Dear Citizens of Prince George Co.,

For many years, Prince George County has enjoyed having one of the lowest crime rates in the region. That distinction is a result of the partnership that the Police Department has had with the community it serves. Working together to solve **OUR** problems has proven to be the most effective method.

As Prince George grows, so do the challenges we face. We must always pledge to keep our relationship strong if we want Prince George to be the best place to live, work and raise a family.

The Prince George Community Policing Unit can provide vital tips to everyone in our community on how to better prevent you from becoming a victim of crime. Our Officers are specially trained in several areas of Crime Prevention and it only takes a phone call to their office to set up a time for one of the Crime Prevention Specialists to visit and assess your home.

This is just one of several services offered to you free of charge so please, take the time to look at what we can offer you by visiting the Prince George County website at www.princegeorgeva.org and going to the Community Policing link.

Together, we can make a difference. So let's make it happen.
