Egg Carton Flowers

**Items Needed:**
- 1 egg carton
- Scissors
- Tempera Paint (red, yellow, orange, purple)
- Paintbrushes
- Scrap paper
- Hot-glue gun
- Pompoms
- Craft needle or pushpin
- Green pipe cleaners
- Vase or ribbon (optional)

**Make It**
1) Cut off the top half of the egg carton, leaving just the bottom. Cut and separate one individual egg cup and trim the outside edges; they can be rounded and smooth or pointed and jagged.
2) Select a color of paint and coat the entire cup, inside and out. Once the paint has dried, use a craft needle or a pushpin to create a hole at the base of the egg cup.
3) Thread a green pipe cleaner through the flower and bend it inside the cup to secure it.
4) Use a hot-glue gun to cover the center of the flower with a pompom.

Continue cutting and painting egg cup flowers (as many as you want) to create a beautiful bouquet you can place in a vase or tie them together with a ribbon.
