THE INDUSTRIAL DEVELOPMENT BOARD OF THE CITY OF MORRISTOWN, TENNESSEE

ECONOMIC IMPACT PLAN

FOR

BELLWOOD FARMS DEVELOPMENT AREA

I. Authority for Economic Impact Plan

Industrial development corporations ("IDBs") are authorized under Tenn. Code Ann. § 7-53-312 to prepare and submit to cities and counties an economic impact plan with respect to an area that includes a project within the meaning of Tenn. Code Ann. § 7-53-101 and such other properties that the IDB determines will be directly improved or benefited due to the undertaking of a project. Tennessee Code Annotated § 7-53-312 also authorizes cities and counties to allocate new incremental tax revenues, which arise from the area subject to the economic impact plan, to the IDB to promote economic development, to pay the cost of projects or to pay debt service on bonds or other obligations issued by the IDB to pay the costs of projects.

II. The Project

Bellwood Farms, LLC, a Tennessee limited liability company, or an affiliate thereof (collectively, the "Developer") has purchased and/ or contracted for the purchase of certain tracts of real property comprising approximately 42 acres in Hamblen County, Tennessee. All but approximately 1 acre of the property is within the city limits of the City of Morristown, Tennessee. The property, located approximately at 4185 W. Andrew Johnson Highway, is bounded to the north by W. Andrew Johnson Highway and bounded to the west by S. Bellwood Road. The property consists of eight parcels which have been identified as tax parcels 040 041.00, 040 041.01, 040 045.02, 040 045.00, 040 045.01, 040 045.03, 040 LE 001.00, and 040 LE 002.00 (collectively, the "Developer Parcel").

The Developer Parcel is ideally situated for commercial development. The Developer desires to undertake a significant multi-use development on the Developer Parcel. This development, which is expected to be undertaken in two phases, is expected to include a retail shopping center comprised of retail shops and restaurants. The development is collectively referred to herein as the "Project." Each component of the Project is expected to be an eligible project within the meaning of Tenn. Code Ann. § 7-53-101(15).

In order to make the Project financially feasible, the Developer has requested that Hamblen County, Tennessee (the "County") and the City of Morristown, Tennessee (the "City") approve, as part of this Economic Impact Plan, a plan for tax increment financing through The Industrial Development Board of the City of Morristown, Tennessee (the "Board") pursuant to Title 7, Chapter 53 of Tennessee Code Annotated to provide funds to pay a portion of the costs of the improvements that are needed to permit the construction and operation of the Project. The proceeds of the tax increment financing would be used to pay eligible costs, in accordance with the Tax Increment Act (as defined below), relating to the Project.

III. Boundaries of Plan Area

The Project is generally located southeast of the intersection of W. Andrew Johnson Highway and S. Bellwood Road, across W. Andrew Johnson Highway from Honda Morristown. The Project is located within the City and the County, with the exception of one parcel, Parcel No. 040 LE 002.00, which is outside City limits. The area that would be subject to this Economic Impact Plan, and to the tax increment financing provisions described below, includes only the property on which the Project will be located. The area that will be subject to this Economic Impact Plan (the "Plan Area") is shown on Exhibit A attached hereto. A list of the parcels included in the Plan Area is also attached as part of Exhibit A. The Plan Area is hereby declared to be subject to this Economic Impact Plan, and the Project Plan, and the Project is hereby identified as the project that will be located within the Plan Area.

IV. Financial Assistance to Project

The Board will provide financial assistance to the Project by applying the proceeds of the tax increment financing described herein to pay or reimburse all or a portion of eligible costs that will be incurred by the Developer in connection with the development of the Project. These eligible costs include the costs of public infrastructure, which is defined under Tenn. Code Ann. § 9-23-102(16) as roads, streets, publicly-owned or privately-owned parking lots, facilities or garages, traffic signals, sidewalks or other public improvements that are available for public use, utility improvements and storm water and drainage improvements, whether or not located on public property or a publicly-dedicated easement.

Tenn. Code Ann. § 9-23-108 does not permit the application of incremental tax revenues to pay costs other than the costs of public infrastructure without first receiving a written determination from the Comptroller of the State of Tennessee (the "State") and the Commissioner of Economic and Community Development of the State that the use of tax increment revenues for such purposes is in the best interest of the State. The Developer shall not seek a written determination from the State without the prior approval of the Board by resolution of the Board. The Board will not apply the proceeds of the tax increment financing authorized hereunder to pay costs as to which such a written determination is required without first obtaining such written determination.

