

APPLICATION FOR TIER DETERMINATION**

Date Submitted: _____

Applicant Name: _____

Address: _____ City: _____

State: _____ Zip: _____ Telephone Number: _____

Coapplicant Name: _____

Address: _____ City: _____

State: _____ Zip: _____ Telephone Number: _____

Parcel ID No. of site: _____

Address of site: _____

Description of the request and tower height: _____

Is the proposed Wireless Communications Facility (WCF) a New Tower Existing Structure WCF without a tower or Site Expansion? If a new tower, how is it mitigated?

Concealed, Disguised, or Camouflaged. How? _____

Two copies of the following must be submitted:

1. ___ Signed and sealed survey of the subject property.
2. ___ Applicant information.
 - a. ___ Name, address, and telephone numbers of applicants and coapplicants. Coapplicants may include the landowner of the subject property, licensed carriers, and tenants for the WCF. A licensed carrier must either be an applicant or a co-applicant.
 - b. ___ Parcel ID No. and total acreage of the parcel.
3. ___ Site plans at a legible scale or accurately dimensioned showing the following:
 - a. ___ The entire subject property, including lease parcel fully dimensioned, property lines, setbacks, roads (public and private) on or adjacent to the subject property, and easements proposed to serve the WCF.
 - b. ___ Outline and dimensions of all existing buildings, including purpose; e.g., residential buildings, garages, accessory structures, etc., on the subject property. Distances, at grade, from the proposed WCF to each existing and proposed building shall be shown on the site plan.
 - c. ___ For new telecommunication towers within trees or wooded areas, the predominant species and average height of existing and/or proposed trees within a 250-foot radius of the proposed WCF.
 - d. ___ Proposed/existing location and dimensions of antenna, mount, and equipment facilities.
 - e. ___ Proposed/existing security barrier, indicating type and extent as well as point, of controlled entry.
 - f. ___ Proposed/existing access easements, utility easements, and parking for the WCF.
 - g. ___ Scaled elevation drawings of the proposed WCF, including all mounts, antennas, equipment buildings, fencing, and landscaping.
4. ___ Four photographic simulations, which shall include at-grade views from the nearest road or occupied building to the north, south, east, and west of the proposed WCF (or other locations selected by the County Administrator or his designee) which depict the following:
 - a. ___ Antennas (including representative collocations), mounts, and equipment shelters, with total elevation dimensions and height AGL of the highest point.
 - b. ___ Security barrier.
 - c. ___ Any and all structures on the subject property and/or parent parcel that contains the WCF.

- d. ___ Existing trees and current heights.
- e. ___ Distances from the viewing point depicted in simulations to the proposed WCF tower.

5. ___ Name(s) of the carrier(s) to be located on the tower:

- 6. ___ For new WCF tower installations, letters of approval or no objection from the Aviation Section of the Florida Department of Transportation and the Federal Aviation Administration.
- 7. ___ Notarized agent of record affidavit(s), if applicable.
- 8. ___ Fee in the amount of \$525 payable to the Pasco County Board of County Commissioners.

The owner(s)/applicant(s) are advised that if it is deemed that this application must be reviewed by a consultant, an application fee of \$2,000.00 will be required. In such an instance, further technical data may also be required from the applicant(s).
