They have also completed the majority of the site distance requests for mowing that have come in. With that, they have started the primary round of primary and secondary mowing for the season. In addition, they have started some repairs along Hitchcock. They also have the engineering and design team working on some more permanent repairs for the settlements that keep occurring just east of the Bailey's Creek Bridge and paving on Bull Hill, Middle Road, and Jefferson are complete. There is a list of studies ongoing including a speed study on Lawyer's Road. Repairs continue on Benjamin Harrison Bridge.

Mr. Rotzoll stated that Ms. Bettina Coghill, Community Corrections Directors, has been instrumental in making this event possible.

Parks and Recreation Director. Mr. Keith Rotzoll, Director of Parks and Recreation, gave an update on the various activities in Parks and Recreations. The County also hosted the 2016 Girls 14U Eastern National Softball Tournament. The guest speaker was three time Olympic Gold Medalist Leah Amico. Twenty-two teams from the Eastern United States participated. Eighteen of those teams

were from other states. A local team from Hanover won the tournament. There were many compliments regarding the facilities and the accommodations in Prince George County. Mr. Troy Jacobs, Regional Junior Olympic Commissioner for Region 3 of the United States and Central Virginia, presented the County with a commemorative flag.

National Night Out – Chief Keith Early gave a brief report on this year’s event. He stated that National Night Out is a wonderful opportunity for communities in Prince George County to promote police-community partnerships, crime prevention, and neighborhood camaraderie. While this one night is certainly not an answer to crime, drugs and violence, National Night Out represents the kind of spirit, energy and determination to help make neighborhoods a safer place year round. This night celebrates safety and crime prevention successes and works to expand and strengthen programs for the next 364 days. This year, 32 communities participated in the 2016 NNO activities throughout the County. From 2003 to 2016, the number of Prince George communities participating in National Night Out has grown from 1 to 32. There were approximately 2122 participants. Activities at the different locations included bubbles, music, frisbee, chalk, pool, air hockey, foosball, swimming, darts, corn hole, cotton candy, icee’s, water balloon fight, toy giveaway, wagon rides, tug of war, face painting, sack races, photo area, basketball, volleyball, dancing, beanbag toss, firearm training simulator, movie trailers, “Don’t be a victim” PowerPoint presentation, dodgeball, soccer, raffles, door prizes, school supply giveaway, bubble soccer, petting zoo, pony rides, kickball, indoor bowling, magician, and karaoke. There were a total of 21,340 items distributed at this event. Chief Early thanked everyone for their support of “NATIONAL NIGHT OUT” and stated that he hopes everyone will join them again next year on Tuesday, August 1, 2017.

Quarterly Financial Report. Ms. Betsy Drewry, Financial Director, gave a report on the fourth quarter of Fiscal Year 2015. There is a lot of year-end work yet to accomplish. General Revenue is 2% over budgeted amounts which is very good news. The revised planned use of General Fund Balance FY2016 is \$4,505,848.50. General Fund Expenditures are under budget which is also good news. Ms. Drewry gave a summary of capital projects. There are \$27.9 million of budgeted projects, including Exit 45 improvements and the Courthouse buildout. Preliminarily, utilities are operating at a surplus. However, there will be a large depreciation. The health insurance balance was \$1.7 million on June 30. This is an improvement over this time last year. Contributing factors are an unusually low claims year and lower than predicted “run out period” claims to Cigna [over \$592,000 returned from imprest account]. Looking ahead, year-end review and adjustments are underway, CAFR preparation is underway, and final audit work is tentatively scheduled for the week of October 24, 2016.

ORDER OF BUSINESS

A-1. Discussion and Possible Approval of Maintenance Agreement for Courthouse Energy Savings Project. Mr. George Poulson, General Services Director, stated that on the 28th day of January 2016 the County entered into a contract with ABM Building

Services, LLC for \$1,516,587.00 to provide installation of an Energy Savings Contract to hopefully save the County approximately \$46,000.00 per year after completion at the Courthouse. This work is now nearing completion and should be totally completed by October 1, 2016. With any new installation project the County would prefer to stay proactive in regard to Maintenance related issues and not be reactive. Staff has asked ABM for a Maintenance Agreement to be presented to The Board of Supervisors for their review at the last Board Meeting. After negotiations with ABM an acceptable agreement has been reviewed by Staff, which saves the County \$11,380.00 additional dollars and adds the agreement to cover five years instead of one at a yearly cost of \$10,000.00. This is the recommendation to the Board of Supervisors to approve this agreement and move forward. Mr. Carmichael made a motion, seconded by Mr. Webb, to approve the maintenance agreement as presented. Roll was called on the motion.