The Board will pay and/or reimburse the Developer for all or a portion of the eligible costs, including any costs approved by a written determination of the State, upon receipt of adequate documentation of such costs but only with the proceeds of the tax increment financing provided herein. In connection with the issuance of any tax increment financing, the Board and the Developer will enter into a development agreement specifying the scope and the cost of the improvements and fees to be paid and/or reimbursed.

V. Expected Benefits to City and County

Numerous benefits will accrue to the City and the County as a result of the development of the Plan Area. The development of retail shopping centers and restaurants, such as the Project, will assist the City, the County and the Board in promoting economic development. When companies select locations for manufacturing, distribution and office facilities, a significant factor that is considered by site selection firms is the quality of life for the companies' employees in each community being considered as a possible location. By providing a wider array of retail shopping and dining choices, the Project will assist the Board with economic development recruiting and help expand the economic base of the City and County.

Both the City and the County are also expected to receive substantial additional taxes as a result of the development of the Plan Area. The ad valorem real property taxes for the Plan Area for the year 2020 were \$9,521.79 for the City and \$12,334.00 for the County, which are the base taxes relating to the Plan Area. Development of the Plan Area will increase the value of the real property within the Plan Area, leading to an increase in ad valorem real property taxes. Following the reappraisal of the Project after construction is completed, the annual real property taxes payable are expected to be approximately \$220,779 to the City and approximately \$278,386 to the County, for a total of \$499,165 in annual real property taxes. Of this total, the base taxes described above plus approximately \$152,650 in taxes that are allocable to paying debt service on the City's and the County's general obligation debt will be retained by the City and the County. These additional taxes for debt service will immediately benefit the City and the County. After the tax increment financing described below is paid, the remaining incremental property tax revenues will be payable to the City and the County, and the City and the County will benefit from those incremental taxes at that point and for years to come. The City and the County will also benefit from additional personal property taxes to the extent not allocated to pay debt service on the tax increment financing described below.

Furthermore, the City and the County are expected to receive substantial additional sales tax revenues as a result of the development of the Project. All of the retailers and restaurants that are expected to locate in the Project are new to the City and the County, which should result in additional sales that may otherwise occur outside of the County and in new local sales tax revenues for both the City and the County. When the retail and restaurant operations in the Project are at full projected sales volumes, the annual local sales tax revenue generated is projected to be \$976,250.

Additionally, during the construction of the Project, 50 to 75 direct construction jobs are anticipated. After construction is complete, the retail and restaurant operations are expected to support a total of 450 to 470 new full time jobs. The wages from these jobs will result in new local tax revenues.

VI. <u>Distribution of Property Taxes and Tax Increment Financing</u>

a. <u>Distribution of Taxes</u>. Property taxes, including personal property taxes, imposed on the property located within the Plan Area shall be allocated and distributed as provided in this subsection. The taxes assessed by the County and the City on the real and personal property within the Plan Area will be divided and distributed as follows in accordance with Tenn. Code Ann. § 7-53-312(c) and Title 9, Chapter 23 of the Tennessee Code Annotated, being the Uniformity in Tax Increment Financing Act of 2012 (the "Tax Increment Act"):

i. The portion of the real and personal property taxes payable with respect to the

Plan Area equal to the year prior to the date of approval of this Economic Impact Plan (the "Base Tax Amount") shall be allocated to and, as collected, paid to the County and the City as all other taxes levied by the County and the City on all other properties; <u>provided, however</u>, that in any year in which the taxes on the property within the Plan Area are less than the Base Tax Amount, there shall be allocated and paid to the County and the City only the taxes actually imposed.

ii. 75% of the excess of real and personal property taxes over the Base Tax Amount (the "TIF Revenues") shall be allocated and, as collected, paid into a separate fund of the Board, created to hold such payments until the tax proceeds in the fund are to be applied to pay debt service on the obligations expected to be issued by the Board that are described to pay eligible costs, as described above.

This allocation is subject to the provisions of Tenn. Code Ann. §7-53-312(j) and the Tax Increment Act, which requires that taxes levied upon property within the Plan Area for the payment of debt service of the County and the City shall not be allocated to the Board. Furthermore, in accordance with the Board's TIF Policies, for each year that TIF Revenues are allocated to the Board, the Board is authorized to retain an annual Administrative Fee in the amount of \$500.00 (the "Annual Administrative Fee"); provided, however, that in accordance with Tenn. Code Ann. § 9-23-105, the Annual Administrative Fee in any year shall not exceed 5% of the TIF Revenues for such year.

The Developer expects to resubdivide the Developer Parcel into multiple parcels in order to facilitate the phased development of the Plan Area. The base taxes with respect to the Developer Parcel shall be allocated to each parcel created by the Developer on a pro-rated basis using the acreage of each subdivided parcel as a percentage of the total acreage of the original Developer Parcel.

