

Due to the present bed bug infestation in the Cincinnati area, Rumpke will no longer collect mattresses/boxsprings at the curb unless they are wrapped in plastic and sealed with tape (wrapped like a present). This can be done using the plastic that a new mattress/boxspring is wrapped in or local hardware stores carry plastic wrapping and box tape. Another option for Blue Ash residents is to use the City's Residential Drop-off service at the City's Service Department Center (see this section on the web-site for hours and I.D. requirements). Items dropped off at the Service Department Center must be placed in the open-top containers by the resident.