On roll call the vote was:

In favor: (5) Carmichael, Hunter, Robertson, Webb, Skalsky

A-2. Discussion and Possible Approval of Parks and Recreation Maintenance Projects in the Amount of \$38,221. Mr. Keith Rotzoll and Ms. Betsy Drewry proposed court asphalt repairs for Beechwood tennis courts, River’s Edge basketball court, Temple basketball court, and Temple tennis courts in the amount of \$38,221. Overall, the quoted pricing is \$6,244 less than the initial estimates. If the Board chooses to take action, an appropriation of the funds and a reimbursement resolution are needed in order the County to issue the debt in the spring and reimburse itself for the purchase being made. Mr. Hunter made a motion, seconded by Mr. Webb, to approve the appropriation resolution as presented. Roll was called on the motion.

**RESOLUTION OF OFFICIAL INTENT TO REIMBURSE
EXPENDITURES WITH PROCEEDS OF BONDS
OR OTHER INDEBTEDNESS**

WHEREAS, the Board of Supervisors (the "Board") of the County of Prince George, Virginia (the "County") has previously determined to undertake the Parks and Recreation Paving projects (the "Purchase");

WHEREAS, the Board currently expects that the cost of the Purchase, excluding the costs of the financing thereof, will be approximately \$38,221;

WHEREAS, the Board currently expects to incur long-term indebtedness in an amount now estimated at \$38,221 to pay a portion of the costs of the Purchase, which indebtedness may take the form of tax-exempt bonds or other types of debt; the proceeds of such indebtedness may be used either for paying costs of the Purchase directly or for repaying other indebtedness previously incurred for the Purchase or for a combination of such purposes; and

WHEREAS, the County may also advance its own funds to pay expenditures relating to the Purchase (collectively, the "Expenditures") prior to receiving reimbursement for such Expenditures from the proceeds of tax-exempt bonds or taxable debt, or both;

THEREFORE, BE IT RESOLVED, by the Board of Supervisors of the County as follows:

1. The County intends to utilize the proceeds of tax-exempt bonds or notes (the "Bonds") or to incur other debt to pay Purchase costs in an amount not currently expected to exceed \$38,221.
2. The County intends that the proceeds of the Bonds be used to pay or reimburse the County for the payment of Expenditures made after the date of this Resolution or made within 60 days prior to the date of this Resolution or Expenditures

which are incurred for certain preliminary costs such as architectural, engineering, surveying, soil testing, bond issuance expenses and the like. The County reasonably expects on the date hereof that it will pay or reimburse the Expenditures with the proceeds of the Bonds or other debt.

3. Each Expenditure will be, unless otherwise approved by bond counsel, either (a) of a type properly chargeable to a capital account under general federal income tax principles (determined in each case as of the date of the Expenditure), (b) a cost of issuance with respect to the Bonds, or (c) a nonrecurring item that is not customarily payable from current revenues.

4. The County intends to make a reimbursement allocation, which is a written allocation by the County that evidences the County's use of proceeds of the Bonds to reimburse an Expenditure, no later than 18 months after the later of the date on which the Expenditure is paid or the Purchase is placed in service or abandoned, but in no event more than three years after the date on which the Expenditure is paid. The County recognizes that exceptions are available for certain "preliminary expenditures," costs of issuance, and certain de minimis amounts.

5. The Board intends that the adoption of this Resolution confirms the "official intent" of the County within the meaning of Treasury Regulations Section 1.150-2 promulgated under the Internal Revenue Code of 1986, as amended.

6. The County Administrator and other officers of the County are hereby authorized and directed to take such actions, in consultation with the County's counsel, as may be necessary or desirable to implement the planning and structuring of the Bonds, including but not limited to negotiations with lenders or investment bankers for the Bonds, the selection of bond counsel to supervise the issuance of such Bonds and the engagement of such other professionals as may be necessary or desirable to assist the County in this process, but such officers shall not obligate the County on such Bonds without further approval by the Board.