The Board is authorized to make all calculations of TIF Revenues on the basis of each parcel within in the Plan Area instead of on an aggregate basis as permitted by the Tax Increment Act. If the Board opts to have such calculations made based upon each parcel, the Board shall give notice to the City and the County that such methodology will be used prior to the first allocation date of any TIF Revenues.

As permitted by the Tax Increment Act, the Board is hereby authorized to separately group one or more parcels with the Plan Area for purposes of calculating and allocating the TIF Revenues, and in such case, the allocation of TIF Revenues shall be calculated and made based upon each such parcel or group of parcels, and not the entire Plan Area. The Board is specifically authorized to undertake such grouping of parcels at any time that this Plan is effective as of the beginning of any year (but not later than the fifth full year commencing after the execution of the initial development agreement with the Developer, provided that the Board may extend such grouping deadline by not to exceed an additional five years without the further approval of the City and County), and the Board may reserve the right in any development agreement with the Developer to regroup one or more parcels for purposes of making the calculations of TIF Revenues hereunder. The Board shall give notice of any such grouping of parcels to the City and the County.

The Board is also authorized to designate that the allocation of TIF Revenues from any parcel or group of parcels shall begin in different years in order to match TIF Revenues with the application of TIF Revenues for the purposes provided herein, subject to the maximum allocation period as to any parcel provided below, provided that allocation of TIF Revenues as to any parcel in the Plan Area must commence no later than the fifth full year after the execution of the initial development agreement with the Developer, provided that the Board may extend such commencement deadline by not to exceed an additional five years without the further approval of the City and County. The Board shall give notice of any such designation to the City and the County.

Allocations of TIF Revenues collected by the City and the County that are not delinquent shall be made as to each tax year no later than sixty (60) days after the date such taxes would be delinquent in payment, allocations of TIF Revenues relating to delinquent taxes shall be made not later than sixty (60) days from when such TIF Revenues are collected by the City or the County.

b. <u>TIF Obligations</u>. In order to pay for or reimburse eligible costs, as described above, needed for the Project, the Board intends to use the incremental tax revenues that it would receive as a result of the adoption of the Economic Impact Plan to pay debt service on obligations incurred to finance such costs. This tax increment financing will be structured as follows:

i. The Board will borrow not to exceed \$2,500,000 (not including refinancings) through the issuance and sale of notes, bonds or other obligations of the Board in multiple series from time to time as each component of the Project is undertaken. The Board shall pledge any and all TIF Revenues allocated to the Board pursuant to this Economic Impact Plan to the payment of such notes, bonds or other obligations, including, without limitation, principal and interest thereon. In no event will the obligations issued by the Board be considered a debt or obligation of the County or the City in any manner whatsoever, and the source of the funds to satisfy the Board's payment obligations thereunder shall be limited solely to the TIF Revenues and shall otherwise be non-recourse to the Board. As each series of the notes, bonds or other obligations are issued, the Developer shall apply to the Board, under the applicable policies of the Board, for the issuance of the applicable series of notes, bonds or other obligations and demonstrate, at such time, that the TIF Revenues to be realized from such component of the Project will be sufficient to pay debt service on the notes, bonds or other obligations requested to be issued by the Developer.

ii. The proceeds of the notes, bonds or obligations shall be used to pay eligible costs relating to the Project as described above together with expenses of the Board in connection with the Project and the tax increment financing and capitalized interest on the notes, bonds or other obligations for a maximum period of two (2) years from the date of completion of the Project.

Any development agreement with the Developer shall provide for such portion of the tax

increment revenues as the Board, the County and/or the City require under any applicable policies to be withheld for administrative expenses to be so withheld, which amount shall not exceed the amount permitted by the Tax Increment Act, and for such withheld amounts to be applied as required by such policies.

c. <u>Time Period</u>. Taxes on the real and personal property within the Plan Area will be divided and distributed as provided in this Plan for a period, as to each parcel in the Plan Area, not in excess of ten (10) tax years as to any parcel, but, in any event, such allocations shall cease when there are not eligible costs, including debt service, to be paid from the TIF Revenues.

d. <u>Finding of Economic Benefit</u>. The Board, the County and the City, by the adoption of this Economic Impact Plan, find that the use of the TIF Revenues as described herein, is in furtherance of promoting economic development in the City and County and that costs to be financed as described herein are costs of the Project.

