LOMC-VALID

NOV 21 2014

Dear Administrator Baker:

This letter revalidates the determinations for properties and/or structures in the referenced community as described in the Letters of Map Change (LOMCs) previously issued by the Department of Homeland Security's Federal Emergency Management Agency (FEMA) on the dates listed on the enclosed table. A Revalidation Letter becomes effective one day after the publication of a community's new or revised final Flood Insurance Rate Map (FIRM). On September 25, 2014, we notified you of the administrative action taken to prevent valid LOMAs and LOMR-Fs from being superseded by the new FIRM for your community that became effective on September 26, 2014. This letter is written to correct an administrative error that inadvertently displayed an incorrect property identifier for Case No. 04-04-6102A and to add a missing map panel number for Case No. 04-04-2500A. As of the effective date shown above, the LOMC will revise the effective National Flood Insurance Program (NFIP) map dated September 26, 2014 for the referenced community, and will remain in effect until superseded by a revision to the NFIP map panel on which the property is located. The FEMA case number, property identifier, NFIP map panel number, and current flood insurance zone for the revalidated LOMCs are listed on the enclosed table.

Because the LOMC will not be printed or distributed to primary map users, such as local insurance agents and mortgage lenders, your community will serve as a repository for this new data. We encourage you to disseminate the information reflected by this letter throughout your community so that interested persons, such as property owners, local insurance agents, and mortgage lenders, may benefit from the information.

For information relating to LOMCs not listed on the enclosed table or to obtain copies of previously issued LOMR-Fs and LOMAs, if needed, please contact our FEMA Map Information eXchange (FMIX), toll free, at 1-877-FEMA-MAP (1-877-336-2627).

Sincerely,

Luis Rodriguez, P.E., Chief
