuance of any long-term debt for each. Individual boards retain authority to levy taxes and approve or modify annual appropriation budgets. Inasmuch as each district is required by state law to have audited financial statements prepared, and because the exercise of authority by Commissioners' Court is of a compliant nature rather than substantive, these entities are not included in the County's financial statements.

Montgomery County Housing Authority:

The Montgomery County Housing Authority is organized as a public corporation pursuant to Chapter 392 of the Statutes of the State of Texas, Local Government Code. Its stated mission is the development, acquisition, leasing and administration of federally assisted housing programs under the direction of the U.S. Department of Housing and Urban Development. Commissioners' Court appoints a five-member board for the corporation, but may not remove a member at-will. There is also no financial interdependence between the corporation and the County. The corporation issues a separate financial report, which may be obtained from its offices at 521 N. Thompson Street, Conroe, Texas, 77301.

B) IMPLEMENTATION OF NEW STANDARD:

In the current year, the County implemented the following new standard:

GASB Statement No. 45, Accounting and Financial Reporting by Employers for Postemployment Benefits Other Thank Pensions," which established standards for the measurement, recognition, and display of OPEB expense/expenditures and related liabilities (assets) as well as information disclosed in notes to the financial statements or presented as required supplementary information (RSI) in the financial reports of state and local governmental employers. For more information, see Note 14 beginning on page 64.

C) <u>FINANCIAL STATEMENT PRESENTATION</u>, <u>MEASUREMENT FOCUS AND BASIS OF ACCOUNTING:</u>

Government-wide Statements

Government-wide financial statements consist of the Statement of Net Assets and the Statement of Activities. These statements report information on all of the non-fiduciary activities of the primary government and its blended component unit. The effect of inter-fund transfers has been removed from these statements, but continues to be reflected on the fund statements. Governmental activities are supported mainly by taxes and intergovernmental revenues.

The Statement of Activities demonstrates the degree to which the direct expenses of a given function are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function. Program revenues include 1) charges to customers or applicants who purchase, use or directly benefit from goods, services or privileges provided by a given function, and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function. Taxes and other items not properly included in program revenues are reported as general revenues.

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and

Notes to the Financial Statements September 30, 2009

expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Major revenue types, which have been accrued, are district and county clerk fees, justice of the peace fines, revenue from investments, intergovernmental revenue and charges for services. Grants are recognized as revenue when all applicable eligibility requirements are met.

Fund-level Statements

Separate fund financial statements are provided for governmental funds and fiduciary funds even though the latter are excluded from the government-wide financial statements. Major individual governmental funds are reported in separate columns in the fund financial statements. Non-major funds are aggregated into a single column in the fund financial statements. Detailed statements for non-major funds are presented within the Combining and Individual Fund Statements and Schedules.

Governmental fund level financial statements are reported using current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. Measurable and available revenues include revenues expected to be received within 60 days after the fiscal year ends. Receivables which are measurable but not collectible within 60 days after the end of the fiscal year are reported as deferred revenue. Property taxes levied prior to September 30, 2008 that were due October 1, 2008, have been assessed to finance the budget of the fiscal year ending September 30, 2009. In accordance with the modified accrual basis of accounting, the balances outstanding at September 30, 2009, and beyond the 60 days after year end have been reflected as deferred revenue and taxes receivable in the fund financial statements. Property taxes and interest earned as of September 30 and received within 60 days of year end are accrued as income in the current period. Expenditures generally are recorded when a liability is incurred; however, debt service expenditures, claims and judgments, and compensated absences are recorded only when payment is made.

Fiduciary fund level financial statements include fiduciary funds which are classified into private purpose trust and agency funds. The County has only agency funds which are used to account for assets held by the County as an agent for individuals, private organizations, other governments and other funds. Agency funds do not involve a formal trust agreement. Agency funds are custodial in nature (assets equal liabilities) and do not involve measurement of results of operations.

The County reports the following major governmental funds:

The General Fund is the general operating fund of the County and is always classified as a major fund. The General Fund is used to account for all financial resources except those required to be accounted for in another fund. Major revenue sources include property taxes, charges for services, and intergovernmental revenues. Primary expenditures are for general and financial administration, public safety, judicial operations, health and welfare, and capital acquisition.

The Road and Bridge Special Revenue Fund is used to account for rehabilitation, repair and maintenance of the County's roadways and bridges. The Road and Bridge Fund is financed by a designated part of the annual property tax levy, as well as certain statutory fees. Although this fund does not meet the minimum criteria for mandatory major fund reporting for the current year, the County has elected to report it as a major fund to enhance consistency with other years.

Notes to the Financial Statements September 30, 2009

<u>The FEMA Disaster Grants Fund</u> is used to account for grants from the Federal Emergency Management Agency. The purpose of these grants is to assist the County in recovering from federally declared disasters.

The Capital Projects-Road Bonds, Series 2008B Fund is used to account for the final phase of variable rate road construction bonds approved in 2005 by the voters of the County. The bonds were remarketed in 2009 to set a fixed rate of 3%. The \$34,705,000 in proceeds will be used to satisfy the County's obligation under a "pass-through toll" agreement with the State of Texas to improve six specific state-owned roads in the County.

<u>The Capital Projects-Revenue/Tax Bonds, Series 2009 Fund</u> is used to account for fixed rate road construction bonds approved in 2009 by the voters of the County. The \$56,190,000 in proceeds will be used to satisfy the County's obligation under a "pass-through toll" agreement with the State of Texas to improve four specific state-owned roads in the County as well as direct connectors to two additional roads of the state highway system.

The County reports the following nonmajor governmental funds:

<u>Special Revenue Funds</u> are used to account for specific revenue sources (other than capital projects) that are restricted to expenditures for specified purposes. These restrictions exist both externally (by agreement with other entities or by statute) and internally (by policy of Commissioners' Court).

<u>Debt Service Funds</u> are used to account for the receipt and disbursement of funds to retire debt resulting from the issuance of general obligation bonds, certificates of obligation and lease revenue bonds. Financing is provided by a specific annual property tax levy, the investment interest earned thereon and lease payments to the Jail Financing Corporation for the lease purchase of the Joe Corley Detention Facility.

<u>Capital Project Funds</u> are used to account for financial resources to be used for the acquisition or construction of major capital assets and infrastructure. Existing projects include construction of an administration building, parking garage, road construction, airport improvements, and various remodeling plans.

The County reports the following fiduciary funds:

Agency Funds are used to account for assets held by the County as custodian for individuals and other governmental units, such as officials' fee accounts, inmate funds, cash bail bonds, and other similar arrangements.

D) ASSETS, LIABILITIES, AND FUND EQUITY:

1. Cash and Investment

Cash and cash equivalents include amounts in demand deposits as well as bank certificates with a maturity date within three months of the date acquired by the County.

The County is authorized by the Public Funds Investment Act of 1987 to invest idle funds in a) obligations of the United States and its agencies or instrumentalities, b) obligations of the State of Texas, c) obligations of states, agencies, political subdivisions, and municipalities having a rating of not less than A, and d) fully collateralized direct repurchase agreements.

The County reports its investments as required by GASB Statement No. 31 Accounting and Financial Reporting for Certain Investments and for External Investment Pools. Investments

Notes to the Financial Statements September 30, 2009

with a maturity of less than a year at acquisition are reported at amortized cost. Investments in open-end mutual funds are reported at fair value, as determined by the funds' current share prices. This value also approximates cost. Additionally, the County's investments in the state's public funds investment pool are reported at fair value based on the value per share of the pool's underlying portfolio. Historically, the value per share in this public fund investment pool has approximated cost; therefore, the County's investments in this pool are reported at amortized cost.

2. Receivables

Property taxes are recognized as revenues in the period for which they are levied, regardless of the lien date. Property taxes for the County are levied based on taxable value on the lien date of January 1 prior to September 30 of the same year. They become due October 1 of that same year and delinquent after January 31 of the following year. Accordingly, receivables and revenues for prior-year levies delinquent at year end are reflected on the government-wide statement based on the full accrual method of accounting and under the modified accrual method in the fund statements.

Accounts receivable from other governments include amounts due from grantors in regards to approved grants for specific programs and reimbursements for services performed by the County. Program grants are recorded as receivables and revenues at the time all eligibility requirements have been met and reimbursable costs are incurred.

Reimbursements for services performed are recorded as receivables and revenues when they become eligible for accrual in the government-wide statements. Included are fines and costs assessed by court action and billable services for certain contracts.

Receivables are shown net of an allowance for uncollectibles.

3. Inter-fund Transactions

Outstanding balances of lending and borrowing type activities between funds are classified as "due from other funds" and "due to other funds," respectively, on the fund financial statements. Inter-fund activity has been eliminated for the government-wide statements.

4. Inventories and Prepaid Items

Inventory is valued at cost using the first-in, first-out (FIFO) method. Inventory in the Road and Bridge Fund consists of expendable paving materials held for consumption in accordance with several contracts. The cost is recorded as an expenditure at the time individual inventory items are consumed.