VII. <u>Approval Process</u>

Pursuant to Tenn. Code Ann. § 7-53-312, the process for the approval of this Economic Impact Plan is as follows:

a. The Board holds a public hearing relating to the proposed Economic Impact Plan after publishing notice of such hearing in a newspaper of general circulation in the County and the City at least two (2) weeks prior to the date of the public hearing. The notice must include the time, place and purpose of the hearing as well as notice of how a map of the subject area may be viewed by the public. Following such public hearing, the Board may submit the Economic Impact Plan to the County and the City for their approval.

b. The governing bodies of the County and the City must approve the Economic Impact Plan. The Economic Impact Plan may be approved by resolution of the County Commission or the City Council, whether or not the local charter provisions of the governing bodies provide otherwise. If either the County or the City make any changes to this Economic Impact Plan in connection with their approval hereof, such changes must be approved by the Board and the governing body of the City or County that did not make such change for the Plan to be effective.

c. Once the Economic Impact Plan has been approved by the governing bodies of the County and the City, the Plan and related documentation shall be filed with the local taxing officials and the Comptroller of the State as required by the Tax Increment Act and annual statements of incremental tax revenues allocated to the Board shall be filed with the State Board of Equalization as required by the Tax Increment Act. The Board will also comply with all other procedural requirements of the Tax Increment Act and other applicable laws.

Tennessee State-Subdivision Opioid Abatement Agreement

I. Definitions

For all sections of this Agreement, the definitions for terms set out in this Section I apply. The Agreement also uses additional terms that are defined in the Distributor/J&J Settlements and other agreements. In such instances, which are clearly stated, those terms are defined by those agreements.

A. "2021 Legislation." Public Chapter No. 491 passed during the 2021 Regular Session of the 112th Tennessee General Assembly and signed into law by Governor Bill Lee on May 24, 2021. For ease of reference purposes only, a copy of Public Chapter No. 491 is attached.

B. "Agreement." This document, the Tennessee State-Subdivision Opioid Abatement Agreement, a "state-subdivision opioid abatement agreement" as defined in the 2021 Legislation, Section 5(7) and Section 13(6). This Agreement is also a "State-Subdivision Agreement" as defined in the Distributor/J&J Settlement Agreements and a "Statewide Abatement Agreement" as defined in the Purdue Pharma L.P. and Mallinckrodt PLC bankruptcy plans.

C. "Distributor/J&J Settlements." The settlements consisting of the joint settlement agreement with distributors McKesson Corporation, Cardinal Health, Inc., and AmerisourceBergen Corporation and their subsidiaries and other related entities and the settlement agreement with manufacturer Johnson & Johnson, its Janssen subsidiaries and other subsidiaries and related entities. Both settlements qualify as Statewide Opioid Settlement Agreements.

D. "Joint Abatement Bankruptcy Plan." A plan confirmed in federal bankruptcy court under Title 11 of the United States Code that resolves state and subdivision claims related to the manufacture, marketing, distribution, dispensing, or sale of opioids in a manner that allocates funds for abatement jointly to the state and its subdivisions. The plans in the Purdue Pharma L.P. and Mallinckrodt PLC bankruptcy cases are examples of Joint Abatement Bankruptcy Plans.

E. "Opioid Abatement Council." The council created by the 2021 Legislation, Sections 3-9.

F. "Relevant Funds." Funds that, pursuant to a Joint Abatement Bankruptcy Plan, are allocated to the State for the claims of the State and its Subdivisions and that must be dedicated to opioid abatement programs.

G. "State." The State of Tennessee.

H. "State-Only Opioid Settlement Agreement." A settlement agreement entered into by the State and one or more entities involved in activities related to the manufacture, marketing, distribution, dispensing, or sale of opioids in which there are not provisions for Subdivision joinder. I. "State Opioid Judgment." A judgment obtained by the State against one or more entities involved in activities related to the manufacture, marketing, distribution, dispensing, or sale of opioids.

K. "Statutory Bar." A law barring all subdivisions (not limited to counties and municipalities) in the state from maintaining released claims against released entities, either through a direct bar or through a grant of authority to release claims. The 2021 Legislation, Sections 10-19 establishes a grant of authority process for a statutory bar to be enacted for the entities addressed in the Distributor/J&J Settlements.

L. "Subdivision." A Tennessee county or municipality.

M. "Subdivision-Only Opioid Settlement Agreement" A settlement agreement between one or more Subdivisions and one or more entities involved in activities related to the manufacture, marketing, distribution, dispensing, or sale of opioids that does not include the State as a party.

N. "Subdivision Opioid Judgment." A judgment obtained by one or more Subdivisions against one or more entities involved in activities related to the manufacture, marketing, distribution, dispensing, or sale of opioids.