7. This Resolution shall take effect immediately upon its passage.

A-3. Discussion and Possible Action of Contract with Sussex County for Building Official Services. Ms. Julie Walton, Director of Community Development, stated that the County of Sussex has approached Prince George County in regards to obtaining temporary assistance during the absence of a Building Code Official and Inspector for their locality. Similar to Prince George's recent assistance and agreement with the City of Hopewell, the agreement includes provisions for Julie Walton to serve as the Building Official with additional staff from Prince George utilized on an as-needed basis. The resolution before the Board this evening is to approve a mutual aid agreement with the

County of Sussex for a period not to exceed December 31, 2016 while they are in the process of finding a replacement for their Building Official. The agreement was drafted by Mr. Micas, County Attorney, and has been approved by Sussex County without change. Mr. Hunter made a motion, seconded by Mr. Webb to approve the resolution as presented. Roll was called on the motion.

RESOLUTION; APPROVAL OF A MUTUAL AID AGREEMENT WITH THE COUNTY OF SUSSEX, VA TO PROVIDE TEMPORARY BUILDING OFFICIAL SERVICES

A-4. Discussion and Possible Action on Smart Scale Transportation Project. Ms. Walton stated that County staff is preparing an application for VDOT's Smart Scale transportation funding program (formally the HB2 process) and is considering two options for an intersection improvement project at Bull Hill Road and Courthouse Road. Staff reviewed the options with the Board, one of which is a dog-bone roundabout while the other is a traditional circular roundabout. The latter of the two would affect property owners. Due to the reduced right-of-way impacts and presented safety improvements, the dog-bone roundabout is the recommended roundabout design for this intersection. After brief discussion between the Board, Mr. Carmichael made a motion, seconded by Mr. Webb, to support the dog-bone roundabout. Roll was called on the motion.

A-5. Discussion and Possible Action on Right In and Right Out Request from Lake Harley, LLC. Mr. Douglas Miles, Zoning Administrator, stated that the General Manager of Colonial Harley Davidson / Lake Harley LLC has proposed a Right In Right Out (RIRO) access point on the south line of Temple Avenue between Whitehill Boulevard and Puddledock Road. Temple Avenue (SR 144) is a four-lane limited access highway between the Colonial Heights line and Oaklawn Boulevard (US 36) and a break in the limited access is being proposed for additional access. Lake Harley LLC shall pay all the costs associated with their proposed Right In Right Out (RIRO) access. Lake Harley LLC along with Davenport, their traffic engineering consultant, are proposing to create the RIRO access point in the same fashion as the recently installed RIRO access point located along Temple Avenue in the City of Colonial Heights in the vicinity of the Ashley Furniture building in order to be able to access the new retail shops and restaurants that have recently been constructed in that shopping center. Prince George County staff would be in support of this Right In Right Out (RIRO) access point request. However, Lake Harley LLC is also requesting that a left turn lane be added along Temple Avenue headed westbound and crossing the eastbound traffic along Temple Avenue. County Staff is not in support of the proposed left turn lane due to the existing left turn lane that is located at Whitehill Boulevard and Temple Avenue in order to gain access to their existing commercial development located along Temple Avenue. This request is being brought before the Board of Supervisors to see if the County wants to be in support of the request so that Lake Harley LLC can move forward favorably with their request for a break in the limited access highway along Temple Avenue. VDOT will not proceed with this request without the County providing a letter of support from the County Administrator and a Resolution being passed by the Prince George County Board of Supervisors. Mr. Joe Wallace, Traffic Consultant, stated that the right in right out would not have a bearing on future signalization. After further discussion with Mr. Wallace, the Board agreed that they are in support of a right in right out access point but they are not in support of the proposed left turn lane. Mr. Hunter made a motion, seconded by Mr. Skalsky, to approve the resolution as presented to approve the right in right out access point. Roll was called on the motion.

WHEREAS Lake Harley LLC has requested County support in their effort to construct a Right In and Right Out (RIRO) on Temple Avenue at Lake Harley LLC's cost; and

WHEREAS a major priority in roadway access and development is the enhancement of a community's economic development potential and support of existing businesses;

WHEREAS the Board of Supervisors of the County of Prince George would be in support of a Right In Right Out (RIRO) access point on the south line of Temple Avenue eastbound between Whitehill Boulevard and Puddledock Road;

WHEREAS the Board of Supervisors of the County of Prince George would not be in support of a left turn lane from Temple Avenue westbound crossing the eastbound lanes;

NOW, THEREFORE, BE IT RESOLVED that this Board of Supervisors of the County of Prince George this 13th day of September, 2016 that it hereby petitions and requests that a Right In Right Out (RIRO) access point be approved by VDOT to provide access to the Lake Harley LLC commercial development area located on the south line of Temple Avenue eastbound. Lake Harley LLC shall pay all costs associated with this project.
