

PROWERS COUNTY COMMISSIONER, DISTRICT 3

Wendy Buxton-Andrade

Biography:

I was born and raised in Lamar, Colorado. I am married with three school age sons. I have a bachelor's degree of Marketing from Metropolitan State College in Denver.

Working in the public sector for the past 25 years I have worked with and for large companies, as well as startup companies, in virtually every capacity ranging from on-call person to branch manager/director. During these times of employment I have negotiated contracts with a number of companies and controlling multimillion dollar budgets. During the years I have used my marketing degree and background to creatively develop marketing campaigns to help promote individual businesses to gain the additional revenues they each needed to grow. I have also performed underwriting duties for multimillion dollar loans as well as worked with business owners to secure loans to continue to grow their companies. The past three years while running a medical staffing agency in Denver, I taught GED classes at Lamar Community College as well as substitute taught for the Lamar School District.

I have been actively working with various youth organizations and towns throughout Prowers County and am very excited to take on the role as Prowers County Commissioner to help grow and bring positive changes to our communities. I am a full time commissioner open to any resident in Prowers County; please give me a call with any questions.