O. "Tennessee Opioid Abatement Fund." The opioid abatement trust fund established by the 2021 Legislation, Sections 1-2.

II. Interaction of this Agreement with Settlements, Bankruptcy Plans and Legislation

This Agreement replaces certain default provisions in specified State Opioid Settlement Agreements and Joint Abatement Bankruptcy Plans. Certain default provisions are also replaced by the 2021 Legislation and consent judgments will be filed for State Opioid Settlement Agreements. Thus, there will be multiple sources of authority for the application of each settlement agreement or bankruptcy plan. While parts of the 2021 Legislation are described in this Agreement, such descriptions do not supersede the statutory language, which is controlling.

III. Allocation of Funds in the Distributor/J&J Settlements

The Distributor/J&J Settlements allow for payment and allocation default provisions to be replaced by state-subdivision agreements, by statute, and other means. As referenced below, the 2021 Legislation addressed some of the default provisions in these settlements. This Agreement makes a few additional changes to the default provisions. As described below, some default provisions remain in place.

A. <u>Allocation among three sub-funds</u>. The Distributor/J&J Settlements initially allocate the vast majority of settlement funds among three sub-funds for each state: the "State Fund," the "Abatement Accounts Fund," and the "Subdivision Fund."¹ Subject to the terms of the specific settlement agreements and assuming full subdivision participation and maximum payments, allocation among the three Tennessee sub-funds shall remain the same as with the default provision: 15% to the State Fund, 70% to the Abatement Accounts Fund, and 15% to the Subdivision Fund.

B. <u>Use of funds</u>. The Distributor/J&J Settlements have provisions concerning the use of funds and those are controlling.² Generally they require that money from all three sub-funds be used for "Opioid Remediation" as that term is defined in those agreements. Such definitions include restitution for past abatement within the definition of remediation.

C. <u>State Fund</u>. The 15% State Fund shall be directed to the State's general fund unless directed to the Tennessee Opioid Abatement Fund by future legislation.

D. Abatement Accounts Fund.

1. The 70% Abatement Accounts Fund shall be directed to the Tennessee Opioid Abatement Fund.

2. The 2021 Legislation fully replaces the default provisions for the Abatement Accounts Fund.³ Among the legislative provisions is the requirement that for the Distributor/J&J Settlements funds deposited into the Tennessee Opioid Abatement Fund, the Opioid Abatement Council shall disburse 35% of these proceeds to counties that join the settlements to be spent on opioid abatement and remediation pursuant to Subsections 6(q)-(s). 2021 Legislation Section 6(p).

3. The 2021 Legislation allows for a state-subdivision agreement to determine the metrics used in allocating certain funds among participating counties. 2021 Legislation, Section (6)(q). It is agreed that the allocation formula shall use data for fatal and non-fatal opioid overdoses, opioid sales measured by morphine milligram equivalents, and population. Details and agreed terms regarding the metrics, the updating of allocation percentages, and the initial allocation percentages for each county is set out in Exhibit A.

E. <u>Subdivision Fund</u>.

1. The 15% Subdivision Fund shall generally be directed to the Subdivisions participating in the Distributor/J&J Settlements pursuant to the default provisions of those agreements, including the allocation of funds for non-litigating municipalities with populations under 10,000 to their respective counties.

¹ "State Fund," Abatement Accounts Fund," and "Subdivision Fund" are all defined terms in the Distributor/J&J Settlement agreements. They are sub-funds of the settlements' "Settlement Fund" into which the companies make base and incentive payments pursuant to the settlement agreements.

² Some examples are distributor agreement Subsections V.B.1-2 and J&J agreement Subsections VI.B. 1-2.

³ These are mainly found in distributor agreement Section V.E and J&J agreement Section VI.E.

2. The default provisions are adjusted for non-litigating municipalities in participating counties that both (1) have populations of 10,000 to 30,000 per the 2019 U.S. Census estimate and (2) have a Subdivision Fund allocation percentage less than 0.5%.⁴ The allocations for such municipalities shall be directed to their respective counties if the county is a participating subdivision. (If the county is not a participating subdivision, the funds are not redirected to the county.) The reallocation for such municipalities located in multiple counties will be divided among those counties pursuant to the data used in Exhibit G of the Distributor/J&J Settlements. These redirected funds to certain counties shall be spent on future opioid abatement and shall be subject to the same statutory requirements as the Abatement Accounts Fund money the county receives from the Tennessee Opioid Abatement Fund. These redirected funds to certain counties are in addition to the funds allocated to participating counties pursuant to 2021 Legislation Section 6(p) and should not be included in calculating or disbursing the 35% amount allocated to participating counties. Such redirected funds should also not be viewed as an additional recovery by the county for purposes of calculating any contingency fees agreements.