Certain payments to vendors reflect costs applicable to future accounting periods and recorded as prepaid items in both government-wide and fund financial statements.

In the fund financial statements, reported inventories and prepaid items are offset by a reservation of fund balance, which indicates they do not represent "available spendable resources" even though they are a component of current assets.

5. Capital Assets

Capital assets, which include land, buildings, improvements, equipment, infrastructure, and construction in progress, are reported in the government-wide financial statements. By policy of the Commissioners' Court, acquisitions are capitalized when they cost at least \$1,000 and have a useful life in excess of five years. Buildings and building improvements require a cost of at least \$5,000 and a useful life in excess of 5 years. The policy applied to

Notes to the Financial Statements September 30, 2009

infrastructure acquisitions requires a cost of at least \$10,000 and a useful life in excess of five years. Infrastructure assets include county-owned roads, drainage improvements, bridges, signals, and runways. Capital assets are recorded at historical cost if purchased or constructed. Donated capital assets are recorded at estimated fair market value on the date of donation.

The costs of normal maintenance and repair that do not add to the value of the asset or materially extend the asset's life are expensed rather than capitalized.

Capital assets, including infrastructure, are depreciated using the straight-line method over the following estimated useful lives (in years):

| <u>Assets</u> | Years |
|----------------|--------------|
| Buildings | 5-50 |
| Improvements | 5-30 |
| Equipment | 5-15 |
| Infrastructure | 5-50 |

6. Payables

Amounts due to suppliers for trade purchases and amounts due to employees for salaries and benefits are presented on both the government-wide statements and the fund statements as accounts payable. Amounts due to various contractors for funds previously deducted from construction draws are presented as retainage payable. Both categories represent current liabilities.

7. Deferred Revenue

The County records deferred revenue for uncollected taxes, received but unearned grant revenues and other miscellaneous fee revenues in the fund financial statements. In the government-wide statements, tax revenues are not deferred, but are recognized in the year of levy.

8. Long-term Obligations

In the government-wide financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities. Bond premiums and discounts, as well as issuance costs, are deferred and amortized over the life of the bonds using the straight-line method. Bonds payable are reported net of the applicable bond premium or discount. Bond issuance costs are reported as deferred charges and amortized over the term of the related debt.

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

9. Compensated Absences

A liability for unused vacation and compensatory time for all full-time regular employees is calculated and reported in the government-wide financial statements. For financial reporting purposes, the following criteria have been applied in considering the accrual of the liability associated with compensated absences: a) leave or compensation is attributable to services

Notes to the Financial Statements September 30, 2009

already rendered, and b) leave or compensation is not contingent on a specific event (such as illness).

GASB Interpretation No. 6 indicates that liabilities for compensated absences should only be recognized in the fund statements to the extent the liabilities have matured and are payable out of current available resources. Compensated absences are accrued in the government-wide statements.

Each full-time regular employee earns ten days of excused leave per year, and from ten to twenty-five days of vacation time may be earned per year. A maximum of sixty days for excused leave may be accrued, and for those employees hired prior to September 1987, the number of days of excused leave accrued at September 30, 1987, may be paid only upon retirement. A maximum of twenty-five days of vacation may be accrued, and is paid upon retirement, resignation, or discharge from the County. Compensatory time is earned in accordance with the provisions of the Fair Labor Standards Act, as it applies to government employees.

10. Arbitrage Rebate

The Tax Reform Act of 1986 established regulations for the rebate to the federal government of arbitrage earnings on local government bonds. Issuing governments must calculate any rebate due and remit the amount due at least every five years. There were no arbitrage rebate payments made during fiscal year 2009.

11. Net Assets/Fund Balance (reserved, restricted)

For the government-wide financial statements, restricted net assets represent externally imposed restrictions by creditors, grantors, contributors or laws or regulations of other governments. They may also represent restrictions imposed by law through constitutional provisions or enabling legislation.

For the fund financial statements, reserved fund balances represent those portions of fund equity not available for appropriation or that are legally segregated for a specific future use. Fund reservations include debt service, capital projects, prepaid items, and inventories.

Generally, resources that are *reserved* in the fund financial statements are broader in scope than resources that are *restricted*. However, in some instances, there may be some resources that would be considered restricted in the government-wide financial statements, but not considered reserved in the fund financial statements.

12. Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and the disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

NOTE 2- RECONCILIATION OF GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS:

The governmental fund statement of revenues, expenditures, and changes in fund balances includes a reconciliation between **net changes in fund balances** – **total governmental funds** and **changes in net assets of governmental activities** as reported in the government-wide statement of activities. Several of the elements of that reconciliation are more fully explained below.

Notes to the Financial Statements September 30, 2009

"Governmental funds report capital outlays as expenditures. However, in the statement of activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense." The details of this difference are as follows:

| Capital outlay | \$ 43,500,962 |
|---|-------------------|
| Depreciation expense | (47,784,063) |
| Net adjustment to decrease net changes in fund balances- | |
| total governmental funds to arrive at changes in net assets | |
| of governmental activities | \$ (4,283,101) |
| "The net effect of various miscellaneous transactions involving capital assets (seizures, and donations) is to increase net assets." The details of this difference | |
| In the statement of activities, only the gain on the sale of capital assets is | |
| reported. However, in the governmental funds, the proceeds from the sale | |
| increase financial resources. Thus, the change in net assets differs from the | |
| change in fund balance by the cost of the capital assets sold. | \$ 163,446 |
| The acquisition of capital assets by seizure and by donations increase net assets in the statement of activities, but do not appear in the governmental funds | |

Net adjustment to increase net changes in fund balances-total governmental funds to arrive at changes in net assets of governmental activities \$ 51,414,149

"The issuance of long-term debt (e.g., bonds, leases) provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net assets. Also, governmental funds report the effect of issuance costs, premiums, discounts, and similar items when debt is first issued, whereas these amounts are deferred and amortized in the statement of activities." The details of this difference are as follows:

51,250,703

Debt issued or incurred:

because they are not financial resources.

| Deat issued of incurred: | | |
|--|----|--------------|
| Issuance of general obligation bonds | \$ | (56,190,000) |
| Premium on bonds issues, net | | (3,513,538) |
| Capital lease financing | | (1,133,148) |
| Issuance Costs for new debt | | 1,265,499 |
| Principal repayments: | | |
| General obligation debt | | 5,062,915 |
| Accreted Interest | | 249,174 |
| Certificates of obligation debt | | 1,495,000 |
| Capital leases | _ | 2,777,879 |
| | | |
| Net adjustment to increase net changes in fund balances-total governmental | | |
| funds to arrive at changes in net assets of governmental activities | \$ | (49,986,219) |

Notes to the Financial Statements September 30, 2009

"Some expenses reported in the statement of activities do not require the use of current financial resources and, therefore, are not reported as expenditures in governmental funds." The details of this difference are as follows:

| Compensated absences | \$ (1,042,906) |
|--|-------------------|
| Accrued interest | 167,662 |
| Amortization of gain on refunding bonds | 191,595 |
| Amortization of accrued interest on refunding bonds | (670,753) |
| Amortization of issuance costs | (493,827) |
| Amortization of bond discounts | (22,249) |
| Amortization of bond premiums | 549,123 |
| Reduction of receivable for reimbursement of county expenditures | (84,612) |
| Other Post Employment Benefits | (7,968,357) |
| Net adjustment to decrease net changes in fund balances- | |
| total governmental funds to arrive at changes in net assets | |
| of governmental activities | \$ (9,374,324) |

NOTE 3- STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY:

A) BUDGETS AND BUDGETARY ACCOUNTING:

The budget law of the State of Texas provides that "the amounts budgeted for the current expenditures from the various funds of the County shall not exceed the balances in said funds plus the anticipated revenues for the current year for which the budget is made as estimated by the County Auditor." In addition, the law states that the Commissioners' Court "may, upon proper application, transfer an existing budget surplus during the year to a budget of like kind and fund, but no such transfer shall increase the total of the budget."

The budget is prepared by the County Auditor and adopted by the Commissioners' Court following departmental budget reviews and a public hearing. A copy of the budget must be filed with the Clerk of the County Court and made available to the public. The Commissioners' Court must provide for a public hearing on the budget on some date within ten calendar days after the filing of the budget and prior to its adoption.

The budget is legally adopted by an order of the Commissioners' Court on a basis consistent with generally accepted accounting principles. The legal level of control (as set forth by statute) is total resources as appropriated to each fund. Any expenditure that alters the total budgeted amounts of a fund must be approved by Commissioners' Court, and the budget amended. The annual budget is monitored and reported in the financial statements at the *function* level, as management believes that this provides for a more thorough disclosure of the County's operations. In addition, management files notice of all line item transfers for public record.

