DEPARTMENT OF COMMUNITY DEVELOPMENT & PLANNING

TO: Morristown City Council
FROM: Josh Cole, Planner 
DATE: February 18th, 2020
SUBJECT: Text Amendment – Historic Signs

As part of the city's ongoing effort to revitalize the downtown core of Morristown, staff has decided to bring forth a text amendment to Section 14-2906.d which discusses signs permitted in the Central Business District. Currently, downtown buildings are permitted a projecting sign; however, they are limited to only 6 square feet in size. When looking at historic images of downtown Morristown, there are several examples of much larger signs that project from the building and fit the character of a classic "downtown."

- Maximum of thirty-two (32) square feet
- The bottom of the sign shall be no less than seven (7) feet, six (6) inches above the sidewalk or overhead Skymart.
- The sign shall not project more than four (4) feet from the building and it shall not extend above the roof line of the building.
- If illuminated, the sign shall be illuminated in one (1) of three (3) ways:
 - 1) Edison style or similar external light bulbs,
 - 2) External mounted neon lighting,

- 3) Reverse lit sign cabinet where only thirty (30) percent of the illuminated acrylic can be exposed by either cut out or push through.

Additionally, a sign detail and a sealed engineered drawing must be provided prior to the sign being approved.

Staff did receive a letter in support of the proposed changes by the Crossroads Downtown Partnership Board of Directors.

RECOMMENDATION:

Staff recommends approval of the proposed historic sign text amendment and Planning Commission voted 7-1 in support of this request

Subject: Support for Sign Ordinance Change for Historic Signs
Importance: High

The following was voted on by nine board members (those that are not tied to City or County) and it was approved.

The Board of the Crossroads Downtown Partnership approves and supports the proposed change in the sign ordinance for projecting signs in the urban overlay district. We support this change because it would allow some of our taller buildings to have signs that attract more persons to downtown and to downtown businesses. We understand that this change would not allow internally illuminated box signs but would permit signs that are illuminated, for example, by small led lights around the outline of the sign. We appreciate the ability of businesses to bring an urban look to the downtown.

On behalf of the Board of Directors,

Sincerely,

Barbara Avery Garrow, Executive Director

Morristown City Council Agenda Item Summary

Date: February 11, 2020

Agenda Item: Storage Shelving for the New Public Works Facility

Prepared by: Joey Barnard

Subject: Purchase of Storage Shelving for the New Public Works Facility

Background/History: The Public Works and Purchasing Department have been working for several months on the needs for storage shelving at the new Public Works Facility. Storage needs will be purchased from Patterson Pope via Sourcewell; a cooperative purchasing entity. Benefits of utilizing a cooperative contract include time and expense savings and the quality of goods and service. Procurement requirements are being fulfilled. Research has been done to ensure that we are receiving competitive pricing and service through the cooperative contract. The project and lead time for delivery and installation is falling into place with our timeline to transition to the new facility. Through this process we will be able to furnish the storage needs at the new Public Works facility from start to finish including installation.

Financial Impact: Funds have been appropriated in the 19-20 budget not to exceed \$101,616.38.

Action options/Recommendations: The City of Morristown is seeking approval for the purchase of storage shelving for the new Public Works Facility via Sourcewell cooperative purchasing agreement.

Morristown City Council Agenda Item Summary

Date: February 14, 2020

Agenda Item: Surplus Excess Clay Soil

Prepared by: Joey Barnard

Subject: Approval to Declare Excess Clay Soil as Surplus

Background/History: The City of Morristown has surplus clay soil available at East Tennessee Progress Center (ETPC). The Hamblen-Morristown Solid Waste Disposal System and the Tennessee Department of Transportation (TDOT) has need for the clay soil for various purposes. Allowing these entities to obtain surplus clay soil is advantageous to the City of Morristown. The removal of the excess clay soil allows for preparation of additional sites within East Tennessee Progress Center (ETPC).

Financial Impact: None

Action options/Recommendations: The City of Morristown is seeking approval to declare surplus excess clay from East Tennessee Progress Center and allow City Administrator enter into negotiations with Hamblen-Morristown Solid Waste Disposal System and Tennessee Department of Transportation (TDOT) to obtain excess clay soil.