F. <u>Attorneys' fees and costs</u>. The Distributor/J&J Settlements have provisions for funds dedicated to or related to attorneys' fees, costs, and/or expenses. There are also funds for states without outside counsel, identified as "Additional Restitution Funds." Such funds shall be allocated pursuant to such agreements and are not addressed by this Agreement.

IV. Allocation of Funds for other Statewide Opioid Settlement Agreements

A. <u>Application to future settlements</u>. To the extent allowed by such agreement and subject to IV.B.2 of this Agreement, the provisions in Section III above shall replace default provisions in, and apply to, any future Statewide Opioid Settlement Agreement in which Tennessee counties and municipalities are able to join and receive benefits, either directly or indirectly, in exchange for a release of claims.⁵ Not all municipalities need to be eligible to join such a settlement for the provisions of this Section IV to apply. Indirect benefits include funds being allocated to counties and/or the Tennessee Opioid Abatement Fund.

B. <u>Exceptions</u>. The application of Section IV.A. is limited, as follows:

1. The directing of 35% of Abatement Funds to the counties pursuant to the 2021 Legislation Section 6(p) shall not apply to any Statewide Opioid Settlement Agreement that includes an incentive or other benefit for a Statutory Bar unless (a) Section 19 of the 2021 Legislation is amended to specifically allow a Statewide Opioid Settlement Agreement release for the settling entity or entities or (b) another statute that qualifies as a Statutory Bar for such settlement is enacted. Should such settlement become effective prior

⁴ For the avoidance of doubt, a non-litigating municipality with a population between 10,000 and 30,000 that has a Subdivision Fund allocation percentage of 0.5% or greater is not affected by this subsection and receives its direct allocation from the Subdivision Fund.

⁵ For the avoidance of doubt, the Section III provisions include the 15%/70%/15% allocation of settlement funds among the three sub-funds.

to the enactment of a Statutory Bar addressing claims against the settling entity or entities, 35% of the funds directed to the Tennessee Opioid Abatement Fund shall be withheld and not allocated until the earlier of (1) the enactment of such a Statutory Bar or (2) a full regular session of the Tennessee General Assembly has occurred.

2. Section IV.A shall not apply to any Statewide Opioid Settlement Agreement unless the application of this Agreement to such settlement is approved by a majority of (a) counties and (b) municipalities having a population over 30,000 after such settlement is negotiated and provided to such subdivisions. Whether there is majority approval shall be measured by population of the relevant subdivisions. Population figures shall be from the most recently published U.S. Census population figures (actual count or estimate) for a year for which data is available for both counties and municipalities.

3. Section IV.A shall not apply to any Statewide Opioid Settlement Agreement with Endo International plc. or its subsidiaries.

C. <u>Statutory provisions</u>. The language in this section does not address or control whether any default provisions in a Statewide Opioid Settlement Agreement are replaced by the 2021 Legislation or any other statutory provision if Section IV.A does not apply to such settlement.

V. Allocation of Funds for Opioid-Related Claims in Joint Abatement Bankruptcy Plans

A. <u>Relevant Funds</u>. Multiple opioid manufacturers have filed for bankruptcy in actions for which the State and many Subdivisions are creditors for opioid-related claims. These companies include Purdue and Mallinckrodt. It is anticipated that other entities involved in activities related to the manufacture, marketing, distribution, dispensing, or sale of opioids may also file for bankruptcy and that the State and one or more Subdivisions will pursue opioid-related claims in those actions. Funds allocated to the State and Subdivisions for such claims shall be disbursed pursuant to the confirmed bankruptcy plan for the relevant entity, including requirements for funds to be used for future abatement. It is anticipated that one or more of such plans shall include the allocation of Relevant Funds that must be dedicated to opioid abatement programs. All Relevant Funds shall be placed in the Tennessee Opioid Abatement Fund and allocated pursuant to Sections V.B. Relevant Funds do not include funds disbursed through bankruptcy plans that are not restricted to abatement or that are disbursed for claims that are unrelated to the opioid crisis.

B. <u>Allocation of Relevant Funds</u>. To the extent permissible under the subject bankruptcy plan, Relevant Funds from Joint Abatement Bankruptcy Plans shall be allocated in the same manner as the Abatement Account Funds from the Distributor/J&J Settlements are disbursed under Section III.D and the 2021 Legislation. Thus, the Opioid Abatement Council shall disburse 35% of the proceeds from such bankruptcy plans to the counties subject to 2021 Legislation

Subsections 6(q)-(s). All default provisions related to Relevant Funds in such bankruptcy plans are replaced by this Agreement.⁶

C. <u>Exception</u>. Section V shall not apply to any bankruptcy plan for Endo International plc. or its subsidiaries.

D. <u>Statutory provisions</u>. The language in this section does not address or control whether any default provisions in a Joint Abatement Bankruptcy Plan are replaced by the 2021 Legislation or any other statutory provision if Sections V.A-B do not apply to such bankruptcy plans.