For fiscal year 2009, formal budgets were adopted for the General Fund, the Special Revenue Funds, and the Debt Service Fund. Formal budgetary integration is not employed for Capital Project Funds, and legal budgets are not adopted, because budgetary control is achieved through legally binding construction contracts. All appropriations lapse at fiscal year end with the exception of grant awards and certain ongoing projects.

The Commissioners' Court may approve expenditures as an amendment to the budget to meet an unusual and unforeseen condition that could not have been included in the original budget through the use of reasonably diligent thought and attention. Such expenditures would include

Notes to the Financial Statements September 30, 2009

the re-appropriation of approved but unexpended amounts for encumbrances, grants, and certain projects from the previous fiscal year. In fiscal 2009, budget amendments totaling \$17,594,705 were approved that met these criteria.

The Commissioners' Court may also adopt a supplemental budget for the limited purpose of spending proceeds that become available for disbursement in a fiscal year, but are not included in the budget for that budget year. Included in this category are public or private grants or aid money, revenue from intergovernmental contracts, and proceeds from the issuance of debt. In fiscal 2009, supplemental appropriations were approved in the amounts of \$28,578,077, \$5,384,483, and \$1,133,148 for grants received, intergovernmental contracts executed, and capital leases approved, respectively.

NOTE 4- DEPOSITS AND INVESTMENTS:

A) DEPOSITS:

Custodial Credit Risk – deposits. In the case of deposits, this is the risk that in the event of a bank failure, the government's deposits may not be returned to it. The County does not have a policy for custodial credit risk. As of September 30, 2009, the County's bank balance (collected funds) was \$41,779,355. At that same date, none of the County's bank balance was exposed to custodial credit risk since the County's deposits were insured and collateralized by securities pledged by the depository and held by third party agents of the County in the County's name.

B) INVESTMENTS:

As of September 30, 2009, the County had the following investments:

| | Fair | Weighted Average |
|-----------------------------------|---------------|---------------------|
| Investment Type | Value | Maturity (in years) |
| State's Investment Pool (TEXPOOL) | \$ 11,354,253 | 0.18 |
| Lone Star Investment Pool | 15,841,130 | 0.12 |
| Money Market Mutual Fund (ICT) | 72,252,505 | 0.14 |
| Money Market Mutual Fund (BPIF) | 7,969,318 | 0.13 |
| Money Market Mutual Fund (AIM) | 39,434,440 | 0.12 |
| Total Investments | \$146,851,646 | |

The County invested idle funds in a) the Government Portfolio of Investors' Cash Trust, b) the Trust for Federal Securities (T-Fund - October 1, 2008 through February 8, 2009 and FedFund – February 9, 2009 through September 30, 2009) with BlackRock Provident Institutional Funds, and c) the Short-Term Investments Trust (STIT) Government and Agency Portfolio with AIM Funds. These mutual funds share several characteristics that have a positive effect on the safety of the County's funds, including:

- SEC registration and regulation,
- AAAm rating by Standard and Poor's,
- Limitations on investments to direct obligations of the US Treasury, US agencies, and its instrumentalities, and repurchase agreements collateralized by same,
- An average weighted maturity that is less than 90 days (0.25 years), and
- A portfolio valuation of net assets that is maintained at \$1 per share.

In September 2008, the U.S. Treasury Department announced the establishment of a temporary guaranty program for the U.S. money market designed to enhance market confidence by maintaining the standard \$1 net asset value. Participation in the program provides additional assurance to stakeholders of money market funds about the safety of their fund investments.

Notes to the Financial Statements September 30, 2009

Through September 19, 2009, the U.S. Treasury insured the holdings of any publicly offered eligible money market mutual fund. All mutual funds that the County has invested funds with participated in the temporary guaranty program through the date of its expiration.

Additionally, funds were invested in the Texas Local Government Investment Pool (TexPool) and Lone Star Investment Pool. These external investment pools were created in conformity with certain acts in the Government Code of the Texas Civil Statutes. The financial operations of the pools are managed by third-party investment services and oversight is provided by the Comptroller of Public Accounts of the State of Texas, along with a statewide advisory board. Although these pools are not SEC-registered, they adhere to the same standards as money market mutual funds for limitations on its investments, the length of its average weighted maturity, and the valuation of its net assets.

Custodial credit risk – investments. For an investment, this is the risk that, in the event of the failure of the counterparty, the government will not be able to recover the value of its investments or collateral securities that are in possession of an outside party. While the County does not have an investment policy for custodial credit risk, there is no need for such policy because of the nature of the County's investments. A third party institution is required to hold the insured, registered securities underlying the county's investments in a safekeeping account in the County's name.

Interest rate risk. In accordance with its written investment policy, the county manages its exposures to declines in fair value by limiting the maturity of its investments to less than one year at the time of purchase.

Credit risk. While state statutes allow for additional investments, the County's formal investment policy authorizes the County to only invest in the following:

- Obligations of the U.S. Treasury and Governmental Agencies,
- Time deposits,
- Negotiable Order of Withdrawal (NOW) Accounts,
- Investment Pools rated AAA or AAAm by at least 1 nationally recognized rating service.
- Certificates of Deposit, and
- Money Market mutual funds.

As stated above, Standard and Poor's has rated the state's investment pool and the three mutual funds AAAm.

Concentration of credit risk. The County's investment policy does not have any provisions regarding the amount that may be invested in any one issuer. However, the Investment Committee regularly reviews that saturation for anything in excess of 25%. At September 30, 2009, none of the County's total direct invested amounts were in Federal National Mortgage Association, Federal Farm Credit Bank, or Federal Home Loan Bank.

NOTE 5- PROPERTY TAXES:

The County Tax Assessor-Collector bills and collects property taxes. Revenues are recognized in the Governmental Funds when levied to the extent that they result in current receivables. Property taxes are levied (assessed) and payable on October 1. They attach as an enforceable lien on property as of January 1 of the following year and become delinquent on February 1.

The County is permitted by the Texas State Constitution (Article VIII, Section 9) and statutes to levy taxes of up to \$0.80 per \$100 of assessed valuation for general governmental services and the payment of long-term debt. The combined current tax rate for the year end was \$0.4838 per \$100, which means that the County has a tax margin of \$0.3162 per \$100, and could raise up to

Notes to the Financial Statements September 30, 2009

\$95,918,723 in additional taxes from the present assessed valuation of \$30,334,826,908 before the limit is reached.

The thirty years' property taxes receivable at September 30, 2009, as reported by the Tax Assessor-Collector are presented as follows:

| | Taxes | Less: Allowance | Net Taxes |
|--------------------------------|-------------|--------------------|-------------|
| | Receivable | for Uncollectibles | Receivable |
| General Fund | \$4,357,319 | \$ 87,146 | \$4,270,173 |
| Road & Bridge Fund | 604,658 | 12,093 | 592,565 |
| Nonmajor Special Revenue Funds | 958,777 | 19,175 | 939,602 |
| Total Receivable | \$5,920,754 | \$118,414 | \$5,802,340 |

NOTE 6- DUE FROM OTHER GOVERNMENTS:

Amounts due from other governments arise from funding received from federal and state grants, as well as interlocal agreements with local governments. At September 30, 2009, the following amounts were recorded as due to the County:

| | Federal | State | Local | Total |
|----------------------------|--------------|-------------|-------------|--------------|
| General Fund | \$7,258,340 | \$ 822,240 | \$ 963,151 | \$9,043,731 |
| Special Revenue Funds | 8,396,621 | 409,539 | 109,425 | 8,915,585 |
| Capital Project Funds | | 8,500,434 | | 8,500,434 |
| Total Due from Governments | \$15,654,961 | \$9,732,213 | \$1,072,576 | \$26,459,750 |

NOTE 7- CAPITAL ASSETS:

A) CHANGES IN CAPITAL ASSETS FOR YEAR ENDED SEPTEMBER 30, 2009:

| Governmental Activities | Beginning Balance | Additions (1) | Deletions (1) | Ending Balance |
|------------------------------|----------------------|--------------------|----------------|-------------------|
| Land | \$ 11,891,395 | \$ 2,164,121 | \$ (297,147) | \$ 13,758,369 |
| Construction in Progress | 23,741,057 | 23,699,168 | (44,177,981) | 3,262,244 |
| Total Capital Assets | | | | |
| not being depreciated | 35,632,452 | 25,863,289 | (44,475,128) | 17,020,613 |
| Buildings | 154,560,008 | 31,652,226 | (42,836) | 186,169,398 |
| Improvements | 14,730,266 | 6,915,507 | (10,950) | 21,634,823 |
| Equipment | 69,119,596 | 8,996,106 | (4,261,221) | 73,854,481 |
| Infrastructure | 965,012,336 | 68,585,997 | (633,754) | 1,032,964,579 |
| Total Capital Assets | | | | |
| being depreciated | 1,203,422,206 | <u>116,149,836</u> | (4,948,761) | 1,314,623,281 |
| Less accumulated | | | | |
| depreciation for: | | | | |
| Buildings | (32,591,187) | (5,473,708) | 37,531 | (38,027,364) |
| Improvements | (5,791,196) | (1,371,488) | (108,928) | (7,271,612) |
| Equipment | (38,203,788) | (8,700,207) | 2,173,399 | (44,730,596) |
| Infrastructure | (572,064,888) | (32,238,660) | 223,876 | (604,079,672) |
| Total Capital Assets, net of | | | | |
| Accumulated depreciation | \$590,403,599 | \$94,229,062 | \$(47,098,011) | \$637,534,650 |

⁽¹⁾ Amounts representing transfers between categories are included in the columns for both additions and deletions.

