2. WWTP Update. There were no questions on Ben's monthly report. He stated the parts were in from Faith Technologies and the wiring of the lift station transfer switches would start soon.
3. City Snow Removal Policy. With the winter season approaching, Bodoh wanted the Board to review the Winter Policy. He also provided a copy of the Snow Plowing Procedure. The policy should be updated to include a section on the brine mixture used during slippery conditions.
4. Discuss attaching docks to River Wall. A prospective business owner asked about attaching a dock to the downtown river wall. There was discussion of whether to allow multiple docks to anchor to the wall or if one public dock would be possible. Bodoh asked MSA to work a public dock layout into the restoration plans.
5. Monthly Director's Report/Other Matters. On November 4th, Glen Besaw has been with the City for 27 years. There was a question about leaf pickup on Wood Lane; that has been taken care of.