VI. No Application to Other Funds

A. <u>State-Only Opioid Settlement Agreements and State Opioid Judgments</u>. The Attorney General may direct funds from a State-Only Opioid Settlement Agreement or a State Opioid Judgment to the Tennessee Opioid Abatement Fund. Subject to the terms of specific agreements and any conditions placed on the funds prior to their being placed in the Tennessee Opioid Abatement Fund, the funds shall be allocated by the Opioid Abatement Council pursuant to the 2021 Legislation. The allocation and other provisions in this Agreement that apply to certain Statewide Opioid Settlement Agreements and to certain funds from Joint Abatement Bankruptcy Plans do not apply to funds from State-Only Opioid Settlement Agreements or State Opioid Judgments.

B. <u>Subdivision-Only Settlement Agreements and Subdivision Judgments</u>. The allocation and other provisions in this Agreement that apply to certain Statewide Opioid Settlement Agreements and to certain funds from Joint Abatement Bankruptcy Plans do not apply to funds from Subdivision-Only Opioid Settlement Agreements or Subdivision Opioid Judgments.

VII. Adoption and Amendment of Agreement

A. <u>Controlling Authority</u>. For this Agreement to replace default provisions in the Distributor/J&J Settlements, it must be adopted by statute or approved by the State and a sufficient number of Subdivisions as set forth in Exhibit O of those settlements. For this Agreement to replace default provisions in the Purdue and other bankruptcy plans, it is anticipated that it will need to be approved by the State and a sufficient number of Subdivisions as set forth in the specific bankruptcy plans. There are similar requirements for amending state-subdivision agreements such as this Agreement. It is understood that the approval process and participation requirements set out in this Section VII meet the requirements of these settlement agreements and anticipated bankruptcy plans. For any settlement agreement or bankruptcy plan that allows for a state-subdivision agreement to determine the requirements for amendment of a state-subdivision

6

⁶ For example, the provisions related to the default "Government Participation Mechanism" in the Purdue bankruptcy plan are not applicable with the adoption of this Agreement (which incorporates the Opioid Abatement Council).

agreement, the approval process and participation requirements set out in this Section VII for an amended agreement shall control. Similarly, if this Agreement is adopted by statute, the approval process and participation requirements set out in this Section VII for an amended agreement shall control.

B. <u>Adoption of Agreement</u>. This Agreement is adopted if it is approved by the Attorney General, on behalf of the State, and either (1) Subdivisions whose aggregate "Population Percentages," determined as set forth below, total more than 60%, or (2) Subdivisions whose aggregate Population Percentages total more than 50%, provided that these Subdivisions also represent 15% or more of the counties, by number.

C. <u>Population Percentage Calculation</u>. Population Percentages shall be determined as follows: The Population Percentage of each county shall be deemed to be equal to (1) (a) 200% of the population of such county minus (b) the aggregate population of all Primary Municipalities located in such county, divided by (2) 200% of the state's population. A Primary Municipality means a municipality with a population of at least 25,000. The Population Percentage of each Primary Municipality shall be equal to its population divided by 200% of the state's population. (The result of these calculations is that every person is counted twice: everyone in a Primary Municipality is counted once for that municipality; everyone is counted at least once for their county; and those not in a Primary Municipality are counted a second time for their county.) Except as required by a specific settlement agreement or bankruptcy plan, the population figures for these calculations of an amended agreement, the most recently published U.S. Census population figures (actual count or estimate) for a year for which data is available for both counties and municipalities.

D. <u>Amendment of Agreement</u>. This Agreement may be amended if that amended agreement is approved by the Attorney General, on behalf of the State, and either (1) Subdivisions whose aggregate Population Percentages, determined as set forth above, total more than 60%, or (2) Subdivisions whose aggregate Population Percentages total more than 50% provided that these Subdivisions also represent 15% or more of the counties, by number.

VIII. Effect of Agreement

Nothing in this Agreement is intended to abridge or enlarge the authority of the Attorney General, the State, or the subdivisions, except as expressly stated herein.

Exhibit A: County Allocation for Opioid Abatement Fund

Certain abatement funds are allocated by county pursuant to the 2021 Legislation and/or the provisions of this Agreement. The allocations shall be set consistent with the 2021 Legislation and as set forth below.