Notes to the Financial Statements September 30, 2009

B) DEPRECIATION EXPENSE:

Depreciation expense on capital assets is recorded in the Government-wide financial statements, but not in the Fund financial statements. For the year ended September 30, 2009, the County charged depreciation expense to functions/programs as follows:

| Governmental activities: | • |
|--|-------------------|
| General Administration | \$ 2,222,703 |
| Judicial | 206,682 |
| Legal Services | 115,442 |
| Elections | 398,745 |
| Financial Administration | 30,072 |
| Public Facilities | 4,270,504 |
| Public Safety | 5,463,399 |
| Health and Welfare | 292,622 |
| Culture and Recreation | 1,582,735 |
| Conservation | 26,698 |
| Public Transportation | 33,174,461 |
| Total depreciation expense-governmental activities | \$ 647,784,063 |

C) CONSTRUCTION COMMITMENTS:

The County has entered into contracts for the construction, renovation, and improvement of real property. The following projects were in progress at September 30, 2009:

| Project | Status | Commitment | Paid to Date |
|-------------------------|------------------------|---------------|---------------|
| Various Road Projects | Under construction | \$235,580,628 | \$181,398,753 |
| Airport Improvement | Under construction | 25,903,830 | 19,434,614 |
| Park Improvements | Under construction | 13,510,000 | 11,522,701 |
| Building Remodelings | Underway | 12,417,416 | 10,265,770 |
| Ed Chance Annex | Under construction | 3,200,000 | 1,805,608 |
| Alan B. Sadler | | | |
| Administration Building | Substantially complete | 12,373,947 | 11,854,776 |
| Parking Garage | Substantially complete | 9,500,000 | 9,242,594 |
| | Total | \$312,485,821 | \$245,524,816 |

NOTE 8- DISAGGREGATION OF PAYABLE BALANCES:

A) DUE TO OTHER GOVERNMENTS:

The County records certain amounts due to other governments as a result of operating contracts and overpayment of certain grant funds. At September 30, 2009, the following amounts were due to other governments:

| Fund | Local | Total |
|---------|-------------|--------------|
| General | \$2,013,671 | \$ 2,013,671 |

B) DEFERRED REVENUES:

The County reports deferred revenues in the governmental funds that consist of two categories: a) receivables for revenues that are not considered to be available to liquidate liabilities of the current period, and b) resources that have been received, but not yet earned.

Notes to the Financial Statements September 30, 2009

At the end of September 2009, deferred revenues were presented as follows:

| Fund | | Property Taxes | Unearned Fees | Total Deferred Revenues | |
|----------------|-------|-------------------|------------------|--------------------------------|--|
| General | | \$ 4,073,380 | \$ 3,386,106 | \$ 7,459,486 | |
| Road & Bridge | | 599,364 | - | 599,364 | |
| FEMA | | • | 17,169 | 17,169 | |
| Other Nonmajor | | 878,376 | 361,964 | 1,240,340 | |
| - | Total | \$ 5,551,120 | \$ 3,765,239 | \$ 9,316,359 | |

NOTE 9- LONG-TERM DEBT:

General long-term debt consists of general obligation bonds, lease-revenue bonds, certificates of obligation, the County's accrued liability for compensated absences and compensatory time, capital leases, and arbitrage due the federal government. Principal and interest payments on the County's bonded debt, in general, are secured by ad valorem property taxes levied on all taxable property within the County. The lease-revenue bonds are secured by a pledge of future revenues to be earned under an agreement between the County and the Montgomery County Jail Financing Corporation. Payments are recorded in the appropriate Debt Service Funds.

A) BONDED DEBT:

A summary of the long-term bonded debt, at September 30, 2009 is presented:

| | Interest Rate (%) | Issue Date | Maturity Date | Bonds Outstanding |
|-------------------------------------|----------------------|---------------|------------------|----------------------|
| GENERAL OBLIGATION BONDS: | | | | |
| Permanent Improvement, Series 2000 | 4.50-5.25 | 2000 | 2020 | \$ 300,000 |
| Road Bonds, Series 2002A | 4.00-4.50 | 2002 | 2022 | 6,330,000 |
| Refunding Bonds, Series 2002B | 3.00-4.50 | 2002 | 2011 | 995,000 |
| Road Bonds, Series 2003A | 5.00 | 2003 | 2026 | 12,595,000 |
| Library Bonds, Series 2003B | 2.00-4.75 | 2003 | 2026 | 8,880,000 |
| Refunding Bonds, Series 2005 | 4.00-5.00 | 2005 | 2020 | 43,225,000 |
| Road Bonds Fixed Rate, Series 2006A | 3.75-5.00 | 2006 | 2027 | 47,250,000 |
| Road Bonds Adj. Rate, Series 2006B | 5.00 | 2006 | 2030 | 63,750,000 |
| Refunding Bonds, Series 2007 | 4.00-5.50 | 2007 | 2026 | 41,495,000 |
| Lease Revenue Bonds, Series 2007 | 4.00-5.00 | 2007 | 2026 | 43,758,601 |
| Road Bonds Fixed Rate, Series 2008A | 3.50-5.00 | 2008 | 2030 | 12,030,000 |
| Refunding Bonds, Series 2008 | 3.50-5.00 | 2008 | 2018 | 9,855,000 |
| Road Bonds Adj. Rate, Series 2008B | 3.00-6.00 | 2008 | 2032 | 34,705,000 |
| Pass Through Toll Revenue and | 3.00-5.00 | 2009 | 2032 | 56,190,000 |
| Limited Tax Bonds, Series 2009 | | | | |
| TOTAL GENERAL OBLIGATION B | ONDS PAYA | BLE | | \$381,358,601 |
| | | | | |
| CERTIFICATESOF OBLIGATION: | | | | |
| Series 2001 | 4.65 | 2001 | 2011 | \$ 600,000 |
| Series 2003 | 2.00-4.75 | 2003 | 2022 | 10,295,000 |
| Series 2004 | 3.00-4.60 | 2004 | 2020 | 2,045,000 |
| Series 2006 | 3.75-5.00 | 2006 | 2027 | 25,745,000 |
| Series 2007 | 4.00-4.63 | 2008 | 2027 | 9,210,000 |
| Series 2008 | 3.50-5.25 | 2008 | 2027 | 23,790,000_ |
| TOTAL CERTIFICATES OF OBLIG | ATION | | | \$ 71,685,000 |
| TOTAL BONDED DEBT | | | | \$453,043,601 |

Notes to the Financial Statements September 30, 2009

All of the County's outstanding bonded debt is assigned a fixed rate of interest, with the exception of portions of the Series 2006B Road Bonds. The Series 2006B bonds were issued with a variable rate of interest, initially set at 5.0%. The term rate set by the remarketing agent (Goldman, Sachs and Co.) for the Series 2006B Road Bonds was set at 5.0% on September 2, 2008 and will be set again in September 2010.

B) CHANGES IN LONG-TERM DEBT:

The following schedule illustrates changes in long-term debt for the year ended September 30, 2009. Reductions to general obligation bonds include an annual accretion reduction of capital appreciation bonds in the amount of \$249,174. For each category, management has presented the portion that will be due within one year.

| Governmental Activities: | Beginning Balance | Additions | Reductions | Ending Balance | Due Within One Year |
|-----------------------------|----------------------|--------------|----------------|-------------------|---------------------------|
| Bonds payable: | | | | | |
| General Obligation | \$330,480,690 | \$56,190,000 | \$(5,312,089) | \$381,358,601 | \$6,361,900 |
| Certificates of obligation | 73,180,000 | - | (1,495,000) | 71,685,000 | 1,555,000 |
| Less deferred amounts: | | | | | |
| Issuance discounts | (378,521) | - | 22,249 | (356,272) | (22,275) |
| Unamortized premiums | 9,443,179 | 3,513,538 | (549,123) | 12,407,594 | 764,752 |
| Total bonds payable | 412,725,348 | 59,703,538 | (7,333,963) | 465,094,923 | 8,659,377 |
| Capital leases | 19,053,887 | 1,133,148 | (2,777,879) | 17,409,154 | 2,594,897 |
| Arbitrage Rebate | 355,349 | - | (355,349) | - | - |
| OPEB Obligation | - | 7,968,357 | - | 7,968,357 | - |
| Compensated absences | 7,262,318 | 5,426,300 | (4,383,394) | 8,305,224 | 4,729,574 |
| Total Long-term Liabilities | \$439,396,902 | \$74,231,343 | \$(14,850,585) | \$498,777,660 | \$15,983,848 |

At year end, \$1,186,373 of special revenue funds compensated absences are included in the above amounts. The remaining balance (\$7,118,851) will be liquidated by the general fund. This follows the prior year allocation of liability between operating funds.

