

Restaurants Can Receive Up to \$1,500.00 in Rebates for Participating in Clinton Regional Water Reclamation Facility's F.O.G. Program for Restaurants and Food Establishments

Thank you for being an active member and business in the Clinton community. We want to make sure that each of you know about the F.O.G. program and the special rebate for the program.

Do You Have A Plan?

All restaurants will need to comply with the handling of fats, oils, and grease from their kitchen properly by June 30, 2020. They must have the proper sized grease interceptor (trap) installed and operational for use at their facility.

What Do I Need to Do?

All restaurants are subject to use of a grease interceptor for operations.

An online form to start the process is available under the F.O.G. program in the Regional Water Reclamation Facility Department section at cityofclintoniowa.us.

Restaurants can also contact Clinton Regional Water Reclamation facility about the F.O.G. program at 563.243.4064. and Building and Neighborhood Services (BNS) department for a plumbing permit at 563.244.3360.

Limited Time Incentive for Installation

Any establishment that demonstrates timely compliance shall be entitled to a one-time rebate of 50% of the total cost of installation of the grease interceptor.

The maximum rebate payment will not exceed \$1,500.00.

How Long Can I Get A Rebate for Installation?

The rebate for installation is from July 1, 2018 - June 30, 2019. All facilities that start the process before June 30, 2019, will still be honored for the rebate if the installation is finished in 30 days (July 30, 2019).

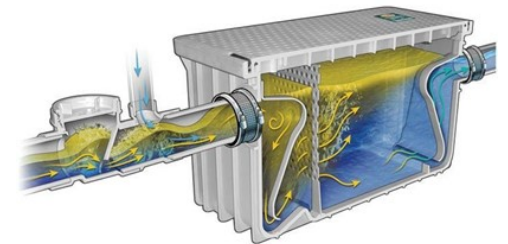

What Happens if I Do Not Participate in the F.O.G. Program?

All facilities that meet the requirement of a restaurant by the Code 52.038 (A)(1) by June 30, 2020, will be subject to a penalty of \$50.00 per day of non-compliance.

After July 31, 2020, daily fines assessed under this subsection shall cease and any person or entity not in compliance shall be subject to termination of service pursuant to Code 52.041. They are also subject to any other penalties provided for in this Chapter, the Iowa Code, or any other federal laws or regulations.

Code 52.038 (A)(1) is part of the EPA Code for water reclamation facilities and F.O.G Programs.

For more information on the program and rebates, please contact Bob Milroy at the Clinton Regional Water Reclamation Facility at 563.243.4064 or bobmilroy@cityofclintoniowa.us
