PRESENTATIONS

S-1. Resolution; Proclamation; Domestic Violence Awareness Month – October. Mr. Hunter presented the proclamation to staff members of The James House. Mr. Terrence Walker of The James House invited the public to The James House every third Wednesday at 3:30 p.m. for their movie series.

S-2. Resolution; Commendation; George Poulson; Service to Prince George County. Chairman Robertson presented the commendation to Mr. George Poulson in the presence of his wife, Cindy.

SUPERVISORS' COMMENTS

Mr. Hunter stated George Poulson is the kind of person that would do anything for you. He will be greatly missed.

Mr. Mumford thanked George Poulson for his commitment and dedication. Mr. Mumford also stated that in the next six months this County will have significant decisions to make relative to school facilities. The School Board and the CIP Committee have already shared its desires, which are two new elementary schools and upgrades to the High School. This will cause the Board to center on tax increases. Hopefully this Board will soon have definitive information on the increase required to fund one, two, or all three new schools. Although this Board makes the final decision, citizens with or without children will really make the final decision about what they are willing to pay in order to meet the needs. Mr. Mumford stated that it should not be a political decision, but rather what is the right thing. It will require give and take, scenarios, compromised listening and not a "my way or the highway" mentality. He stated that Board members are trying to do what they believe is the best and right thing. Sometimes there is a split vote. He stated that he has been very impressed with how this Chairman has conducted meetings and shown respect and dignity and has handled things in a fair and open manner. He has property allowed everyone to share their thoughts even though they don't always agree.

Mr. Carmichael wished Mr. Poulson well and told him that he hopes he enjoys his retirement.

Mr. Webb stated that it has been an honor and a privilege to work with Mr. Poulson.

COUNTY ADMINISTRATOR'S COMMENTS

Mr. Ashcraft stated that having Mr. Poulson recognized this evening just further accentuates the fact that this County is very fortunate to be able to attract employees that have risen above average and strived to be excellent in their work. He stated that Mr. Poulson's efforts are long-term and will affect generations of Prince George County residents. He stated that the Department Heads of this County are doing that every day and the proof of that is the fact that through the efforts of our departments, the budget was brought in \$2 million under what was adopted by the Board in the previous year. That allowed an opportunity for this Board to secure funding for a fire station that has been long in the works without asking the taxpayers of this County to fund anything when it comes to bonding or indebtedness. With that, he added that he is proud to be the leader of this employee base. Mr. Ashcraft also stated that the Route 10 Fire Station Groundbreaking on October 12 at 11 a.m. at the Moody Road site. The Police Department Open House will also be on October 12 from 5 to 7:30 p.m. at the Bland

Building. The PGEC Community Meeting will also be on October 12 at 5:30 p.m. at Newville Store. The Prince George Citizens Academy will be on October 12 at 6 p.m. at the EOC & Bland Building. Prince George Farmers Market will continue on October 14 and 21 at from 8 a.m. to 12:00 Noon at Scott Park. There will be a Candidates Forum for the November 7 General Election on October 15 from 3 to 5 p.m. at the Prince George Heritage Center. The 'Gardens at Exit 45' Dedication will be on October 16 at 11:30 a.m. at Exit 45. Harrison Elementary School 50th Anniversary Celebration will be on October 19 at 5:30 p.m. at Harrison Elementary. The Czech & Slovak Festival will be on October 21 from 11 a.m. to 4 p.m. at the Prince George Heritage Center. There will be another Candidates Forum for the November 7 General Election on October 22, from 3 to 6 p.m. at the Disputanta Community Center. The Computer Lab at the Central Wellness Center is open to the public from 5-8 daily. The bank merger between Bank of McKenney and Citizens Community Bank announced on September 28 will establish Touchstone Bank with headquarters in Prince George County. Water issues at Jordan on the James appear to be resolved after complaints lodged at the September 26 BOS meeting. The Police Department is encouraging people to be cautious of scams related to buying items on Craigslist.

REPORTS

VDOT. Ms. Crystal Smith of the Virginia Department of Transportation stated that their sign crew has been working on updating the signs on Routes 106 and 156. They have completed about 250 of those. They have also initiated a study on Route 460 at Queen Street and Hines Street. They are also doing a study on Sandy Ridge Road at Route 106. The surface treatment schedule is now complete with the exception of some pavement markings. They have also completed the milling and paving on Route 460. They still need to put the rumblestrips back in which will complete that portion of the paving project. Route 106 is currently underway and on schedule. The Route 156 and Pole Run Road project is on schedule. Construction will begin early in 2018.

Public Safety Radio System – Police Chief Keith Early and Mr. Wayne Stack from Altairis Technology Partners gave a brief update on the Prince George County radio project. They have conducted the kickoff meeting with the County team and reviewed the previous consultant's report. They did find one serious discrepancy, which is radio coverage throughout the County. They are currently working on the technical specification, which is the primary portion of what will become the RFP. They have 36 discrete sections of an approximate 500 page document. These sections address the deficiencies that were found in the first report. From a next steps perspective, they are looking at completing the technical specification followed by development of the RFP which will be predominately the technical specification and the RFP release to the vendor community. Right now, they are scheduled for completion of the technical spec development of the RFP and release of the RFP in November of 2017. They are expecting proposals from the vendor community in February 2018. This should give them a conclusion to the project in 2020. Chairman Robertson asked about the budget. Mr. Stack stated that is their strong recommendation that the budget not be discussed in a public meeting because of the pending procurement. However, he will be happy to speak with them in a closed session. Mr. Stack addressed a series of questions

regarding coverage, the assessment phase, the procurement phase, the implementation phase, the availability of parts, and other localities that will be using this system.

Virus Scan Removal from Computers – Ms. Kirsten Cherry, IT Director, gave an update on the implementation of a new system of the virus scan. This implementation will begin this week with Carbon Black to remove the Kaspersky Anti-Virus from all of the systems and replace them with the Carbon Black which is the next generation anti-virus that will help the County protect all of its systems.