C) ANNUAL DEBT SERVICE REQUIREMENTS TO MATURITY:

The following table lists the amounts required to amortize bonded debt, by debt type.

| | General Obligation Bonds | | Revenue Bonds | | Certificates of | of Obligation |
|-----------|--------------------------|---------------|---------------|---------------|-----------------|---------------|
| Maturity | Principal | Interest | Principal | Interest | Principal | Interest |
| 2010 | \$ 4,860,000 | \$ 16,365,754 | \$ 1,501,900 | \$ 1,941,581 | \$ 1,555,000 | \$ 3,280,674 |
| 2011 | 6,345,000 | 15,893,958 | 1,569,862 | 1,873,619 | 3,390,000 | 3,184,330 |
| 2012 | 9,485,000 | 15,543,136 | 1,640,899 | 1,802,582 | 3,195,000 | 3,051,035 |

| 2020-2024 | 69,185,000 | 47,641,843 | 12,796,950 | 4,420,451 | 22,475,000 | 6,296,942 |
| 2025-2029 | 95,080,000 | 28,928,538 | 12,484,458 | 1,289,463 | 14,640,000 | 1,054,328 |
| 2030-2032 | 63,340,000 | 4,629,387 | | | - | - |
| Total | \$337,600,000 | \$223,088,989 | \$ 43,758,601 | \$ 21,667,526 | \$ 71,685,000 | \$ 34,004,475 |

D) PRIOR YEAR DEFEASANCE OF DEBT:

In prior years, the County defeased multiple debt issues by creating separate irrevocable trust funds. New debt was issued and the proceeds were used to purchase U.S. government securities that were placed in the trust funds. The investments and fixed earnings from the investments are sufficient to fully service the defeased debt until it is called or matures. For financial reporting purposes, the debt has been considered defeased and therefore removed from the government-wide financial statements.

Notes to the Financial Statements September 30, 2009

E) As of September 30, 2009, defeased but outstanding debt from prior year refunding transactions consisted of the following:

| Series | | Amount | | |
|--|----|------------|--|--|
| Library and Refunding Bonds, Series 1992 | \$ | 1,600,000 | | |
| Certificates of Obligation, 1996 | | 1,310,000 | | |
| Certificates of Obligation, 1997 | | 2,040,000 | | |
| Refunding Bonds, 1997 | | 3,822,847 | | |
| Certificates of Obligation, 1997A | | 6,315,000 | | |
| Certificates of Obligation, 1998 | | 13,990,000 | | |
| Permanent Improvement Bonds, Series 2000 | | 12,300,000 | | |
| Road Bonds, Series 2002A | | 17,245,000 | | |
| Road Bonds, Series 2003A | | 11,405,000 | | |
| Road Bonds, Series 2004 | | 10,205,000 | | |
| Total Defeased but Outstanding | \$ | 80,232,847 | | |

F) FUTURE BORROWING:

Montgomery County entered into a contract with the Texas Department of State Health Services to construct a mental health treatment facility. In late spring 2010, the County will issue approximately \$31.2 million in combination limited tax and revenue bonds to fund construction and equipping of the facility. At this time, the County expects that funds to retire this debt will come from a special appropriation approved by the State.

Additionally, Montgomery County intends, in early summer 2010, to issue approximately \$31 million in pass-thru toll revenue and limited tax bonds to fund the completion of projects included in the previously mentioned pass-thru agreement with the State of Texas. The County is hopeful that the pass-thru toll revenue stream to be received from the State will be sufficient to service the debt on these bonds.

It is also the anticipation of the County to request financing in the amount of \$3 million to construct a community building in Montgomery Texas. The structure will house several social service agencies, providing required services to the western part of the county. The financing is anticipated to be retired over the course of ten years with funding to be received from HUD in the form of Community Development Block Grants.

G) CONDUIT DEBT OBLIGATIONS:

Montgomery County Industrial Development Corporation and Harris County Health Facilities Development Corporation issued bonds to provide financial assistance to private and public sector entities engaged in activities that are deemed to be in the public interest. These bonds are obligations of the issuing entities payable solely from the proceeds of the underlying financing agreements and, in the opinion of legal counsel, do not represent indebtedness or liability to the issuing entity, to Montgomery County, Texas, to the State of Texas, or to any political subdivision; therefore, they are not reported as liabilities in the County's financial statements.

Montgomery County Industrial Development Corporation— The corporation issues industrial revenue bonds that promote and encourage employment and public welfare. As of September 30, 2009, there were fourteen series of bonds outstanding. The aggregate principal amount payable for the bonds issued prior to December 15, 1995, could not be determined; however, the original issues totaled \$44,895,000. The bonds will be repaid from sources defined in underlying financing agreements between the corporation and the entities for whose benefit the bonds were issued.

Notes to the Financial Statements September 30, 2009

Harris County Health Facilities Development Corporation— The corporation issues bonds if there is a public benefit or purpose that is necessary or convenient for health care, research, or education. Its activity is included in this disclosure because its bonds have been issued for the benefit of organizations located in Montgomery County. As of September 30, 2009, there were fifty-two (52) series of bonds outstanding with an aggregate principal payable of \$4,419,535,000. The bonds will be repaid from sources defined in the various underlying financing agreements between the corporation and the entities for whose benefit the bonds were issued.

H) CAPITAL LEASES:

The County has entered into capital lease agreements for the lease/purchase of certain heavy road equipment, vehicles, and a building. Equipment with a value of \$1,133,148 was acquired during the current fiscal year under capital leases and recorded in the Capital Assets portion of the government-wide financial statements. Depreciation expense for these assets is included as part of the depreciation expense detailed in Note 7. The lease agreements are classified as capital leases because title passes to the County at the end of the lease term, and are included as leases payable in the Long-Term Debt portion of the government-wide statements. The present value of future minimum capital lease payments at September 30, 2009 and the funds from which they will be paid are as shown below:

| Year | General | Special Revenue | | |
|--------------------------------------|--------------|-----------------|--|--|
| Ending | Fund | Funds | | |
| 2010 | \$2,730,846 | \$ 474,347 | | |
| 2011 | 2,675,429 | 376,343 | | |
| 2012 | 1,880,933 | 751,729 | | |
| 2013 | 1,771,416 | 665,374 | | |
| 2014 | 1,771,416 | 95,543 | | |
| 2015-2018 | 7,085,663 | | | |
| Total Minimum Lease Payments | 17,915,703 | 2,363,336 | | |
| Less: amount representing interest | 2,688,899 | 180,984 | | |
| Present value-minimum lease payments | \$15,226,804 | \$ 2,182,352 | | |

NOTE 10- INTER-FUND RECEIVABLES, PAYABLES, AND TRANSFERS:

A) DUE FROM/DUE TO OTHER FUNDS:

Activity between funds that represents the current portion of lending/borrowing and inter-fund charges for goods and services arrangements outstanding at fiscal year end are referred to as "due from/due to other funds." Inter-fund balances are expected to be repaid within one year from the date of the financial statements, and are routine in nature.

The composition of inter-fund balances as of September 30, 2009 was as follows:

| | Receivables | Payables |
|------------------------------|---------------|---------------|
| General Fund | \$ 6,926,788 | \$ 20,634,201 |
| Road and Bridge Fund | 2,415,393 | 1,480,845 |
| FEMA Disaster Grant Fund | - | 7,354,866 |
| Non-major Governmental Funds | 21,460,343 | 1,332,612 |
| Total | \$ 30,802,524 | \$ 30,802,524 |
| | | |

Notes to the Financial Statements September 30, 2009

B) TRANSFERS:

Transfers are used to a) move revenues from the fund that the statute or budget requires to collect them to the fund that the statute or budget requires to expend them, b) move receipts from bond refundings and residual balances from capital project funds to the Debt Service Fund to pay debt obligations, and c) use unrestricted revenues collected in the General Fund to finance various programs accounted for in other funds in accordance with budgetary authorizations. Inter-fund transfers for the year ended September 30, 2009 were:

| | Transfers In Transfers O | |
|-----------------------------|--------------------------|---------------|
| General Fund | \$ 4,261,744 | \$ 20,404,477 |
| Road and Bridge Fund | 374,335 | 2,216,426 |
| Nonmajor Governmental Funds | 20,176,667 | 2,191,843 |
| Total | \$ 24,812,746 | \$ 24,812,746 |

Although inter-fund activity is reported in the fund financial statements, it has been eliminated in the government-wide financial statements.

