INTRODUCTORY SECTION

Montgomery County, Texas
Adopted Budget
Fiscal Year Ending September 30, 2006

Preface for Readers Unfamiliar with the Structure and Role of Texas County Government

Texas County government focuses primarily on the judicial system, health and social service delivery, law enforcement, and upkeep of County maintained roads. In contrast to other parts of the country, Texas counties seldom have responsibility for schools, water and sewer systems, and electric utilities. County governments in Texas have no ordinance-making powers other than those explicitly granted by state legislative action.

The state's 254 counties have similar organizational features: a governing body (the Commissioners' Court) consisting of one member elected County-wide (the County Judge), and four Commissioners elected from geographically unique precincts. The County Judge is so named because he or she often has actual judicial responsibility. In urban counties, the County Judge is primarily an executive and administrator, in addition to the duties of presiding officer of the Commissioners' Court. Other elected officials in each county are the County and District Clerks, the County Tax Assessor-Collector, the County Sheriff, a District and/or a County Attorney, the County Treasurer, and one or more Constables. All judges (District Judges, County Court-at-Law Judges, and Justices of the Peace) are also elected. The State District Judges in each county select the County Auditor, who serves as the chief financial officer for the County.

The Commissioners' Court serves as both the legislative and executive branch of county government, and exercises budgetary authority over virtually all county departments, including

those headed by other elected officials. The high number of elected officials, including many with judiciary authority, creates an organizational structure unlike more familiar public sector designs, which usually contain a Chief Executive or Operating Officer and a Board that focus on broad policy matters.

County services in Texas are financed primarily by (a) an ad valorem tax on real property and business inventory, and (b) a complex array of fees, fines, service charges and state payments. The County Commissioners' Court sets the property tax rate annually, subject to a public hearing. Most of the other revenue sources are established in state law and may be changed only through legislative action.

Phone: (936) 538-3508
Fax: (936) 538-3507

The Honorable Members of Commissioners' Court
Montgomery County, Texas

Honorable Commissioners:

Transmitted herewith is the published budget of Montgomery County, Texas, adopted by Commissioners' Court August 2005, for the fiscal year October 1, 2005, through September 30, 2006. The primary source of funding for county operations is the ad valorem property tax. The budget was prepared using a \$20,873,997,490 net taxable value after exemptions, which resulted in the following Montgomery County 2005 ad valorem tax rate levy:

Maintenance and Operations	.4397 cents/per \$100 valuation
Debt Service	<u>.0566 cents/per \$100 valuation</u>
Total Levied Rate	.4963 cents/per \$100 valuation

The 2005 tax rate, which supports the 2006 budget, is the same as the 2004 rate.

The published budget is prepared on a modified accrual basis, and includes all elements required by Texas Local Government Code Section 111.063, applicable to counties of population more than 125,000, whose Commissioners' Court chooses to establish a county budget office to prepare the county budget for the fiscal year. The adopted budget includes revenues of \$135,824,382 and expenditures of \$135,824,382. Included in the appropriated expenditures is a reserve to increase the fund balance by \$2,000,000, and \$2,300,000 to open the new Jail wing. This budget also includes \$3,600,000 salary and benefit increases for officials, department heads, and employees. Annual budgets were adopted for the General Fund, all Special Revenue Funds except the Juvenile Probation Fund, and the county's Debt Service Fund.

Readers of this document should be aware that the previous year (FYE September 30, 2005) adjusted budget and actual amounts are included for comparison purposes only. These numbers have not yet been audited at the time of this publication and are subject to final adjustments. This published budget was filed with the County Auditor and County Clerk for public review. Additional copies of this document are available from the Budget Office, and any questions related thereto should be directed to the Budget Officer.

The preparation of this document on a timely basis is the result of the efforts of many individuals. I want to express my thanks to the members of Commissioners' Court for their guidance throughout the budget cycle. And, I want to recognize the diligent work of the members of the Budget Office, and express my thanks for the support of the County Auditor's office.