A. County Allocation Data. The following data shall be used in the county allocation calculations:

1. <u>Fatal opioid overdose data collected by the Tennessee Department of Health</u>. The aggregate figures for the most recent three years of available data shall be used when allocation calculations are performed.

2. <u>Non-fatal opioid overdose data collected by the Tennessee Department of Health</u>. The aggregate figures for the most recent three years of available data shall be used when allocation calculations are performed.

3. <u>Opioid sales as measured by morphine milligram equivalents ("MME")</u>. The aggregate figures for the most recent three years of available data shall be used when allocation calculations are performed.

4. <u>County population</u>. The 2020 U.S. Census counts will be used for the initial allocations. For future allocation calculations, the most recent population estimate or actual count data published by the U.S. Census shall be used.

B. Weighting of Data. In calculating the county allocation percentages, the data shall be weighted as follows:

- 1. Fatal opioid overdose data shall be weighted at 12.5%.
- 2. Non-fatal opioid overdose data shall be weighted at 12.5%.
- 3. Opioid sales as measured by MME shall be weighted at 25%.
- 4. Population shall be weighted at 50%.

C. Updating of Allocations. The county allocations shall be updated pursuant to statute. The 2021 Legislation requires updating every four years and addresses what happens if a data set used in the initial allocations is unavailable.

D. Allocation Process. The State shall make the initial data and allocable share calculations available to the counties to review for 30 days in order to identify and correct any mathematical or data entry errors. The Opioid Abatement Council will allow for similar review for future reallocations.

E. Holdback Share. It is recognized that, particularly for some very small counties, there could be limits on the ability of the data to capture the scope of the opioid crisis in the county. For example, a large segment of a county's population may fill prescriptions in a neighboring county, resulting in MME data that dramatically underrepresents the level of opioids prescribed to the residents of the county. To address limited situations such as this, 2% of the abatement funds

allocated to counties shall be initially held back until the Opioid Abatement Council can consider county requests for adjustments to their allocation percentages due to such data issues. However, such requests will only be granted when there is a finding that the data limitations substantially affected the county's overall allocation. The Council may only adjust allocation percentages upwards through the use of the 2% holdback fund and may find that no adjustments are needed. Any portion of the 2% holdback fund not used to adjust county allocations pursuant to this process will be released to the counties pursuant to their allocations, including any adjusted allocation percentages.

Morristown City Council Agenda Item Summary

Date: December 1, 2021

Agenda Item: Fire & Police Uniform Bid

Prepared by: Michelle Woods

Subject: Awarding of Bid – Fire Department & Police Department Uniforms

Background/History: The City of Morristown provides uniforms for the Fire Department. The uniforms are purchased on an as-needed basis with firefighters receiving uniforms on an annual basis. This bid is for two years.

Findings/Current Activity: The bid for these uniforms were solicited. The bids were advertised in the *Citizen Tribune* on October 26, 2021, and on October 28, 2021. Additionally, the bid was posted to the City of Morristown's website, and on Vendor Registry, an on-line bid facilitation website. The bid deadline was on Thursday November 11, 2021. Four (4) bids were received.

Financial Impact: Funds have been appropriated in the budget for uniforms for the Fire Department.

Action options/Recommendations: It is Fire Departments' recommendation to split the bid amongst two vendors and to accept the best and lowest bid from BK Graphics on Tee Shirts, item number (6) six on the bid tabulation, and all other uniform items to Summit Uniforms. It is the Police Department's recommendation to accept the bid from CMS for all their uniform items. It should be noted that while Summit Uniforms did have lower cost options on a few of the items, the Police Department has experienced vendor performance issues during the past year. The Police Department feels CMS will be able to provide quality uniform items in a timelier manner than recently experienced.

Morristown City Council Agenda Item Summary

Date: November 30, 2021

Agenda Item: E. Morris Blvd – Morristown Signs

Prepared by: Lauren Carroll/Evan Anderson

Subject: The conveyance of a portion of an abandoned roadway to Morristown Signs owners.

Background/History: The City of Morristown abandoned a portion of what is now known as Berkline Drive after the State built E. Morris Blvd. The City has been responsible for the mowing and maintenance of this remnant piece of property ever since. See attached map for reference. The blue highlighted area is the area currently owned by the Morristown Signs owners, and the red-lined portion is the area that is currently being maintained by the City, but will now be conveyed by the City to the Morristown Signs owners.

Financial Impact: It is the City's goal to get this non-useable, City-owned and maintained land, to a more appropriate property owner and back on the tax roll.

Action options/Recommendations: The City of Morristown administration and counsel are seeking approval of the attached Quitclaim Deed.

Attachments: Map and Quitclaim Deed.