NOTE 11- OPERATING LEASES:

The County is a party to several lease agreements. Significant terms are discussed below:

Office Space- The County leases 2,777 square feet of office space at the Montgomery County Annex Building to the Lone Star Groundwater Conservation District for a period of sixty months with two six-month extensions. The lessee has opted to exercise both available extensions setting the term of this lease to January 1, 2005 through December 31, 2010. The annual rent of \$7,414 is recorded in the General Fund. The building is recorded as a Capital Asset in the County's government-wide financial statements at a cost of \$5,400,367, less accumulated depreciation of \$657,324. Following is a schedule of lease payments receivable on office space leases through the ending dates of the agreements:

Year Ending September 30, 2010 \$ 7,414 Total Lease Payments Receivable \$ 7,414

The County also leases office space at the East Montgomery County Community Development Building to Lakewood Family Practice and/or Dr. N. K. Karimjee, M.D. for a period of seventy-two months. The term of this lease is July 23, 2007 through July 1, 2014. The monthly rent of \$2,500 is recorded in the Community Development Fund. The building is recorded as a Capital Asset in the County's government-wide financial statements at a cost of \$2,073,560, less accumulated depreciation of \$291,186. Following is a schedule of lease payments receivable on office space leases through the ending dates of the agreements:

| \$ 30,000 |
|---------------|
| 30,000 |
| 30,000 |
| 30,000 |
| 22,500 |
| \$ 142,500 |
| |

Notes to the Financial Statements September 30, 2009

NOTE 12- RISK MANAGEMENT:

A) EMPLOYEE HEALTH BENEFITS:

Effective January, 1989, the County established a partially self-funded trust plan which offers medical, dental, vision, and life insurance coverage to employees and their dependents. The County maintains excess loss insurance, which limits annual claims paid from the plan to a maximum of \$175,000 per plan participant. This excess loss reinsurance policy includes a contract provision that eliminates a large claim run off liability. A third party administrator is employed by the plan to administer claims. A trustee has been engaged to receive employer and employee contributions and to disburse payments to the providers of the plan. Costs relating to the plan are recorded as expenditures in the General Fund. Liabilities are reported when it is probable that a loss has occurred and the amount of the loss can be reasonably estimated.

The plan is funded to discharge liabilities as they become due. Claims incurred and reported, but not paid at September 30, 2009, were \$131,239. Claims incurred but not reported (IBNR) at September 30, 2009, are estimated to be \$3,315,426. Estimates are not based on actuarial calculations, but rather on historical trends. Both amounts have been recorded as expenditures in the General Fund and a liability has been established.

Changes in the health claims liability for the two fiscal years ended September 30, 2009 and September 30, 2008 are as follows:

| | 2009 | 2008 |
|----------------------------------|--------------|--------------|
| Unpaid claims, beginning of year | \$ 3,630,989 | \$ 3,405,475 |
| Incurred claims (including IBNR) | 15,033,617 | 15,045,440 |
| Claim payments | (15,217,940) | (14,819,926) |
| Unpaid claims, end of year | \$ 3,446,666 | \$ 3,630,989 |

During the year ended September 30, 2009, the plan received contributions in the amounts of \$15,677,507 and \$1,833,410 from the employer and employees, respectively. The contributions made by employees included contributions by qualified retirees and certain former employees covered by the provisions of the Consolidated Omnibus Budget Reconciliation Act of 1986 (COBRA). Through the American Recovery and Reinvestment Act of 2009, \$13,798 was also received from the federal government as plan contributions. In addition to the claim payments made, the plan also expended \$561,388 in administrative costs and \$1,929,710 for reinsurance and insurance premiums.

B) WORKERS' COMPENSATION AND EMPLOYER'S LIABILITY:

As of January 1, 2003, the County established a partially self-funded program to cover claims by employees arising from job related injuries. The program offers coverage at the statutorily required limits required by the State of Texas. A third party administrator has been engaged by the County to adjudicate claims, provide nurse case management, per-certification and bill review. Excess loss insurance was purchased to limit the claims loss to the County to no more than \$250,000 per individual claim in 2009.

Costs associated with this program are recorded as expenditures in the General Fund. Liabilities are recorded when it is probable that a loss has occurred and when an amount can be reasonably estimated. During the year ended September 30, 2009, the County expended \$56,950 for administrative costs and \$215,278 for excess loss insurance premiums.

Changes in the workers' compensation liability for the two fiscal years ended September 30, 2009 and September 30, 2008 are detailed on the following page.

Notes to the Financial Statements September 30, 2009

| | 2009 | 2008 |
|----------------------------------|-------------|-------------|
| Unpaid claims, beginning of year | \$1,138,992 | \$1,101,146 |
| Incurred claims (including IBNR) | 212,916 | 665,613 |
| Claim payments | (391,385) | (627,767) |
| Unpaid claims, end of year | \$ 960,523 | \$1,138,992 |

C) PROPERTY, CASUALTY AND BOILER COVERAGE:

The County purchased reinsurance coverage for certain property including vehicle, equipment and contents coverage for the fiscal year. Deductibles are maintained at the following levels:

| Buildings and Contents | \$100,000 |
|--|-----------|
| Boats and Vehicles with less than 6 wheels | \$ 10,000 |
| Vehicles above 6 wheels | \$ 25,000 |
| Boilers and HVAC systems | \$ 1,500 |

Total insured values exceed \$256,000,000 for the first three coverages listed above and an additional \$50,000,000 for boilers and HVAC systems.

The County paid \$416,855 in premiums in fiscal 2009, and recorded the expenditure in the General Fund. Settled claims have not exceeded commercial coverage in any of the past two fiscal years.

D) GENERAL AND OTHER LIABILITY COVERAGES:

The County purchased reinsurance coverage for General Liability, Auto Liability, Public Officials' Liability, Law Enforcement Liability, Marine Liability, Crime Coverage, Employee Benefits Liability and Airport Operators' Liability. Deductibles are maintained at the \$100,000 level per occurrence by the type of coverage with the exception of the Airport Operators' Liability, which has no deductible. The Public Officials' Liability and Employee Benefits Liability are written on a "claims-made basis". Coverage limits are set at \$1,000,000 per claim by type of coverage. The Airport Operators' Liability was increased to \$10,000,000 effective March 19, 2009 with the addition of the new tower.

Effective December 1, 2003, the County began participating in an individual public entity risk pool, for the coverages listed in subsections B, C, and D above, to transfer certain risks associated with property, casualty, liability and workers' compensation. In addition to those coverages, the County purchased an additional aggregate reinsurance policy. The aggregate coverage loss fund is written on a claims-made basis and is capped at \$1,795,000 for the fiscal year. Note 15 describes the County's obligation under liability claims for 2009.

NOTE 13- EMPLOYEE RETIREMENT PLAN:

A) PLAN DESCRIPTION:

The County provides retirement, disability, and death benefits for all of its full-time employees through a nontraditional defined benefit pension plan in the statewide Texas County and District Retirement System (TCDRS). The TCDRS Board of Trustees is responsible for the administration of the statewide agent multiple-employer public employee retirement system consisting of 586 nontraditional defined benefit pension plans. TCDRS in the aggregate issues a comprehensive annual financial report (CAFR) on a calendar year basis. The CAFR is available upon written request from the TCDRS Board of Trustees at P. O. Box 2034, Austin, TX, 78768.

The plan provisions are adopted by the governing body of the County, within the options available in the Texas state statutes governing TCDRS (TCDRS Act). Members can retire at ages 60 and above with 8 or more years of service, with 30 years regardless of age, or when the

Notes to the Financial Statements September 30, 2009

sum of their age and years of service equals 75 or more. Members are vested after 8 years of service, but must leave their accumulated contributions in the plan to receive any employer-financed benefit. Members who withdraw their personal contributions in a lump sum are not entitled to any amounts contributed by the County.

Benefit amounts are determined by the sum of the employee's deposits to the plan, with interest, and employer-financed monetary credits. The level of these monetary credits is adopted by the Commissioners' Court of the County within the actuarial constraints imposed by the TCDRS Act so that the resulting benefits can be expected to be adequately financed by the employer's commitment to contribute. At retirement, death, or disability, the benefit is calculated by converting the sum of the employee's accumulated deposits and the employer-financed monetary credits to a monthly annuity using annuity purchase rates prescribed by the TCDRS Act.

B) FUNDING POLICY:

Montgomery County has elected the annually determined contribution rate (Variable Rate) plan provisions of the TCDRS Act. The plan is funded by monthly contributions from both employee members and the employer based on the covered payroll of employee members. Under the TCDRS Act, the contribution rate of the employer is actuarially determined annually. The County contributed using the actuarially determined rate of 9.65% for the months of the accounting year in 2008, and 9.69% for the months of the accounting year in 2009.

The deposit rate payable by the employee members for calendar year 2009 was 6.0% as adopted by the Commissioners' Court. The employee deposit rate and the employer contribution rate may be changed by the Commissioners' Court within the options available in the TCDRS Act.

C) ANNUAL PENSION COST:

For Montgomery County's accounting year ended September 30, 2009, the pension cost for the TCDRS plan was \$8,227,056, and the actual contributions were \$8,227,056.