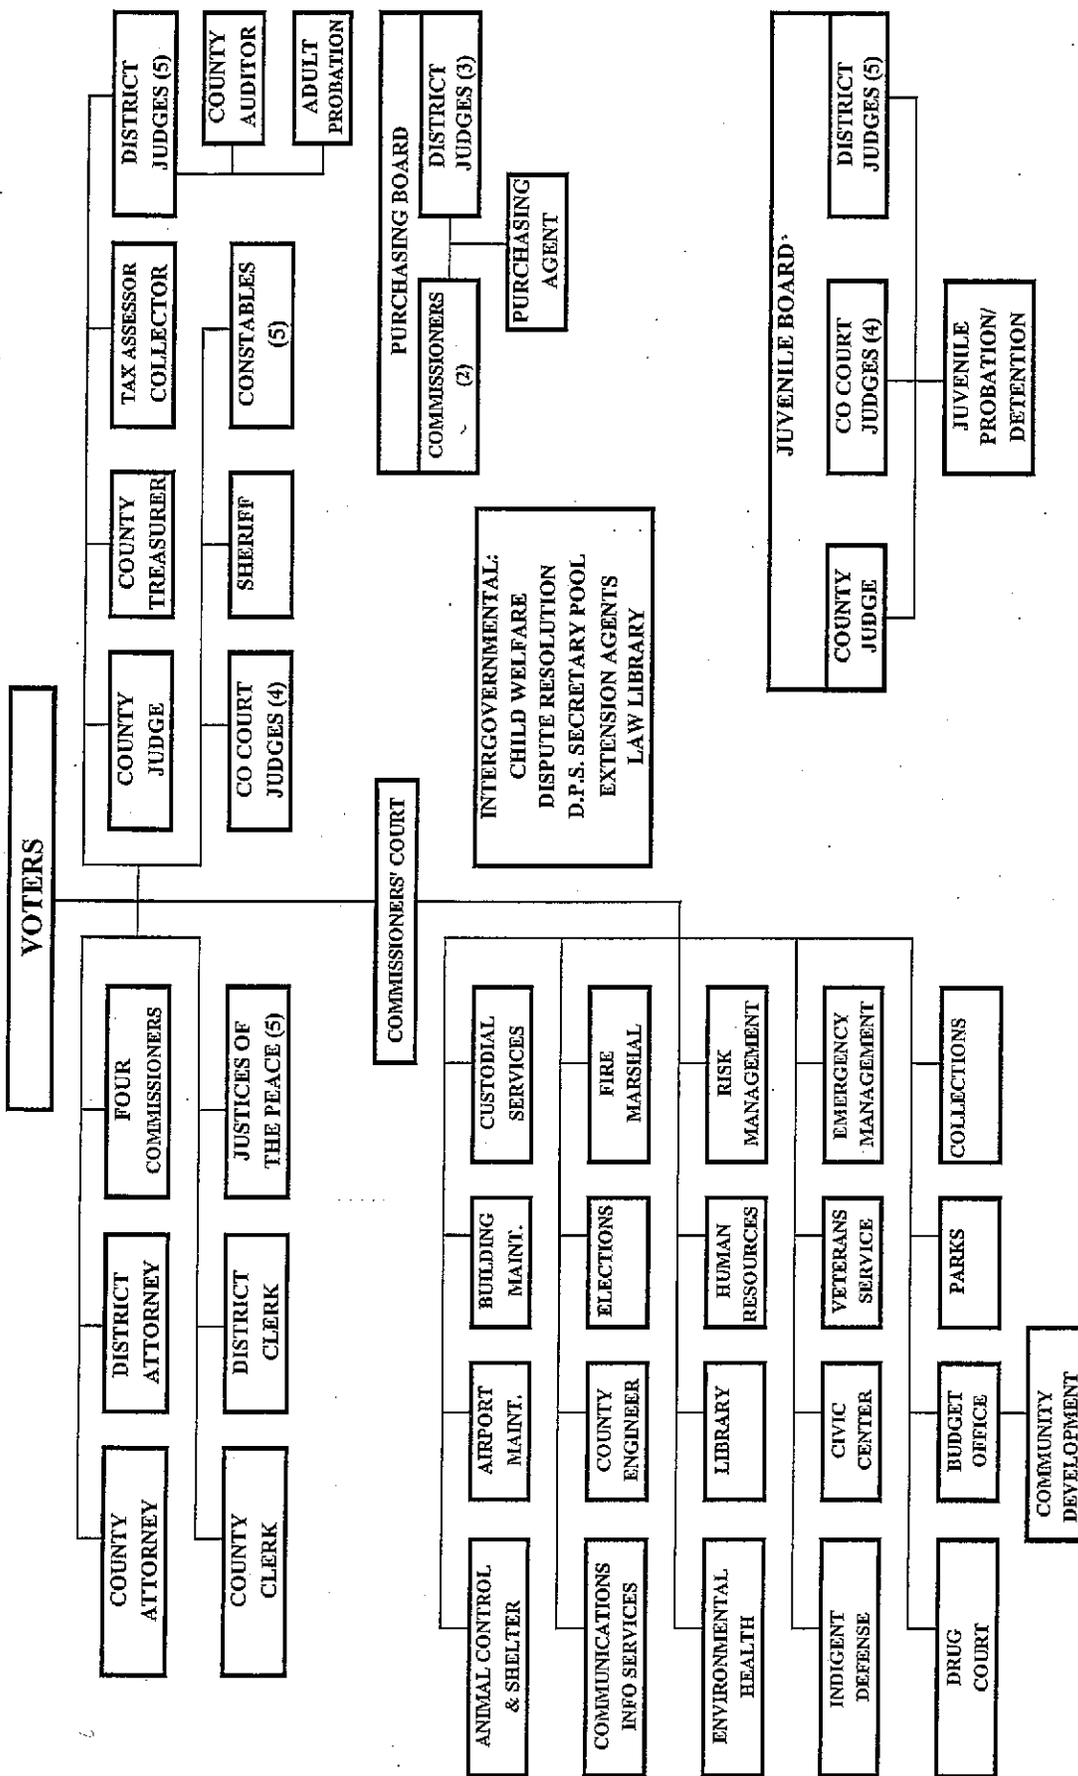

Respectfully submitted,

A handwritten signature in black ink, appearing to read "Julane C. Tolbert".

Julane C. Tolbert
Director of Budgets and Community Development

MONTGOMERY COUNTY, TEXAS ORGANIZATION

HISTORY OF MONTGOMERY COUNTY, TEXAS

Montgomery County is located approximately 45 miles north of downtown Houston, Texas, and is bounded by Walker, San Jacinto, Liberty, Waller, Grimes and Harris counties. Montgomery County covers 1,047 square miles of flat to gently rolling terrain, with elevations ranging from 150 to 300 feet. Natural resources include timber, lakes, gravel and oil. The county's principal water source is the San Jacinto River basin drainage system, which includes Peach, Caney, Spring and Bushy creeks. The Lake Conroe Reservoir covers 17,600 acres. The climate is subtropical humid, with warm summers and mild winters. The average annual relative humidity is 73%, and the average rainfall is 47.44 inches.

Numerous artifacts from early Indian cultures have been found in the area indicating that Montgomery County has been inhabited for more than 10,000 years. In December 1837 the Republic of Texas Congress established its third county, Montgomery County, which was named for its largest settlement. The county's present boundaries were established in 1870 after the creation of Waller County to the north.

The main impetus for growth in the past two decades has come from the expansion of nearby metropolitan Houston. Many Montgomery County residents now work in Houston, and the spread of the city's suburbs into the county has led to a rapid rise in population.
