

March 16, 2023 Weekly Chiefs Meeting @ 6:30 via Zoom

Station 1 – Absent

Station 2 – Chief Clements

Station 3 – Absent

Station 4 – Chief Suitt

Station 5 – Chief Waldruff

Fire Admin: Chief Paul Beamon- Becka Franchok (took minutes), Lt. Koren, Cpt. Taylor, Cpt. Ramsey

**Beamon:**

- Reduced overall budget by 3 -5%
  - Don't expect any major issues with requested items
- All career staff went through BPO
  - Looking for ways to offer to volunteers
  - Will offer the opportunity to challenge the test
- RSAFE Grant 50/50 match, BOS gave approval to move forward with submitting grant.
- Looking to purchase possibly 2 more ambulances

**Koren:**

- E4 should be coming back to garage for final repairs
- 116 is back
- 198 is still at True Diesel
- 623 is waiting on suspension parts
- T7 is at garage should be finished
- T3 will be OOS next week for PM/inspection
- EUV @ St 5 OOS for repairs
- Quint will be going out for mount and struts
  - Will get with Roach and Council prior to confirm work
- Hose bed covers- still in process of trying to get someone to come to PG
- Working with Misty from garage to get weekly updates posted at station on message boards
- New employee started today at garage
- Looking to move into the big bay by end of next week
- All fleet issues need to go through Koren, please don't go to garage
- 2 sessions for Infection Control- going well
- RCHARGE was very successful event
  - Lots of participation
  - Great teachers on hand

**Taylor:**

- Issues w Fire Mic's- have been resolved, doing a trial ST 8 currently
- Mobiles will be getting updated
- Any items missed or corrected please reach out to Taylor

- St 5 is now on alerting system
- CAD run orders- send each incident to Taylor if issues, he is working on the issues to see where we failed on calls
  - Half dispatch and half personnel issues
  - If you know there is an error in dispatch, please let the shift supervisor know so he can update dispatch immediately
  - Cardiac Arrest nature code was causing issue with the way it was being dispatched, it's a bug in the program, the company is working on it
- Pager group will be reaching out to update pagers at station level

**Parker:**

- Fit testing/gear inspection is almost complete, will get with chiefs with who needs testing
- All hose in for St 3- will be hose testing with T3 is OOS @ garage
- Thank you to everyone for helping out today, several brush fires all over the county