The annual required contributions were actuarially determined as a percent of the covered payroll of the participating employees, and were in compliance with GASB Statement No. 27 parameters based on the actuarial valuations as of December 31, 2006, and December 31, 2007, the basis for determining the contributions rates for calendar years 2007 and 2008. The December 31, 2008 actuarial valuation is the most recent valuation.

D) ACTUARIAL VALUATION INFORMATION:

| Actuarial valuation date | 12/31/2006 | 12/31/2007 | 12/31/2008 |
|-------------------------------|--|-------------------------------------|---|
| Actuarial cost method | Entry age | Entry age | Entry age |
| Amortization method | Level percentage of payroll, closed | Level percentage of payroll, closed | Level percentage of payroll, closed |
| Amortization period | 15 | 15 | 20 |
| Asset valuation method | on method $SAF^{(2)}$: 10-year $SAF^{(2)}$: 10 smoothed value smoothed $SAF^{(3)}$: Fund value $SAF^{(3)}$: Fund value | | SAF ⁽²⁾ : 10-year smoothed value ESF ⁽³⁾ : Fund value |
| Actuarial assumptions: | | | |
| Investment return (1) | 8.00% | 8.00% | 8.00% |

⁽²⁾ Subdivision Accumulation Fund.

⁽³⁾ Employee Savings Fund.

Notes to the Financial Statements September 30, 2009

E) TREND INFORMATION:

| | Accounting Year Ended | Annual Pension Cost (APC) | Percentage of APC Contributed | Net Pension Obligation | |
|---|--------------------------|---------------------------|-------------------------------|----------------------------|--|
| - | 9/30/07 | \$ 6,956,597 | 100% | \$ - | |
| | 9/30/08 | 7,582,703 | 100% | - | |
| | 9/30/09 | 8,227,056 | 100% | - | |

F) <u>SCHEDULE OF FUNDING PROGRESS FOR THE RETIREMENT PLAN FOR EMPLOYEES</u> OF MONTGOMERY COUNTY: (Amounts expressed in thousands)

| Actuarial Valuation Date | Actuarial Value of Assets | Actuarial Accrued Liability | Unfunded AAL (UAAL) | Funded Ratio | Annual Covered Payroll ⁽¹⁾ | UAAL as a Percentage of Covered |
|--------------------------------|---------------------------------|-----------------------------------|---------------------------|-----------------|---|---------------------------------------|
| Date | Assets | (AAL) | (UAAL) | | r ayron | Payroll |
| _ | (a) | (b) | (b-a) | (a/b) | (c) | ((b-a)/c) |
| 12/31/06 | \$142,688 | \$160,421 | \$17,733 | 88.95% | \$68,433 | 25.91% |
| 12/31/07 | 157,544 | 175,573 | 18,030 | 89.73% | 72,914 | 24.73% |
| 12/31/08 | 158,924 | 191,861 | 32,936 | 82.83% | 79,617 | 41.37% |

⁽¹⁾ The annual covered payroll is based on the employee contributions received by TCDRS for the year ended with the valuation date.

NOTE 14- OTHER POST-EMPLOYMENT BENEFITS (OPEB):

A) PLAN DESCRIPTION:

Effective January 1, 2000, Commissioners' Court adopted a plan to pay for health benefit coverage for qualified retirees. To qualify for inclusion in the coverage, an individual must currently attain 15 continuous years of full-time employment with the County and be eligible for a retirement annuity from the Texas County and District Retirement System. The employee can elect to waive health benefit coverage. The County is under no obligation to provide this benefit, and the decision to do so is made by the Commissioners' Court on a year-to-year basis.

Additionally, the County offers an employee-funded health benefit to those who do not meet the above criteria. The County is obligated to provide this benefit subject to requirements of Chapter 175 of the Texas Local Government Code. Contribution levels are determined by Commissioner's Court on a year-to-year basis. The benefit level is the same as that for a full time regular employee, as further disclosed in Note 12-A.

B) FUNDING POLICY:

Montgomery County's optional post-retirement benefit liability is recorded on a full accrual basis in the government-wide statements. An actuarial study was performed in fiscal year 2008 to prepare for disclosure of this liability in accordance with GASB 45. The projected liability accrual for fiscal year 2009 has been recorded net of premium contributions received from retired employees as required in the plan. Management funds this benefit on a "pay-as-you-go" basis. A new actuarial study is planned for 2010.

Montgomery County records the annual required contribution of the employer (ARC), an amount actuarially determined in accordance with GASB Statement 45. The ARC represents a level of funding that, if paid on an ongoing basis, is projected to cover normal cost each year and amortize any unfunded actuarial liabilities (or funding excess) over a period not to exceed 30 years.

During the year, the County incurred \$1,486,835 in health care claims for retirees and their dependents. For the year ended September 30, 2009, twenty-eight employees retired from service with the County. Eighteen of those retirees met the qualifications stated above.

Notes to the Financial Statements September 30, 2009

Currently, there are 146 retirees covered by this benefit. The actual cost recorded by the County is included in Note 12. Retiree contributions for 2009 were \$150,919, and the County paid the remaining amount of claims. The current ARC is 10.7 percent of annual covered payroll.

C) SCHEDULE OF ACTUARIAL LIABILITIES AND FUNDING PROGRESS:

Actuarial valuations involve the use of estimates and assumptions about length of employee service, mortality rates, and future costs of health care. The valuation will be updated every two years and actual results will be compared with past expectations. As a result of these comparisons, new estimates and assumptions will be made about future results of the plan. Valuations are made based on the benefits in place at the time of the valuation. Any changes in the benefits offered or the contribution rates would impact future valuations.

For 2009, the County's net annual OPEB cost (expense) is \$7,968,357. The Annual Required Contribution provided by the actuarial study (\$6,759,947) has been adjusted to more accurately reflect the current year liability by adding the estimated 2009 liability increase. The computed increase was arrived at using the percentage increase of claims paid over those projected in the study and applying said percentage (39.87%) to the provided liability. The following table shows the calculation of the Net OPEB obligation:

| | September 30, 2009 |
|--|-----------------------|
| Annual OPEB Cost: | |
| Annual required contribution (ARC) | \$ 6,759,947 |
| Adjustment to ARC | 2,695,245 |
| Annual OPEB cost | 9,455,192 |
| Claims Paid | (1,486,835) |
| Net OPEB obligation | 7,968,357 |
| Net OPEB obligation, October 1, 2008 | _ |
| Net OPEB obligation, September 30, 2009 | \$ 7,968,357 |
| Percentage of annual OPEB cost contributed | 16% |
| Funding Progress: | |
| Actuarial valuation date | October 1, 2008 |
| Actuarial value of assets | \$ - |
| Actuarial accrued liability (AAL) | \$86,252,694 |
| Funded ratio | -% |
| Unfunded AAL (UAAL) | \$86,252,694 |
| Annual covered payroll | \$62,670,379 |
| UAAL as a percentage of covered payroll | 137.6% |

NOTE 15- CONTINGENT LIABILITIES:

A) GENERAL LIABILITIES:

For fiscal year 2009, the County participated in a public entity risk pool, to which certain losses arising from liability claims were transferred. The premium for this coverage, \$331,382, was recorded in the General Fund. In addition, the County expended \$101,098 for damages in connection with thirty-six claims, for which the deductible had not been satisfied.

B) GRANTS:

The County receives various grant moneys that are subject to audit and adjustment by the grantor agencies. Any disallowed expenditure will become a liability of the County. The amount, if any,

Notes to the Financial Statements September 30, 2009

of expenditures that may be disallowed by the grantor cannot be determined at this time, although the County expects such amounts, if any, to be immaterial.

C) LITIGATION:

The County is a defendant in a number of lawsuits with claims for damages in excess of \$5,000,000. These claims result primarily from assertions by former employees that they were wrongfully discharged, allegations by jail inmates that their rights were violated while incarcerated in the County jail, and claims by individuals arising from property damages. The County paid \$25,238 for legal counsel to defend existing claims. The County intends to vigorously contest all the cases, and legal counsel is of the opinion that the County will prevail in all cases which may have a material effect on the financial position of the County. For additional information on the County's coverage amounts see Note 12-D.

NOTE 16- NEW ACCOUNTING PRONOUNCEMENTS:

The Governmental Accounting Standards Board (GASB) has recently issued several new statements. A listing follows of those that apply to the County. These statements will be implemented in subsequent years, as required by the GASB.

GASB Statement No. 51, Accounting and Financial Reporting for Intangible Assets, establishes accounting and reporting standards for intangible assets. This statement will be effective for the County for the fiscal year ending September 30, 2010. Beginning October 1, 2009, Montgomery County has modified its capitalization policy. These revisions allow for more accurate accounting of intangible assets as a new major capital asset class with a cost threshold of \$1,000 and a five-year (or greater) estimated useful life. Two new categories for intangible assets (easements and trademarks) and a new category for machinery and equipment (patents) were also created.

GASB Statement No. 53, Accounting and Financial Reporting for Derivative Instruments, establishes accounting and reporting standards for derivative instruments. This statement will be effective for the County for the fiscal year ending September 30, 2010.

GASB Statement No. 54, Fund Balance Reporting and Governmental Fund Type Definitions, enhances balance sheet in formation and clarifies existing governmental fund type definitions. This statement will be effective for the County for the fiscal year ending September 30, 2011.

NOTE 17- SUBSEQUENT EVENTS:

Montgomery County has entered into a contract with the Texas Department of State Health Services for the construction of a new mental health facility. A construction contract has been awarded and negotiations are underway to establish an operating agreement with the State of Texas to ensure required licensing is obtained. As previously stated, the County will fund the project through limited tax and revenue bonds projected to be issued in late spring 2010.

In anticipation of improvements to the runway at the Lone Star Executive Airport, Montgomery County has purchased approximately 30 acres of land valued at \$740,952. Two tracts of additional land were donated to the County, totaling 69.4 acres of land. It is expected that the improved runway will assist in drawing additional business interests to Montgomery County's ever-growing airport.

NONMAJOR SPECIAL REVENUE FUNDS

Attorney Administration Fund - to account for the operations of the County's returned check collection service provided by the County and District attorneys. Fees charged to offenders finance this fund.

Forfeitures Fund - to account for funds received by prosecutors and law enforcement agencies from forfeitures and/or seizures. Chapter 59 of the Criminal Code of Procedure governs expenditure of these funds.

Civic Center Complex Fund - to account for the proceeds of an interlocal agreement with the City of Conroe, whereby the city contributes a portion of its hotel/motel occupancy taxes for the operation of a countywide civic center.

Jury Fund - to account for the operations of the courts. Financing is provided by ad valorem taxes transferred from General Fund.

Sheriff Commissary Fund - to account for the proceeds from sale of personal items in the jail commissary. Expenditures are restricted to providing education and entertainment for inmates of the county jail.

Memorial Library Fund - to account for the operations of a countywide library system. Financing includes ad valorem taxes and user fees.

Community Development Fund - to account for annual grants from U.S. Department of Housing and Urban Development (HUD), both Block Grants and HOME Partnership grants. Grants are intended to enhance living conditions in the County.

Animal Shelter Fund - to account for operations of the Montgomery County Animal Shelter. Funding is provided by ad valorem taxes and user fees.

Law Library Fund - to account for the operations of a law library. Financing is provided by a fee assessed on each civil case filed in County and District Courts.

Historical Commission Fund - to account for certain expenditures toward historical projects within the County. Donations and transfers from Road and Bridge Fund finance these projects.

Alternate Dispute Resolution Fund - to account for the operations of the Dispute Resolution Center created by Commissioners' Court in agreement with the Montgomery County Bar Association. Financing is provided by fees assessed on court cases.

Juvenile Probation Fund - to account for expenditure of state grants-in-aid and federal reimbursements associated with the care and custody of minors under the supervision of the juvenile courts.

Records Management and Preservation Fund - to account for the receipt and expenditure of fees assessed by county, district and probate courts as allowed by law. Fees may only be spent on records management or preservation projects.

Child Welfare Fund - to account for expenditures made in connection with a contract between the County and the State of Texas for the care of neglected and abused children.

Airport Maintenance Fund - to account for operations of the County airport. Funding is provided by user fees, grant revenue and ad valorem taxes.

NONMAJOR DEBT SERVICE FUNDS

Montgomery County Debt Service Fund - to account for the receipt and disbursement of funds to retire debt resulting from the issuance of general obligation bonds and certificates of obligation. Financing is provided by a specific annual property tax levy, and the investment interest earned thereon.

Jail Financing Corporation Debt Service Fund - to account and provide for the receipt and disbursement of funds to retire debt resulting from the issuance of revenue bonds. Financing is provided by contracts executed with the U.S. Government for the housing of federal prisoners.

NONMAJOR CAPITAL PROJECT FUNDS

Library Construction - to account for the construction of three libraries. Financing for this fund includes the proceeds from the issuance of general obligation bonds.

Road Bonds Series 2003A - to account for various road improvements to be made with the proceeds of \$24 million in general obligation bonds. This is the second phase of road construction bonds that were approved in 2001 by the voters of the County.

Road Bonds Series 2004 - to account for various improvements to be made to both County and state-owned roads. The \$10.2 million bond issue is the third and final phase of road construction bonds that were approved in 2001 by the voters of the County.

Certificates of Obligation, Series 2004 - to account for the remodel of county buildings and improvements to the County's municipal airport. Financing is provided by the issuance of \$2.6 million in certificates of obligation.

Certificates of Obligation, Series 2006 - to account for improvements to several county buildings and the County park system. Funding is provided by the issuance of \$26.3 million in certificates of obligation.

Certificates of Obligation, Series 2007 - to account for the construction of a new parking garage. Funding will be provided by the issuance of \$9,260,000 in certificates of obligation.

Certificates of Obligation, Series 2008 - to account for improvements to several county buildings, the purchase of land and the construction of a new administration building. The certificates will also account for the remodel of an existing building to house the future employee medical clinic. The issuance of approximately \$14 million in certificates of obligation will provide the funding.

Road Bonds Series 2006A - to account for countywide road improvements to be made with the proceeds of \$47.8 million in general obligation bonds. While these funds are primarily for the improvement of County-owned roads, a portion of the proceeds will be used to satisfy the County's obligation under several agreements with the State of Texas to improve state-owned roads.

Road Bonds Series 2006B - to account for the County's issuance of \$63.75 million in bonds that are being used to finance improvements to state-owned roads. The County has entered into a "pass-thru toll agreement" with the State of Texas for improvements by the County to roads owned by the State.

Road Bonds Series 2008A - to account for various road improvements within the County. The issuance of approximately \$12 million in general obligation bonds will provide the funding.

Jail Financing Corporation Lease Revenue Bonds - to account for the construction of an 1,100 bed detention facility. The \$44,834,989 in proceeds from the issuance of a lease revenue bond were utilized to construct the new jail facility.

STATISTICAL SECTION

(unaudited)

This part of Montgomery County's comprehensive annual financial report presents detailed information as a context for understanding what the information in the financial statements, note disclosures, and additional supplementary information says about the County's overall financial health.

| Contents | <u>Table</u> |
|--|-------------------------|
| Financial Trends - These schedules contain trend information to help the reader understand how the County's financial performance and well-being have changed over time. | I, II, III, IV |
| Revenue Capacity - These schedules contain information to help the reader assess the County's most significant local revenue source, the property tax. | V, VI, VII, VIII |
| Debt Capacity - These schedules present information to help the reader assess the affordability of the County's current levels of outstanding debt and the County's ability to issue additional debt in the future. | IX, X, XI, XII, XIII |
| Economic and Demographic Indicators - These schedules offer economic and demographic indicators to help the reader understand the environment within which the County's financial activities take place. | XIV, XV |
| Operating Information - These schedules contain service and infrastructure data to help the reader understand how the information in the County's financial report relates to the services the County provides. | XVI, XVII, XVIII |

Sources: Unless otherwise noted, the information in these schedules is derived from the comprehensive annual financial reports for the relevant year. The County implemented GASB Statement 34 in 2003; schedules presenting government-wide information include information beginning in that year.

Note: Accounting standards require that net assets be reported in 3 components in the financial statements: Invested in capital assets, net of related debt; restricted; and unrestricted. Net assets are considered restricted when (1) an external party, such as the state or federal government, places a restriction on how the resources may be used, or (2) enabling legislation is enacted.

Changes in Net Assets Last Six Fiscal Years (accrual basis of accounting)

Source: Montgomery Central Appraisal District

⁽¹⁾ Amounts expressed in thousands.

Property in the County is reassessed each year. Property is assessed at actual value; therefore, the assessed values are equal to actual value.

Tax rates are per \$100 of assessed value. Includes tax rate for South Montgomery County, Texas Road District No. 1, a blended component unit, through 1999.

⁽¹⁾ Amounts expressed in thousands.

⁽²⁾ Assessed valuation is equal to total valuation less personal property.

⁽³⁾ The County is authorized under Article III, Section 52 of the State Constitution to issue bonds payable from ad valorem taxes for the construction and maintenance of roads. There is no constitutional or statutory limit as to rate on bonds issued pursuant to such constitutional provision. However, the amount of bonds which may be issued is limited to 25% of the assessed valuation of real property in the County.

NOTE: Details regarding the County's outstanding debt can be found in the notes to the financial statements. Operating expenses do not include interest, depreciation or amortization expenses.

The revenue bonds were issued in 2007 to finance the construction of an 1,100 bed facility. At year-end construction was complete and inmates were housed in the facility. The County is lease purchasing the facility from the Jail Financing Corporation in fiscal year 2009. The bonds will be backed from the lease payments that the County will make to the Jail Financing Corporation.
